[Reuter reported that the Benelux countries today announced their approval of the six-power London proposals for the future of Germany.]

Conferences Slated

Clay and Gen. Sir Brian Robertson, British military governor, meet with other British and American officials in Frankfurt today. Clay said Lieut. Gen. Pierre Koenig, French military governor, will pay "a courtesy call" tomorrow.

The German Economic Council of the United States and British occupation zones, which may become the nucleus of a Frankfurt government, also meets today.

The council is expected to protest international control of the Ruhr—as recommended in the Allied agreement.

The agreement was worked out in a London conference of the United States, Britain, France, Belgium, the Netherlands and Luxemburg.

German Reds Active

Meanwhile, German Communists have been gathering signatures on petitions for a unified Germany.

They wound up their three-week "'Peoples Plebiscite for German Unity" yesterday in Berlin and the Soviet occupation zone.

They slipped into the United States and French sectors of Berlin to collect names. The plebiscite was banned as a "Communist Front" maneuver there and in the Western zones.

United States Military Government observers reported German reaction "generally apathetic."

Soviet-controlled Berlin newspapers said up to 94 per cent of the people of the Russian zone signed and 750,000, in North Rhine-Westphalia in the Ruhr.

United States and British military officials reported freight-train traffic into Berlin normal yesterday after a day's embargo by the Russians in a quarrel over shipping lists.

French Action Hit

The French Government has undergone criticism both from Left and Right for entering into the agreement on Germany.

Gen. Charles de Gaulle has been one of the critics.

Yesterday in a political speech in Nevers, he hardly mentioned the plan. He said France should supply Germany with food to keep it from being submerged by an unnamed power, plainly Russia.

"To build and give life to the western European group—without which we would sooner or later be submerged by you know whom," he said: "France must be able to sell the food products she alone produces to her neighbors who lack them, and notably to the German countries."

"German countries" was interpreted as his refusal to recognize a unified Germany.

Americans Accept Detour To Berlin

Frankfurt, Germany, June 14 (AP)—Gen. Lucius D. Clay said today the Americans would comply with a Russian detour to Berlin after the Soviets close the Elbe River bridge tomorrow "for repairs."

"Even if they have to drive 300 more miles?" Clay was asked.

"Yes," the American military governor replied. "I cannot demand the United States' going to war just because somebody has to drive 300 more miles."

The Russian press in Berlin announced Sunday the bridge would be closed. It said detours would be provided, but did not say where and how long they would be.

"Get Out," Americans Urged

Berlin, June 14 (AP)—Followers of the Communist-controlled faction of the Berlin Trade Union Federation carried signs advising Americans to "get out of Berlin" in a demonstration today. The demonstration was held in the Soviet zone.

The United States Military Government recently withdrew recognition of the central committee of the Federation and recognized an opposition committee. It also ejected Communist-sponsored officials from district offices in the American sector, and installed opposition officials.

$12,000,000 TO BUY TOBACCO FOR REICH

Frankfurt, June 14 (A. P.).—Tobacco to make 20,000,000,000 cigarettes for Germany will be purchased in the United States, and the ERP will foot $8,000,000 of the bill.

Officials of the combined Anglo-American zones, where the tobacco will be processed into cigarettes, said the purchase will strike a blow at Germany's black market by increasing the ration. W. John Logan, director-general of the Joint Export-Import Agency, said that tobacco is second only to food as a morale factor.

"The on-the-spot purchase is to be made under a United States Department of Agriculture proposal to subsidize one-third of the cost of purchasing American and Puerto Rican tobaccos in the

30.24- 18495

United States, up to a subsidy of $4,000,000," an agency statement said. "The remainder of $8,000,000 is to come from European Recovery Plan funds.."

An agency representative and four German tobacco experts will fly to the United States to buy the 40,000,000 to 50,000,000 pounds in the order. The bulk will be delivered by October 13 and the remainder by December 30.

Germans to Get Cigarettes

$12,000,000 Tobacco Purchase Will Provide 20 Billion

FRANKFURT, June 14 (AP).—American and British occupation officials announced today they are buying enough tobacco to make 20,000,000,000 cigarettes, at a cost of $12,000,000. The tobacco will be bought in the United States and two-thirds of it will be paid for by European Recovery Program funds.

W. John Logan, director general of the American-British Joint Export-Import Agency, said it will permit a substantial increase in the basic German tobacco ration.

The raw tobacco will be processed by the German tobacco industry, now operating at 10 per cent of capacity.

Vienna Red Paper Confiscated

VIENNA, June 14, (AP).—The Austrian Ministry of Interior tonight ordered confiscation of a special edition of the Communist newspaper "Der Abend." The edition said in banner headlines that the government coalition of parties had agreed to "an enormous rise of tenant rents," which are under government protection. A high official said the paper's report was untrue and the confiscation was ordered to avoid unrest among the population.

22 Tried for Killing of 690

VIENNA, June 14 (AP)—Twenty-two persons accused of being responsible for the death of 690 insane persons in Austrian asylums during the Hitler regime went on trial today in Vienna. The defendants were Dr. Josef Mayor, former Nazi Governor of Lower Austria; Dr. Josef Eisenmenger, former provincial medical chief, and twenty hospital attendants.

HUNGARY MAPS SCHOOL ACTION

JUN — 1948

Nationalization Expected Soon Despite Church Battle

ENDRE MARTON

Budapest, June 14 (AP)—Statements by Communist leaders indicate Hungary's church-sponsored schools will be nationalized within a few weeks despite vigorous Catholic opposition.

In some clerical quarters it was believed negotiations between the church and the Government may start in a few days. But there was no assurance that the chief opponent of the program, Josef Cardinal Mindszenty, would take part in any discussion.

Control of 4,813 schools—more than half the total number in the nation—was at stake. Calvinist and Evangelical churches, which have a few schools, are offering little resistance.

Opposition centers in the Cardinal who has been releasing a succession of sharply worded pastoral letters. These are read at masses in this predominantly Catholic country. The latest letter, read last Sunday, exhorted Catholics to retain "self-command."

Next On Timetable

There seems little doubt, however, that the Communists who dominate the Government would allow much longer the education of youth in church schools. Nationalization is understood to be the next important project on the Communist timetable and the program seldom is changed or long deferred.

The Hungarian Workers party (the merged Socialist and Communist parties) announced a few weeks ago nationalization of church sponsored schools must be accomplished soon. A party program automatically becomes the program of the coalition government, in which the independent Smallholders and Peasant parties have little influence.

Background Of Violence

Education Minister Gyula Ortutay introduced the bill for nationalization in Parliament last Friday.

Debate has been carried out against a background of violence and strong statements. The most sensational incident was the killing of a policeman by a mob at the town of Pocspetri. The Government charged the crowd had been incited by a priest, Janos Asztalos, who was tried and sentenced to death. His sentence later was commuted to life imprisonment.

But in rural districts many villagers feel circumstances oblige them to choose between church and state.

Some of Cardinal Mindszenty's pastoral letters complained that "monstrous moral pressure" was being applied to the church and that "falsehood, deceit and terror were never greater in the history of this country."

The basic issues were outlined in an exchange of letters between the Cardinal and Ortutay. Each set forth minimum conditions for agreement between church and state.

The Cardinal insisted nationalization of the schools must be stopped, that Catholic societies recently dissolved must be permitted to revive, and that the church must be permitted to publish a daily newspaper.

Gottwald Becomes Czech President

Prague, June 14 (AP)—Czechoslovakia's first Communist President was elected and took office today.

A.I. GOLDBERG

Premier Klement Gottwald was elected by a show of 296 hands in a public parliamentary election held in Sixteenth Century Vladislavsky Hall, and was hailed by Speaker Oldrich John as "a Socialist President in a Socialist country."

Apart from Gottwald and a woman deputy who resigned three days ago, only two voters were not accounted for among the 300 members of Parliament, who include 214 Communist party members.

The new President swore allegiance to the peoples democracy constitution, went into the Hradcany Courtyard to review troops and police, and then crossed back into the courtyard where Catholic Archbishop Josef Beran greeted him and Mrs. Gottwald at the door of St. Vitus Cathedral.

Allied Envoys Present

The Archbishop, clad in brilliant scarlet robes, shook hands heartily with the presidential couple and then escorted them into the church for a te deum mass, sung to an Ambrosian choral.

An audience which packed the ancient Vladislavsky Hall applauded the election long and loud and chanted:

"*At zi je President Gottwald*" (Long live President Gottwald)." They joined in singing the national anthem.

The British, French, United States, Chinese and Russian Ambassadors headed the diplomatic corps present. Twice the Czechoslovak radio commentator noted that Laurence Steinhardt, American Ambassador and dean of the corps, was present.

Military and naval attaches of embassies attended in uniform.

Eduard Benes, who resigned as President a week ago, was not present at the election of his successor.

After the election, Anton Zapotocky, the new Premier, escorted Gottwald to the hall for the oath of allegiance. The presidential flag was run up, a 21-gun salute was fired, church bells tolled throughout Prague, and military planes soared overhead.

The cathedral ceremony was the first Roman Catholic rites for the election of a Czechoslovak President, the official newspaper of the Catholic People's party said.

The Archbishop and the Government had previously clashed, and the Archbishop and bishops of the country are on record against priests taking part in the present Government, which seized power in a coup led by Gottwald last February.

Many Compromises Made.

Nine conferences have been held by Government officials and a church committee. Numerous compromises have been announced by the Government, including the continuance of parochial schools and freedom of religious instruction. There has been no announced retreat, however, from a statement by Catholic bishops at Olomouc May 3 that "priests who were deputies in Parliament had voted for bills with which no Christian, let alone priests, could agree." The Olomouc declaration forbade priests from taking part in any political group.

The fate of the Rev. Josef Plojhar, Minister of Health in the Gottwald Cabinet since February, is in the balance. It will be known tomorrow when Anton Zapotocky, the new Premier, presents his Cabinet to the President.

GOTTWALD TAKES OFFICE AS NEW CZECH PRESIDENT

A.I. GOLDBERG

PRAGUE, June 14—(AP) Klement Gottwald, stocky 51-year-old communist, today was elected and installed as president of Czechoslovakia.

The former premier became the republic's first Communist president in a show of hands vote during a public parliamentary election. There were 296 votes for him. Apart from Gottwald and a woman member who resigned three days ago, there were only two votes unacounted for. The communists hold 214 of parliament's 300 seats.

In his first official address as president Gottwald expressed hope for continued peace "despite social and political differences that divide the world."

He said this in response to an address of congratulation by U. S. Ambassador Laurence Steinhardt, dean of Prague's diplomatic corps.

"We wish you health to bear the heavy burdens of your office and can only hope that you will carry on with the benevolence, justice, tolerance and magnanimity of your predecessor," Steinhardt said.

Former President Eduard Benes resigned last week, giving the political situation and his failing health as the reason. He was present at the ceremony. No representative of the family of Thomas G. Masaryk, Czechoslovakia's first president, was on hand.

"Will of the People"

In his speech, Gottwald said he was named president because of "the people which is, and will, remain the source of power."

Gottwald said Czechoslovakia's new course—which he himself set when he maneuvered the country into Communist control last February—had aligned it with the "people's democracies" and those who earnestly wanted peace. Then he said peace could continue and asked the envoys for the cooperation of their countries in the cause of peace.

Tonight thousands jammed into the third court of Hradcany, a group of palaces and auditoriums on the hill above Prague where the president has his official residence.

There they cheered wildly and hailed Gottwald as: "The president of peace."

A Real Democracy

He spoke to them and said there are many abroad who do not believe there is a real democracy in Czechoslovakia, and that there were many so-called democratic states which did not believe this.

"Those people should come and see for themselves the real facts," he told them.

He contrasted conditions now with the German occupation and even in the republic before Munich.

"Now workers are the bosses in factories and peasants own the land they till," he said.

Prague had a holiday atmosphere following the election. Workers marched, flags flying, bands thumping tunes, and pictures of Gottwald held high.

Members and spectators crowded into ancient Vladislavsky hall for the election. British, French, United States, Chinese and Russian ambassadors headed the diplomatic corps.

21 Gun Salute

Antonin Zapotocky, Gottwald's deputy who succeeded him as premier, escorted the new president into the hall for the oath of allegiance. The Czechoslovak flag was run up, artillery roared a 21-gun salute and church bells tolled throughout Prague.

He was greeted later by Roman Catholic Archbishop Josef Beran. The archbishop escorted him into St. Vitus Church where te deum (Thanksgiving) mass was sung.

The official newspaper of the Catholic people's party noted it was the first Roman Catholic mass sung for a presidential election.

JUN 1948

The archbishop and the government have differed in the past. The archbishop and the bishops of Czechoslovakia have spoken out against priests taking part in the present communist-controlled regime.

Greek Pilots Rip Village Believed Guerrilla Camp

ATHENS, June 14 (AP).—Front advices said today that eight Greek Spitfire planes made a bomb and rocket attack on the Grammos Mountain village of Lykorrakhi, thought to be a headquarters of the guerrilla leader, General Markos.

Pilots returning from the raid yesterday said they saw a large concentration of guerrillas in the village. After the attack, Lykorrakhi was hidden from sight by clouds of smoke and dust.

The prosecution asked death sentences for 63 of 119 former naval men and civilians on trial in Athens on charges of treason and sabotage. Life terms were asked for twenty, and ten years for the others.

Meanwhile, a civilian court started trying eighty-one members of a "Communist execution squad," accused of murder during December, 1944, revolt.

REDS SAID TO TRY SHANGHAI LANDING

100 Junks Reported in Coastal Area South of the Yangtze—Raids Close to Nanking

SHANGHAI, June 14 (AP)—Communists made daring raids today within a few miles of uneasy Shanghai and Nanking.

Pro-Government Chinese reports said that Communists had seized two villages near Kiangtu, only thirty-five miles northeast of Nanking, and that fighting was in progress beside the Grand Canal, which joins the Yangtze River near there.

The scene is across the river from Nanking, the Government capital.

Another pro-Government dispatch said that 100 junks loaded with Communist troops had attempted to land on the Chekiang Province coast in the Shanghai area 100 miles south of the Yangtze. The report, which could not be confirmed, did not say whether the landing succeeded.

In Jehol Province, directly north of Peiping, pro-Government reports said that Government troops were making progress in an attempt to squeeze out scattered Communists between Chengteh, Jehol capital, and Kupeikow, seventy miles northeast of Peiping. The dispatches said that Government troops from two points were converging and were expected to join shortly.

The same accounts termed serious the position at Fengjou, highway town ten miles north of the great coal mining center of Tangshan. They said that martial law was being enforced at Tangshan, on the Peiping-Mukden railway sixty miles northeast of Tientsin.

Manchuria was relatively quiet. Without confirmation, the semi-official Chinese Central News Agency reported that Communists were firing at Government supply planes there with anti-aircraft guns "which are Japanese weapons supplied by the Russians."

Red Sea-Landing Effort Reported Near Shanghai

Shanghai, June 14 (AP)—A hundred junks loaded with Chinese Communist troops tried to land on the coast 100 miles south of here, a pro-Government dispatch said today. The report could not be confirmed.

The vessels were reported seen in waters between Tinghai Island and the mainland. The dispatch did not say whether the attempted amphibious landing was successful. It said the Communists were from northern Kiangsu province, which includes Shanghai and Nanking.

Large-scale fighting has been in progress in Shantung province, immedaitely above Kiangsu, and in Honan, inland from and adjoining both coastal districts. Much of North China and most of Manchuria are under Communist control. The Reds have not threatened South China.

Telegraphic Lines Cut

In north Kiangsu, Nanking sources said Communists cut telegraphic lines along the Chiangtu-Taihsien highway. Reports from Chengkiang, Kiangsu seat, described fighting in progress along the roadway linking the Grand Canal with the Yangtze River.

In Shantung, a pro-Government dispatch said, the fighting around Tsinan, provincial capital, "has changed from skirmishes to furious battles." Communists kept up attacks against near-by rail and highway towns.

Northerly Peiping reported that rail traffic between Peiping and Tientsin had been resumed after a 30-hour interruption, longest since the Government took over the line after Japan's collapse. Communist cavalry blew up a bridge and ripped tracks at eight points near Tientsin.

Chinese Opposition Leader Hits '1-Family' Monopoly, Calls for Rule by People

NANKING, June 14 (AP).—China's legislators today heard a sharp attack on President Chiang Kai-shek.

Opposition leader Huang Yu-jen didn't mention names, but he complained that the government, military affairs and foreign policy are monopolized by "one man and one family."

"It's time we asked this fellow to hand over the power of the government to the people," Mr. Huang shouted. He heads one of the strongest cliques in the legislature.

A Manchurian woman member demanded that the government drive the Russians out of Harbin and Dairen, Manchuria, "with American arms." The member, Yu Ju-chow, said she personally had witnessed brutalities of Soviet troops. She said the country should forget about fighting Chinese Communists for a while and "go after those really responsible" for the civil war.

Jap Cabinet May Quit In Budget Row

Tokyo, June 14 (AP)—Tokyo newspapers today predicted that Prime Minister Hitoshi Ashida's coalition Government would resign shortly in a dispute over the national budget.

Ashida's fate appeared to depend on his followers' ability to bring the proposed $1,597,380,000 budget to an early vote in the Diet. The Democratic-Liberal party, which wants the premiership, is trying to stall budget discussions and force Ashida to quit.

General MacArthur has instructed the Government to obtain early passage of the money bill, prepared with his staff's assistance.

The three-party Cabinet, in office three months, has been under continual fire both from labor unions and financial circles.

North Korea Shots Fired At U.S. Party

Seoul, Korea, *Tuesday*, June 15 (AP)—The United States Army reported toda ya party of Americans were fired upon from across the Russian occupation boundary Monday. Their Korean interpreter was wounded.

The Army said the group—three American civilians and two Koreans—was inspecting irrigation facilities near the thirty-eighth parallel, which divides the American (southern) and Soviet occupation zones.

The incident was near the spot where Karl S. Smith, of Huntington, W. Va., was wounded by North Korean constabularymen May 25. Lieut. Gen. John R. Hodge, United States occupation commander, demanded that the Russians apologize but they have not yet replied.

Congress Kills Veto Of Security Measure; Truman Assails Bill

YEAR'S EXTENSION OF TRADE PACT IS VOTED BY SENATE

House Passes Bill to Boost Payments to Veterans' Widows.

ECA FUNDS APPROVED

Congress Speeds Program in Race Toward Saturday Adjournment.

WASHINGTON, June 14 — (AP) Congress raced toward its scheduled Saturday adjournment today, overriding a presidential veto in the process.

President Truman vetoed a bill which he said would bar 750,000 semi-independent workers from old age insurance. Promptly the House voted to override, 297 to 75, and the Senate wrote the bill into law by a 65 to 12 margin.

The votes were well over the two-thirds margin necessary. Contributing to the overwhelming votes was the fact that the bill also carries $184,000,000 increased benefits for the needy, aged, the blind and dependent children.

Mr. Truman objected on the grounds that the measure would deny social security benefits to many salesmen, truck and taxi drivers, miners and piece workers.

Taft Praises Congress' Record

Also during this busy day on Capitol Hill:

1. Senator Taft (R-Ohio) and Rep. Halleck (R-Ind) said Congress was doing a good job for the American people. They said they saw nothing new in Mr. Truman's demand that Congress stay in session to pass laws the administration has asked.

2. The House passed and sent to the Senate a bill to add 3,500,000 persons to the old age insurance rolls. Most of them would be employes of state and local governments or non-profit organizations.

30.24- 18497

3. The Senate voted a one-year, limited extension of the president's power to negotiate mutual tariff cuts with other nations. It must yet be reconciled with a somewhat more restricted version the House has passed. The administration had asked a three-year "as is" extension.

4. The House rules committee, after five weeks, cleared the peacetime draft bill for House action. Designed to draft men 19 through 25 for two years military service, it is expected to be passed finally this week. Mr. Truman had asked for a draft law, plus universal military training, but the latter fell by the wayside.

ECA Funds Approved

5. The Senate Appropriations Committee voted $6,125,700,000 for foreign aid and reconstruction. This is about $1,175,000,000 more than the House voted and about $408,000,000 less than the administration asked. The final sum will be up to compromise between the Senate and House.

6. A committee vote cleared for Senate action a bill to make it a Federal felony for members of a mob and officials of Federal, state or local governments to conspire to commit or aid a lynching. Lawmakers expect it to get lost in the adjournment crush, particularly in view of southern senators' opposition.

7. Two bills to grant about $161,000,000 more annually to disabled veterans and to widows and dependents of deceased veterans won House approval. The Senate has passed similar bills and agreement is likely on enactment.

Congress Overrides Security Bill Veto

WASHINGTON, June 14 — (AP) Congress passed over President Truman's veto today a bill barring many thousands of semi-independent workers from old age insurance.

The bill also increases benefits for the aged needy, for the blind, and for dependent children by $184,000,000 yearly.

The Senate voted 65 to 12—more than the necessary two-thirds—tonight to override Mr. Truman's veto. The House vote, a few hours earlier, was 297 to 75.

Both Houses acted on the same day that Mr. Truman said in a veto message he could not approve legislation which might deprive an estimated 750,000 persons and their dependents of social security benefits.

House Passes Separate Bill

Today also the House passed, 237 to 2, and sent to the Senate another social security bill. This one would add 3,500,000 persons to the old age insurance rolls—most of them employes of state and local governments or non-profit organizations.

The House vote in favor of overriding the veto was 49 more than the necessary two-thirds.

The bill Mr. Truman vetoed would increase payments to 3,500,000 persons—dependent children, blind persons and the aged and needy. The President said the increases fall far short of what he asked.

But the reason for his veto was a provision which would bar "independent contractors" from old age insurance financed by payroll taxes. He said this could exclude 750,000 persons, including commission salesmen, life insurance salesmen, truck drivers and many others.

He declared that in June, 1947, the Supreme court held that these persons are legally entitled to social security protection. (Congressional critics of this decision have called it contrary to the intent of Congress.)

Mr. Truman, in his veto message assailing what he called "piecemeal attacks" on the social security program, said he was giving Congress "adequate time" to change its bill.

There appeared little chance, however, that an altered bill would be adopted at this session if Congress winds up Saturday as many Republican leaders hope it can.

Similarly, there may not be time for the Senate to act on the measure which the House passed today.

New Bill Adds to Rolls

This bill, sponsored by Rep. Reed (R.-N. Y.), would bring state and municipal workers and employes of non-profit organizations under the old age insurance program if their employers approved. Some smaller groups also would be included for example, college fraternity servants and employes of farm loan institutions.

But the bill would not bring in three big groups now excluded from old age insurance—farm workers, the self-employed and household workers. Mr. Truman asked Congress recently to add 20,000,000 persons to the social security program, 16,500,000 more than the Reed bill covers.

JUN 1948

Senate Votes Year's Trade Pact Extension

WASHINGTON, June 14—(AP) The Senate voted a limited, one-year revival of the reciprocal trade agreements program late today.

Most Republicans hailed the Senate bill as an improvement over the trade agreements act which lapsed Saturday night. But Democratic leaders assailed it as limiting the President's powers so greatly as to undermine U. S. foreign policy.

The bill, adopted 70 to 18, permits the President to make tarriff-cutting agreements with other countries. But before doing so he must wait until the Federal Tariff Commission decides how far the tariff on each item in the agreement can safely be cut without danger to U. S. producers.

Then, if he disregards the commission's findings, the President must make a report to Congress within 30 days, giving his reasons.

The Senate approved an amendment by Senator Ives (R-NY) requiring the commission to complete its hearings and report its findings to the President within four months. Ives said the commission otherwise would have a virtual veto power since it could delay its reports indefinitely or even fail to report at all.

Senator Vandenberg (R-Mich) sharply criticized the State department for what he called its "stubborn" opposition to the bill. He said he was "shocked" to learn that the department had refused to let senators see foreign trade records.

If Congress can't get necessary information, Vandenberg said, "then the time has come to look for some new light-letting device." He declared that "we cannot proceed indefinitely x x x at the mercy of an iron curtain."

The Michigan senator said the bill "strengthens" the reciprocal trade program.

But Senator Lucas (D-Ill) declared that the bill "strikes at the very heart" of the 14-year-old trade program and threatens to force this country "back into the smugness of economic isolation."

SENATE GROUP SETS AID SUM

$6,125,700,000 Bill Restores $1,700,000 Of House Cuts

Washington, June 14 (AP) — The Senate Appropriations Committee voted today to spend $6,125,700,000 for foreign aid this coming year. This is about $408,010,225 less than the Administration requested.

The committee approved the bill after three hours of arguments. In effect it restores an estimated $1,175,000,000 of the reduction voted by the House.

Allocated To Programs

Broken down into its various programs, the bill includes:

1. For the Economic Cooperation Administration, which is handling the aid-Europe program, $4,000,000,000. (This is in addition to $1,055,000,000 already received for the European recovery program.)

2. For government and relief in occupied areas, $1,325,000,000. This sum includes $125,000,000 for aid to Japan and Korea to be handled by Economic Co-operation Administration.

3. Aid to China $460,000,000. This includes $125,000,000 earmarked for grants and aid solely for military purposes.

4. Greek-Turkish aid $250,000,000.

5. International Children's Emergency Fund $20,000,000.

6. International Refugee Organization $70,700,000.

Trieste Fund Earmarked

Indirectly, the committee cut off another $20,000,000 from the $5,055,000,000 European recovery program by earmarking $20,000,000 of ECA funds for Trieste aid.

This had been submitted by the Administration as a separate item not to be included in Economic Cooperation Administration.

Senator Bridges (R., N.H.), committee chairman, announced the committee's action and said it will be taken to the Senate floor as quickly as possible. The bill is expected to be reported formally tomorrow.

To Reconcile Differences

When passed by the Senate it will go to conference with the House to reconcile differences between it and the much bigger slash voted by the latter chamber.

The heaviest percentage cut voted by the Senate committee was in the funds for the International Children's Emergency fund —a program for giving relief to European children. A total of $60,000,000 was asked, but the Senate committee slashed it to $20,000,000.

Bridges said this was done because some funds had been carried over from last year—and also because a large percentage of the aid has been doing to countries "behind the iron curtain."

EISLER LOSES HIS CONTEMPT CASE APPEAL

Conviction Of Reputed 'Brains' Of American Communists Upheld

JUN 1948

Washington, June 14 (AP)—The United States Court of Appeals today unheld the contempt of Congress conviction of Gerhard Eisler, reputed "brains" of American Communists.

Eisler, a chubby little man of 51 who says he is not a foreign agent but "a German Communist . . . fighting for the right to go home," faces a year in prison and a $1,000 fine in the case.

He refused February 6, 1947, to be sworn in to testify before the House Committee on Un-American Activities, without first making a statement.

Denounced By Own Sister

Arraigned on the contempt charges April 22, 1947, he was convicted June 10, 1947, and sentenced by Justice Alexander Holtzoff, who told him:

"You would testify only on your own terms. . . . It is apparent that this defendant does not respect the institutions of this country."

Eisler was denounced by his own sister, Ruth Fischer, as "a dangerous terrorist." J. Edward Hoover, FBI, called him "the liaison between authorities in Moscow and the Communist party, U.S.A." J. Parnell Thomas, chairman of the House Committee, called him "the supreme authority" of American Communists.

Ruling By 2-To-1 Vote

Today's appeals court ruling was by a 2-to-1 vote. Justices Bennett Champ Clark and James M. Proctor agreed that the conviction ought to stand. Justice E. Barrett Prettyman thought reversal of the lower court was in order.

Defense counsel had led an affidavit of bias and prejudice against Justice Holtzoff. This contended that Holtzoff as a special assistant to the Attorney General, before he went on the bench, had investigated Communist activities.

Supreme Court Upholds Terms For Contempt

11 Anti-Fascists Fail to Win Review of Conviction; Eisler Verdict Ratified

WASHINGTON, June 14 (AP).—Eleven leaders of the Joint Anti-Fascist Refugee Committee today were denied a Supreme Court review of their conviction of contempt of Congress.

The court's refusal to consider the case in effect upholds the conviction, fines of $500 each, and prison sentences given the leaders. All are New Yorkers.

Dr. Edward K. Barsky, a surgeon and chairman of the committee, was sentenced to six months' imprisonment. His ten associates got three months each.

All were convicted in United States District Court here for withholding books and records which had been subpoenaed by the House Committee on Un-American Activities. The Anti-Fascist Committee said it is a relief organization devoted chiefly to aiding Spanish Republican refugees.

Those appealing, in addition to Dr. Barsky, were Dr. Jacob Auslander and Dr. Louis Miller, physicians; Dr. Lyman R. Bradley, language professor; Marjorie Chodorov, housewife; Howard Fast, author; Harry M. Justiz and Ruth Leider, lawyers; James Lustig and Charlotte Stern, labor union officials; and Manuel Magana, business man.

The contempt of Congress conviction of Gerhard Eisler, called America's No. 1 Communist by a House committee; was upheld today by the United States Court of Appeals.

Eisler was sentenced to a year in jail and fined $1,000 for refusing to answer questions before the House committee in un-American activities. He also is under conviction of concealing his Communist associations when he asked the State Department for a permit to leave this country. He was sentenced to serve from one to three years on this charge. The case is awaiting a decision on appeal.

The appellate judges divided two to one in today's ruling. Eisler refused in February, 1947, to take an oath to testify before the House committee without first making a preliminary statement.

Eisler said he wanted to protest his "unlawful arrest." He said he is a German Communist, but not a spy, foreign agent nor boss of the Reds in any country. He said he was a political exile who wants to go home.

HOUSE EXPECTED TO OPEN DEBATE ON DRAFT TODAY

Rules Committee Gives 'Go Ahead' Signal by Vote of 6-4.

EARLY PASSAGE SEEN

General Discussion Limited to 3 Hours; Parallels Senate Bill.

JUN 1948

WASHINGTON, June 14 (AP)—The 19 through 25 draft bill was sent to the house floor today. It is practically sure to be passed this week.

House Republican leaders already had stamped "must" in the bill and it now is slated tentatively for action tomorrow. The rules committee voted to limit general debate to three hours, but debate on amendments may take considerably longer.

How Committee Voted

One committee member said the vote sending the bill to the house floor was as follows:

For letting the house act—Reps. Wadsworth (R-NY), Herter (R-Mass), Cox (D-Ga), Smith (D-Va), Harness (R-Ind), and Rixley (R-Okla.)

Against letting the house act—Allen, and Reps. Sabath (D-Ill), Rich (R-Pa) and Chenoweth (R-Colo.)

Reps. Clark (D-NC) and Brown (R-Ohio) were absent. Clark had spoken in favor of clearing the bill and Brown against clearing it.

Harness has declared himself against the draft bill but indicated he thought the rules body should give the house itself a chance to pass on it.

The senate passed a draft bill of its own last Thursday, 78 to 10.

Both bills provide for the drafting of non-veterans 19 through 25 for two years' service. The house bill requires men 18 through 30 to register. The senate bill would register only those 18 through 25 and would permit 18-year-olds to volunteer for a year's training.

Assuming that the house bill is passed, a conference committee would be named to iron out the comparatively minor differences between it and the senate legislation. The first inductions probably would come within 90 days after the bill became law.

Tries to Bury Bill

The rules committee vote today came after a last-ditch plea by Rep. Short (R-Mo) to "bury this bill right here." He told the committee that the dangers of the international situation have been "grossly exaggerated" and that Russia is only putting up a "diplomatic bluff."

Chairman Andrews (R-NY) of the House Armed Services Committee appealed successfully, however, for the bill—which he introduced himself—to be released. Leaders of the armed forces have endorsed it.

The Senate Appropriations Committee, meanwhile, heard Secretary of the Army Royall and Gen. Omar Bradley, chief of staff, plead for more money than the house has voted for the army.

Royall said house cuts of more than $600,000,000 from budget estimates have "serious implications."

The army asked $7,157,842,000 for the next fiscal year and the house voted $6,609,939,000.

In the forthcoming house debate on the draft bill, the "civil rights" issue will figure prominently.

Rep. Adam Clayton Powell (D-NY) is sponsoring 31 amendments designed to wipe out race segregation in the armed forces.

Many of these are familiar to the ones proposed in the senate by Senator Langer (R-ND). The senate turned down all of Langer's except one anti-poll tax amendment.

Another amendment to come before the house would leave it up to the president to decide when drafting should begin and how many men should be called. The senate rejected a similar amendment.

WAR CONTRACT RENEGOTIATION ACT IS UPHELD

Supreme Court Rules Valid Law for Recovery of Excess Profits.

BURTON DELIVERS DECISION

3 Companies Had Challenged U.S. Claims—Many Similar Cases Pending.

JUN 1948

Washington, June 14 (A. P.).—The Supreme Court upheld today the constitutionality of the law through which the Government has recovered millions in "excessive profits" on war contracts.

Justice Burton delivered the court's fifty-eight-page opinion. It was unanimous in holding constitutional the renegotiation procedure set up by Congress. But Justice Jackson dissented on two of the three cases before the court, and Justice Douglas on one.

Covered in the three cases decided was only $156,610 in excess profits claimed by the War Department. The Department of Justice said scores of other efforts to recover excess profits are pending in and out of courts.

The excess profits law permitted Government agencies to let war contracts at fixed initial prices. If the Government agencies later considered the profits made on this contract "excessive profits" they could renegotiate the contract in order to recapture the excess amount. Holders of contracts could petition the United States Tax Court for a determination of the amount of excess claimed.

Burton said that in most instances, renegotiation disputes have been settled by agreement of the two parties.

Burton Reads Decision.

The ruling delivered by Justice Burton was given on appeals by:

Jacob Lichter and Jennie L. Lichter, doing business as the Southern Fireproofing Company of Cincinnati. They contested a Government suit to recover $27,019.

A. V. Pownall, Grace M. Pownall and Henes-Morgan Machinery Company, doing business in San Francisco as the General Products Company. The firm disputed a $113,709 Government claim.

The Alexander Wool Combing Company of Boston. The company fought a claim for a $15,882 refund.

Justice Jackson noted that he disagreed wtih the ruling as applied in the cases of Lichter and Pownall. He did not explain why he disagreed.

Justice Douglas wrote a brief opinion in which he argued that the circumstances of the Lichter case entitled that company to a hearing in other courts on the actual circumstances of its claim without going through the United States Tax Court.

The majority opinion upheld a Justice Department contention that each company was required by law to first take his case to the Tax Court.

Congress Held to Have Power.

Burton's 20,000-word opinion explained the court's position that the Constitution gave Congress the authority to require renegotiation of war contracts. He said:

"The recovery by the Government of excessive profits received or receivable upon war contracts is in the nature of the regulation of maximum prices under war contracts or the collection of excess profits taxes, rather than the requisitioning or condemnation of private property for public use.

"The collection of renegotiated excessive profits on a war subcontract also is not in the nature of a penalty and is not a deprivation of a sub-contractor of his property without due process of law in violation of the (Constitution's) Fifth Amendment."

The assertion that each of the companies realized excessive profits was made by the Under-Secretary of War in 1944. None of the firms had contracts directly with the Government, but each was a sub-contractor. Each lost in United States District and Circuit Courts before appealing to the Supreme Court.

The Department of Justice said each company had failed to ask the Tax Court to review the Under-Secretary's action, thereby making each of his orders final as to issues of coverage and amounts. The Supreme Court in two earlier decisions held that the Tax Court is the exclusive initial tribunal for determining whether a war contractor's agreements are subject to renegotiation and the amount of excessive profits, if any.

Royall, Bradley In Funds Plea

JUN 1948

Washington, June 14 (AP)—Secretar yof the Army Kenneth C. Royall and Gen. Omar Bradley urgently appealed to the Senate today not to slash army funds.

Royall told a Senate Appropriations subcommittee that House cuts of more than $600,000,000 from budget estimates have "serious implications." He asked the committee at a closed session to restore $492,000,000 of the amount.

Bradley, the army chief of staff, said:

"The world situation, which dictated the necessity for this expanded (military) program, has not changed. We must still measure the capabilities of other nations without trying to guess what they will do.

Defense For Peace

"An adequate national defense, in this era at least, still remains the best way to live at peace under conditions as they are—not as they might be."

Chairman Gurney (R.. S.D.) released the statements after Royall and Bradley had testified.

The Army asked a total of $7,157,842,000 for the coming fiscal year. The House reduced this figure to $6,609,939,000.

Royall said the army's objective for 1949 is eighteen divisions. Twelve of them would be Regular Army and six in the National Guard. They would be organized, manned, equipped and trained. He added:

25 Divisions Is Goal

"Additional divisions will be added each year until the final objective of 25 divisions is attained.

"The National Guard will provide a total of thirteen of these divisions and the Reserve Corps will be organized with service and combat units to support all 25 combat divisions."

Royall said the net effect of the House cut will mean "that two divisions would not be ready to fight if D-day should arrive." They are definitely needed in the Army's defense plans, he added.

If the full amount asked is not given, he said, the Army "will be inadequately equipped for its mission."

U.S. Pamphlet Tells How To Trade With Germany

WASHINGTON, June 14 (AP).—To Americans who want to do busines swith Germany, the government offers today a thirty-four-page pamphlet on how to go about it.

The pamphlet, "Trading With Post-War Germany," gives details on export and import prospects in the American and British zones and lists more than 325 possible exports and about 150 possible imports.

The pamphlet, produced by the Commerce Department's Office of International Trade, estimated that yearly exports of $2,000,000,000 are needed to give to the zone a self-supporting economy. The zone's exports last year amounted to only $222,000,000.

Listed as possible exports were iron and steel products, electrical equipment, scientific instruments, textiles, rubber products, glass, chemicals, pharmaceuticals and many other commodities.

Franks Calls on Marshall

WASHINGTON, June 14 (AP)—Britain's new Ambassador, Sir Oliver Franks, paid his first call today on Secretary Marshall at the State Department. They conferred for about forty-five minutes. Ambassador Franks said it was a "general conversation." Asked whether he saw any basis for optimism in the present world outlook, he replied: "You can see most anything you want to find."

Syria Rejects U.S. Protest Of Blockade

Washington, June 14 (AP)—Syria has joined Egypt in turning down a protest made by the United States against an Arab naval blockade of the Palestine coast.

The State Department announced today that a note has been received from the Syrian Government which is in effect a rejection of the protest.

The United States gave notice last month that it would refuse to recognize the blockade set up by Egypt and Syria. Egypt rejected the protest earlier.

Michael J. McDermott, department press officer, said the whole dispute is now under study. He said the blockade has not been actually enforced on the coast, but some shipments from Palestine have been removed from vessels in Egyptian harbors.

A... nergy Expert To ...d Navy Research

Washington, June 14 (AP)—Rear Admiral Thorvald A. Solberg, 52, an expert on atomic energy, was nominated by President Truman today to be the Navy's new chief of research.

Solberg, named to serve a three-year term, will succeed Admiral Paul F. Lee, who is retiring.

Robert H. Best Denied A Stay Of Judgment

Boston, June 14 (AP)—Robert H. Best, 52, convicted of treason against the United States, for wartime Nazi propaganda broadcasts from Berlin, today lost his fight to stave off imposition of sentence.

Federal Judge Francis J. W. Ford, who presided at the trials of Best and Douglas Chandler, formerly of Baltimore, also found guilty of treason for such broadcasts, denied Best's motions for a new trial and stay of judgment.

Best will go before Judge Ford June 30 for sentence.

In the case of Chandler, the Government asked the death penalty, but Judge Ford decreed a life term and $10,000 fine. Chandler is now in the Federal Correctional Institution, Danbury, Conn., pending outcome of an appeal filed with the United States Circuit Court of Appeals.

Lilienthal Claims U. S. Needs 'Ablest Citizens' in Top Jobs

CHARLOTTESVILLE, Va., June 14—(AP) David E. Lilienthal proposed today "A Citizens' Universal Public Service" to insure the manning of government posts by the country's ablest citizens.

He urged that within the next three decades "every educated person who is qualified to do so, plan definitely to set aside a number of years" for public service.

Lilienthal, chairman of the U. S. Atomic Energy Commission, spoke before the graduating class at the University of Virginia.

He said the service could be in the legislative or executive branches of local, federal or state government, but emphasized that it should be on a full-time basis.

"I am proposing a widespread rotation of the not-too-pleasant duties and public service," Lilienthal declared.

"And I do not mean merely part-time or 'dollar-a-year' service alone. Nor in my opinion will it meet the situation to put this public service off until you are of retirement age."

He urged university graduates to "be active, living part of your times." Their era, he said, would be "dominated by physics and politics, or more accurately science and government."

The country must depend chiefly upon the well-informed lay citizen, rather than the scientists themselves, in determining "the use to which science is put," he said. These citizens, he added, must act to resolve "the many public policy questions that scientific discoveries constantly force upon us."

Lilienthal said he would not urge every person to pursue public service, in some form, as a life career. He spoke of a "fluid kind of citizen-service, in which men and women move from private life into public service for a period of years, and then back into private life."

Bernadotte Suggests Check On Emigration To Palestine

Lake Success, N.Y., June 14 (AP). The United Nations mediator suggested tonight he might put control officers in ports outside Palestine to observe emigration to the Holy Land.

A United Nations press officer said Count Folke Bernadotte, of Sweden, United Nations mediator, had asked that the United Nations call the attention of its members to the Palestine truce agreement against immigration of men of military age into the Holy Land.

Bernadotte was said to have suggested that the United Nations also ask that the immigration authorities of various countries co-operate if the mediator found it advisable to put control officers in certain ports.

Ports Unnamed

It was presumed here that the ports he referred to were outside the Middle East but no port was named.

The truce to which Arabs and Jews agreed provided that the mediator shall exercise to the fullest extent possible a check on all immigration at the ports of embarkation and debarkation, shall place United Nations observers in ships bearing immigrants, and, to this end, shall be notified well in advance as to the port of embarkation of any ship bearing immigrants.

Discussion Planned Today

Secretary-General Trygve Lie took no action on the mediator's request tonight, planning to discuss it tomorrow with the mediator's office in the Middle East.

It was said here the main question is whether Lie should send the mediator's request on to the member governments or whether the Security Council should do so.

The Security Council will meet tomorrow.

Donovan Back From Greece

Maj. Gen. William J. Donovan, wartime commander of the Office of Strategic Services, who went to Greece last Tuesday to investigate the death of CBS correspondent George Polk, returned yesterday to La Guardia Field aboard a Trans World Airline plane from Athens. He had spent three days of investigation mostly in Salonika and plans to visit Greece again in a few weeks.

LONDON, JUNE 14-(AP)-THE OFFICIAL SOVIET NEWS AGENCY HAS SPREAD A GREEK GUERRILLA CHARGE THAT A UNITED STATES ARMY OFFICER ORDERED A REIGN OF TERROR THAT LED GREEK GOVERNMENT TROOPS TO KILL MANY CHILDREN.

THE AGENCY, TASS, DISTRIBUTED HERE LAST NIGHT THE TEXT OF A BROADCAST IN WHICH THE COMMUNIST "FREE GREECE" RADIO ACCUSED GOVERNMENT FORCES OF SLAYING ALL BUT A "SMALL NUMBER" OF THE 120 CHILDREN OF OCCUPIED STROMNI VILLAGE ON MOUNT GION (GHIONA). THE MOUNTAIN IS ABOUT 100 MILES NORTHWEST OF ATHENS.

THE QUOTED BROADCAST SAID THIS WAS PART OF A "TERROR AGAINST THE PEACEFUL POPULATIONS WHICH WAS CARRIED OUT ON THE ORDERS" OF LT.GEN. JAMES ALWARD VAN FLEET, CHIEF OF THE MILITARY BRANCH OF THE AMERICAN MILLION TO AID GREECE.

THE GREEK GOVERNMENT SAID IN A STATEMENT MAY 8 GUERRILLAS STRANGLED 40 CHILDREN IN A FLIGHT FROM STROMNI FOR FEAR THE CHILDREN WOULD GIVE AWAY THEIR WHEREABOUTS. TASS DID NOT MENTION THIS STATEMENT.

Tel Aviv, Israel, June 14-(AP)-The government said tonight 128 men of military age who reached port last night had been taken to a detainment camp in [redacted] under the U. N. truce. JUN 1948

The men were among the 420 immigrants on the S.S. Kademah from Marseille. The detainment camp is near Hadera. They must be kept there out of training for army service during the armistice which extends to July 2.

Some 37 women and children who refused to be separated from their families went with the men to the camp. Others aboard the ship were free to go wherever they pleased. JUN 1948

The government said U. N. observers supervised the disembarkation, segregation of military age men and facilities at the Hadera camp. The statement said the observers "expressed satisfaction with camp arrangements and commented on the good mood of the immigrants."

(ADVANCE) WASHINGTON, JUNE 14-(AP)-A DEMOCRATIC SENATOR TODAY CALLED UPON HIS COLLEAGUES OF BOTH PARTIES TO JAM RUSSIA'S PROPAGANDA MILL BY REJECTING THE REPUBLICAN-BACKED TRADE ACT BILL.

THE MEASURE WOULD REVIVE, BUT IN MODIFIED FORM, THE TARIFF-CUTTING RECIPROCAL TRADE AGREEMENTS ACT WHICH LAPSED SATURDAY MIDNIGHT.

IN A SPEECH PREPARED FOR THE RESUMPTION OF DEBATE TODAY, SENATOR A. WILLIS ROBERTSON (VA) DECLARED:

"NOTHING WOULD PLEASE THE MOSCOW PROPA

JUN 1948

"NOTHING WOULD PLEASE THE MOSCOW PROPAGANDA MACHINE MORE RIGHT NOW, THAN TO BE ABLE TO POINT TO A REVERSAL ON THE PART OF THE UNITED STATES IN ITS ECONOMIC FOREIGN POLICY AND TO TELL THE PEOPLES OF WESTERN EUROPE AND LATIN AMERICA: 'WE TOLD YOU SO'."

THE SENATE HAS AGREED TO START VOTING AT 4 P.M. (EST) ON ALL PENDING AMENDMENTS TO THE GOP-SPONSORED BILL TO EXTEND THE TRADE LAW ONE YEAR BEYOND LAST SATURDAY, WITH CHANGES.

30.24- 18505

THE ACT LAPSED AT MIDNIGHT SATURDAY AFTER BOTH REPUBLICAN AND DEMOCRATIC LEADERS AGREED THERE WAS NO CHANCE FOR A FINAL VOTE BEFORE TODAY.

THE ADMINISTRATION WANTS TO EXTEND THE ACT "AS IS" FOR THREE YEARS. SENATE DEMOCRATS PLAN TO OFFER AN AMENDMENT TO DO THAT, OR AT LEAST TO CONTINUE IT ONE YEAR WITHOUT REVISION.

BUT THEY HAVE CONCEDED PRIVATELY THAT THE REPUBLICAN MAJORITY WILL CLOSE RANKS TIGHTLY ENOUGH TO PUT THE MODIFIED EXTENDER THROUGH.

THAT BILL REPRESENTS A COMPROMISE DRAFTED BY SENATORS VANDENBERG (R-MICH) AND MILLIKIN (R-COLO).

IT WOULD REQUIRE THE FEDERAL TARIFF COMMISSION TO INVESTIGATE AND HOLD HEARINGS ON EVERY COMMODITY THE PRESIDENT WANTED COVERED BY A TRADE AGREEMENT. IN CASES WHERE THE CHIEF EXECUTIVE DISREGARDED COMMISSION RECOMMENDATIONS, HE WOULD HAVE TO TELL CONGRESS ABOUT IT WITHIN 30 DAYS AND EXPLAIN WHY.

THE HOUSE ALREADY HAS PASSED A BILL WHICH WOULD PERMIT CONGRESS TO VETO TRADE PACTS THE PRESIDENT APPROVED AGAINST COMMISSION ADVICE. THE SENATE FINANCE COMMITTEE KNOCKED OUT THE VETO SECTION.

ROBERTSON, IN PLUGGING FOR A THREE-YEAR, NO-CHANGE EXTENSION, SAID:

A50WX JUN 1948

"THE BI-PARTISAN FOREIGN POLICY OF WHICH WE HAVE A RIGHT TO BE PROUD IS A FINE THING, BUT IT WILL PROVE TO BE A HOLLOW MOCKERY IF IT IS NOT IMPLEMENTED BY A GENUINE BI-PARTISAN ECONOMIC FOREIGN POLICY GEARED TO THE LONG-RUN SELF-INTEREST OF THE NATION.

"COOPERATION IN THE FORMATION OF A HOST OF INTERNATIONAL ORGANIZATIONS X X X WILL PROVE TO BE BUT AN EMPTY GESTURE IF THE UNITED STATES X X X SHRINKS BACK INTO THE SHELL OF ECONOMIC SELF-CONTAINMENT."

ROBERTSON ARGUED THAT THE REPUBLICAN BILL WOULD SADDLE THE TARIFF COMMISSION WITH SUCH A TREMENDOUS JOB OF FACT FINDING THAT IT WOULD HAVE THE EFFECT OF SCUTTLING THE TRADE PROGRAM.

BACKERS OF THE GOP BILL DENY THAT IT PROVIDES FOR ANY RADICAL CHANGES. THEY SAY THOSE PROPOSED ARE PROCEDURAL AND WOULD NOT LIMIT THE POWER OF THE PRESIDENT NOR IN ANY WAY HAMSTRING THE PROGRAM.

THE DEMOCRATS WON AT LEAST ONE REPUBLICAN TO THEIR CAUSE. SENATOR TOBEY (R-NH) TOLD A REPORTER HE PLANS TO VOTE FOR AN "AS IS" EXTENSION.

WASHINGTON, JUNE 14-(AP)-DELEGATE BARTLETT (D-ALASKA) SAID TODAY THAT RUSSIA IS BUILDING A "GREAT INDUSTRIAL EMPIRE" IN SOVIET SIBERIA ACROSS THE BERING STRAIT FROM ALASKA.

HE SAID IN A SPEECH PREPARED FOR THE HOUSE THAT WHILE RUSSIA IS MAKING "GREAT ADVANCES," THE UNITED STATES IS NEGLECTING TO FORTIFY ALASKA AS ONE OF ITS MOST VITAL OUTER DEFENSES.

RUSSIAN ACCOMPLISHMENTS IN SIBERIA, BARTLETT SAID, ARE "SIMPLY ASTOUNDING." HE ADDED:

"WE DO NOT KNOW EVERYTHING THAT IS BEING DONE, BUT THE RECORD IS CLEAR THAT A GREAT INDUSTRIAL EMPIRE IS RISING ACROSS THE BERING STRAIT AND GREAT FARMING AREAS ARE GROWING UP."

BARTLETT SAID "A DEFENSELESS ALASKA IMPERILS THE ENTIRE UNITED STATES."

"WE ARE IN EFFECT MAKING THE SAME MISTAKE WE DID IN THE YEARS PRECEDING THE ASSAULT BY JAPAN," HE SAID. "PERHAPS WE ARE COMPOUNDING THAT MISTAKE.

"THEN THE UNITED STATES DID NOTHING AT ALL TO PREPARE THIS HIGHLY STRATEGIC AREA AGAINST AGGRESSION FROM ASIA. NOW WE ARE DOING JUST ENOUGH TO MAKE ALASKA A MORE TEMPTING PRIZE THAN EVER."

BARTLETT CAUTIONED THAT IF AIRBASES IN ALASKA WERE SEIZED BY AN ENEMY POWER EVERY MAJOR U.S. CITY WOULD BE OPEN TO ATTACK.

HE ADDED:

"IN SOME WAYS IT MIGHT HAVE BEEN BETTER THAT WE DID NOTHING IN ALASKA THAN TO DO THE LITTLE WE HAVE ACCOMPLISHED IN THE LAST THREE YEARS. ALASKA NOW STANDS AS TEMPTING BAIT. PROPERLY FORTIFIED, IT COULD BE AN ALMOST IMPREGNABLE BULWARK AGAINST ATTACK FROM ASIA, AND COULD PROVIDE THE SPRINGBOARD FROM WHICH A MAJOR OFFENSIVE ACTION COULD BE LAUNCHED."

BARTLETT SAID THE UNITED STATES IS CONCENTRATING ITS DEFENSE EFFORTS AT TOO FEW POINTS, WITH ONLY ONE AIRFIELD IN ARCTIC ALASKA.

"IT OUGHT TO BE A MATTER OF HIGH NATIONAL POLICY TO RING THE ARCTIC WITH SUITABLE DEFENSES," HE SAID. "IN ANY EVENT THIS WOULD BE DESIRABLE AND EVEN NECESSARY. IT BECOMES ALL THE MORE SO BECAUSE OF THE POSSIBILITY OF THE EXISTENCE IN THE ARCTIC OF AN OIL FIELD OF CONSIDERABLE DIMENSIONS. THERE IS HIGH HOPE THAT UNDERNEATH THE ARCTIC TUNDRA, HERETOFORE HELD VALUELESS, MAY BE DISCOVERED ONE OF THE GREAT OIL POOLS OF THE WORLD."

LAKE SUCCESS, JUNE 14-(AP)-A MOVE IS QUIETLY IN THE MAKING HERE TO SWITCH UNITED NATIONS HEADQUARTERS OUT OF THE UNITED STATES, IT WAS LEARNED TODAY.

THOSE NATIONS SUPPORTING THE IDEA ARE TAKING NO OPEN STEPS AND ARE LAYING THE GROUNDWORK CAREFULLY. THE DRIVE MAY EMERGE AS EARLY AS THIS FALL AT THE PARIS ASSEMBLY. THE SUBSTITUTE SITE PROBABLY WOULD BE GENEVA.

CONGRESSIONAL APPROVAL OF A $65,000,000 (M) LOAN TO THE U.N. FOR BUILDING MANHATTAN SKYSCRAPER HEADQUARTERS WOULD BE A BLOW TO THOSE HOPES FOR A SWITCH. BUT DELEGATES FAMILIAR WITH THE SITUATION SAY THAT EVEN GRANTING OF THE LOAN WILL NOT ASSURE THE PERMANENT HEADQUARTERS FOR NEW YORK CITY.

AMONG OTHERS, THE ARAB STATES ARE UNDERSTOOD TO WANT HEADQUARTERS IN EUROPE. EGYPT, SYRIA, SAUDI ARABIA, IRAQ AND LEBANON, ALONG WITH AUSTRALIA AND EL SALVADOR, VOTED AGAINST NEW YORK WHEN THE ASSEMBLY MADE THE SELECTION ON DEC. 14, 1946. AT THAT TIME THE ARABS SAID THEIR BALLOTS WERE A PROTEST AGAINST NEW YORK AND NOT OTHER UNITED STATES CITIES.

30.24- 18507

HOWEVER, THEY ARE SAID TO BE CONVINCED NOW THAT NO LOCATION IN THE UNITED STATES IS SUITABLE. BITTERNESS OVER ZIONIST INFLUENCE IS THE PRIMARY FACTOR.

THE TWO BIGGEST QUESTION MARKS IN THE MANEUVERING ARE BRITAIN AND RUSSIA.

BRITAIN ORIGINALLY WANTED EUROPE, BUT GAVE IN AND UNDER CERTAIN CONDITIONS MIGHT SWITCH BACK TO SUPPORT OF GENEVA.

IF CONGRESS FAILS TO APPROVE THE LOAN, RUSSIA IS EXPECTED TO SEIZE THE OPPORTUNITY TO ASSAIL AMERICAN FAILURE TO KEEP PROMISES AND CHARGE THAT WASHINGTON IS LETTING DOWN THE U.N. FUTURE POLITICAL DEVELOPMENTS ARE EXPECTED TO DECIDE WHETHER MOSCOW THEN WILL GO A STEP FURTHER AND JOIN IN THE MOVE TO PULL THE U.N. OUT OF THE UNITED STATES.

REPORTS FROM WASHINGTON SAY HOUSE LEADERS HAVE NO PRESENT PLANS TO PUT THROUGH THE LOAN BEFORE THE EXPECTED ADJOURNMENT NEXT SATURDAY. HOWEVER, SHOULD CONGRESS GO BACK INTO SESSION AFTER THE POLITICAL CONVENTIONS THE LOAN STILL COULD BE APPROVED BEFORE THE U.N. ASSEMBLY OPENING SEPT. 21. THE SECURITY COUNCIL IS IN RECESS TODAY. SOVIET AGREES TO 10-POWER DANUBE TALKS

Accepts American Proposal for Conference to Open on July 30.

CONSENTS TO INVITING AUSTRIA

But Russia Stipulates Vienna's Delegates Shall Have No Vote.

JUN 1948

Washington, June 15 (A. P.).—Soviet Russia has accepted an American proposal to hold a ten-nation conference on July 30 to arrange for free international navigation of the Danube.

In a reply announced by the State Department, Russia also withdrew her previous opposition to Austria's taking part in the conference. The note, dated June 12, said that Moscow is willing to invite Austria to send representatives in a non-voting capacity. It also said that Yugoslavia advises it would be difficult to provide facilities for holding the conference in Belgrade. The note therefore proposed that the meeting be held instead in the capital of one of the other Soviet-bloc Danube states.

Gets Quick Attention.

The United States last month suggested the meeting for July 30 in an effort to get action on an issue unsettled since the end of the war. The Danube is a major trade route between Eastern and Western Europe. Peace treaties with the Axis Satellite nations called for an agreement on free navigation of the river and that is what the July conference will seek to work out.

Russia had turned down several previous American proposals to get the conference started.

After announcing the latest reply from Moscow, the State Department press officer, Michael J. McDermott, was asked whether it was regarded as a sign of a more co-operative attitude. He replied that the State Department has put no interpretation on it, but was giving it expeditious attention.

The countries expected to take part in the conference include the Big Four—the United States, Britain, France of Russia—and Bulgaria, Czechoslovakia, Hungary, Romania, Ukraine and Yugoslavia.

RUSSIA ACCEPTS U. S. PROPOSAL FOR PARLEY ON DANUBE

WASHINGTON, June 15 — (AP) Russia cleared the way today for possible settlement of one long-standing east-west issue—reopening the Danube river to free international commerce.

Showing an apparent new willingness to compromise, Moscow accepted an American proposal to call a 10-nation conference for July 30 to lift existing barriers to shipping. The river is normally the main artery of trade between eastern and western Europe and its reopening is tied up with hopes of reviving that trade to help European recovery.

Russia abandoned in part its objection to letting Austria take part in the conference. It agreed that the Austrians might send a non-voting delegation.

Seen as "Peace" Gesture

The manner in which Moscow agreed to go along with American ideas was viewed by some diplomatic officials as another gesture in the Soviet "peace offensive." They noted, however, that Russia as well as the western powers has a stake in reopening the Danube. They further pointed out that in the conference the Soviet bloc would have a 7 to 3 voting margin.

The big four powers—Russia, United States, Britain and France—already have agreed that Russia's eastern European satellites will be invited, including Bulgaria, Czechoslovakia, Hungary, Romania, the Ukraine and Yugoslavia.

The softened Russian attitude was expressed in a note dated June 12 which was announced by the State department. On one point it raised objections to proposals put forward by the United States in negotiations which have been in progress for the last several months. Moscow said Yugoslavia has advised it would be difficult to hold the conference in Belgrade, as originally planned, because of lack of facilities. Instead Moscow proposed that it be held in the capital of one of the other Danubian states.

Difficulties Seen

Officials assumed that Britain and France would go along with the idea of meeting July 30 in one of the other Balkan capitols, but foresaw practical difficulties. The United States has insisted that in all postwar conferences with Russia adequate communications and other facilities be provided for full reporting of the proceedings. There must be housing facilities, too, for official delegations.

Russia's note was in reply to American proposals made May 25, which followed negotiations in progress since February.

LENGTHY DEBATE CAUSES DELAY ON DECISIVE BALLOT

Move to Tack on 'Civil Rights' Proposals Is Easily Defeated.

JUN 1948

FOES IN FINAL BLAST

Attempt to Raise Minimum Registration Age to 21 Is Beaten.

WASHINGTON, June 15—(AP) The House ploughed its way through amendments to the draft bill today and leaders predicted final passage of the measure tomorrow.

Last-minute efforts to tack on "civil rights" proposals ran into solid opposition.

The House batted down, 135 to 23, an amendment by Rep. Javits (R.-N. Y.) which would forbid segregation in the armed forces on grounds of race, creed or color.

Amendments Defeated

A similar amendment by Rep. Powell (D.-N. Y.) likewise was lost, 102 to 14. Powell's amendment would have forbidden discrimination in the services.

An amendment by Rep. Folger (D.-N. C.) to raise the minimum registration age from 18 to 21, was defeated before the House adjourned for the day. It lost 77 to 32 on a standing vote.

Leaders who had talked of putting the draft bill to a vote today gave up hopes because of all the amendments.

Republican House Leader Halleck (R.-Ind.) said it was too important a measure to be "rammed through in one day" anyway.

But passage tomorrow is practically certain.

Even the bill's bitterest foes admit it will pass despite everything they can do to block it.

The Senate passed a similar bill last Thursday 78 to 10. But even the freely-predicted House passage tomorrow will not make the draft law final.

Following House approval, Senate and House conferees will have to get together and iron out minor differences in the two bills. Then the two bodies must approve the compromise measure.

The last step is signing by the President. This is assured, because he asked for the draft bill in a speech March 17, almost three months to the day from expected House passage.

Draft Date Uncertain

Actual drafting date of men 19 through 25 is still uncertain because of a provision in the House bill. If the House plan is accepted, the President must wait 75 days before ordering the draft machinery into motion by a formal proclamation. That would mean sometime in September.

But if the Senate plan is accepted, drafting would start as soon as draft machinery could be set up after the bill becomes law.

Although house passage is expected tomorrow, it will not be a pushover.

Rep. Allen (R-Ill), chairman of the rules committee told the house today that the legislation was "not necessary."

"We all want national security," he shouted. "The question is, do we want national security by the American way or by cocercion, compulsion, regimentation and control?"

He said the "brass hats" warn that we face a "great emergency" but do not think it necessary to keep congress in session. He indicated that didn't make sense.

Wadsworth Backs Bill

Wadsworth, author and cosponsor of the World War II draft law, said the world situation today is "exceedingly tense" and contains a "menace to the freedom of the people of the United States."

Rep. Cox (D-Ga), rules committee member and backer of the measure, said opposition to the bill "alarms me greatly." He said it lends "encouragement to those seeking to undermine the government of this country."

Speaking against it in the opening day's debate were Rep. Barden (D-NC), Rep. Folger (D-NC), Rep. Sabath (D-Ill), and Rep Rich (R-Pa).

Rich said that "if you don't bury this bill now, you will bury thousands and thousands of our young men in the future."

Rep. Powell (D-NY) has served notice that he plans to offer 31 civil rights amendments in an attempt to abolish racial segregation in the armed services. This could delay the bill further.

The bill reached the house floor yesterday after being bottled up in the rules committee since May 7. The rules committee vote was close 6-4. If it had gone the other way, the draft could have been killed for this session of congress.

'Voice' Boners Are Blamed On Negligence

JUN

Washington, June 15 (AP)—A congressional committee said today that "unfortunate" broadcasts went out on the "Voice of America" because the State Department was "negligent" and the National Broadcasting Company failed to use "ordinary safeguards."

These conclusions were reported by a House Expenditures subcommittee which investigated the "Know North America" series broadcast by NBC under contract with the State Department.

A storm arose in Congress last month when Senator Capehart (R., Ind.) read to the Senate transcripts of some of the broadcasts. They contained such statements as "New England was founded by hypocrisy and Texas by sin."

Both Senate and House investigations were begun.

They developed that most of the scripts were prepared by Rene Borgia, a native of Venezuela. Borgia testified that he had not liked "cheap comedy" in the scripts, but that it was ordered by his superiors.

Proposals Listed

The House group, headed by Representative Chenoweth (R., Col.), made these recommendations:

1. That members of the advissory commissions authorized by law be appointed immediately by the President.

2. That, except in extraordinary situations, only American citizens who have lived the greater part of their lives within the United States be employed to prepare our foreign information broadcasts.

3. That no foreign broadcasts be conducted unless the scripts are either first written in the English language or translated into English and accurately checked.

4. That language experts be employed by the (State) Department to monitor and control all broadcasts as they are going out on the air.

5. That in all our foreign broadcasts emphasis should be placed on quality instead of quantity.

6. That in the absence of clear and convincing evidence of the need for, and the effectiveness of, our broadcasts to Latin America, such broadcasts be reduced to a minimum, or eliminated.

The committee said it is "convinced that if there did not exist a deliberate design and intention on the part of some employé, or employés, of the National Broadcasting Company to sabotage our efforts to promote international understanding and good will, those employés of the company were ignorant of the intent and purpose of this phase of the foreign information program as authorized by Congress."

It added:

"Your committee is convinced that in its failure to employ only Americans to write and tell the peoples of the world about the United States, in not providing its own responsible preview of all scripts prepared for broadcasts on these programs, and by not even attempting to provide the ordinary safeguards that it insists on in its domestic broadcasts, the National Broadcasting Company did not properly discharge the great responsibility which it undertook in its contract with the State Department. These unfortunate broadcasts could have been averted had the National Broadcasting Company exercised reasonable care and ordinary caution.

"Your committee is convinced that the State Department was negligent in permitting programs of this type to be broadcast at the expense of the taxpayers of the United States."

SENATE INCREASES GLOBAL AID FUNDS

Billion Boost Comes Largely from Vote to Restore 12-Months Basis.

WASHINGTON, June 16 (Wednesday) (AP)—The senate tacked over a billion dollars onto the global aid spending bill in a long night wrangle, then sent it back to the house for approval of the boost. The house is expected to object.

Final passage came just before 1 a. m., Washington time (midnight EST).

Restore 12-Month Period

Part of the increase was made by raising the house's figures to $6,125,710,228 but the bulk of it came from a provision that the money is for a 12-month period. The house had specified that the fund cover 15 months, and had allowed only $5,980,710,228.

Passage followed a discussion during which Chairman Bridges (R-NH) declared that the Senate Appropriations Committee had been "extremely generous" in voting the amount. He termed the appropriation "a venture in faith on the part of this nation."

A shift back to a 12-months basis was voted 64 to 15.

The bill represented a slash of $408,000,000 in the administration recommendations for a 12-month foreign spending program. But it went far toward meeting the vigorous demands of Secretary of State Marshall and Senator Vandenberg (R-Mich) that the senate restore the house cuts in the initial authorization.

The administration sought $6,533,710,228 for the spending program, including the $5,300,000,000 previously authorized by congress for the European recovery program.

The major programs, as approved by the senate and contrasted with those recommended by the house follow:

ECA—$4,000,000,000. This is the same amount voted by both the house and senate, but Bridges said that restoring the 12-month provision is the same as adding $950,000,000.

Government and relief in occupied areas—$1,325,000,000. This is $75,000,000 more than voted by the house.

China—$460,000,000. This is $60,000,000 more than voted by the house and, here, Bridges said, the 12-month clause equals a $140,000,000 boost.

Greek-Turkey—$250,000,000. This is $50,000,000 more than voted by the house.

International Refugee Organization—$70,700,000. This figure is the same for both the house and senate.

International Children's Emergency Feeding—$20,000,000. This is $40,000,000 less than voted by the house.

In addition, the senate bill removes a number of restrictions written into the bill by the house. Bridges said it gives Hoffman "more latitude" in handling the multi-billion program of aid to western Europe and China.

Senators Ease Curbs On Foreign-Aid Funds

Washington, June 15 (AP)—Chairman Bridges (R., N.H.) said today the Senate Appropriations Committee had knocked out many of the restrictions which the House placed on foreign-aid spending. This, Bridges said, will give more "latitude" to Economic Co-operation Administrator Paul G. Hoffman.

The Senate group eliminated the House restrictions yesterday in voting to spend $6,125,700,000 on help to other countries in twelve months. This is $408,000,000 less than asked by President Truman. The House had cut out an estimated $1,175,000,000 by paring funds and putting the program on a fifteen-month basis.

Four Restrictions Dropped

Four major House restrictions on spending were removed from the bill:

1. A requirement that aid to China be administered in the same manner as military aid to Greece and Turkey. Instead, the Senators boosted China-aid total by $60,000,000 for twelve months. Of the Senate total, $125,000,000 may be used for military aid if the President directs.

2. A ban on funds for the International Refugee Organization until it agrees to lower the diet level of displaced persons to that of the people in the same area. Senators decided to junk this after voting IRO $70,700,000.

3. A provision that each nation receiving grants set aside not less than ten per cent in local currencies for purchase of critical and strategic material needed by the United States.

4. An order that recovery funds for Japan, Korea and Ryukyu Islands come out of ECA funds. Instead, the Senate committee said the $150,000,000 asked by the Army for the purpose should come from $1,325,000,000 allowed for government and relief in occupied areas.

Machine Ceiling Lifted

The Senate group also put a $75,000,000 ceiling on the amount of farm machinery that can be shipped from the United States during the next year. The House had set this limit at $50,000,000.

ECA—$4,000,000,000, the same amount as voted by the House, but it may be spent in twelve months instead of fifteen.

Government and Relief in Occupied Areas—$1,325,000,000, or $75,000,000 more than voted by the House.

Greek-Turkey—$250,000,000, or $50,000,000 more than the House.

IRO—$70,700,000, or same as House.

International Children's Emergency Fund—$20,000,000, or $40,000,000 less than the House.

MILLIONS ASKED TO STRENGTHEN ALASKAN BASES

Additional Funds Sought in House to Stockpile War Materials.

BIG SUM FOR FLOOD REPAIR

Last of Major Money Bills to Reach Floor Tomorrow—Truman Figures Cut.

Washington, June 15 (A. P.).—New millions for defense projects in Alaska and for stockpiling strategic war materials were recommended today by the House Appropriations Committee.

In a $485,196,951 appropriation bill—cut $113,135,144 below the amount President Truman had asked—the committee approved:

1. $300,000,000 in cash and $300,000,000 in contract authority for the purchase and stockpiling of critical and strategic national defense materials. This compares with cash of $360,000,000 and contract authorization for $375,000,000 requested by the President. Funds for the future contracts must be appropriated later.

2. $32,700,000 of a $40,000,000 request for continuation of Army construction projects in Alaska.

3. $47,983,200 in cash and $50,000,000 in contract authority for Navy public works construction. This, including major defense installations in the Aleutians and Pacific areas, is a cut of $2,016,800 in cash and $16,500,000 in contract authority.

4. Approved $3,000,000 in cash and $5,000,000 in contract authority for construction of a commercial airport at Anchorage, Alaska. The President had asked $4,000,000 in cash and $9,000,000 in contract authority.

5. Cut from $900,000 to $600,000 funds for use of the Secretary of Commerce in carrying out voluntary industry agreements under the 1947 anti-inflation law.

6. Recommended $6,000,000 for emergency flood repair work in the Columbia River valley. Another $500,000 was approved for disaster relief there and elsewhere as it might be needed.

Debate Due Tomorrow.

The committee also approved $1,915,000 for United States participation in the World Health Organization, and $25,400,000 to help stamp out foot-and-mouth and other contagious animal diseases. It also added, at the last moment, a $131,400 allotment for stationery allowances for House members.

Last of the big money bills of the Eightieth Congress, the measure is scheduled to go to the House floor tomorrow for debate.

The committee voted the sum to stock pile strategic war materials after Thomas J. Hargrave, chairman of the Munitions Board, had testified that the nation is two years behind schedule in stockpiling. He said it probably will take seven years to attain the goal instead of the five contemplated in 1946.

The committee explained its $135,000,000 cut by saying it has "Some apprehension that the program is lacking the degree of planning, forethought and co-ordination which should be an integral part of any such large-scale expenditure."

The group also cut $230,000 from a $680,000 request of the General Accounting Office to finance an audit of wartime transportation charges against the Government. GAO officials told the committee that $250,000,000 has been collected on this project already and $104,000,000 has been listed as overpayments, but not yet collected. They estimated that $100,000,000 more may be found as overpaid.

VOTES BILL AIDING AUTHOR

House Acts to Grant Residence to Japanese Who Aided U. S.

WASHINGTON, June 15 (AP)—The House past and sent to the White House today a bill granting permanent residence in this country to Atushi Jun Iwamatsu, a Japanese author who aided the United States in its war against Japan.

The bill also granted a similar privilege to his wife and son, Iwamatsu, who fled Japan with his family because of opposition to that nation's pre-war military dictatorship, is the author of a book published last year in New York City. He writes under the pen name of Taro Yashima.

During the war he served with the Office of Strategic Services, the Office of War Information and with the strategic bombing survey in Japan after the war.

Among several persons who urged that Iwamatsu and his family be permitted to stay in this country was William J. Donovan, former chief of the OSS.

Ickes WPA Feud With Hopkins

Washington, June 15 (AP)—Harold Ickes says Harry L. Hopkins sabotaged Ickes's public works program in 1935 while getting taxpayers' money by the barrel for relief projects under the WPA.

Ickes, now "mellowing," he says, and out of Government service, tells of his conflicts with Hopkins during the early years of the Roosevelt Administration in a *Saturday Evening Post* article today.

"Harry Hopkins was both irresponsible and arrogant. He was playing for big stakes and was always willing to take a gambler's chance," Ickes wrote.

PWA Versus WPA

Ickes was administrator of the Public Works Administration, with Federal money for public improvements. He also was Secretary of the Interior.

Hopkins, now dead, was Works Progress Administrator, which Ickes calls the "We Provide Alms" department.

President Roosevelt had $4,800,000,000 for the two administrations in 1935. Ickes and Hopkins were feuding for their shares. Ickes came away with only $447,000,000.

He says he felt Hopkins was boring from within to "divert more money to the rice paddies of the WPA."

Feared Freezing Of Fund

"I knew that unless I could actually invest this sum (the $447,000,000) before Harry was able to 'boondoogle' his swag, the President would probably once again freeze PWA's unallotted and unexpended balances in order to furnish more gravy for Harry's train," Ickes wrote.

"Perhaps I should have resigned as some friends advised me to after that session at Hyde Park" (where the money was divided by the President), Ickes said.

Ickes said he took issue with Mr. Roosevelt over a presidential order which Ickes interpreted as intended "to shove PWA into the wings, while giving the center of the stage to Harry to flick good United States currency in all directions."

Told Roosevelt Of "Sabotage"

Ickes also said he told President Roosevelt that Hopkins had sabotaged the public works program in 1935.

Hopkins could get his appropriations approved in a lump sum, without submitting details to the advisory committee, Ickes said. Ickes had to have approval of plans for each of his projects.

"On one occasion there was a lively debate as to whether or not he (Hopkins) should have money by the barrel without submitting anything in the way of plans or specifications," Ickes says.

Only two people out of twenty on the committee voted against Hopkins, Ickes wrote.

"Neither Saint Nor Devil"

Ickes says Hopkins, who later became presidential assistant, was neither a saint nor a devil. But he adds:

"He attained his particular heights by a careful utilization of the favors granted by, or extracted from, the outstanding statesmen of his generation."

Ickes says Rosevelt gave him a word spanking at a Cabinet meeting May 14, 1936. He says the President forbade him to criticize Hopkins's program before Congress, and told him it would be criticism to tell what Ickes's own program had done in comparison with Hopkins's.

Ickes resigned. But he said the President wrote him such a complimentary note, rejecting the resignation, that he stayed on.

Another Complimentary Letter

When the Public Works Administration was liquidated in 1938, and Ickes was to devote all his time to the Interior Department, the President wrote him another complimentary letter.

". . . I am entirely confident in my own mind that oil and coal will both be taken more and more under Government supervision in the near future and that, of course, is a definite function for you to add to Interior . . . ," the letter said.

Ickes finally resigned in 1946 after taking issue with President Truman over the appointment of Edwin Pauley, California oil man, as Navy Under Secretary. Ickes opposed Pauley, whose name finally was withdrawn.

Government control of undersea oil fields, which Ickes favored, was an issue.

A-BOMB FEAR IS DISCOUNTED

But U.S. Is Warned To Keep Head And Head-Start

Washington, June 15 (AP)—This nation needn't fear atomic bombs "if we keep our heads and our head-start" in atomic energy research.

So says Lieut. Gen. Leslie R. Groves, wartime chief of the Manhattan Atomic Project. He doubts if Russia can produce A-bombs in quantity before 1955.

Groves made these comments in a *Saturday Evening Post* article, replying to criticism by David E. Lilienthal, chairman of the Atomic Energy Commission, and others of his guarding of atomic secrets and his management of the Manhattan Project.

"Some critics have claimed that the Smyth report shortened the work of other countries in their race to develop the bomb by as much as several years," Groves wrote.

Called "Exaggeration"

"This is untrue. Most of this criticism has been completely ignorant, irresponsible nonsense, but some of it has come from significant sources.

"The *Bulletin of the Atomic Scientists*—and this federation includes several eminent names—has said that American scientists were 'dumfounded' by publication in the Smyth report of the industrial aspects of the bomb project.

"This is quite an exaggeration. We have, too, Mr. Lilienthal's casual remark before the Senate committee that the report was 'the principal breach of security.'"

[The Smyth report on the atomic bomb project was released six days after the bombing of Hiroshima. It summarized work of scientists in producing the bomb, which had been kept secret throughout the war.

TRUMAN GETS BILL ON TRADE

Possibility Of Veto For Limited Measure Pondered

Washington, June 15 (AP)—Congress sent President Truman today a trade agreements bill which he doesn't like and may veto.

The House passed the measure by voice vote, accepting amendments added by the Senate. The Senate approved the bill yesterday, 68 to 10, over Democratic protests that it would wreck the foreign trade program.

The bill revives for one year the Trade Agreements Act which lapsed last Saturday night. It requires the President to wait up to four months, while the Federal Tariff Commission investigates, before making tariff agreements with foreign countries.

Backed By Democrats

Mr. Truman and Gen. George C. Marshall, Secretary of State, backed by nearly every Senate Democrat, urged that the act be extended for three years without any curbs on the President's tariff-making authority.

The possibility of a veto was mentioned by several senators. They said there was a good chance that the Senate, if not the House, would sustain a veto. Democrats came within a few votes yesterday of changing the Senate bill to provide a two or three year extension.

But there also were predictions that Mr. Truman would accept the present bill as better than none and hope that Congress would give him one more to his liking later.

Doughton Against Veto

Representative Doughton (D., N.C.), author of the original act which was sponsored by Cordell Hull, then Secretary of State, said he hoped Mr. Truman would not resort to a veto. He took the position that the GOP-sponsored bill is better than letting the trade act die.

Representative Halleck, of Indiana ,House Republican leader, said "another reckless political veto might well mean an end to the reciprocal-trade program."

The present bill omits a provision that would give Congress the power to veto a presidential tariff cut if it was greater than the Tariff Commission recommended. The House voted this provision but the Senate struck it out and the House didn't object.

Minor Changes Made

Senators Vandenberg (R., Mich.) and Millikin (R., Col.) drafted the version that finally was adopted with minor changes.

This requires the President to notify the Tariff Commission whenever he plans to negotiate a tariff agreement. The commission must hold hearings on every item under discussion. Then it must recommend "peril points" below which tariffs should not be cut—in the commission's opinion—in the interest of United States producers.

An amendment adopted yesterday requires the commission to make its report within four months. The President can disregard the commission's findings. But if he does so he must tell Congress his reasons within 30 days.

TRUMAN VETOES FUNDS MEASURE

JUN 1948

Objects to Rider Shifting Employment Service to Security Agency.

WASHINGTON, June 15 (AP)—The feud between President Truman and Congress reached a new pitch of intensity tonight as the president vetoed an appropriation of almost a billion dollars because he objected to an attached rider.

The rider provided for transferring the U.S. Employment Service from the Labor Department to the Federal Security Agency.

Mr. Truman branded this an "unwise legislative action, enacted in an unsound manner." It is rare for a president to veto an appropriation bill, especially one of such dimensions.

The measure carried $975,914,700 to help finance the Federal Security Agency, the U.S. Employment Service and the Public Health Service for the year beginning July 1.

Republican leaders indicated they would try to override the veto, but were doubtful whether they would muster the required two-thirds of both houses.

If they failed, they had two choices: pass the bill again without the rider; or let it die. If they chose the latter course, the agencies would be left short of funds.

Other Appropriations

While this row was going on, the senate worked into the night on other big appropriations. It passed a $3,686,733,250 measure to operate and expand the "world's most formidable" Navy. This bill then went back to the house for action on senate increases of more than $125,000,000.

Also passed by the Senate and sent back to the House was a $43,000,000 appropriation for government corporations. This included a controversial $4,000,000 item for construction of a steam plant to generate electricity for the Tennessee valley authority. The house had denied funds for this purpose.

Other big appropriations bills remained on the Senate's docket, for action later.

The veto message on the federal security agency funds came as a surprise to congress.

The President complained that the Shift Of Uses had been "tacked onto" the appropriation bill without opportunity for either the house or Senate Labor Committees to examine the proposed change. He also said it is another in a series of legislative actions "stripping the department of labor of essential funds and functions."

Would "Weaken" Department

"To remove the United States Employment service from the department would further weaken and demoralize it and reduce the entire department to such a minor status as to raise seriously the question of the validity of its continuance as a separate department," he said.

One of the largest annual money bills—which passed the house carrying $6,509,939,000 for the national military establishment— advanced a step on the senate side.

Chairman Gurney (R-SD) said the Senate Appropriations Subcommittee completed hearings today and would begin deciding upon individual items at a closed session Wednesday forenoon.

The house cut $647,903,000 in cash from the president's budget requests and Gurney said a new $180,000,000 estimate had arrived since the house acted. It covers construction items approved by congress since the house acted, he explained.

World's First Supersonic Pilot Calls Experience 'Pretty Nice'

JUN 1948

WASHINGTON, June 15 — (AP) The first man ever to fly into the mystery land beyond the "sonic wall" described his trip today:

"It was pretty nice, I thought."

Capt. Charles E. Yeager, a rather small man with cropped hair and a taste for cigars, told a news conference he was "naturally scared" at flying the Bell X-1 experimental rocket plane faster than sound.

"As you get past the speed of sound you—uh; you—uh. I'd like to go into detail but I'd get my head lopped off if I did."

Gen. Hoyt S. Vandenberg, Air Force chief of staff, presented Yeager to newsmen. But security-minded officers had bound the pilot with restrictions greater than those in the cockpit of the little rocket ship, where "your knees are just about the level of your shoulders."

Yeager was permitted to say little that had not been published before. He gave some details of the manner in which he handled the plane when on Oct. 14, 1947, it shot through the sonic range, which is 762 miles an hour when the temperature is 59 degrees but only about 600 miles an hour at high altitudes, where the air is thin and cold.

Yeager said the X-1 is carried 25,000 to 30,000 feet under the belly of a B-29. The pilot climbs down to the cockpit, adjusts his gear and cuts loose on signal. Then he can apply power from each of four rocket motors with 1,500 pounds thrust.

"The acceleration is something terrific," the Captain said. "It's lots greater than in any other aircraft I've flown."

And when the fuel runs out, as it does after 2 1-2 minutes at full power, "you slow up awful fast." All landings are made "dead stick"—that is, without power. The glide down is at 300 to 400 miles an hour, and the actual landing is about 160 miles an hour.

Muroc Air Force Base in California, a dry lake, is a near perfect runway in any direction for 10 or 15 miles, however, and the X-1 is permitted to coast about 2 1-2 miles to a stop without brakes.

Deportation Recommended

SAN FRANCISCO, June 15 (AP).—Arthur J. Phelan, acting district director of immigration, said today that his office had recommended the deportation to Sweden of Per M. Eriksson, during the war assistant manager here of the Scandinavian Shipping Office, sponsored jointly by the Norwegian and Swedish Seamen's Unions and by the Scandinavian Shipowners' Association. Hearing on the Eriksson case developed Mr. Phelan said, that Mr. Eriksson was a member of the Swedish Communist party.

Stalin Picture Makes 63 Longshoremen Quit

New York, June 15 (AP)—Sixty-three longshoremen walked off the job today when they noticed pictures of Stalin and Tito o na ship they were loading.

The dock workers, members of the AFL International Longshoremen's Association, were putting cargo aboard the S.S. Radnik, a Yugoslavian freighter, at a Brooklyn pier.

Pier officials said the cargo, including trucks, automobiles and jeeps, was bound for Yugoslavia.

U. S. Airplanes Patrolling Coast of Palestine for U. N.

Four C-47 Transports and One Light Craft on Guard—Holy Land Is Quiet—Arab Leaders Conferring in Cairo.

Cairo, June 15 (A. P.).—Count Folke Bernadotte said today that United Nations planes, supplied by the United States, are patrolling the Palestine coast to check ships arriving with immigrants and supplies.

The planes being used are four C-47 transports and one Beechcraft, which is a small plane.

Bernadotte, who arranged the current four-week armistice as United Nations mediator, today arrived in Cairo, where Arab politicians and army chiefs of staffs are discussing the Palestine question. He came from Rhodes, where peace talks are expected to be held.

Jerusalem and the rest of the Holy Land remained quiet.

Bernadotte said all supplies sent into Jerusalem are under inspection and control, regardless of the route used. The Consular Truce Commission in Jerusalem set up a check post at Bab el Wad, but the Jews sent no convoys past it, a dispatch from that city said. The commission also was planning a check post at the Allenby Bridge across the Jordan to guard against Arab movements of arms and munitions.

Asked what rations of food, water and electricity are permitted to the Jews in Jerusalem, Bernadotte said these would be fixed by the truce commission in co-operation with the Jews and Arabs.

A patrol by surface ships is planned also, Bernadotte said. He denied having asked the British for ships, as a British Foreign Office spokesman asserted a few days ago.

The spokesman said in London today that the British have agreed "in principle" to provide ships and planes for United Nations observers. British military authorities in the area, he said, are to decide on the number of planes and ships and the authority under which they will operate.

The mediator said he is taking steps to see that no armed fighting men are transported to either side. He already has observers in some ports and has asked for international co-operation through the United Nations.

Asked whether he hoped the Russian bloc would co-operate, he said: "I cannot tell you."

Bernadotte would not say how many men of military age he would permit to enter Palestine and go into internment camps during the truce. He did say that the number admitted since the truce has not altered the military situation.

Conferences Planned.

The count said he would talk informally with Arab leaders here and with Jewish officials in Tel Aviv. He and his aids will return late Friday to Rhodes and "put on our thinking caps and see what we are going to do."

The Arab League political and military committees met together for five minutes and then the military leaders withdrew to a separate meeting.

Before the joint session, the league's secretary-general, Abdel Rahman Azzam Pasha, told reporters that the political committee was waiting for Bernadotte's reply to Arab charges of Jewish truce violations.

Question Sidestepped

Dr. Ralph Bunche, Bernadotte's assistant on Rhodes, sidestepped a yes-or-no answer whether a round-table meeting was thought possible. But he asked:

"What difference does it make how the talks are conducted if they end in peace?"

A mediation staff man on Rhodes said last night neither side reported any truce breaking yesterday. He remarked, "This was the first day we have heard nothing since the truce began."

Later, however, the *Egyptian Mail*, Cairo newspaper, quoted Premier Mahmoud Fahmy Nokrashy Pasha as saying he had sent the mediator a note accusing the Jews of seven infractions in southern Palestine.

Palace officials in Amman, Trans-Jordan, said last night King Abdullah has invited King Ibn Saud of Saudi Arabia to pay him a state call.

The Moscow radio, heard in London, said last night the British are allowing ex-Nazis in Austria to be recruited for Arab armies.

PLANES WATCH IN PALESTINE

U.N. Observers Patrol Coast In U.S.-Supplied Craft

Cairo, June 15 (AP)—Count Folke Bernadotte said today United Nations truce observers are patroling the Palestine coast in American-supplied planes to check on the arrival of ships carrying immigrants and supplies.

The United Nations mediator said he had received four C-47 transports and one small Beechcraft from the United States.

A patrol by surface ships also is planned. Bernadotte denied, however, having asked the British for ships as a British Foreign Office spokesman asserted a few days ago. He said he had only asked for certain material and equipment for his observers.

Agreement "In Principle"

The Foreign Office spokesman said in London today that the British have agreed "in principle" to provide ships and planes for the United Nations observers. Actual allotment of the craft, their numbers and the authority under which they will operate is being left to the British military authorities in the Middle East, the spokesman added.

Bernadotte arrived by plane from his headquarters on the Greek island of Rhodes for informal talks tonight and tomorrow with Arab political leaders. He will go to Tel Aviv Thursday to confer with Jewish authorities.

Having arranged a four-week truce in Palestine, he now is attempting to find a solution of the long-range issue.

Confers With Arabs

Bernadotte conferred for an hour tonight with members of the Arab League's political committee. He declined to comment on the results of the meeting.

The Egyptian Government said tonight it gave Bernadotte a note last night reporting further alleged violations by the Jews of the Egyptian front in Palestine.

The note warned that if the Egyptian and other governments did not receive confirmation that the front line would be restored to what it was at the time the truce became effective, the Arabs will restore the front positions by force.

The Holy Land remained quiet on this fifth day of the truce. Bernadotte said that as far as he knew there was no fighting.

He also said he knew of no truce violation that had not been straightened out. It was natural after the long fighting between the Arabs and Jews that some incidents should occur, Bernadotte said, but there has been none which made it impossible for the armistice to continue.

He disclosed he had sent a report to the United Nations Security Council about complaints received during the first 48 hours of the truce, and added: "I do not blame one side or the other."

Also supplies sent into Jerusalem, over whatever road, are under inspection and control, Bernadotte declared. Asked what rations of food, water and electricity would be permitted the 90,000 Jews in Jerusalem, he said this would be fixed by the truce commission there in co-operation with the Jews and Arabs.

A Jerusalem dispatch said the truce commission set up a check post at Bab el Wad, 11 miles west of the holy city, but the Jews sent no convoys past it. The commission also was planning a check post at the Allenby Bridge across the Jordan to guard against Arab movements of arms and munitions.

Observers In Ports

Bernadotte said he was taking steps to see that no armed fighting men are transported to either side. He already has observers in some ports and has asked for international co-operation through the United Nations.

Asked whether he hoped the Russian bloc would co-operate, he said: "I cannot tell you."

He declined to say how many unarmed men of military age he would permit to enter Palestine and go into internment camps during the truce. The number admitted since the armistice began has not altered the military situation, Bernadotte added.

He said he and his aides will return to Rhodes late Frday and "put on our thinking caps and see what we are going to do." Bernadotte has made up a timetable for peace negotiations during the truce but he explained he could not disclose the schedule until after he had talked with both sides. He did not know if he wanted the Jews and Arabs to negotiate at the same table.

Now A Political Party, Irgun Zvai Leumi Says

Tel Aviv, Palestine, June 15 (AP). Irgun Zvai Leumi announced tonight it has become a political party under the name of the "Jewish Freedom Movement."

Irgun's program, published tonight, said it would act as a political party in the state of Israel, but would remain an underground military elsewhere.

The program said Irgun's ultimate goal was the whole of Palestine, "east and west of the Jordan," as a Jewish state.

As to domestic politics, Irgun pledged itself to a democratic, progressive policy with agrarian reform for small landowners, a fair share of the wealth for the workers and the abolition of trusts.

It demand friendly relations with the Soviet Union, which it described as a great power which gave its full support to Jewish statehood. It also pledged friendly relations with the United States.

Israel to Mobolize Up to 55

TEL AVIV, June 15 (AP) — The Israeli Government said tonight it would publish a manpower control decree tomorrow. Under the terms, all males up to the age of 55 and women up to 50 will be subject to mobilization for essential work in industry and agriculture.

Talks Leading To Scandinavia Bloc Reported

U. S., Britain Said to Have Urged Sweden, Norway, Denmark to Enter Pact

LONDON, June 15 (AP). — A Swedish source said today that the United States and Great Britain have urged Sweden to join a regional defense alliance with Norway and Denmark. Informal talks on the subject have been held in Washington, London and Stockholm, the informant said.

Sweden has indicated unwillingness to enter into such a pact if the proposed Scandinavian alliance is to be linked to the existing Western European Union, made up of Britain, France, Belgium, the Netherlands and Luxemburg. The Swedes have argued that such a formal turn to the West would anger Russia, and that Sweden would get no compensating guaranty of military aid.

According to the Swedish informant, Norway and Denmark are less positive than Sweden that

30.24- 18513

Scandinavian neutrality can be preserved in the event of war between East and West. Accordingly, the Norwegians and Danes have indicated a desire to tie up ultimately with the Western European defense grouping.

Norway, Sweden and Denmark have received no formal invitation to date to ally themselves with the Western European Union. The informant said, however, that the Norwegian and Danish ambassadors have emphasized to the British Foreign Office that their governments would regard it as unfortunate if the Western alliance "closed its doors to the Scandinavian countries."

The source gave this account of the informal discussions with the Swedes:

Swedish Ambassador Eric Boheman last week called on Sir Orme Sargent, permanent British Under Secretary for Foreign Affairs, and was told that Britain would like to see a Scandinavian alliance concluded soon. In addition, American diplomats in Washington and Stockholm have left Sweden in no doubt that the United States wants to "know who her friends are."

Sweden's unwillingness to forgo the neutrality she has preserved successfully in two wars has been strengthened by Russia's action in cutting the reparations debt of Finland, the informant said. Soviet relations with Finland were reported to have convinced the Swedes that a milder Russian policy in Europe is on its way.

U.S., Britain 'Seeking' Scandinavia Unity Pact

London, June 15 (AP)—A Swedish informant said today the United States and Britain have urged Sweden to join a Scandinavian defense pact.

Sweden has indicated unwillingness to enter any regional defense alliance with Norway and Denmark if it is linked with the Brussels alliance of France, Britain and the Benelux countries. The argument is that this would anger Russia and that Sweden would get no compensating guarantee of military aid.

The informant said Norway and Denmark are less positive that Scandinavian neutrality could be kept in a war between the West and East. They have made no secret of a desire to tie up with the western defense grouping.

British Question On Aid 'Strings' Sidestepped

London, June 15 (AP)—A Foreign Office official sidestepped parliamentary demands today to disclose "the iniquitous terms which the Yankees are demanding" in Britain's bilateral agreement on Marshall aid.

Christopher P. Mayhew, Under Secretary to the Foreign Office, urged the House of Commons "not to press for comment while negotiations are going on." He said this after John Platts-Mills (Independent) demanded "assurance that in negotiating the bilateral agreement . . . he would not surrender to the European recovery program administrator the power to decide the rate of exchange of British currency or the right to veto or in any way to interfere with the British tariff policy and structure."

Platts-Mills asked: "Is it not high time the British people were told these iniquitous terms which the Yankees are demanding so that we can back up our negotiator in rejecting them?"

Cries Of "Answer"

There were cries of "answer" as Mayhew at first made no attempt to reply.

The *Financial Times* today warned the United States against attaching strings to Marshall aid.

Such conditions, the paper said, could be justified only on the ground that they help Europe recover. It added that the "conditions would not be satisfied if the United States in return for badly needed assistance were to endeavor to secure commercial and financial advantages at the expense of the nations concerned."

U. S. and Britain Reach 'Agreement' on Mid-East

LONDON, June 15 (AP).—A Foreign Office spokesman said today Great Britain and the United States "have made it clear to each other where their interests lie in the Middle East, including Palestine."

The spokesman denied a report in the Communist "Daily Worker" that the United States and Britain have concluded an agreement to "carve up" the Middle East.

The two governments, he said, have reached a "tacit agreement" during a long exchange of views that each will keep the other informed of what steps it proposes to take in the Middle East. He said the exchange began after President Truman recognized Israel, a move which the spokesman said surprised the British.

"It has become quite apparent to both countries that any step that one takes in the Middle East is of immediate interest to the other," he said.

The spokesman refused to give any more details about the stoppage last month of the oil flow from the Kirkuk oil fields in Iraq to Haifa, most important port in the Jewish state. He said the stoppage resulted from negotiations between the oil companies concerned and the Arab governments.

When a newsman pointed out that the British government held shares in the oil companies, the official said: "I had better go into that before I answer."

British-Russian Trade Talks Due

London, June 15 (AP)—Harold Wilson, president of the Board of Trade, said today that Britain will soon talk trade again with Russia with an offer to sell "everything from false teeth to hydraulic cranes."

He told a meeting of the British food-machinery manufacturers that the Anglo-Soviet negotiations will be resumed in London "very soon" and added that would be on "a wider range of goods shipped to the USSR than the narrow range in which they have so far been interested."

Welcomed By Soviet

Wilson reported Russia had welcomed a British invitation to reopen the talks.

Russia and Britain signed an interim trade agreement in Moscow last December.

On the part of Britain, it was limited to the purchase at undisclosed prices of about 27,500,000 bushels of grain for feeding livestock.

In return, Britain agreed to assist Soviet import organizations to place orders in Britain for equipment to mechanize the Russian timber industry, for plywood factories and sawmills, and for electrical and other equipment.

British Communists Bid For Catholics' Support

London, June 15 (AP)—Britain's Communist party bid tonight for the support of Catholic workers.

Harry Pollitt, the party's secretary general, told a rally that the Communists invite Catholic workers "to share our outlook on industrial, social and political matters." He urged that Catholics join "without hesitation, and play their part in bringing about the fundamental social change which is the only hope of the working class."

Pollitt coupled his appeal with an attack upon the Vatican.

"The Communist party," he said, "believes that Catholic workers will resent the attempts made by the Catholic hierarchy to dictate to them on industrial, social and political matters."

Paris Is Chided On Pact Delay

Paris, June 15 (AP)—The French Assembly is expected to reach a vote late tonight or tomorrow on the six-power accord to create a separate state of western Germany.

France is the only one of the nations whose negotiators evolved the plan which has not approved it. Belgium, the Netherlands and Luxembourg indorsed it yesterday, and Britain and the United States did so previously.

Here, the plan has been under heavy fire from the Right and Left. Approval, if given, is expected to be by a narrow margin.

Two British papers today cautioned the French that their stubbornness on the agreement may cool American ardor to work closely with western Europe. The Liberal *News Chronicle* said rejection of the accord by the French would "certainly not improve prospects of a military guarantee for western Europe."

German Talks Stalled

The conservative *Telegraph* said American collaboration is essential in western Europe and added that "it would be a pity if France cooled off this collaboration by being the only one" of the six powers to reject the German proposals.

The French delay also has stalled Allied talks with German leaders on getting plans started for the election of a constituent assembly to work out the government of the proposed West German state.

The Russians, although invited, have thus far declined to permit their occupation zone to become linked with the Western power plan.

New Parley Proposed

London, June 15 (AP)—Seven members of Parliament in the ruling Labor party have proposed that Britain invite Russia to a Big-Four conference to settle the German problem.

They did so in a resolution, somewhat critical of the recent six-nation agreement on Germany, introduced in the House of Commons last night.

International Ownership Asked

Ths M.P.'s resolution said such an agreement should provide for:

1. International public ownership and control" of Ruhr resources, with Russia as well as an eventual German Government participating.

2. An all-German constituent assembly based on free elections held under four-power supervision in all four zones of Germany."

Diplomats Discuss Plan

Paris, June 15 (AP)—French diplomatic officials talked with American and British representatives in London today on the six-power German accord as the National Assembly resumed debate on the controversial agreement.

Foreign Ministry sources said Jean Chauvel, the ministry's secretary general, and French Ambassador Rene Massigli met American and British diplomats who took part in the negotiations for the accord.

These sources said Chauvel was sent to London yesterday with instructions to obtain information which the Government hopes to use in winning parliamentary approval of the agreement.

Deals With Interpretation

Chauvel's conference with American and British officials, they said, deals mainly with the future detailed interpretation of the agreement when it is put into action. He is to bring back the answers to Georges Bidault, Foreign Minister, tonight in time for Bidault's rebuttal speech in the National Assembly tomorrow night.

France is the only one of the six signatories which has not approved the pact. French Government sources pointed out, however, that France is the only one of the six which has sought parliamentary approval.

A vote is not expected before late tomorrow night or Thursday.

Most speakers had little good to say for the agreement.

Communist-Called Strike Paralyzing Turin Industries

Turin, Italy, June 15 (AP)—A 24-hour "white strike" called by the Communist-led Chamber of Labor paralyzed Turin's heavy industry today. It was Italy's biggest post-election strike.

The work stoppage was ordered after differences developed between the Lancia Automobile Company, Italy's second largest, and its employés over working hours.

The "white strike" — Italian phrase for strikes in which workers report to their benches or desks but do no work—left most small industries as well as bars, cafes and stores operating.

Public transport was halted for an hour but otherwise essential workers remained at their jobs.

Up to late this afternoon there had been no disorder in this city of 1,000,000.

The Chamber of Labor called the strike early today. Christian Democrats, Independents, Socialists and Republicans, who make up a minority portion of the Communist-dominated labor group, supported the strike on the ground that the issues involved are economic rather than political.

Achille Marazza, Under Secretary of Interior, arrived from Rome this afternoon to try to induce Lancia operatives to reconsider their refusal to negotiate with their employés, the thing that touched off the strike.

Anzio, Nettuno Get U. S. Gifts

ROME, June 15 (AP)—Eighty-five tons of gifts from Dunkirk, N. Y., and Norwich, Conn., were being passed out today to the people of Anzio and Nettuno. The towns were at the beach head below Rome which United States troops stormed in 1944. The milk, chocolate, foods, clothing, medicines and farm tools went to 22,000 people. ENDSI, the Italian organization which hands out American aid, was in charge.

Reds Block Highway to Berlin

Reroute Western Traffic After Tie-up—Halt British Coal Cars.

JUN 1948 HEINZERLING

Berlin, June 15 (A. P.).—The Russians for a time today halted motor traffic between Berlin and the west and also stopped 140 carloads of coal inbound by railway from the British zone.

Later in the day, the Russians began re-routing the motor traffic to by-pass a bridge across the Elbe, which they had closed, they said, for repairs. The bridge is a makeshift structure built to replace a permanent span that was destroyed during the war. It is on the super-highway from Berlin to Helmstedt, the only motor road to and from Berlin for the United States, Britain and France. Americans who made the trip said that a six-mile detour with ferry service had been arranged.

A longer detour had been expected.

Gen. Lucius D. Clay, the American Military Governor, said last night that the Americans would use the detour.

"Even if they have to drive 300 more miles?" he was asked.

"Yes. I cannot demand that the United States go to war just because somebody has to drive 300 more miles," he declared.

British officials said that the Russians in the last forty-eight hours have stopped 140 carloads of coal consigned to Berlin, alleging that the cars were mechanically defective. The cars were cut out of trains at Marienborn, the Soviet checkpoint at the border of the Soviet and British zones. Trains were allowed to go on with such cars as the Russians pronounced in good repair.

Otherwise, railroad freight traffic was proceeding normally today. American officials said that no freight trains in the American zone have been stopped since Saturday.

Coal Cars For Berlin Held Up

JUN 1948

Berlin, June 15 (AP)—The Russians have halted 140 carloads of coal bound for Berlin from the British zone during the last 48 hours, British transport officials said today.

The cars were stopped in Marienborn, Soviet checkpoint on the British-Soviet zonal border. The action was another step in a series of moves by the Russians to restrict the Western Allies' transport between their zones and Berlin.

The British said the Russians are not stopping whole trains, but are ordering certain cars they consider defective cut out until they can be inspected. The inspections are made by a Soviet survey team. Many of the cars are being stopped because they have not been inspected within the required period, the British officials said.

U.S. Trains Go Through

American authorities said no freight trains from the United States zone have been halted since the 24-hour stoppage Saturday.

The British also revealed that the Russians had suddenly closed three border transit points where German travelers from the Soviet zone cross into the British zone. The stations are small, and the Russians said it was uneconomical to operate them any longer.

The British said that, though travel volume at these places was small, their closing would inconvenience the German population. The British complained about "Soviet discourtesy" in giving no adequate advance notice of the action.

Autobahn Traffic Detoured

During the day Soviet authorities reported traffic on the *Autobahn* between Berlin and western Germany to avoid an Elbe River bridge closed for repairs.

Earlier the Russians had permitted resumption of traffic over the bridge because no detour signs were ready. American motorists who made the trip subsequently reported a detour of approximately 6 miles and a ferry crossing had been arranged. The *Autobahn* leads to Helmstedt and is the Western Allies' only motor route to Berlin.

Gen. Lucius D. Clay, United States military governor, said yesterday the Americans would comply with the Russian detour. The Soviets have promised the detour will permit continued use of the *Autobahn*.

Claim 13,124,000 Signatures

Soviet-licensed newspapers said today that 13,124,000 signatures have been obtained on petitions for German unity. Ninety per cent of the names were obtained in the Soviet zone, said *Neues Deutschland*, official newspaper of the Communist-controlled Socialist Unity party. Some 756,000 signatures were obtained in Berlin.

United States and French officials did not permit circulation of the petitions, sponsored by the Communist-dominated "People's Council of Germany," in their zones. Circulation was permitted in the British zone. None of the three Western Powers recognizes the council. United States authorities maintained the petitions were circulated for propaganda purposes.

Taegliche Rundschau, official Soviet newspaper, hinted the petitions may be used in an attempt to obtain a German plebiscite on national unity.

The Soviet-licensed press interpreted the results of the campaign as a blow against recommendations of the six-power London conference for a Government in western Germany.

Yanks Seized Writer, Berlin Red Paper Says

Berlin, June 15 (AP)—The official Soviet newspaper *Taegliche Rundschau* said today Count Heinrich von Einsiedel, one of its writers, was arrested April 25 in Wiesbaden in the American zone.

The paper said the Count had gone there to visit his mother. It reported Soviet authorities protested to the United States Military Government and demanded his return to the Russian zone.

Brig. Gen. C. K. Gailey, Jr., United States chief of staff here, said a Soviet letter of protest has been received and an investigation is being made. He would not comment further.

Denazification Court Clears Industrialist

Hamburg, Germany, June 15 (AP). Hugo Stinnes, reputed to be Germany's richest industrialist, has been cleared without penalty by a German denazification court.

The court, in Dusseldorf, declared there was no case to answer.

He was placed in category five. That is the lowest grading of Nazi, applied only to men having nominal party membership. Men placed in higher categories may be imprisoned, fined and barred from public office.

Stinnes's industrial empire included coal, steel and shipping.

Negro G. Is Get New Role

FRANKFURT, June 15 (AP).—Negro soldiers will be assigned to the United States Constabulary Thursday for the first time. The 547th Construction Battalion will be inducted into this highly trained branch of the occupation force at ceremonies in Grafenwohr.

New Cabinet Is Sworn In By Gottwald

Prague, June 15 (AP)—President Klement Gottwald swore in the new Cabinet of his Communist Premier, Antonin Zapotocky, today with few changes in the lineup he forced President Benes to accept last February.

Zdenek Fierlinger, Social Democratic Left-wing leader who is fusing his party with the Communists June 27, was promoted from Minister of Industry to Deputy Premier. He replaced Bohumil Lausaman, secretary of the Social Democratic party, who retires to an industrial post.

Defense Chief Promoted

Succeeding Zapotocky, tradesunions head, as Deputy Premier is Jan Sevcik, Communist Secretary of Defense, a Slovak.

The third Deputy Premier is Viliah Siroky, a Slovak Communist.

The Rev. Joseph Plojhar, of the Catholic People's party, continued in the Cabinet as Minister of Health. ADP

NEW CZECH CABINET INSTALLED IN PRAGUE

PRAGUE, June 15—(AP) Communist Premier Antonin Zapotocky installed his new cabinet today, retaining virtually the same group forced on former president Eduard Benes in the February coup.

Klement Gottwald, who moved up from premier to president when Benes resigned, swore in the new ministers. ADP

Hungarian Protestants Yield On School Plan

Budapest, June 15 (AP)—Hungary's Protestant churches, the Calvinist and the Anglican, accepted yesterday a Government proposal to nationalize church-sponsored schools.

The assembly of the two churches, which controlled relatively few schools, expressed the hope that "pending problems will be settled peacefully." V-25

Catholic opposition to the nationalization program continues. The Catholics have 4,813 schools, more than half the total in Hungary. Statements by Communist leaders indicate the schools will be nationalized in a few weeks, despite the resistance.

Poland and Iceland to Trade.

Warsaw, June 15 (A. P.).—Poland and Iceland signed an eighteen-month trade treaty today. The Poles will supply coal, chemicals and electric equipment. Iceland will send wool, industrial oils and horses.

Greece Detains Polk's Widow

Athens, June 15 (AP)—Dwight P. Griswold said today a Greek order prohibits two newsmen and the widow of George Polk, slain CBS broadcaster, from leaving this country.

Griswold, chief of the American aid program in Greece, said the order was issued by the Minister of Public Order, Constantine Rentis, so the group could be questioned further in the case. However, Press Minister Michael Alianos declared "absolutely no such an order has been issued."

The three affected, Griswold said, are Stephen Barber, of the London *News Chronicle;* Constantine Argyris, of the Greek newspaper *Vima*, who is a correspondent for the *Christian Science Monitor*, and the widow, 20-year-old Mrs. Rhea Polk.

Body Found In Bay

The body of Polk, trussed up and with a bullet wound in the head, was found floating in Salonika Bay a month ago. Polk was 34 and a former navy pilot. He disappeared May 9 after telling friends he hoped to make a trip to interview Markos Vafiades, the Greek guerrilla chieftain.

Mrs. Polk and Argyris have been questioned several times in the case. Barber was interrogated for the first time this morning.

Barber said he first learned of a restriction when he was seeing his mother off to Paris at the airport last night. He said his mother was delayed for some minutes by security police when her name became known.

"Cannot Leave Greece"

One officer had a card-index file with the name "Stephen Barber" on it. The correspondent, who was not known to the police, asked what this meant. He said the reply was:

"These people cannot leave Greece."

Griswold investigated and said the order had been sent by police to all debarkation points. He said the AMAG also had received a request that the three not be allowed to use AMAG transports to depart. He said the name of Don Matcham, a York (Pa.) newspaper man, had been on the list with the others, but his name was scratched out.

Visa Expires In August

All official sources said the order was not intended to implicate any of those named in the Polk case, but that police wanted them to be available for questioning as the case developed.

Mrs. Polk has a visa for the United States which expires in August. She expressed fear it might run out before she was able to leave.

JUN

In New York a CBS spokesman said two CBS correspondents investigating the Polk case in Greece had reported previously to their home office that Mrs. Polk was prohibited from leaving the country.

Under Greek law, they reported, no relative of one whose death is under investigation may leave the country.

Athens Detains Widow of Polk And 2 Reporters

Police Forbid Them to Leave Pending Inquiry Into Correspondent's Murder

ATHENS, June 15 (AP).—Dwight P. Griswold, head of the American Mission to Aid Greece, said today that two newspaper men and the widow of George Polk, American radio correspondent murdered at Salonika last month, are prohibited from leaving Greece by order of the police.

Michael Alianos, Greek Press Minister, said that "absolutely no such order has been issued."

Mr. Griswold said the order was issued by Constantine Rentis, Minister of Public Order, so that the three could be questioned further in the investigation of Mr. Polk's death. Mr. Polk, who was Middle East correspondent for the Columbia Broadcasting System, disappeared while trying to establish contact with Greek guerrilas for an interview. His body, the hands and feet bound, was found in Salonika bay May 16. He had been shot through the back of the head.

Briton And Greek Included

Official sources said the order preventing the two newsmen and Mrs. Polk from leaving the country at this time was not intended to implicate them in the case, but was to make them available for further questioning as the case developed. Those affected in addition to Mrs. Polk were listed by Griswold as Stephen Barber, of the London *News Chronicle*, and Constantine Argyris, of the Greek newspaper *Vima*.

Issuance of the order was learned when Barber went to the airport yesterday to see his mother off for Paris. She was delayed some minutes when her name was disclosed.

Griswold said the name of Don Matcham, York (Pa.) newspaper man, also had been on the list with the others but was scratched out. It was understood Matcham had left Greece several days ago but will return.

Visa Expires In August

Griswold said all debarkation points had been asked not to permit the three to leave Greece. He added that the American minister also had been requested not to permit them to use mission transportation to depart.

Mrs. Polk said her visa for the United States will expire in August and expressed fear she may not be permitted to leave before that time. Police asked her yesterday to give them her Greek passport, but she declined until they guaranteed it would be returned.

More U.S. Ships in Greek Waters

ATHENS, June 15 (AP)—The largest number of United States warships since the war were anchored in Greek waters today. Ten more vessels arrived in Suda Bay, Crete, yesterday, in preparation for replacing an equal number already at Crete. Comdr. Morton Sunderland, United States Naval Attache, said that twelve or fourteen of the twenty-four ships in Greek ports, including the carrier Philippine Sea, soon would return to America.

Red Writer Calls Cincinnati 'Patrimony of the Taft Clan'

MOSCOW, June 15—(AP) A Russian geography magazine calls Cincinnati "a large estate and patrimony of the Taft clan."

The Ohio city is the home of Sen. Robert A. Taft, contender for the Republican presidential nomination.

The article in Vokrug Sveta, which means "Around the World," was signed by S. Kozelski, who recently visited Cincinnati.

He said the city is beautiful if seen from Eden Park, but not so pretty when seen from what he called the 150-block "Negro ghetto."

Red Writer Cuts Loose

The writer asserted Cincinnati is a "center of mercenary politicking, an arena of unbridled racism and humanity-hating."

Kozelski said that even to get out of town, he had to pay a tribute to the Tafts in the price of a railway ticket. He said most of the railway (which was not named) belonged to the Tafts.

Cincinnati was termed "the largest industrial and cultural center" in Ohio, a statement which Cleveland might dispute.

The writer asserted the newspapers and radios in Cincinnati are "controlled."

"All voices of society are strongly smothered," the writer went on.

He said the Times-Star belongs to the Tafts, the Enquirer to the MacLean family and the Post to Scripps-Howard and added:

"You can't write there."

"Dance to Taft's Music"

He said a "liberal journalist" had been fired from the Times-Star for "leftism." He said one of Cincinnati's radio stations belongs to the Times-Star, one to the Post and "her other three also are forced to dance to Taft's music."

He wrote lengthily on his version of what happened to the Cincinnati subway. Kozelski said Charles Taft, the senator's brother, is trying to get the city to rent the completed part of the subway for freight transport at an insignificant price, or to use the space for a central heating system.

The article was principally an attack on the Taft family rather than on the city itself.

Kozelski said the Tafts owned a large part of the land, the underground network of cables and pipes, buildings, light, gas, taxis, streetcars, buses, newspapers and theatrical presentations in Cincinnati.

He estimated the wealth of Sen. Taft and his family at from "$75,000,000 to $100,000,000."

(Senator Taft said in Washington he did not wish to comment on the article).

'Kidnapping' Laid To U.S. Anti-Spy

Moscow, June 15 (AP)—The army newspaper *Red Star* said today Russian soldiers frustrated a recent attempt by an American counter-intelligence agent to kidnap a Soviet officer in Vienna.

Red Star said Edward Kerts, United States counterintelligence officer, seized a Russian officer named Alexeev on a Danube River bridge in central Vienna. Passing Russian troops followed the American car, rescued Alexeev and took Kerts into custody, the account continued. The Russians said Kerts was turned over to United States military authorities.

Beating Is Charged

[British sources in Vienna said June 5 Russian soldiers kidnapped an American counterintelligence agent and beat him severely before releasing him. The incident was in the British sector of Vienna.

[The American was reported helping a girl employé of the United States Army escape a man trying to force her into an automobile. The Russians earlier had asked the girl to spy for them, the British said. They reported a Russian officer and ten enlisted men seized the American during the ensuing fight.]

Red Star said the Russian command in Vienna protested to British and American authorities "against the attack" and demanded that the guilty persons be brought to justice.

100 On Tojo Verdict Face Strict Isolation

Tokyo, June 15 (AP)—Preparation of the war-crimes verdict for Hideki Tojo will mean perhaps six weeks total isolation for more than 100 clerical personnel and guards.

How complete the isolation will be was pointed up today. Workmen began installing barbed-wire barricades and floodlights around two large houses.

The 85 typists and translators, plus cooks, servants and military police, will enter the area when they start work and will not be released until after the verdict is read.

A spokesman for the international tribunal, which heard the case against Tojo and 24 other top Japanese war-crimes defendants, said he had no idea when work on preparation of the judgment would begin.

Flyers Bail Out In Crash

Manila, June 15 (AP)—The United States 13th Air Force announced two P-47 fighter pilots, whose planes collided in flight today, parachuted to safety over central Luzon. The airmen were identified as Capts. James J. Butler, of New York city, and Robert E. Good, South Gate, Cal.

FISHING BOATS HIT IN TARGET PRACTICE

TOKYO, (Wednesday), June 16—(AP) The Far East Air Force announced today that photographs taken during B-29 bombing practice showed that Korean fishing craft were in the target area and probably were accidentally hit by the American planes.

It was described as a "most unfortunate and regrettable accident."

Korean authorities reported last week that 14 fishermen were killed and 11 boats sunk by nine unidentified planes near Ullung Island June 8. The island is 85 miles off the east Korean coast.

". . . . It is probable that with a large number of small rocks in the target area, small surface craft were among the rocks and escaped detection during visual reconnaissance," the Air Force said in a statement issued after study of pictures.

No Human Rights In Britain, Briton's Soviet Wife Says

Moscow, June 15 (AP)—*Pravda* today printed a letter signed by the Soviet wife of an Englishman in which Britain was depicted as a poverty-stricken land, devoid of human rights. The woman recently left her husband and returned to Russia, *Pravda* said.

The newspaper identified her as the wife of Lance Corporal John Brand, former clerk in the British military mission to Moscow.

"In London," the letter said, "I witnessed how the English press is conducting a dirty anti-Soviet campaign in connection with the fact that a few Soviet women who have been married to Englishmen have not been given permission to leave.

"For two and a half years," the letter continued, "I experienced only deprivation and poverty and lack of human rights.

"The majority of English women must occupy themselves only with the kitchen and the family. Women are reared in slavelike obedience to men."

Communists Vs. Reds Baffle Burmese

By Milton Kelly

New Delhi, June 15 (AP)—Powerful Burmese Leftist forces are reported attempting to draw Burma into close relationship with the Soviet Union and make Burma a Communist state.

These same forces, curiously enough, are busy trying to crush with bullets self-styled Communist guerrillas fighting in the interior of Burma.

Many learned Burmese told this reporter on a recent visit to Burma they are baffled.

Thakin Nu To Retire

Premier Thakin Nu, scheduled to retire from the Cabinet July 20, was quoted in Rangoon as reiterating that all Leftist forces in Burma, including "true" Communists, should unite under one banner and turn to Marxism. (Thakin Nu spoke before a mass meeting of his United Left party in Rangoon Sunday, urging insurgents to declare their belief in Leftist unity and join the united front.)

1948

He delivered such utterances as: Capitalism must go; no foreigners must dominate Burma politically or economically; Burma would benefit from close economic and friendly association with Russia; the political ideologies of the Western powers offer nothing to Burma; propagation of Marxism must be permitted.

Reds Abandon Coalition

Thakin Nu is leading Government efforts to crush rebellious Communists who took up arms against his Government several months ago. The Reds broke with the coalition now governing Burma under the banner of the Anti-Fascist Peoples Freedom League (AFPFL). Thakin Nu is closely aided by Col. Bo Let Ya, Defense Minister and acting Home Minister, who may become Premier next month.

Thakin Nu is president of the AFPFL and leader of the United Left party, which now lies within the structure of the AFPFL along with other parties and unions represented in the coalition regime.

Officially the Government contends the majority of the rebels are not Communists at all. The Government has contended repeatedly that Communist leaders recruited brigands, taught them some slogans and turned them loose to raid and loot in guerrilla fighting. The contention is that the leaders hope to gain by embarrassing the Government and creating a nuisance value. Their followers are declared too ignorant to understand what the fighting is all about, and are content to raid and plunder.

Outside Aid Questioned

Many neutrals feel this position is roughly true. But they disagree with the Government contention that the Communists get no aid from outside Burma.

The Communists have been at great pains to claim Russia helps them. They say it in propaganda literature. The Government confirms that raiders have displayed bearded, light-skinned Burmese to illiterate peasants and villagers and said the bearded men were Russian parachute troops who arrived to "help the cause."

The uprising, as described in almost daily communiqués, has taken the form of flash guerrilla raids. Small bands of up to 200 carry the hammer-and-sickle red flags, pounce on a village or isolated police station, loot and terrorize, and call on the people to join them. Then the raiders make for their hiding places.

Many Kinds Of Red

In Burma, one must specify a Communist by variety. Several factions carry the same red banners but have different nicknames and leaders. The Government has termed so-called Red-flag Communists outlaws and has jailed their leader, Thakin Soe.

The so-called White-flag Communists are not declared outlaws, but their leaders are being jailed, and Thakin Than Tun, their commander, is a fugitive. Other Communist groups are not considered important.

The Government says the uprising is more noisy and bothersome than serious. Government buildings and other key points, however, are guarded closely by armed sentries and barbed wire.

Burma already has swung far to the left since it became independent from Britain last year. Until now, the trend has been toward socialism and aimed mainly at breaking foreign control of business and industry. Indians and Britons for generations have been the big industrialists and business men, and have held the best salaried jobs.

U.N. REJECTS RUSS OBSERVERS MOVE

Only Ukraine Supports Soviet On Palestine Offer

U.N. observers patrol coast of Palestine in planes.....*Page 17*

Lake Success, N.Y., June 15 (AP). The United Nations Security Council today rejected a Russian move to put Soviet military observers in Palestine.

Only the Ukraine supported Andrei A. Gromyko, Deputy Foreign Minister, in his efforts to get Russian soldiers in the Holy Land to help supervise the four-week truce. The other nine members of the eleven-nation Council, including the United States, abstained and the proposal was lost. Council resolutions need seven affirmative votes to pass.

Gromyko immediately blamed the United States for the defeat of his plan. He said the result was linked to the zigzag policy of the United States on the Palestine question and cautioned delegates to watch American moves closely.

Hears Bernadotte's Report

Gromyko added tartly that perhaps the truce had been concocted so "another bargain" could be struck behind the back of the United Nations. He did not elaborate on his comments or his charges.

The Council voted after hearing a report from Count Folke Bernadotte that all fighting has ceased in Palestine. The United Nations mediator said the armistice had worked out better than he expected.

The Council agreed to a request from Bernadotte that all 58 members of the United Nations be asked to see that immigration into the Holy Land be controlled rigidly during the truce. A United Nations press officer said Bernadotte hoped to put United Nations observers at various ports to report on immigrants sailing for Palestine and to board vessels bound for the Holy Land.

Has 63 Observers

Gromyko made his formal proposal after the Council gave his Soviet-observer idea the silent treatment at a previous session. Today he specifically moved that all members of the Council except Syria contribute military observers to Count Bernadotte's force. Only two delegates spoke on the proposal—the Urkaine to support it and Argentina to announce its abstention.

Bernadotte now has a staff of 63 observers—21 each from the United States, France and Belgium, the three nations on the Council's consular truce commission. Gromyko said their presence in Palestine was illegal.

Russian Insistence

The Council put off action until Friday on the American-held Pacific Islands which were held under Japan by League of Nations mandate. The United States now occupies and administers the Marianas, Carolines and Marshalls under a United Nations strategic area trusteeship.

Disagreement in the Council centers around Russian insistence that the United Nations supervision of the islands be put under the Security Council where the big power veto applies. The United States contends that the Trusteeship Council should hold the reins.

Britain Insists Fon Of Bikom Has Only 110 Wives

Lake Success, N.Y., June 15 (AP). Britain says a complaint to the United Nations about The Fon having 600 wives is somewhat exaggerated. Actually he has only 110.

The Fon is the chief of the Bikom tribe in the British Cameroons. He first came into the spotlight last December when a London Catholic organization said he had 600 wives and took another one whenever he found a young girl to his liking.

The Fon has only 110 wives, the British Government said in a reply to the complaint which was laid before the United Nations Trusteeship Council by St. Joan's Social and Political Alliance.

The British denied that The Fon had the right to take by force any girl in the tribe. Actually, the report said, he has the right to claim only the first-born daughters and all female twins in certain families.

"If an attempt were made," the British said, to end this custom, "those who would be principally aggrieved would be the wives themselves and the families which regard themselves as entitled to have daughters in The Fon's compound."

THE OFFICIAL SOVIET NEWSPAPER TAEGLICHE RUNDSCHAU INDICATED THE PETITIONS WOULD BE USED IN AN EFFORT TO OBTAIN A GERMAN PLEBISCITE ON THE UNITY QUESTION. THE WESTERN POWERS CRITICIZED THE CIRCULATION OF PETITIONS AS A SHAM AND DECEPTION UNDERTAKEN FOR PROPAGANDA PURPOSES.

THE CAMPAIGN SOUGHT TO GIVE THE IMPRESSION THAT THE WESTERN ALLIES WERE RESPONSIBLE FOR THE DIVISION OF GERMANY AND ONLY THE RUSSIANS WERE THE CHAMPIONS OF A FREE AND INDEPENDENT GERMANY.

NINETY PER CENT OF THE SIGNATURES, INCLUDING THOSE OF "HUNDREDS OF THOUSANDS OF YOUTHS OF 14 YEARS AND OLDER" WERE OBTAINED IN THE SOVIET ZONE, THE NEUES DEUTSCHLAND, OFFICIAL NEWSPAPER OF THE COMMUNIST-CONTROLLED SOCIALIST UNITY PARTY SAID.

CAIRO, JUNE 15-(AP)-THE EGYPTIAN GOVERNMENT SAID TONIGHT IT HAS SUBMITTED TO COUNT FOLKE BERNADOTTE A LIST OF FURTHER ALLEGED TRUCE VIOLATIONS BY JEWISH FORCES ON THE EGYPTIAN FRONT IN PALESTINE.

IN THE NOTE, HANDED TO BERNADOTTE LAST NIGHT, SAID THE EGYPTIAN AND OTHER ARAB GOVERNMENTS WILL RESTORE THEIR FRONT POSITION BY FORCE IF THEY DO NOT RECEIVE CONFIRMATION THAT THE FRONT WILL BE RESTORED TO WHAT IT WAS AT THE TIME OF THE TRUCE.

IT CHARGED THE JEWS WITH EXPLOITING THE TRUCE TO SECURE STRATEGIC POSITIONS THREATENING THE SAFETY OF THE ARAB ARMIES.

THE NOTE REPORTED THESE ALLEGED VIOLATIONS:

1. ZIONIST FORCES ATTACKED THE VILLAGE OF AL NASIR, NORTHEAST OF FALOUJA, OCCUPIED IT AND DROVE OUT ITS INHABITANTS AN HOUR AFTER THE TRUCE BECAME EFFECTIVE LAST FRIDAY.

2. ON THE SAME DAY, ONE HOUR AND 15 MINUTES AFTER THE TRUCE BEGAN, THEY OCCUPIED ASLONG VILLAGE, SOUTHWEST OF BEERSHEBA, AFTER ANNIHILATING THE EGYPTIAN FORCE GARRISONED THERE.

3. THREE HOURS AFTER THE TRUCE STARTED FRIDAY, THE JEWS FIRED BUILDINGS AT JELIS, KIDNAPPING SOME WOMEN AND CHILDREN. THEY ALSO FIRED ON ARABS TENDING THEIR FARMS.

4. ARMORED CARS WERE SEEN MOVING ZIONIST FORCES NEAR KAWKABA VILLAGE, SOUTHWEST OF IRAK SUWEIDAN.

5. ZIONIST FORCES OCCUPIED ON THE SAME DAY THE VILLAGES OF EL HALIKAT, SOUTHEAST OF MAJDAL, AND GALADIAN, NORTHEAST OF ISDUD.

6. ON SATURDAY, THE JEWS OCCUPIED ABDEIS NORTH OF IRAK SUWEIDAN AND SEMSEM, SOUTHEAST OF DEIR SUNEID, AND COMPLETED THE OCCUPATION OF KAWKABA.

THE NOTE SAID THESE ALLEGED VIOLATIONS HAVE BROUGHT BACK THE "CHAOS" AND "TERRORISM" WHICH PREVAILED BEFORE THE ENTRY OF REGULAR ARAB TROOPS. JEWISH OCCUPATION OF THESE VILLAGES ON THE EGYPTIAN FRONT, IT ADDED, "CONSTITUTES A SERIOUS THREAT TO THE POSITIONS OF EGYPTIAN FORCES AND CUTS LAND AND RAIL COMMUNICATIONS BETWEEN MAJDAL AND ISDUD."

Jerusalem, June 15-(AP)-The truce commission worked on details today of bringing supplies to Jerusalem within the meaning of the cease fire rule.

A check post was set up last night at Bab el Wad on the Tel Aviv road but the Jews sent no convoys by.

The truce commission said it would set up another check post at allenby bridge on the Jordan soon, to guard against movements of arms munitions by the Arabs.

Jerusalem remained quiet. Markets in the Jewish quarters were busy.

Girshon Hirsch of the Jewish agency told a news conference the truce commission is hampered by "lack of staff and lack of communication with their people in Tel Aviv.

The truce commission is dividing details of its work. The American member has been charged with checking convoys and determining the exact lines of opposing forces. The French consul is working on access to holy places. The belgian is busy checking the need and distribution of supplies.

LAKE SUCCESS, JUNE 15-(AP)-RUSSIA LOST HER ATTEMPT LATE TODAY TO HAVE SOVIET MILITARY OBSERVERS SENT TO PALESTINE.

ONLY RUSSIA AND THE SOVIET UKRAINE VOTED FOR A SOVIET PROPOSAL WHICH CALLED FOR A TEN-NATION TRUCE OBSERVER FORCE, INCLUDING FIVE RUSSIAN REPRESENTATIVES. THE OTHER NINE COUNCIL MEMBERS ABSTAINED.

THE RESOLUTION THUS FAILED TO GET THE SEVEN AFFIRMATIVE VOTES NECESSARY FOR APPROVAL.

SOVIET DELEGATE ANDREI A.GROMYKO BLAMED THE UNITED STATES FOR FAILURE OF HIS PROPOSAL TO WIN APPROVAL. HE SAID THE VOTE WAS NOT ACCIDENTAL BUT WAS LINKED TO WHAT HE CALLED THE ZIGZAG POSITION OF THE U.S. ON PALESTINE.

GROMYKO SAID HE WONDERED IF THE TRUCE HAD NOT BEEN CONCOCTED SO ANOTHER BARGAIN COULD BE STRUCK BEHIND THE BACK OF THE UNITED NATIONS.

"WE MUST WATCH CLOSELY THE POSITION OF THE UNITED STATES," HE DECLARED.

THE NEW ARRANGEMENT WAS PUT FORWARD BY SOVIET DELEGATE ANDREI A. GROMYKO AS A SUBSTITUTE FOR THE PRESENT TRUCE SUPERVISION FORCE MADE UP OF AMERICAN, FRENCH AND BELGIAN OBSERVERS.

GROMYKO TOLD THE UNITED NATIONS SECURITY COUNCIL THERE IS NO REASON WHY THESE THREE COUNTRIES SHOULD BE REPRESENTED WHILE RUSSIA AND OTHER COUNCIL MEMBERS WERE EXCLUDED.

HE PROPOSED FORMALLY THAT THE COUNCIL CREATE A GROUP OF OBSERVERS NUMBERING 30 TO 50 AND REPRESENTING ALL OF THE 11 COUNCIL MEMBERS EXCEPT SYRIA. SYRIA IS THE ONLY ARAB COUNTRY ON THE COUNCIL.

UNDER BERNADOTTE'S INTERPRETATION, IMMIGRATION OF MEN OF MILITARY AGE INTO PALESTINE IS BANNED FOR THE PERIOD OF THE TRUCE.

LAKE SUCCESS, JUNE 15-(AP)-RUSSIA IS EXPECTED TO RENEW HER FIGHT TODAY TO PUT THREE CHAINS OF AMERICAN-HELD PACIFIC ISLANDS WITHIN RANGE OF THE UNITED NATIONS VETO.

THE FORMER JAPANESE MANDATED ISLANDS, COMPRISING THE MARIANAS, CAROLINES AND MARSHALLS, ARE BEING OCCUPIED AND ADMINISTERED BY THE UNITED STATES UNDER A U.N. STRATEGIC AREA TRUSTEESHIP. THEY INCLUDE SUCH WAR BASES AS GUAM, SAIPAN, TINIAN, TRUK, ENIWETOK AND KWAJALEIN.

THE TRUSTEESHIP AGREEMENT WAS APPROVED UNANIMOUSLY BY THE SECURITY COUNCIL APRIL 2, 1947. SINCE THAT TIME A BATTLE HAS BEEN UNDER WAY BEHIND THE CLOSED DOORS OF THE COUNCIL'S COMMITTEE OF EXPERTS OVER U.N. RIGHTS IN THE AREA.

RUSSIA HAS INSISTED THROUGHOUT THAT ALL AUTHORITY BE VESTED DIRECTLY IN THE SECURITY COUNCIL, WHERE SHE HOLDS THE BIG-POWER VETO ALONG WITH FRANCE, CHINA, BRITAIN AND THE U.S. THE MAJORITY CONTENDS THAT THE VETO-LESS TRUSTEESHIP COUNCIL SHOULD BE ASSIGNED MOST OF THE WORK.

THE EXPERTS FINALLY GAVE UP AND REPORTED THE DEADLOCK TO THE PARENT COUNCIL. THE ISSUE COMES UP FOR DISCUSSION AT A COUNCIL MEETING TODAY (2 P.M. EST).

THE SOVIET POSITION IS CONSISTENT WITH EFFORTS OF MOSCOW TO KEEP ALL AUTHORITY POSSIBLE CONCENTRATED IN THE SECURITY COUNCIL IN ORDER TO HAVE ACCESS TO THE VETO.

ANOTHER POINT OF DIFFERENCE BETWEEN RUSSIA AND THE MAJORITY IS THE SOVIET DEMAND THAT THE SECURITY COUNCIL PROVIDE FOR PERIODIC VISITS TO THE STRATEGIC ISLANDS. THOSE OPPOSING RUSSIA APPARENTLY FEEL THAT SUCH A CLAUSE WOULD CONFLICT WITH TERMS OF THE TRUSTEESHIP AGREEMENT WHICH GAVE THE UNITED STATES THE RIGHT TO CLOSE THE ISLANDS FOR SECURITY REASONS, ERECT FORTIFICATIONS AND MAINTAIN TROOPS AND NAVAL BASES.

THE THREE CHAINS INCLUDE 98 ISLANDS WITH A TOTAL POPULATION OF 48,000.

Russians Officially Turn Down Pact On West Reich

London, June 16 (AP)—A Soviet Embassy spokesman said today that Russia has informed Britain she cannot accept the six-power London agreement to set up a separate West German government.

The spokesman said Soviet Ambassador Georgi N. Zarubin told Sir William Strang, chairman of the six-power conference, that Russia regards the agreement as a violation of the Potsdam Pact.

The text of the accord was sent to the Russians before it was released for publication June 7.

Opposition Anticipated

Even during the negotiations which produced the agreement, Moscow radio and Soviet newspapers indicated that it would not be acceptable to the Russian Government, so their rejection today was not altogether unexpected.

It was, however, the first official announcement that Russia will not accept the plan, which applies only to the British, American and French occupation zones. All the six powers except France have approved the plan. The French Assembly now is debating it.

The other powers involved were Britain, the United States, the Netherlands, Belgium and Luxembourg.

The Russian spokesman declined to give details of what Zarubin told Strang and the Foreign Office declined comment.

21 Czech Refugees Fly To England

London, June 16 (AP)—The Air Ministry announced today that 21 Czechoslovak refugees, including women and children, arrived by plane at a Royal Air Force station in Kent today.

The Czechoslovak Government said early this month that 1,280 persons had fled since the Communist coup in February.

Today's refugees landed at the Manston RAF station. This was the field on which Stanislaw Mikolajczyk, Polish Peasant leader, landed in his escape from Poland.

"All Extremely Pleased"

The plane, a Dakota (C-47), landed unexpectedly early in the morning. Its crew included two pilots, a navigator, a wireless operator and a flight engineer.

Two women, and two boys, 8 and 14, were aboard. The other passengers were identified as men of military age, some of them married to English women still in this country.

An RAF officer at the airport reported:

"They were all extremely pleased to get here. Most of them left the country because they had English connections. One of the men had to leave the country."

The 8-year-old boy was asleep when the aircraft touched down. After a brief interrogation, all of them went to bed.

21 Czechs Hail New Freedom

Manston, England, June 16 (AP)—Twenty-one refugees from Czechoslovakia enlivened this old RAF airport tonight with excited chatter about freedom.

There are two women in the group, and two boys, and one 8 and the other 14 years old.

This morning the refugees "borrowed" a Czechoslovak air force plane, and headed for this south coast English airport. Seven of the men are veterans of the Czech section of the RAF and they flew in just as they did in war days.

Details Their Secrets

How they managed to get the military plane, where they took off and other details are their secrets.

"I got going on a half hour's notice," said one of the women. "Of course, I have been dreaming about this for some months."

The pilot insisted the plane was "borrowed," and that was the view the British were inclined to take.

All on board asked that their identities be concealed. They said the flight offered the only chance of getting out of Czechoslovakia since the Communist coup in February.

World Food Unit Head Warns Of Shortage

London, June 16 (AP)—The chairman of the World Food Council warned tonight of a possible world food shortage "which might well destroy our modern civilization."

Viscount Bruce of Melbourne told the House of Lords that such a shortage "will place in the hands of Communists the most potent weapon they could desire."

Bruce said reports reaching the council indicated 1951 food production would approximate that of 1938, high point before the war, but that the world population would be increased by 200,000,000.

He said the shortage could possibly be averted if all governments acted now to increase production.

Commons Will Debate U. S.-British E.R.P. Pact

LONDON, June 16.—The Anglo-American bilateral agreement governing American aid to Britain under the European Recovery Program will probably be signed about a week before the July 3 deadline, Foreign Secretary Ernest Bevin said today.

Mr. Bevin revealed his optimism about an early conclusion of the secret Washington negotiations when he promised the House of Commons that the terms of the agreement would be debated before July 3.

Anthony Eden, deputy leader of the Conservative opposition, hinted that the United States was the cause of the government's policy of silence on the terms of the agreement.

PARIS VOTE BACKS PLAN ON GERMANY

French Assembly, However, Tacks Six Conditions On Acceptance

NEVIN

Paris, *Thursday*, June 17 (AP)—The National Assembly grudgingly authorized the Government early today to go along with the six-power agreement on Germany provided French security is assured.

The deputies tacked six condition on their authorization before approving it, 297 to 289, with 26 abstentions.

The vote meant final approval for the London recommendations, which will give western zone Germans the right to handle their internal affairs, at least under a minimum of Allied control.

Other Approvals Received

The other five countries—the United States, Great Britain, Belgium, the Netherlands and Luxembourg—already have signified their approval of the western Germany agreement.

The vote came after four days of bitter debate in the Assembly, during which Premier Robert Schuman's government was accused of abandoning traditional French policy on Germany and failing to defend France's national interests.

The debate was a rough session for Georges Bidault, Foreign Minister, and his resignation was, at times, predicted freely. The Government received an unexpected boost yesterday from a bloody strike riot in central Clermont-Ferrand, which recalled to many hesitant deputies the specter of Communist riots last December.

Majority Cut Down

The first announcement gave Schuman's Government a nine-vote majority, but ten minutes later a revision gave it only eight.

This tied the narrowest margin Schuman has had on a vote since he took office six months ago. Once, during last winter's strikes, his majority fell to eight votes over a crucial issue involving legislation to beat the Communists.

Before the vote was taken, Schuman told the Assembly last night that the time had come "to return to the Germans responsibility for the direction of their internal affairs."

Rubber Workers In France Lead Strike Wave

Clermont-Ferrand, France, June 16 (AP)—About 10,000 workers struck throughout France today, protesting a bloody hand-to-hand battle between police and strikers in this French tire capital.

A general work stoppage in Clermont-Ferrand, heart of what the United States Embassy calls a "Red belt," followed the clash. The strike wave spread quickly in northeastern and south-central France, in a pattern reminiscent of the "cold civil war" last fall.

The Communist-dominated General Confederation of Labor originated the strike here by calling out workers of the Michelin Rubber Company. Other walkouts followed as far away as Marseille, another Communist hotbed, where 1,200 metal workers voted to strike in sympathy. Several factories in Marseille shut down immediately.

At least 150 persons were injured in Clermont-Ferrand when police this morning forcibly ejected strikers who had occupied the Berougnan rubber plant. Up to 3,000 workers were reported on strike here.

Police Battle Strikers

Police moved in on the rubber plant last night. An eyewitness said the state police and mounted Republican Guards were met by a barrage of missiles. Strikers used clubs made from gum rubber in a hand-to-hand conflict.

Police used tear gas. The strikers responded with tear-gas capsules of their own, which forced the police back. Reinforcements were rushed here by truck from neighboring towns. The police renewed the assault this morning and forced the strikers out.

Miners Quit Pits

At least 70 police were hurt in the fighting, 46 of them seriously enough to require hospital treatment. About 80 strikers were injured, many seriously. Many of the injured, both strikers and policemen, suffered acid burns on their faces, physicians said.

By noon, several thousand miners had quit their jobs at Brassac, St. Etienne and other communities in sympathy strikes. Tobacco-plant workers quit at Riom. In northeastern France, several thousand metal workers of Belfort voted to strike.

Bank of France employés in Clermont-Ferrand struck in the afternoon. About 1,000 of them, headed by the local confederation secretary, paraded through the town urging others to join them. They were dispersed by police, who were said to have had the situation well in hand.

In the National Assembly, deputies prepared to debate the new strike wave. Communists are expected to demand that the Government of Premier Robert Schuman explain the violence here.

[In Brussels, Belgium, 250,000 steel and metal workers struck for pay increases of five per cent. Antwerp's Ford, General Motors and Chrysler assembly lines and the Bell Telephone factory were idle.

[In London, another 8,000 dockworkers quit work in a wildcat stoppage which has halted more than 100 ships at the London docks. About 12,000 of the port's 25,000 dockers now are idle, protesting disciplinary action against eleven longshoremen who refused to handle "dirty cargo."

[In Turin, Italy, a 24-hour work stoppage which paralyzed the city's heavy industry came to an end. The strikers were involved in a dispute over working hours.]

Cabinet Called Together

Sixty strikers were arrested at the Berougnan factory.

Premier Schuman called his Cabinet into session and some observers described the situation as grave.

The Paris office of the General Confederation of Labor issued a statement denouncing Schuman's middle-of-the-road Government. It attacked the Ministry of Interior, headed by Socialist Jules Moch, which controls French police. The confederation charged brutality.

taux said. "I have other proofs too but I'm keeping them secret."

Another well - qualified source said, however, that the rubber strike had not been planned but that the Communists seized upon the trouble here as an opportunity to touch off sympathy strikes.

Reports of two deaths here could not be confirmed.

600 Reported Hurt In French Strikes

Clermont-Ferrand, France, June 16—(AP)—A new strike wave gripped parts of France tonight and showed signs of mushrooming after pitched battles between police and strikers here injured 600 persons.

50,000 in Walkouts

An estimated 50,000 persons were striking here and elsewhere by nightfall.

In this French tire capital, continuing clashes between 30,000 Communist - led strikers and thousands of police and soldiers have sent about 200 persons to hospitals. Another 400 persons injured in police-striker battles here since midnight have been treated in their homes.

The French press agency said 300 persons have been arrested here.

The number of troops brought by truck during the last 24 hours could not be learned. When reporters told Pierre Bertaux, prefect of Rhone province, that they understood 15,000 police, state troopers and mobile guardsmen were on duty here, he said: "cut off one of the zeroes and you'll have something more like it."

His figure would mean that only 1,500 were patrolling the city. Reporters considered this figure too small.

'Planned For LongTime'

Bertaux charged tonight that strike violence has been planned "for a very long time." As evidence, he held up a vial containing a dark red mixture which he said was found on a striker. This liquid, he said, has produced burns on policemen's eyes.

"I don't know what is is but I'm going to have it analyzed." Ber-

Five Americans Seized By Slavs On Boating Trip

Trieste, Free Territory, June 16 (AP)—The United States Army said tonight five Americans were taken prisoner by Yugoslavs yesterday while aboard a motor boat off Punta Grossa, in Istria.

Army public relations officers declined to give further details of the incident. It was learned unofficially from military sources, however, that the Army expected the Yugoslavs to return the captives by tomorrow.

Civilians, entering Trieste from Istria, said one of the Americans is a civilian and that the others are soldiers of the Engineers' Corps.

Indonesia Compromise Turned Down By Dutch

The Hague, June 16 (AP)—The Dutch Government rejected today ar American-Australian compromise proposal as a basis for discussion of the Indonesian conflict.

The Government said that, by this initiative of the American and Australian members of the United Nations Good Offices Committee, the solution was rather hampered than furthered.

Dutch officials in Batavia, Java, blamed publication of advance information on the American-Australian proposal for interrupting negotiations. A Dutch spokesman implied the leak of news was deliberate.

Submitted To Both Sides

The proposal was submitted to both Dr. Hubertus J. van Mook, acting governor general of the Netherlands East Indies, and Indonesian Premier Mohamed Hatta.

The plan attempted an overall settlement of the Indonesian problem. It was understood to provide for settlement of the Indonesian Republic's demand for sovereignty during an interim period before establishment of the United States of Indonesia. Republican foreign relations would be maintained during the interim.

Four-Power Berlin Unit Breakup

Berlin, *Thursday*, June 17 (AP)—The Russians walked out on a meeting of the last functioning four-power governing body in Berlin last night.

As they stalked out of the meeting of the Allied Kommandatura, they shouted angrily that "there won't be any next meeting." Their threat left in doubt the future of four-power government in Berlin.

The apparent reason for the walkout, which occurred shortly before midnight after a thirteen-hour session, was the fact that Col. Frank L. Howley, chief United States delegate, made his exit a few minutes earlier, leaving his deputy in his place. He pleaded fatigue.

Blockade Supply Lines

The abrupt Russian action was similar to a Russian walkout from the Allied Control Council for Germany March 20. It came as the Soviets were blockading American, British and French supply lines into this island city in the Russian occupation zone of Germany.

British transport officials said last night the Russians since Saturday have stopped 250 railroad carloads of supplies, mostly coal, bound for Berlin from the western zones.

These moves have been interpreted by western circles as attempts to force the Americans, British and French from jointly occupied Berlin, which lies 120 miles behind the "iron curtain."

Charged West With Sabotage

The Control Council has not functioned since the March 20 walkout. When they left that body, the Russians claimed it was because the three western Allies were sabotaging the four-power government of Germany. They had no immediate explanation for last night's action.

Up to now the Kommandatura has issued directives to the German municipal government for governing the city. How Berlin now will continue to function remained in doubt.

A likely alternative was that each occupying power would administer its own occupation sector of the city. Of Berlin's 3,250,000 population, more than 1,000,000 reside in the Soviet sector in the east.

The Kommandatura's sub-council of deputy commandants has a meeting scheduled for June 25, but it was considered unlikely the Russians would attend.

Had Been Predicted

American circles here have been predicting for some time that the Soviets would walk out on the Kammandatura. In western eyes, the Russians recently have been using the four-power body chiefly as a sounding board for attacks against the West.

A Russian attempt to gain economic and political control of Berlin through what the Americans and British call "repressive transport measures" was hotly debated in yesterday's Kommandatura session before the walkout.

The British representative, Brig. E. R. Benson, supported by Howley, accused the Russians of trying to cut Berlin off from the West and subjugate it to the surrounding Soviet zone.

As Howley left last night's meeting he apologized to the French chairman for his departure. After that, the Kommandatura began a discussion of the trade union split in Berlin. The Russians read a tirade against the Western occupying powers.

Call Back 'Won't Be Any'

Then the Russian deputy commandant ,Col. Alexander Jelisarov, arose and, with his entire delegation, stalked out of the meeting.

As the Rusians left, the French chairman, General Ganeval, said no date had been set for the next meeting.

American interpreters said a Russian stouted back, "There won't be an ynext meeting."

U.S., Britain Hit Russ

Berlin, June 16 (AP)—The British and Americans accused the Russians of imposing "repressive transport measures" to extend their economic and political influence in Berlin at the expense of the German population and the Western occupying powers.

They served notice on the Russians in Berlin's Allied Kommandatura that the Western Allies intend to maintain their rights here as joint occupiers.

Brig. E. R. Benson, the British representative, replied to a previous Russian charge that the British and Americans are splitting Berlin by seeking to subordinate its economy to that of the Anglo-American Bizonia in western Germany.

Reds Launch Drive

The debate occurred as American officials announced that through traffic on the Autobahn between Berlin and western Germany will be halted each night, beginning tonight, because Russia has announced that a ferry over an Elbe River detour will not be operated between 10 P.M. and 6 A.M.

At the same time, the Russian-backed German Communists launched a drive against the German Government which the Western Allies propose to establish in Frankfurt.

Communist leaders announced that they intend to proceed with their own brand of "democratic" unification of Germany and a determination to swing western Germany their way.

As inducements to win popular support, the Communist-controlled German People's Congress of the Russian zone hinted that reductions of reparations demands may be obtained from the Russians.

It also claimed Russian support for its proposals that Germany be given an early peace treaty and that all occupation forces be withdrawn.

3,000,000 Signatures

The Communists claimed that their recently concluded "people's plebiscite for German unification" had given popular indorsement to their plans. They declared that more than 3,000,000 Germans had signed their petitions asking for an "indivisible republic on the Weimar model."

Walter Ulbricht, deputy chairman of the Communist-controlled Socialist Unity party, said overtures to the Eastern zone from the proposed Frankfurt government would be rejected because "no democratically-minded German will have anything to do with the Frankfurt setup."

"The German people are declaring: 'East Germany democratization rather than West German colonization,'" Ulbricht asserted in an interview published by the official party organ.

Danes Get German Destroyer

BREMERHAVEN, Germany, June 16 (AP)—The United States Navy presented a captured German destroyer to the Royal Danish Navy today. With a 2,600-ton former German tender, handed over by the Americans last week, the destroyer will sail for Denmark tomorrow.

Ruhr Pay Raise Approved

HAMBURG, June 16 (AP).—German officials at Essen today announced agreement between the German Coal Control Board and the miners union for a 15 per cent wage raise for Ruhr miners, effective from June 1. Officials said the measure would require approval of the Anglo-American control authorities.

Russia Refuses Austrian Request To Reduce Cost

Vienna, June 16 (AP)—A Government source said tonight Russia has refused an Austrian request for reduction of its occupation costs.

A Russian reply to the Austrian request has not yet been published. The source said, however, the note asserted "Austria was partly guilty for the war.

Austria demanded last month that the four Allied occupying powers—the United States, Great Britain, France and Russia—pay their own way.

The British reply, sent several days ago, said Britain had used none of Austria's money for occupation costs since January and did not intend to do so in the near future. The Frence attitude to the request is not known.

The American occupiers have been paying their way since last July.

Hungary Nationalizes Its Church Schools

Budapest, June 16 (AP)—A bill nationalizing church - sponsored schools was adopted by Hungary's Parliament today.

The Hungarian Primate of the Roman Catholic Church, Josef Cardinal Mindzenty, has vigorously opposed the measure. Catholics have controlled 4,813 Hungarian schools, more than half the total.

20 Greek Planes Raid Rebels' Fortifications

Athens, June 16 (AP)—Twenty Greek planes today blasted guerrilla fortifications in the Grammos Mountains near the Albanian border. The raids were designed to soften up rebel positions there in preparation for an offensive by Greek ground forces.

Since Sunday, Greek pilots have made a series of heavy attacks hitting guerrilla positions at Lykorrakhi and Zerma as well as Aetomilitsa. Headquarters of the guerrilla chieftain, Markos Vafiades, is believed to be located within the area of these three towns, none of which is more than 15 miles from Albania.

The attacking planes carry 250-pound bombs as well as rockets. Aerial pictures taken after the raids indicated that rebel strongpoints and storage centers were badly damaged, military sources said.

Apparently the stepped-up air action meant the Greek army was about to launch its largest offensive in two years of war with the Communist-led guerrillas. The Grammos Mountains are a major center of guerrilla strength.

The rebel radio conceded that Greek planes inflicted heavy damage on Lykorrakhi. Although the population of the town is listed officially at only 219, the guerrilla broadcast claimed "100 women and children have been killed or wounded" there.

Greek Guerrillas Undergo Air Raids

Athens, June 16 (AP)—The Greek Air Force opened a softening-up attack on guerrilla fortifications in the Grammos Mountains today in preparation for an army offensive against that rebel stronghold.

Press reports said twenty planes took part in an attack on Aetomilitsa, 7 miles from the Albanian border, where ten storehouses and supply dumps were hit by bombs and rockets.

Two days ago Greek Spitfires attacked Lykorrachi, 3 miles south of Aetomilitsa. Greek reports say the headquarters of the guerrilla leader, Markos Vafiades, is believed to be either at Aetomilitsa or Lykorrachi.

Rice Riots Flare In Shanghai Area

Shanghai, June 16 (AP)—Rice riots broke out in two near-by towns today. Authorities feared the disorders might spread to Shanghai as the price of rice climbed to a new high of 11,500,000 yuan ($24) per 133-pound picul.

One Chinese was killed and ten were injured in riots at Ninghsien (Ningpo), principal seaport on the Chekiang province coast. Mobs looted more than 200 rice shops for five hours. Troops halted the rioting.

Lesser riots were reported at Wutsin on the Shanghai-Nanking Railroad. No one was hurt. Five shops were looted. Rice prices were even higher at Ninghsien and Wutsin than at Shanghai.

INFLATION NICKS HIROHITO'S SAVINGS

Tokyo, June 16 (A. P.).—Emperor Hirohito appears to be having financial trouble because of Japan's inflation.

Reliable informants said today that Hirohito was forced to draw on his private funds for 2,000,000 yen to meet family expenses, in addition to using 8,000,000 yen provided by the Japanese Government. As a result, these informants said, 20,000,000 yen will be sought in the next imperial household budget.

The occupation exchange rate is 50 yen to $1, but its actual purchasing value is diminishing.

SAY SOUTH KOREAN CUTTER DESERTED

Seoul, June 16 (A. P.).—The Russian-controlled North Korean radio said today that a South Korean Coast Guard cutter has deserted and joined the Koreans of the Soviet-occupied northern zone. There was no official comment in American-occupied South Korea, but it was learned reliably that a cutter was listed as missing two days ago.

The North Korean radio said on Sunday that the missing cutter Tengchon arrived at a North Korean port on May 10 with a crew of twenty-nine who accused the Americans of seeking to colonize South Korea. The American authorities received an unconfirmed radio message in May saying that the Tengchon's crew had killed her captain. This message purported to have come from the cutter.

Meanwhile today the United States Army expressed regret over the accidental bombing of Korean fishing boats on June 8. The Korean police reported fourteen fishermen killed and ten injured. The United States Far East Air Force announced in Tokyo that photographs indicated that Okinawa-based B-29s mistook the small craft for rocks while on a bomb training mission.

Air Force headquarters termed the incident "most unfortunate and regrettable." Lieut.-Gen. John R. Hodge, American commander in South Korea, said: "I am deeply shocked and concerned. The Korean people can be assured that if it is found that American planes were responsible, American authorities will do everything that can be done to compensate and comfort the bereaved for the loss of life and property."

Stern Chief Says Group Doesn't Accept Truce

C. L. DAVIDSON

Jerusalem, *Tuesday*, June 15 (AP). The Stern group commander in Jerusalem said today the group does not recognize the cease-fire in Palestine. He spoke of territorial ambitions in Trans-Jordan, which he asserted "is part of Jerusalem."

The Sternists consider themselves free to act according to their own decisions, he said.

The commander calls himself "Mister Shapiro." He once was chief of staff to Abraham Stern, founder of the faction.

"Pure Fiction"

"Every cease-fire is pure fiction," Shapiro said. "We do not recognize the cease-fire in any case, and especially since the Arabs have broken this, we are free to act according to our own decisions."

Premier David Ben-Gurion warned all Jewish factions Friday, the day the armistice took effect, that Israel would tolerate no break in the truce.

Shapiro said the Stern group still is underground in Jerusalem and in world capitals except Tel Aviv, where it is a "political movement, open and above the ground." He said the Sternists have placed a battalion of 1,000 men, mostly commandos, under the Israeli army staff, on which it has representation.

Ten-Man Council

The Sternists, or freedom fighters, are directed by a ten-man council. Nathan Friedman Yellin, once a Polish surveyor, is chairman.

Shapiro was arrested by the British in 1942 for carrying arms. He was sentenced to fifteen years in Acre Prison but broke out in May, 1947, during the underground army raid in which more than 150 prisoners, 30 of them Jews, were set free.

The differences which have kept the freedom fighters from complete adherence to Israel revolve mainly around the position of Jerusalem.

"The Jewish Government has agreed Jerusalem will be international," Shapiro said. "To this we cannot agree. It must be a Jewish city.

"We Will Conquer"

"Jerusalem will again be capital of the Jewish state. We will conquer all of Jerusalem as we will conquer all of Palestine."

Shapiro said that even if all Arab armies were withdrawn from Palestine immediately, "we would still push forward to become a power sufficiently strong to negotiate with our neighbors."

"We do not recognize Trans-Jordan as a state or Abdullah as King of Trans-Jordan," he said. "It goes without saying it is a part of Palestine."

He assailed the United States and Britain, accusing both of being responsible for the shelling of Jerusalem and the destruction of Jewish holy places.

"When Arab troops and Moslem inhabitants of the old city of Jerusalem desecrated holy places, burned synagogues and killed women and children, the Christian world, including of course the United States and the Vatican, was not the slightest bit troubled," he asserted. "From this, it is obvious that talk of guarding holy places is fiction only."

Open-City Plan Rejected For Jerusalem

Cairo, June 16 (AP)—Arabs today rejected a proposal of the United Nations mediator to declare Jerusalem an open city.

Fawzi Mulki Pasha, Foreign Minister of Trans-Jordan, said the Arab League replied to Count Folke Bernadotte that if Jerusalem was declared an open city, Arab troops would be asked to evacuate positions they conquered there last month. He said this would be in contradiction of the cease-fire terms.

The Arab League's political committee also rejected an invitation to sit at a conference table with the Jews in negotiations for a permanent Palestine peace.

The Arabs now say the city's shrines, holy to three great religions, are safe under Arab protection and that the Arabs are granting free access to them. Many of the holiest shrines are within the old city walls.

Abdel Rahman Azam Pasha, secretary general of the Arab League, repeated the Arab position that the Arab states will listen to no proposal for peace which is based upon a Jewish state or partition. Bernadotte talked with Azzam Pasha and with the Premiers of Lebanon and Trans-Jordan.

Bernadotte reportedly gave the Arab committee an oral proposal last night, a few hours after arriving from his Rhodes peace headquarters. The committee asked Bernadotte to put the proposal in writing and submit it officially for the United Nations.

No Partition

"We notified Count Bernadotte that we shall accept no solution based on establishment of a Jewish state or partition," Azzam Pasha said.

The Egyptian Government last night accused the Jews of exploiting the cease-fire to grab strategic positions threatening Arab safety.

SHELVE SPLIT, ARABS DEMAND

League Indicates Condition For Palestine Negotiations

Cairo, June 16 (AP)—The Arab League indicated today it was willing to participate in negotiations for a permanent Palestine settlement on condition that the United Nations partition plan is shelved.

Count Folke Bernadotte, the United Nations mediator, said the league promised to send four experts on June 21 to his headquarters on the Island of Rhodes. He added: "These experts are just consultants who will help us in our work for a short period but will make no decisions."

Bernadotte said he did not know whether Israeli authorities are prepared to send a similar group but he expected to find out when he gets in touch with Jewish leaders in Tel Aviv tomorrow. He plans to return to Rhodes Friday.

Fighting Fronts Quiet

Palestine's fighting fronts remained quiet on this sixth day of the four-week truce while Bernadotte conferred in Cairo with the Premiers of Egypt, Lebanon and Trans-Jordan and Abdel Rahman Azzam Pasha, the Arab League's secretary general.

The Israeli Government charged that Britain was "imposing oil sanctions" against the new Jewish state by shutting off the oil pipeline to Haifa and diverting fuel to the Arab countries.

A Jewish spokesman in Tel Aviv said Israel may appeal to the United Nations Security Council to prevent the British from removing remaining Haifa oil reserve stocks to refineries in Lebanon.

Agreement On Camps

Earlier British, Israeli and Arab authorities reached a satisfactory agreement on the handing over of two British military camps in Tireh inside the Haifa enclave. Israeli authorities had said that a disagreement there could threaten the whole truce arrangement. The Jews declared the British had planned to give the Arabs one of the camps which are in Israeli territory.

John Reedman, United Nations representative, said in Haifa that under the agreement the British will be responsible for the camps while their troops remain there. When the British withdraw a United Nations commission will require the Israeli Government to provide normal police protection for the area.

Britain was evacuating the remainder of her troops in Palestine at top speed. Informants in Haifa said the operation will be completed in a few days and that Haifa harbor will be abandoned by the British.

Abdel Moneim Mustafa Bey, chief of the political section of the Arab League secretariat, will head the group of Arab experts who will go to Rhodes, Azzam Pasha said.

The others are Abdel Rahman al Salahi, an official of the Iraqi Foreign Office, and two Arab lawyers from Palestine, Henry Kattan and Ahmed al Ahukeiri.

The league secretary general said the experts will not represent Arab countries but will merely supply Bernadotte with data and documents he may need.

Verbal Proposals

One Arab source said the league's political committee rejected an invitation to sit at the same conference table with the Jews in negotiations for a permanent settlement. There has been no indication thus far that Bernadotte's staff plans to use such a method in the negotiations.

Bernadotte was said to have submitted several verbal proposals to the Arabs concerning Palestine. One league informant described the Swedish Count's suggestions as "partition presented in a new envelope."

Abdullah Lauds Fight Against Jews

Amman, Trans-Jordan, June 16 (A. P.).—King Abdullah, celebrating the thirty-fourth anniversary of the Arab rebellion against the Ottoman Empire, today hailed the Arab fight against the Jewish state as a historical landmark. Abdullah also referred to his forthcoming meeting with King Ibn Saud of Saudi Arabia as "one of God's blessings."

"The present unity among all Arab states to defend their existence and quench the Zionist mutiny, which is supported by the Western World and the Eastern Soviet State, is another historical landmark," Abdullah said in an address read at the palace steps by an aid.

4 Malaya Areas Under State Of Emergency

Singapore, June 16 (AP)—A state of emergency was declared today in four rubber-producing areas of the Malay Federation where five murders were committed, allegedly by Chinese Communists.

Three British planters were killed early in the day. Two prominent Chinese were slain later.

One Chinese victim was the Kuomintang party leader in Johore. Ten men armed with tommyguns killed him. A hinese contractor was shot to death near Taiping.

Reward Offered

Perak state police offered $37,500 (United States) reward for apprehension of the fifteen Chinese who killed the British planters, J. M. Allison and C. H. Christian, two of the victims, were tied with their hands behind their backs and tommy-gunned.

"We will shoot all Europeans," police quoted one of the thugs as saying before the murders.

Police discovered a dump of twenty grenades and 1,500 rounds of ammunition 10 miles from Kuala Lumpur, capital of the Malay Federation. It was believed to belong to Communist guerrillas.

Sir Edward Gent, the high commissioner, declared the state of emergency.

Drastic Powers Granted

Gent granted local authorities drastic powers to suppress what he called a serious state of lawlessness. The order decreed the death penalty for unauthorized possession of firearms, ammunition or explosives.

Authorities were granted the power to arrest or exclude persons in the four areas, to limit assembly, impose curfews, search persons and premises, close roads and waterways, requisition buildings, vehicles and boats, seize seditious documents and seize articles which could be used as offensive weapons.

The areas are Ipoh and Sungei-Seiput districts in Perak state, and the Kluang and Muar-Plentony districts in Johore state. Perak is in northwest Malay and Johore in the south-central part of the peninsula.

[Colonial Secretary Arthur Creech Jones told Parliament in London that weapons for self protection have been issued to rubber planters. He said the killings were part of a campaign of "organized violence." Lord Listowel, Minister of State for Colonial Affairs, told the House of Lords "Communism is behind a great many of these acts of violence." Gurkha troops, expert in jungle fighting, have been sent to the trouble areas.]

Women, Children Removed

SINGAPORE, June 16 (AP)—Authorities ordered the immediate evacuation today of all European women and children from the Sungei Seiput district of the Malay Federation where Communists are charged with conducting a terror reign.

High Commissioner Sir Edward Gent placed that region and three other rich rubber-producing areas of the Peninsula under a state of emergency, giving local officials drastic police powers to combat what he described as a "serious state of lawlessness."

His action came shortly after Chinese gunmen killed three British planters at Sungei Seiput in northwestern Malaya twenty miles from Ipoh. Two prominent Chinese also were slain in Malaya, bringing the Wednesday toll to five.

Ipoh and the Kluang and Muar-Plentony districts in the south central State of Johore were included along with Sungei Seiput in Sir Edward's decree which provides the death penalty for unauthorized possession of firearms, ammunition or explosives.

Local Powers Increased

Local officials were empowered to arrest or exclude persons in the four areas; to limit assembly; impose curfews; search persons and premises; close roads and waterways; requisition buildings, vehicles and boats; seize seditious documents, and seize articles which could be used as offensive weapons.

Dispatches identified the slain Britons as J. E. Walker, F. M. Allison and C. H. Christian. They were killed when a band of fifteen armed with Sten guns and revolvers raided two rubber plantations.

"We'll shoot all Europeans," one raider said before the shooting.

Ten armed men killed the Chinese Kuomintang party leader in Johore. He was the fifth pro-Government Chinese slain in two days. Near Taiping a Chinese contractor also was shot.

U.S. Flying Fortress Lost In Sandstorm

Asmara, Eritrea, June 16 (AP)—A United States Army Flying Fortress was lost in Saudi Arabia early today after nineteen persons parachuted to safety. The pilot and one crewman remained aboard.

The plane had five American passengers, a crew of four and twelve Italian workers. It left Asmara yesterday for the United States base at Dhahran, Saudi Arabia, where it was due to land at 2 A.M.

The plane encountered strong sandstorms and the pilot decided an emergency landing was too risky. He ordered parachuting. Reports to Asmara said all who parachuted entered Dhahran safely. Search parties explored the desert near by for the plane.

House, Senate Override Truman Three Times In Bitter Veto Battle

Big Fund Bill Becomes Law In Quick Voting

Fate Of Bulwinkle Measure Is Left In Doubt.

Washington, June 16 (AP)—The House and Senate overrode President Truman three times today in the battle of vetoes, writing one bill into law over his rejection and leaving a second in doubt.

Both House and Senate voted by the necessary two-thirds majority to pass over the President's objections an Appropriations Bill which carries a rider transferring the United States Employment Service to the Federal Security Agency.

Bulwinkle Vote 63-25

And the Senate, by a 63 to 25 vote, overrode the veto on the so-called Bulwinkle Bill which lets railroads make rate agreements without fear on Anti-Trust Laws if approved by Interstate Commerce Commission.

The House plans to vote on the Bulwinkle Bill tomorrow. If it agrees with the Senate and goes against the President, this bill too will become law.

If this happens it will be the President's third loss in a week on vetoes. Monday Congress overrode him on a measure which he said would bar 750,000 persons from Social Security coverage. The measure is now law.

The House today took the first veto vote, and by 288 to 113 voted to turn its back on the President's rejection of a $975,914,700 appropriations bill for the Federal Security Agency. The vote was 20 more than the required two-thirds majority.

Senate Vote 72-17

Later in the day, the Senate voted on the money bill 72 to 17 thus

30.24- 18535

writing into law the measure with its rider, which the President said was a "serious error."

The Senate vote on the Bulwinkle Bill was 63 to 25. Sixteen Democrats voted with 47 Republicans against the President, while 22 Democrats were joined by only three Republicans in the futile effort to sustain Mr. Truman.

(In the appropriations bill vote, Connecticut's Senator Baldwin as listed as voting to override, with Senator McMahon against. On the Bulwinkle bill both Baldwin and McMahon voted to override.)

Senator Russell (D-Ga) and other Southerners led the fight to sustain the veto. The South has been complaining that railroad rates discriminate against Dixie.

Those in favor of the bill talked little, apparently confident of the outcome. But one of its backers, Senator Reed (R-Kas), did say that the main opposition came from "screwballs" in the anti-trust division of the Justice Department.

In his veto message, Mr. Truman told Congress the Bulwinkle bill was inconsistent with the "vigorous anti-monopoly program" he was pushing.

He said the bill would "permit an important segment of the economy to obtain immunity from the anti-trust laws and would do so without providing adequate safeguards to protect the public interest."

Appropriations committee experts said Mr. Truman's veto yesterday of the appropriations measure—the one the House overrode today—was the first veto of a money bill since 1934.

House Rejects Senate Raise In Aid Bill

Washington, June 16 (AP)—The House refused to accept the Senate's $6,125,710,228 foreign-aid fund today and gave a conference committee the job of working out a compromise.

The Senates figure represented an increase of well over a billion dollars to the bill as it originally passed the House.

Representative Taber (R., N.Y.), an unyielding foe of the Senate amendments which restored most of the foreign-aid cuts voted by the House, was named to head the nine House members on the compromise committee.

Senator Bridges (R., N.H.) will head the Senate conferees. He is chairman of the Senate Appropriations Committee.

Taber Leads Fight

Taber led a floor fight for the House to reject the Senate bill.

He said the previously passed House bill, providing millions less for global aid, was "sufficient" and demanded a halt to "arbitrary action" to boost the funds.

Taber issued his statement a few hours after the Senate approved the $6,125,710,228 figure by a 60-to-9 vote at a session lasting into the early hours this morning.

It was Taber who sparked the original House drive to slash aid.

Raps Press Stand

Taber also took a couple of cracks at some newspapers and "deluded" columnists who had criticized the House cuts. He termed it a "shysterial exhibition."

"Take, for instance," he said, "the sorry spectacle of the New York *Herald Tribune*. That paper almost had a nervous breakdown over the House action. For several days last week it became nothing more or less than a handbill for well-organized pressure groups."

As for some of the columnists, Taber said, "they had taken it for granted that the House would abdicate its function in order to appease the world-wide relief planners."

The Senate also was criticized again today by Senator Hatch (D., N.M.) for slashing $40,000,000 from the United States contribution to the United Nations international children's emergency fund.

The cut was made after Chairman Bridges of the Appropriations Committee said that 60 per cent of the fund had been going to countries behind the Russian "Iron Curtain."

Viewed As "Grave Mistake"

Hatch said then, and repeated in the Senate today, that reducing the contribution to the "pitiful sum" of $20,000,000 was a "grave mistake."

The people behind the "Iron Curtain," he said, are "not Communists in large part. Their desire for liberty is greater than ever before because of living under a tyrant."

The appropriation for the fund was voted last night as part of the overall foreign aid spending.

The Senate action added well over a billion dollars to the bill. It did this chiefly by restoring the world-wide assistance program to a twelve-month spending basis instead of the fifteen months demanded by the House. In actual cash, the Senate bill upped the House amount by only $145,000,000 and was $408,000,000 short of what the President asked.

Both Senator Vandenberg (R., Mich.) and Secretary of State Marshall had urged the Senate to restore all of the House cuts.

Pass Navy Bill

Earlier, the Senate by a voice vote approved a $3,686,733,250 appropriation for the Navy starting July 1. This measure also goes back to the House for action on a Senate boost of more than $125,000,000.

Previously, the Senate also had disposed of a $43,422,061 Government corporations bill which carried, among other things, a $30,972,061 appropriation for the Tennessee Valley Authority. It, too, went back to the House, which refused to agree to a hotly debated $4,000,000 item to start building a TVA steam plant to generate electricty.

When the measure was returned to the House it was sent to a Senate-House conference committee.

The foreign-aid bill eased through the Senate with comparatively little debate. Six Republicans—Senators Capehart (Ind.), Jenner (Ind.), Kem (Mo.), Langer (N.D.), Hawkes (N.J.) and Malone (Nev.) voted against it on final passage. They were joined by three Democrats — Senators Johnston (S.C.), O'Daniel (Texas) and Taylor (Idaho).

CONFERENCE TO WORK OUT COMPROMISE

Senate Had Voted Total Of $6,125,710,228 For Global Relief

Washington, June 16 (AP)—The House rejected today the $6,125,710,228 appropriation for foreign aid voted early this morning by the Senate and a joint conference committee got the formidable job of trying to work out a compromise.

Well over a billion dollars are involved in the compromise negotiations.

Representative Taber (R., N.Y.), named chairman of the House conferees, declared that the far-smaller sum voted last week by the House is "adequate." He vigorously opposed any "arbitrary action" to increase it.

More Than Billion Involved

Senator Bridges (R., N.H.), appointed chairman of the Senate conference group, was just as firmly supporting his chamber's version. He estimated that it gives the foreign-aid program at least $1,100,000,000 more than the House bill.

In actual cash, the Senate added only $145,000,000 to the House-approved appropriation. But the House directed that the money must last fifteen months, while the Senate would allow it to be spent in a year.

The funds are intended to launch the European recovery program, and finance such other projects as aid to Greece, Turkey and China. The cost of running some occupied areas also is included.

Taber, as chairman of the House Appropriations Committee, led the fight to reduce foreign spending below the level asked by the Administration and "authorized" by Congress earlier this year.

Columnists Ridiculed

In his statement today Taber ridiculed some columnists who, he said "deluded" themselves into believing that "the House would abdicate its functions in order to appease the world-wide relief planners."

He also assailed some newspapers.

"Take for instance," Taber said, "the sorry spectacle of the New York *Herald Tribune*. That paper almost had a nervous breakdown over the House action. For several days last week it became nothing less than a handbill for well-organized New York pressure groups."

[In one front-page editorial last week the *Herald Tribune* said the House, by its foreign spending cuts, "compromised the pledged word of the United States, undermined the structure of the Marshall plan and thereby threatened the safety of the United States. . . ."

[The editorial added that the same leadership in control at the Republican National Convention "could nominate a weakling and an isolationist." The result, the *Herald Tribune* said, would be fatal to the party.]

Conferees Have Little Time

If Congress adjourns Saturday as scheduled, the Senate-House conferees will have far less time than they normally would have to try breaching so wide a gap. Their action is subject to approval by both houses.

Whatever happens the foreign-aid program will have to get along with less than President Truman asked for it. Even the Senate version is $408,000,000 short of the President's request.

Senator Vandenberg (R., Mich.), leader of the fight to restore the House cuts, described the Senate bill, however, as "highly acceptable."

Marshall Now May Oppose Trade Veto

Washington, June 16 (AP)—Secretary of State Marshall and Senator Vandenberg (R., Mich.), the chief promoters of bipartisan co-operation on recent foreign policy, are closer to a major split right now than they have ever been.

The issue is the tariff-cutting Reciprocal Trade Act.

As a result, State Department officials may swallow their objections to the newly voted revival bill and recommend that President Truman accept it rather than veto it.

Marshall's Problem

If Marshall determines on that course, he will probably have to overrule his former undersecretary and now special adviser, Will Clayton.

Clayton, who fought the trade act battle in Congress, has been described as feeling that the bill which went to the White House yesterday is wholly inadequate to continue a workable tariff reduction program.

Vandenberg, on the other hand, helped write the compromise measure and argued in the Senate that its limitations would not injure the tariff-cutting project.

Calls Department "Stubborn"

He called the State Department's attitude toward the revival bill "stubborn" and said he was "shocked" to learn that the department had refused to give senators certain foreign trade records.

"We cannot proceed indefinitely," he said, "at the mercy of an iron curtain."

The latest extension of the 14-year-old law was due to expire June 12.

That law gave the Administration the power to slash import duties in return for similar concessions from other countries.

Asked 3-Year Extension

Mr. Truman and the State Department urged the usual three-year extension.

Instead, the Republican-controlled House passed a one-year extension which would have: *(a)* Let the Federal Tariff Commission suggest limits on proposed tariff cuts and *(b)* given Congress veto power over any cuts which exceeded those limits.

Clayton and other State Department officials argued that a one-year extension was almost as bad as none and that special interests lobbying with the commission and Congress would make it virtually impossible to negotiate proper reductions anyway.

Sought Happy Medium

In the Senate, Vandenberg took a position of trying to reach a happy medium between the House bill and the State Department views.

He retained the one-year extension but cut the commission's powers to an advisory function and eliminated the congressional veto.

Diplomatic aides say Marshall and Mr. Truman may hesitate to take a completely contradictory position against Vandenberg, who has done the most to put through their most important foreign policy proposals—including Truman doctrine aid for Greece and Turkey and the Marshall plan for European recovery.

Marshall Tells Of U.S.-British Mid-East Link

Washington, June 16 (AP)—Secretary Marshall said today the United States and Britain have an understanding that they will inform each other about any action intended in the Middle East.

The Secretary of State told a news conference that this has been the situation for some time.

Marshall had been asked to confirm press reports from London that there was such an American-British agreement.

Marshall said simply that this has been the case for quite some time. He conceded in response to a further question that the United States may have recognized the state of Israel without consulting the British Government. He said this was simply an exception in the general practice.

Other Issues

On other issues, Marshall said:

1. The United States has notified both Syria and Egypt that it cannot accept their blockade of the Palestine coast, and the American Government will proceed accordingly. This was in line with previous State Department announcements.

2. Marshall considers that Russia's acceptance yesterday of the American proposal for a ten-nation conference on free navigation of the Danube River is a good sign in the sense that a refusal would have been a very bad sign. He hopes the conference may produce a satisfactory agreement.

3. Marshall several times denied in response to specific questions that France has appealed to the United States and Britain for any revision of the resent six-nation agreement for a separate government in western Germany. Marshall said that the United States had received neither formal proposals nor informal inquiries from the French.

At the same time, he said he understood that the British had received a protest from the Russians and he expected that the United States would also.

4. The United States is now negotiating European recovery agreements directly with France, Britain, Sweden and Denmark. Marshall said he does not know whether these and the other twelve agreements will be worked out by July 3—the deadline required by American law if aid is not to stop flowing.

5. The United States has not received any reply from Russia to its latest proposal for return of Trieste to Italy. Marshall said he expects there will be an answer, and that difficulties between the Western nations and Russia will concern how to go about such a step.

6. Marshall declined to comment on the Senate-approved Vandenberg resolution and the foreign policy developments which might be based on it. The resolution advocates organization of regional defense groups. It has been interpreted as providing a basis for an alliance between the United States and western Europe.

Shafer Proposal Sets Recruiting Drive Inducements

JUN 1948

Washington, June 16 (AP)—House draft foes rallied hopefully today around a plan to keep the issue on ice until next January.

The idea was presented late yesterday by Representative Shafer (R., Mich.). It drew quick support from several members opposing a peacetime return to selective service and a tentative indorsement from Representative Short (R., Mo.), who is leading the floor fight against the bill.

House leaders said a final vote on the draft may not come until tomorrow, although they still hoped to finish it today. Chairman Andrews (R., N.Y.) of the House Armed Services Committee predicted passage by a wide margin—and without the delayed-action Shafer proposal.

Sees Alien-Clause Defeat

Among other amendments which Andrews said he thought would be rejected was one by Representative Gavin (R., Pa.) to allow the armed services to enlist up to 100,000 aliens for three-year terms. The Senate-passed bill proposes enlistment of 25,000 aliens for five-year terms.

The Shafer plan would hold off registration, as well as inductions, until next January 31. The law would go into operation then only if the President proclaimed, and Congress agreed by formal resolution, that voluntary enlistments were inadequate.

Volunteer Inducements Asked

In the meantime, the services would have to conduct an intensive recruiting campaign. These would be major inducements:

1. Increasing the pay for all enlisted men 25 per cent.

2. Lowering the passing grade of the Army's aptitude test from 80 to 70 points.

3. Accepting two-year enlistments with the same privileges as enlistments for longer terms.

Pushed Back In Crush

The services would have to report monthly to a joint congressional committee.

The bill before the House would hold up inductions for 75 days and then permit them only if the President formally ordered a start.

The closing-week crush of legislative business pushed the draft bill back on today's schedule behind an appropriation measure, a presidential veto, and several other bills requiring special attention.

Majority Floor Leader Halleck (R., Ind.) said he would decide during the day whether to order a night session to try to dispose of the manpower measure.

It cleared three hurdles unscathed in its first day of debate yesterday—a six-and-one-half-hour session. Amendments to prevent separation of Negroes and whites were swamped. One by Representative Javits (R., N.Y.) lost, 135 to 23. A similar amendment by Representative Powell (D., N.Y.) was shouted down 102 to 14. An amendment to raise the minimum registration age from 18 to 21 was beaten 77 to 32.

The bill would require men from 18 through 30 to register. Those from 19 through 25 could be drafted for two years. Most veterans, and members of reserve units, the National Guard and Air National Guard, would be exempt.

House Cuts Draft To One-year Term

Washington, June 16 (AP)—The House used the axe on the Draft Bill tonight. It cut the required term of service from two years to one, eliminated doctors entirely from induction, and placed on the President's shoulders the responsibility for calling men into service.

Amendments Alter Bill

Other amendments during the day altered the shape of the bill the House Armed Services Committee worked weeks to draft.

Supporters of the conscription measure said they expected to shove it through in some form tomorrow but opponents thought they had an outside chance to beat it entirely. There were indications that if a vote is to be reached the day will have to be a long one.

Major change was the amendment by Rep. Coudert (R-NY) to limit service to 12 months. It was fought bitterly by Chairman Andrews (R-NY) of the armed services group but was approved tentatively by a vote of 156 to 88. The action, however, may be challenged on a roll-call vote later.

The House bill, calling for a two-year revival of the draft, would have required two years' service of men 19 through 25.

Earlier, the House approved by a voice vote an amendment by Rep. William J. Miller (R-Conn.) dropping the special registration and draft of medical men from the bill. Miller said no draft is needed to get enough medical care for the armed forces. The original bill called for registration of doctors through the age of 44, with special provision for drafting them.

Sudden Ground Swell

The sudden groundswell of support for the Coudert amendment for one-year service swamped leaders of the bill, who earlier had won a rejection on a proposal for 18 months service.

Debate on Coudert's amendment was cut short by members shouting "Vote! Vote!" while Rep. Case (R-SD), in the chair, pounded his gavel for order.

Member after member announced dramatically he would give up his speaking time to permit an immediate vote.

Rep. Kilday (D-Tex.), vainly trying to check the runaway House, begged "be honest—vote against the whole bill if that's how you feel, but don't use amendments to kill it."

But nothing could stop the groundswell. Nothing did.

A roar of ayes was almost, but not quite, equalled by roars of no's when Case called for a voice vote. There was no doubt later when members stood up to be counted—156 to 88.

Coudert had said that to take two years out of young men's "most formative period" would do them grave injury. Rep. Smathers (D-Fla.) backed him up, saying a one-year draft would be more democratic because more youths would see service.

Rep. Lyle (D-Tex) warned that if the amendment is adopted, "your bill is useless."

But the House voted to slice the draft term in half anyway.

The House also voted 145 to 35 to hand to President Truman the job of starting the draft.

The amendment would prevent inductions until the President proclaimed that the armed forces cannot get enough men through voluntary enlistments.

It requires that 75 days elapse between passage of a draft bill and the date such a proclamation may be issued. Inductions could not start until 90 days after a draft law is finally passed.

This would be at the earliest a few weeks before the November election. The vote was tentative and subject to possible roll call later.

A proposal by Rep. Multer (D-NY) to extend the 75-day limit to 150 days "to put it after Election Day" was defeated on a voice vote.

Air Force Plans New Series of Supersonic Flights Up to 80,000 Feet.

Washington, June 16 (A. P.).—The Air Force plans to send its Bell X-1 rocket plane hurtling toward 1,700 miles an hour in a new series of high-altitude speed tests beyond nature's sonic wall.

This was learned today from persons familiar with the long-range program for investigating supersonic flight, that strange—and until last year unexplored—region of speeds faster than sound. Five men are known to have smashed through that barrier at altitudes generally about eight to ten miles above the earth.

The new tests are expeceted to take the rocket ship up to 80,000 feet—about fifteen miles—which would be the highest man has ever attained. Two Army flyers set the world record of 72,394 feet in a balloon in 1935. The highest plane mark is 59,492 feet, set in March by a British jet fighter.

Yeager Gives Inkling.

The first man to crack the sonic wall, Air Force Capt. Charles E. Yeager, told a little of his story yesterday—under close supervision to prevent any slip that might give away super-secret information.

Security officers forbade any mention of conditions Yeager encountered in surpassing the speed of sound—ranging from 662 to 762 miles an hour depending upon the variations in temperature at different altitudes.

The fast-flying captain started

30.24- 18537

out once:

"As you get past the speed of sound you—uh, you—uh." He stopped, then added: "I'd like to go into detail but I'd get my head lopped off if I did."

"It was pretty nice, I thought," Yeager did say.

But he acknowledged he was "naturally scared" as he hurtled through space crouched in the cockpit of the tiny plane.

Supersonic Dashes Brief.

Yeager said he has flown the X-1 twenty-five or thirty times, but did not say how many times he topped the speed of sound. Unofficial information is that he has made quite a number of very brief dashes beyond the so-called barrier. Flights by the other pilots, one of whom has since been killed in a crash, are understood to be comparatively few. All were quick excursions.

The Air Force is only beginning its supersonic research. It has ordered seven X-1s to expand the program. Two have been delivered at a cost of $4,300,000.

Thus far the Air Force has disclosed these new type research planes: The Bell X-2, a swept-wing version of the X-1 but made of stainless steel instead of aluminum; the Douglas X-3, a wedge-winged piece of fantastic equipment expected to reach 2,000 miles an hour at altitudes of 40 to 60 miles above the earth, and the Northrop X-4, a tiny flying wing intended for study of speeds nearer that of sound.

All of this work is in co-operation with the National Advisory Committee for Aeronautics, the Government's chief air research agency.

structed, the committee reported, there is a possibility of losing the headquarters to the disadvantage of United States prestige and leadership.

The proposal goes to the Senate. A similar measure is pending in the House Rules Committee. Final approval this session appears doubtful.

SENATE UNIT VOTES FOR U. N. SITE LOAN

Due To U.S. Curb, Russ Gain Trade Balance

Washington, June 16 (AP)—The United States got $2,594,841 more goods from Russia than this country shipped to the Soviet Union in April, when the clampdown on such exports first took full effect.

United States shipments to Russia in April totaled only $3,981,784, less than half of the March figure, while April imports from Russia were $6,576,625, only $468,000 below March, it was learned today.

Usually, Russia buys far more from this country than it sells here. Last year, Russia bought $149,500,000 and sold us $77,100,000 worth of goods. The Soviets pay off the trade difference in dollars or gold.

Pre-Licensing Rush

April figures, just compiled, showed Russian buying here was only $900,000 below the previous three-month average despite a virtual ban on licensing industrial goods for export to Russia after March 1.

Officials said the total was swelled by the fact that an exception to the licensing shutdown was allowed for items ordered before the clampdown policy was adopted, provided these goods were loaded on ships or planes by April 6.

The Russians rushed their loading during the first week of April, as they had throughout March, to clear out as much as possible before the deadline, the official said.

The export trade restrictions were imposed to prevent shipment of war potential goods to the Soviets.

United States imports from Russia were higher in April than in any other month this year except March, indicating no immediate attempt by Moscow to retaliate for the tightened American controls.

Russian shipments of furs, a seasonal item, were responsible for about $3,811,335, or over half of all United States imports from the Soviets in April. These had amounted to only $5,077,335 in the preceding three months combined.

More significant was Russia's shipment of $1,312,382 worth of manganese and chrome, vital materials for steel making and industrial use.

Alaska Charges Defenses Are Neglected

New Castle, N.H., June 16 (AP)—The National Governors Conference was told today that the Alaskan defenses were being neglected.

Ernest Gruening, governor of Alaska, said that many army buildings were left uncompleted because of lack of funds.

After Gruening spoke, Gov. Earle Clements of Kentucky said he was in favor of granting statehood to Alaska.

They appeared at a round-table discussion of a civilian defense program.

Aggression Ban Urged

Gov. Earl Warren of California told the conference that "only suppression of aggression can bring about peace in the world."

He urged the states to make plans now so that they would not be "bypassed" in any civilian defense program as they were in World War II.

Warren, who is a candidate for the Republican presidential nomination, said it "seems incongruous that we are back talking about civilian defense again" but declared "aggression is still prevalent in the world."

Co-operation Urged

"The Government tells us," he said, "that there is sufficient gravity so that we should have another program for civilian defense."

The conference, he said, should move now to work jointly with the Federal Government in setting up any such program.

Speaking at the same meeting, Gov. Horace Hildreth of Maine proposed that the conference ask the co-operation of all American employers to give military leave with pay to workers who are members of the National Guard so that they could take summer field training.

"The security of our country is so urgent in these days of unrest throughout the world," he said, "that there is one vital way in which employers can make a major contributions—that is by granting leave with pay in addition to regular vacations to employés who are members of the civilian components of the nation's military establishment."

Held Acute Problem

Hildreth said the problem was particularly acute in the National Guard, which expects to send approximately 250,000 men to summer camps this year.

"These men are voluntarily contributing their time and effort to the establishment of a strong national defense," Hildreth said. "It should be guaranteed that their contribution is not made at a sacrifice."

Politics continued to dominate the conference today. Senator Robert A. Taft's leading supporter in his bid for the Republican presidential nomination said he did not think the Ohio Senator would accept the vice presidential spot—even if offered.

"It's Just Taft"

Gov. Thomas J. Herbert (R., Ohio) said that a majority of the Ohio delegation had not given any thought to anything but top position for Taft.

"I don't think Senator Taft would accept anything else," Herbert said, "but I have not talked with him about it. As far as our delegation has gone it's just Taft."

Two of the other three announced Republican candidates have indicated they are not interested in the vice presidency. They are Gov. Thomas E. Dewey of New York and Warren.

Former Gov. Harold E. Stassen of Minnesota has answered questions on the subject with the statement: "I'm running for President."

Dewey and Warren met privately with other chief executives last night. They told newsmen they found themselves in agreement—but on what issues, neither would disclose.

Dewey Going To Maine

Dewey is going just across the border into Maine late this afternoon to talk to that State's thirteen delegates at York Beach. Stassen supporters have claimed nine of these and four have made known they are favorable to Dewey.

NEW DEVICE CONTROLS C-54 ON 1,022 TRIPS

Automatic Gadgets Used In Flights Between Ohio And Maryland

Wilmington, Ohio, June 16 (AP)—A United States Air Forces airplane, automatically controlled until within 50 feet of the landing strip, has made 1,022 flights between here and the Andrews base in Maryland since August 1, 1946, the Army Air Force announced today.

Round trips are being made daily between Monday and Friday "to test the system of automatic approach control," says Major William B. Ceely, public relations officer at the airbase in Wilmington.

The plane descends over the landing strip to within 50 feet of the ground; then the pilot takes over and sets it down, he said.

42 Passengers Carried

The crew normally consists of pilot and copilot, two engineers, a navigator and a radio operator.

As many as 42 passengers — all service personnel—have been carried in the four-engined C-54 plane during the experiments.

Maj. Gen. Frank O. Carroll, director of research and development of the air materiel command, Wright-Patterson Air Force Base, first told about the tests in a speech last night at Bowling Green, where he addressed the Ohio Aviation Clinic.

Flies In Bad Weather

The C-54 is equipped with gadgets for predetermining its course and landing, he said, adding that on only two days since August 1, 1946, had it failed to make the round trip. On each occasion mechanical difficulties, and not weather, prevented the flights, he added.

General Carroll said the plane has conquered all kinds of weather to and from the Maryland base, which is near Washington, D.C.

To his statement, Major Ceely added today:

"The equipment used is for the purpose of evaluating systems for operating scheduled flights, utilizing ground aid—radar—for traffic control and airway surveillance and to test the system of automatic approach control."

ATOMIC PLANE PARTICULARS ARE REVEALED

One Would Be For Interplanetary Travel; Four Described

New York, June 16 (AP)—The first specifications for atomic energy airplanes were given today by Andrew Kalitinsky, of Oak Ridge, Tennessee.

He described four ships, one propeller driven, two jet and one rocket ,the latter for travel in interplanetary space.

Kalitinsky is chief engineer of the nuclear energy propulsion for aircraft division of the Fairchild Engine and Airplane Corporation. Fairchild is doing research for the United States Air Force at the Tennessee atomic center.

The specifications described were part of studies being conducted for the Air Force.

Would Burn Only Air

The propellor plane would carry water or mercury to make steam. The two jets would burn only air from the atmosphere. The interplanetary ship would use hydrogen.

The steam or mercury proeller plane would be little different from present planes. It would have a turbine driven by steam or mercury vapor. Either would be heated by uranium or plutonium.

The planes burning air would not be much different from present jets. They would substitute the atomic metal for the fuel they now burn. This metal would make the air so hot that in expanding it would drive the plane.

Shielding Not Worked Out

The fourth ship, for interplanetary travel, would have a rocket engine. It would carry liquid hydrogen, the lightest-weight of all substances. Flowing out of the liquid tank, the hydrogen would expand into gas, which in turn would be heated by the atomic metal.

Shielding of the atomic engines, to protect against radioactive rays,

has not been worked out, he said.

Crashes of atomic airships will be potentially dangerous. At worst may temporarily keep people away from the crash site over an area nearly as large as that destroyed by present atomic bombs. The danger would be from rays from the atomic metal.

Kalitinsky spoke before the metropolitan section of the Society of Automotive Engineers.

Slav Relief Ship Cargo Remains Unloaded

New York, June 16 (AP)—Cargo for a Yugoslav vessel—which longshoremen refused to load after they found portraits of Stalin and Tito on the ship—remained on a Brooklyn pier today.

"If it's Joe's stuff," said one dock worker, "let him come over and load it himself."

The 10,000-ton passenger-cargo ship, the Radnik, originally was scheduled to sail at noon today with a cargo including food, automobiles, trucks, jeeps and ambulances.

Sixty-three dock hands, members of the AFL International Longshoremen's Union, quit loading the ship yesterday after they found hammer-and-sicle insignia and Tito and Stalin pictures on the walls of the ship's main lounge.

Loaded Jap Ships

"We loaded the Jap ships before the war and you remember how they threw the stuff back at our kids," said Salvatore Camarda, a delegate of Local 327. "I say we must not make the same mistake again."

Joseph P. Ryan, International union president, said he does not "blame the men for not doing what I wouldn't want to do myself."

He added, however, that the union did not "condone the stoppage" since 'the people we have working agreements with don't own the ships."

He said he expected the men to "use common sense" and return to work today.

Haste Is Asked

Two ambulances consigned to the ship bore the label: "To the Cross for distribution "chiefly to tubercular children."

Balokovic wired Ryan asking that the goods be "loaded without delay."

"We are certain," Balokovic said, "you will agree that help to the sick and needy transcends any political differences."

The stoppage by the longshoremen was the latest in a series of similar actions by union men which began September, 1946.

At that time, the longshoremen refused to load United Nations Relief and Rehabilitation Administration supplies aboard two ships bound for Yugoslavia.

Was In Baltimore

The Radnik was in Baltimore for five days last week and sailed for New York Sunday morning. Nothing was loaded here except food.

The ship was berthed at Cottman's crane pier in Canton, where 2,500 tons of chrome ore was unloaded. Twenty-one passengers disembarked in Baltimore.

GROMYKO SEES U.S. PRESSURE

Charges Atomic Weapons Are Used By Ruling Circles

Lake Success, N.Y., June 16 (AP)—Andrei A. Gromyko declared today ruling circles in the United States are clanking atomic weapons to put political pressure on Russia.

He said in effect that Russia is not afraid of such moves; that they would not succeed. He singled out United States Senator Brian McMahon (D., Conn.) and James F. Byrnes, former Secretary of State, as members of the "ruling circles" in the United States who want to wreck international atomic control and increase the war psychosis which Gromyko said exists in this country.

McMahon was informed in Washington of Gromyko's remarks, and said:

"When the negotiations for international control of atomic energy were started on June 14, 1946, Bernard Baruch said 'the race is between the quick and the dead.' I vote for the quick. Gromyko votes for the dead."

Would Veto Resolution

In a 51-minute speech to the Security Council Gromyko made it clear he would veto an American resolution putting Council approval on the majority-backed atomic control plan.

He said the United States is only hunting Soviet vetoes. He said it is nonsensical to introduce such a resolution in view of the long-standing disagreement between America and Russia on atomic control.

France, China and Belgium quickly lined up with the United States, which already had the support of Britain and Canada.

Favored by Majority

The Council adjourned until tomorrow at 9.30 A.M., however, without a vote. The Ukraine has asked to speak tomorrow and then delegates said they expected Gromyko to cast his veto against the American proposal.

Gromyko declared the United States is to blame for the failure to achieve atomic control after two years of negotiations in the United Nations. He said it is not Russia's fault; that Russia has put forward proposals which could be accepted.

The American proposal would approve the plan favored so far by a majority of nine members of the Atomic Commission and would recommended to the United Nations Asembly that talks be suspended until there is some indication Russia and the other countries could agree.

Alexandre Parodi, of France, said his Government agreed with the proposal to transmit the reports to the assembly.

Dr. T. F. Tsiang, of China, backed the United States. He said "any country which is responsible for the rejection of the United States proposition (on which the majority plan is based) incurs the gravest responsibility before the whole of mankind."

Fernand Van Langenhove, of Belgium, said he wished to confirm Belgium's approval of the move to put the question before the Assembly. The Council will discuss the Indonesian situation tomorrow before going back to the atomic issue.

U. S. To Furnish Ships

Lake Success, June 16—(AP)—The United Nations was informed tonight the United States would furnish three vessels to assist in a Palestine truce patrol.

Count Folke Bernadotte, U.N. Palestine mediator, asked the U. S. for the vessels last week. He also asked France for two vessels and Belgium for one. No reply has been received from France and Belgium.

SCHUMAN ENDED DEBATE ON THE SIX-POWER AGREEMENT ON WESTERN GERMANY WITH THIS STATEMENT. HE ALSO DEMANDED THAT THE NATIONAL ASSEMBLY AUTHORIZE HIS GOVERNMENT "TO PARTICIPATE IN THE APPLICATION OF THE LONDON RECOMMENDATIONS."

HE SAID HIS GOVERNMENT COULD NOT CONTINUE IN OFFICE IF IT WERE DEFEATED ON THIS ISSUE. HE DID NOT, HOWEVER, ASK FOR A VOTE OF CONFIDENCE.

"GERMANY HAS BECOME A HEAVY CHARGE FOR EUROPE," SCHUMAN SAID. "WE MUST NOW RETURN TO GERMANS THE RESPONSIBILITY FOR THE DIRECTION OF THEIR INTERNAL AFFAIRS. WE MUST INSTALL A FEDERAL SYSTEM THAT WILL PERMITNHER INTEGRATION IN A UNITED STATES OF EUROPE."

THE LONDON CONFERENCE ACCORD PROVIDES FOR A PROVISIONAL WEST GERMAN GOVERNMENT, INTERNATIONAL CONTROL OF THE RUHR AND INDEFINITE OCCUPATION OF GERMANY.

EARLIER, FOREIGN MINISTER GEORGES BIDAULT ASKED THE ASSEMBLY TO PERMIT FUSION OF THE FRENCH ZONE OF OCCUPATION IN GERMANY WITH AMERICAN AND BRITISH BIZONIA.

HE SAID: "DURING THE ENTIRE PERIOD OF THE OCCUPATION OF GERMANY, THE AMERICAN AND BRITISH MILITARY AUTHORITIES WILL CONTROL THE MINES OF THE RUHR. FRANCE WILL ONLY BE ABLE TO PARTICIPATE IN THIS CONTROL IF YOU PERMIT FUSION."

AFTER HOURS OF BEHIND-THE-SCENES NEGOTIATIONS, REPRESENTATIVES OF THE PARTIES SUPPORTING THE GOVERNMENT AGREED ON THE TEXT OF A MOTION APPROVING THE LONDON ACCORD. THE MOTION EXPRESSED RESERVATIONS BUT AUTHORIZED THE GOVERNMENT TO "PARTICIPATE IN THE APPLICATION OF THE LONDON RECOMMENDATIONS."

REPORTS OF TWO DEATHS HERE COULD NOT BE CONFIRMED.

MORE TROUBLE IS EXPECTED TONIGHT, BUT THERE HAS BEEN NO SHOOTING SO FAR.

POLICE AND SOLDIERS ARE PATROLLING THE STREETS. ANOTHER 10 PLANE LOADS OF TROOPS ARE EXPECTED HERE SOON.

A VETERAN GOVERNMENT OBSERVER CALLED THE SITUATION GRAVE. THE NATIONAL ASSEMBLY IN PARIS SUSPENDED ITS AFTERNOON SESSION IN A FLURRY OF EXCITEMENT AS COMMUNISTS TRIED TO BRING THE STRIKE ISSUE TO THE FLOOR.

THE THREAT OF A GENERAL STRIKE HUNG OVER THIS CITY, HEART OF WHAT THE U.S. EMBASSY CALLS A "RED BELT." THE COMMUNIST-DOMINATED GENERAL CONFEDERATION OF LABOR ORDERED WORKERS HERE TO LEAVE THEIR JOBS THIS MORNING.

THIS ACTION CAME AFTER POLICE BATTLED WITH STRIKERS WHO HAD HELD THE BEROUGNAN TIRE FACTORY IN A SITDOWN STRIKE. THE STRIKERS WON THE FIRST PITCHED BATTLE LAST NIGHT BUT LOST THE SECOND WHEN POLICE, STRENGTHENED BY STATE TROOPERS AND MOUNTED REPUBLICAN GUARDS, EJECTED THEM FROM THE PLANT THIS MORNING.

POLICE THEN STRUNG BARBED WIRE AROUND THE PLANT. ASSOCIATED PRESS PHOTOGRAPHER JEAN JACQUES LEVY APPROACHED THE BARRICADE THIS AFTERNOON TO TAKE PICTURES. HE WAS SET UP BY ABOUT 20 STATE POLICE. LEVY WAS BEATEN WITH CLUBS AND FISTS. HIS CAMERA WAS TAKEN FROM HIM AND DESTROYED. POLICE THEN TORE UP THE FILM PACKS IN HIS KIT AND DESTROYED EVEN THE UNEXPOSED PRINTS THEY FOUND.

POLICE HELD THE BEROUGNAN PLANT TONIGHT BUT THE MICHELIN RUBBER PLANT, WHICH EMPLOYS SOME 30,000 WORKERS, WAS IN THE HANDS OF STRIKERS.

A12

AS NEWS OF THE FIGHTING SPREAD, ALMOST EVERY COMMUNIST-DOMINATED TRADE UNION HERE VOTED TO STRIKE. BUT WORKERS WHO DISAGREED WITH THE DECISION WERE STILL ON THEIR JOBS. ABOUT 1,000 STRIKERS PARADED AND URGED OTHER WORKERS TO JOIN THEM. POLICE DISPERSED THEM. MINOR CLASHES WERE REPORTED BUT POLICE WERE SAID TO HAVE THE SITUATION WELL

IN HAND.
SYMPATHY STRIKES SPREAD QUICKLY IN SOUTH CENTRAL AND NORTHEASTERN FRANCE. THE PATTERN WAS REMINISCENT OF THE COLD CIVIL WAR LAST FALL WHEN 3,000,000 WORKERS QUIT THEIR JOBS FOR "BETTER LIVING CONDITIONS."
IN MARSEILLE, ANOTHER COMMUNIST HOT-BED, 1,200 METAL WORKERS VOTED TO STRIKE IN SYMPATHY. SEVERAL FACTORIES IN MARSEILLE SHUT DOWN. IN ST.ETIENNE, 700 MINERS WALKED OFF THEIR JOBS. AT ANGERS, 350 EMPLOYES OF THE STATE QUARRY QUIT. AT QUIMPER IN BRITTANY, 600 EMPLOYES OF THE CASCADE PAPER COMPANY STRUCK, DEMANDING 20 PERCENT WAGE INCREASES.
POLICE PATROLLED THE STREETS HERE AS THE STRIKE SPREAD TO OTHER FIRMS AND MUNICIPAL TRANSPORTS FROM THE BERGUGNAN RUBBER PLANT. ABOUT 3,000 EMPLOYES IN THE BERGUGNAN AND MICHELIN TIRE FACTORIES COMBINED WERE REPORTED ON STRIKE. THE MICHELIN PLANT ALONE EMPLOYES ABOUT 30,000.
THE BERGUGNAN WORKERS STRUCK 10 DAYS AGO AFTER DEMANDING WAGE INCREASES. THE COMPANY'S OFFER OF A TWO FRANCS (LESS THAN ONE CENT) PER HOUR INCREASE WAS REJECTED. THE STRIKERS DEMANDED ABOUT SIX FRANCS (TWO CENTS) MORE AN HOUR.
WHEN POLICE ENTERED THE PLANT LAST NIGHT, AN EYEWITNESS SAID, THEY WERE MET WITH A FUSILLADE OF "FLYING OBJECTS."
STRIKERS USED RUBBER TRUNCHEONS IN A HAND-TO-HAND CONFLICT. POLICE USED TEAR GAS. THE STRIKERS RESPONDED WITH A BARRAGE OF TEAR-GAS CAPSULES OF THEIR OWN. THE OFFICERS WERE FORCED TO RETREAT. REINFORCEMENTS WERE RUSHED FROM NEARBY TOWNS AND THE POLICE RENEWED THEIR ASSAULT THIS MORNING AND FORCED THE STRIKERS OUT.

SOME OF THE BOMBS THROWN BY THE STRIKERS CONTAINED ACID. OTHERS CONTAINED A SUBSTANCE WHICH GOVERNMENT AGENCIES ARE EXAMINING FOR EVIDENCES OF MUSTARD GAS.
OFFICIALS SAID MORE THAN 80 POLICEMEN WERE BLINDED AT LEAST TEMPORARILY.
THE STRIKERS ALSO USED SLINGSHOTS TO HURL BALL BEARINGS.
IN PARIS PREMIER ROBERT SCHUMANN'S GOVERNMENT WAS THREATENED WITH COLLAPSE IF IT FAILED TO MAINTAIN ORDER. JULES MOCH, MINISTER OF INTERIOR, WAS SENDING POLICE AND SOLDIER REINFORCEMENTS TO SEVERAL THREATENED INDUSTRIAL AREAS TONIGHT.
LABOR TROUBLES BESET OTHER EUROPEAN COUNTRIES.
IN BELGIUM, MORE THAN 200,000 OF THE COUNTRY'S 250,000 STEEL AND METAL WORKERS STRUCK FOR HIGHER PAY. ANTWERP'S GENERAL MOTORS, FORD AND CHRYSLER ASSEMBLY LINES AND THE BELL TELEPHONE FACTORY WERE IDLE. WORKERS WERE ASKING A 5 PER CENT INCREASE. AVERAGE WAGES IN THE INDUSTRY ARE 108 FRANCS ($2.05) TO $200 FRANCS ($4.50) A DAY.

Clermont-Ferrand Grève

THE CONFEDERATION SAID THE CURRENT STRIKES VINDICATED THE 3,000,000 WORKERS WHO QUIT THEIR JOBS LAST NOVEMBER AND DECEMBER IN DEMANDS FOR "BETTER LIVING CONDITIONS." PREMIER SCHUMAN AT THAT TIME BROKE LABOR STRIFE AND COMMUNIST-ENGINEERED STRIKES BY A TOUGH ULTIMATUM TO THE CONFEDERATION.
THE 1947 CRISIS BROUGHT SCHUMAN TO THE PREMIERSHIP WHEN THE GOVERNMENT OF SOCIALIST PAUL RAMADIER FELL.
THE TERMS ON WHICH THE STRIKES WERE SETTLED MET SOME OF THE CONFEDERATION'S PROPOSALS, BUT NOT ITS KEY DEMAND FOR A TIEUP BETWEEN WAGES AND PRICES SO THAT BOOSTS IN PRICES AUTOMATICALLY WOULD BRING PAY RISES.
TODAY'S EVENTS MAY SIGNAL RECURRENCE OF THE FRENCH LABOR CRISIS.

CLERMONT-FERRAND, FRANCE, JUNE 16-(AP)-STRIKERS WHO HAD OCCUPIED THE BERGOUGNAN RUBBER FACTORY WERE FORCIBLY EVICTED TODAY AND AT LEAST 150 PERSONS WERE INJURED IN CLASHES.
A GENERAL WORK STOPPAGE IMMEDIATELY GOT UNDER WAY IN THIS FRENCH TIRE CAPITAL AND BEGAN TO SPREAD.
SIXTY STRIKERS WERE ARRESTED AFTER A COMPANY OF STATE POLICE AND A SQUADRON OF MOUNTED REPUBLICAN GUARDS FORCED THE STRIKERS OUT OF THE PLANT. THE STRIKERS OCCUPIED IT LAST NIGHT.
AT LEAST 70 POLICE WERE HURT IN FIGHTING WITH THE STRIKERS, 46 OF THEM SEVERELY ENOUGH TO REQUIRE HOSPITALIZATION. ABOUT 80 STRIKERS ALSO WERE REPORTED INJURED, MANY OF THEM SERIOUSLY.
WORKERS IN THE CATAROUX AND ESCAMRES PLANTS OF THE MICHELIN RUBBER COMPANY STARTED A SIT-DOWN STRIKE AS THE WORK STOPPAGE SPREAD. WORKERS IN TWO MINES AT ST.ELOY STARTED A SYMPATHY STRIKE AND CAME HERE TO HELP OUT. SEVERAL THOUSAND METAL WORKERS AT BELFORT, IN ALSACE, WENT ON STRIKE IN SYMPATHY; AND TO OBTAIN WAGE INCREASES. COAL MINERS AT BRASSAC JOINED IN.
MEDICAL AUTHORITIES SAID A NUMBER OF THE INJURED--BOTH STRIKERS AND POLICEMEN--IN THE BERGOUGNAN FIGHTING HAD SEVERE ACID BURNS ON THEIR FACES.
COMPANY OFFICIALS ESTIMATED APPROXIMATELY 20,000,000 FRANCS ($750,000) WORTH OF DAMAGE HAD BEEN DONE TO THE PLANT.

IN PARIS, PREMIER ROBERT SCHUMAN CALLED A SPECIAL CABINET SESSION.
A VETERAN GOVERNMENT OBSERVER DESCRIBED THE SITUATION AS GRAVE.
WORKERS AT THE BERGOUGNAN PLANT STRUCK 10 DAYS AGO, DEMANDING A 20 PER CENT INCREASE IN MINIMUM SALARIES OF 10,000 FRANCS (ABOUT $30) A MONTH.
THE STRIKE WAS CALLED BY THE COMMUNIST-DOMINATED GENERAL CONFEDERATION OF LABOR. AN AMERICAN EMBASSY REPRESENTATIVE DESCRIBED CLERMONT-FERRAND AS A "RED BELT."
THE BERGOUGNAN COMPANY OFFERED THE STRIKERS AN INCREASE OF TWO FRANCS PER HOUR, BUT THE OFFER WAS TURNED DOWN.

CAIRO, JUNE 16-(AP)-AN ARAB LEAGUE SOURCE SAID TODAY THE LEAGUE'S POLITICAL COMMITTEE HAS REJECTED AN INVITATION TO SIT AT A ROUND TABLE PEACE CONFERENCE WITH THE JEWS.

THIS INFORMANT SAID THE COMMITTEE HAD EXPRESSED ITS WILLINGNESS TO STUDY PROPOSALS BY COUNT FOLKE BERNADOTTE, U.N. MEDIATOR, FOR SOLUTION OF THE PALESTINE PROBLEM, BUT ONLY IF THE ARABS GET PRIOR ASSURANCE THAT PARTITION OF THE HOLY LAND WILL BE SHELVED.

THE SOURCE SAID BERNADOTTE SUBMITTED AN ORAL PROPOSAL TO THE COMMITTEE LAST NIGHT, A FEW HOURS AFTER HE ARRIVED FROM RHODES. THE INFORMANT ADDED THE COMMITTEE ASKED THE MEDIATOR TO PUT THE PROPOSITION IN WRITING AND SUBMIT IT OFFICIALLY ON BEHALF OF THE UNITED NATIONS.

ONE OF THE PROPOSALS MADE, THE INFORMANT SAID, WAS THAT JERUSALEM BE DECLARED AN OPEN CITY. THIS, HE SAID, THE COMMITTEE REJECTED ON THE GROUND THAT THE CITY'S SHRINES ARE PERFECTLY SAFE UNDER ARAB GUARD AND THAT THE ARABS ARE GRANTING FREE ACCESS TO THEM.

BERNADOTTE PROMISED WRITTEN PROPOSALS "VERY SOON."

EGYPT ACCUSED THE JEWS OF INCHING FORWARD THEIR LINES SINCE THE TRUCE BEGAN AND THREATENED TO USE FORCE UNLESS THE FRONT IS RESTORED. THE JEWS COUNTERED WITH ACCUSATIONS OF THEIR OWN.

THE ARAB WARNING WAS IN A NOTE THE EGYPTIAN GOVERNMENT HANDED LAST NIGHT TO COUNT FOLKE BERNADOTTE, UNITED NATIONS MEDIATOR. IT ACCUSED THE JEWS OF EXPLOITING THE CEASE FIRE TO GRAB STRATEGIC POSITIONS THREATENING ARAB SAFETY.

ABDEL RAHMAN AZZAM PASHA, ARAB LEAGUE SECRETARY, SAID THE LEAGUE'S MILITARY COMMITTEE IS MEETING TODAY. HE SAID BERNADOTTE MET LAST NIGHT WITH MEMBERS OF THE LEAGUE'S POLITICAL COMMITTEE AND DISCUSSED ARAB COMPLAINTS OF ALLEGED JEWISH VIOLATIONS OF THE TRUCE.

IN TEL AVIV, AN ISRAELI SPOKESMAN SAID THE BRITISH PLAN TO GIVE THE ARABS A MILITARY CAMP TODAY IN JEWISH TERRITORY, NEAR HAIFA. HE CONTENDED THIS WOULD VIOLATE THE TRUCE, BECAUSE IT WOULD GIVE THE ARABS A MILITARY POSITION THEY DID NOT HOLD BEFORE THE CEASE FIRE.

THE SPOKESMAN SAID U.N. TRUCE OBSERVERS HAVE BEEN NOTIFIED AND ASKED TO DETERMINE WHO IS RESPONSIBLE FOR ANY TRUCE VIOLATION INVOLVED.

JEWISH LEADERS ARE CONFERRING IN JERUSALEM WITH THE U.N. CONSULAR TRUCE COMMISSION ON THE PROBLEM OF GETTING FOOD AND WATER THROUGH ARAB-HELD TERRAIN TO JERUSALEM'S JEWISH POPULATION. THE CEASE FIRE HAS NOT ALLEVIATED THE SUPPLY SITUATION IN THE CITY.

RESULTS OF THE TALKS PROBABLY WILL BE ANNOUNCED TODAY OR TOMORROW.

A FOREIGN MINISTRY SPOKESMAN IN TEL AVIV SAID LAST NIGHT THE ISRAELI GOVERNMENT HAS NOT RECEIVED AN INVITATION TO A PEACE CONFERENCE AT RHODES. HE SAID THE JEWS WERE AWAITING A VISIT FROM BERNADOTTE BEFORE DECIDING WHETHER THEY WOULD ATTEND SUCH A CONFERENCE.

LAST WEEK ARAB LEADERS HINTED THEY WOULD NOT SIT AT THE SAME CONFERENCE TABLE WITH THE JEWS TO TALK ABOUT A PERMANENT SETTLEMENT FOR THE HOLY LAND.

THE ISRAELI GOVERNMENT SAID IT IS PUBLISHING A MANPOWER CONTROL DECREE TODAY. UNDER ITS TERMS ALL MALES UP TO 55 AND WOMEN UP TO 50 WILL BE SUBJECT TO MOBILIZATION FOR ESSENTIAL WORK IN INDUSTRY AND AGRICULTURE. VIOLATION OF THE DECREE CARRIES A MAXIMUM PENALITY OF 10 YEARS IN JAIL.

IRGUN ZVAI LEUMI ANNOUNCED LAST NIGHT IT HAS BECOME A POLITICAL PARTY UNDER THE NAME OF THE "JEWISH FREEDOM MOVEMENT." IT SAID OUTSIDE ISRAELI, HOWEVER, IT WOULD REMAIN AN UNDERGROUND MILITARY GROUP.

BERNADOTTE WAS SAID TO HAVE SUBMITTED SEVERAL VERBAL PROPOSALS TO THE ARABS CONCERNING PALESTINE. ONE LEAGUE INFORMANT DESCRIBED THE SWEDISH COUNT'S SUGGESTIONS AS "PARTITION PRESENTED IN A NEW ENVELOPE."

UPON EMERGING FROM THE MEETING WITH THE U. N. MEDIATOR, AZZAM PASHA SAID: "WE NOTIFIED COUNT BERNADOTTE THAT WE SHALL ACCEPT NO SOLUTION BASED ON ESTABLISHMENT OF A JEWISH STATE OR PARTITION."

THUS THE BASIC DEADLOCK REMAINS. THE JEWS HAVE MADE IT EQUALLY CLEAR THAT THEY DO NOT INTEND TO GIVE UP THEIR NEW STATE OF ISRAEL.

THE ARABS ALSO REJECTED BERNADOTTE'S PROPOSAL TO DECLARE JERUSALEM AN OPEN CITY. TRANS-JORDAN FOREIGN MINISTER FAWZI MULKI PASHA SAID THE LEAGUE TOLD BERNADOTTE THAT IF JERUSALEM WAS DECLARED AN OPEN CITY, ARAB TROOPS WOULD BE ASKED TO EVACUATE POSITIONS THEY CONQUERED THERE LAST MONTH. THIS WOULD BE A CONTRADICTION OF THE CEASE FIRE TERMS, HE SAID.

ARAB SOLDIERS NOW HOLD THE MILE-SQUARE OLD CITY IN THE HEART OF JERUSALEM. MOST OF THE LARGER MODERN CITY IS OCCUPIED BY THE JEWS.

A DELAYED JERUSALEM DISPATCH SAID ARAB AND ISRAELI COMMANDERS SIGNED MAPS TWO DAYS AGO WHICH GAVE THE POSITIONS IN THE JERUSALEM AREA THAT EACH SIDE WILL MAINTAIN DURING THE TRUCE.

SYRIAN AND JEWISH ARMY OFFICERS MET UNDER A FLAG OF TRUCE IN A NO-MAN'S LAND IN GALILEE YESTERDAY TO DISCUSS CONFLICTING CLAIMS WITH U. N. MEDIATORS.

DAMASCUS NEWSMEN WHO VISITED THE SAME GENERAL AREA SAW THE SYRIAN FLAG FLYING AT MISHMAR HAY YARDEN, A JEWISH SETTLEMENT JUST SOUTH OF HULA LAKE. FIGHTING HAD RAGED THERE FOR SOME TIME AFTER THE TRUCE WENT INTO EFFECT LAST FRIDAY.

A JERUSALEM DISPATCH QUOTED THE COMMANDER OF THE STERN GROUP, A JEWISH EXTREMIST ORGANIZATION, AS SAYING THAT STERNISTS DO NOT RECOGNIZE THE CEASE FIRE.

"THE JEWISH GOVERNMENT HAS AGREED THAT JERUSALEM WILL BE INTERNATIONAL," HE SAID. "TO THIS WE DO NOT AGREE. IT MUST BE A JEWISH CITY. JERUSALEM WILL AGAIN BE THE CAPITAL OF THE JEWISH STATE. WE WILL CONQUER ALL OF JERUSALEM AS WE WILL CONQUER ALL OF PALESTINE.

HE SAID THE STERNISTS REGARD TRANS-JORDAN AS A PART OF PALESTINE AND DO NOT RECOGNIZE ABDULLAH AS KING OF TRANS-JORDAN.

(A POOLED DISPATCH FROM AMERICAN CORRESPONDENTS IN JERUSALEM.)
JERUSALEM, JUNE 16-(AP)-JEWISH AND ARAB MILITARY COMMANDERS SIGNED IDENTICAL MAPS TODAY SHOWING MILITARY LINES AT THE BEGINNING OF THE CASE-FIRE.
THE TRUCE COMMISSION AUTHORIZED JEWS TO REPAIR THE MAIN ROAD THROUGH BAB EL WAD, AND REGULAR FOOD CONVOYS ARE EXPECTED TO START MOVING TOMORROW.
THE AMERICAN CONSULATE IS ADVISING AMERICAN CITIZENS WISHING TO RETURN TO THE UNITED STATES TO REGISTER AT ONCE. THERE WILL BE NO FORCED EVACUATION, BUT SAFE PASSAGE IS BEING ARRANGED FOR THOSE WISHING TO RETURN HOME.
THE TRUCE COMMISSION IS STILL WORKING ON A FORMULA TO DETERMINE HOW MUCH FOOD WILL BE BROUGHT INTO JEWISH JERUSALEM DURING THE TRUCE.
THE TRUCE COMMISSION WILL KEEP A CLOSE CHECK ON CIVILIAN TRAFFIC. THE WOUNDED AND ILL WILL BE EVACUATED FROM JERUSALEM, BUT MEN OF MILITARY AGE, POTENTIAL MILITARY ENGINEERS AND OTHER SPECIALISTS MAY NOT BE ALLOWED TO MOVE FREELY. NEITHER WILL WHOLESALE EVACUATION OF WOMEN, CHILDREN AND THE AGED FROM JEWISH JERUSALEM BE PERMITTED.
THE ARABS AGREED TO CHECKPOSTS ON THEIR MAN TRAFFIC ARTERIES. ONE POST WILL BE ESTABLISHED AT THE ALLENBY BRIDGE, ANOTHER AT BETHANY, ON THE OUTSKIRTS OF JERUSALEM, AND POSSIBLY A THIRD ON THE RAMALLAH ROAD.

jerusalem,june 16-(ap)-an official jewish source said tonight that movement of the official united nations food convoy toward jerusalem has been delayed "owing to inaccurate information given by the arab legion to the truce commission."

this informant said the legion informed the commission that only minor repairs were needed to make the bab el wad section of the tel aviv-jerusalem highway passable for the convoy.

"it now transpires," he said, "that this section of the road was severely damaged in many places, necessitating complicated repairs." more

meanwhile, the officially anonymous haganah commander of the jerusalem area and his arab opposite number, major abdullah el tel, met for the second time to put the final touches on an agreement showing military lines at the beginning of the cease fire. representatives of the truce commission and of count folke bernadotte, the u.n. mediator, also were there. ##

TEL AVIV, ISRAEL, JUNE 16-(AP)-THE ISRAELI GOVERNMENT SAID TONIGHT BRITAIN IS IMPOSING OIL SANCTIONS BY SHUTTING OFF THE PIPELINE TO HAIFA AND DIVERTING OIL TO ARAB COUNTRIES.
(THE OIL IS PRODUCED IN NEARBY ARAB COUNTRIES. THE OIL PIPELINE RUNS IN A Y TO HAIFA AND TO TRIPOLI IN LEBANON. THE HAIFA LEG WAS SHUT OFF SOON AFTER THE JEWS SEIZED HAIFA AND AFTER ARABS THREATENED TO DESTROY THE PIPELINE.)
THE STATEMENT SAID THE SHUTDOWN OF THE HAIFA REFINERY IS HURTING THE JEWISH WAR EFFORT AND "SERIOUSLY AFFECTING THE MARSHALL PLAN FOR EUROPEAN RESCOVERY."
THE SPOKESMAN SAID ISRAEL MAY APPEAL TO THE UNITED NATIONS SECURITY COUNCIL.

BY ROBERT HEWETT

NEAR THE SYRIAN BORDER IN NORTHERN PALESTINE, JUNE 15-(DELAYED) (AP)-SYRIAN AND JEWISH ARMY OFFICERS MET UNDER A FLAG OF TRUCE MADE FROM AN OLD PILLOWCASE IN A SWELTERING PATCH OF NO-MAN'S-LAND TODAY.

FOR NEARLY FOUR HOURS, A SWEATING SWEDE AND AMERICANS OF THE UNITED NATIONS' MEDIATION STAFF TRIED IN FIVE LANGUAGES TO GET AN AGREEMENT ON CONFLICTING CLAIMS OVER CEASE FIRE VIOLATIONS IN THIS NORTHERN PALESTINE TROUBLE SPOT. BUT THE ENEMY LEADERS REMAINED DISTANT.

THEIR CHILLY RESERVE WAS THE ONLY COOL THING IN SIGHT IN THE SHIMMERING 120-DEGREE HEAT.

THE DISPUTE IS OVER POSSESSION OF MISHMAR HAYARDEN, A SUNBAKED SETTLEMENT OF 200 JEWISH FARMERS ON THE BANKS OF THE MUDDY RIVER JORDAN. IT IS A PLACE LITTLE KNOWN OUTSIDE PALESTINE, BUT IT IS TYPICAL OF THE TESTING PLACES IN WHICH THE U.N. IS ATTEMPTPNG TO BRING PEACE TO THE HOLY LAND.

THIS IS THE STORY OF HOW THE FIRST HASTILY ASSEMBLED TRUCE TEAM IS TRYING, IN THE WORDS OF ONE AMERICAN NAVAL OFFICER ON THE INTERNATIONAL GROUP, TO "PUT OUT THE LITTLE FIRES WHILE COUNT BERNADOTTE (THE U.N. MEDIATOR) WORKS FOR PERMANENT PEACE."

IT WAS NOT AN IDEAL SPOT FOR SETTLING AN ARGUMENT. NEITHER JEWS NOR ARABS WOULD PERMIT ENEMY OFFICERS TO ENTER THEIR LINES. SO AT NOON TWO AUTOMOBILES BEARING WHITE FLAGS STARTED FROM THE FRONT LINES AND MET IN THE MIDDLE OF THE HALF MILE WIDE NO-MAN'S-LAND ON A TREELESS ROAD.

FROM A RIDGE WHERE SYRIAN SOLDIERS COULD BE SEEN WALKING AMONG NEWLY DUG TRENCHES CAME A STATION WAGON AND A RADIO JEEP BEARING THREE SYRIAN OFFICERS AND THREE UNITED NATIONS TRUCE OBSERVERS--SWEDISH COL.ERIC DELAVAL, U.S.ARMY LIEUT. COL. PAUL C.HOLLISTER OF HARLOWTON, MONT., AND U.S. MARINE MAJ.REGAN FULLER OF WASHINGTON, D.C.

FROM A LITTLE WOOD HELD BY THE JEWS, TWO CARS CARRIED TWO ISRAELI ARMY OFFICERS AND TWO U.S. NAVY OFFICERS ASSIGNED AS U.N.OBSERVERS. THEY WERE CAPT.D.THOMAS EDDY OF ANNAPOLIS, MD., AND COMDR.H.D. HUDLEY OF SAN FRANCISCO.

WHILE THE U.N.OBSERVERS MET, THE THREE SYRIAN OFFICERS STOOD ALOOF FROM THE TWO JEWISH OFFICERS. BOTH JEWS AND SYRIANS READILY AGREED TO BE PHOTOGRAPHED WITH THE U.N. OFFICIALS BUT BALKED AT BEING PHOTOGRAPHED TOGETHER.

THE DISCUSSION WAS IN A STRANGE MIXTURE OF TONGUES. COL.DELAVAL TALKED IN FRENCH TO THE SYRIANS, IN ENGLISH TO THE AMERICANS AND JEWISH OFFICERS AND OCCASIONALLY UNTHINKINGLY SWITCHED TO SWEDISH. THE SYRIAN OFFICERS STUCK TO FRENCH MOST OF THE TIME BUT CHATTERED IN ARABIC AMONG THEMSELVES. THE RANKING JEWISH OFFICER, A BRITISH ARTILLERY COMMANDER IN ITALY AND NORTH AFRICA DURING THE WAR, EXPLAINED THE SITUATION IN HEBREW TO HIS COLLEAGUE, CHIEF OF OPERATIONS OF THE LOCAL JEWISH UNIT.

A79

THE JEWISH OFFICER SAID THE SYRIANS ATTACKED MISHMAR HAYARDEN LAST FRIDAY AND FINALLY SEIZED IT AFTER THE CEASE-FIRE ORDER DEADLINE AT 10 A.M., LOCAL TIME, THAT DAY.

THE FIGHTING CONTINUED UNTIL THE FOLLOWING DAY, THE JEWISH OFFICER SAID, BUT THE SYRIANS CONTENDED THEY HELD THE TOWN AT THE TIME OF THE DEADLINE AND THAT IT WAS THE JEWS, AND NOT ARABS, WHO WERE RESPONSIBLE FOR THE FIGHTING AFTER THE HOUR OF TRUCE.

IN THE FACE OF THE CONFLICTING STORIES, DELAVAL FELL BACK ON THE OLD ADAGE THAT POSSESSION IS NINE POINTS OF THE LAW. HE ORDERED BOTH SIDES TO HOLD THEIR PRESENT POSITIONS WITHOUT FURTHER BATTLING. THE SYRIANS WERE ORDERED TO TEAR DOWN FIELD FORTIFICATIONS THEY HAD ERECTED ON A RIDGE.

THE JEWISH OFFICER PROTESTED STRONGLY AGAINST THE TOWN REMAINING IN SYRIAN HANDS. THE SYRIANS PROTESTED AGAINST DEMOLISHING THE FORTIFICATIONS.

BOTH SIDES SAID THEY WOULD HAVE TO REFER THE PROBLEM BACK TO THEIR GOVERNMENTS WHICH IN TURN WERE EXPECTED TO TAKE IT UP WITH COUNT BERNADOTTE AT HIS HEADQUARTERS ON THE ISLAND OF RHODES.

BATAVIA, JAVA, JUNE 16-(AP)-THE DUTCH SUSPENDED NEGOTIATIONS WITH THE INDONESIANS UNDER UNITED NATIONS GOOD OFFICE AUSPICES TODAY AND BLAMED A PRESS LEAK.

THE DUTCH SAID ADVANCE INFORMATION HAD BEEN PUBLISHED CONCERNING TERMS OF AN AMERICAN-AUSTRALIAN PROPOSAL FOR A SETTLEMENT OF DUTCH-INDONESIAN DIFFERENCES. IF THERE HAD BEEN NO PUBLICITY, A DUTCH SPOKESMAN SAID, THE NEGOTIATIONS WOULD HAVE PROCEEDED NORMALLY.

THE ANNOUNCEMENT SAID THE JOINT PROPOSAL HAD BEEN PRESENTED TO BOTH DR. HUBERTUS J. VAN MOOK, ACTING GOVERNOR GENERAL OF THE NETHERLANDS EAST INDIES, AND PREMIER MOHAMED HATTA OF THE INDONESIAN REPUBLIC. IT SAID VAN MOOK HAD INFORMED THE U.N. MEMBERS THE PROPOSAL WAS UNACCEPTABLE TO THE DUTCH. HE WAS QUOTED AS SAYING THE FACT IT HAD BEEN PUBLICIZED PUT A DIFFERENT COMPLEXION ON THE SITUATION AND THE NETHERLANDS DELEGATION HAD TO GET INSTRUCTIONS FROM THE HAGUE.

THE DUTCH SPOKESMAN IMPLIED HE THOUGHT THE LEAK WAS DELIBERATE.

THE AMERICAN-AUSTRALIAN PROJECT HAS BEEN KNOWN FOR SOME TIME, TOGETHER WITH THE FACT THAT THE BELGIAN GOOD OFFICES COMMITTEE MEMBER HAD DECLINED TO SUPPORT IT.

THE GOOD OFFICES COMMITTEE OF THE UNITED NATIONS, WHICH HAD BEEN SPONSORING THE TALKS, PUBLISHED THIS TEXT OF A DUTCH LETTER:

"I HAVE THE HONOR TO INFORM YOU, IN VIEW OF THE PUBLICATION OF A STRICTLY CONFIDENTIAL DOCUMENT HANDED BY (U.S. CONSUL GOERT) DUBOIS TO VAN MOOK ON JUNE 10, THE NETHERLANDS DELEGATION HAS REQUESTED INSTRUCTIONS FROM THE NETHERLANDS GOVERNMENT. PENDING RECEIPT OF THESE INSTRUCTIONS, THE NETHERLANDS DELEGATION THINKS IT ADVISABLE TO DISCONTINUE FOR THE TIME BEING DISCUSSIONS BETWEEN BOTH DELEGATIONS WITH THE EXCEPTION OF DISCUSSIONS CONCERNING THE IMPLEMENTATION OF THE TRUCE AGREEMENT."

THE GOOD OFFICES COMMITTEE SAID DUBOIS READ THE STEERING COMMITTEE THIS STATEMENT:

"I WANT TO SAY FOR THE RECORD I LEARNED FROM THE AMERICAN EMBASSY AT THE HAGUE THAT IT WAS REPORTED THAT AN ARTICLE BY DANIEL SCHORR OF TIME MAGAZINE OF SOME 4,000 WORDS WAS BASED ON AN INTERVIEW WITH ME. NOT ONLY IS THERE NO TRUTH IN THAT STATEMENT, BUT AT NO TIME BEFORE OR SINCE MY INTERVIEW WITH VAN MOOK LAST THURSDAY HAVE I OR ANY MEMBER OF MY DELEGATION DISCUSSED THE MATTER WITH ANY CORRESPONDENT OR ANYBODY ELSE OUTSIDE OF THE DELEGATION."

SCHORR IMMEDIATELY DECLARED HE HAD NOT WRITTEN SUCH A STORY FOR TIME AND HAD NOT WRITTEN 4,000 WORDS FOR ANY PUBLICATION. HE SAID HE HAD SENT TIME ONLY AN OUTLINE OF A PROJECTED STORY ON INDONESIA.

MOHAMMED ROEM, CHAIRMAN OF THE REPUBLICAN NEGOTIATORS, TOLD THE STEERING COMMITTEE HE FELT THE NETHERLANDS DELEGATION SHOULD HAVE GIVEN PRIOR NOTICE OF SUSPENSION OF NEGOTIATIONS UNDER RULES OF PROCEDURE. HE SAID NEITHER HE NOR ANY MEMBER OF HIS GROUP KNOWS ANYTHING ABOUT THE PUBLICATION OF ANY LETTER OR DOCUMENT.

JUN 1948

B70 Q

RAYMOND HERREMANS, BELGIAN MEMBER OF THE COMMITTEE AND CHAIRMAN OF THE MEETING, WAS QUOTED IN THE COMMUNIQUE AS SAYING IF THE AMERICAN-AUSTRALIAN DOCUMENT HAD BEEN DELIVERED TO THE PRESS, THIS WAS AN EVENT OF "EXCEPTIONAL SERIOUSNESS." HE SAID THE DEVELOPMENT "CALLED FOR PROCEDURE OF URGENCY, SO THAT ONE COULD NOT BLAME THE NETHERLANDS FOR NOT GIVING 24 HOURS NOTICE."

HE ALSO WAS QUOTED AS SAYING THAT HE "THOUGHT NO ONE WOULD SUFFER ANY INCONVENIENCE BY POSTPONEMENT OF THE CURRENT STAGE OF NEGOTIATIONS."

A REPUBLICAN STATEMENT WAS ISSUED A FEW HOURS LATER. IT SAID THE "FACT THAT THEIR (DUTCH) ACTION COINCIDED WITH THE ARRIVAL OF VICE PRESIDENT HATTA IN COMPLIANCE WITH AN INVITATION BY VAN MOOK GIVES THE IMPRESSION THAT THE DUTCH HOPE TO SIDETRACK THE PRESENT NEGOTIATIONS AND BYPASS THE GOOD OFFICES COMMITTEE BY STARTING DIRECT NEGOTIATIONS BETWEEN HATTA AND VAN MOOK."

THE STATEMENT SAID THAT IN ORDER TO "REMOVE SUCH NOTIONS," HATTA IS WILLING TO HAVE ONLY AN INFORMAL MEETING AND DOES NOT INTEND TO ENTER NEW DISCUSSIONS BYPASSING THE REPUBLICAN DELEGATION OR THE GOOD OFFICES COMMITTEE.

THE GOOD OFFICES COMMITTEE MET LATE THIS AFTERNOON. MEMBERS WERE REPORTED TO HAVE URGED THE COMMITTEE TO PUBLISH THE ENTIRE EXCHANGE OF COMMUNICATIONS AND ALL DOCUMENTS RELATING TO THE AMERICAN-AUSTRALIAN PROPOSAL.

SOURCES CLOSE TO THE COMMITTEE SAID A PUZZLING FACTOR IN THE DUTCH ACTION IS THAT THE DECISION TO SUSPEND NEGOTIATIONS WAS MADE APPARENTLY BEFORE THE ACTUAL PUBLICATION OF ANY NEWS DISPATCHES RELATING TO THE TERMS OF THE AMERICAN-AUSTRALIAN PROPOSAL. INDICATIONS ARE THAT THE DUTCH DELEGATION OF DUTCH AUTHORITIES KNEW THE CONTENTS OF DISPATCHES LAST NIGHT SHORTLY AFTER THEIR TRANSMISSION.

BATAVIA, JAVA, JUNE 16-(AP)-THE DUTCH GOVERNMENT TODAY REJECTED AN AMERICAN-AUSTRALIAN COMPROMISE PROPOSAL FOR A POLITICAL SETTLEMENT WITH THE INDONESIAN REPUBLIC. THE DUTCH THEN SUSPENDED NEGOTATIONS UNDER THE AUSPICES OF THE UNITED NATIONS GOOD OFFICES COMMISSION.

THE DUTCH SAID A PRESS LEAK CONCERNING DETAILS OF THE PROPOSED COMPROMISE WAS TO BE BLAMED FOR THE SUSPENSION OF NEGOTIATIONS.

A COMMUNIQUE FROM THE HAGUE, NETHERLANDS CAPITAL, SAID THE AMERICAN AND AUSTRALIAN MEMBERS OF THE U.N. GOOD OFFICES COMMISSION BY TAKING THE INITIATIVE IN PROPOSING A SOLUTION HAD HAMPERED RATHER THAN FURTHERED A SETTLEMENT.

"SINCE THE PROPOSAL WAS ORIGINATING FROM ONLY TWO OF THE THREE MEMBERS OF THE COMMITTEE IT COULD NOT BE CONSIDERED AS A COMMITTEE DOCUMENT," THE COMMUNIQUE ADDED.

RAYMOND HERREMANS, BELGIAN MEMBER OF THE COMMISSION, HAS REFUSED TO SUPPORT THE PROPOSALS ADVANCED BY U.S. CONSUL GOERT DUBOIS AND T.K. CRITCHLEY OF AUSTRALIA.

AN INDONESIAN REPUBLICAN STATEMENT SAID THE SUSPENSION OF NEGOTIATIONS BEFORE THE COMMISSION COINCIDED WITH THE ARRIVAL HERE OF VICE PRESIDENT MOHAMED HATTA FOR A CONFERENCE WITH GOVERNOR GENERAL HUBERTUS J. VAN MOOK. THE STATEMENT CHARGED THE DUTCH WERE TRYING TO BY-PASS THE U.N. COMMISSION BY UNDERTAKING DIRECT NEGOTIATIONS. THE INDONESIAMS SAID THEY WISHED TO DISABUSE THE DUTCH OF ANY SUCH HOPES.

THE DUTCH FAILED TO APPEKR AT A MEETING OF THE COMMISSION'S STEERING COMMITTEE TODAY, AND EXPLAINED THE ACTION WAS "IN VIEW OF PUBLICATION OF THE STRICTLY CONFIDENTIAL DOCUMENT" HANDED VAN MOOK BY DUBOIS ON JUNE 10.

THE DECISION APPARENTLY WAS MADE, HOWEVER, BEFORE ACTUAL PUBLICATION OF ANY NEWS DISPATCHES CONCERNING THE TERMS OF THE PROPOSAL.

SCHORR DENIED HE HAD WRITTEN SUCH A STORY FOR TIME AND SAID HE HAD NOT WRITTEN 4,000 WORDS FOR ANY PUBLICATION. HE SAID HE HAD SENT TIME ONLY AN OUTLINE OF A PROJECTED STORY ON INDONESIA.

A TIME SPOKESMAN IN NEW YORK SAID SCHORR'S STATEMENT WAS "CORRECT" AND THAT THE MAGAZINE HAS RECEIVED ONLY AN OUTLINE.

DUBOIS IN A STATEMENT TO THE STEERING COMMITTEE SAID "I WANT TO SAY FOR THE RECORD THAT I LEARNED FROM THE AMERICAN EMBASSY AT THE HAGUE THAT IT IS REPORTED THERE THAT AN ARTICLE BY DANIEL SCHORR OF TIME MAGAZINE OF SOME 4,000 WORDS WAS BASED ON AN INTERVIEW WITH ME. NOT ONLY IS THERE NO TRUTH IN THAT STATEMENT, BUT AT NO TIME BEFORE OR SINCE MY INTERVIEW WITH VAN MOOK LAST THURSDAY HAVE I OR ANY MEMBER OF MY DELEGATION DISCUSSED THE MATTER WITH ANY CORRESPONDENT OR ANYBODY ELSE OUTSIDE OF THE DELEGATION."

THE GOOD OFFICES COMMISSION SUCCEEDED IN GETTING A TRUCE SIGNED BY BOTH SIDES JAN. 17. SINCE THEN IT HAS BEEN WORKING WITH BOTH SIDES IN AN EFFORT TO REACH A PERMANENT POLITICAL SETTLEMENT.

NEW YORK, JUNE 16-(AP)-DESPITE "LOUD AND EXAGGERATED" CRITICISM, THE UNITED NATIONS REMAINS THE WORLD'S ONLY HOPE OF PRESERVING PEACE, CARLOS P.ROMULO DECLARED TODAY.

ROMULO, CHIEF OF THE PHILIPPINES U.N. DELEGATION, TOLD THE OPENING SESSION OF A WORLD CONFERENCE OF RELIGION CALLED BY THE CHURCH PEACE UNION AT TOWN HALL:

"EVEN HERE IN THE UNITED STATES, WHERE THE ORGANS OF OPINION AND INFORMATION HAVE NOT ALWAYS DEALT TOO KINDLY WITH THE ORGANIZATION, PUBLIC OPINION POLLS HAVE INDICATED A DEEP AND ABIDING CONVICTION THAT THE UNITED NATIONS, WITH ALL ITS SHORTCOMINGS, REMAINS TODAY THE ONLY HOPE OF ORGANIZING THE WORLD FOR PEACE."

ATTENDING THE THREE-DAY CONFERENCE ARE OVER 1,000 REPRESENTATIVES OF THE WORLD'S MAJOR RELIGIONS, INCLUDING CHRISTIANITY, JUDAISM, ISLAM, BUDDHISM, TAOISM AND CONFUCIANISM. IT WAS SUMMONED TO CONSIDER HOW RELIGIOUS FORCES IN ALL NATIONS CAN BE MOBILIZED INTO CONCERTED ACTION TO SUPPORT THE UNITED NATIONS, ITS LEADERS SAID.

ROMULO SAID THE UNITED NATIONS WAS NOT MERELY A PRODUCT OF POLITICAL NECESSITY, BUT A "VISIBLE PROJECTION OF ALL THE HIGHEST HOPES, IDEALS AND ASPIRATIONS" MAN EVER HAD.

"DESPITE ITS OBVIOUS AND ADMITTED IMPERFECTIONS, IT IS MARKED BOTH BY AN UNDENIABLE AUDACITY OF PURPOSE AND AN UNMISTAKABLE BOLDNESS OF DESIGN WHICH LIFT IT FAR ABOVE THE LEVEL OF ALL PREVIOUS ATTEMPTS IN INTERNATIONAL ORGANIZATION," HE SAID.

ROMULO SAID THE U.N. CHARTER IS NOT A COVENANT BETWEEN STATES OR GOVERNMENTS BUT ONE BETWEEN PEOPLES. HE ADDED:

"WE, THE PEOPLES OF THE WORLD, ARE THE UNITED NATIONS. THE U.N. AS A PEOPLES MOVEMENT IS OUR COLLECTIVE RESPONSIBILITY. WE ARE LEGALLY, MORALLY AND SPIRITUALLY INVOLVED IN THE DESTINY OF THE UNITED NATIONS. X X X THUS, THIS CONFERENCE HAS A DEEP AND TIMELY SIGNIFICANCE."

LAKE SUCCESS, JUNE 16-(AP)-A RUSSIAN VETO ON MAJORITY-APPROVED PLANS FOR WORLD ATOMIC CONTROL APPEARED PROBABLE TODAY IN THE SECURITY COUNCIL.

ANDREI A.GROMYKO, SOVIET DELEGATE, IS EXPECTED BY COUNCIL MEMBERS TO EXERCISE THE VETO IF THE COUNCIL VOTES ON AN AMERICAN RESOLUTION BACKED BY BRITAIN AND CANADA. THE COUNCIL MEETS AT 1:30 P.M. (EST.)

AN INFORMED SOURCE SAID GROMYKO HAS PREPARED A 15-PAGE SPEECH OUTLINING RUSSIA'S VIEWS ON THE WHOLE QUESTION OF ATOMIC CONTROL. IN THE U.N. ATOMIC ENERGY COMMISSION, HE HAS REPEATEDLY DECLARED RUSSIA'S OPPOSITION TO THE MAJORITY PLAN.

DR. PHILIP C. JESSUP, UNITED STATES DEPUTY ON THE COUNCIL, PUT BEFORE THE DELEGATES LAST FRIDAY A SURPRISE RESOLUTION CALLING FOR THE COUNCIL TO APPROVE THE CONTROL PROPOSALS FAVORED BY THE MAJORITY OF THE COUNCIL.

DR. JESSUP WAS SUPPORTED IMMEDIATELY BY SIR ALEXANDER CADOGAN, OF BRITAIN, AND GEN. A.G.L. MCNAUGHTON, OF CANADA. A VOTE WAS DELAYED BECAUSE GROMYKO WANTED TO SPEAK.

THE MAJORITY PLAN CALLS FOR A WORLD AUTHORITY WHICH WOULD SUPERVISE ATOMIC DEVELOPMENTS AT ALL STAGES. IT WOULD WAIVE THE SECURITY COUNCIL VETO ON PUNISHMENTS FOR VIOLATIONS OF THE ATOMIC CODE. IT WOULD ALLOW FULL INSPECTION TO DETERMINE THAT THE CONTROL PROVISIONS ARE BEING OBSERVED.

GROMYKO COUNTERED WITH A PLAN FOR A CONVENTION BANNING ATOMIC WEAPONS NOW. HE THEN PROPOSED THAT CONTROLS BE WORKED OUT LATER. HE REFUSED TO WAIVE THE VETO AND HAS NOT MADE IT CLEAR TO MAJORITY DELEGATES HOW FAR RUSSIA WOULD GO ON PERMITTING INSPECTORS WITHIN HER BORDERS.

REGARDLESS OF A VETO, THE ATOMIC PROBLEM WILL BE A HOT ISSUE AT THE U.N. ASSEMBLY MEETING IN PARIS SEPT.21.

THE U.N. ATOMIC ENERGY COMMISSION GAVE UP ATTEMPTS TO WRITE ATOMIC CONTROLS BECAUSE MAJORITY DELEGATES SAID, RUSSIA WOULD NOT AGREE EVEN ON TECHNICAL DETAILS. NOW THEY WANT FRESH INSTRUCTIONS FROM THE ASSEMBLY.

RUSSIA LOST A MOVE YESTERDAY IN THE SECURITY COUNCIL TO GET SOVIET MILITARY OBSERVERS INTO PALESTINE. GROMYKO FORMALLY PROPOSED THAT ALL MEMBERS OF THE 11-NATION COUNCIL EXCEPT SYRIA SEND MILITARY MEN TO HELP SUPERVISE THE FOUR-WEEK TRUCE.

ONLY THE SOVIET UKRAINE VOTED WITH GROMYKO AND THE PLAN WAS LOST. THERE WAS NO OPPOSITION BUT THE OTHER NINE DELEGATES ABSTAINED. COUNCIL MOTIONS NEED SEVEN AFFIRMATIVE VOTES TO PASS.

THE UNITED STATES, FRANCE AND BELGIUM -- MEMBERS OF THE COUNCIL'S CONSULAR TRUCE COMMISSION -- EACH SUPPLIED 21 MILITARY OBSERVERS TO HELP COUNT FOLKE BERNADOTTE AT HIS REQUEST. GROMYKO SAID THEIR PRESENCE IN THE HOLY LAND WAS ILLEGAL. HE BLAMED THE UNITED STATES FOR THE DEFEAT OF THE SOVIET PROPOSAL.

THE U.N. TRUSTEESHIP COUNCIL OPENS ITS THIRD SESSION HERE TODAY (10 A.M. EST).

UN-PALESTINE

LAKE SUCCESS,JUNE 16-(AP)-RUSSIA TRIED UNSUCCESSFULLY TODAY TO GET THE UNITED NATIONS TRUSTEESHIP COUNCIL TO CONSIDER CARRYING OUT PART OF THE PALESTINE PARTITION PLAN.

THE SOVIET MOVE TO RENEW DISCUSSIONS OF A STATUTE FOR JERUSALEM SNARLED THE COUNCIL'S OPENING SESSION AND DELAYED ADOPTION OF THE AGENDA FOR ALMOST TWO HOURS.

IN THE END, THE SOVIET PROPOSAL WAS DITCHED BY A PARLIAMENTARY MOVE WHICH PREVENTED A DIRECT VOTE ON THE ORIGINAL RUSSIAN MOTION TO PUT THE JERUSALEM STATUTE ON THE AGENDA.

INSTEAD, THE COUNCIL ADOPTED A FRENCH AMENDMENT WHICH SIMPLY CALLED ON THE DELEGATES TO CONSIDER THE "PRESENT STATE OF THE STATUTE OF JERUSALEM." THIS WOULD PERMIT DEBATE ON THE LEGAL STATUS OF THE STATUTE WITHOUT COMMITTING THE COUNCIL TO CONSIDER ANY ACTION TO PUT THE STATUTE INTO EFFECT.

THE VOTE ON THE FRENCH AMENDMENT WAS 4 TO 1, WITH FIVE MEMBERS ABSTAINING. VOTING FOR THE PROPOSAL WERE THE UNITED STATES, FRANCE, AUSTRALIA AND NEW ZEALAND. IRAQ VOTED AGAINST IT.

BELGIUM, IRAQ AND BRITAIN JOINED IN URGING THE COUNCIL TO AVOID ANY DISCUSSION OF THE PALESTINE QUESTION DURING THE PRESENT TRUCE.

Russ At Berlin Meeting After Earlier Walkout

KASTSCHKE

Berlin, June 17 (AP)—Three committees of the Allied *Kommandatura* for Berlin met today, with the Russians present despite their angry walkout last night from the *Kommandatura* itself, last function-four-power agency in the city.

They stalked out of yesterday's long session shouting: "There won't be any next meeting." Col. Frank L. Howley, the United States representative at that meeting, said he believed the Russians intend to boycott the *Kommandatura*, as they have the Allied Control Council for Germany since March 20. A Soviet walkout broke up that agency.

The *Kommandatura* is the administrative agency for the city of Berlin, a four-power island deep in Soviet-occupied territory. The Control Council is the four-power agency for governing all of occupied Germany. There were hints today that the Russians might be intending to revive the Council to sound off on the new six-power plan for a government in western Germany.

Procedure Normal

Kommandatura attaches said today's public works, finance and economy committee meetings proceeded normally. Nevertheless, British officials said they were prepared to accept the view that the Soviet walkout on the *Kommandatura* itself is final, until there are some indications to the contrary.

The first such indication probably will come on June 25, when the deputy commandants of the *Kommandatura* have a meeting scheduled. Col. Alexander Jolisarov, who led last night's walkout, is the man slated to attend the deputies session for the Russians.

The walkout, following a thirteen-hour session of the *Kommandatura* in which Soviet travel and transport restrictions were discussed, was not altogether unexpected. American observers said they believed the Russians had been working up to it for a long time, perhaps ever since they walked out of the Control Council.

More Red Curbs

This morning, the Russians announced they plan still further restrictions on German travel between their occupation zone and western Germany. They said such measures are necessary to keep out "money speculators and criminals" coming east to dump their money in the face of an expected currency reform in the western zones.

Soviet border patrols have been turning back hundreds of Germans daily for the past ten days, even though they carried interzonal passes hitherto considered adequate. The new announcement, distributed by the official Soviet news bureau, said there would be no restrictions on travelers on legitimate business or on "cultural errands."

At the same time, the Soviet military administration announced it had authorized two new political parties to operate in the Russian zone. One is the National Democratic party, designed to enrol former Nazis who had "found no political home among existing parties." The other is the Democratic Peasants party, which Russian-controlled newspapers say is dedicated to special efforts on behalf of the new small farmers created by a land-reform scheme in the Soviet zone.

West-Reich Pact 'Alarms' Poles

Berlin, June 17 (AP)—The Soviet News Agency said today Poland has requested a meeting of the Allied Control Council to express "alarm" at the six-power accord for a West German Government.

The four-power council has not met since March 20, when the Soviet delegation walked out and broke up the meeting.

Officials of the Allied secretariat, to which the Polish communication normally would go, said they had not received such a request.

Polish Note Quoted

The news agency quoted the Polish note as saying:

"The Polish Government considers it in the highest degree desirable to call immediately a meeting of the Control Council at which the council can express its views on the London decisions. Poland is ready to present its view at this meeting."

One Allied official said that since France, Britain and the United States participated in the London conference—with the Benelux powers—and had agreed to the decisions made there, the only other view to be presented would be that of the Russians, which already is known. The Russians say the London agreement is illegal. Poland is not a member of the council.

RUSSIANS COOL OFF IN BERLIN

Kommandatura Walkout May Not Lead To Breach

KASISCHKE

Berlin, June 17 (AP)—There were hopeful signs tonight that the Russian walkout on last night's Kommandatura meeting might blow over without a permanent rupture of the four-power city governing body.

The Russians clumped out of the meeting angrily and without waiting for a date for the next session to be set.

They charged that Col. Frank Howley, United States representative, left the meeting before it was adjourned and assigned his deputy to continue for him. They said he did so because he did not want to hear their labor legislation proposals. They demanded an apology.

Announced Beforehand

Howley said he had announced beforehand that he would have to leave the meeting—long-winded and bitterly debated—before midnight. He said his departure did not breach Kommandatura etiquette.

The Russians were plainly angry last night, but they had cooled off enough today to show up for three Kommandatura subcommittee meetings. These meetings proceeded normally and, so far as could be learned, there was no official mention of last night's unpleasantness.

Western observers noted that significant difference from the Russian walkout March 20 on the Allied Control Council, four-power governing body for Germany. They also boycotted subcommittee meetings of the council. Neither the control council nor any of its committees has meet since.

Deputies To Meet

Definite indications of ultimate Soviet intentions toward the Kommandatura may come June 23 when a meeting of the city's deputy commandants is scheduled.

If the Russians attend this meeting and participate in preparation of an agenda for another commandant's meeting, it would indicate they plan to continue efforts for four-power rule of the city.

In recent months tempers have been sorely strained in the Kommandatura as the Russians and Western powers clashed sharply on many issues. Agreements have been few and far between. Each side has accused the other of unilateral actions and "splitting the city."

Meanwhile American, British and French occupation chiefs met at American headquarters for discussions which were believed aimed toward putting into operation the London agreement to establish a federal German government.

Two New Parties Authorized

At the same time, however, the Russians said they plan even further restrictions on German traffic between their occupation zone and western Germany. The Russians said such steps are needed to keep out money speculators and criminals coming east to dump their unredeemable money because of an expected new currency issue in western Germany.

The British again rejected a Russian proposal for two-power talks on air safety regulations over Berlin and the Allied air corridor to the west. The British said the talks should be on a four-power basis.

The Soviet military administration announced it will authorize two new political parties to operate in the Russian occupation zone.

They are the National Democratic party and the Democratic Peasants party. The National Democratic party said several months ago it was formed to enroll thousands of former Nazis who so far "have found no political home among existing parties."

"Superficial" Damage

A British spokesman said twenty per cent of all railway freight destined for Berlin from western Germany has been turned back by the Russians because they regarded the rolling stock as defective.

The spokesman said the Russians were stopping freight cars because of "superficial" damage. He said the cars are not defective from a safety standpoint.

Most of the 250 freight cars stopped since last Sunday at Marienborn, Soviet checkpoint, were loaded with coal, he said.

Fritz Kuhn Recaptured in French Reich Zone

Ex-Bund Leader Caught Four Months After Escape From Dachau Internment Camp.

Munich, June 17 (A. P.).—Fritz Kuhn, former leader of the German-American Bund, was recaptured today more than four months after his flight from a German internment camp at Dachau.

Kuhn, 52, faces a ten-year sentence as a major Nazi offender. He was caught in the French Zone town of Bernkastel, near Trier, by German police.

In the police station here, the fallen fuehrer of America's Nazis told of his escape last February 4, while awaiting his denazification trial.

"The door was open, so I went through," Kuhn said.

Through With Romance.

Kuhn is now meek. He is finished even with romance, he told reporters. Soon after his escape, Miss Hedwig Mutz, a 32-year-old blonde waitress in an American Army snack bar, was fired because she said she and Fritz hoped to marry when his troubles were cleared away.

"I am staying with my wife, from now on," Kuhn said.

His wife, 49, lives in a Munich suburb with a daughter, Anne, 23, and a son, Walter, 20.

Kuhn was captured when he applied at Bernkastel for a chemist's license. The authorities there said he gave his name as G. Kuln, and its similarity to Kuhn aroused suspicion. Kuhn insisted he used his real name. The authorities said they identified him by his fingerprints.

Tells of Plans.

"I did not realize that under present conditions it is impossible to hide without false papers," Kuhn told the reporters.

He added that he had hoped to remain in the French zone and make an honest living by opening a chemist's laboratory.

Munich Police President Franz Pitzer told Kuhn: "If you hadn't worked for a guy like Hitler, you wouldn't be here today."

Kuhn replied: "Who would have known that it would end like this?"

Plans to Appeal.

Kuhn was tried by a denazification court in absentia. He called the sentence unfair and said he would appeal.

Kuhn's personal fortune except about $300 was ordered confiscated and the $1,200 costs of the trial were assessed against him. The amount of his holdings was not estimated.

Kuhn, convicted in the United States of embezzling funds of the German-American Bund, was deported to his native Munich in December, 1945. He worked for more than a year in a small factory as an industrial chemist. Then he was arrested and sent to Dachau by German authorities.

POLICE NAB KUHN NEARLY 5 MONTHS AFTER HIS ESCAPE

MUNICH, June 17—(AP) Fritz Kuhn, deported German-American Bund chief, was recaptured by German police today while trying to get a license to operate a chemist's laboratory, police disclosed today.

"If you hadn't worked for a guy like Hitler you wouldn't be here today," he was told by Munich Police President Franz Pitzer.

"Who would have known that it would end like this," Kuhn replied.

Kuhn was seized two days ago in the French Zone town of Bernkastel near Trier four and a half months after he escaped from Dachau Internment Camp where he was awaiting trial before a German denazification court.

He faces a 10-years at hard labor, the sentence the court handed down in his absence on April 20.

Kuhn said today he considered the 10-year sentence as a "major Nazi offender" was unfair and that he intended to appeal it.

Escaped Not Explained

How Kuhn escaped has never been officially explained, although there was an investigation, and the camp director, Anton Zirngibl, was fired.

Kuhn told reporters, "the door was open and so I went through."

He said his romance with blonde waitress Frau Hedwig Munz, employe of a U. S. Army snack bar, was "all finished."

"I am staying with my wife from now on," he declared.

The 32-year-old Munz woman was quoted by the Army newspaper Stars and Stripes at the time of his escape as saying she and Kuhn intended to marry "as soon as all this trouble is straightened out."

She was discharged from her job by the Army shortly after.

Kuhn's wife, 49, daughter Anne 23, and son Walter, 20, live in a Munich suburb.

Gave False Name

Police reports said Kuhn was arrested when he gave his name as G. Kuln of Munich in applying for the chemist's license. The similarity of the name, the address and appearance caused suspicion to be raised. He was identified by fingerprints and brought to Munich for questioning. There he denied using the name Kuhn.

Kuhn said he was trying to get the license to make an "honest" living.

The 52-year-old Kuhn was convicted in the United States on charges of embezzling bund funds and deported to Germany in December, 1945. He worked as a chemist for more than a year before German authorities arrested him to await denazification trial.

Students Protesting on Rations Diverted From Officer Mess

MUNICH, June 17 (AP).—Munich University students, marching in protest against their food rations, were diverted by American military police today when they headed toward an American Army officers' mess.

The students, 10,000 strong, had first marched to the German Ministry of Agriculture, demanding more food and carrying placards asking why students should eat less than legislators.

Heidelberg University students demonstrated yesterday for more food and cigarettes. Reports received here said there had been similar demonstrations by students in Wuerzburg, Erlangen and Regensburg.

DEPUTIES OUST NUN

Budapest, June 17 (A. P.).—Parliament today excluded Sister Margit Slachta from her membership in the House for a year for refusing to rise last night during the singing of the national anthem. The (Communist-controlled) body had just passed the bill nationalizing church-sponsored schools, and the deputies broke into song.

Sister Slachta, a leader of the Opposition Party of Christian Women, had spoken against the bill. Other deputies stormed at her and called her a traitor. Cardinal Mindszenty, the Catholic Primate, had led the opposition. The Catholics controlled 4,813 Hungarian schools.

President Zoltan Tildy signed the bill last night and it became effective immediately.

British Consider Calling Assembly

London, June 17 (AP)—The British Government promised tonight to examine the question of calling a European assembly.

Clement Attlee, Prime Minister, and Ernest Bevin, Foreign Secretary, issued a statement agreeing to study the step after a non-partisan group of twenty members of the House of Commons, led by Winston Churchill, marched up Downing street to No. 10 and presented the recommendations of the recent Hague conference. The conference proposed the calling of the assembly to draft a constitution upon which to build a United States of Europe.

Called Major Concession

The promise of Attlee and Bevin to examine "in particular" the proposal for convening the assembly appeared to be a major concession.

The Labor Government cold-shouldered the Hauge conference of European delegates at which Churchill presided. It permitted the attendance of members of the party but specified that they went without its blessing.

The Attlee-Bevin statement emphasized "the support of his Majesty's Government toward the goal of European unity"—an obvious reference to its role in promoting the five-power Brussels pact and the sixteen-nation program for European economic recovery and co-operation.

The group led by Churchill would go much further by calling a general assembly now.

Britain Warns Arabs On Palestine Blockade

London, June 17 (AP)—Britain has warned Egypt and Syria she regards their projected naval blockade of Palestine's coast as illegal, the Foreign Office announced today.

The two Arab countries recently sent notes to members of the United Nations, announcing their intention to seal off the Holy Land coast as a war measure against Israel.

The spokesman was asked whether Egypt and Syria have sufficient naval units and armament to maintain an effective blockade of Palestine's waters.

He replied: "I don't think so."

BRITISH RECOGNIZE DUTCH INDIES RULE

London, June 17 (A. P.).—A Foreign Office spokesman said today that Britain has accepted Dutch sovereignty over Indonesia. The Foreign Office has given all British diplomatic missions in the area instructions no longer to honor Indonesian Republican passports, he said.

In official Whitehall circles, this was taken to mean that Britain, in effect, has withdrawn her informal recognition of the Indonesian Republic.

Okay By France Makes German Plan Effective

Paris, June 17 (AP)—The National Assembly reluctantly approved today a six-power agreement to set up a semi-independent government in Western Germany, but tacked on six conditions intended to guarantee French security.

The final vote was 300 to 286, a margin of 14 for Premier Robert Schuman. The original tally was 297 to 289, with 26 abstentions, but later three North African deputies changed their positions.

French procedure permits a deputy to change his vote up to the time of its publication in the official journal.

The vote came after a bitter debate in which the Schuman Government was accused by the Communists and the far Right of failing to defend the national interests of France.

The other five governments involved—Britain, the United States, Luxembourg, Belgium and the Netherlands—previously had approved the plan.

A constituent assembly will be elected in the French, American and British occupation zones to set up a German government with the least possible Allied control. The plan also provides for six-power control of German industry and the Ruhr mines and for indefinite Allied occupation of Germany.

Russia, invited to put its zone in the same setup, rejected the whole idea as a violation of the Potsdam agreements.

Premier Schuman, in his Government's final appeal for French approval, declared that the time has come "to return to the Germans responsibility for direction of their internal affairs." That is the most conciliatory statement about Germany to come from any French statesman in years.

Six Conditions Appended

The deputies, nevertheless, decided that these six conditions were necessary:

1. The Government should try again for internationalization of the Ruhr mines and industry.
2. The Government should make certain that France will participate in control of German industry.
3. The Government should get an airtight agreement on guarantees of peace before any Allied troops are withdrawn from Germany.
4. The formation of a centralized Reich must be prevented.
5. The Government is to keep on trying for agreement with the Russians on Germany.
6. Efforts to organize Europe politically and economically must be stepped up.

Approval of the London accord also meant that the French now have taken the first step toward fusion of their German zone with American and British Bizonia.

100,000 French Workers Likely To Walk Out

Paris, June 17 (AP)—More than 25 French towns have been hit by a surge of strikes. Nearly 100,000 Frenchmen may be off the job by tonight.

At least 50,000 workers were idle yesterday, most of them in sympathy with strikers at Clermont-Ferrand, who were tossed out of a tire factory yesterday morning by police and state troopers. Acid, sling-shots to throw ballbearings and rubber clubs made in the factory were used as weapons in the bloody fighting there.

The rightist press accused the Communist-dominated General Confederation of Labor of taking orders from the Soviet-backed Cominform.

Called Diversionary Move

The Communist paper *Humanite* and the Radical *Franc-Tireur* accused the Government of beating up strikers in an effort to divert public attention from the real issue—failure of the Government to lower living costs.

Dispatches from the tire capital of Clermont-Ferrand today said conditions there were relatively quiet.

Police slept inside Bereougnan tire factory beside their stacked rifles. It was here that more than 200 persons were hospitalized in two bitter clashes yesterday between 30,000 Communist-led strikers and thousands of police and troopers. Another 400 persons were treated for injuries in their homes.

Factory Still Occupied

The big Michelin tire factory still is occupied by strikers, but the barricades were deserted at nightfall, a dispatch said.

Strikers have been called in metal trades, printing shops, tobacco companies, rubber factories and mines. Most demands are for a twenty per cent increase in minimum salaries.

Trucks, airplanes and trains carried police and troop reinforcements to Clermont-Ferrand all through the night. Five regiments of troops already are on the spot.

Paris Area Hit

First evidence that the strike wave is reaching Paris came last night when 4,000 railway workers at Villeneuve-Triage staged a 30-minute sympathy walkout. The town is ten miles from the French capital.

Similar demonstrations were staged at Colmar, at the textile mills of Roane and at the Government arsenal at Limoges.

In Marseille, 5,000 metal workers quit work. The strike began as a sympathy demonstration, but grew into a demand for a twenty per cent wage increase.

Other Strikes Reported

The strikes also spread through the towns of Tarbes, Belfort, Metz, Strasbourg, Saint Eloy, Brassac, St. Etienne, Angers, Quimper and Douai.

Although the current strike epidemic was following the same pattern as the strikes which rocked

30.24- 18557

France six months ago, when 3,000,000 workers left their jobs, veteran observers voiced doubt it would reach the same proportions.

"It's too near vacation time," one observer said. "No Frenchman wants to be off on strike when he's supposed to be paid anyway, enjoying his vacation."

Some Start Vacations

At Riom, just north of Clermont-Ferrand, workers affiliated with the confederation walked out in sympathy with the Bergougnan employés. Others, members of the Christian Workers Federation, joined the walkout movement by starting their annual vacations. In France, many factories shut down for the vacation period and employés all take their leaves at once.

At La Semme, about 150 carpenters and mechanics struck at the Mediterranean Foundry.

STRIKES SPREAD IN FRENCH CRISIS

Red Labor Group Calls One-Hour General Walkout for Tomorrow.

PARIS, June 17—(AP) The powerful, communist-dominated General Confederation of Labor (CGT) today called a one-hour general strike throughout France for Saturday in sympathy with striking workers in Clermont-Ferrand.

Token strikes, most of them only a half-hour or an hour long, continued to break out throughout France today as sympathy gestures toward the Clermont-Ferrand rubber employes.

Workers in many plants indirectly joined in the movement by starting their "vacations." In France many establishments close down and all employes take their vacations at the same time.

No Reports of Violence

But there were no reports of violence throughout the day and the conference table appeared to be replacing street fights in France's troubled labor situation.

In Paris, mobile guardsmen and police were posted around the Chamber of Deputies as many delegations of workers called on deputies. The workers protested against police activities during the rioting at Clermont-Ferrand, in central France, Tuesday night when 400 persons were injured.

Associated Press dispatches from Clermont-Ferrand, where the trouble began, said most rail and telephone facilities were still cut as local officials negotiated with labor and management to end the strike.

The Associated Press was forced to send its dispatches from the city by wirephoto because of a telephone tie-up.

At Clermont-Ferrand union and management officials worked to iron out their differences, begun as a request for wage increases.

100 Arrested

The two-day strike has resulted in the arrest of some 100 persons.

Clermont-Ferrand streetcars stayed in the barns for the second day. Passengers were taken from trains about four miles from town and brought in by bus.

The local confederation of labor's call for a general strike was ineffective, however, and about 30 per cent of the city's shops stayed open for business.

An official indicated police might be sent to eject up to 4,000 strikers still occupying the Michelin tire factory in Clermont-Ferrand.

It was the ousting of workers at the Bergougnan tire factory that caused Tuesday night's bloodshed.

In Belgium, more than 200,000 metal workers were still on strike today. They have asked a five per cent increase in salary. The strikes idled 2,400 iron and steel plants.

Reports from Antwerp, Liege and Charleroi indicated the strike is general in the industry.

Harriman Says Europe Needs Co-Operative

Paris, June 17 (AP)—W. Averell Harriman warned Europeans today they must create a co-operative organization among themselves if they want the Marshall plan to run its full course.

Harriman is America's roving envoy for the European Recovery Program. He told guests at a luncheon meeting of the American Club that the American people would be "gravely disappointed" unless a co-operative organization of Marshall plan nations was formed within four years.

Deputies Give Gasperi Big Vote Of Confidence

Rome, June 17 (AP)—The Chamber of Deputies gave Premier Alcide de Gasperi's new Italian Government a two-to-one vote of confidence last night.

The count, with 513 of the 574 deputies present, was 346 to 167. Government policy debate now moves to the Senate, which also must accord a vote of confidence before the Cabinet is fully established.

YUGOSLAVS STILL HOLD 5 AMERICAN SOLDIERS

TRIESTE, June 17—(AP) The U. S. Army said tonight the Yugoslavs still were holding five American soldiers and an Italian civilian as prisoners.

The six were seized Tuesday while cruising in an army launch in the Adriatic near Punta Grossa, Istria, a few miles below Trieste.

The Yugoslavs claimed the six had entered Yugoslav territorial waters.

Slavs Hold Five Americans Captive

Trieste, June 17 (AP)—Five Americans are officially reported prisoners of the Yugoslavs today. United States Army authorities said they were taken prisoner Tuesday, while aboard a motor boat off Punta Grossa in Istria.

Unofficial military sources said the Army expected the group to be returned today.

Civilian travelers from Istria said one of the captives is a civilian while the others are soldiers of the Engineers Corps. They said the Yugoslavs declared the motorboat entered Yugoslav territorial waters.

These informants said the boat was escorted to near-by Capodistria, where the Americans were detained. Punta Grossa is a few miles south of Trieste. It juts out into the Gulf of Trieste.

Pravda Sees Soviet Workers Gypped

London, June 17 (A. P.).—The Moscow radio today broadcast allegations made in Pravda that Russian industrial co-operatives were not giving "Ivan full value" for his roubles. "Doubtful elements, which infiltrated into co-operatives in certain places as a result of a negligent attitude in the selection of personnel, ar ing co-operatives for perso profit," Pravda added.

Greeks Mass Five Divisions For Drive On Guerrillas

Athens, June 17 (AP)—The Greeks massed five divisions today for the largest offensive yet against guerrillas, this time in the Grammos Mountains in the north.

The 2d Army Corps of Lieut. Gen. Panos Kalogeropoulos has been moved from Larisa in Thessaly to Kozane, in western Macedonia.

The 9th Division has been shifted from Trikkala to Ioannina to act with the 8th Division. The 15th Division at Kozane has been strengthened with commando units and the 2d Division has set up headquarters at Siatista. The 1st Division has been moving from Salonika into Macedonia for several days.

The 1st and 9th divisions fought in the successful battles last month in the Roumeli area.

Spitfires In Action

While the troops were deploying, 400 rebels struck at the village of Asproangeli, 12 miles north of Ioannina. Press reports said a battle started there yesterday and continued today. Details were lacking.

Spitfire fighter planes could be seen from Ioannina making scores of sorties in the Asproangeli direction. Greek reinforcements moved up.

Seven rebels were reported executed in Larisa. A military tribunal in Veroia sentenced seven others to death for shelling Naoussa in March. A press dispatch from Ioannina said a woman and seven men were sentenced to death there.

Gendarmes Trained

The Ministry of Public Order said 8,000 gendarmes were being trained to take over areas cleared of guerrillas.

A Government statement from Crete said rebel activity in Canea province has about ended. National forces were declared pursuing the last 60 survivors of 200 rebels who operated there.

Meanwhile, the Foreign Ministry announced today that the Greek and Bulgarian Ambassadors met in Washington yesterday to discuss re-establishment of diplomatic relations between this country and Bulgaria. It said a second meeting probably will be held today.

Greek Rebels Die

Athens, June 17 (AP)—Greek press reports said seven rebels were executed today in Larisa, seven others were reported sentenced today by a military tribunal in Veroia for shelling Naoussa last March.

Reds South Of Border Held Danger To China

Nanking, June 17 (AP) — China, fighting her own Communists in the north, is worried by Leftist activity among her southern neighbors.

Government leaders say strong Communist sentiment developing in other Asiatic nations might inspire a "second front" by now disorganized Red bands operating along China's southern borders.

Officials are watching affairs in Burma, where retiring Premier Thakin Nu is reported to have urged unification of all Communists under the Marxist banner.

Awaiting Information

A spokesman for the Overseas Chinese Affairs Commission said: "We are deeply concerned and are awaiting official information." A Communist Burma, he said, would upset present international relations.

Chinese officials also worry over activities of Communist bands along the Sino-Indo-Chinese border. These Red groups slip into China when pursued by French forces and cross into Indo-China when Chinese authorities are after them.

One official said development of strong Communist sentiment anywhere in Southeast Asia might cause Chiang Kai-shek's government to completely revamp its present program. His policy is to fight Communists north of the Yellow River while using South China as a reservoir of supplies and trained soldiers.

Stresses Danger

"An active Communist group in strength south of our own frontiers," the informant said, "would be as dangerous as a dozen new Communist divisions in the north."

Foreign Minister Wang Shih-chieh told the Executive Yuan (Cabinet) that China's relations with some Asiatic countries with which she was having disputes were being improved through United States mediation. The newspaper *Hsin Min Pao* quoted Wang as saying he expected anti-Chinese restrictions in both Siam and the Philippines to be eased by this means.

A Foreign Office source reported a formal Chinese protest over closing of Chinese schools in Siam was being withheld because "we expect an amicable settlement soon."

Nanking Reports Red Reverses

Nanking, June 17 (AP)—The Government offered a somewhat brighter outlook on its war against Chinese Communists today with these reports:

1. It has several hundred thousand newly-trained troops ready for battle.

2. Defenders of Tangshan, North China coal center, hurled back strong Communist attacks. More Government troops were on the way.

3. Garrison forces halted Communist assaults on Chengteh,

capital of Jehol province, and the Reds are continuing a general withdrawal started June 9.

4. On the Shantung front in Central China, Communists ceased attacks on Tzeyang, 100 miles south of Tsinan. However, they are concentrating forces north of the Lunghai railroad and west of the Tientsin-Pukow line in apparent preparation for a new offensive.

Lieut. Gen. Teng Wen-yi, Government military spokesman, said reports of the presence of the Communist commander in chief, Gen. Chu Teh, in Shantung indicated the Red high command was planning an important new move.

Barr Addresses Rotary

Maj. Gen. David Barr, commanding the United States Army Advisory Group, told the Nanking Rotary Club today:

"China needs a strong army to maintain her place in the modern world. The United States feels that by helping China we are helping ourselves and other democratic peoples of the world."

Reports from Hankow said police arrested 100 Communist suspects in a house-to-house search. Gen. Ho Cheng-chuen, former Governor of Hupeh, told Hupeh councilmen "you should not hide the fact" the Communists control 40 of the 104 districts in that Central China province. He asked the National Government to send more troops.

Students Deface U.S.-Food Ration Cards

Peiping, June 17 (AP)—Seventeen students of National Peking University today defaced cards entitling them to rations under the United States China relief program.

They did so, they said, in protest against a recent speech by John M. Cabot, American consul general, at Shanghai, Cabot, now in the United States, criticized Chinese students for anti-American agitation.

The students tacked their ration cards on a wall with a notice: "Give America back her relief supplies. We would rather die of hunger. Take your supplies back home."

U.S. 1st Cavalry To Simulate Quake

Tokyo, June 17 (AP)—The United States 1st Cavalry Division likes to do things in a big way.

In the early days of the occupation, it erected billboards to let everyone know it was "the first to enter Tokyo."

The division announced today it will put on an earthquake emergency drill at Camp Drake tomorrow—but not an ordinary one.

It will stage a "re-enactment" of the September 1, 1923 'quake which devastated Tokyo and took 44,000 lives. The division didn't say exactly how this would be done.

Two Fined $1,600 On $1,200 Jap Deal

Yokohama, June 17 (AP)—The books won't balance for two American seamen, Clarence N. Hohannan, 28, of Vallejo, Cal., and Robert W. Talburt, 22, of Toledo, Ohio.

A court - martial prosecutor charged that they obtained 300 cartons of American cigarettes from the crew of a merchant ship and sold them to a Japanese at $4 per carton, or a total of $1,200.

The court found the seamen guilty today of illegal sale of cigarettes. Its fine: $800 apiece. The two youths are stationed aboard the LST 531 here.

Mediator To See Jews On Permanent Peace

Cairo, June 17 (AP)—Count Folke Bernadotte took off for Tel Aviv today to talk with Israeli leaders about permanent peace plans for Palestine. The first week of a 28-day armistice ends tonight.

Bernadotte, mediator for the United Nations, has been talking with Arab leaders here for the last two days.

Just before he left, a letter he wrote to Premier Mahmoud Fahmy Nokrashy Pasha was made public, promising the military situation in the Holy Land will be restored to what it was when the truce took effect.

Gives Formal Assurance

Bernadotte's letter, in response to Nokrashy's complaints of Jewish truce violations on Palestine's southern frontier, said:

"I can give you formal assurance that necessary measures will be taken toward restoring the military situation to what it was June 11, 1948, at 0600 G.M.T."

In Tel Aviv, Bernadotte intends to ask Israeli authorities whether they plan to send consultants to his headquarters on Rhodes. He said the Arabs have promised to send four experts there next Monday.

Not Arab Representatives

Abdel Rahman Azzam Pasha, secretary of the league, emphasized that the experts will not represent Arab countries but merely will supply Bernadotte with data and documents he may need.

Bernadotte pointed out that sending experts to Rhodes does not mean there will be a conference of Jews and Arabs. The Arabs already have turned down any such talks.

"If we get suggestions we think are just, we will send them to the different parties and they will study them," Bernadotte said.

Returning Tomorrow

He plans to return to Rhodes tomorrow.

The Israeli Government, meanwhile, accused Britain of diverting fuel oil to Arab states by shutting off the pipeline from Arab countries to Haifa. A spokesman said Israel may appeal to the United Nations Security Council to prevent the British from removing remaining oil reserves to refineries in Lebanon.

In a 2-000-word statement condemning the pipeline shutdown, the Foreign Office said the Israeli Government "is becoming more and more convinced that what is happening is not just a commercial readjustment but definitely part and parcel of a scheme to intervene, to put it mildly, in the Jewish war effort and to load the dice against us."

E.R.P. Held Upset

The statement declared the shutdown would have a serious effect on the European recovery program. The oil involved is produced in Arab countries and piped to Haifa and Tripoli, in Lebanon. The Haifa leg of the pipe was shut down after the Jews seized Haifa.

In Jerusalem, an official Jewish source said last night that movement of the official United Nations food convoy toward Jerusalem has been delayed, "owing to inaccurate information given by the Arab Legion to the truce commission."

The spokesman said the legion told the commission that only minor repairs were needed to make the Bab el Wad section of the Tel Aviv—Jerusalem highway passable for convoys.

"It now transpires," he said, "that this section of the road was severely damaged in many places, necessitating complicated repairs."

Americans Want To Leave

A United States consular source said about 70 to 100 American citizens, now living in Jerusalem, want to leave. They have been asked to register with the United States consul general. Efforts will be made to help them, although no assurance can be given as to when they will get transport.

Syrian and Jewish army officers met under a flag of truce in Galilee Tuesday. They discussed conflicting claims with United Nations mediators. The main dispute was over possession of the Jewish settlement of Mishmar Hayarden.

In Amman, capital of Trans-Jordan, Jean Courvoisier, International Red Cross representative, said last night that 1,700 Arab women and children will be released tomorrow from Jewish custody. They now are interned at Tantura, south of Haifa.

Japs Are Refused Saipan Temple Bell

Tokyo, June 17 (AP)—Japanese who once lived on Saipan asked if they could have a bell from a destroyed Buddhist temple there. Allied headquarters said no. This is why:

1. Japan would have to use dollars from her foreign trade to pay the freight.

2. Such dollars would come out of the American taxpayers' pocket.

3. United States taxpayers already are pouring millions into Japan's relief and economy.

Hodge's Protest Gets No Light

Seoul, June 17 (AP)—The Russian commander didn't budge from his power policy—but he finally answered an American letter.

Maj. Gen. S. P. Merkulov, new commander of the Soviet occupation zone in North Korea, wrote a flat refusal to resume supplying power to American-occupied South Korea. The switches were pulled May 14.

Korotkov Is Replaced

Lieut. Gen. John R. Hodge, American occupation commander, made the Russian reply public. It was the first official communication in months from the Russian in answer to Hodge's numerous requests and protests.

Merkulov recently succeeded Lieut. Gen. G. P. Korotkov, who coldly ignored his mail from the south. Korotkov returned to Moscow.

But Merkulov laid down the same terms Korotkov had: negotiate with the puppet North Korean People's Committee, or not at all. Hodge insists that is a left-handed attempt to get the United States to recognize the Russian puppet.

The status? Still no northern power for South Korea. However, steam plants and military power installations are keeping wheels turning.

2 G.I.'s In Japan Sentenced

Osaka, Japan, June 17 (AP)—Two American soldiers today were sentenced to life imprisonment for the slaying of a Japanese. Privates Irwin A. Keaton, Sanford, Maine, and Samuel B. Thomas, Zell, S.D., were convicted by a 25th Division court-martial of striking Mitsuro Shinkai on the head with a rock April 19.

State Asks Malaya For Emergency Rule

Singapore, June 17 (AP)—The Government of Perak state, where three European planters were murdered yesterday, asked the Malayan Federal Government today to declare an emergency in the whole state.

An emergency was declared in two districts of the state yesterday, as well as in all of Johore state.

At Kuala Lumpur, the Federal Executive Council held a special meeting to study current widespread lawlessness and terror in Malaya, which some officials say is Communist inspired.

Federal police said they had identified the slayers of the three planters as members of Lui Pong Pai, which they described as a Communist "gang." Latest reports from Perak said the situation is quiet.

Police arrested 46 Asians last night in a raid on two Communist-controlled newspapers in Kuala Lumpur. Charges against them were not made public.

Chungking Swept By Rice Riots

Nanking, June 17 (AP)—More than 5,000 angry Chinese stormed through Chungking for six hours today, looting 30 rice shops. Gendarmes used bayonets to disperse the mob. The looting started after the price of rice doubled.

Police arrested about 200 rioters.

At Shanghai, authorities tried to keep the rice price pegged. They assigned squads of police to patrol rice-shop districts.

The prices of flour, rice and other commodities jumped to record heights in Peiping. The city's mayor, Ho Sze-yuan, appealed to Nanking to lift restrictions on food shipments to North China.

In Tientsin, the price of flour has gone up 70 per cent in the past fortnight.

Japanese Princess Barred From Offices

Tokyo, June 17 (AP)—The Cabinet today barred Imperial Princes with former military service from heading any public or social organization—not even as honorary president.

Subject to the ruling are the Emperor's brothers: Prince Chichibu, honorary president of the Japan Amateur Athletic Association, and Prince Takamatsu, president of the Japan Red Cross Society.

Since war's end, all former military personnel have been prohibited from holding public office. The Cabinet decided not to except the Princes.

Doubts Sentry Killed Marcus

Israeli Spokesman Says Inquiry Doesn't Substantiate Report

TEL AVIV, Israel, June 17 (AP).—An Israeli spokesman said today that an investigation has failed to substantiate reports that David Marcus met his death when he answered a sentry's challenge in English.

Mr. Marcus, war-time American colonel and former New York Commissioner of Correction, was killed June 10 while acting as supreme commander of Israeli forces on the Jerusalem front. His body has been brought to Tel Aviv, where arrangements will be made to fly it back to the United States.

The exact circumstances of his death have not been disclosed. The best available unofficial information is that he was struck by a stray bullet.

Rhodes Speeds Its Plans For Palestine Conference

RHODES, June 17 (AP).—The island of Rhodes is making great preparations, from installation of new communications equipment to provision for entertainment, for the proposed Arab-Jewish peace conference.

Themistocles Christian Tsopoulos, of the Greek Foreign Ministry, said the government at Athens has been asked to send a troupe to give an exhibition of Greek folk dancing, ancient and modern. A special chorus has also been requested for the entertainment of Count Folke Bernadotte, United Nations mediator, his staff and the Arab and Jewish delegations.

Special telephone lines are being strung through the trees and the giant blooming bougainvillea bushes which tumble across the island's tall stone walls. Four lines are being put into County Bernadotte's headquarters in the Hotel des Roses, which had only one before.

Western Amity Is Still Sought By Burmese

Rangoon, Burma, June 17 (AP)—Burmese Foreign Minister U Tin Tut said today Burma does not want to "relax friendship" with Britain and the United States, despite professions of Leftist unity.

In a speech to followers of his United Left party Sunday, Premier Thakin Nu urged insurgents to declare their belief in Leftist unity and join the United Front.

"We don't want to relax friendship with Britain and America," Tin Tut declared today. "We want to extend sphere contacts. No question of dropping old friends for new.

"Marxism Permitted"

"Thakin Nu's belief in his program wouldn't interfere with Anglo-Burmese unity," Tut added.

In his speech Sunday, Thakin Nu uttered such statements as: "Capitalism must go. No foreigners must dominate Burma politically or economically. Burma would benefit from close economic and friendly association with Russia. The political ideologies of the Western powers offer nothing to Burma. Propagation of Marxism must be permitted."

Tin Tut said no Communists will be included in the Burmese Cabinet, but he added that the Government would not object to a profession of communism.

Reds Break Coalition

Thakin Nu, oddly enough, is leading Government efforts to crush rebelling Communists who took up arms against his Government several months ago.

The Communists broke with the coalition now governing Burma under the leadership of the anti-Fascist People's Freedom League.

Thakin Nu is president of the league and leader of the United Left party.

Advice Sought In Dutch, Indo Discussions

Batavia, Java, June 17 (AP)—The Dutch Information Service said today Dutch-Indonesian face-to-face talks have been suspended until negotiators consult their governments.

The Netherlands Government yesterday turned down an American-Australian compromise proposal for a political settlement with the Indonesian Republic and suspended negotiations under the auspices of the United Nations Good Offices commission.

The Dutch blamed an alleged press leak concerning details of the proposed compromise for suspension of those negotiations.

In Friendly Vein

The Information Service said the talks between Dutch Governor General Hubertus J. Van Mook and Indonesian Premier Mohamed Hatta had been conducted "in a friendly atmosphere and concerned all the main points about which differences of opinion between the Dutch and republican delegations have arisen."

"As a result of the discussions, both statesmen will consult their governments in order to determine in what manner the differences might be solved."

Backs Compromise

The Indonesian Republic issued a communiqué declaring the republic's support for the American-Australian compromise proposal. The communiqué called the compromise:

"One good means that can serve as a basis for continuing discussions to find a settlement for the dispute and achieve the desired political agreement."

The communiqué said the republic insists that continued intercession by the Good Offices Commission is necessary to achieve a final settlement.

Pakistan Red Shirt Leader Gets 3 Years

Karachi, Pakistan, June 17 (AP)—The Red Shirt leader of Northwest province frontier, Abdul Gaffer Khan, was sentenced today to three years imprisonment for sedition against the Dominion of Pakistan.

Gen. Abdul Kayum Khan, Premier of the province, said his Government was prepared for any emergency that might arise "or be created by followers of Abdul Gaffer."

The Red Shirt leader was arrested yesterday.

Tehran Demonstrators Injured By Shots

Tehran, Iran, June 17 (AP)—Moslem demonstrators clashed with police and the military in Parliament Square today. Shots injured a number of persons.

Since Abdul Hussein Hazhir's nomination to the Premiership by the Majlis (Parliament) last week, demonstrations have been held in Tehran by followers of Seyed Abolghassem Kashani, Moslem leader who conducted protests against Palestine Jews last month.

Today when a crowd carrying the Koran—the Moslem Bible—tried to enter the Parliament building, they were stopped. The clash resulted.

50 Chinese Jailed By Police In Siam

Bangkok, Siam, June 17 (AP)—Siamese intelligence agents have arrested 50 Chinese in raids on Chinese secret societies here. Those arrested, charged with engaging in political activity, included 20 teachers.

Some of the societies raided were pro-Kuomintang, others Communist. Police said most of those arrested face deportation.

Indian Letters Simplified

NEW DELHI, June 17 (AP).—Independent India no longer will sign official letters with: "I have the honor, sir, to be your most obedient servant." "Yours faithfully" will have to do, the government declared today.

Canadian Employes Checked For Loyalty

Ottawa, June 17 (AP)—Canada is making new security and loyalty checks of employés in her national defense and foreign office departments.

A spokesman said employés, from the highest to the lowest, have been told to fill out detailed forms on family background, affiliations, religion and other personal details.

He said the main purpose is to gain additional personnel information, but acknowledged that a loyalty check is another aim of the program.

House Approves Delay Of Draft Until 1949; Senate Filibuster Seen

FOES OF BILL ASK INTENSIVE DRIVE FOR VOLUNTEERS

Marcantonio Balks Final House Action with Parliamentary Maneuver.

DEBATE IS HEATED

Taylor's Filibuster Threat Perils Plans for Saturday Adjournment.

WASHINGTON, June 17 — (AP) The house recessed without final action on the draft bill tonight after voting, amid furious debate, to postpone the beginning of selective service until 1949.

Threatening congress' plans to adjourn for good on Saturday night, Senator Taylor (D-Idaho) announced he would try to talk the draft bill to death.

But Senator Taft of Ohio, the Republican senate leader, said if a filibuster develops congress will come back after the GOP national convention next week.

Marcantonio Delays Action

Chances for the house completing action tonight vanished when Rep. Marcantonio (ALP-NY) announced he would demand an engrossed copy of the bill before the final vote.

An engrossed copy is a specially printed copy carrying all changes made in the bill during debate. It would take a long time to prepare one, and Marcantonio said frankly his purpose was to delay passage of the bill.

Taylor is Henry A. Wallace's potential running mate and Marcantonio is supporting Wallace for president.

During house battling over the

draft bill, backers of the measure produced a statement quoting Secretary of State Marshall as saying that backing away from "our present line of action for the security of the United States" might mean war.

During the afternoon, in a debate so hot that voices some times rose to screams, the house tentatively accepted, 125 to 90, an amendment to put off inducting any men for the armed services until after next Jan. 31.

Offered by Rep. Shafer (R-Mich) the amendment provides that the selective service law would go on the books now. But registrations and inductions could not start until February, 1949, at the earliest, and then only if the president determined that men were not volunteering in sufficient numbers.

Recruiting Campaign

Between now and February, the armed forces would be directed to make an intensified recruiting campaign.

This blow to sponsors of the bill to make men 19 through 25 subject to the draft was not the only one in prospect. Senator Taylor (D-Ida.) Henry Wallace's running mate, announced that he was ready to filibuster against the bill on the senate side.

Meantime Secretary Marshall held a secret session to discuss the world situation with the House Foreign Affairs Committee. In the house debate, foes of the draft said they understood Marshall had stated that there was no danger of war.

Rep. Eaton (R-NJ) later took the floor to deny that Marshall had made that statement. Eaton said:

"In response to an inquiry I addressed to Secretary Marshall this afternoon by telephone, I am authorized to say that in the secretary's judgment 'it is quite clear that recessions from our present line of action for the security of the United States would be most unfortunate and might lead to what we are trying so hard to avoid—that is war.'"

The vote on the Shafer amendment was a climactic event of the afternoon session of the house.

A Non-Record Vote

The vote, a non-record one, was tentative in that it was subject to a formal rollcall later. But the temper of the house, which voted last night to cut the term of service from two years to one, gave little indication of a reversal. In fact some legislators believed that before it got through the house might decide against any draft at all.

Arrayed against it was an unusual coalition. It included such Henry A. Wallace supporters as Senator Taylor and Rep. Marcantonio (AL-NY) and men to whom Wallace is anathema, such as Rep. Rankin (D-Miss) and Rep. Rich (R-Pa.)

Taylor, Wallace's vice presidential running mate, told newsmen that he intends to filibuster if the draft issue reaches the senate again in the waning hours of this congress, due to adjourn Saturday night.

(The senate has passed a measure far different from the house bill, as now amended. If the house passes its bill, a conference committee will draft a compromise, which will then go back to the two chambers for ratification.)

Taylor said:

"The draft should be a campaign issue and I intend to do everything I can to see that the bill does not pass at this session."

Taft Challenges Taylor

But Senator Taft (R-Ohio) retorted that Republican leaders were "certainly not" going to let a filibuster kill the draft bill.

"We are not going to let Taylor say what we can pass and what we can't," Taft told reporters. "We will come back if we have to."

This would mean that congress would not adjourn Saturday, but only recess for the Republican National Convention beginning Monday, then come back for final action on the draft.

The Shafer amendment to postpone the Draft until 1949 replaces one approved yesterday to defer drafting for 90 days after enactment of a selective service bill.

Shafer Denies Emergency

Shafer in arguing for his amendment today, said there is no immediate emergency requiring a draft.

Rep. Rankin (D-Miss) another draft bill foe, demanded to know whether Secretary of State Marshall told members of the house foreign affairs committee in a closed session today that there is no danger of war.

Rankin, not a member of the committee, said Marshall told the group in an 80-minute session that "there is no danger abroad."

Rep. Andrews (R-NY), chairman of the House Armed Services Committee, and Rep. Kilday (D-Tex) led a losing fight to halt the piecemeal chopping up of the bill. But the house was in no mood to listen to them.

Army Leaders Assailed

Supporters of the Shafer amendment accused the army of allowing its officers to lead immoral lives, of failing to be aggressive in its recruiting, of raising its standards of admission too high and of trying to impose militarism on the American people.

Andrews and Kilday, aided by Johnson (R-Cal) and a scattering of other congressmen tried to meet the barrage.

Rep. Hoffman (R-Mich) said he believed army officers were as moral as any other group.

But, he said, some officers committed bigamy or concealed divorces to marry Catholic girls. The army had refused to take action against such officers, he said, pleading non-interference in private affairs.

"Clean house," he shouted, "and the army will get enough men!"

'I'm not interested in the extra-sexual affairs of army officers," snapped Kilday in rebuttal. "Perhaps the gentleman from Michigan is. I'm a family man. You're either for the bill or against the bill. Postponing it to January 31 serves no purpose."

Rep. Rich (R-Pa) followed Miller as a chain of one-minute speeches were made.

Heated Debate Waged

"We are in a bad fix today," he said. "and the reason why is the army has such a hold on members of congress they are afraid to do anything the army doesn't want them to."

"Just wait," he practically screamed while Andrews vainly tried to interrupt him, "until the army gets a hold of the whole country. I don't want to send any boy to war. I think it is un-American."

Sponsors of the draft legislation, jolted by passage of the Shafer amendment, didn't even raise a good chorus of "no" to another amendment slipped in right behind it.

Rep. Rees (R-Kans) sponsored and won by a voice vote the dropping of the army general classification test mark from 80 to 70. The army was sharply criticized for rejecting one-third would-be recruits.

An amendment by Rep. Gavin (R-Pa) to allow recruiting of 100,000 aliens in the U. S. armed forces was voted down 77 to 24. The senate draft bill would provide for taking up to 25,000 aliens in the army.

House Nullifies Third Veto In One Week

Washington, June 17 (AP)—Congress made history today by passing major legislation over President Truman's veto for the third time in four days.

The No. 3 bill is one letting railroads make rate agreements of a kind now barred by anti-trust laws.

Final action was completed by the House. The Senate overrode the veto 63 to 25 yesterday.

The House vote was 297 to 102. This was 31 votes more than the two thirds needed to make the measure law over Mr. Truman's objections.

Congressional officials said three vetoes slapped down within a week is a record not equalled by any other Congress.

Earlier this week Congress knocked down vetoes of a social security bill and an appropriation bill transferring the United States Employment Service from the Labor Department to the Federal Security agency. Both now are law, along with the railroad bill.

Gives Rate Leeway

The railroad bill says railroads and other surface carriers cannot be prosecuted under the anti-trust laws for getting together and making agreements on rates and fares, provided the agreements are approved by the Interstate Commerce Commission. The ICC is the Government's agency for regulating railroads.

When Mr. Truman vetoed it, he called the bill "inconsistent" with a "vigorous anti-monopoly program."

Last Monday the Senate and the House passed over the President's objections a social security bill.

Democrats Join GOP

Yesterday the two branches nullified his veto of a $975,914,700 appropriation bill which the President rejected because it transfers the United States Employment Service from the Labor Department to the Federal Security Agency.

A liberal sprinkling of Democrats joined Republicans to rebuff the President. There are no other big vetoes in sight.

While southerners championed his rate-bill veto in the Senate, a different story was expected in the House.

The rate bill is the one hundred and thirty seventh Mr. Truman has vetoed since he became President. Most of them were minor measures.

He vetoed 76 bills during the 1945-46 Congress in which the Democrats had a majority, and all stuck.

The first session of the GOP-controlled Congress overrode his veto of the Taft-Hartley labor law but upheld him on 31 others. During the present session, Congress has received 29 vetoes.

SENATE VOTES AIR FORCE AND ARMY BIG SUM

Supply Measure Calls For $6,915,676,052, Boost Over House Funds

Washington, June 17 (AP)—The Senate approved a $6,915,676,052 spending program for the Army, Air Force and related defense agencies tonight.

The measure carried by voice vote and was sent to the House. It is $405,737,052 more than the House approved.

The bulk of the money—$5,924,365,052—goes to the Army to build up its ground forces for national defense. The Air Force is down for $904,811,000. Lesser sums go to the Office of the Secretary of Defense, the National Security Council and the National Security Resources Board.

Fulbright Wins Point

Senator Gurney (R., S.D.), in charge of the bill, won Senate acceptance of $76,000,000 for Army construction after the bill reached the Senate floor.

Actual approval of the huge fund required about seven minutes but Senator Fulbright (D., Ark.) delayed actual passage with a successful attempt to knock out a rider that he said bars Army purchase of margarine.

Fulbright said that Republicans are not allowing a vote on the House-approved repeal of Federal taxes on margarine. He urged the Senate to at least knock out the rider that has been contained for many years in most appropriation bills. The Senate agreed to his request by voice vote.

Navy Supply Bill Completed

Earlier in the day the Senate and House completed congressional action on a $3,749,059,259 bill for the Navy Department. Both branches of Congress accepted a compromise at this sum, as compared with $3,927,738,700 asked by the Navy.

The approved Navy funds includes money to build a 65,000-ton aircraft carrier—the largest ever—that will cost $127,000,000.

Joint Discussion Set To Decide E.R.P. Scope

Washington, June 17 (AP)—The multibillion-dollar foreign-aid program headed for a final showdown today.

A Senate-House conference committee was called into session to decide how much the United States will spend to help sixteen European nations, Japan, China and Korea on the road to recovery.

A lively verbal fight appeared certain before the conferees emerge with the finished bill—a compromise between the sharply conflicting Senate and House versions. Each chamber still must ratify the conference report, but with the rush to adjourn Congress Saturday this becomes a mere formality.

House Cut Program

The House took the Administration's proposed $6,533,710,228 program, spread it from twelve to fifteen months, and in effect whittled off about $1,433,000,000. Also the House inserted several restrictions on how the money was to be spent.

The Senate took a very different

30.24- 18561

view of the foreign needs: It changed the program back to twelve months and restored an estimated $1,175,000,000 of the House cuts, in addition to knocking out some House restrictions.

The major differences to be settled are these:

1. The Time—Whether the program will be a twelve or fifteen month program.

2. European Recovery — The Senate voted the Economic Cooperation Administration $4,000,000,000 in addition to $1,055,000,000 already received. Senator Bridges (R., N.H.), Appropriations Committee chairman, says this is equal to a $950,000,000 boost over what the House gave ECA.

3. Government and Relief In Occupied Areas—The Senate approved $1,325,000,000 or about $75,000,000 more than the House.

4. China Aid — The Senate voted $460,000,000 to be spent in twelve months. Of this amount, $125,000,000 is for military purposes. The House program was $320,000,000.

5. Greek-Turkish Aid — The Senate, $250,000,000; the House $200,000,000.

6. International Children's Emergency Feeding—The House $40,000,000; the Senate $20,000,000.

7. The Senate set a $75,000,000 ceiling on the amount of farm machinery to be exported from the United States to Europe. The House limit was $50,000,000.

D.P. MEASURE COMPROMISE IS PROPOSED

4 Members Of Senate-House Group Refuse To Approve Bill

Washington, June 17 (AP)—Senate-House conferees agreed tonight on a compromise bill to let 205,000 homeless Europeans into this country during the next two years.

The bill, which now goes back to both houses for final action, also would allow up to 15,000 aliens now visiting in this country to remain as permanent residents.

Two of the seven House conferees and two of the five senators refused to approve the compromise, which eases some of the restrictions voted earlier by the Senate but retains others.

Senate Provision Retained

As approved by a majority of the conferees, the bill provides for the entry of 200,000 "eligible" displaced persons, 2,000 persons who fled Czechoslovakia after the Communists took over, and 3,000 orphans under 16.

They kept the Senate provision that "eligible" D.P.'s are those who entered German or Austrian occupation zones before December 22, 1945.

Representative Celler (D., N.Y.), one of the conferees, said this requirement "completely scuttles" the bill because it "removes from eligibility most of the disp aced Jews." Many Jews arrived in the occupation zones early in 1946.

Representative Celler and Representative Boggs (R., Del.) were the House members who refused to sign the report.

Discrimination Charged

The compromise also provides that at least 40 per cent of the 200,000 shall come from areas which have been annexed by a foreign country. In practice, this means from Lithuania, Latvia, Estonia and eastern Poland.

The Senate had voted that half the D.P.'s admitted must come from those areas. Critics objected that this would discriminate against Catholics, since Latvia and the other areas covered are almost entirely Protestant.

Another provision approved by the conferees is that 30 per cent of the immigrants must be farmers who intend to be farm workers in this country. The Senate had put the number of these immigrants at 50 per cent. Objectors said this would bar many Jews since few Jewish D.P.'s have farm experience.

The compromise bill further gives priority to household, construction and clothing workers; blood relatives of United States citizens or lawfully admitted aliens including nephews and nieces; and D.P.'s who bore arms in World War II against the enemies of the United States.

Must Have Jobs, Housing

It also makes provision for some displaced persons living outside of D.P. camps to enter at the discretion of United States authorities.

Another stipulation is that D.P.'s entering this country must have a job available, without displacing a United States worker, and safe and sanitary housing without displacing a present occupant.

The law is to be administered by a three-member commission, appointed by the President with the consent of the Senate.

President Truman asked Congress meanwhile for $4,000,000 for use in connection with the immigration of the D.P.'s.

The money is to be used by the Immigration Service for housing needs, health and other examinations.

SENATE ADVISED ANTI-RED BILL IS UNCONSTITUTIONAL

WASHINGTON, June 17 — (AP) Attorney General Tom Clark has advised the Senate that the Mundt-Nixon Bill to curb Communists is unwise and of doubtful constitutionality, it was announced today. Meanwhile there arose new congressional warnings that Russia wants to move the capital from Washington to Moscow.

Clark advised the Senate not to pass the bill. He said it would drive Communists underground and make doubly difficult the Justice Department's job of law enforcement.

The congressional warnings on Communism came in a booklet published by the House Committee on UnAmerican Activities. It said U. S. Communists are engaged in a "cold war treason."

Has Passed House

The Mundt-Nixon Bill already has passed the House and is now being studied by the Senate Judiciary Committee.

It requires Communists and Communist-Front organizations to register. Failure to do so would be punished by $10,000 fine and 10 years in prison.

But Attorney General Clark, in a letter to Chairman Wiley (R-Wis) of the Judiciary Committee, said the bill could be unconstitutional.

"Outlawing the Communist party appears to this department to be unwise," he wrote Wiley when the Senator asked his opinion. "Outlawing would materially increase the department's problem of law enforcement."

The booklet issued by the UnAmerican Activities Committee is to be widely distributed. It is titled "100 Things You Should Know About Communism in the U.S.A."

The report said that the real center of power in Communism is within the professional classes, and not the poor.

"The party depends for its strength in the support from teachers, preachers, actors, writers, union officials, doctors, lawyers, editors, businessmen, even millionaires."

And it added:

Would Fight U. S.

"If our war with Communism should ever change from 'cold' to 'hot' we can expect the Communists of the United States to fight against the flag of this country openly."

The booklet says that Communism is concentrating now on immediate capture of Afghanistan, China, France, Greece, Latin America, Iran and Palestine. It said Russia plans to seize "every other country, including the United States."

"If Communism should come to power in this country, our capital would move from Washington to Moscow."

It said that every American would lose his bank account, his property, even his insurance, if Russia took over the country.

PROBERS BLAME STATE DEPT. FOR VOICE 'BLUNDER'

WASHINGTON, June 17—(AP) Senatorial investigators today placed what they called "final and unmistakable" blame on the State department for Voice of America broadcasts which aroused the ire of Congress members.

But Senator O'Mahoney (D-Wyo.) promptly challenged the finding. He said Congress had not provided enough money for proper supervision of the world-wide radio programs, and that for this reason "it is hard for me to understand why the State department should be held responsible."

N.B.C. Also Blamed

A preliminary report blaming the State department, and saying that the National Broadcasting Company had "an important collateral responsibility," was filed in the Senate by Senators Smith (R-N.J.) and Ferguson (R-Mich.).

They headed a joint investigation by Senate Foreign Relations and Senate Expenditures subcommittees.

The inquiry was touched off when Senator Capehart (R-Ind.) read in the Senate excerpts from a "Know North America" series of broadcasts sponsored by the State department but "farmed out" to NBC under contract for writing and handling. The programs were beamed to Latin America late in 1947 and early this year. The broadcasts contained statements which senators said amounted to sabotage, libel and slander of states, localities and religious groups.

"Unmistakable Responsibility"

"The final and unmistakable responsibility for this blunder rests with the State department," the Smith-Ferguson report said. "It not only failed adequately to supervise the contents of these programs in a reasonable manner, but it also failed to make even a cursory check to determine if the policies of the government were being carried out. x x x."

As for NBC, the report said its employes "failed to appreciate their own grave obligation to produce a program that would bring credit to the United States."

SPRUANCE TO RETIRE

Washington, June 17 (A. P.).—Admiral Raymond A. Spruance, one of the last of the famous Pacific Fleet commanders on active duty, will retire on July 1, the Navy said today.

Spruance, who will reach the legal retirement age of 62 on July 3, is now serving as president of the Naval War College at Newport, R. I. He commanded the Fifth Fleet in its brilliant trip-hammer strikes against the Japanese, after decisively beating the enemy carriers at the key battle of Midway.

The roll of his campaigns is like a list of Navy victories in the Pacific: the Gilberts, Marshalls, Saipan, Guam, Philippines, Tinian, Iwo Jima, Okinawa.

Consul Admitted To Dairen

Washington, June 17 (AP)—The United States has finally succeeded in getting a new American consul admitted to the Russian-occupied Chinese port of Dairen.

The consul, Paul E. Paddock, is due there possibly today, State Department officials said.

Paddock was at Shanghai for some three months waiting for Russia to say yes or no to repeated American requests for a Soviet entry permit. It came through just when the State Department was on the point of chartering a commercial ship for a special trip to Dairen. United States naval craft have been barred from entering the port.

Patch To Be Relieved

Paddock's arrival will permit the departure of Vice Consul Isaac Patch and his family, who have long since run out of coffee, flour, medicines and other supplies they could not obtain locally.

Patch, 35, a native of Gloucester, Mass., has been ordered back to Washington to report on the situation.

Traveling on Russian vessels by way of Vladivostok, Paddock took along several tons of supplies in preparation for a long stay. He was accompanied by a clerk, Culver Gleysteen.

Once Served In Moscow

The new consul, a veteran Foreign Service officer, has previously served in Moscow. He is a native of Des Moines.

Only one other American lives in Dairen, once Manchuria's principal port. The city has been held in a Soviet iron grip since Russian troops moved in at the time of the Japanese surrender. The United States and China have protested vainly against closing the port to commerce.

3-Month Labor Dispute Ended At Oak Ridge

Oak Ridge, Tenn., June 17 (AP)—A three-months labor dispute was ended last night when atomic laboratory workers voted to accept a new work contract calling for an average 15½-cents-an-hour wage increase.

The contract with increases ranging from 6½ to 40½ cents for 875 employés of Oak Ridge National Laboratory was ratified at a union meeting by a vote of 271 to 60.

Officials of the AFL Atomic Trades and Labor Council and Carbide and Carbon Chemicals Corporation had come to agreement on contract provisions last Sunday.

Wage Boosts Retroactive

The wage boosts are retroactive to December 18, and will be effective for a year from the time the new contract is signed. The previous average wage for the laboratory workers was $1.38 an hour.

AFL Organizer Kenneth L. Scott said the contract would be signed within 48 hours after the workers accepted it.

Also provided are vacation "bonus" payments and a workers' yearly savings plan whereby Carbide matches part of the workers' payments.

Dispute On Since March

The labor dispute began March 1 when Carbide took over operation of the laboratory from Monsanto Chemical Company and offered the workers a contract similar to one Carbide has in effect at another atomic plant here.

The AFL union maintained certain welfare clauses offered by Carbide were not as attractive as those in the former contract with Monsanto.

A Government injunction was obtained under the Taft-Hartley Act March 19 to prevent either a strike or lockout at the plant for 80 days. It was dissolved Friday.

Yugoslav Ship Sets New Sailing Time

New York, June 17 (AP)—A Yugoslav ship, which ran into trouble with longshoremen because it displayed pictures of Stalin and Tito, has a new sailing time today—but it may not go then.

Its 450-ton cargo still remained on a Brooklyn pier yesterday, and dock workers refused for a second day to load it because they said it was "for the Communists."

Capt. Teodor Tijan, of the Yugoslav Shipping Office in New York, announced yesterday a 24-hour postponement in the ship's departure. He said he hoped a solution to the loading problem would be found during the time.

The stevedores, members of the AFL International Longshoremen's Association, were loading the cargo of food, medicine, automobiles, trucks and ambulances Tuesday when they saw the Tito and Stalin pictures aboard the ship. They promptly quit work.

U.N. WILL SEND 50 PALESTINE GUARDS

Security Detachment Will Assist Mediator

Lake Success, N.Y., June 17 (AP). The United Nations disclosed today 50 members of its headquarters security force are being sent to Palestine for emergency duty.

This represents the first time a uniformed United Nations force of any kind has been assigned to assist in the world organization's peace projects abroad.

While the 50-man detachment is not an international military force in the strict sense of the term, it does constitute at least a step toward a world police force.

Informed quarters said Trygve Lie, secretary general, might send other contingents to join this group.

Might Borrow N.Y. Police

He was understood to have consulted Mayor William O'Dwyer last night about the possibility of borrowing a small force of New York police officers. A United Nations official said this possibility had not yet been dropped.

The guards will be flown to Cairo Saturday by chartered plane and will be placed under orders of Count Folke Bernadotte, United Nations Palestine mediator. It was an urgent request from Bernadotte that led to Lie's decision on the guards.

Meanwhile, Cairo dispatches said there were reports Count Bernadotte might ask for a prolongation of the four-week truce.

Commenting on the reports, Azzam Pasha, secretary general of the Arab League, said Bernadotte should submit his plan for Palestine peace to Arabs and Jews before expiration of the four-week period.

To Restore Situation

Bernadotte flew from Cairo to Tel Aviv today to seek the cooperation of Israel's leaders in proposed negotiations at Rhodes for a permanent peace in the Holy Land.

Before leaving Cairo, Bernadotte promised that "necessary measures" would be taken to restore the military situation to what it was at the truce hour eight days ago. The promise was in a letter to Egyptian Prime Minister Nokrashy Pasha in reply to Egyptian complaints that the Jews seized vantage points after the truce became effective.

Haifa dispatches said the U.S.S. Marquette, an amphibious cargo ship from the sixth fleet in the Mediterranean, had arrived there with jeeps, mobile radio communications sets and 30 United States Marines to aid in the work of truce controllers. The Marines will serve as drivers for United Nations field officers.

British Warning On Blockade

In London, the British Foreign Office said it had warned Egypt and Syria that their projected naval blockade of Palestine's coast would be illegal. The United States already had warned that it would not recognize an attempted blockade.

All the regular United Nations guards are American citizens and former members of the United States armed forces. They are being sent on a volunteer basis. To give the Palestine detachment an international character, the United Nations is recruiting secretariat members of other nationalities for temporary duty with the guard force.

The United Nations announced that the recruiting was completed late today. The final composition of the force was as follows: 44 Americans, including 28 who are members of the regular United Nations guard force; three French, one Norwegian, one Swede and one Dane.

To Carry $25,000 Insurance

Fifty others tried to volunteer but were turned away.

The United Nations said the guards would have their lives insured for $25,000 each while they were in Palestine. They were told to be prepared to stay two or three months, possibly longer.

While in Palestine, they will wear the blue-gray United Nations uniform with special United Nations insignia. Some will be be assigned to guard United Nations headquarters at the King David Hotel in Jerusalem. Others will be control officers along the Jerusalem-Tel Aviv road to check food convoys.

El Khouri Pleased

Lie's executive assistant, Andrew W. Cordier, called the group together this afternoon and briefed them on the mission.

"We are proud of the United Nations guards," Cordier told the volunteers. "Therefore, we have confidence in you as you go off to Palestine on this extremely important mission. We know you will make a valuable contribution."

Faris el Khouri, of Syria, only Arab member of the Security Council, said he was pleased with Lie's decision.

63 Observers Assigned

Andrei A. Gromyko, Soviet delegate, who failed earlier this week in efforts to have five Soviet military observers sent to Palestine, remarked that he had not been informed officially of Lie's move.

The guard detachment will supplement the 63 military observers already assigned to Bernadotte by the United States, France and Belgium to help supervise the truce.

United Nations officials said the guards would get $15 a day expense allowance in addition to their regular pay. They have the status of international civil servants and will travel with United Nations credentials rather than United States passports.

The question of whether the guards will be armed will be decided by Bernadotte.

New Indo Crisis Looms Before U.N.

Lake Success, June 17 (AP)—The United Nations faced a new Indonesian crisis today after months of quiet on that front.

It was not clear just how serious the current Batavia difficulties are, but some high United Nations authorities feared a complete collapse of Dutch-Indonesian peace talks is imminent.

The new turn of events came after the Security Council had called a meeting to consider a series of reports from the Council's Good Offices committee on recent political developments in West Java and Madura.

Soviet Veto Seen

The Council also had before it the atomic-control problem, which was carried over from yesterday. It was agreed the atomic issue would be taken up after the Indonesian problem was discussed.

There was a possibility the delegates would see another Soviet veto during the day if the Council reached a vote on the American proposal calling for approval of the United States atomic-control plan. Soviet Delegate Andrei A. Gromyko voiced broad hints yesterday that he would reject the American resolution.

A report from United Nations officials in Batavia said a serious situation had developed there after publication of a confidential proposal with the United States member of the Good Offices committee had submitted to the Dutch and Indonesian representatives.

The Dutch rejected the proposal and announced they thought it advisable to suspend discussions for the time being. They also refused to attend a meeting of the steering committee of the Netherlands-Indonesian Conference.

Gromyko Asserts Truman Leads in Vetoes, 137 to 25

By The Associated Press.

LAKE SUCCESS, N. Y., June 17—Andrei A. Gromyko, Soviet Deputy Foreign Minister, says President Truman is ahead of him on the issues of vetoes.

Mr. Gromyko has cast twenty-five vetoes in the United Nations Security Council since June 18, 1946. Mr. Truman has vetoed 137 bills since he became President.

Asked if he had any observation as to the veto business, Mr. Gromyko smiled and said: "It seems he is well ahead of me."

Then, speaking seriously, Mr. Gromyko told a reporter that Russia still stood firm behind the principle of unanimity of the five great powers in the Security Council—which is familiarly known as the veto in the United Nations.

LONDON, JUNE 17-(AP)-FOREIGN SECRETARY ERNEST BEVIN SAID TODAY BURMA'S PREMIER THAKIN NU WANTS TO STAY ON GOOD TERMS WITH BRITAIN AND ALSO DEVELOP FRIENDLY RELATIONS WITH RUSSIA.

HE SPOKE IN THE HOUSE OF COMMONS AFTER WINSTON CHURCHILL ASKED ABOUT BRITISH INTERESTS IN BURMA. THE POSSESSION GAINED ITS FREEDOM LAST JANUARY AND THE OPPOSITION LEADER THEN FORECAST CHAOS WOULD FOLLOW.

BEVIN MADE NO REPLY TO THIS CHURCHILL INQUIRY:

"IS IT NOT A FACT THAT IT IS ALREADY EVIDENT, AS WAS PREDICTED, THAT BURMA IS DESCENDING INTO A STATE OF ANARCHY TEMPERED BY COMMUNISM?"

THE SECRETARY ASSERTED, HOWEVER, THAT THE BRITISH AMBASSADOR IN RANGOON SAID REPORTS DEPICTING BURMA AS SWINGING TOWARD RUSSIAN COMMUNISM "WERE SOMEWHAT EXAGGERATED." DISPATCHES HAD QUOTED THAKIN NU AS SAYING BURMA WOULD FOLLOW RUSSIAN IDEOLOGY, PROPAGATING MARXISM AND ABOLISHING CAPITALISM.

BEVIN SAID NO AGREEMENT HAS BEEN REACHED ON PAYMENT FOR BRITISH COMPANIES EXPROPRIATED BY BURMA JUNE 1. HE SAID TERMS OFFERED BY BURMA A DAY EARLIER WERE "OPEN TO CONSIDERABLE OBJECTION." NEGOTIATIONS ARE IN PROGRESS.

Singapore, Friday, June 18---(ap)---Dispatches from Kuala Lumpur said today a state of emergency was expected to be declared in the whole federation of Malaya as a result of an alleged communist-inspired wave of terrorism.

The dispatches said emergency powers already have been extended over the whole of the states of Johore and Perak.

British officers of the Malayan police on leave in Britain reportedly have been recalled and instructed to fly back to their posts.

It was expected that commissioner general Malcolm MacDonald and Sir Praknlin Gimson, governor of Singapore, would hold an emergency conference at Kuala Lumpur today with high commissioner Sir Edward Gent.

Johore dispatches said 12 men armed with automatic weapons raided the village of Jeram Choh and attacked the local Kuomintang headquarters before being driven off. NO casualties were reported.

The Malaya Tribune said two unsuccessful attempts were

made yesterday to kill British planters in the Ipoh district.

Three [redacted] European planters were murdered in Perak on Wednesday and the government of that state asked the federal government to declare a state of emergency.

Federal police identified the slayers as members of Lui Pong Pai, which they described as a communist "gang."

At Kuala Lumpur, the federal executive council studied the widespread lawlessness and terror in Malaya. Some officials claim it is communist-inspired.

Police arrested 46 Asians Wednesday night in a raid on two communist-controlled newspapers in Kuala Lumpur. The charges against them were NOT made public.

JERUSALEM, JUNE 17-(AP)-A NOTE OF WARNING WAS SOUNDED TODAY BY THE JEWISH AGENCY SPOKESMAN, GERSHON HIRSCH, OVER FAILURE TO OPEN A UNITED NATIONS CONVOY ROUTE TO SUPPLY JERUSALEM'S 90,000 JEWS.

HIRSCH SAID THAT WHILE THERE IS "MUCH TALK" OF CHECKPOSTS AND WORLD-WIDE SUPERVISION OF JEWISH IMMIGRATION INTO PALESTINE, THE ARABS SEEM TO BE ATTEMPTING TO STOCK UP THE WALLED OLD CITY WITH MEN AND WAR MATERIAL.

HE CITED REPORTS THAT MORE MEN AND MATERIAL ENTERED THE OLD CITY IN THE PAST FEW DAYS. HE SAID:

"WE ARE NOT HERE TO BE GOVERNED AS A CONQUERED COMMUNITY BUT ARE COMPLETELY EQUAL PARTNERS WITH THE OTHER SIDE, AND CHECK POSTS ON THE OTHER SIDE BETTER BE INSTITUTED SOON BEFORE OUR ANNOYANCE AND IRRITATION LEADS TO ANY GENERAL CONCLUSION THAT THE CEASE FIRE IS MOSTLY TO OUR DISADVANTAGE."

HE ADDED THAT THE TRUCE COMMISSION REALIZED THIS POINT AND ASSURED HIM THAT SUCH CHECK POSTS WILL BE ESTABLISHED SOON.

TEL AVIV, ISRAEL, JUNE 17-(AP)-FOREIGN MINISTER MOSHE SHERTOK SAID TODAY ISRAEL WOULD SEND "JEWISH EXPERTS" TO RHODES TO CONSULT WITH COUNT FOLKE BERNADOTTE.

SHERTOK EMPHASIZED, AT A MEETING WITH ISRAEL'S PROVISIONAL STATE COUNCIL, THAT THE PRELIMINARY TALKS AT RHODES WOULD NOT CONSTITUTE A FULL-SCALE PEACE CONFERENCE.

BERNADOTTE, THE UNITED NATIONS PALESTINE MEDIATOR, ARRIVED FROM CAIRO TODAY AND TALKED WITH SHERTOK AND PRIME MINISTER DAVID BEN-GURION.

SHERTOK TOLD THE COUNCIL BERNADOTTE PROPOSED THAT "THE FIRST STAGE OF THE RHODES TALKS WILL BE A CONFERENCE BETWEEN BERNADOTTE AND HIS STAFF WITH THE ASSISTANCE OF EXPERTS FROM THE ARAB AND JEWISH SIDES WHO WILL BE CONSULTED ON SPECIAL QUESTIONS."

"ONLY IF THIS CONFERENCE SHOULD PROVE THAT THERE IS A BASE FOR A FULL-SCALE ARAB-JEWISH PEACE CONFERENCE WILL INVITATIONS BE SENT TO BOTH SIDES," SHERTOK SAID.

U.N. OFFICIALS SAID THE ARABS HAD AGREED TO SEND FOUR CONSULTANTS FOR THE PRELIMINARY RHODES TALKS.

IN HIS ADDRESS TO THE COUNCIL, BEN-GURION TOOK A GLOOMY VIEW OF PEACE PROSPECTS FOR PALESTINE.

HE EXPRESSED BELIEF HOSTILITIES WOULD START BEFORE THE END OF THE FOUR-WEEK TRUCE PERIOD.

"WE HEAR," HE SAID, "THE BRITISH WILL ACCOMPLISH EVACUATION DURING THE MONTH OF JUNE AND AT THAT TIME WE CAN EXPECT RENEWED ARAB ATTACKS ON ISRAEL FROM LAND, SEA AND AIR. THE JEWS MUST BE PREPARED FOR CONTINUED WAR BECAUSE NOT ONLY THE STATE OF ISRAEL, BUT THE EXISTENCE OF THE WHOLE JEWISH PEOPLE IS IN THE BALANCE."

NEW DELHI, FRIDAY, JUNE 18-(AP)-ZAHID AHMED, EXTERNAL AFFAIRS SECRETARY FOR HYDERABAD, SAID LAST NIGHT TALKS WITH THE INDIAN GOVERNMENT HAD BROKEN DOWN.

HE BLAMED A STATEMENT BY PRIME MINISTER JAWAHARLAL NEHRU FOR THE NEW TURN OF EVENTS AND ADDED THAT HE SAW NO PROSPECTS FOR A RESUMPTION OF THE DISCUSSIONS. NEHRU SAID LAST NIGHT INDIA WOULD MAKE NO MORE CONCESSIONS IN THE DRAFT AGREEMENT ON FUTURE RELATIONS WITH HYDERABAD.

INDIAN OFFICIALS SAID THEY WERE CONFIDENT THE PEOPLE OF THIS STATE IN INDIA WOULD VOTE TO JOIN INDIA.

AHMED'S COMMENT WAS: "THE PRESENT TALKS MAY BE CONSIDERED BROKEN DOWN IN VIEW OF NEHRU'S STATEMENT THAT 'NO CHANGE IS POSSIBLE OR PERMISSIBLE' IN THE DRAFT AGREEMENT."

HE ADDED THAT "THE LAST STRAW ON THE CAMEL'S BACK CAME WHEN INDIA REFUSED TO CONCEDE TO HYDERABAD'S DEMAND FOR ECONOMIC FREEDOM IN RETURN FOR SURRENDER OF POLITICAL FREEDOM."

New Delhi, June 17-(AP)-Prime Minister Jawaharlal Nehru said [redacted] tonight India would make no more concessions in the draft agreement on future relations with Hyderabad, [redacted] premier state of India.

The Nizam of the Southern India state failed to sign the accord this week. Indian officials said the agreement calls for [redacted] "immediate accession in substance" until a plebiscite decides the issue. Indians said they were confident the 16,338,534 people of this most populous princely state in India, [redacted] to join India.

Nehru said the government would continue to follow its policy. As part of that policy he mentioned economic blockade, border tightening and police pursuit of border raiders across Hyderabad. Nehru said the "standstill agreement" [redacted] Nizam in control pending settlement by negotiation remains in force.

Hyderabad's 82,698 square miles makes it slightly larger than Kansas. Its capital [redacted] is the fourth largest city in the sub-continent.

Bogota, Colombia, June 17--(ap)--F. J. Allsop, press attache at the British embassy here, denied today that any Britons were among the victims of [redacted] political murders in Colombia. He added that [redacted], NO investigation is being made by Scotland Yard men.

The London Daily Mail reported yesterday that British agents were "among the victims of a [redacted] series of political murders" in Colombia. The paper added that Scotland Yard and British army intelligence were investigating the crimes in cooperation with the U.S. federal bureau of investigation.

Bogota, Colombia, June 17--(ap)--Foreign Minister Eduardo Zuleta Angel today branded as "gross fabrications", stories about a [redacted] reported criminal investigation here by British police. He

WASHINGTON, JUNE 17-(AP)-SECRETARY OF STATE MARSHALL GAVE THE HOUSE FOREIGN AFFAIRS COMMITTEE A PRIVATE 80-MINUTE REVIEW OF THE WORLD PICTURE TODAY.

THE SECRETARY WITHHELD COMMENT TO NEWSMEN, BUT COMMITTEE MEMBERS SAID HE LEFT BEHIND AN IMPRESSION OF "FIRMNESS" IN AMERICAN RELATIONS WITH SOVIET RUSSIA.

CHAIRMAN EATON (R-NJ) SAID MARSHALL DID NOT DEFINE THE TREND OF WORLD EVENTS AS BEING BETTER OR WORSE.

EATON ADDED: "YOU AND I KNOW IT ISN'T ANY BETTER."

ONE COMMITTEE MEMBER TOLD REPORTERS HE INTERPRETED MARSHALL'S SUMMARY AS MEANING THAT THE WORLD SITUATION AT THE MOMENT IS "IN STATUS QUO--WAITING FOR THE NEXT STEP."

ASKED BY NEWSMEN IF INTERNATIONAL AFFAIRS HAD IMPROVED WITHIN THE LAST MONTH, MARSHALL HESITATED, SMILED AND SAID MILDLY:

"I'M NOT GOING TO ANSWER THAT QUESTION."

IN REPLY TO QUESTIONS AS TO THE SERIOUSNESS OF THE REPORTED BREAK-DOWN OF THE FOUR-POWER KOMMANDATURA IN BERLIN, MARSHALL SAID:

"I HAVEN'T RECEIVED THE OFFICIAL REPORTS ON THAT YET. ALL I KNOW IS WHAT I HAVE READ IN THE NEWS DISPATCHES."

EATON SAID MARSHALL CAME TO THE CAPITOL AT HIS OWN REQUEST "TO THANK THE COMMITTEE FOR DOING A TREMENDOUS JOB" IN CONNECTION WITH THE EUROPEAN RECOVERY PROGRAM.

EATON SAID HE HIMSELF HAD BROUGHT UP THE MATTER OF CONGRESSIONAL APPROVAL FOR A $65,000,000 (M) LOAN TO BUILD A NEW UNITED NATIONS HEAD-QUARTERS IN NEW YORK. HE SAID MARSHALL STRESSED THE IMPORTANCE OF AUTHORIZING THE FUNDS BEFORE CONGRESS ADJOURNS SATURDAY.

IMMEDIATELY AFTER SEEING NEWSMEN, EATON WENT TO CONSULT SPEAKER MARTIN (R-MASS) ON THE PROSPECTS OF HOUSE ACTION ON THE FUND.

EATON IS THE AUTHOR OF A SO-CALLED OMNIBUS BILL, ALREADY APPRO-VED BY HIS COMMITTEE, WHICH WOULD AUTHORIZE THE $65,000,000 UN BUILD-ING PROGRAM. HE SAID HE IS "STILL HOPEFUL" IT WILL REACH THE HOUSE FLOOR BEFORE SATURDAY NIGHT.

FRENCH-GERMAN (310)

WASHINGTON, JUNE 17-(AP)-QUICK ACTION TO SET UP A WESTERN GERMAN GOVERNMENT WAS PREDICTED BY AMERICAN OFFICIALS TODAY AFTER THE FRENCH ASSEMBLY APPROVED THE SIX-POWER PLAN.

THEY GENERALLY EXPRESSED SATISFACTION WITH THE FRENCH MOVE BUT THERE WAS SOME UNCERTAINTY OVER THE EFFECT OF SIX CONDITIONS WHICH THE ASSEMBLY HITCHED TO ITS ACCEPTANCE.

TWO POSSIBLE MEANS OF HANDLING THE RESERVATIONS WERE SEEN.

THE FRENCH GOVERNMENT MAY CONSIDER THEY REPRESENT A STATEMENT OF POLICY BY THE GENERAL ASSEMBLY. IN THAT CASE, THE POLICY WOULD BE BINDING ON THE GOVERNMENT IN FUTURE HANDLING OF THE GERMAN PROBLEM BUT IT WOULD NOT HAVE TO BE FORMALLY ATTACHED TO THE SIX-POWER AGREE-MENT OR EVEN FORMALLY PRESENTED AT THIS TIME TO THE OTHER INTERESTED NATIONS. THE OTHERS ARE BRITAIN, THE UNITED STATES AND LUXEMBOURG, BELGIUM AND THE NETHERLANDS.

THE SECOND POSSIBILITY IS THAT THE GOVERNMENT MIGHT INTERPRET THE ASSEMBLY'S CONDITIONS AS RESERVATIONS TO THE AGREEMENT ITSELF. THAT WOULD MEAN THEY WOULD HAVE TO BE NEGOTIATED WITH THE OTHER POWERS BY THE FRENCH.

OFFICIALS HERE EXPRESSED CONFIDENCE THAT NO INSURMOUNTABLE DIFFI-CULTY WOULD BE PRESENTED BUT IT WAS OBVIOUS THAT THEY HOPE THE FRENCH GOVERNMENT WOULD NOT REQUIRE INTERNATIONAL ACCEPTANCE OF THE ASSEMBLY INJUNCTIONS.

BOTH THE AMERICANS AND BRITISH ARE ANXIOUS TO GET STARTED ON THE NEW GERMAN POLICY. ASSUMING THAT THE FRENCH ARE NOW READY TO GO AHEAD, IT WAS PREDICTED THAT THE NEXT STEP WOULD BE A MEETING IN GER-MANY BETWEEN THE WESTERN OCCUPATION COMMANDERS AND THE PRESIDENTS OF THE VARIOUS GERMAN STATES.

hrz

THIS WOULD BE FOLLOWED BOTH BY A DRIVE TO WIN GREATER "UNDERSTANDING" OF THE PLAN BY THE GERMAN PEOPLE THEMSELVES AND ALSO BY STEPS TO GET THE MACHINERY FOR A CONSTITUENT ASSEMBLY IN WORKING ORDER. THE ASSEMBLY, MEETING NEXT FALL, WOULD HAVE THE TASK OF DRAWING UP A CONSTITUTION FOR A FEDERAL WEST GERMAN GOVERNMENT.

WASHINGTON,JUNE 17-(AP)-THE HOUSE COMMITTEE ON UN-AMERICAN ACTIVITIES SAID TODAY U.S. COMMUNISTS ARE ENGAGED IN "COLD WAR TREASON" IN A RUSSIAN-DIRECTED PLOT TO SHIFT THE CAPITAL FROM WASHINGTON TO MOSCOW.

"IF OUR WAR WITH COMMUNISM SHOULD EVER CHANGE FROM 'COLD' TO 'HOT,' WE CAN EXPECT THE COMMUNISTS OF THE UNITED STATES TO FIGHT AGAINST THE FLAG OF THIS COUNTRY OPENLY," THE COMMITTEE SAID.

THE HOUSE GROUP, HEADED BY REP.J.PARNELL THOMAS (R-NJ), ISSUED A BOOKLET ENTITLED "100 THINGS YOU SHOULD KNOW ABOUT COMMUNISM IN THE U.S.A." IT SAID:

"COMMUNISM IS CONCENTRATING NOW ON IMMEDIATE CAPTURE OF AFGHANISTAN, CHINA, FRANCE, GREECE, LATIN AMERICA, IRAN AND PALESTINE.

"IT HAS PLANS TO SEIZE EVERY OTHER COUNTRY INCLUDING THE UNITED STATES."

THE REPORT CITED THE AMERICAN CONSTITUTION DEFINITION THAT "TREASON AGAINST THE UNITED STATES SHALL CONSIST ONLY IN LEVYING WAR AGAINST THEM, OR IN ADHERING TO THEIR ENEMIES, GIVING THEM AID AND COMFORT." IT ADDED:

"THE SOVIET UNION HAS LAUNCHED WHAT HAS BEEN CALLED A 'COLD WAR' ON THE UNITED STATES. THEREFORE, COMMUNISTS ARE ENGAGED IN WHAT MIGHT BE CALLED 'COLD WAR TREASON.'

"IF COMMUNISM SHOULD COME TO POWER IN THIS COUNTRY, OUR CAPITAL WOULD MOVE FROM WASHINGTON TO MOSCOW. EVERY MAN, WOMAN AND CHILD WOULD COME UNDER COMMUNIST DISCIPLINE."

THE BOOKLET, SCHEDULED FOR WIDE DISTRIBUTION, IS THE FIRST OF FIVE BEING PREPARED BY THE COMMITTEE. THOMAS SAID THE BOOKLETS ARE DESIGNED TO EXPOSE THE INFILTRATION OF COMMUNISM IN AMERICAN RELIGION, EDUCATION, LABOR AND GOVERNMENT.

(ADVANCE)-WASHINGTON,JUNE 17-(AP)-THE HELP WE GAVE BRITAIN "SHORT OF WAR" BEFORE PEARL HARBOR INCLUDED THE TRANSPORTING OF 20,000 BRITISH TROOPS FROM NOVA SCOTIA TO THE MIDDLE EAST.

THE OPERATION IS DESCRIBED IN THE LATEST INSTALLMENT OF HARRY HOPKINS' "SECRET PAPERS," APPEARING IN COLLIER'S MAGAZINE TOMORROW.

ROBERT E.SHERWOOD, HOPKINS' BIOGRAPHER, SAYS THIS IS WHAT HAPPENED:

PRIME MINISTER CHURCHILL ASKED AMERICAN HELP TO GET 40,000 BRITISH TROOPS TO THE MIDDLE EAST. PRESIDENT ROOSEVELT TURNED THUMBS DOWN ON SENDING AMERICAN SHIPS INTO BRITISH PORTS IN ORDER TO DO IT.

FINALLY BRITISH SHIPS TOOK 20,000 MEN TO NOVA SCOTIA. AND THEN AMERICAN SHIPS, MANNED BY AMERICAN CREWS, TOOK THEM THROUGH NEUTRAL WATERS TO THE MIDDLE EAST.

THIS WAS TWO MONTHS BEFORE THE JAPANESE ATTACK ON PEARL HARBOR.

HOPKINS, WHO WAS ROOSEVELT'S PERSONAL REPRESENTATIVE TO JOSEF STALIN IN JULY, 1941, SUSPECTED THAT STALIN'S POWER IN RUSSIA "WAS NOT SO ABSOLUTE AS HE HAD FIRST IMAGINED," SHERWOOD SAYS.

"BUT HE NEVER GAINED ANY CLEAR IDEA AS TO HOW THE POLITBURO REALLY OPERATED, AND NEITHER DID ROOSEVELT," THE ACCOUNT CONTINUES.

"AS TIME WENT ON X X X THEY BECAME MORE AND MORE AWARE OF IT (THE POLITBURO) AS AN UNSEEN, INCOMPREHENSIBLE BUT POTENT INFLUENCE ON STALIN AND THUS ON ALL ALLIED LONG-TERM POLICY."

(PRESIDENT TRUMAN RECENTLY EXPRESSED THE VIEW THAT STALIN IS A "PRISONER" OF THE POLITBURO--A VIEW CONTRARY TO THE ONE WHICH HAS BEEN EXPRESSED BY SOME OF HIS DIPLOMATIC ADVISERS.)

HOPKINS SAID IN HIS NOTES THAT STALIN WAS WILLING TO TURN OVER ALL IMPORTANT RUSSIAN MILITARY PLANS TO THE U.S., INCLUDING DESIGNS OF HEAVY MILITARY EQUIPMENT. HE WAS WILLING, THE NOTES SAY, FOR AN AMERICAN ARMY UNDER AMERICAN COMMAND TO FIGHT ON RUSSIAN SOIL.

STALIN WOULDN'T PUT HIS OFFERS IN WRITING. HOPKINS HAD TO TAKE THEM BACK IN HIS HEAD--AND ALMOST DIED ON THE WAY. HE DIDN'T MENTION IN HIS NOTES WHAT HE ALMOST DIED OF.

JUN 1948

A154WX

HE SAID STALIN TOLD HIM THAT HE THOUGHT IT WOULD BE "DIFFICULT" FOR THE BRITISH-RUSSIAN COMBINATION TO DEFEAT THE GERMAN ARMY BUT THAT RUSSIA WOULD CONTINUE TO FIGHT. BUT HOPKINS SAID STALIN WANTED ROOSEVELT TO DECLARE IMMEDIATE WAR ON GERMANY FOR THE PSYCHOLOGICAL EFFECT, THAT STALIN THOUGHT ROOSEVELT "HAD MORE INFLUENCE WITH THE COMMON PEOPLE OF THE WORLD THAN ANY OTHER FORCE."

HOPKINS' NOTES REVEAL THAT THE BRITISH ARRIVED AT THE CHURCHILL-ROOSEVELT SHIPBOARD CONFERENCE ON THE ATLANTIC WITH A PAPER WHICH THEY WANTED THE BRITISH, AMERICANS AND DUTCH TO ISSUE WARNING THE JAPANESE THAT IF THEY MOVED ANY FARTHER THEY WOULD FACE WAR WITH ALL THREE WESTERN POWERS.

THIS WAS IN AUGUST 1941.

ROOSEVELT OBJECTED, AND THE WARNING WAS NEVER ISSUED.

BUT THE "ATLANTIC CHARTER," WITH ITS PROMISE OF FOUR FREEDOMS, WAS ISSUED. HOPKINS SAID LATER IT APPARENTLY TURNED OUT TO BE A "MORE POWERFUL INSTRUMENT THAN THE BRITISH INTENDED IT TO BE."

HE THOUGHT THE BRITISH REGARDED IT ONLY AS A "PUBLICITY HANDOUT" BUT THAT ROOSEVELT TOOK IT SERIOUSLY. IT WAS NOT MUCH LATER THAT INDIA, BURMA, MALAYA AND INDONESIA ASKED WHETHER THEY MIGHT HAVE THE FREEDOMS.

HOPKINS' NOTES OFFER THE FIRST INTIMATE ESTIMATE OF THE ROOSEVELT-CHURCHILL PARTNERSHIP. HE SAID NEITHER LEADER EVER FORGOT WHOM HE REPRESENTED. THEY DID GET DOWN TO FRANK TALK, AND TREMENDOUSLY STIMULATED EACH OTHER, HE SAID, AND SYMPATHETICALLY UNDERSTOOD EACH OTHERS'S DOMESTIC POLITICAL PROBLEMS.

WASHINGTON,JUNE 17-(AP)-REP.EATON (R-NJ) TOLD THE HOUSE TODAY THAT SECRETARY OF STATE MARSHALL FEELS ANY BACKING AWAY FROM OUR PRESENT LINE OF ACTION FOR THE SECURITY OF THE UNITED STATES "MIGHT RESULT IN WAR."

EATON, CHAIRMAN OF THE FOREIGN AFFAIRS COMMITTEE, TOOK THE FLOOR TO REPLY TO A DEMAND BY REP.RANKIN (D-MISS) THAT COMMITTEE MEMBERS TELL THE HOUSE WHAT MARSHALL SAID ABOUT DANGERS OF WAR.

MARSHALL HAD APPEARED VOLUNTARILY AT A CLOSED-SESSION OF THE COMMITTEE A FEW HOURS EARLIER TO GIVE ITS MEMBERS AN 80-MINUTE REVIEW OF WORLD CONDITIONS.

RANKIN AND EATON BOTH SPOKE DURING HOUSE DEBATE ON THE DRAFT BILL. RANKIN INFERRED MARSHALL HAD DISCOUNTED DANGERS ABROAD.

EATON SAID IN REPLY:

"SECRETARY MARSHALL DID NOT SAY THERE IS NO DANGER OF WAR. HE DID SAY THAT IN HIS JUDGMENT IT SEEMS TO BE QUITE CLEAR THAT ANY RECESSION--ANY BACKING AWAY--FROM OUR PRESENT LINE OF ACTION WOULD BE MOST UNFORTUNATE AND MIGHT RESULT IN WAR."

EATON SAID THAT UNDER HOUSE RULES THE TESTIMONY OF WITNESSES WHO APPEAR IN CLOSED SESSIONS OF HOUSE COMMITTEES IS "SUPPOSED TO BE SACRED."

U.N.-PALESTINE

LAKE SUCCESS, JUNE 17-(AP)-THE UNITED NATIONS DECIDED TODAY TO SEND 50 UNIFORMED U.N. GUARDS TO PALESTINE TO AID IN CARRYING OUT THE JEWISH-ARAB TRUCE.

THE GUARDS, NOW ON DUTY HERE AS PART OF THE U.N. HEADQUARTERS SECURITY FORCE, WILL LEAVE BY CHARTERED PLANE SATURDAY FOR CAIRO. THEY ARE BEING SENT IN RESPONSE TO A REQUEST FROM COUNT FOLKE BERNADOTTE, U.N. PALESTINE MEDIATOR.

U.N. OFFICIALS SAID SECRETARY-GENERAL TRYGVE LIE HAD CONSULTED MAYOR WILLIAM O'DWYER ABOUT THE POSSIBILITY OF SENDING NEW YORK POLICE OFFICERS, BUT LATER DECIDED TO USE THE GUARDS.

THIS IS THE FIRST TIME THE U.N. SECURITY FORCE HAS BEEN USED ON ANY ASSIGNMENT EXCEPT GUARD DUTY AT U.N. HEADQUARTERS. THE GUARDS ARE ALMOST EXCLUSIVELY AMERICANS. THEY WILL BE HEADED BY JOHN COSGROVE, A LIEUTENANT OF THE SECURITY FORCE.

FRANK BEGLEY, HEAD OF THE FORCE, ALREADY IS IN CAIRO WITH THE GROWING STAFF OF U.N. OFFICIALS ATTACHED TO BERNADOTTE'S HEADQUARTERS.

THE GUARD CONTINGENT WILL BE USED TO SUPPLEMENT THE FORCE OF AMERICAN, FRENCH AND BELGIAN MILITARY OBSERVERS ALREADY SUPERVISING THE FOUR-WEEK TRUCE. THE GUARDS WILL BE ASSIGNED PRIMARILY TO CONTROLLING CONVOYS ON THE JERUSALEM-TEL AVIV ROAD.

U.N. OFFICIALS SAID IT WOULD BE UP TO BERNADOTTE TO DECIDE WHETHER THE GUARDS WILL BE ARMED. LIE ALREADY HAS DECIDED, HOWEVER, THAT THEY WILL WEAR THEIR BLUE-GRAY U.N. UNIFORMS WHILE IN PALESTINE.

THE U.N. MEANWHILE WILL RECRUIT 50 MORE MEN AS TEMPORARY REPLACEMENTS OF THE GUARDS.

SOVIETS HIT BACK AS ALLIES REVISE GERMAN CURRENCY

Russian Zone Clamps on Travel Ban 'to Protect' Its Economy. (N)

ALLIED MOVE ASSAILED

Germans Go on Spending Spree as Money Reform Gets Under Way.

W. GALLAGHER

BERLIN, Wednesday, June 19 (AP)—The U. S., Britain and France set up a new currency for their zones in western Germany last night and the Russians reacted swiftly and violently to it in two midnight actions.

Soviet authorities announced the closing of their occupation zone to railroad and motor travel from the west "in order to protect its economy from disorganization." The Russians reportedly did this to block an influx of worthless marks from the western sector.

Assails Western Powers

Marshal Vassily D. Sokolovsky, Soviet commander in Germany, issued a proclamation to the German people in which he accused the western powers of "compelling the splitting of Germany."

It was not clear from the travel ban, as announced by the Russian-controlled German news agency, whether it would apply to allied travelers or only to Germans. This could not be determined until later in the morning because night travel is suspended for allied nationals along the autoban highway which links Berlin with the west.

The western power plan of currency revision is a "delayed action" measure which leave 45,000,000 Germans puzzled for a week until they learn the value of the new money. There were strong indications that 10 old marks would be turned in for one new mark worth about 30 cents.

The reform is calculated to reduce money in circulation and establish a sound currency to permit healthy German participation in European recovery program. The plan abandons the old reichmark and creates the new deutsche mark.

Strict Railroad Control

A Russian-controlled German news agency announcement said effective at midnight, Friday, strict controls were placed on all land and water traffic between west and east Germany. These included:

1—Suspension of all railroad passenger service between the Russian zone and western Germany. Train travel has stopped in both directions. This affected only Germans because previously imposed Soviet restrictions had halted western allied railroad passenger train service.

2—Highway travel into the Russian zone via the Helmstedt-Berlin Autobahn also was stopped, but road traffic from east to west was permitted to continue.

3—Pedestrian traffic into the Russian zone from the west was stopped, even for travellers possessing inter-zonal travel passes. This traffic, however, was allowed to continue from the Soviet zone to the west.

4—All forms of inter-zonal water transport were ordered to submit to examination of freight and personal baggage.

5—All railroad freight and baggage of train personnel were ordered subject to examination.

The Russian-controlled news agency said the state of Thuringia, which borders on the American zone, went even further and stopped all train and motor travel from the Russian zone to the west.

No Advance Notice

Western authorities in Berlin—whose traffic has increasingly been restricted by the Russians—apparently had no advance notice of the suddenly-imposed Soviet bans. Nor did they appear to have had any advance notice of Sokolovsky's direct appeal to the German people in which he denounced the currency reform.

Soviet military government representatives condemned the monetary reform program. They refused to meet with the western allies to discuss currency circulation in Berlin.

This was reported by the eastern German news agency ADN. It said that in answer to an invitation by the French to the Americans, British and Russians to meet in Berlin Friday and discuss that city's position, Col. A. Jerlisarov, deputy Soviet commander in Berlin, said he did not find it possible to accept.

"I think it is well known" he was quoted as saying, "that the Soviet occupation power categorically condemns this unilateral action which infringes on the decisions of Potsdam and the four-power control in Germany."

During the week western Germany will have money to burn. In fact the three military governments told the Germans it would help if they did go out and burn a lot of the old money known as the Reichsmark.

Rumors that the revision was coming caused Germans to rush the stores in a spending spree today. They cleaned out stores, formed lines at theaters and bought anything they could to get rid of their old marks. Many businesses closed and refused transactions in the old marks.

The Russian-controlled Berlin press declared the creation of a new money in western Germany meant the partitioning of Germany and "raising a barricade against the east."

Denounced In Russ Zone

The German Economic Commission for the Russian occupation zone denounced the reform and said: "At the right time, necessary protective measures will be taken in the Soviet zone."

Similar denunciation came from the Russian-sponsored, Communist-controlled Socialist Unity party of the Soviet zone. It claimed the action of the Western powers "represents the final splitting of Germany" and is a "frightful blow against the German people."

These were among the main features of the revision announced so far:

The new money will not apply to the three western sectors of Berlin because that city is ruled by the four powers.

The 45,000,000 Germans in the west will be virtual paupers for a week. Millionaires and beggars all will have exactly the same amount of money to spend in seven days.

For their first 60 old marks each person will be given 60 new deutsche marks worth about $18. The first 40 marks can be turned in beginning Sunday in exchange for 40 new marks worth $12 and a promise of 20 more marks later. The first 40 marks is for spending money the first week.

Moratorium on Debts

During the week there will be a moratorium on all debts.

Starting Monday the Germans must turn into the banks all their other marks and fill out forms telling how they got their deposits.

After all these returns are in by June 26 the Americans, French and British will promulgate new laws telling the Germnas what they will get for their old marks.

It may not be much in many cases. An official American spokesman pointed out that there is no penalty in today's law for burning old marks and not turning them in.

He hinted this might not be a bad idea for black marketeers who do not want to explain how they came by their profits.

The "delayed action" system of revaluing the currency was designed for two reasons, an official spokesman said.

The first was to find out how much money is outstanding. Hitler flooded the country with marks of which there is no record. Soviet authorities also have been accused of printing billions of marks from printing plates supplied them by the Americans in 1945.

New Currency for Germany Announced by Western Allies

Old Mark on Way Out in 3 Zones—Debt Moratorium Due—Reich aid to ERP (D) Sought—Frantic Buyers Jam Shops.

Berlin, June 18 (A. P.).—The Western Allies announced tonight a drastic currency reform to reduce the money in circulation in their zones of occupation and pave the way for German participation in the European Recovery Program. They set up a new mark, called the Deutsche mark, and provided for the first steps in taking old marks out of trade channels.

All old money and holdings must be registered next week. There will be a full week's moratorium on all debts in Western Germany.

Germans in the western zones may trade forty old marks for forty new marks Sunday. This will entitle the 45,000,000 residents to hold only the equivalent of $12 each.

Conversion Rate Later.

The announcement said the rate at which the mark can be converted into or from other monies will be announced later. The Allies also left until later an announcement of how much in savings Germans will be allowed to keep. Authoritative quarters have indicated that further laws will reduce savings and business balances by 90 per cent or more. This supposition was supported by a provision in tonight's proclamation. The provision said that small change from the old marks will be kept in circulation temporarily, but at a rate of one new mark for ten old marks. This small change ranges from one pfennig (one hundredth of a mark) to a mark.

In order to carry on business, firms will be able to borrow new currency from banks up to sixty marks for every person employed.

After turning in their forty marks Sunday, the Germans will have the prospect of getting twenty more new marks within two months, while details of the program are being worked out. The total to be cashed in the two-month period cannotn exceed sixty marks.

100 Billion Marks Now.

The $12 equavelent to be allowed the Germans is figured on the basis of 30 cents to the mark, the conversion rate currently in use for internal trade. There are about 100 billion marks in circulation now, ten times more than before the war.

The reform is effective only in the American, British and French zones. Western sectors of the four-Power city of Berlin and excluded.

Prospect of the monetary measures set off a buying wave among Germans frantic to get rid of their old marks before most of them become worthless. Thousands bought every article they could see on storekeepers' shelves. Night clubs were rushed.

The three military governors of the Western zones met secretly two weeks ago to set the date for changing the currency. Official informants said they had delivered letters to Marshal Vassily Sokolovsky, Soviet zone chief, advising him of the change in currency.

Says He's Ready to Aid.

A few hours before the announcement, Sokolovsky said he is "ready to support any measure which would serve to accomplish a common German currency on the basis of a four-Power decision." The Russians previously have blocked efforts to agree on such a program. This led to the decision to go ahead on a three-Power basis.

The German mark has had artificial values ranging from a half cent to a cent on the black market to 30 cents in export trade.

Each of the 45,000,000 Germans in the three western zones will be entitled to the equivalent of $12 Monday. Officials indicated the reform provides that each German receives 40 marks for his old currency at once, while the program is getting under way.

No International Value

The new mark will have no international value at once, but it is understood that the program will make it worth 30 cents internally.

The reform may wipe out from 70 to 90 per cent of the present inflated money, hitting all savings of more than 3,000 marks. Penalties

for violations will be up to five years in jail and fines of up to 50,000 marks.

Prices soared dizzily today as the Germans spent their old marks like water. The black-market price of the dollar rose to 1,000 marks. Cigarettes, kingpin of western German economy, brought 18 marks each.

Foodstuffs on the black market rose several hundred per cent. Legitimate food stores were jammed with people trying to buy salt, vinegar and other unrationed items.

Filling Stations Close

"It is the most amazing thing I have ever seen," said a chain-store manager. "People are buying rubbish they would not have dreamed of buying a week ago."

Another store owner observed: "Everybody is frightfully nervous and some people are afraid they are going to starve."

Filling stations held back their gasoline. Many closed. Hundreds of cars lined up before those which stayed open. Some people pushed in handcarts of gasoline cans in attempts to buy all possible.

Theater ticket offices were mobbed by persons eager to spend marks for which they might not be able to account legally.

Pricing Power Granted

The German Bizonal Economic Council of the American and British zones, in all-night session, gave its economic director full power to raise or lower prices on all food and consumer goods. This is expected to bring prices back toward a normal balance with the rest of the world.

The council announced that the present ration-coupon system for consumer goods will be replaced by a general point system. Along with money revaluation, this is expected to release hoarded goods and bring the levels of supply and demand back into better balance.

Three Purposes Involved

Presumably the new currency already has been parceled out to key issue points in the western zones. The exchange will not extend to the Russian zone. The Russians have not agreed to it.

Those who have drawn up the plan hope it will trim an inflated currency down to size so as to:

1. End the black market, at least for the time being.
2. Bring hoarded goods on the open market.
3. Spur the Germans to work harder and fulfill their part in the European Recovery program.

Allied officials have classed the reform as "top secret" but Germans have been expecting it for days. Many business places have closed.

In Berlin, Marshal Vassily D. Sokolovsky, Soviet Military Governor for Germany, said today that he is ready "to support any measure which would serve to accomplish a German currency on the basis of a four-power decision."

He said he regarded such a four-power agreement as "completely possible." The Russians blocked an agreement of that sort for months in the Allied Control Council.

Summary of Currency Reform Plan in Germany

BERLIN, June 18 (AP)—Following is the text of the official summary of Western Germany's currency reform program; announced today:

The first law for the reform of the German currency promulgated by the military governments of Great Britain, the United States and France will go into effect on June 20. The old German currency is hereby invalidated. The new currency will be the Deutsche mark, which will be divided into 100 Deutsche pfennige.

The old money—the Reichsmark, the Rentenmark and mark notes issued in Germany by the Allied military authorities—will become invalid on June 21. The only exceptions are old mark notes and coins up to a denomination of one mark. In order to prevent a temporary shortage of small change, these small notes and coins will remain in use until further notice at one-tenth their old or nominal value. Nobody, however, need accept more than fifty pieces of small change in payment of any kind. Postage stamps will also remain valid at one-tenth their nominal value.

As a first measure, each inhabitant of the Western zone will receive a certain sum in the new Deutsche mark. This per capita sum amounts to 60 marks, to be paid against an equal sum of old bank notes. Forty marks will be paid out this Sunday, the remaining 20, one month later. For example, for a family of four, 240 marks of old money can be paid in, for which the family receives immediately 160 Deutsche marks and an additional 80 marks one month later.

Savings to Be Converted Later

Other money held by the German public, as well as savings accounts in banks, savings banks and postal savings institutions, will be converted into Deutsche marks at a later date. The conversion rate, which will drastically reduce the total amount of money in circulation, as well as other details concerning the exchange of these amounts of money will be published shortly in further laws. During this later conversion operation, the per capita quota already received will be deducted from the Deutsche mark funds then converted or credited to the individual. Thus, if a person has an account with a bank which through this later conversion, is reduced to 200 Deutsche marks, he will still have deducted from this the 60 marks which he already received as his per capita quota in the new currency.

The per capita quota will be paid this coming Sunday by the same offices issuing food ration stamps. In order to receive the new money, all persons must observe the following instructions:

Individuals must show their food ration and identity cards and hand in 60 marks old money. As far as families are concerned, the per capita quota for the whole family will be delivered to the head of the family after he has handed in 60 marks for each person.

Persons who are physically incapable of appearing themselves may send a representative who, however, must be authorized by a letter stating the reason for non-appearance of the person concerned. If the head of a family is incapacitated, by sickness or otherwise, from appearing, another member of the family can pick up the per capita quota, again submitting an authorization. Special regulations will apply to travelers. They will find them at the nearest food ration office.

Moratorium on Debts

Wages and salaries must be paid in the new currency as of Sunday. Wage and salary recipients who are paid on a bi-monthly or monthly basis in advance will get a reimbursement of 70 per cent in new money, for the days between the tenth day after currency reform and their next pay day (for which they were paid in advance in old currency).

There will be a moratorium of one week for all money obligations in Reichmark. That is to say, during this week, no debts should be paid.

Prices will not be affected by the currency reform. In all laws, administrative regulations, contracts, etc. the new currency will simply replace the old.

Business enterprises will, upon application, receive advances to tide them over. This aid in new Deutsche mark will depend on the number of employes and the size of their holdings in old money. In principle, they will receive 60 marks an employe, the total aid not to exceed their holdings in old currency.

In preparation for the exchange of old money in circulation and bank accounts, the old money now in the Western zones must be turned in or registered by June 26. All money not turned in or registered by that date will become worthless.

In order to guarantee a fair utilization of all property, the German legislative authorities will be charged with working out a law for the equalization of financial burdens within six months. A tax reform, too, will follow the currency reform as speedily as possible.

To turn in or register their holdings of old money, all individuals must fill out a schedule A form, which they will get at the same time that they receive their per capita quota. Business enterprises will use a schedule B, which is obtainable at the banks. Instructions for filling out these schedules will be broadcast over the radio and published in the press.

June 26 Is Set as Deadline

The old money must be turned in or registered by June 26 at the banks or savings banks, as well as certain auxiliary exchange places that will be set up within governmental offices or business enterprises with a large number of employes in order to facilitate the exchange operations. Old money cannot be turned in at postoffice or postal savings institutions.

Of particular importance is the fact that each individual and each business enterprise may, as a matter of principle, only turn in or register old money once.

It is forbidden to import old money into the Western zones or export it from this area. It is, of course, permissible to destroy one's holdings of old money instead of turning them in.

Violators of this law will be punishable by jail sentences up to five years and fines of up to 1,000 Deutsche marks or both.

For displaced persons living in camps, regulations paralleling this law will be announced through camp governments. DP's will be affected by currency reform just like the German population. For members of the occupation forces, separate instructions will be issued.

Currency reform will not, for the time being, apply to Berlin, because Berlin is under four-power rule. The three military governments will, however, take all measures in order to maintain and strengthen Berlin's economic ties with the West, which are vital to the welfare of the city. Berlin, too, is to share in the benefits of the European Recovery Plan, which stands behind the new currency. Food deliveries into Berlin will be continued by the Western occupying powers and sold for currency there in use.

The military government will issue provisions requiring an inventory of property to be taken by each taxpayer who keeps books and for the drawing up of a balance sheet as of the date of currency reform for tax purposes.

Yank Rude At Berlin Meeting, Russ Charge

Berlin, June 18 (AP)—The official Soviet newspaper *Taegliche Rundschau* today criticized the manners of Col. Frank L. Howley, United States representative of the Allied *Kommandatura*.

It complained that when he left the *Kommandatura* meeting Wednesday night after a 13-hour sitting he slammed the door of the chamber "as though he were in a stable."

After Howley left the long Wednesday session, pleading fatigue, the Russian delegates stomped out, crying "insult." The French general presiding at the time said Howley had acted properly and said it was the Russians who were rude.

Missing Hitler Deputy Gets Ten Years in Absentia

BERCHTESGADEN, Germany, June 18 (AP)—Martin Bormann, missing deputy of Adolf Hitler, was sentenced today in absentia to ten years in jail.

The German denazification court also ordered confiscated all his Bavarian property above 4,000 marks. Bormann is believed to have been killed in the fall of Berlin. The international military tribunal in Nuremberg had sentenced him in absentia to be hanged.

The court also ordered confiscated all the Bavarian property of Hermann Goering, who swallowed poison at Nuremburg a few hours before he was to have been executed.

U. S. Says Soviets Can Join

WASHINGTON, June 18 (AP).—The United States government said today that currency reform can be applied to all of Germany if and when Russian opposition to unification of the country is ended.

A State Department-Army joint statement on the currency program announced at Frankfurt described the steps as "a technical, non-political measure" and a "prerequisite to effective German participation in the European Recovery Program."

U. S. Is Denounced By British Union

Blackpool, England, June 18 (A. P.).—Delegates representing 77,000 members of the Amalgamated Union of Foundry Workers voted today a resolution saying:

"The U. S. A., governed as it is by big business, is only interested in capturing new markets in Europe, and retarding the advance of the common people. America will only help us at the peril of our independence. We have ample evidence of that in the swindle of the American loan."

The resolution called for a closer British alliance with Russia.

The demonstration celebrated the end of the school year. But some of the students shouted their sympathy for the strikers at Clermont-Ferrand, France.

Police swung clubs on a few of them and got ink bottles in return as the students attempted to march to the Arc de Triomphe.

Belgium Faces Chance Of Nation-Wide Strike

Brussels, June 18 (AP)—The possibility of a country-wide strike faced Belgian industry today.

A spokesman for the executive committee of the Metal Workers Union said tonight the Belgian Trade Union Congress (General Federation of Labor) may call a general strike. He said it would be in support of the current metal workers strike and that a decision might be made Sunday.

Jean Drapier, chief of the Cabinet, said the Government is not prepared to support a general five per cent wage increase asked by the metal workers, but is prepared to look over raises if it is established they are justified.

The strike left 2,400 iron and steel plants in Belgium idle, and some 200,000 men off the job.

Wool Conference.

The resolution further said that the system of export and import licenses is a large obstacle to international trade.

Maurice Dubrulle of France was chosen president of the Bureau of the International Federation of Wool for 1948-49.

Next year the conference will be held in Italy.

Army Reveals Names Of 5 Held By Yugoslavs

Trieste, Yugoslavia, June 18 (AP). The United States Army today announced the names of five American soldiers whom Yugoslav authorities are holding as prisoners.

They were seized on Tuesday along with an Italian civilian while cruising in an army launch in the Adriatic near Punta Grossa, Istria, a few miles from Trieste.

The Americans were listed as:

Tech. 4/g George C. Wilson, Southern Pines, N.C.; Tech. 5/g Jarvil L. Caulnier, Boston; Tech. 5/g Augustin Santana, Jr., New York city; Pfc. Gordon J. Foster, Falls Church, Va., and Private Archie M. Van Why, Stroudsburg, Pennsylvania.

Army public relations officer said last night they had no idea when the prisoners would be freed.

The Yugoslavs were reported to have escorted the launch to Capodistria, claiming it had entered Yugoslav territorial waters.

Burton K. Wheeler Backs Marshall Plan

Madrid, June 18 (AP)—Former Senator Burton K. Wheeler, of Montana, said last night France and Belgium have made impressive strides toward recovery since the war.

"There still is need for the Marshall plan, but the plan's success depends upon its administration," he said on arrival from Paris.

Wheeler said the German people are desperate.

"Hope must be held out to the German people so they will work for their own recovery," he said. "With the present state of mind of the German people, the country certainly would go communistic if the Americans left Germany."

Smuts Tells Europe: Unite, Save Civilization

Amsterdam, June 18 (AP)—Field Marshal Jan Christiaan Smuts counseled the nations of western Europe today to unite to "save our Western civilization."

"Push on with this great work," the former Prime Minister of South Africa declared in a speech prepared for delivery at Leiden University, where he was awarded an honorary degree of doctor of laws.

He appealed for "a definite ideology backed by enthusiasm" to speed recovery efforts in Europe.

Western Europe, Smuts declared, can build success out of failure through union.

Reich Communists In Sofia On Mission

Sofia, Bulgarie, June 18 (AP)—Wilhelm Pieck and Otto Grotewohl, leaders of the (Communist-led) Socialist Unity party of Germany, arrived here today from Budapest.

The Communist newspaper *Raootnichesko Delo* said the two intend "to get in touch with responsible Bulgarian economic circles and create conditions for official economic negotiations between the Bulgarian Government and the German Berlin Economic Commission." It said this would represent the first attempt to re-establish Bulgarian economic relations with Germany.

GREEKS OPEN 40-MILE DRIVE (1)

Army Reports Gains In Attacks On Guerrilla Strongholds

L. S. CHARLES

Athens, June 18 (AP)—Greek Army forces pushed westward under an air and artillery umbrella today as its biggest offensive against the guerrillas rumbled into action.

Fighter planes, artillery and troops were active on a 40-mile front running from the Albanian border south to Grevena. Press dispatches said the army already has gained positions at the foot of Mount Grammos in north central Greece, where Gen. Markos Vafiades, chief of the Communist guerrillas, is thought to have headquarters.

Dispatches from Ioannina said Greek fighter planes showered rockets and bombs on a guerrilla deputy commander's headquarters on Grammos Mountain. They said heavy damage had been caused. The dispatches said five Greek Spitfire-type planes hit the strong point with rockets and bombs.

Five Divisions Move Up

Five Greek Army divisions were moved into position for the all-out campaign against the guerrillas.

Strong guerrilla fortifications were reported knocked out northwest of Nestorion after Nationalist troops attacked in a combined offensive. A General Staff communiqué said heavy fighting was continuing west of Nestorion and at Kastanohoria, but that the guerrillas were withdrawing.

Planes with rockets and bombs flew 24 sorties, attacking rebel positions at Lykorrachi and vicinity. Lykorrachi is believed to be one of Vafiades's major bases.

Fighter aircraft also struck at guerrilla positions in the Pindos mountains.

Reports of the situation at Asproangeli, at the foot of Mount Mitsikeli, were conflicting. Fighting has been going on there for two days, and press dispatches said the rebels occupied the village. A communiqué said, however, that Nationalist forces had routed the guerrillas after a seven-hour battle in which 56 guerrillas were killed.

Army Forces Attacked

Press dispatches from Salonika said army units moving into the Korona area, a half-mile south of the Yugoslav border and about 5 miles west of Lake Doirani, were machine-gunned from positions inside Yugoslav territory.

These dispatches said observers of the United Nations Special Commission on the Balkans witnessed guerrillas crossing the border into Greece.

In Athens trial began of ten persons, one a woman, who are charged with conspiracy and with the May Day assassination of Minister of Justice Christos Ladas. Two of the defendants are being tried *in absentia*.

Greeks Bombing Rebels, Troops Moving Up (2)

Athens, June 18 (AP)—Greek planes hurled bombs and rockets today at a guerrilla headquarters on Mount Grammos while troops pressed a major offensive.

The explosives fell on a concentration of tents, two stone buildings and fortified positions south of Lykorrachi. The post was that of a "Captain" Kikitsos, a deputy commander for the Communist leader Markos Vafiades, dispatches from Ioannina said.

Land forces and artillery were moving west along a line from the Albanian border to Grevena into the heart of the guerrilla area. The Greeks have massed five divisions for the drive, described as their largest yet. Aerial preparation has been in progress five days.

Glide To Attack

Press reports said five Spitfires carrying the attack against Kikitsos's headquarters caught the guerrillas by surprise. They glided in from high altitude with engines stilled.

Pilots said the rebels had no time to open ground fire. Firing started only after the planes zoomed from range.

Troops advanced on a 40-mile front, press dispatches said. The area under attack is believed to hold headquarters of Vafiades.

The Army has already won positions at the foot of the 7,000-foot mountain, and the guerrillas are wtihdrawing deeper into Grammos, the dispatches said.

Fighting West Of Nestorion

A general staff communiqué confirmed that heavy fighting is taking place west of Nestorion, in the Grammos foothills, and in the Kastanohoria district.

The communiqué said that in the Grammos fighting, 45 guerrillas were killed and 44 wounded.

The general staff said 56 guerrillas died and eight were captured in fighting for Asproangeli, a village 12 miles north of Ioannina and east of the road to Konitsa.

Press dispatches said Asproangeli, at the northern foot of Mount Mitsikeli, was occupied by guerrillas.

But the communiqué said a rebel band that attacked the village Wednesday night was beaten off in seven hours by army units with air support.

Indo Consul Called Home For Conference

Prague, Czechoslovakia, June 18 (AP)—D. Rom Soerpino, the Indonesian who recently concluded an agreement for consular relations with Soviet Russia in negotiations here, said today he planned to leave Monday for Indonesia.

He said he has been called back by his Government for consultations on the treaty with Russia. Soerrino added that, at this time, there is no question of any Soviet military aid for his country.

Liberal Paper Ended at Prague

Prague, June 18 (A. P.).—The liberal daily Pravo Lidu, which recently celebrated its fiftieth anniversary, will cease publication under a co-ordination of Social Democratic newspapers. The Social Democratic and Communist parties are fusing on June 27.

Bishop Gives Hungary Teachers Free Choice

Budapest, June 18 (AP)—A Roman Catholic bishop, Msgr. Sandor Kovacs, issued a pastoral letter today to teachers of church schools telling them they may decide "according to their conscience" whether to continue teaching under nationalization.

This was announced by Ivan Boldiszar, Under Secretary of State for the press, who made public the recent exchanges between the Government and the Catholic Church over the issue of nationalization.

Hungary's Parliament adopted nationalization of church schools Wednesday after a perfunctory debate, over the vigorous opposition of Josef Cardinal Midszenty, primate of Hungary. Catholics had controlled 4,813 Hungarian schools, more than half the total.

Analysis Of Textbooks

Boldiszar told a news conference the next textbooks to be used in all schols as of September contain "no single anti-religious word," and have at least as many religious songs and stories as were published under the prewar government.

The official said the Government is still willing to negotiate with Cardinal Mindszenty on exceptions to the law.

"Exceptions can be made according to the law and it is likely that the Government will consider the historical merit of certain former church shcools," Boldiszar said.

In his last letter to Cyula Ortutay, Minister of Education, Cardinal Mindszenty declared that since the Government was unwilling to drop nationalization of church-sponsored schools, the church in Hungary would be unable to negotiate further. Ortutay replied to this that the law still affords the possibility of negotiation and the Government would be ready to begin talks with the church at any time.

Top Official Of Vienna's Political Police Abducted

Vienna, June 18 (AP)—Was the Austrian oficial in charge of kidnapping affairs kidnapped?

The Ministry of Interior indicated tonight that he was.

He is Anton Marek, top official of Vienna's political police, who disappeared yesterday.

A ministry report said Marek left his home after receiving a telephone call yesterday. His wife, who took the call, says she recognized the caller's voice as that of a Russian captain with whom Marek had been acquainted for some time.

Bernadotte Returns To Rhodes (N)

Cairo, June 18 (AP)—Count Folke Bernadotte arrived at his peace headquarters in Rhodes today to begin the attempt to set up a basis for a permanent Palestine settlement.

The United Nations mediator reached the Greek island after conferences in Cario and Tel Aviv where he was given assurances that Arab and Jewish experts will be sent in the role of consultants to help him shape a peace plan. These delegations are expected in Rhodes on Monday.

The Count said he did not expect he would have a proposal ready for Jewish and Arab consideration before a week.

Doubts in Tel Aviv

He said it was too early to say whether top Arab and Jewish leaders would go to the Aegean island to talk peace.

"We must move by easy stages," Rhodes dispatches quoted him. There is no question of any kind of round table conferences yet."

He expressed satisfaction that the cease-fire was now functioning but said there may be some minor incidents in coming weeks.

In Tel Aviv, however, grave doubts were expressed that the truce would last more than another ten days. Preparations were going ahead in Israel for any eventuality.

Prepare For Truce Or War

Observers in Amman, Trans-Jordan capital, said they expected "significant developments" following a Cabinet session that was called immediately after the arrival of the Trans-Jordan Premier and Foreign Minister from Cairo.

David Ben-Gurion, Israel Premeir, told the provisional Parliament in Tel Aviv last night that Israel must "be prepared either for truce or war."

He said the British evacuation of Haifa may take place before the end of the month, and "it is possible that this evacuation will serve as the signal for a new, sudden attack on the state of Israel, and particularly on Haifa, an attack by land, sea and air."

Intensive Training

Tel Aviv had the same tightly guarded blackout last night as it had during the month preceding the cease-fire.

Thousands of Israel's troops have returned from the front and are in camps where officers are putting them through intensive training. They have been replaced at the front by thousands of others.

Jewish mobilization for possible renewal of the fighting was continuing. All classes of able-bodied men up to 36 have been called for combat duty. Those over 42 have been mobilized in the home guard. Those from 36 to 42 are to be called up as needed. A new order this week authorized mobilization of men up to 55 and women up to 50 for essential work.

Arms Output Rushed

Local arms manufacture was being rushed at top speed in the Jewish state. Under the truce, the Jews cannot import arms.

The Jews emphasized that the consultations at Rhodes are in no way a "peace conference." The Arabs have declined to attend any formal round-table conference which would amount to tacit recognition of Israel as a state.

On the other hand the Jews declare that if the Arabs insist on dissolution of the Jewish state as a condition for a full-scale peace conference Bernadotte might as well save his time.

Jerusalem dispatches said Jewish Agency spokesmen there charged that in the last few days the Arabs had been bringing men and war materials into the Old City for "renewal of the battle."

Check Posts Promised

The spokesmen said the consular truce commission had given assurances that check posts would be set up shortly on roads into Jerusalem used by the Arabs.

The first United Nations-supervised convoy reached Jerusalem today. It was composed of about twenty trucks, mostly loaded with wheat.

A large Jewish work crew completed repairs to the battle-damaged Jerusalem-Tel Aviv highway at Latrun last night to enable Jerusalem's Jews to receive their first big food convoy after 28 days of Arab siege and a week of negotiations.

Ben-Gurion Has Doubts About Peace Hopes

Tel Aviv, Israel, June 18 (AP)—Prime Minister David Ben-Gurion takes a dim view of long-range peace prospects for Palestine and even doubts that hostilities can be staved off until the four-week truce ends.

He expressed this view before the Israeli Provisional State Council last night after talks with Count Folke Bernadotte, United Nations mediator, who arrived from Cairo yesterday.

The Prime Minister said the Jews are ready to participate in peace talks at Rhodes "as full-right partners, but we are not sure if the Arab leaders and their foreign advisers are also interested in peace."

Renewed Attacks Seen

"We hear," he said, "the British will accomplish evacuation during the month of June and at that time we can expect renewed Arab attacks on Israel from the land, sea and air. The Jews must be prepared for continued war because not only the state of Israel, but the existence of the whole Jewish people is in the balance."

Foreign Minister Moshe Shertok told the council Israel will send "Jewish experts" to Rhodes to consult with Bernadotte. He emphasized, however, that the preliminary talks will not constitute a full-scale peace conference.

Consultants For Talks

United Nations officials said the Arabs had previously agreed to send four consultants for the preliminary talks.

Shertok said Bernadotte had proposed that "the first stage of the Rhodes talks will be a conference between Bernadotte and his staff, with the assistance of experts from Arab and Jewish sides who will be consulted on special questions."

"Only if this conference should prove that there is a base for a full-scale Arab-Jewish peace conference," he said, "will invitations be sent to both sides."

May Asks Extension

[Reports in Cairo said Bernadotte might ask for an extension of the four-week truce. Abdel-Rahman Azzam Pasha, secretary of the Arab League, commented that the United Nations mediator should submit his peace plans to Arabs and Jews before the four-week period expires.]

Ben-Gurion indicated that Arab opposition to recognizing the State of Israel and to continuing immigration were likely to be the main stumbling blocks to any agreement at Rhodes.

"If the Arab leaders put forward —as reported—as a condition of the peace talks that the Jewish state be annulled and immigration stopped, we can only advise the mediator not to waste time," he added.

Plans Further Talks

Bernadotte plans further talks with Jewish leaders today before leaving for Rhodes.

Bernadotte's white-colored Red Cross plane arrived here yesterday only a few minutes after Tel Aviv air-raid sirens wailed a half-hour alarm as unidentified planes circled high over the city.

Thousands of Israeli combat troops are now on leave, their places taken along the silent, watchful front by other soldiers. Thousands more are back in camps, where officers are putting them through the basic arms drill weeks ing to help make up for the speed with which they had to be hurried throuhg the basic arms drill weeks ago when they were rushed into battle.

Even during the truce, mobilization for possible renewal of the war continues.

One Truce Watcher A Jew, Arabs Say

Cairo, June 18 (AP)—A Government official said last night that Premier Mahmoud Fahmy Nokrashy Pasha has asked Count Folke Bernadotte, United Nations mediator for Palestine, to dismiss an American truce observer on the ground he is a Jew.

Police meanwhile disclosed the arrest of two correspondents for American news agencies. A police official said the two had helped the Jews in Palestine.

The Government official is connected with the presidency of the Council, held by the Premier. He would not be quoted by name.

Besides asking the dismissal of one truce observer, he said, Nokrashy Pasha has asked the Count to inquire into the religion of two other members of the United States's 21-man observer team. He said Bernadotte has not replied.

Police said the two reporters arrested were Willy Safir, editorial employé of the Cairo newspaper *La Bourse Egyptienne* and International News Service correspondent, and Mrs. Yolanda Harmer, correspondent for the Overseas News Agency and a Palestine paper.

Mrs. Harmer is a citizen of South Africa, having married a South African. Safir has no citizenship.

Meanwhile, the United States Embassy invited the attention of the Egyptian Government today to a mob attack yesterday on a member of the American Navy medical research unit here.

Pulled From Car

The victim, Rowland A. Avriett, of Jacksonville, Fla., said he had done nothing to provoke the crowd which he said pulled him from his car and beat and kicked him.

Employés of the newspaper *Al Ahram*, in front of whose plant the incident occurred, said the crowd attacked Avriett after his car had struck and slightly injured a conductor perched on the side of a passing streetcar. They said Avriett had tried to leave the scene of the alleged accident.

Avariett said a policeman helped pull him out of the car and that he lost $250 and his Navy identification card while being attacked. He said several Egyptians came to his aid and the crowd finally dispersed.

The American, who is chief hospital man with the research unit, sustained minor bruises.

Amman Expects 'Developments'

AMMAN, Trans-Jordan, June 18 (AP)—Trans-Jordan's Cabinet was summoned into session today and political observers predicted important developments in the Palestine situation. The Premier and Foreign Minister have just returned by air from Cairo conferences with Arab League officials.

A United Nations plane arrived with eight members of a United Nations truce control party.

Jerusalem Jews Lack Lights

E. GOTTGETREU

Jerusalem, June 18 (AP)—On this seventh night of cease fire, virtually all Jerusalem's 100,000 Jews are still without electric lights.

Housewives have no kerosene for cooking, automobiles and busses no gasoline. The water supply is limited.

The daily bread ration was boosted this week from 150 grams (5.3 ounces) to 200 (seven ounces) a person. But it still isn't enough, particularly since there are no meat, fish, eggs, cheese, fruit or vegetables.

Hope For Convoy

There is some hope that the first food convoy to be checked by United Nations Truce-Commission officials may come through from Tel Aviv shortly. A big Jewish crew is busy repairing the shell-cratered midsection of the Tel Aviv-Jerusalem road.

However, in this city of empty shops, pessimists are unwilling to believe any promises of early relief through intervention of the commission.

"We've heard that 'Song of Bernadotte' during the whole cease-fire week," they say skeptically. "Wait and see—then eat, perhaps."

morrow for Cairo and the Middle East. The United Nations plans to ship ammunition separately for distribution if Count Folke Bernadotte, United Nations mediator in the Middle East, decides the guards should carry guns.

The guards—all American citizens except six—got their passports during the day and were issued new tropical uniforms.

Bernadotte asked for the guards to help supervise the four-week Holy Land truce. The 50 volunteers were signed up within a few hours yesterday.

Hyderabad "Blockaded"

New Delhi, June 18 (AP)—A source close to the Hyderabad state government said today India has imposed a strong economic blockade in an effort to make Hyderabad join the dominion, but that it can hold out "for months."

The Government of India has announced a blockade of warlike materials, but local governments have gone further than the central regime intended and are barring things like farm tools, asbestos and medicines, the informant said. He declared the situation is inflammable.

"Nearly everything has been stopped for the last three months," he added. Ironically, the Hindus of the state, which is a trifle larger than Kansas, have been the hardest hit. They dominate Hyderabad business.

Four murders during the past 24 hours brought to 24 the total killed since trouble began seven weeks ago. Two cases of arson were reported since yesterday.

One of the latest killings was that of Chong Fee Nam, shot to death last night at his home on the Dublin estate owned by the Malayan Rubber Company, a subsidiary of United States Rubber.

In Johore a gang raided the Yong Peng Union Rubber estate, burning four rubber smokehouses, the European manager's bungalow, and outbuildings. A Chinese foreman was shot to death at Senai.

In Kelanttan state four Malays were reported to have murdered a Moslem priest.

General Visits Trouble Spots

Several houses were burned on the Kiapa Bali rubber estate in Perak.

States of emergency already had been declared in Perak and Johore, where violence reached a peak.

Maj. Gen. D. A. L. Wade, general officer commanding the Malaya district, went to Perak to visit trouble spots.

Thus far in the disturbances five British subjects have been killed.

It was reported the Chinese government may ask Malaya authorities for special protection for Kuomintang party Chinese. The shooting of Kumontang Chinese in Malaya is generally blamed in official circles on Chinese Communists.

Reservists Being Recalled

Reservists in the Malay regiment are being called up to help police. One official said the reservists are being put into service in Perak state, where three Europeans were killed Wednesday.

Palestine-Bound U.N. Guards Issued Police Revolvers

Lake Success, N.Y., June 18 (AP). The United Nations issued 38-caliber police revolvers today to 50 guards recruited for emergency duty in Palestine. It was the first time in United Nations history that the United Nations force carried weapons.

United Nations officials said Tryge Lie, United Nations secretary-general, purchased the revolvers from New York city police by special arrangement with the State Department.

The guards will carry the revolvers when they depart by plane to-

State Of Emergency Declared In Malaya To Halt Terrorists

S. SWINTON.

Singapore, June 18 (AP)—A state of emergency was declared throughout Malaya today in an effort to halt a wave of terrorism allegedly caused by Communists.

The emergency proclamation was made by Sir Edward Gent, high commissioner for Malaya. It affects all nine states of the Malay Federation.

Police were given broad powers under the decree, and were authorized to recruit British Army officers in Malaya whose terms have expired.

Four More Murders

men armed with automatic weapons raided Jeram Choh village, and attacked local Kuomintang headquarters. The dispatches said they were driven off without casualties.

The Malayan *Tribune* said two unsuccessful attempts were made to kill British planters in the Ipoh district yesterday.

War Against British Rule

The *Straits Times*, leading British newspaper in Malaya, said "Malaya's Communists have declared war against British rule." It estimated in a dispatch from Kuala Lumpur, the capital, that 5,000 to 10,000 Communists are active in the campaign of violence.

"Their chain of command is international and well organized inside Malaya," the account said. "Thwarted in Germany, defeated in Italy, Russia now has turned its attention to the Far East. Burma is going. Siam is threatened. Malaya is now entering upon a period of trial.

All Malay Union Faces State Of Emergency

Singapore, June 18 (AP)—Kuala Lumpur dispatches said today the entire Mayalan Federation is expected to be declared in a state of emergency because of current lawlessness.

They said Johore and Perak states already had been put under emergency powers. Some officials have accused the Communists of inspiring the wave of terrorism.

Two Chinese were murdered last night in Kedah state, bringing to seventeen Chinese and five Britons the death toll for seven weeks of violence in Malaya.

Slain On American Estate

A Chinese contractor, Chong Fee-nam, was shot in his home on the Dublin estate, owned by Malayan-American Plantations, a subsidiary of the United States Rubber Company.

An emergency conference in Kuala Lumpur today was expected to bring together Malcolm MacDonald, British commissioner general for southeast Asia; Sir Edward Gent, high commissioner for Malaya, and Sir Franklin Gimson, governor of Singapore.

British officers of the Malayan police on home leave were said to have been ordered to fly back to Malaya.

Reservists Called Up

Perak State police officials said in Ipoh today reservists of the Malay regiment are being called up to help police and troops already fighting against violence. The regiment's reserve list numbers about 400—all Malays. The regiment itself, numbering about 1,000, already is at work.

One official said experienced reservists would take over guard and escort duties from the police, who then would concentrate on patrols seeking the gunmen.

A report from Penang said Cheng Te-hooi, of Balin, a small town in East Kedah, was shot to death by four armed men as he walked through the village last night.

CHINESE REDS SEIZE AIRFIELD

Drive Garrison Inside Kaifeng, Chiang Spokesman Says

Nanking, June 18 (AP)—A Government military spokesman said today that Communists have taken the Kaifeng Airfield and forced the garrison to retire inside the walls of that important central China city.

Representatives from Honan province, of which Kaifeng is the capital, interrupted a session of the legislative Yuan to demand quick military relief.

Kaifeng, a city of 500,000, is estimated to have only a regiment (possibly 2,000 men) of Government regulars. The attacking Communists under Gen. Chen Yi were said to be in three to five columns of unstated strength.

The Government spokesman declared Nationalist reinforcements, also of unspecified numbers, were within 15 miles south of Kaifeng.

Elsewhere in China's civil war, pro-Government reports claimed the Nationalists had regained a firm grip on the Tangshan coal-mining area, 60 miles northeast of Tientsin, and also on Kupehkow, 70 miles northeast of Peiping.

China Reds Rout Kaifeng Force, Near Arsenal

HK. MILES

Nanking, June 18 (AP)—Chinese Communists won the first round today in a new battle for Kaifeng, a Government arsenal and capital of Honan province in central China.

A military spokesman confirmed that Kaifeng's small garrison—one regiment—was forced to evacuate the city's airport and withdraw within its walls.

Communist General Chen Yi struck at Kaifeng with advance elements of troops which pro-Government dispatches numbered at 20,000.

Reinforcements On Way

The spokesman said Government reinforcements marching from the south had reached a point 15 miles from Kaifeng.

Chen Yi's apparent objective is Kaifeng's arsenal. The city has a population of 500,000.

Press accounts reported other Communist units were moving southward toward the Yangtze. The Government spokesman, however, said a fan-like national advance was driving the Communists back to the Yellow River—"which will be their grave." The insurgents have managed in the past to elude such Government traps.

Reds Bypass Gzeyang

At Gzeyang, military reports said, the Communists by-passed the city in their move westward. Tzeyand is 100 miles south of Tsinan, capital of Shantung.

After two refusals, Gen. Pai Chung-hsi finally accepted the Central China command.

Official sources said President Chiang Kai-shek had promised him full control.

Communists Free Nuns

Peiping, June 18 (AP)—Chinese Communists sent word today they had released 11 foreign and 30 Chinese Catholic nuns held since November.

The original group included five Americans, five Canadians and two Britons. One unidentified nun died in captivity. The nuns, all Sisters of Adorers of Precious Blood, were held at Hsinhsien. That city, 90 miles southwest of Tientsin, was taken by the Reds in civil-war fighting.

A courier-delivered letter to the American consulate at Tientsin said the nuns would be sent by boat to Tientsin.

Their release followed strenuous efforts by American and British authorities, who appealed by radio and air-dropped messages. Thirty priests—nineteen Chinese, eleven French—still are held. The Communists recently accused five of the French as alleged spies.

legal dealing in American currency. Mayor K. C. Wu said he would try something new—calling in large amounts of idle capital.

To curb wild speculation in money commodities, authorities proposed to forbid using bank checks on the date of issue, and to stop the flow of capital from Peiping and Tientsin—close to the civil war battle zone—to Shanghai.

Occupation Forces To Parade In Tokyo

Tokyo, June 18 (AP)—General MacArthur, for the third time since Japan's surrender, will review occupation forces in the Imperial Palace Plaza July 5.

United States and British troops, Far East Air Force and naval forces will particiate. After passing in review, they will parade through downtown Tokyo.

22 Indo Republicans Jailed, Batavia Hears

Batavia, Java, June 18 (AP)—An authoritative source said today 22 Indonesian Republicans living or visiting in Batavia were jailed by Dutch security police last night on charges of "subversive activities."

The arrests were neither announced officially by police nor reported by Republicans.

Usman Ismail, a Batavia correspondent of the Republican news agency Antara, was among those reported arrested.

Similar arrests last month provoked a Republican potest in the course of United Nations Good Offices negotiations because they involved searches of the home of one member of the Republican negotiating delegation and the arrest of a delegation attache.

283-130, Riddled with Amendments.

WASHINGTON, June 19—(Saturday)—(AP) A filibuster blocked action on the draft bill and harried Senate leaders were forced early today to turn, temporarily at least, to other legislation.

Senator Taylor of Idaho, who plans to run for vice president on Henry A. Wallace's third party ticket, talked for eight hours and 33 minutes. He quit at 12:10 a. m., EST, and sought to turn the floor over to Senator Langer (R-ND), another foe of selective service. Leaders tried to dissuade Langer from continuing the filibuster, but he adamantly demanded the floor. Then the Senate was sidetracked onto other

But Taylor prevented final action on the compromise. He had been talking for more than seven hours. His voice had grown husky, but he showed no signs of collapse.

Langer declared that he would talk "a while" when Taylor shut down. Sipping tea in the Senate restaurant, he said "the time has come" to let the Republican leadership know "who is running this Senate."

He said he had been "reprimanded" when he attempted to question Taylor on the Senate floor. (Questioning a filibustering senator helps him out by giving his voice a rest).

"I had not intended to speak but now I'm going to," Langer said.

It was Rep. Short (R-Mo.) who told newsmen that the compromise draft plan called for starting up the induction machinery in 90 days. Another legislator who cannot be

the agreement to begin inductions in 90 days after the draft law was passed was "tentative." It would discard the House plan to delay any draft until Feb. 1 of next year.

The House yesterday passed, 283 to 130, a watered-down bill to limit draftees' service to one year and postpone any inductions until Feb. 1949, at the earliest. The Senate had passed a bill for a two-year draft, to start as soon as selective service machinery could be set up.

The bill then went to the senate where Taylor went into action.

The leaders were still hoping against hope to get the draft and other major legislation cleaned up in time for congress to adjourn for the year tonight. The Republican National Convention starts in Philadelphia Monday.

Taylor had no apologies for his actions, he said, because the question is whether the nation is to be

23 Chinese Doomed After Rice Rioting

Nanking, June 18 (AP)—Death was decreed today for 23 rice rioters in Chungking, Chinese dispatches reported.

Several thousand persons looted Chungking grain shops yesterday.

The reports said gendarmes were ordered to shoot on sight any person attempting to steal rice, which is both scarce and high in price.

China's Legislature voted appointment of a special committee on price control. The group will investigate the dizzy spiral of gold commodity prices.

Yang Pu-ping, Shensi legislator, warned: "The Communists are right—if this condition continues, economic collapse will cause dismemberment of our Government long before there is danger of military defeat."

Japan Better Off Than Reich, Briton Reports

Kure, Japan, June 18 (AP)—Lieut. Gen. H. C. H. Robertson, back from London and conferences with British Empire authorities, said today that from what he learned in London "Japan is in a far better state than Germany."

The commander of British Commonwealth occupation forces said he found conditions in England "have eased slightly since my last visit a little over a year ago, but they are still very tough."

Robertson plans to go to Tokyo shortly to confer with General MacArthur.

A-Bomb Anniversary Prayers Set In Japan

Hiroshima, Japan, June 18 (AP)—Following a custom set on the first anniversary of the first atomic bomb dropped in warfare, Hiroshima plans to devote August 6 to prayers for world peace.

A committee for the observance, meeting today, voted to ask Lieut. Gen. Robert L. Eichelberger, commander of the 8th Army, and Premier Hitoshi to prepare statements to be read during the observance. The bomb fell on Hiroshima August 6, 1945, and killed 78,150 Japanese.

China's Money Value Skids Another 15 P.C.

Shanghai, June 18 (AP)—China's cheap money dropped another 15 per cent in value today.

It took 2,300,000 yuan to get $1 in Shanghai's black market. The official rate is 474,000 to $1.

Commodity prices soared wildly.

Authorities sought a way to stop the swift devaluation.

bills.

WASHINGTON, June 19—(Saturday)—(AP) An hour-after-hour filibuster blocked congressional action on the draft early today, diminishing the chances for final adjournment tonight.

Senator Taylor of Idaho, who plans to run for vice president on the Henry A. Wallace ticket, held the floor past midnight (EDT) in an effort to talk selective service to death. And Senator Langer (R-N.D.), another draft foe, said he was ready to start talking whenever Taylor stopped.

Senate-House conferees were reported to have reached a compromise under which men 19 through 25 would be drafted for 21 months' service, beginning 90 days after passage of the bill.

Blocks Final Action

named added the detail about the 21 months service.

Galleries Packed

In his seventh hour of talk, Taylor discussed historian Charles A. Beard's warnings against universal military training. About 15 of his colleagues were in the chamber. The galleries, sparsely populated earlier in the evening before word of the filibuster got around town, were now crammed.

At 10:10 p. m. (EST) Taylor turned down a request to stop talking.

Senator Wherry (Neb.), the acting Republican leader, asked him to yield the floor at least temporarily.

"I'll talk a while longer," Taylor responded.

Senator Taft (R-Ohio), chairman of the Senate Republican Policy committee, said the leadership was resolved to keep the senate in session until morning, if necessary to break the talkathon.

Rep. Short (R-Mo) told reporters

"militarized" or remain "free."

"If the two old parties want the responsibility for military conscription they are certainly welcome to it as far as I and the new (third) party are concerned," he said.

Chairman Gurney (R-SD) of the Senate Armed Services Committee said it is mandatory that "we pass a bill that will give the nation security."

How Bills Compare

This is a brief summary of the House bill, with the senate version in parenthesis:

Registration—18 through 30, with doctors and medical specialists exempt. (Senate—18 through 25. Special registration of medical men.)

Induction—Both bills make men 19 through 25 liable to the draft.

Service—one year. (Senate—two years)

Start of draft—not until an intensive volunteer program proved

30.24- 18583

manpower could not be raised by that means. Then the president could order a draft. This could not be before Feb. 1. (Senate—as soon as draft machinery could be put in operation after signing of the bill.)

Exemptions—Most veterans, under both bills. The House would exempt men who have served a year since Sept. 16, 1940. Those with over 90 days service would be exempt if they joined a reserve unit. (Senate—men who have had 18 months' active duty in the armed services since 1940, and those on active duty 90 days or more between Dec. 7, 1941 and Sept. 2, 1945.

Volunteers—Men of draft age could enlist in any armed service for two years. Also, 18-year-olds could volunteer for one year of regular duty in the U. S. (Senate—up to 161,000 18-year-olds could volunteer for one year of training, then serve six years in a reserve unit.)

Deferments

Deferments—Both bills would authorize the president to set up deferments for occupation, dependency, etc. Also, high school students could be deferred until graduation or age of 20, whichever came first, and college students until the end of the school year. (The Senate—would exempt married men. The House does not mention them.)

Reserve duty—Both would require drafted men to serve five years in reserve units after active duty.

Both bills would empower the President to seize industrial plants or businesses which failed to give priority to contracts with the armed forces. Both bills also give drafted men the same job rights as provided in World War II.

The Senate would allow recruiting of 25,000 aliens for five year army enlistments, and requires the overhauling of the army and air force court martial system. The House does not mention either of these two points, although the House already, in a separate bill, has approved the court martial overhaul.

Sees Action By Conferees

Rep. Keefe (R-Wis.) predicted the bill would be stripped of many of its 25 amendments by a joint Senate-House conference.

"The conference will send back exactly the bill the armed services committee wants," he said.

What he meant was this:

When President Truman on March 17 asked for a temporary draft and universal military training to boost the armed services in what he called a "troubled world situation," the armed services committee of both House and Senate went to work.

After long weeks of intensive hearings each worked up its own version of how to build America's defenses. Both ignored the President's plea for UMT, and the draft bills as finally approved by the committees were alike in major points.

The Senate last Thursday, by a vote of 78 to 10, approved a draft bill that followed its committee's recommendations almost in full.

The House Rules committee, which must okay every bill before it goes on to the House for a vote, bottled up the draft bill for weeks. For a while it looked as if it might kill the bill entirely.

But it finally released the measure under pressure from Republican leaders, and House debate began this week.

Draft opponents in the House were strong—even stronger than they themselves realized—and they rammed through 25 changes in the original armed services bill.

Today the House approved the watered-down measure. Voting for the bill were 138 Republicans and 145 Democrats. Against it were 98 Republicans, 30 Democrats and two members of the American Labor Party.

TAYLOR STARTS HIS FILIBUSTER; SENATE REBELS

Members Call for Change in Rules to Block Him Talking Bill to Death.

HE IS FIGHTING CONFERENCE

But Groups in Two Chambers, Already Picked, Exchange Their Views Informally.

Washington, June 18 (A. P.).—The House passed its delayed-action draft bill, 283 to 130, today and sent it over to the Senate, where a new and bitter battle began over the whole draft issue.

It pitted Democratic Senator Glen Taylor of Idaho, Henry A. Wallace's vice-presidential running mate, against a majority of the Senate. Making use of every Senate rule, the leather-lunged former "singing cowboy" was frankly out, if he could, to keep Congress from acting finally on any draft law.

His filibuster tactics stirred some of the senators to bitter anger. When Taylor objected to appointment of a Senate committee to seek a draft compromise with a similar House group, Senator Tobey (R.-N. H.) jumped up.

Tobey shouted that it was time for the Senate "to clean House and win the respect of the American people." He said the Senate ought not to have rules that would let one or two members paralyze its proceedings.

Applause came from the crowded public galleries and a prompt warning from President of the Senate Vandenberg against any demonstrations.

Senator Gurney (R.-S. D.) told the Senate that the draft issue already had been debated at length and the attempt to delay a conference was "clearly outside the high ideals that the American people hold."

While Taylor kept the bill from formally going to conference, it was learned that a group of Senators and members of the House already had begun informal talks in an effort to get an agreement on some kind of draft law. The expectation was that their efforts would later get official sanction.

Taylor Has Other Weapons.

However, Taylor has other weapons he can use later.

Whatever decisions a conference committee makes will be subject to approval by the Senate and House.

Taylor then can attempt a filibuster. The Senate's rules permit unlimited debate—unless there is a two-thirds vote to cut debate short. So, unless debate is ordered limited, any Senator can delay a vote as long as he is physically able to talk.

Restive under Taylor's tactics, other Senators called for rules changes to prevent filibusters.

Senator Knowland (R.-Cal.) told the Senate: "Representative government is on trial. Our rules now give too much power for any responsible person to want and far too much for an irresponsible person to have."

Senator Morse (R.-Ore.), who also wants the rules changed, announced he would object to putting aside the draft for other matters. "I think this is as good a time as any to start this fight," he said.

What Draft Backers Hope.

Senate backers of a draft hope they can come out eventually with a law providing for the draft to begin immediately and for two years of service by those drafted. The House bill calls for one year of service.

The amendment-loaded house bill would prevent any inductions before next February 1, and men could be drafted then only by a proclamation from the President.

When the House bill hit the Senate, Gurney made his move to send the measure to conference.

"It's mandatory that we pass a bill that will give the nation security," said Gurney.

His move was a signal for Taylor to object, temporarily blocking the action.

Taylor asked Vandenberg whether Gurney's motion was debatable. Vandenberg said it was.

Taylor then began to speak against the bill.

Gurney had asked that Senate conferees be authorized to meet with a House group at 2 P. M.

Conferees Are Named.

When, and if, the bill finally goes to conference, these would represent the Senate with Gurney: Senators Saltonstall (R.-Mass.), Morse (R.-Ore.), Tydings (D.-Md.) and Russell (D.-Ga.).

Speaker Martin (R.-Mass.) named these conferees to represent the House: Representatives Andrews (R.-N. Y.), Short (R.-Mo.), Cole (R.-N. Y.), Bates (R.-Mass.), Vinson (D.-Ga.), Brooks (D.-La.) and Kilday (D.-Tex.).

Short, a bitter foe of peacetime selective service, promised the House he would fight to retain its changes in the conference but he predicted to his colleagues: "They'll throw it back into your lap."

Martin assured the House that whatever action is taken in conference, the House will have a final chance to pass on the compromise.

Taft Picks Up Challenge.

Taylor's threat of a filibuster brought a quick promise from Senator Taft (R.-Ohio) to bring Congress back this summer to hammer out some sort of a draft law.

Senator Wherry (R.-Neb.), acting Majority Leader, expressed confidence the Senate can "break any one-man filibuster on the draft" and go through with plans to adjourn Saturday night.

Wherry said that Martin shares his view that Congress can quit tomorrow night.

"I talked with Glen Taylor and he plans to talk at length," Wherry said. "But I don't know any one else who will do that and if there's a filibuster, we'll simply have to stay in session and break it."

SENATE-HOUSE EFFORTS TO AGREE ON FUNDS FOR RECOVERY BREAK DOWN

Washington, June 18 (AP)—Word came from the Republican leadership late tonight that plans for final adjournment tomorrow night might be called off if necessary to get the draft and a foreign-aid appropriation through.

Senator Taft (R., Ohio) said he thought Congress should delay its adjournment if it can't appropriate a "satisfactory" amount for the European Recovery Program by that time. He added that Congress might be held in session Monday, first day of the Republican National Convention, or might come back after the convention.

$1,000,000,000 Gap In 2 Bills Stalls Conferees

Washington, June 18 (AP)—Congressional efforts to reach agreement on foreign-aid spending broke down completely tonight.

The deadlock threatened to wipe out the entire sixteen-nation European Recovery Program—along with Chinese, Greek-Turkish and other aid programs—if Congress quits for good as scheduled tomorrow night. Without agreement between House and Senate, the more than $6,000,000,000 sought to finance the programs could not be voted.

Bills Differ Widely

Tonight's deadlock developed at a meeting of a joint committee which had struggled to reconcile widely differing bills.

Both senators and representatives on the conference committee agreed there was a billion-dollar deadlock on differences between foreign-aid appropriation bills passed separately by each house.

"This is just a case of two immovable objects coming in contact with each other and that's how we stand," said the chairman of the Senate conference group, Senator Bridges (R., N.H.). "This means there will be no foreign aid bill unless there is some basis for us to get together."

Effect Of House Action

The Senate has voted $6,125,710,228 for E.R.P. and other foreign-aid programs. The Senate bill would let the money be spent in twelve months. The House bill would require it to be spread over fifteen months. The effect of the House action would be to reduce E.R.P. funds by more than $1,000,000,000.

It was on this time issue—twelve months as against fifteen months—that the conference committee deadlocked.

Representative Taber (R., N.Y.) was the first to emerge from the conference tonight. As chairman of the House Appropriations Committee, he led the fight to slash E.R.P. spending.

"There Is Nothing"

"There is no agreement," Taber said. "There is no agreement on anything. There is nothing. It's over."

Taft, before the conference broke up, said he was "prepared to stand with Senator Vandenberg's view of what is essential to carry out our moral commitment."

Senator Vandenberg (R., Mich.) led the fight for adoption of the $6,000,000,000-plus, twelve-month figure in the Senate. This was a slight cut from what the Administration asked, but Vandenberg said it was "fully satisfactory."

Bridges said he would try to arrange another meeting of the Senate-House committee tomorrow, but he said he could see no way of breaking the deadlock.

Both houses have voted $4,000,000,000 for the European Recovery Program, in addition to $1,000,000,000 appropriated last March, but the House wants the money to last three months longer than the Senate.

1948 FOREIGN AID PUT AT 7.5 BILLION

Compares to 6 Billion Yearly Since End of War in 1945, Says Commerce Report

WASHINGTON, June 18 (AP)—The Department of Commerce estimated today the United States will provide $7,500,000,000 in aid to foreign nations during 1948.

This compares with a $6,000,000,000 annual average from the end of hostilities in 1945 through 1947. The aggregate was nearly $15,000,000,000.

Surveying the current year, the Department said foreign grants—that is, outright gifts—will constitute more than 70 per cent of this year's foreign aid, against 44 per cent in the first two and a half post-war years. It added:

Loans and credits granted in the post-war period up to the start of this year amounted to $10,000,000,000 of which Europe got $8,300,000,000 with $7,800,000,000 of that going to the sixteen European Recovery Program countries.

Of the remaining sum, Finland was listed for $132,000,000 and Russia for $242,000,000, but that was for post-war lend-lease which was stopped by Congress early this year after the Russians had used $216,000,000 of it.

Department analysts who prepared the report said that only about $1,800,000,000 of the post-war credits totaling $10,000,000,000 remained unused at the start of this year.

Europe's share of the unused credit was about $900,000,000 of which $800,000,000 was credit still left for use by ERP countries. The analysts said much of this credit was used during the first half of the year before ERP was approved by Congress.

Post-war grants up to the start of this year totaled $6,500,000,000 and "were almost all for civilian relief and rehabilitation." He added:

"It was recognized that this large contribution was a necessary aftermath of the war and that repayment was not possible. Grants have been distributed widely throughout the world with the occupation authorities and UNRRA as the major sources."

The department said the figures given do not take into account aid furnished foreign countries by the World Bank and the World Monetary Fund, whose operations involved chiefly funds provided by the United States.

HOUSE APPROVES D.P.'S ADMISSION

Senate Gets Bill On Entry Of 205,000 Europeans

Washington June 18 (AP) — The House voted today to let 205,000 homeless European men, women and children come into the United States in the next two years.

The compromise measure, worked out by a conference of senators and House members, then went to the Senate for final action.

The House passed the bill by a voice vote.

Under its terms, the following entries would be permitted, beginning next month:

Two hundred thousand displaced person ("D.P.'s") who meet stated eligibility requirements.

Two thousand persons who fled from Czechoslovakia after the Communists took over there last spring.

Three thousand orphans under 16 years of age.

15,000 May Remain

In addition, 15,000 aliens who now are visiting in the United States would be allowed to remain, provided they came here before April, 1948.

These are the qualifications for a D.P.: He or she must have entered the German or Austrian occupation zones before December 22, 1945. At least 40 per cent of the 200,000 must come from areas which have been annexed by a foreign power—which is to say eastern Poland, Latvia, Lithuania, or Estonia. And at least 30 per cent of the immigrants must be trained farmers who plan to work on American farms.

Discrimination Charged

Some critics of the measure complained that it discriminates against Jews, many of whom did not arrive in Germany until early 1946 and few of whom are farmers by trade. Representative Javits (R., N.Y.) declared that the conferees who framed the compromise bill had "taken the worst features of both bills and put them into this."

Representative Fellows (R., Maine), floor manager for the bill in the House, said the compromise has a lot of features he doesn't like, but it is "the best solution we can get."

'Break' Awaited For Bill To Aid Europe Pacts

Washington, June 18 (AP)—Representative Eaton (R., N.J.) looked for a break in the jammed House schedule today to bring up his bill designed to strengthen the United Nations and throw America's support to a western European defense organization.

Eaton, chairman of the House Foreign Affairs Committee, said he has received permission from Speaker Martin (R., Mass.) to introduce the measure at the first opportunity.

But chances for such an opportunity appeared slim with the House engrossed in draft, housing and other top priority legislation.

Secretary of State Marshall was reported to have urged House action on the bill during an 80-minute talk with the foreign affairs group.

Similar To Vandenberg Bill

Eaton's proposal is similar to the Senate-approved resolution sponsored by Senator Vandenberg (R., Michigan).

The State Department has indicated its hope that the full Congress would go on record as favoring this country's participation in regional defense arrangements as set up within the United Nations.

Whereas the Vandenberg resolution has no binding effect, Eaton's plan, if passed by the House and Senate and signed by President Truman, would become law.

Another factor behind State Department support of Eaton's bill is that it contains authorization for the United States to lend $65,000,000 for the construction of a new United Nations headquarters in New York.

Objectives Outlined

Among other things, Eaton's bill would make it "the policy of the American people" to:

1. "Encourage and associate the United States with" self-defense alliances among the free nations of western Europe.

2. Make clear "the determination of the United States to exercise the right of self-defense" in the event of any armed attack against a nation "affecting the security of the United States."

3. "Press for agreements" to provide the United Nations with armed forces, as well as agreements for universal control of mass-destruction weapons and reduction of armaments.

4. "Seek voluntary agreements" to eliminate the big-power veto within the United Nations in cases involving peaceful settlement of international disputes.

LOAN TO THE U. N. VOTED BY SENATE

Washington, June 18 (A. P.).—The Senate today authorized a $65,000,000 Government loan to the United Nations for building a permanent headquarters in New York city.

Senator Ives (R.-N. Y.) tacked on an amendment providing a $25,000,000 loan from the Reconstruction Finance Corporation which would permit work to start immediately.

The action was taken in the form of a joint resolution which now goes to the House.

The loan is to be made without interest under an agreement reached between the United Nations and the United States Government last March 23. It will be repaid in annual installments over a thirty-year period beginning in 1951.

WASHINGTON, June 18.—(AP) The senate gave unanimous approval today to a bill clearing the way for civilian and military prisoners of war to file claims for damages and personal injuries against the Japanese government.

The measure, already passed by the house, now goes to the president for his signature.

With final White House approval, civilians and soldiers who were starved, tortured and interned by the Japanese will be able to seek at least a measure of repayment for their losses.

The bill creates a war claims commission of three members to be named by the President with the consent of the senate. The commission will have the power to receive and pass judgment on claims.

Money to pay the claims will come from almost $300,000,000 in Japanese assets held by the alien property custodian.

House Approves Fund For Aid In Philippines

Washington, June 18 (AP)—By voice vote, without a single objection, the House late today passed and sent to the White House a bill providing $25,000,000 to the Philippine Republic for medical care.

The bill also provides aid for some 3,000 disabled Philippine veterans, including guerrillas who fought on after Japan captured the islands.

The measure had previously been approved by the Senate.

TRUMAN CALLS GREEKS' PLIGHT STILL CRITICAL

But He Tells Congress U. S. Help Is Beginning to Bring Results.

CITES MILITARY SUCCESSES

Asserts Turkish Army, Being Trained by Us, Is Stabilizing Factor in Troubled Area.

Washington June 17 (A. P.).—President Truman told Congress today that the situation in Greece "remains critical," but that American efforts to restore the country's economy and bolster the Greek Army are beginning to show progress.

He added that the "quiet self-confidence and competence" of the Turkish armed forces—also being trained and equipped by this country—"are a stabilizing influence" in that troubled area.

In a report on the thirteen-month-old Greek-Turkish aid program, Mr. Truman declared:

"Such factors as inflation, hoarded capital, the burden of supporting refugees and indigents, and general fears arising from unstable conditions continue to retard the economic recovery of (Greece).

"The military situation still is of first importance. Armed bands continue to molest the populace and disrupt the nation's efforts at reconstruction.

Reports Successes by Army.

"However, recent successes of the Greek national army, improved morale and formation of defense battalions, which will permit the Greek Army increasingly to go on the offensive are expected to improve the situation materially.

"The continuance of United States military assistance . . . has bolstered Greek morale and, it is hoped, will further discourage guerrilla resistance.

"In Turkey the program continues uninterrupted. Plans and facilities for the training of Turkish soldiers in the use of new equipment being provided under the aid program assure the ready absorption of this equipment directly into defense use.

"It is assured that United States technical and material aid will, under the program, be put to the best use in the interest of world peace."

New Outlay Faces Cut.

The report covered aid provided from the $4000,000,000 Congress voted last year under the so-called "Truman Doctrine" pledging American help to free peoples menaced by Communist aggression. An additional $275,000,000 has been authorized for military help in the two countries for a second year, but this amount appears likely to be cut to between $200,000,000 and $250,000,000 in the pending foreign aid appropriation bill.

Detailing American military aid to Greece, Mr. Truman said that by the end of March 75,000 weapons of all types, more than 2,800 vehicles and 7,000 tons of ammunition had been supplied. Later this spring a "considerable number" of 81 millimeter mortars and 75 millimeter pack howitzers ordered from United States Army stock were scheduled to arrive.

Deliveries already made have given the Greek Army "great superiority" over the guerrillas, the report said. It added that evidence of direct foreign aid to the guerrillas continues to pile up, but the "few thousand" British troops remaining in Greece serve as a "deterrent to invasion."

The report did not detail specific weapons or other equipment sent to Turkey, but said that about 10 per cent of some 305,000 tons of supplies to be furnished have actually been shipped, and schedules call for a rapid step-up of shipments from May through September.

Slavs Offer To Settle Claims By U.S.

Washington, June 17 (AP)—The Soviet peace offensive appears to be breaking out all over eastern Europe.

American officials are still skeptical that the Russians and their allied Communist governments intend to make any major concessions on outstanding problems. But there is deep interest here in current developments.

One of these, hitherto undisclosed, is an offer by Yugoslavia to settle claims by the United States against the Yugoslav Government.

Bulgarian Overture

Others include:

1. Bulgaria's willingness to enter negotiations with the American-supported Greek Government on ways to reopen normal diplomatic relations. Talks are going on here between the Greek Ambassador and the Bulgarian Minister.

2. Russia's acceptance of an American proposal for a ten-nation conference on July 30 looking to free navigation on the Danube. A place somewhere in eastern Europe remains to be selected.

3. Big cuts made by the Soviet Government in reparations claims against Finland, Romania and Hungary.

One theory here is that the Soviets and their associates want to build the best possible record of pro-peace activity ahead of the fall meeting of the United Nations General Assembly in Paris.

Seek To Regain Prestige?

Another idea is that they are trying to regain some of their prestige by claiming leadership toward world peace while seeking to identify the United States and co-operating western governments as "war-mongering" nations.

The theory that the Soviets are trying to build a record is concerned, particularly with the Bulgarian-Greek negotiations. The United Nations Assembly last year urged the Communist satellites to establish friendlier relations with the Athens Government.

Western diplomats are particularly interested in whether the Bulgarians will make an acceptable demand on the Greeks. It is understood that the Greeks are prepared to accept only an unconditional agreement.

Months Of Difficulty

The report that the Yugoslavs have made an offer for settlement of outstanding American claims follows months of difficulty.

Recently, the United States suggested that the settlement, chiefly covering the seizure of American property in Yugoslavia under the Government's nationalization program, should approximate $20,000,000. The Yugoslav figures are understood to approach this sum.

Poles Protest Plan to Set Up West Germany

See Pacts Violated, Fear Step Will Split Europe, Foster 'New Aggression'

WASHINGTON, June 18 (AP).—Poland protested today against the Western powers' decision to set up a separate state in western Germany.

Polish Ambassador Jozef Winiewicz presented to Assistant Secretary of State Norman Armour a note contending that the London agreement violates the "Yalta, Potsdam and other agreements."

Mr. Winiewicz told reporters afterward that his government believes the agreement gives the western Germans reconstruction priority over their war-devastated neighbors.

In addition, he said, the Polish government objects that the London agreement ignored Poland's viewpoint on the German problem. "We think the problem of German security concerns many more countries than the six who agreed to this in London," he said.

U. S. Approves Shipments of Oil Pipe to Iran

Department of Commerce Grants Permit for 11,650 Tons to Anglo-Iranian

WASHINGTON, June 18 (AP).—The Commerce Department approved today the shipment of 11,650 tons of oil-line pipe to help build a pipe line in Iran. The permit was granted to Anglo-Iranian Oil Co., a British firm. Department officials said the line would be completed by a year from now and that the company had contracted to sell American firms 40 per cent of the line's 100,000 barrels daily capacity of crude oil.

At the same time, the department put off until September a decision on whether to permit the export of 68,000 tons of pipe for an 1,100-mile pipe line in Saudi Arabia.

Senator Kenneth S. Wherry, Republican, of Nebraska, had objected to export of pipe for the Saudi Arabian project, citing domestic complaints of a shortage in this country. He said his Senate Small Business Committee had not objected to the Iranian shipments, which involve a forty-eight-mile project.

The Anglo-Iranian line would extend from Agha Jari to the port of Bandar Maschur on the Persian Gulf.

The Arabian line, pipe for which is sought by the American-owned Trans-Arabian Pipeline Co., would terminate on the Mediterranean. Senator Wherry's committee has contended it would not increase production and that Arabian oil can be handled by tankers.

Both projects are in the Middle East, a strategic area in event of another war.

U. S. DELAYING SAUDI ARABIA'S PIPE SHIPMENT

Defers Decision on Export Until September After Shortage Protest.

MIDDLE EAST UNREST FACTOR

But Department of Commerce Grants Licenses for Pipe for Iranian Oil Field.

Washington, June 18 (A. P.).—The Government put off today until September a decision on whether to let 68,000 tons of pipe go to Saudi Arabia for construction of a pipeline from oil fields there to the Mediterranean.

No offical explanation was given, but members of Congress have protested that a pipe shortage here at home is delaying oil and irrigation projects. In diplomatic quarters, there was conjecture that the present unsettled conditions in the Middle East influenced the decision to wait a while before deciding whether the pipe should be shipped.

The Trans-Arabian Pipeline Company, an American-owned concern, had asked for export licenses for the pipe.

Exports for Iran Approved.

The Department of Commerce announced that action on the application has been deferred until the first week in September. At the same time it announced it had granted the Anglo-Iranian Oil Company licenses to export 11,650 tons of heavy oil-line pipe to construct a pipeline in Iran.

The line is to extend forty-eight miles from the oil field at Agha

bari to the port of Bandar Maschur on the Persian gulf, the department said, adding that the line will be completed by June, 1949.

Anglo-Iranian is a British-controlled firm. Government officials said that most of its oil output has been sold to the United States.

Wherry Announces Decision.

While the Department of Commerce—which controls export licenses—announced the decision in the two cases, other Government departments as well as some members of Congress had a part in the discussions preceding it.

Senator Wherry (R.-Neb.) told reporters before the formal announcement that shipments of pipe for the Saudi Arabian line would be held up. Wherry, chairman of the Senate Small Business Committee, had conferred on the matter with Secretary of State Marshall, Secretary of Defense Forrestal, Secretary of Commerce Sawyer and other officials.

The committee for some months has been protesting against further shipments of steel to Saudi Arabia, on the grounds that construction of the pipeline will not increase production and that oil still can be shipped from the Persian Gulf by tanker.

"This decision is of invaluable service to those who need steel in this country," Wherry said. "It will help ease the situation considerably."

Wherry said he understood that some pipe already fabricated for Saudi-Arabia would be released for sale in this country.

No Objection to Iran.

He said his committee had not objected to granting Anglo-Iranian's application for pipe exports.

The Department of Commerce said Anglo-Iranian had contracted definitely to sell American concerns 40,000 barrels of the line's 100,000 barrels daily capacity of crude oil.

Negotiations sto furnish another 40,000 barrels daily for shipment to the United States have been carried on between Anglo-Iranian and American concerns, officials said, and it is probable that contracts will be made now that the department has agreed to let the pipeline be shipped.

The 11,650 tons of heavy pipe is now at dockside awaiting shipment, the department said. It constitutes the entire steel requirement of this pipeline, it added, observing that construction of this line "will make available more oil for the quantity of steel involved than any other pending project."

The department emphasized that in postponing consideration of licenses for Trans-Arabian until early September it is not barring the company from licenses to export material other than heavy pipe which may be required "to continue construction on a reduced basis, using pipe on hand in the area."

JET FIGHTERS SENT TO REICH

U.S. Deploys Modern Planes To Match Russian Force

Washington, June 18 (AP)—The United States is bolstering its present slender air defense in Europe with a force of high-speed, hard-hitting jet fighters.

The Air Force disclosed today that it has ordered the 36th Wing of jet fighters, now guarding the Panama Canal Zone, to take up stations in the United States zone of Germany. Across the zonal border the Russians reportedly operate a constantly growing force of jet fighters and some jet-powered bombers.

The transfer, effective about August 15, will double the fighter force in Europe but still leave it far short of the strength Russia could muster in hours.

No Modern Jets

For more than a year, American air power in Germany has consisted of one group (about 75 aircraft) of obsolescent World War II fighters, two groups of troop-carrier planes (unarmed) totaling about 48 aircraft, and a small liaison unit of planes.

There were no modern jet aircraft bearing the United States insignia. In 1946 a few individual jet planes were sent to Germany, but recalled when difficulties were encountered in maintaining them.

No bomber units have been assigned to Europe since a few months after the end of the war. However, for the last year, squadrons of about ten B-29's have been making training trips to Germany. The schedule was such that one squadron has been present in Europe most of the time.

Bombers In Okinawa

The Air Force disclosed today a full group of B-29 bombers, about 30 planes, recently arrived in Okinawa for a three-month stay. There already is one group of B-29's in that area.

The 36th Fighter Wing (a wing is a group of 75 planes with supporting services such as maintenance, hospitals and base units attached) is equipped with P-80 jet fighters. While eventually the Air Force will replace all the P-80's with later designs which are faster, more heavily armed and longer ranged, it is presumed the 36th Wing will still be equipped with P-80's when it arrives in Germany.

Soviet Force Said to Increase

WASHINGTON, June 18 (AP)—When the Air Force disclosed today that it had ordered the 36th wing of jet fighters to take up station in the United States zone of Germany, it was stated here that across the zonal border the Russians reportedly operate a constantly growing force of jet fighters and some jet-powered bombers.

While the transfer, effective about August 15, will double the size of the American fighter force in Europe, it will still leave it far short of the strength that Russia could muster in a matter of hours.

There have been no bomber units assigned to Europe since a few months after the end of the war. However, for the last year, squadrons of about ten B-29's have been making training trips to Germany. The schedule for those trips was such that one squadron has been present in Europe most of the time.

A slight and temporary increase of American air power in the Far East also was disclosed today.

The Air Force said a full group of B-29 bombers, about thirty planes, recently arrived in Okinawa for a three-month stay. There already is one group of B-29s in that area.

REPRESENTATIVES NAMED

Group to Act for U. S. in U. N. Conference Listed by Truman

WASHINGTON, June 18 (AP)—President Truman today named a group of prominent Americans to represent this country in international organizations.

W. Averell Harriman, ambassador-at-large for European recovery, was named to serve simultaneously on the Economic Commission for Europe of the United Nations Economic and Social Council.

Named representatives and alternates to a general conference of the United Nations Educational, Scientific and Cultural Organization (UNESCO) Oct. 18 to Nov. 10, were:

Representatives—George V. Allen, North Carolina; Milton S. Eisenhower, Kansas; Luther H. Evans, Texas; Waldo G. Leland, Massachusetts, and Mrs. Anne O'Hare McCormick, New York, member of the editorial board of THE NEW YORK TIMES.

Alternates—Frank Capra, Hollywood producer; William H. Hastie, District of Columbia; Mrs. Kathleen N. Lardie, Michigan; W. Albert Noyes Jr., New York, and George F. Zook, Virginia.

The nominations were sent to the Senate for confirmation.

GI Staying In Russia Gives Up U.S. Passport

Washington, June 18 (AP)—Sergt. James McMillin, who quit his post in the Moscow Embassy rather than return to the United States, has turned in his American passport—by request.

State Department officials, who disclosed this today, said he also asked the embassy cease trying to get in touch with him.

McMillin, 21-year-old code clerk, presumably has been living in Moscow since last month, when he defied an Army order to return to the United States. The State Department said then he was seduced by an experienced Soviet woman agent. The Moscow radio declared he preferred life in Communist Russia.

Polk Death 'Political Murder,' Mother Says

New York, June 18 (AP)—Mrs. George Polk says she thinks the death in Greece of her son, CBS radio correspondent George Polk, was a "political murder."

The Fort Worth (Texas) woman, who returned yesterday from Athens, told a news conference that Greek police are having a "tough time" investigating the slaying.

"Those who are in any way connected with the case," she said, "are afraid to open their mouths."

The news conference was sponsored by the newsmen's commission to investigate the murder of George Polk.

Reich Arms Secrets Used By Russ, Report

New York, June 18—All postwar military research in the Soviet Union is based on secrets captured from the Germans, reports the military correspondent of the Stockholm newspaper, *Tidningen*.

The writer asserts, that through such data, the Russians have developed asnowstorm-making process by using acid vapors refrigerated to 161 degrees below zero Fahrenheit.

The Swedish journalist declares also that his country has made use of German research. He reveals that the Swedish submarine Dragon, which set a world's record by submerging for fifteen days, was constructed from German data.

YUGOSLAV SHIP SAILS AS CREW LOADS CARGO

NEW YORK, June 18—(AP) The Yugoslav ship Radnik sailed today, two days late, after her own crew had lugged aboard the cargo American longshoremen refused to handle.

Members of the AFL International Longshoremen's Association declined to load the 10,000-ton vessel Tuesday after they had seen pictures of Stalin and Tito and emblems of the hammer and sickle aboard.

Late last night the Radnik's crewmen, chanting Yugoslavian songs took the job of loading the cargo into their own hands.

They loaded ambulances, trucks, automobiles, 100-pound sacks of flour and other cargo. Most of it was lifted aboard by the ship's own booms.

The American committee for Yugoslav relief said much of the cargo, including the ambulances and medicines, is destined for the Yugoslav Red Cross.

The Radnik is scheduled to call at Montreal before proceeding to Rijeka, Yugoslavia.

'Voice' Staff Studies Senatorial Criticism

Washington, June 18 (AP)—Voice of America officials studied a new script today—a report by senatorial investigators putting "final and unmistakable" blame on the State Department for the Latin-America broadcasts congressmen said were slanderous.

The report was filed last night by Senators Ferguson (R., Mich.) and Smith (R., N.J.), who headed a joint inquiry by Senate Expenditures and Foreign Relations subcommittees.

NBC Also Blamed

The disputed radio programs were part of the "Know North America" series which the National Broadcasting Company put on for the State Department's Voice of America.

NBC officials also were taken to task by the Senate report which said they "failed to appreciate their own grave obligation to produce a program that would bring credit to the United States."

Earlier this week another inquiry group—a House Expenditures subcommittee—filed its report saying the State Department was "negligent" and that NBC did not use "ordinary safeguards."

O'Mahoney Hits Back

The congressional investigations were touched off after Senator Capehart (R., Ind.) read excerpts containing such statements as "New England was founded by hypocrisy and Texas by sin."

Testimony brought out that Rene Borgia, a native of Venezuela, wrote most of the questioned scripts for NBC under orders to give them a light touch.

The Smith-Ferguson report said "the final and unmistakable responsibility for this blunder rests with the State Department," but Senator O'Mahoney (D., Wyo.) retorted that Congress had not provided enough money for proper supervision of the Voice programs.

JAP TORTURER GOES ON TRIAL

LOS ANGELES, June 18—(AP) The treason trial of Tomoya (meathall) Kawakita began in federal court today, with 47 Americans—former prisoners of war—ready to testify.

Kawakita, stocky and bespectacled, listened intently while prosecution and defense attorneys started questioning prospective jurors.

Kawakita, 26, in Calexico, Calif.-born. He is charged in a federal indictment with having subjected American prisoners of war to various brutalities and indignities while he was a guard in a Japanese internment camp on northern Honshu.

The treason trial is unique in the western United States, and U. S. District Judge William C. Mathes took considerable pains to explain to the jury panel of 300 the exact nature of the government's charge.

Treason can be committed only by a citizen of the United States and the crime consists of levying war against the United States or giving aid and comfort to its enemies.

The tentative jury consisted of six men and six women, none of them veterans of World War II. One said he was a staff sergeant in the first world war, but told Defense Attorney Morris Lavine that he was sure that if selected he could give the young Nisei a fair and impartial trial.

U. S. Attorney James M. Carter, who is prosecuting the case, said there was no prospect of completing a jury before Monday and probably later. He estimated that the trial will occupy three to four weeks.

SENATE PASSES FUND MEASURE FOR AGENCIES

Appropriation For Atomic Energy Commission Included In Bill

Washington, June 18 (AP)—The Senate passed by voice vote today a $5,855,308,851 appropriation to maintain the Atomic Energy Commission, the Maritime Commission, Veterans Administration and other agencies in the year starting July 1.

The sum is $60,259,920 more than the House approved. The bill now goes to a Senate-House conference for adjustment of differences.

The Veterans Administration gets the bulk of the fund—$5,125,309,000.

Extends Life Of WAA

The bill extends the life of the War Assets Administration until next year when it is expected to wind up the giant task of disposing of $4,225,000,000 worth of surplus war supplies. The Senate gave the WAA $90,000,000 to finish its job.

The House had voted to liquidate the agency August 31 and turn over its functions and property to other Federal agencies. It approved only $50,000,000 for the final weeks of its operation.

Just before the bill was approved, Senators Barkley (D., Ky.) and Aiken (R., Vt.) proposed to include $450,000 for salaries and expenses of the Rural Electrification Administration. Senator Reed (R., Kan.), floor manager of the bill, agreed to the change.

Atomic Funds Increased

The Senate increased the Atomic Energy Commission's appropriation for the coming year to $521,850,000—or $20,000,000 more than the House voted. However, the total was $28,150,000 less than the commission asked.

The Maritime Commission received $102,112,831. The Senate bill added $1,000,000 to the maritime funds for expenses, but cut off $1,265,000 for the maritime training program. Reed agreed to include $75,000 to repair hurricane damage to the training school at Pass Christian, Miss. The House had voted to reopen the school.

Other amounts in the bill include $15,172,000 for the Housing Expediter's Office and $340,000 for the Office of Defense Transportation.

2-Year Atom Board Passed by House

Bill Includes Lilienthal, Disregards Truman Plea

WASHINGTON, June 18 (AP).—The House passed and sent to the Senate today a bill extending for two years the terms of present members of the Atomic Energy Commission. It is in conflict with the desires of President Truman.

The extension would run until June 30, 1950. Mr. Truman asked that the term of David E. Lilienthal, chairman, be extended five years, with the other four members being continued one, two, three and four years, respectively.

The Senate called the two-year extension up for action last night but laid it aside for other matters in the adjournment rush.

Mr. Truman argued that not to extend the commissioners' terms the full period provided in the atomic energy act would cast a "pall of uncertainty" over the program they administer.

Opponents said a shorter extension was wise, that then Congress could resurvey their accomplishments. Senator Robert A. Taft, Republican, of Ohio, also has said that the President to be elected in November should have some say about who is on the commission.

Sky Freighters Are Ordered

Washington, June 18 (AP)—The Air Force has ordered 28 mammoth troop and cargo transports as running mates for its long-range bombers.

Each can carry 222 fully equipped troops or a 25-ton payload 2,400 miles without refueling.

The new sky freighters, known as C-124's, are two and a half times the size of the familiar C-54's used during the war.

Patterned After LST's

Patterned somewhat after the Navy's LST's, the C-124 has a built-in nose ramp which can be dropped to bring aboard or unload such heavy equipment as tanks, field guns, bulldozers and other material needed for the building and defense of advanced bases.

The plane also can be converted into a hospital craft to carry 123 stretcher patients, 45 walking wounded and 15 nurses.

The plane has a wing span of 173 feet 3 inches, and is 127 feet 2 inches long. With fuel and normal load it weighs 175,000 pounds, as contrasted to the C-54's total weight of 73,000 pounds.

Could Use C-54 Fields

The Air Force said today that despite its size and weight, the C-124 would be able to operate "from the same short fields" the C-54's use.

[A C-54 takes off from a 4,600-foot runway.]

The plane on order from Douglas Aircraft Company, of Santa Monica, Cal., will be powered with 3,500 horsepower Pratt & Whitney engines.

The speed and height at which the C-124 can operate were not disclosed.

U.N. To Rule On Mandates Dispute Over Japanese Isles

Lake Success, June 18 (AP)—The United Nations Security Council takes up today the old United States-Russian deadlock over the former Japanese-mandated islands.

These islands now are being administered by the United States under a United Nations "strategic-area" trusteeship agreement. The question is whether the Trusteeship Council should play the major role in supervising the United States administration or whether this should be done by the Security Council.

Atomic-Control Action Due

This issue has been debated for many months in the Security Council's committee of experts where Russia has sought to keep the islands subject to her veto in the Security Council. There is no veto in the Trusteeship Council.

The Council has two meetings scheduled for next week.

It will meet Tuesday afternoon for a vote on suspending atomic-control discussions. This is expected to bring another Soviet veto. The second meeting is set for Wednesday afternoon on the Indonesian question.

No Palestine discussions have been scheduled by the Council, but a meeting will be called if developments make it necessary.

THE CURRENCY MEASURE APPEARED TO HAVE FOUR IMMEDIATE PROSPECTS FOR WESTERN GERMANS:

THE AVERAGE WAGE EARNER---HIS SAVINGS ALREADY HAD BEEN LARGELY WIPED OUT BY BUYING IN THE BLACK MARKET TO LIVE, SO HE HAD LITTLE TO LOSE. THE PROSPECT IS THAT HIS FUTURE EARNINGS WOULD BUY MORE THAN FORMERLY.

MIDDLE--CLASS--APT TO BE HIT HARD BY LOSS OF SAVINGS. THOSE LIVING ON SAVINGS MAY HAVE TO SEEK JOBS.

MILLIONAIRE CLASS--APT TO LOSE NEARLY ALL, PARTICULARLY IF THEIR PROFITS CAME DURING THE WAR.

BLACK MARKETEERS--TIMES WILL BE TOUGH WITH ONLY ENOUGH MONEY IN CIRCULATION TO PAY FOR RATIONED GOODS AT REGULAR PRICES. SOME MAY HAVE TO GO TO WORK, TOO.

HOW DRASTIC THE REVISION FINALLY MAYBE WAS HINTED TONIGHT BY SIR CECIL WEIR, BRITISH ECONOMICS ADVISOR. IN A BROADCAST HE SAID THE NEW LAWS HAD BEEN DEVISED TO "SPREAD THE BURDEN OF DIFFICULTY AND SACRIFICE AS FAIRLY AS POSSIBLE," TO CREATE A "FAR MORE SOCIALLY JUST ECONOMIC ORDER" AND TO "PROTECT THE MAN OF SMALL MEANS."

THE CURRENCY MEASURE WILL BE FOLLOWED BY NEW TAX REFORM LAWS.

BERLINERS WERE RELIEVED THAT THERE WILL BE NO CHANGE IN THE CURRENCY HERE. FOR WEEKS THEY HAD VISIONS OF CARRYING TWO CURRENCIES IN THEIR POCKET, PAYING TWICE EVERYTIME THEY TOOK A STREET CAR RIDE AND HURDLING A CUSTOMS BARRIER RUNNING ACROSS THE CITY.

MEANWHILE, THE OLD REICHSMARK WILL CONTINUE TO BE ACCEPTED IN PAYMENT FOR ALL SUPPLIES FROM THE WESTERN ZONES RECEIVED IN BERLIN.

TRADE BETWEEN EASTERN AND WESTERN GERMANY WILL CONTINUE TO BE VALUED IN 40-CENT MARKS.

SUNDAY WILL BE PAY DAY IN GERMANY AND MILLIONS WILL RUSH TO BANKS INSTEAD OF CHURCHES TO EXCHANGE THEIR FIRST 40 MARKS.

DISPATCHES FROM FRANKFURT SAID THE CIGARETTE, THE KEY COMMODITY IN THE GERMAN BLACKMARKET, HAD VANISHED FROM THE MARKET. CIGARETTES HAD SOARED TO THE FANTIASTIC PRICE OF 400 MARKS FOR AN AMERICAN PACK YESTERDAY.

THE DISPATCHES SAID BLACKMARKET DEALINGS IN CURRENCY ALSO CEASED. THE DOLLAR SKYROCKETED TO 1,000 MARKS EARLIER TODAY.

DISPATCHES FROM HAMBURG SAID BLACKMARKETERS THERE WERE CONFIDENT, HOWEVER, THAT THEY WOULD REMAIN IN BUSINESS. THEY BOASTED THAT THEY HAD KNOWN ALL THE DETAILS OF THE CURRENCY MEASURE FROM THEIR OWN SOURCES WELL IN ADVANCE. BUT THERE WAS LITTLE BLACK MARKET TRADE TONIGHT.

SOME GERMAN POLITICIANS IN FRANKFURT COMPLAINED THAT THEIR ADVICE ON CURRENCY REVISION HAD BEEN REJECTED.

AMERICANS SAID THE CURRENCY TO BE USED HAD BEEN PRINTED IN THE UNITED STATES IN 1947 AND 1948.

HE ACCUSED THE U.S., BRITAIN AND FRANCE OF COMPLETING THE SPLITTING OF GERMANY AND FORBADE IMPORTATION OF THE NEW CURRENCY INTO THE RUSSIAN ZONE.

SOKOLOVSKY ACCUSED THE THREE WESTERN OCCUPYING POWERS OF "LYING" ABOUT THE REASONS FOR THEIR CURRENCY ACTION. HE CHARGED THEY PREPARED THE PLAN "SECRETLY" AND "AGAINST THE WILL AND INTERESTS OF THE GERMAN PEOPLE."

THE RUSSIAN COMMANDER TOLD THE GERMANS THE MONEY REFORM "MEANS THAT NOW THERE WILL NO LONGER BE A UNIFORM CURRENCY IN GERMANY."

"THE CURRENCY REFORM IS CARRIED THROUGH SEPARATELY IN THE INTERESTS OF THE AMERICAN-BRITISH-FRENCH MONOPOLY WHICH THEREBY SEEKS TO DIVIDE GERMANY, TO WEAKEN IT AND SUBDUE ITS ECONOMY," SOKOLOVSKY SAID. "IT IS A SEVERE NEW BLOW AGAINST THE POLITICAL UNIFICATION OF GERMANY AND A VIOLATION OF THE CONTROL MECHANISM AND THE POTSDAM AGREEMENT. IT COMPLETES THE SPLITTING OF GERMANY."

SOKOLOVSKY ALSO FORBADE IMPORTATION OF THE NEW DEUTSCHE MARKS INTO BERLIN--WHICH THE WESTERN POWERS DO NOT INTEND TO DO--BECAUSE HE SAID THE CITY "IS LOCATED IN THE SOVIET OCCUPATION ZONE OF GERMANY AND IS ECONOMICALLY PART OF THE SOVIET ZONE."

A SIMILAR BAN WAS PLACED ON THE IMPORTATION OF OLD GERMAN REICHMARKS WHICH ARE TO BE DECLARED INVALID IN THE WESTERN ZONE.

THE RUSSIAN COMMANDER DECREED THAT GERMANS IN THE SOVIET ZONE AND BERLIN WHO TRAFFIC IN NEW OR OLD MONEY FROM THE WEST WILL BE PUNISHED FOR "DAMAGING THE ECONOMY."

HE EXPRESSED CONFIDENCE THAT THE GERMAN PEOPLE WOULD SUPPORT HIS MEASURES TO "SAFEGUARD THE ECONOMY AND CURRENCY OF THE SOVIET ZONE."

currency roundup (with budget)

By Glenn Williams

London, June 18-(AP)-Currency reform, now being applied to the three western occupation zones of Germany, has been one of the chief devices to patch up Europe's national economies, damaged by postwar inflation.

At least half a dozen countries have juggled the value of their money, or issued new notes since the end of the fighting.

Juggling money does NOT, of course, cure their economic ills. Work and production are the main things needed to do that. But new money or revamped values for it often stabilize prices and stop the panicky feeling which makes inflation even worse th[redacted]

Russia was one of the prime examples of postwar money juggling.

Last December, the soviet government issued new rubles to everyone. The decree wiped out gains that had been piled up by wartime profiteers who had turned back to the old capitalistic motive of profit and personal [redacted] gain.

Little fellows, with 3,000 ruvles or less, got ruble for ruble--if they had their money in the bank. But those who had a lot of hoarded cash were hit hard. They received as little as 10 percent of his hoarded total.

Price cuts accompanied the new ruble issue. The small holder, with the same number of rubles he had before, was better off.

Russia said the main reason for the new currency issue was because invading German troops had flooded Russia with bogus rubles.

Russian satellites, such as Hungary and Romania, followed similar paths.

Hungary had the worst inflation in Europe. The pengo went to almost nothing before it was suspended in August, 1946. A new currency, the florin, was issued in an effort to sidetrack economic collapse. It helped.

So did the enactment of a death penalty for civiction of black market dealing in foreign exchange. The official pre-war rate of the pengo had been 20 cents, the same as the theoretical exchange value of the old ruble.

Romania issued a new currency last August. It pegged the new lei

at the rate of 150 to the dollar to try to stop an inflation which had run the price of shoes as high as 30,000,000 (m) lei a pair.

The Romanian decree limited, in varying amounts, the quantities of old money which peasants, white collar workers and other classes of the population could exchange for new money. It also took a forced loan from ~~[illegible]~~ wealthier Romanians by holding part of their cash in banks.

France and Italy have changed the values of their money more than once.

Before the war, the Italian ~~lira~~ was worth about a nickel. Tourists got it a trifle cheaper. When the U.S. army began to liberate Italy, the rate was pegged at one cent per ~~[illegible]~~ lira, and the black market rate was one-fourth that.

The black market ran as high as 850 lira to the dollar in the middle of 1946. Last November Italy began a policy--after several other attempts--of fixing an official "realistic rate" at about the same amount as the black market rate.

Since then the lira has slowly strengthened. The official rate is now

Frankfurt, Germany, June 18--(ap)--Americans in Germany will have a hard time trying to turn blackmarket marks into the new German money.

more

Army headquarters ruled tonight they can convert only as many marks as they bought for dollars during the average month of the past three months. They will have to prove they paid dollars for them.

The army hedged on the dollar cost of the new mark. For the first month Americans can buy up to 45 marks at 10 cents per mark - the same price as the old mark.

The army announcement called that a "special price" during the reconversion period and said "subsequent arrangements are currently in the formative stage."

night lead french strikes

By Robert Eunson

JUN 1948

Paris, June 18-(AP)-Strike settlement negotiations began in Clermont-Ferrand today where bloody fighting went on this week between police and striking rubber workers.

Union leaders met with Pierre Bergougnan, tire factory director.

A one-hour general strike called for tomorrow by the communist-led French general confederation of labor apparently was making slow headway in the nation. The union's goal is to get all of its 5,000,000 members off the job between 11 o'clock and noon.

French communist and socialist deputies threw punches at each other earlier today when Interior Minister Jules Moch defended police activity during the Clermont-Ferrand fracas Tuesday night. The general disorder forced suspension of the chamber of deputies.

Moch told members that sit-down strikers in the rubber plant used sulphuric acid and mustard gas against police, and the assembly broke up in a row.

Nobody was reported hurt in the clash of deputies, which was quieted by guards and ushers.

Moch said that 80 policemen were temporarily blinded when they rushed the Bergougnan factory to throw out the sit-downers. There were scores injured in the resulting fight.

The strikers have asked for 20-cent pay increases.

The interior minister also said that of 99 persons still held in jail at Clermont-Ferrand three were Poles, two Italians, four Spaniards, three Indo-Chinese, and one Portuguese, one German and one Morrocan. Moch said the foreigners would be expelled from the country.

A union leader in Clermont-Ferrand warned there would be serious incidents if the others held in jail are NOT released immediately. The communists have clamored for the removal of Pierre Bertaux, prefect in charge during the riots.

He has been accused by union men of being a police provocateur.

PARIS, JUNE 18-(AP)-FISTS FLEW IN THE NATIONAL ASSEMBLY TODAY IN COMMUNIST-SOCIALIST DEBATE OVER THE RECENT STRIKE RIOTS AT CLERMONT-FERRAND. THE GENERAL DISORDER FORCED SUSPENSION OF THE SESSION OF THE CHAMBER OF DEPUTIES.
THE OUTBREAK CAME AFTER INTERIOR MINISTER JULES MOCH, A SOCIALIST, DEFENDED ACTIVITIES OF POLICE AGAINST SIT-DOWN STRIKERS AT THE CLERMONT-FERRAND RUBBER FACTORY. HE CHARGED THAT STRIKERS USED SULPHURIC ACID AND MUSTARD GAS AGAINST THE AUTHORITIES.
THE COMMUNIST-DOMINATED GENERAL CONFEDERATION OF LABOR (CGT) HAS CALLED A ONE-HOUR GENERAL STRIKE TOMORROW AS A TOKEN OF PROTEST AGAINST THE CLERMONT-FERRAND CLASH.
MOCH ANNOUNCED TO THE CHAMBER THAT THE WORKERS OF CERMONT-FERRAND DECIDED TODAY TO RETURN TO THEIR JOBS. NEGOTIATIONS HAVE BEEN GOING ON THERE ON THE WORKERS' DEMANDS FOR 20 PER CENT RAISES.
MOCH'S WORDS WERE BARELY AUDIBLE ABOVE THE TUMULT FROM THE COMMUNIST BENCHES. ONE OF THEIR MILDER TAUNTS WAS "ASSASSIN."
SEVERAL TIMES EDOUARD HERRIOT, PRESIDENT OF THE CHAMBER, THREATENED TO SUSPEND THE SESSION. HE ORDERED THE COMMUNIST INSULTS RECORDED FOR PUBLICATION IN THE OFFICIAL JOURNAL, AN UNPRECEDENTED MOVE.
NONE OF THE DEPUTIES WAS HURT IN THE MELEE, WHICH WAS HALTED BY GUARDS AND USHERS. HERRIOT FIINALLY ORDERED THE CHAMBER AND THE GALLERIES EMPTIED.
MOCH CHARGED THE CLERMONT-FERRAND RIOTING WAS ARRANGED BY PERSONS FROM OUT OF TOWN.
MOST CGT UNIONS HAVE DECIDED TO TAKE PART IN TOMORROW'S DEMONSTRATION.
MARSEILLE DOCK WORKERS, TEXTILE WORKERS IN LYON AND FACTORY HANDS THROUGHOUT FRANCE HAVE VOTED TO CEASE WORK FOR ONE HOUR. AFTER THAT, GOVERNMENT LEADERS BELIEVE THE LATEST STRIKE EPIDEMIC IN FRANCE WILL JUST ABOUT DIE OUT ON ITS OWN.
THE STRIKE HAS BEEN CALLED FOR 11 A.M. MANY PLANTS NORMALLY CLOSE AT NOON SATURDAY.
THE ONLY EFFECT SUCH A STRIKE WOULD HAVE ON THE AVERAGE CITIZEN WOULD BE A POSSIBLE TRANSPORTATION TIE UP.
AT CLERMONT-FERRAND, WHERE ABOUT 200 POLICEMEN AND STRIKERS WERE HOSPITALIZED AFTER SEVERAL PITCHED BATTLES THIS WEEK, ANDRE BERGOUGNAN, HEAD OF THE BERGOUGNAN TIRE PLANT SAID HE WAS READY TO MEET REPRESENTATIVES OF WORKERS WHO ARE ASKING 20 PER CENT INCREASES ON MINIMUM SALARIES.

(500) NIGHT LEAD HOUSING

BY WILLIAM F.ARBOGAST

WASHINGTON, JUNE 18-(AP)-REPUBLICANS RAMMED A HOUSING BILL THROUGH THE HOUSE TODAY, MINUS ANY PROVISION FOR SPENDING GOVERNMENT MONEY ON PUBLIC HOUSING PROJECTS.

A 317 TO 90 VOTE PUT THROUGH THE MEASURE, WHICH PRESIDENT TRUMAN CALLED "THE REAL ESTATE LOBBY'S" BILL. BACKERS OF THE LEGISLATION REPLIED THAT IT WOULD HELP SPUR HOMEBUILDING WITHOUT PROMOTING "SOCIALISM."

WHAT WILL HAPPEN NOW ON HOUSING IS UNCERTAIN. THE SENATE HAS PASSED THE LONG RANGE TAFT-ELLENDER-WAGNER BILL WHICH CONTAINS THE PUBLIC HOUSING FEATURE.

SOME SENATORS HAVE INDICATED THEY WON'T ACCEPT THE HOUSE BILL, BUT SENATOR TAFT (R-OHIO) HINTED HE MIGHT YIELD TO THE HOUSE RATHER THAN HAVE NO BILL AT ALL. IF THE MEASURE THAT GETS TO THE WHITE HOUSE RESEMBLES THE HOUSE BILL PRESIDENT TRUMAN COULD BE EXPECTED TO VETO IT.

THE HOUSE BILL PROVIDES FOR:

RENEWAL OF GOVERNMENT MORTGAGE INSURANCE ON NEW HOUSES UP TO 90 PER CENT OF VALUE.

PRIORITIES FOR VETERANS IN BUYING WAR-BUILT GOVERNMENT HOUSING.

A SPEEDED-UP SYSTEM OF FIGURING DEPRECIATION ALLOWANCES ON NEW MULTIPLE DWELLING UNITS. THIS WOULD MEAN TAX REDUCTIONS FOR RENTAL HOUSING INVESTORS. MR.TRUMAN SAID THESE PEOPLE WOULD BE THE ONLY REAL BENEFICIARIES OF THE BILL.

T-E-W PROVISIONS FOR CONSTRUCTION OF 500,000 GOVERNMENT-FINANCED HOUSING UNITS, SUBSIDIES FOR SLUM CLEARANCE AND FARM HOUSING AIDS ARE OMITTED FROM THE HOUSE BILL. CRITICS CALLED THE GOVERNMENT-FINANCED PUBLIC HOUSING PROJECTS SOCIALISTIC.

THE 317 TO 90 VOTE BY WHICH THE BILL SAILED THROUGH THE HOUSE WAS 45 MORE THAN NEEDED UNDER THE TWO-THIRDS RULE UNDER WHICH THE HOUSE WAS OPERATING. THE REPUBLICAN LEADERSHIP INVOKED THIS RULE TO BLOCK ANY AMENDMENTS FROM THE FLOOR. T-E-W BILL BACKERS IN THE HOUSE THUS HAD TO TAKE THE MODIFIED BILL OR NONE.

EIGHTY-EIGHT DEMOCRATS JOINED WITH 229 REPUBLICANS TO GIVE THE BILL THE VOTES IT NEEDED. AGAINST THE BILL WERE 85 DEMOCRATS, THREE REPUBLICANS AND TWO AMERICAN-LABORITES.

DEMOCRATIC LEADER RAYBURN, OF TEXAS, TRIED VAINLY TO RALLY THE DEMOCRATS MORE SOLIDLY.

"IF I WERE TO VOTE FOR THIS BILL UNDER THESE CONDITIONS, I WOULD FEEL GUILTY OF PERPETRATING A FRAUD ON THE AMERICAN PEOPLE," RAYBURN SAID.

JUN - 1948

BUT CHAIRMAN WOLCOTT (R-MICH) OF THE BANKING COMMITTEE DEFENDED THE MEASURE. HE TOLD THE HOUSE THAT IF IT DID NOT PASS IT, THE CHANCES WERE THERE WOULD BE NO HOUSING LEGISLATION AT THIS SESSION.

REFERRING TO THE T-E-W BILL, WOLCOTT SAID "THE SOCIALISTS THEMSELVES SAY THIS IS A SOCIALISTIC PROGRAM."

WOLCOTT CALLED THE T-E-W MEASURE A "DANGEROUS PROPOSAL" AND SAID THAT IT WOULD PAVE THE WAY TO GOVERNMENT OPERATION OF OTHER BUSINESS IN TIMES OF PRODUCTION SHORTAGES."

PRIVATE ENTERPRISE, WOLCOTT SAID, BUILT MORE THAN 914,000 DWELLING UNITS LAST YEAR AND WILL GO OVER 1,000,000 THIS YEAR. IN 1946, WHEN THE GOVERNMENT CONTROLLED HOUSING CONSTRUCTION, HE SAID, ONLY 413,-000 UNITS WERE PRODUCED.

REPUBLICAN LEADER HALLECK, OF INDIANA, SAID THE BILL WOULD DO "MUCH TO HELP" SOLVE THE HOUSING PROBLEM.

THE SENATE, MEANWHILE, PASSED A BILL AUTHORIZING CREATION OF A SECONDARY MARKET IN THE VETERANS ADMINISTRATION FOR THE PURCHASE OF HOME LOANS OF UP TO $10,000 MADE TO VETERANS. THERE HAS BEEN NO SUCH MARKET SINCE ONE IN THE RECONSTRUCTION FINANCE CORPORATION WENT OUT OF BUSINESS A YEAR AGO.

"BY OUR MINCING STEPS BACKWARD, BY OUR TIMIDITY, BY OUR INACTION, OUR FLUTTERING HEARTS---WE HAVE BLUNDERED INTO A COSTLY RETREAT IN THIS WAR OF NERVES AND TENSION.

"BUT TO COUNTER-ATTACK NOW BEFORE IT BECOMES TOO LATE, THE AMERICAN PEOPLE MUST PUT PEACE BEFORE THEIR ELECTIONS AND SHOW THAT THEY CAN LIVE AS BRAVELY AS THEY DIE."

THIS PART OF HIS TEXT WAS INSERTED IN AN EARLIER PREPARED SPEECH FOLLOWING HIS ARRIVAL IN DENVER.

BRADLEY ALSO SAID IN THIS INSERTED PORTION THAT "IF WE ARE TO BE SQUEAMISH IN FACING THE FACTS OF LIFE," THE UNITED STATES WOULD FOREFIT ITS POSITION OF WORLD LEADERSHIP.

IN A MESSAGE READ BY HIS MILITARY AIDE, MAJ. GEN. HARRY H. VAUGHN, PRESIDENT TRUMAN, ONE OF THE FOUNDERS OF THE ASSOCIATION, SAID:

"A LARGER PROPORTION OF THE DEFENSE BUDGET SHOULD BE ALLOCATED FOR THE TRAINING OF THE CIVILIAN COMPONENTS. WITH THE HELP OF IINFORMED CITIZENS, SUCH AS OUR MEMBERSHIP, I HOPE THAT THIS CAN BE ACCOMPLISHED."

THE PRESIDENT ADDED: "OUR NATION CANNOT RELY FOR DEFENSE ON A REGULAR MILITARY ESTABLISHMENT BOTH BECAUSE OF THE EXPENSE AND BECAUSE IT IS CONTRARY TO OUR NATIONAL TRADITION."

OTHER SPEAKERS AT THE DINNER INCLUDED GEN. JOSEPH T. MCNARNEY, COMMANDING GENERAL, AIR MATERIEL COMMAND, WRIGHT AIR BASE, OHIO, AND REAR ADM. E. C. EWEN, DIRECTOR OF NAVY PUBLIC RELATIONS.

GENERAL BRADLEY PROMISED HE WOULD EXERT HIS FULL POWER TO RID THE REGULAR ARMY OF ANY OFFICERS PREJUDICED AGAINST RESERVE OFFICERS.

(ADVANCE)-(WX)-DAYTON, OHIO, JUNE 18-(AP)-FORMER SECRETARY OF STATE JAMES F. BYRNES URGED TODAY THAT THE UNITED STATES IN ITS RELATIONS WITH RUSSIA FOLLOW A MIDDLE GROUND POLICY "BETWEEN DRIFTING INTO WAR AND DRIFTING INTO APPEASEMENT."

AT THE SAME TIME, THE FORMER SECRETARY AND CLOSE ASSOCIATE OF THE LATE PRESIDENT ROOSEVELT DEFENDED THE WARTIME AGREEMENTS WHICH ROOSEVELT AND FORMER BRITISH PRIME MINISTER CHURCHILL MADE WITH RUSSIAN PREMIER STALIN. BYRNES ALSO APPEALED FOR LACK OF "PREJUDICES AND PASSIONS" IN THE POLITICAL SPEECHES WHICH WILL BE MADE DURING THE PRESIDENTIAL ELECTION CAMPAIGNS THIS YEAR.

"I CAN THINK OF NOTHING MORE UNFORTUNATE," HE SAID, "THAN OUR FOREIGN POLICIES BEING MADE A PARTISAN ISSUE AND THE TWO GREAT POLITICAL PARTIES COMPETING FOR THE VERY DOUBTFUL HONOR OF HAVING URGED THE MOST BELLIGERENT POLICY TOWARD A FOREIGN GOVERNMENT."

BYRNES ARGUED THAT THOSE WHO CLAIM ANY AGREEMENT WITH THE SOVIETS WILL BE "APPEASEMENT" ALSO CHARGED THAT "WE WERE HORNSWOGGLED AND OVERREACHED IN NEARLY EVERY AGREEMENT PRESIDENT ROOSEVELT MADE WITH THE SOVIET UNION DURING THE WAR." HE ASSERTED THAT THIS IS "A

GROTESQUE DISTORTION."
"MOST OF THE AGREEMENTS GREW OUT OF THE MILITARY SITUATION," BYRNES SAID "AND MOST OF THEM WERE BASED ON THE WAR EXIGENCIES AS THEY APPEARED TO HARDHEADED MILITARY MEN. NEARLY EVERY AGREEMENT WAS MADE IN CONCERT WITH PRIME MINISTER CHURCHILL AND HIS EXPERIENCED ADVISERS."
IF THE MILITARY ESTIMATES HAD WORKED OUT AS THEY WERE LAID DOWN AT THE TIME OF THE YALTA BIG 3 MEETING, BYRNES ARGUED, AND IF THERE HAD BEEN NO AGREEMENTS REACHED WITH THE SOVIETS BEFOREHAND "IT IS ALMOST CERTAIN THAT THE SOVIET UNION WOULD HAVE CLAIMED GREATER RIGHTS THAN THOSE PROMISED HER."
"A REALISTIC CONCLUSION," BYRNES DECLARED, "IS THAT THE WAR AGREEMENTS GAVE THE SOVIET UNION EVERY LITTLE THAT THEY WERE NOT IN A POSITION TO TAKE WITHOUT AGREEMENT."

GERMANS RUSHED TO ALMOST EMPTY STORES TO SPEND OLD MARKS BEFORE NEW CURRENCY REFORMS TAKE EFFECT IN THE U.S., BRITISH AND FRENCH OCCUPATION ZONES. OFFICIALS INDICATED EACH GERMAN WOULD BE ALLOWED TO TRADE IN 40 MARKS MONDAY FOR NEW ONES WORTH 30 CENTS.

THE U.S. DELAYED UNTIL SEPTEMBER A DECISION ON WHETHER TO LET 83,000 TONS OF PIPE GO TO SAUDI ARABIA FOR BUILDING A PIPE LINE TO THE MEDITERRANEAN. A SHORTAGE AT HOME WAS BLAMED. SAUDI ARABIA IS ONE OF THE SEVEN ARAB NATIONS STARTING THE SECOND WEEK OF A FOUR-WEEK ARMISTICE WITH ISRAEL IN QUIET PALESTINE.

POLAND PROTESTED IN LONDON TO THE WESTERN POWERS PLANS TO UNIFY WESTERN GERMANY. THE COMPLAINT, LIKE THAT OF RUSSIA, SAID THE PLAN TO ESTABLISH A SEMI-INDEPENDENT FEDERAL GOVERNMENT VIOLATED THE POTSDAM PACT.

AMERICAN OFFICIALS EXPRESSED DEEP INTEREST TODAY IN WHAT APPEARED TO BE A SOVIET PEACE OFFENSIVE BREAKING OUT OVER EASTERN EUROPE. THEY WERE SKEPTICAL THAT THE RUSSIANS AND THEIR COMMUNIST ALLIES INTEND TO MAKE ANY IMPORTANT CONCESSIONS ON PROBLEMS SPLITTING THE WEST AND EAST.

MARSHAL VASSILY D. SOKOLOVSKY, RUSSIAN MILITARY GOVERNOR FOR GERMANY, SAID A FOUR-POWER AGREEMENT ON GERMAN CURRENCY REFORM IS "COMPLETELY POSSIBLE." THE U.S., BRITAIN AND FRANCE ARE EXPECTED TO TELL WESTERN GERMANS TO SWAP THEIR PRESENT MARKS, VALUED AT FROM ONE HALF CENT TO 30 CENTS, FOR NEW ONES AT THE RATE OF 10 TO ONE. THE PLAN, TO WHICH RUSSIA HAS NOT AGREED, IS EXPECTED TO DISCOURAGE THE BLACK MARKET, BRING OUT HOARDED GOODS AND SPUR GERMANS TO HARDER WORK.

OTHER "PEACE OFFENSIVE" MOVES CAME FROM YUGOSLAVIA AND BULGARIA. YUGOSLAVIA OFFERED TO SETTLE U.S. CLAIMS. BULGARIA SAID SHE IS WILLING TO TALK ABOUT SWAPPING DIPLOMATS WITH GREECE, AGAINST WHICH THE RED BALKAN STATES HAVE BEEN SNARLING. RUSSIA'S ACCEPTANCE OF AN AMERICAN PROPOSAL FOR A TEN-NATION DANUBE SHIPPING CONFERENCE ALSO WAS REGARDED AS PART OF THE SOVIET PLAN.

AMERICAN OFFICIALS GUESSED RUSSIA MIGHT BE TRYING TO BUILD A PRO-PEACE RECORD AHEAD OF THE FALL MEETING OF THE U.N. GENERAL ASSEMBLY IN PARIS OR TRYING TO REGAIN LOST PRESTIGE.

GUNS STAYED STILL IN PALESTINE. PREMIER DAVID BEN-GURION OF ISRAEL, HOWEVER, EXPRESSED DOUBT THAT PEACE WOULD LAST DURING THE REMAINING THREE WEEKS OF THE ARMISTICE OR THAT PERMANENT PEACE COULD COME.

"IF THE ARAB LEADERS PUT FORWARD--AS REPORTED--AS A CONDIION OF THE PEACE TALKS THAT THE JEWISH STATE BE ANNULLED AND IMMIGRATION STOPPED, WE CAN ONLY ADVISE THE MEDIATOR NOT TO WASTE TIME," HE SAID.

A CAIRO REPORT SAID COUNT FOLKE BERNADOTTE, THE U.N. MEDIATOR, WILL ASK FOR AN EXTENSION OF THE TRUCE. U.N. HEADQUARTERS ORDERED 50 MEMBERS OF ITS SECURITY FORCE, ALL AMERICAN CITIZENS AND FORMER MEMBERS OF THE U.S. ARMED FORCES, TO FLY TO THE MIDDLE EAST TO HELP BERNADOTTE ENFORCE THE PEACE.

EGYPT'S PREMIER WAS REPORTED TO HAVE ASKED BERNADOTTE TO DISMISS ONE AMERICAN TRUCE OBSERVER ON THE GROUNDS HE IS A JEW.

JEWS IN JERUSALEM STILL HAD NO ELECTRICITY OR KEROSENE. THEIR WATER IS LIMITED AND FOOD IS SHORT.

SCHUMAN HAS TICKLISH JOB

French Premier Pins Hopes On Weather, U.S. Aid

Paris, June 19 (AP)—Premier Robert Schuman is depending on Providence and the Marshal Plan in the five critical months ahead.

The crucial period began with this week's rash of strikes and the narrow squeak in Parliament on approval of the six-power London agreement on Germany.

In domestic affairs the test date is some time in October, when Frenchmen will choose a new Council of the Republic, which somewhat corresponds to the American Senate, in a series of indirect ballots.

On the foreign front, the test begins this week in Philadelphia and the key date is the first Tuesday after the first Monday in November, when Americans will elect their leader in world policy for the next four years.

Faces Maze Of Problems

Between then and now the shaky Schuman coalition, with six months in office behind it, must master complicated wage and price problems, choke off monetary inflation, increase production and maintain peace among the divergent interests respresented in the cabinet by the Popular Republicans (MRP), Socialists and Radical Socialists.

To bolster this middle-of-the-road Government, Schuman needs good weather (Providence) and revival of western European economy (the Marshall plan).

The weather is important because France is now in the midst of what Frenchmen call the "*soudure*"—the gap between one year's wheat stocks and the coming harvest. Supplies are very low. But the nation is also on the verge of one of its best crops on record—if the weather is right .

Good Harvest Important

With a good harvest, it would no longer be necessary to use foreign credits adn scarce shipping space for foodstuffs. The money and bottoms could be used for machinery, raw materials and consumers goods. These, in turn, it is hoped, would stabilize the economy, raise production and cut the sky-high prices.

American aid, which would permit the importation of these machines, raw materials and goods, is the other large factor. It is tied to increased trade with other European nations within the 18-member European Economic Co-operation organization. Now, since ratification of the London accord, it also is linked with a controlled reconstruction of western Germany as a production center for all western Europe.

Hope For Coal And Tools

The Marshall Plan, it is expected, will bring France more coal, machine tools, agricultural machinery and other equipment to bring the nation's outmoded industrial plant up to date.

The economic revival of western Germany—also within the framework of the Marshall Plan—promises to bring France additional shipments of German coal and coke. This would enable the French to augment their own steel output in the Lorraine ore basin.

A bountiful crop and increased imports—both from American aid and from greater intra-European trade—may enable Schuman to solve two of his most pressing problems in the domestic field. These are the renewal of labor agitation pointed up by the rubber-plant strike at Clermont-Ferrand, and the threat of a serious split of the coalition on wage-price policy.

Pledged To Curb Prices

The Shuman Government came into power last November at the height of the abortive general strike fostered by the Communist-dominated General Confederation of Labor. Schuman ended the strikes with a pledge to prevent prices from rising more than ten per cent before June if labor refrained from agitation until then.

Schuman also promised the Government would resurvey the whole question in June, a pledge his Government has only begun to work on.

Prices have been steady for three months but in January and February they rose more than twenty per cent, and now the labor confederation feels entitled to a corresponding increase in wages.

As the keystone of his program, Schuman put Radical Socialist Rene Mayer in charge of national economy as Finance Minister. Revalued the franc and restored a degree of freedom in French commerce. He believed, and still maintains, that the only way to whip inflation is to cut prices and concentrate on greater production stimulated by fewer controls.

Socialist Demands Pay Rise

This ran directly counter to Socialist party doctrine, but Leon Blum and the party leaders agreed to go along with Mayer on an experimental basis.

Now Socialist Labor Minister Daniel Mayer insists wage increases must be granted t oavoid nationwide labor strife. Rene Mayer insists this would wreck his whole anti-inflation program.

The premier's hope is that greater food stocks, production and imports will lower effectively the cost of living, and banish the specter of further labor troubles. Together with one overshadowing political factor, this would probably maintain the uneasy alliance between Radical Socialists and Socialists.

The political factor is now, as it has been for months, Gen. Charles de Gaulle and his French People's Party (RPF), which scored in the municipal elections last Autumn.

De Gaulle Strong Now

The MRP, the Socialists and part of the Radicals dislike de Gaulle. They all realize that if they split apart, and the government falls, new general elections would have to be called. If they are called now, de Gaulle chances are pretty good. If elections are delayed until recovery sets in, de Gaulle's chances presumably will diminish.

For the parties now in power, the question is simple: If we break up, what next? None wants to give de Gaulle power when economic prospects are good, and when de Gaulle would be able to cash in on a bulging harvest and a flow of American assistance.

THOUSANDS STRIKE IN FRENCH PROTEST

Stage Hour Demonstration; Trouble Zone Quiet

Paris, June 19 (AP)—Thousands of French workers struck for an hour today but they did not show enough spark to frighten the Government.

The Communist - controlled French General Confederation of Labor called the one-hour general strike in protest against high living costs and in sympathy with striking rubber workers at Clermont-Ferrand.

In Paris, some of the strikers threw garbage at the police, and they stopped the city's transportation system. But at midday, the hour the strike was to end, most of them went back to their jobs or continued the week-end holiday.

Rubber Factories Quiet

In Clermont-Ferrand, where a strike early in the week brought about a serious clash and threatened a crisis for the Government, quiet had returned. Owners of the big rubber plants there negotiated with workers about wage differences and the strikers generally agreed to return to work Monday.

Spokesmen for both sides indicated they would be glad to come to terms, but the workers insisted they must have a substantial wage settlement.

Communists Strike Alone

The Centrist Government of Premier Robert Schuman could take comfort from one development:

Early in the week the demonstrators at Clermont-Ferrand and in some other spots were joined by rival unions. In today's demonstration only the Communist-controlled General Federation of Labor took active part. Others announced their refusal to join in.

Dockers struck at Marseille, but stores and city transportation were not affected to a great extent. In the industrial section of the north, the situation was spotty, but an enormous overall majority quit work. In the pits at Douai 40,000 struck, and only 6,000 stayed on the job. In the mines, the Communists are strong. In the factories fewer went on strike.

In many sections delegations presented appeals for wage increases of twenty per cent.

Garbage Tossed At Police In Paris Strike

Paris, June 19 (AP)—Garbage collectors heaved garbage at police and blocked a thoroughfare with their trucks in Paris today during a one-hour general strike called throughout France by the Communist-controlled General Confederation of Labor.

During the shutdown, the garbage collectors drove their trucks toward the plaza in front of the City Hall. Police stopped them. The garbage men then began throwing garbage at the police and finally used their trucks to block traffic through the Avenue Victoria.

Police arrested some.

When the symbolic walkout ended, the garbage-truck drivers went back to their trucks and resumed work.

The strike protested police action Tuesday night in throwing rubber workers out of the Bergougnan tire factory in Clermont-Ferrand, where they were on a sitdown strike for a 20-cent pay rise.

Today's symbolic walkout was nowhere nearly complete because the anti-Communist "Workers' Force" union, the Popular Republican union of foremen and various other smaller organizations refused to take part.

The first sign the strike had commenced in Paris came when most busses and subway trains stopped.

Miners Go Out First

In the provinces, coal and metal miners were the first to go out. Railroad workers followed.

Afternoon newspapers here were late. Undertakers, street cleaners and many municipal employé, including hospital workers, struck. White-collar workers remained at their desks but refused to work.

Most Paris policemen, however, stayed on duty. The majority are in Popular Republican and Workers Force syndicates.

There was no indication that international telephone and telegraph lines were affected.

No Disorder Noted

Premier Robert Schuman received a delegation from the Popular Republican union and then conferred with Labor Minister Daniel Mayer.

A Ministry of the Interior spokesman said no disorders were reported in the first half hour of the strike.

In Clermont-Ferrand, the Bergougnan strikers voted to go back to work Monday. Many already were on the job.

Yesterday 500 Paris University students celebrating the end of the school year fought police in the Champs Elysees, some shouting sympathy for the Clermont-Ferrand workers. Over 100 were held briefly.

SPAAK ACTS ON STRIKE

Seeks to Prevent Call Today for General Walkout

BRUSSELLS, Belgium, June 19 (AP)—Premier Paul-Henri Spaak intervened tonight in a last-minute effort to avert a general strike in Belgium.

After all-day talks with workers and management representatives in the striking iron and steel industry, he admitted failure to bring them together.

About 200,000 metal workers are asking wage increases, and it is feared that at tomorrow's Trade Union Congress meeting a general strike may be called in sympathy. A union spokesman indicated such action was considered.

Employers' representatives refused to open talks with the workers unless the strike was called off.

General Strike Proposed

Brussels, June 19 (AP)—The Belgian Trade Union Congress will vote in a meeting here tomorrow whether to call a general strike in support of striking iron and steel workers.

Such a strike was recommended last night by the Charleroi regional committee of the congress. Delegates backed the idea, 99 to 64.

About 200,000 metal workers and 2,400 iron and steel plants are idle in the current walkout. The workers demand a five per cent wage hike.

Premier Paul-Henri Spaak talked with union and management yesterday.

Decline Of Kissing Is Noted In Berlin

Berlin, June 19 (AP)—Hard times have made the kiss unfashionable in Germany, according to the German press.

"The sentimental kiss, the insignificant family kiss are out of place," the *Nacht Express* found. "Hard times usually limit sentimental expressions to an absolute minimum." The newspaper said it found kissing in public also had "grown more seldom."

"Since the housewife has been freed from the seclusion of the home and participates in all daily happenings, the attitude of the sexes toward one another has become more open and unaffected. Even young people in love no longer feel it is necessary to make the world a witness to their love."

RUSSIAN TROOPS SEAL OFF ALLIES' ROAD INTO BERLIN

Passenger Trains Halted Too as Soviet Acts to Keep Out Old Marks.

Berlin, June 19 (A. P.).—The Russians barred Germans and Allied officers from entering Berlin today by train or motor car. The Russians said the move was necessary to keep out old marks, now worth more in the Soviet zone and Berlin than in Western Germany.

Marshal Vassily D. Sokolovsky allowed freight trains into Berlin under a "very careful" check. Air travel was not affected.

Train and motor car traffic headed for Berlin or the Soviet zone was halted at the western-most edge of the Russian zone, 100 miles west of Berlin. Travelers from the west must go through the Soviet zone in order to reach this city.

The British moved ten armored cars up the Helmstedt, bordering the Soviet zone, following unconfirmed reports that the Russians had sent tanks to their side of the frontier opposite American zone border crossing points.

The United States, Britain and France have announced a currency reform in Western Germany beginning tomorrow. Sokolowsky in a 2,000-word proclamation early today prohibited importation of Western currency, new and old, into Greater Berlin and the Russian zone.

While some circles interpreted the travel ban as another Russian attempt to drive the Western Powers from Berlin, others took a calmer view. One highly placed official said:

"It seems like a natural thing for the Russians to do. We more or less anticipated they would take steps to prevent a flood of old reichsmarks from the west to the east. We are inclined to believe the new restrictions will be lifted in a few days. After all, we also have declared it illegal to bring reichsmarks into Western Germany."

Reports from the Soviet zone said district finance officers are stamping reichsmarks with a special mark. This would make them the only legal currency in the Eastern Zone and counteract chances of the zone being flooded with old reichsmarks from the West.

JUN 1948

Won't Discuss Mission.

Officers in charge of the British armored column at Helmstedt refused to discuss their mission. The international highway leaves British territory and enters the Soviet zone en route to Berlin at this point.

The big green cars, their cannon pointing to the east, drew up in single file on the Autobahn (superhighway). They were about one mile from the Soviet border station and out of sight of Soviet troops.

The Russians stopped hundreds of Germans and scores of British, American and French travelers. Dutch and Swiss diplomatic travelers also were barred, the British said. Only three Yugoslav officers and an enlisted man were allowed to cross the border and drive on to Berlin.

The Autobahn around the British outpost was a scene of complete confusion. Scores of passenger cars and trucks were drawn up in long columns. Hundreds of Germans milled about on the road. Hundreds of others stretched out on the grass on both sides of the road, eating or sleeping.

United States Army Capt. Ervin Kaltenbach, a member of the American mission in Potsdam, tried to get through but was turned away despite special credentials.

American officials said they are not taking any steps for the present to break the blockade on passenger traffic into Berlin over the Helmstedt-Berlin Highway.

Americans in Berlin were without their usual copy of Stars and Stripes, the Army newspaper in Germany. The newspapers' circulation driver, who drove to Brunswick to pick up the papers, reported by telephone from Helmstedt that he was unable to pass the Russian checkpoint on the return trip.

Sees Division Complete.

Sokolovsky declared in his proclamation that Berlin is "part of the Soviet occupation zone." He said the currency reform has completed the division of Germany.

Gen. Lucius D. Clay, American Military Governor, rejected the Russian commander's statement and said Berlin is an international city and the Soviet actions may lead to its being run on a three-Power basis.

All Soviet statements have indicated that the Russians would try on their own to take over Berlin's administration as much as possible and rule it alone as part of the Soviet zone.

Clay termed the highway stoppage a violation of international agreements.

"We will have to seek clarification on whether the Soviet orders are intended as permanent stoppages or merely to cover this currency exchange period," he said. "We will then decide what to do."

The western-Power plan for currency revision does not go into full effect for a week, leaving some 45,000 Germans puzzled as to the value of their new money.

Military trucks carrying supplies for British clubs also were halted.

Meeting Is Called

Gen. Lucius D. Clay, American commander and military governor, said he would meet later today with British and French colleagues to confer on the Soviet moves.

Germans arriving in Frankfurt said the Russians had concentrated tanks and armored cars at the crossing point between Berba in the American zone and Eisenach in the Soviet zone.

Russian soldiers and German police have taken positions in trenches along the border, the travelers said. Radio equipment can be seen in the trenches.

The Russian action left only one channel—the air—by which the Western Allies, army and civilian personnel could reach Berlin from the west.

Soviet troops allowed Allied personnel to leave Berlin by highway, but not to enter the city.

Bus Service Halted

The blockade also will stop British bus service installed after Soviet regulations halted Allied train travel this spring. It has blocked all American, French and British passenger and truck traffic.

The new Soviet regulations called for a new "careful inspection" of all barge and freight train traffic into the city.

Americans are taking no steps for the present to break the blockade on the Helmstedt-Berlin highway.

Will Decide Later

Sokolovsky declared in his proclamation that Berlin is "part of the Soviet occupation." Clay rejected his statement. Berlin, he reiterated, is an international city and the Soviet actions may lead to its being run on a three-power basis.

Clay said the highway stoppage violated international agreements.

"We will have to seek clarification on whether the Soviet orders are intended as permanent stoppages or merely to cover this currency exchange period," he said. "We will then decide what to do."

Berlin's western sectors have about 30 days' coal and food supplies on hand.

German Money Border Guarded

Berlin, June 19 (AP)—Sharply tightened controls backed by armed force were imposed tonight on both sides of the "new-money" borders between the Russian zone and western Germany and on the road to Berlin.

The Soviet-controlled Berlin radio reported the capture of eight persons who it claimed "were seeking to smuggle huge quantities of Reichsmarks into the Russian zone from the west."

The Russians stopped scores of Allied travelers and thousands of Germans who sought to enter their occupation zone and Berlin from the west. They said they feared these persons might smuggle in a flood of Reichsmarks which will be declared surplus when the currency reform takes effect tomorrow in the United States, British and French zones.

U.S. Controls Tightened

Rialroad and barge freight was subjected to rigid inspection and the exit of Germans from the Soviet Zone also was sharply restricted.

American authorities tonight tightened controls on the United States side of the border in preparation for the issuance of western Germany's new Deutsche marks. The currency revision announced yesterday by the three Western powers abandons the old Hitler reichsmark.

Border points reported scores of additional United States Constabulary troopers were patrolling the frontier to keep out illegal crossers from the Russian Zone.

German police received orders to detain all persons from the East, even if they held valid passes. They were taken to control points, searched for Reichsmarks and allowed to retain only 60 marks, which can be legally exchanged tomorrow.

Strong Guard Reported

Some Germans who entered illegally from the Russian Zone and were captured said at Hof that the Soviet frontier controls were "the strongest since 1945, when Russian soldiers shot anyone moving in a border area."

One group which crossed illegally into Bavaria claimed it had been fired upon when leaving the Russian Zone.

At Helmstedt, the British border control point on the motor highway to Berlin, a squad of British armored and scout cars gave a grim aspect to the border watch for awhile this afternoon.

The travel scene there was one of confusion as 800 Germans turned back on the Berlin road milled about the highway.

15 British Cars Sent Back

Further south, on the Soviet-American zone border, German travelers said the Russians had posted tanks and armored cars and had some of their patrols in trenches.

Late tonight the Russians detached fifteen cars from a British-sponsored freight train and sent them back to the British zone. The cars, containing German mail for Berlin, were inadequately documented, the Russians said.

Rail and water freight traffic from the West was subject to rigid inspection by the Russians, who apparently feared that cargoes or the baggage of train crews might hide bundles of cash. Slow inspection measures at the zonal border caused a rail jam for more than 60 miles, from Helmstedt back to Hannover, British officials said.

Only four trains reached Berlin this morning in a period in which eight or nine normally would arrive.

Cars And Trucks Blocked

The Autobahn at Helmstedt was a scene of confusion. Long columns of cars and trucks, refused permission to cross the line, were drawn up. Hundreds of Germans milled about, and other hundreds camped on the grass beside the highway.

For the first time since they tightened border controls in April, the Russians also were refusing to pass American, British, French and other Allied travelers and military personnel on the motor highway.

American and British authorities arranged expanded plane schedules to bring in their stranded travelers from the West.

None of the Western Allies protested the Soviet measures. They waited at least over the week end to judge the full impact of the Russian action.

Called "A Natural Thing"

One highly placed Western Allied official said it "seemed like a natural thing" for the Russians to guard their zone against a damaging flood of currency. It was pointed out the Western powers also have forbidden the importation of reichsmarks into their zones.

"We are inclined to believe the new restrictions will be lifted in a few days. At least we hope so," the official said.

Some reports said crews of clerks were busy in the Soviet Zone stamping reichsmarks with a special distinguishing mark. The purpose might be to make them the only legal currency in eastern Germany, and thus counteract chances of the zone being flooded with old western zone money.

JUN 1948

Allies Called "Splitters"

Political tension between the Russians and the westerners, acutely sharpened by the currency revision announced yesterday by Britain, the United States and France, heightened still further.

German Communist press and politicians took up the cry raised by Marshal Vassily Sokolovsky, Soviet commander, that the Western Allies were the "splitters of Germany."

His declaration that four-power Berlin was a part of the Soviet occupation zone was disputed by Gen. Lucius D. Clay, American commander, who reiterated that the Western powers intended to stand upon their rights as joint occupiers.

Buying Spree Starts

The future of the last-functioning four-power body here, the Allied Kommandatura which rules Berlin, again appeared in doubt. The city's Russian deputy commandant sharply denounced the western German currency revision, and informed his colleagues he was not sure whether he would attend a meeting of the Kommandatura scheduled for Wednesday.

Thousands of Berliners were frightened that their old marks

30.24- 18605

would soon be declared valueless, too. Thousands rushed on a buying spree trying to get rid of surplus marks. Prices zoomed.

Housewives in Frankfurt and other western cities formed long lines in an effort to buy food with their old marks which they must begin turning in tomorrow for new currency. How many new marks they will receive for the old marks they do not yet know.

Shopkeepers in Frankfurt were ordered to keep their places open and to sell for old marks up to half the individual rations for the new ration period, which starts Monday.

Housewives Seek To Use Up Marks

Frankfurt, June 19 (AP)—German housewives lined up in long queues today to buy what food they could with old marks, soon to become worthless under Allied currency reform. Many took up positions in front of stores before dawn.

The unprecedented rush was prompted by orders that shopkeepers must keep their stores open and sell—for old marks—up to 50 per cent of the individual rations for the new ration period which was to have begun Monday.

Schools Get Holiday

German reaction to the currency measure was mixed in the three western zones.

The school children were happiest. They shouted with joy when told they would get a three-day holiday because the school buildings will be used for clerical work in connection with the money changeover.

Already Paid For

But a subway rider in Hamburg took a cynical view.

Looking at a newspaper photograph of the new currency, he said: "It looks like a dollar, but it is expensive currency. We have already paid for it with the Russian zone."

Reaction in general was favorable.

Excerpts From Sokolovsky Currency Statement

BERLIN, June 19 (AP)—Following are excerpts from a proclamation to the German people made today by Marshal Vassily D. Sokolovsky, Soviet commander:

Men and women of Germany:

A separate currency reform has been announced in the Western occupation zones of Germany. By order of the American, British and French occupying authorities, the German Reichsmark is being taken out of circulation and a separate currency reform being introduced.

Now there will be no more uniform official currency and no uniform money circulation. This is being done against the will and interests of the German people.

The currency reform is being carried out separately in the interests of American, British and French monopolies, which are executing a division of Germany intended to weaken Germany by subjugating its economy.

The constitutional unity of Germany has received another severe blow. Agreements on the control mechanism of Germany and the Potsdam decisions—which provided that Germany be treated as an individual whole and acknowledged the necessity for keeping up a uniform currency circulation—has been violated. The currency reform carried out in the three Western occupation zones completes the division of Germany.

Disputes Western Contention

The organizers of the separate currency reform, fearing to take responsibility and face the resentment of the German people, are attempting to justify their action by the fiction of the alleged impossibility to carry out a uniform Germany-wide currency reform.

The aim of this fiction is to deceive public opinion. A uniform Germany-wide currency reform on the basis of a four-power agreement would be possible and necessary. It is widely known that the Soviet Military Administration in Germany, acting on instructions of the Soviet Government, always insisted upon maintaining the political and economic unity of Germany. It always resisted all separate actions that tended to divide Germany.

In the Allied Control Council the Soviet representative seized all opportunities to reach an agreement on carrying out a uniform currency reform for the whole of Germany. In doing so the Soviet representatives insisted upon establishment of an all-Germany financial administration and a central German bank of issue in order to enable Germans to take part in implementation of the reform and insure a stable currency for the economic reconstruction of their country. * * *

It is evident, however, that the American, British and French representatives in the Control Council carried on a discussion on all-Germany currency reform only in a formal way while at the same time using this discussion to cloak secret preparations for a separate currency reform.

Moreover they now are attempting to justify their currency reform by claiming the necessity to regulate the monetary system in the Western occupation zones which was wrecked by national socialism. But for three years the occupation authorities in the Western zones of Germany have disavowed the carrying out of measures for the regulation of currency circulation.

Disorganized currency circulation was protected by American, British and French monopolies in order to subjugate the German economy.

Sees Ties to Wall Street

In the Western zones huge sums which big capitalists and profiteers earned through war trade and speculation are still retained by them. In the Western zones also, German bank and industry monopolies were maintained and many of them have been converted practically into subsidies of Wall Street—that means of American bank and industry monopolies * * *.

Currency reform in the Western zones of Germany is bringing about a rupture in economic relations between single parts of Germany which have developed in the course of many centuries. It will affect the course of the economic position of all parts of Germany, including the Western zones, the economy of which was undividedly connected with the Eastern districts of Germany. It means the completion of the division of Germany.

Considering the new situation, the Soviet Military Administration in Germany gives the following announcement:

(1) Bank notes issued in the Western occupation zones of Germany are not being admitted for circulation in the Soviet occupation zone of Germany and Berlin, which is part of the Soviet occupation zone.

(2) The Soviet Military Administration informs the German population it is forbidden to import the new issued notes from the Western occupation zones, also to import Reichsmarks, Rentenmarks and Allied Government marks into the Eastern occupation zones and into the area of greater Berlin.

Bars New Bank Notes

(3) It will be considered as an act to damage the economy if the new bank notes issued in Western Germany and also the Reichsmarks, Rentenmarks and Allied marks are being imported and if the new notes of the Western zones are being accepted for payment. Violators will be punished.

This decree will be considered law.

To protect the interests of the population of the Soviet occupation zone and of the area of greater Berlin and to prevent economic damage by the separate actions of the Western powers, the Soviet Military Administration in Germany will, if necessary, take further measures as a result of the new situation.

The Soviet Military Administration in Germany is convinced that the German population will support its measures and will take the necessary steps to overcome difficulties, to develop the economy and to stabilize money circulation in the Soviet occupation zone.

Communists Project All-German State

Berlin, June 19 (AP)—The Communist-controlled German People's Council of the Russian occupation zone today publicly proclaimed itself the "qualified representatives of the German people."

It announced that it is going ahead with measures for "laying the groundwork of an all-Germany republic" which would seek adherents in western Germany, where the People's Council is banned.

Qualified western Allied observers regard this as the Russian and German Communist answer to the decision of the London six-nation conference to establish a German government in western Germany. They interpreted it to mean that the Russian-backed German Communists plan to form a government in Berlin and demand national recognition for it.

It was the first time the People's Council has claimed to have a Germany-wide "mandate."

Russ Attack German Messenger For A.P.

Berlin, June 19 (AP)—A German messenger for the Associated Press said two Russian soldiers attacked him early today, calling him a spy, in Berlin's Soviet sector.

He said he was waiting by his motorcycle to take delivery of Russian-controlled morning newspapers when a Russian jeep drove up carrying two soldiers armed with carbines, and two civilians.

The soldiers got out and demanded to see his papers, he related, and then asked who employed him.

"When they saw the press plate on my motorcycle, one of the soldiers said, 'Ah, U.S.A. press, you spy,'" the messenger went on. "Then he struck me across the back with his rifle butt."

The German said he thereupon jumped on his motorcycle and fled.

Berlin Messenger Attacked by Reds

BERLIN, June 19 (AP).—A German messenger for the Associated Press said two Russian soldiers attacked him early today, calling him a spy, in Berlin's Soviet sector.

He said he was waiting by his mortorcycle to take delivery of Russian-controlled morning newspapers when a Russian jeep drove up carrying two soldiers armed with carbines, and two civilians.

The soldiers got out and demanded to see his papers, he related, and then asked who employed him.

"When they saw the press plate on my motorcycle, one of the soldiers said, 'Ah, U.S.A. press, you spy,'" the messenger went on. "Then he struck me across the back with his rifle butt."

The German said he thereupon jumped on his motorcycle and fled.

CZECH ARCHBISHOP SUSPENDS PRIESTS

Disciplines Number Of Clergy For Political Activities

Prague, June 19 (AP)—The Rev. Joseph Plojhar, Minister of Health in the Communist-controlled Czech Government, today was suspended from the priesthood for his political activity.

Father Plojhar also is a member of Parliament and vice mayor of Ceske Budojevice.

A church letter suspending him said other priests had been at least temporarily removed from clerical posts, but they were not mentioned by name.

The office of Archbishop Josef Beran, which posted the suspension letter last night, would not say how many priests had been suspended.

Priests Given Warning

Members of the Catholic clergy were warned after a meeting of bishops at Olomouc May 3 they could not campaign in the single-ticket election or hold office in so-called action committees. Some of them did.

At least twelve priests were cited in *Rude Pravo*, the official Communist paper, during the election campaign as favoring the Communist single-ticket proposal.

The Archbishop's letter indicated Church resistance to Communist party policy was getting harder.

While saying it recognized party demands for complete discipline, the letter pointed out the Church must ask obedience from its members.

Church Position Outlined

The Archbishop, who sang a *Te Deum* mass for President Klement Gottwald on his induction into office, outlined the Church position toward the Government as follows:

"In the moment when this Government has a new chief I feel in my conscience I must say clearly these principles:

"1. The Church is not an institution which has to agree politically or organize political resistance.

"2. The Church cannot bar anybody when he wants to ask God's help for his actions.

"3. In all sincerity, I confirm that by that way the Church does not accept world opinion of the directions and movements which are

against its views.

"4. When the Church shows good will and prepares to go along with others for the common attempt to solve current problems, she can never betray her mission which compels her to differentiate between what belongs to Christ and what does not.

"5. In the name of this problem it must rebuke the bad, no matter who it is.

"6. I urge the faithful to stand firmly behind the Holy Father, behind his Archbishop and his priests. . . ."

Priests Suspended For Political Activity

Prague, June 19 (AP)—The Rev. Joseph Plojhar, Minister of Health under the Communist Government, was suspended today from his priest's functions.

A number of other priests also were suspended for political activities. The office of Archbishop Josef Beran, which posted the pastoral letter naming Father Plojhar, declined to say how many more priests were affected. They had been warned early in May that they could not campaign in the single-ticket election or even hold office in action committees. A number did. *Rude Pravo*, Communist paper, cited twelve priests during the campaign as favoring the Communist ticket.

Decision On Wednesday On Prague Paper's Fate

Prague, June 19 (AP)—Premier Antonin Zapotocky told workers from the newspaper *Pravo Lidu* today that no decision would be made until Wednesday whether to close the newspaper when the Social Democratic party merges with the Communists.

The Prague radio had announced that the Social Democratic newspaper would disappear June 30. Workers met yesterday, and some urged that the paper might as well close down immediately if it was to disappear at the end of June. *Pravo Lidu* appeared as usual this morning, and workers were at their posts for Sunday editions. The paper is 50 years old.

Czechs Seize 24 For 'Foreign Plot'

PRAGUE, June 19 (AP). — The Government radio said tonight that 24 persons of German origin or nationality were arrested at Brunn, Moravia, today in a newly discovered plot against the Czechoslovak state.

The radio quoted district security police as saying the group was in contact with "a foreign power" and that it had collected arms and sent out information threatening the security of the state.

President Klement Gottwald meanwhile announced a political amnesty, pardoning all Czech fugitives who return within three months and reducing the sentences of common criminals.

Austrian Protests Arrest Of Marek

Vienna, June 19 (AP)—Increasing kidnapings and disappearances of persons in this country are part of a plan to "break the neck of free Austria," the Austrian Secretary of State asserted today.

Ferdinand Graf spoke before a closed meeting of his People's party on the Russian arrest of Anton Marek, Austrian chief investigator of kidnapings. Marek was reported missing yesterday.

The Russians formally notified Chancellor Leopold Figl that they had arrested Marek. A Tass dispatch said Marek had been arrested because he was using his office for organizing an espionage service against the Soviet Union.

Graf told party members the Government must ask the Allied Control Council to "take steps to eliminate the growing insecurity in the country." Graf demanded that Austrians arrested by occupying powers be given public trial.

Italian Power Boosted

Rome, June 19 (AP)—New equipment and extensive repairs to the war-shattered power plants will soon bring Italy's electricity production near its highest prewar peak. The National Association of Electricity Distributing Industries reported that in the first quarter of 1948 production of electric power reached 4,405,000,000 kilowatt hours. In last year's corresponding period production was 3,536,000,000 kilowatt hours.

Church In Italy Seen Battling Communism For Working Man

Vatican City, June 19 (AP)—A leader of Catholic Action in Italy said today the church is waging a great war to win, hold and increase the support of the working man. The enemy is Communism, he said.

Both use the same weapon: Advocating social reforms.

Pope Pius XII earlier this month called for "just and necessary reforms" arising from "the ruin and revolution of the world and its aftermath."

A year ago Count Giuseppe Della Torre, editor of the Vatican's *L'Osservatore Romano*, wrote a series of four editorials in which he declared that the ideas of Communism must be fought with ideas.

War Becomes "Positive"

Today Vittorino Veronese, the Pope's appointee as president of the militant Catholic Action, said that with Communism's defeat in the Italian elections this year, the war of ideas has become "positive."

Since the April elections both the Communist chief, Palmiro Togliatti, and Pietro Nenni, pro-Communist Socialist leader, have charged that Catholic Action was primarily responsible for the defeat of the left's popular front.

Veronese, leader of the 4,000,000 Italian members of Catholic Action said that up to the elections "the war was negative — to preserve Catholic liberty for action."

"Energies Of Strongest"

"The election was a battle won, and it opened the way for social reform. But the war still is to be won," he asserted.

"For that, the energies of the strongest are needed—the working man."

A keynote for this fight, now bitter in the ranks of the Communist-ruled Italian General Confederation of Labor, is expected to be set June 29 by Pope Pius when he addresses A.C.L.I., the Italian Laborers of Catholic Action. Many of them are members of the confederation.

Throughout Italy, cardinals and bishops are propagandizing for social reforms.

Il Quotidano, official organ of Catholic Action, has been hammering on the theme almost daily.

Pope Receives De Valera

Vatican City, June 19 (AP)—Eamon de Valera, former Prime Minister of Eire, was received today by Pope Pius XII.

Big Greek Drive Due

Athens, June 19 (AP)—The Greek Army reported heavy fighting on the Albanian frontier today as Government troops moved into position for a major offensive against the Mount Grammos guerrilla stronghold in north central Greece.

With the biggest offensive against the Communist-led guerrillas under way, a communiqué said 62 guerrillas were killed in severe fighting around Nestorion and Kastanohorion, just south of the Albanian border.

Drive Nears Climax

National forces lost nine killed and 27 wounded, it said.

The communiqué said the National Army smashed guerrilla efforts to cut the Ioannina-Konitsa communication line. Press dispatches from Ioannina said guerrillas abandoned the village of Asproangeli, east of the Ioannina-Konitsa highway, after a fierce battle in which infantry and artillery units were supported by aircraft.

Preparations neared a climax for a push against 7,000-foot Mount Grammos, reputedly the stronghold of Guerrilla Chief Markos Vafiades. News reports said Government planes made 60 bombardments on guerrilla positions there. Air officers reported the planes met strong anti-aircraft fire.

Greeks Capture Heights Near Road to Albania

5-Hour Assault Drives Reds From Orlai; Guerrillas in Grammos Area Bombed

ATHENS, June 19 (AP).—Greek troops advancing under a smoke screen today won the Orlai heights southwest of Nestorion, from stubborn guerrillas.

The guerrillas stood off assaults for five hours before crack soldiers of the 15th Division, shouting slogans and singing war songs, stormed the heights, which are east of the Mount Grammos stronghold. Orlai dominates a main rebel "thoroughfare" by which the Communist rebels slip into and out of Albania.

News dispatches said the attacking army units ran into machine-gun emplacements behind rock and log fortifications. The Army, moving deeper into guerrillas territory, met increasing resistance from heavily-fortified positions. Fighter planes were used to batter emplacements on the Orlai heights. News dispatches said that in some areas the guerrillas fought "fanatically," and that many had been killed at their posts.

Other fighting was reported from east of Mount Mitsikeli and in the Zagorian area, east of Ioannina. Reports from Kozane said Greek army planes carried out sixty bombardment missions against guerrilla positions in the Grammos Mountains, where it is believed the rebel General Markos has his headquarters. Air officers said the Grammos rebels threw up a strong anti-aircraft barrage.

A general staff communique said army troops are still fighting an estimated 600 guerrillas near Korona, a half-mile south of the Yugoslav border in central Macedonia.

Convention Voted On Plane Mortgage

I.C.A.O. Pact Defines Legal Rights Involving Aircraft

GENEVA, June 19 (AP).—The International Civil Aviation Organization adopted unanimously today a legal convention which will assure for the first time international recognition of mortgage rights on aircraft.

The I. C. A. O. officials said the twenty-three-article convention will facilitate development of small air lines by providing formal protection for money advanced for purchases of aircraft and other aviation equipment.

It defines property rights and lays down the legal position of leases and mortgages involving aircraft situated in countries other than that of their origin.

The convention originally was recommended by the Chicago Air Conference of 1944 and was drafted by a legal commission of the current second annual I. C. A. O. Assembly here. It will come into force after ratification by any two states and will be legally binding on these and any other ratifying states.

The convention is to be signed tomorrow by the United States and Great Britain, as well as by other member states.

LONGER TRUCE MAY BE ASKED

Extension Depends On Palestine Mediation Progress

Rhodes, June 19 (AP)—The possibility arose today that Count Folke Bernadotte may ask that the four-week truce in Palestine be extended. Such a request would have to come through the United Nations Security Council.

The question of an extension will come up ,it is believed, if the United Nations mediator fails before the end of the truce to find a chink in the determined stands of both Arabs and Jews through which the basis of an understanding might be driven.

"Certainly these people should not be allowed to go on killing each other," said one of Bernadotte's aides today.

Bernadotte Moving Cautiously

The Swedish count arrived at his headquarters here yesterday to begin a task at which 20 other missions have failed since the first World War. His staff says he is moving cautiously, step by step, with permanent peace as the goal.

The first step, the temporary four-week truce, he considers successful so far.

[United Nations observers at Haifa reported out Arab woman nd one child wounded yesterday in a four-hour skirmish near Nazareth which resulted from Arab attempts to harvest in No-Man's Land. Jews consider the harvesting a violation of truce regulations.

[British troops were reported blowing up usable military equipment at Haifa, preparatory to complete departure from Palestine within ten days. Some observers expected the British would put port installations under United Nations supervision. Otherwise clashes were expected between Jews and Arabs who might attempt to seize the port area when the British leave].

Looking To Final Settlement

There still is almost three weeks of the truce remaining. In that time the Count hopes to prepare, with the aid of Jewish and Arab experts, a study of the situation and proposals for a final settlement.

TheJews maintain they will keep their state of Israel. The Arabs say they will not agree to this.

"With both sides taking an adamant stant, our problem is to find some point around which negotiations might be pitched," said a Bernadotte staff member.

In tackling the problem, the Count has a freer hand than had most of the missions which attempted a solution. Arabs have quoted him as saying he was not bound by previous partition solutions.

His staff believes that if he hits upon a solution which brings the two contending parties together it would be accepted by the United Nations.

The political leaders of both sides are not expected to be asked to come here and make decisions until the Count has definite proposals to make.

[A dispatch from Jerusalem said the food supply situation of that city's nearly 100,000 Jews was expected to be taken care of with the arrival of a 100-truck convoy each day from Sunday on. The convoys move through United Nations check points.]

Jews And Arabs Send Experts To Rhodes

Rooney, Kaye Banned

Cairo, June 19 (AP)—The chief censor of the Egyptian Interior Ministry banned Mickey Rooney and Danny Kaye movies today on the ground that the stars contribute money to Zionism.

Cairo, June 19 (AP)—Arab and Israeli delegations are expected to reach Rhodes Monday to confer with Count Folke Bernadotte, United Nations mediator for Palestine.

Bernadotte got back to that Greek Mediterranean island yesterday from a flying trip to Cairo and Tel Aviv, on which he invited them to Rhodes for peace talks.

Both sides agreed to send expert consultants, but the Swedish Count said he did not know yet whether these would get together in roundtable conferences.

Concrete Proposal Planned

He said also it was too early to tell whether high Arab and Jewish officials would come to Rhodes later. In any event, he expected to take at least a week in framing a concrete proposal.

Bernadotte is seekinlg to build a lasting settlement of the Holy Land question on the base of a four-week truce now in its ninth day. He said some minor incidents might mar the truce in the next few weeks.

An American-French United Nations truce team today reported a violation outside Arab-held Nazareth.- Commander H. D. Huxley, USN, said Arabs in the city and Jews around it exchanged rifle fire for four hours yesterday.

Disagreement Over Harvest

The firing broke out when Arab civilians tried to harvest grain in the no man's land. The Jews objected that this violated the truce. One Arab woman and one child were wounded slightly, Huxley reported.

Huxley's team arrived last night to investigate the skirmish and scheduled a peacemaking conference with Arabs and Jews today.

The stated positions of the rival peoples still are far apart. The Jews want to keep the state they proclaimed May 15 in part of Palestine. The neighboring Arab nations demand an all-Palestine government with Arabs dominant.

Convoy Reaches Jerusalem

Jerusalem Jews yesterday received their first big food convoy in five weeks. The twenty trucks, most of them carrying wheat, came from Tel Aviv over a battle-damaged road a Jewish crew had repaved only the night before at Latrun, 15 miles to the west of Jerusalem.

The Jews occupy most of modern Jerusalem, the Arabs the old walled city, under the standstill truce agreement. The convoy was the first to be checked through by United Nations truce observers to the Jewish side.

A Jewish Agency spokesman said the Arabs had been moving men and war materials into the Old City in violation of the truce. He said the United Nation's consular truce commission had promised to set up checks soon on Arab traffic.

Hospital Damage Heavy

JERUSALEM, June 19 (AP)—Some Hadassah Hospital and Hebrew University buildings on Mount Scopus were considerably damaged during the shelling of Jerusalem, Dr. Werne Senator, the university's administrator, said today.

Dr. Senator visited the area with Dr. Eli Davies, acting director of Hadassah Hospital, and three United Nations truce observers.

The buildings badly shelled include the Institute of Chemistry, the Archaeological Museum, the Rosenblum Building, the Ratnoff Building of Chemical Research and some of the hospital's main buildings. Although a number of hits were scored on the Hebrew National and University Library, virtually none of its 500,000 volumes seem to be damaged.

Last Tommies Leaving Palestine In 10 Days

Haifa, June 19 (AP)—Informed sources said today that British troops still in Palestine will sail from Haifa within ten days.

Evacuation of the troops is being speeded up well ahead of the August 1 deadline announced some months ago. British officers said the actual date of the final withdrawal is being kept a close secret for fear that extremist elements may take a "farewell crack" at the Tommies when their strength is cut down.

New barbed-wire barricades and sandbagged machine-gun posts have been thrown up around British-controlled areas.

United Nations truce observers say they expect the British to place port facilities here under United Nations supervision, since they could be construed as military installations.

3 Destroyers Assigned To Palestine Patrol

Lake Success, N.Y., June 19 (AP)—The United Nations was formally notified tonight that three United States destroyers were being assigned to a United Nations Palestine patrol.

An announcement said the United States naval commander in the Mediterranean had been instructed to turn the three vessels over to Count Folke Bernadotte, United Nations Palestine mediator, Secretary-General Trygve Lie also disclosed that France had agreed to provide one of the two vessels requested of that country by Bernadotte. The French are providing a vessel of the corvette class.

Belgium was asked to furnish one vessel, but has informed the United Nations it is not able at present to meet the request. This means Bernadotte, for the present, will have a four-vessel patrol force instead of the six vessels he originally contemplated.

In lending the destroyers to the United Nations, the United States made these stipulations:

1. The vessels must be used only to transport persons and materials in connection with the truce or for observation and reporting duties.

2. The vessels are not authorized to use force or to stop or board other ships.

American Member Named To Palestine Commission

By The Associated Press.

WASHINGTON, June 19—John J. MacDonald was nominated by President Truman today to be American representative on the Truce Commission for Palestine.

A Missourian and career diplomat, Mr. MacDonald will take the duties of Thomas C. Wasson, who was killed recently in the fighting in Jerusalem.

Mr. MacDonald, 40 years old, has served in several diplomatic posts abroad. His last foreign assignment, in 1947, was as Consul General in Bombay. Before that he had been consul in Calcutta, vice consul in Batavia and second secretary of the United States Embassy in Chungking.

Unrest In Malaya Perils Tin Field

Singapore, June 19 (AP)—Malaya's current unrest showed signs today of spreading to the country's important tin industry. Perak state workers handed new wage demands to Chinese tin mine owners.

Mine employers at Ipoh, center of the tin industry and also of recent rubber-estate shootings, said the demands were stiff. They termed it a "strange coincidence" they came at the same time as violence on the estates.

Arrest Made In Murder

Elsewhere in Perak, at Sungei Siput, police arrested a 24-year-old Chinese laborer in connection with the murder Wednesday of A. E. Walker, one of three Europeans killed that day. He worked on the estate Walker managed.

The country's leading organization of planters—the United Planting Association of Malaya—took issue with the defense in the British Parliament of Sir Edward Gent, British high commissioner to the Malayan Federation, by the Earl of Listowel, Minister of State for Colonial Affairs. It cabled Listowel to protest his statement Gent had acted with "great firmness and intelligent anticipation" in the face of the terrorism.

Gent's Delay Criticized

Gent declared a state of emergency in effect over all Malaya last night. Many planters have criticized him on the ground he did not do so soon enough.

Qualified private advices from Kuala Lumpur said today a Chinese guerrilla army which fought the Japanese in the war is believed to have gone underground in Johore state to help terrorists, allegedly Communist inspired.

Malayan Mine Violence Feared

Singapore, June 19 (AP)—There were indications tonight that Malaya's seven-week wave of terrorism, allegedly Communist-inspired, may be spreading to the country's important tin industry.

Mine employers at Ipoh, tin-industry center, said workmen had made stiff new wage demands. They said it was a "strange coincidence" they came during current violence.

In the last seven weeks, 24 persons, including five British, have been slain. A state of emergency was declared throughout the nine Malay Federation states yesterday.

Qualified sources at Kualalampur said the Chinese guerrilla army which fought the Japanese has gone underground in Johore State to aid in the terrorism.

United Kingdom Gets Industrial Reparations

Tokyo, June 19 (AP)—The United Kingdom now has received all industrial reparations due under an advance transfer agreement, Brig. Gen. W. K. Harrison, Jr., reparations chief, said today.

The last shipment left Yokosuka June 6 on the British steamer Eastern Saga. The reparations goods are for Hong Kong, North Borneo, Rangoon and Malaya. The United Kingdom received 1,700 items, mainly machine tools and metal working equipment from arsenals.

China Reds Battle In Kaifeng Streets

Nanking, June 19 (AP)—Badly outnumbered defenders of Kaifeng were reported battling Chinese Communists in the streets of the Honan provincial capital today.

Gen. Teng Wen-Yi, Government military spokesman, declared, however, the Communists aimed to bypass the city to reinforce other insurgent forces farther north.

The newspaper *Hsin Min Pao* described fighting in the town—from business buildings, the post office and flour mill and around three of the city's gates. There was no mention of the big arsenal.

Shelling Starts Fires

Earlier, Military News Agency reports said heavy shelling by Red artillery started several fires within Kaifeng. Outside the city, these accounts added, Government warplanes pounded at Gen. Chen Yi's attacking force.

By pro-Government estimate, 1,000 garrison troops were besieged by nearly 40,000 Communists—or twice the number previously mentioned. Government reinforcements marching to the relief of Kaifeng were blocked by Chen Yi's men at Chungmou, 22 miles west. Another relief column had reached Chuhsiencheng, 15 miles south.

General Teng told newsmen Chen Yi's attack on Kaifeng actually was diversionary. His real objective, the spokesman said, was to resupply Gen. Liu Po-cheng's Red units "stranded in the Yellow River flood area" to the north.

Communists Reported Breaking Into Kaifeng

NANKING, June 19 (AP).—The independent newspaper "Hsin Min Pao" said today that Communist troops had broken into Kaifeng, capital of Honan province, and were fighting the outnumbered garrison in the streets.

General Teng Wen-yi, government military spokesman, insisted at a press conference that the Communist assault on Kaifeng was only diversionary. He predicted that the attackers would by-pass the city to aid other Communist troops, which he said were "stranded" in the Yellow River flood area to the north.

The government garrison was said to consist of only one regiment of about 1,000 men opposing nearly 40,000 Communists.

Other government reports said that Nationalist planes were attacking the Communists outside the city, but conceded that Communist artillery had set several fires inside the walls.

Chinese Fleeing To Avoid Draft

Shanghai, June 19 (AP)—China is having draft-dodger trouble.

The Young China party organ, *Chung Hwa Shih Pao*, reported today many able-bodied men eligible for military service were fleeing to Hong Kong to escape conscription.

The newspaper said military authorities were checking all outbound ships and planes to halt the exodus of men reluctant to get in the civil war.

Black Mart Bargain: 3 Million Yuan For $1

Shanghai, June 19 (AP)—One American dollar got you 3,000,000 yuan in the Tientsin black market today.

Chinese currency dropped to an all-time low in value. The official exchange rate is 474,000 to $1, but the Shanghai black market quoted 2,300,000 to $1.

Commodity prices rose 50 per cent on the average. Some luxury goods went even higher. Gasoline cost 610,000 yuan per gallon.

Two thousand customs employés staged a sitdown strike in Shanghai. Demanding higher pay they tied up customs clearance of goods in and out of the city.

Started Republic

Jogjakarta, Republican Java (AP). President Soekarno and Vice President Mohammed Hatta of the Republic of Indonesia could not believe in August, 1945, that the mighty Japanese empire had surrendered to the Allies and had to be kidnapped by a group of youthful revolutionaries before they would consent to proclamation of the republic, according to a booklet published here. The author of this account of the birth of the republic is Adammalik, director of the Republican news service, Antara.

U.S. Sub Goes Back To Scene Of Triumphs

Freemantle, Australia, June 19 (AP)—The American submarine Bugara has come back to the scene of wartime triumphs.

Three years ago the 1,800-ton submarine put in here after sinking 57 Japanese sampans off China and Siam. Yesterday the Bugara again slipped into harbor after sinking scores of mythical enemy ships in tactical war exercises.

Anti-Jap Boycott On in Philippines

Chinese Chamber of Commerce Votes Rigid Ban—Controls More Than Half of Retail Outlets.

Manila, June 19 (A. P.).—A rigid boycott of Japanese goods throughout the Philippines was voted today by Chinese representing more than 50 per cent of the retail and 40 per cent of the wholesale trade in the islands. The Philippines Chamber of Commerce is expected to take similar steps.

More than 5,000 Chinese-owned stores in Manila alone will take part in the boycott, voted by the members of twenty-four Chinese business associations, headed by the Chinese Chamber of Commerce.

A spokesman for the chamber said: "We fear that if cheap Japanese goods come in, it will kill Philippines industry. It will undersell American imported goods which Chinese stores handle. Besides, the bodies of our war martyrs are still intact in their graves. There has not been time for them to turn to dust or for our grief to melt."

The Fookien Times, influential Chinese-language newspaper, said that the Chinese people of the Philippines wish to strengthen friendship between China and the United States, but believe that Japan should not be helped by the Americans "in a rush to become a power again."

5,000 Shops Involved

More than 5,000 Chinese-owned stores in Manila alone will take part in the boycott.

Members of 24 Chinese business associations, headed by the Chinese Chamber of Commerce, agreed to refrain voluntarily from buying or selling anything made in occupied Japan.

The associations include traders in textiles, hardware, canned goods, flour, glassware, dried fish, drugs, shoes, tobacco, jewelry, pencils, pens, cameras, toys and variety-store articles.

"Dead Still In Graves"

A spokesman for the Chinese chamber said:

"We fear that if cheap Japanese goods come in, it will kill Philippine industry. It will undersell imported American goods which Chinese stores handle.

"Besides, the bodies of our war martyrs are still intact in their graves. There hasn't been time for them to decompose or for our grief to melt."

The influential Chinese-language *Fookien Times* took this stand—Overseas Chinese in the Philippines want to strengthen friendship between China and the United States, but believe Japan should not be helped "in a rush to become a power again" by Americans.

Jap Goods Scorned In Philippines

Manila, June 19 (AP)—A rigid boycott of Japanese goods throughout the Philippines was voted today by Chinese representing more than 50 per cent of retail trade and 40 per cent of wholesale business in the islands.

The Philippines Chamber of Commerce is expected to take similar steps. Its leaders already have spoken against resuming trade relations with Japan.

200 Communists Seized In Buenos Aires Raid

Buenos Aires, June 19 (AP)—Police arrested 200 Communists in an early-morning raid today on their headquarters in suburban Avellaneda but released nearly all. Only those with police records were held for further questioning.

Police said the arrests were made because the party was meeting without special permission. The party is legal in Argentina. The Communists said they were organizing a financial campaign.

Argentine Police Jail 200 Reds

Buenos Aires, June 19 (AP)—Federal police detained 200 Communists today on a charge of holding a public political meeting without a permit.

The arrests were made in near-by Avellaneda.

A Communist party statement called the arrests unconstitutional. Radical Party Deputy Oscar Lopez Serrot, a member of the Government opposition in Congress, asked the police to free the group. Communists said the meeting was part of a fund-raising campaign.

Costa Rica Suspends Guarantees Of Rights

San Jose, Costa Rica, June 19 (AP)—The government junta headed by President Jose Figueres issued a decree today suspending constitutional guarantees for 30 days.

A statement said the step was made necessary by the economic and political situation. Figueres, leader of the April revolt, became president when Santos Leon Herrera quit May 8.

Chile President Scents Plot By Communists

Santiago, Chile, June 19 (AP)—President Gonzalez Videla charged today that the Communist party and some other "political sectors are engaged in a frankly subversive plan."

He did not say what kind of plan. Military authorities were ordered to "adopt all necessary measures to repress any act of a seditious character with the greatest severity and energy.

Several party leaders have opposed the Government's bill to outlaw the Communist party. The Senate is expected to approve it Tuesday.

3 Seized As Plotters In Presidential Guard

Panama, Panama, June 19 (AP)—A court action has disclosed the arrest of three policemen in the presidential guard on charges of taking part in a plot to overthrow the administration.

A district attorney's report said the charges were filed Monday against Everardo Broce, Jose Samaniego and Jose Delacruz, members of the guard, and Humberto Chavarria, former captain of the guard.

The report was made public yesterday in a Supreme Court opinion freeing Chavarria on a writ of habeas corpus.

Canada Has Goods for E. R. P.

OTTAWA, June 19 (AP).—Canada will have an estimated $1,600,000,000 worth of exports available for countries participating in the European Recovery Program in the year ending June 30, 1949 Trade Minister C. D. Howe said today.

WOULD CALL UP MEN IN 90 DAYS FOR 21 MONTHS

JUN 19 48

19 Through 25-Year Age Group Eligible for Military Service.

17-HOUR FILIBUSTER ENDS

Brewster Brings Up Question of Propriety of Telegram Read by Taylor.

Washington, June 19 (AP)—The Senate passed a compromise draft bill by voice vote today after breaking an all-night filibuster.

As it now stands—subject to House approval—the measure would start drafting men aged 19 through 25 for 21 months' service, starting 90 days after final enactment.

Approval by voice vote came after the Senate first broke the filibuster of Senators Taylor (D., Idaho) and Langer (R., N.D.) and then got into a heated squabble over whether or not the bill actually had been passed. Senator Ives (R., N.Y.), presiding, first ruled the draft compromise had passed. Then after a storm of protests he reversed this ruling and said it had not.

Taylor, who had been ruled out of order for breaking Senate rules, managed to regain the floor during the uproar.

Weary senators thought he was beginning another stretch of filibustering.

But Taylor talked only a few minutes and then gave up.

Senators shouted approval of the compromise and rushed it over to the House.

Shouting Senators

End of the filibuster and passage of the bill came after one of the stormiest scenes on the Senate floor in many years.

At times several senators were shouting at once, with Ives banging his gavel vainly.

First there was argument about whether Ives had broken Senate rules by declaring the bill passed while Senators Taylor and Pepper (D., Fla)., were trying to speak.

Ives finally decided he was wrong about passage.

Then there was another caustic flurry whether Taylor, barred for breaking Senate rules, could begin talking again.

Ives ruled that Taylor had this right.

Directed To Seat

The roaring argument about whether the draft bill had passed or not came only a few minutes after Taylor was directed to take his seat and quit talking for violation of Senate rules.

Chairman Gurney (R., S.D.) of the Senate Armed Services Committee pulled a compromise draft bill from his pocket and asked Senate approval.

Before doing so, however, Gurney obtained official appointment of these senators to settle differences with a House committee: Saltonstall (R., Mass.), Morse, Tydings (D., Md.) and Russell (D., Ga.).

He listed several of the Senate-House conference decisions reached during the filibuster and suddenly asked for a vote.

Senator Ives called for a voice vote and there was a chorus of "ayes."

17-Hour Filibuster

The Taylor-Langer filibuster stretched 17 hours and 2 minutes.

Taylor was tired and speaking very slowly when he lost the floor. His dark whiskers had cropped out and he scowled deeply and remained standing, leaning over his desk for several minutes.

The Idaho "Singing Cowboy" Senator, who is Henry A. Wallace's new party candidate for Vice President, had read about 25 telegrams before he came to one which Senator Brewster (R., Maine) objected to as casting an aspersion on senators.

Most of the telegrams were along the line of "keep up the good work," "we support your courageous fight," "we are with you in your filibuster," etc.

"Unworthy" Of Senator

Brewster broke in as Taylor was in the midst of one telegram. The official transcript gave this account (Taylor reading):

"'Citizens of this nation can congratulate themselves, on having one honest senator who respects his duty to represent the desires and interests of the people instead of the special interests of enemies of peace stop God give you—'

"Mr. Brewster: 'Mr. President, I ask that the Senator take his seat because of language unworthy of the conduct of a senator.'"

Ives, who was presiding, upheld Brewster and directed Taylor to be seated.

Brewster Objects

Taylor attempted to raise a point of order, but Brewster objected that he could not do so and Ives again ruled that Taylor must sit down. Taylor did so.

Senators Pepper and Morse (R., Ore.) were on their feet shouting as Ives made his first ruling that the draft had passed by voice vote. This ruling followed a chorus of "ayes" on a motion to adopt the Senate-House conference report.

Morse angrily raised a point of order, and shaking his finger, declared that the chair had ignored him and Pepper while they were demanding the right to be heard.

"Fundamental Rights"

"After all," said Morse, "we are dealing with pretty fundamental rights. I wish to protest the passage of this bill. This business was passed as two members were on the floor shouting for the floor. You cannot deny a senator the right of the floor."

Ives explained that he had not seen Morse and Pepper in all the confusion.

Senator Donnell (R., Mo.) arose to cry: "I am heartily in favor of the position taken by the Senator from Oregon (Morse). The Senator from Oregon and the Senator from Florida (Pepper) were demanding recognition before the chair made its ruling. I make a point of order that the vote was invalidly announced by the President."

Donnell shouted that the passage ruling by Ives was void and invalid.

After much shouting and numerous parliamentary points and questions, Senator Taft (R., Ohio) finally got the floor to ask unanimous consent that the passage ruling be reconsidered.

Agrees With Donnell

But Donnell shouted that there was nothing to reconsider because the passage order was void.

Ives whispered at length with the Senate parliamentarian, and finally agreed with Donnell that passage was void.

The weary senators began their around-the-clock session at 11 A.M. yesterday.

Taylor started at 4.37 P.M. He kept it up for 8 hours and 33 minutes, then yielded to the North Dakotan, who kept the ball rolling.

It was Langer's second and last appearance under the two-speech rule on the pending motion, he having spoken briefly at the start of the debate.

Then shortly after dawn, Taylor reappeared.

There was a short break in the talkathon while Senator Knowland (R., Cal.) took the floor to blast the two Western lawmakers.

"I hope that history will not record at some time in the future," he said angrily, "that this was a mission for Moscow."

Knowland then added:

"But I do not believe that morally a few senators have the right to deny to 94 other senators, representing 140,000,000 people, the opportunity to vote on a measure which is essential to the national security."

Quorum Call Asked

When Knowland had finished, Taylor, the third party's vice presidential candidate, asked for a quorum call. Sleepy senators came in from Senate anterooms, where they had been snatching catnaps while awaiting the filibuster's end.

After the quorum call, Senator Williams (R., Del.) the presiding officer at the time, tried to put to a vote the motion to name the draft conferees and send the bill to conference.

Taylor demanded recognition.

"Mr. President, Mr. President," Taylor shouted.

Taylor Recognized

Williams finally recognized Taylor—and he started all over again.

A moment later Taylor was reading from newspapers, making offhand comments—just as he had done for hours earlier.

It was the second roll call of the marathon talking session. The first occurred between Taylor's stint and Langer's.

Most of Taylor's original speech—which ranged over a score or more of topics—was made to jammed Senate galleries, but to only a handful of senators.

Cloakroom Catnaps

Most of the lawmakers retired to the cloakrooms for catnaps on cots hurriedly hauled out of Capitol storerooms.

Taylor's quorum call brought out 68 senators, many of them yawning and stretching.

After the roll call, Senators Gurney and Wherry, the acting Republican leader, pleaded with Langer to forego his speech until the conferees had been named.

But Langer was adamant. "I regret that I cannot," he declared.

In his second appearance, Taylor took a fast verbal poke at Knowland's "mission for Moscow" reference.

"If you want the American people to remain free, then you are a stooge of Moscow," the Idahoan said sarcastically. He said he resented the remark and then lashed out at fascism.

"Neither Senator Langer nor myself want either fascism or communism," he asserted. "We want the American way of life free from military domination."

Senator Wiley (R., Wis.) tried to form a singing trio with Senators Thye (R., Minn.) and Baldwin (R., Conn.), but gave up after a few discordant notes.

his part and he had my strongest support in what he was trying to do," she said.

She described her motive in sending the telegram as "perfectly simple."

"I want peace. And peace is possible if we work for it."

The telegram, which she said she composed and sent yesterday, said that American citizens "can congratulate themselves on having one honest senator. . . ."

Taylor, reading it, got only a little past the first sentence when he was stopped by Senator Brewster (R., Maine), who charged that the message cast aspersions on the Senate as a whole. Taylor was ruled out of order and lost the floor—and the filibuster.

Woman Regrets Telegram That Halted Taylor

New York, June 19 (AP)—A 30-year-old Manhattan housewife expressed "deepest regret" today when told that it was her telegram that broke the filibuster by Senator Taylor (D., Idaho).

"I'm very, very sorry," Mrs. Frances Swadesh exclaimed. "I certainly didn't intend for it to have that effect."

Mrs. Swadesh, the wife of a teacher and World War II veteran, said she had been following Taylor's battle against the draft bill closely.

"It was a courageous action on

Text Of Wire That Stopped Taylor's Talk

Washington, June 19 (AP)—Here is the telegram that broke the Senate filibuster against the draft bill:

"Citizens of this nation can congratulate themselves on having one honest senator who respects his duty to represent the desires and interests of the people instead of the special interests of enemies of peace. God give you strength in your fight against defrauders of the people who gain their seats by pretending to believe in democracy but never heed their constituents. We want peace, not American-sponsored expeditions to support corrupt states such as monarchist regime murdering American newspaper correspondents to prevent truthful reports."

It was signed by Frances Swadesh, New York City.

Senator Taylor (D., Idaho) got only a little past the first sentence when he was stopped and ruled out of order.

FILIBUSTER KILLED BY WORD OF PRAISE

Taylor's Reading of Telegram to the 'One Honest Senator' (Taylor) Broke Rules

WASHINGTON, June 19 (AP)—Here is the official Senate report of events that broke the filibuster by Senator Glen H. Taylor, Democrat of Idaho, against the draft bill:

Mr. Taylor (reading from a telegram signed Frances Swadesh, New York): Citizens of this nation can congratulate themselves on having one honest Senator who respects his duty to represent the desires and interests of the people instead of the special interests of enemies of peace stop God give you. * * *

Mr. Brewster (Republican, of Maine): Mr. President, I ask that the Senator take his seat because of language unworthy of the conduct of a Senator.

The Presiding President (Senator Irving M. Ives, Republican, of New York): The Senator from Idaho will take his seat under the rule. The chair will read the rule. Rule 19, Paragraph Four reads as follows:

"If any Senator, in speaking or otherwise, transgresses the rules of the Senate, the presiding president shall, or any Senator may, call him to order; and when a Senator shall be called to order he shall sit down and not proceed without leave of the Senate, which, if granted shall be upon motion that he be allowed to proceed in order, which motion shall be determined without debate."

Paragraph three, immediately follows, reads as follows:

"No Senator in debate shall refer offensively to any state of the union."

Paragraph two reads as follows:

"No Senator in debate shall, directly or indirectly, by any form of words impute to another Senator or to other Senators any conduct or motive unworthy or unbecoming a Senator."

Mr. Brewster: Mr. President, I ask that the Senate now proceed with the business before it.

The Presiding President: The business before the Senate is a motion of the Senator from South Dakota (Senator Chan Gurney).

Mr. Brewster: I move conferees be appointed.

The Presiding President: The motion of the Senator from South Dakota will first have to be put.

Mr. Taylor: Mr. President, a point of order.

Mr. Brewster: Mr. President, the Senator cannot raise a point of order.

The Presiding President: The Senator is out of order. He will have to sit down.

Taylor sat down.

Main Sections Of Draft Bill Are Listed

Washington, June 19 (AP)—Here are major provisions of the compromise draft bill passed by the Senate today and expected to be approved by the House.

1. Men from 19 through 25 years can be drafted for 21 months' service with the Army, Navy, Marines or Air Force. The Senate previously had voted a two-year term, and the House one year.

2. Up to 161,000 18-year-olds may volunteer for one year of service with the regular forces. This was a Senate provision developed as a substitute for a separate universal military training program.

3. The draft law becomes effective immediately when signed by the President, but no one can be inducted for 90 days. This is a compromise on a House provision that would have delayed any induction until February 1, 1949.

Medical Exemption

4. A Senate proposal for special drafting of doctors, dentists and other members of the medical profession as such was dropped. This was in line with the House bill. However, doctors and dentists under 26 are subject to induction the same as other registrants. Also subject to call, aside from the draft bill, are those doctors and dentists who completed education or received their training under wartime programs.

5. Overall manpower strength of the armed forces is raised to 2,005,882 divided as follows: Army 837,000, Navy and Marines 666,882, Air Forces 502,000. These were the totals voted by the House. The approximate strength of the armed services as of June 1 was: Army, 548,000; Air Force, 382,000; Navy, 389,000; Marines, 80,000.

6. A Senate proposal to enlist 25,000 aliens in the Army was dropped. They could have become citizens after five years' service. The House had no such provision.

Most Vets Out

7. Registration would be limited to men 18 through 25 years and could begin as soon as the bill becomes law. The House had proposed a registration from 18 through 30 years.

8. Most veterans of World War II would be exempt. This includes those with more than one year of active service or 90 days service between Pearl Harbor, December 7, 1941, and V-J day on September 2, 1945. This combines Senate and House provisions.

9. The bill provides for expansion of civilian components, including reserves and the National Guard, with draft deferments for those who are members of active reserve units.

10. A special exemption is allowed to the only surviving son of families who lost sons in the last war.

Rule On Objectors

11. Conscientious objectors could be placed on noncombat duty or, if they objected to this, be deferred if the objection was found valid. This followed the House provisions.

12. All draftees, 18-year-old volunteers and other volunteers must go into reserve pools after completing active duty. The time for reserve liability can be reduced by serving in active reserve units such as the National Guard.

13. The President may defer "necessary men" in industry, agriculture, science and other fields. Married men and those with dependents also would be deferred.

Leeway Given Students

14. High school students would be deferred from draft until they graduate or reach 20 as long as they do satisfactory class work. College students could complete the school year before answering a draft call.

15. The President could seize plants and factories that failed to fill armed service orders at a fair price. This is similar to a wartime provision except purchasing officials are directed to give "small business" a share of Government contracts.

16. The army and air force court martial system would be revised as a result of numerous complaints about military justice during the last war. The House originally passed this as a separte bill.

Civilian Jobs To Be Saved

17. Drafted men would have the same right to reclaim civilian jobs that existed under the wartime draft. Wartime absentee voting rights also would be extended to those in the armed services.

18. Men in the draft age group of 19 through 25 years also could enlist in the regular army for a period of 21 months. This lowered the period for regular enlistments, which had been not less than two years.

19. A passage grade of 70 in general classification tests used to test volunteers must be accepted. This was in line with a House provision. It resulted from complaints that the armed services had raised this passing grade to 80 points to reject many volunteers.

20. The national Selective Service organization is re-established with a national director at $12,500 a year. It would operate much as it di dduring the war period, chiefly through volunteer local boards.

Main Points in Compromise Draft Bill

Special to THE NEW YORK TIMES.

WASHINGTON, June 19—Following are the salient provisions of the stop-gap selective draft program which Congress approved and sent to the White House tonight:

The act itself would become effective with the signing of it by President Truman, but various vital provisions would not become operative until minimum stated periods later. As an instance, no man would actually be inducted sooner than ninety days after the President affixed his signature.

As to registration, men 18 through 25 years of age would be required to put themselves on record for possible call at a date, or dates, set by Presidential proclamation.

The draft itself: Men 19 through 25 years of age would be subject to call, unless exempted or deferred by the rules laid down. Aliens would be exempted if they asked to be excused from possible service, but they would be debarred from attaining American citizenship in the future.

It is provided that all men drafted be assured adequate housing, hospitalization and sanitary facilities, and that the program, in general, be conducted so as to safeguard their health, welfare and morals.

Service: This would be for a period of twenty-one months. The Senate had proposed two years and the House one year.

For Voluntary Enlistment

Men of draft age would be allowed to enlist voluntarily without waiting for possible call for the twenty-one months of military service, but only in the Army, where the stated need of men is greatest for a building of the armed forces to "security strength." A man enlisted in the recognized reserves could volunteer for twenty-one months of active service, with assurance that he would be accepted.

Aptitude tests for classification for service: The passing requirement would be seventy points, instead of the eighty points now in force with one exception. The Air Force requires a minimum of ninety points.

Universal Military Service: Although Congress turned down, at least for this year, a general UMT program for training 18-year-old youths as future reserves, Congress accepted a plan which, it was construed widely, would take an initial step toward that objective.

Under the bill sent to the White House (President Truman repeatedly has recommended a UMT), up to 161,000 youths 18 years of age could volunteer for training, along with the regular forces, and then pass into the reserves. By volunteering, they would be excused from the twenty-one months' draft when they became 19. During the one-year enlistment period they would not be ordered into a foreign service.

Subject to Later Training

Youths enlisting at 18, upon completion of one year of active service would go largely into unorganized reserve units for six years and be subject to training during one month out of each twelve. If an organized reserve unit were available they could be required to serve for four years with that; the Secretary of Defense could assign them to organized units, if they were available. Should they balk, they could be called back for additional active duty.

Youths and men volunteering or inducted under the program would receive the same pay, allowances, pensions, disability and death compensation as are afforded to regulars in the armed services.

Method of selection: This would be similar to that employed under the Selective Service Act of 1940.

Exemptions and deferments: Outright exemptions would be scheduled as follows:

Members of the regular armed forces, including the Coast Guard, the Geodetic Survey and Public Health Service.

Members of reserves of the foregoing services while they were on active duty.

Foreign diplomats and members of their families.

Those who served in the armed forces of any ally prior to V-J Day.

There also would be these exemptions or deferments:

Married men and those with dependents would be generally deferred, but local draft boards would rule in individual cases. The President could defer "necessary" men in industry, agriculture, science and other fields by special rulings.

Veterans who served at least ninety days between the attack on Pearl Harbor on Dec. 7, 1941, and V-J Day would be exempted from call unless war or a national emergency were declared.

Pre-Pearl Harbor and post-V-J Day veterans who served twelve months would be exempted from peacetime call.

Veterans who served more than ninety days but less than twelve months during the pre-Pearl Harbor and post-V-J Day period would be exempted if they entered organized reserves, provided such units were reasonably accessible without unduly interrupting the normal activities of the veteran involved. Otherwise they could take unorganized reserve training.

No draftee who served his twenty-one months, and no 18-year-old volunteer who served his period out would be called back to active duty unless in case of war or national emergency.

The West Point, Annapolis and specialized training program services would not count as active duty for the exempting of veterans.

Ruling on Guardsmen

Members of the National Guard or organized reserves, on the date of enactment of the program, would be exempted from training while they remained in the reserves, but they would be required to register, unless they

30.24- 18611

were on active duty.

If a Governor of a state should issue a proclamation to the effect that the National Guard of that state could not be maintained at strength through its recruiting efforts, youths who had not attained the age of 18½ years could enlist in the Guard and be deferred from later draft call.

Except for men in the foregoing categories, or veterans, no one who joined reserve units after the effective date of the act would be exempted from registration and possible service.

The ROTC:

Members of the advanced course or senior division, junior or senior year, college ROTC, or juniors and seniors under Holloway plan (training program which provides officers for the Navy), would be deferred until completion of college term but not exempt from registration.

Members of ROTC who after enactment of the act were selected for enrolment or continuance in such training (senior division) agree to serve two years on active duty to be deferred.

Aviation cadets: Qualified applicants would be deferred while awaiting air training.

Regularly ordained ministers, students preparing for ministry (meaning those enrolled in full-time courses in recognized divinity schools or those enrolled in full-time courses leading to divinity school) would be exempt from training but not from registration.

Students: High school students would be deferred until graduation or until they were 20 years of age and earned passing marks.

College students who, "while satisfactorily pursuing a full-time course of instruction," were ordered to report for induction would be deferred until the end of the academic year.

Conscientious objectors: Those who objected to combatant duty would be assigned to non-combatant training.

Those who objected to any service be deferred. In both cases specific tests for deferment are listed.

A sole surviving son of a gold star family would be exempted from induction.

The re-employment rights, upon an enlistee's or draftee's return to civilian status, would be the same as are now written into law.

The Soldiers and Sailors Civil Relief Act, which protects servicemen against foreclosures and other economic hazards of transfer from civilian to military life, would apply to all men covered by the program.

The President would have authority to "draft" industrial plants which refused to produce products required for the expanded military program at reasonable profits, or to give priority to defense orders.

It is provided, too, in the draft measure that courts martial proceedings, as they concern the Army, be renovated. It is prescribed particularly that an enlisted man under charge may demand that the court that tries him contain enlisted men.

twenty-five years can be drafted for twenty-one months' service with the Army, Navy, Marines or Air Force. The Senate previously had voted a two-year term and the House one year.

Up to 161,000 eighteen-year-olds may volunteer for one year of service with the regular forces. This was a Senate provision developed as a substitute for a separate universal military training program.

The draft law becomes effective immediately when signed by the President, but on one can be inducted for ninety days. This is a compromise on a House provision that would have delayed any induction until Feb. 1, 1949.

A Senate proposal for special drafting of doctors, dentists and other members of the medical profession as such was dropped. This was in line with the House bill. However, doctors and dentists under twenty-six are subject to induction the same as other registrants. Also subject to call, aside from the draft bill, are those doctors and dentists who completed education or received their training under war-time programs.

Over-All Limits Set

Over-all man power strength of the armed forces is raised to 2,005,882 divided as follows: Army, 837,000; Navy and Marines, 666,882, Air Force, 502,000. These were the totals voted by the House. The strength of the armed services as of June 1 was: Army, 548,000; Air Force, 382,000; Navy, 389,000; Marines, 80,000.

A Senate proposal to enlist 25,000 aliens in the Army was dropped. They could have become citizens after five years' service. The House bill had no such provision.

Registration would be limited to men eighteen through twenty-five years and could begin as soon as the bill becomes law. The House had proposed registration from eighteen through thirty.

Most veterans of World War II would be exempt. This includes those with more than one year of active service or ninety days' service between Dec. 7, 1941, and Sept. 2, 1945. This combines Senate and House provisions.

The bill provides for expansion of civilian components, including reserves and the National Guard, with draft deferments for members of active reserve units.

A special exemption is allowed to the only surviving son of families who lost sons in the last war.

Conscientious objectors could be placed on non-combat duty or, if they objected, be deferred if the objection was found valid. This followed the House provisions.

All draftees, eighteen-year-old volunteers and other volunteers must go into reserve pools after completing active duty. The time for reserve liability can be reduced by serving in active reserve units such as the National Guard.

The President could seize plants and factories that failed to fill armed service orders at a fair price. This is similar to a war-time provision, except that purchasing officials are directed to give "small business" a share of government contracts.

The Army and Air Force court-martial system would be revised as a result of many complaints about military justice during World War II. The House originally passed this as a separate bill.

Jobs Guaranteed

Drafted men would have the same right to reclaim civilian jobs that existed under the war-time draft. War-time absentee voting rights also would be extended to those in the armed services.

Men in the draft age group of nineteen through twenty-five years also could enlist in the Regular Army for a period of twenty-one months. This lowered the period for regular enlistments, which had been not less than two years.

New Draft Law: How It Affects Men of 19 to 26

Accepts 161,000 Enlistees of 18, Bars Alien Legion, Is Effective in 90 Days

WASHINGTON, June 19 (AP).—Here are major provisions of the compromise draft bill which was passed by Congress today and sent to President Truman:

Men from nineteen through

Sailor Naps Amid Langer Talkfest

Washington, June 19 (AP)—In one corner of the Senate gallery, a sailor sat with his head on his arms, fast asleep.

On the chamber floor, Senator Langer (R., N.D.) picked up another letter and started to read it. It was from a constituent, praising the Senator's stand against the draft bill.

The clock said 4 A.M. Langer had been speaking 2¼ hours.

Postmasters And Draft

He said he didn't like the way some Illinois postmasters have been appointed. And he definitely didn't like the draft. "Terrible and iniquitous," he said.

A few sleepy-looking Republicans drifted in and relieved a few other sleepy-looking Republicans. Just one of many shift changes in the session which had been under way for seventeen hours.

Senator Knowland (R., Cal.) gave up the presiding officer's chair to Senator Cain (R., Wash.), who had just come in from one of the cot-crammed lobbies.

Senator Baldwin (R., Conn.) went in as acting majority leader, replacing Senator Ferguson (R., Mich.). Senator Myers (R., Pa.) had just taken the place of Senator Hatch (D., N.M.) as the lone Democrat on the floor.

Someone counted 52 persons in the spectators' gallery, including the sleeping sailor. There were a few reporters.

Daniel Webster, Langer thundered, once said that "to speak of conscription in a democracy is a mockery."

He strode back up the aisle.

Daniel Webster's Desk

"Daniel Webster once occupied this desk," he said, pounding one just two behind his own front-row seat. "Daniel Webster—I wish he were here now."

Hatch and Senator Stewart (D., Tenn.), looking tired, wandered into the chamber. There was no sign of Daniel Webster.

Ten young men and women in formal dress entered one of the galleries. One of the girls was Cornelia Langer, the Senator's youngest daughter.

"The churches in my State are opposed to the draft," Langer said. "They expect me to do all I can to prevent its passage."

A dozen persons, mostly senatorial secretaries and clerks, sprawled around the rim of the chamber on sofas, dozing. From one sofa, Representative Marcantonio (A.L., N.Y.) rose looked around, left.

Myers asked Langer to yield for a question. Langer refused. A few minutes later, Knowland asked him to yield. He declined.

A Sleeper Mumbles

In the gallery, the sleeping man began mumbling to himself, loudly enough to be heard on the floor. Baldwin, Hatch and Senators Lucas (D., Ill.) and Magnuson (D., Wash.), who had wandered in, looked up surprised.

An attendant came in and tapped

the dozing sailor on the shoulder. The sailor stirred, got to his feet and started up the aisle. It was a dead end. The attendant turned him around and started him toward a door.

Langer groped through the untidy stack of papers on his desk and pulled out another letter.

"Dear Senator Langer," he read. "I want to let you know why I am opposed . . ."

Taylor Empties Senate Floor, Fills Gallery

Washington, June 19 (AP)—Senator Taylor, the one-time "Singing Cowboy," put on a filibustering show that emptied the Senate floor but kept the galleries packed until long after midnight today.

The former Idaho tent-show performer who bolted the Democratic party to become Henry A. Wallace's third-party running mate, began a one-man protest against the draft at 9.37 P.M. Friday.

Few spectators were on hand then, but as word spread of Taylor's attempt to talk down the bill, the galleries rapidly filled to their estimated capacity of 1,000 persons. Hundreds more queued up to wait their turn to look and listen.

Chats, Reads, Ad-Libs

Taylor chatted away casually, now talking "off the cuff," now reading from newspapers and Senate documents, then back to breezy ad-libbing which brought one burst of laughter after another from the galleries.

He devoted a good share of his 8-hour-and-33-minute speech to plugs for Wallace.

There is no basis, he said, for what he called talk in some quarters that the former Cabinet officer is a "screwball" for his interest in boomerang-hurling. Boomeranging, said Taylor, is not as bad as playing golf.

"It's Smarter"

"It's smarter, in fact," he said "You don't have to chase a boomerang."

Taylor suggested that to keep the human race from being annihilated in the event of an atomic war, the Government ought to "select about a half dozen young couples, just married, and put them down in Mammoth Cave."

Denounces Draft

He said they could come forth when things quieted down and "repopulate the earth." But he declined to volunteer himself.

turned to the proposed draft and

Every once in a while Taylor redenounced it roundly.

Shortly before turning the filibustering field over to Senator Langer (R., N.D.) Taylor told those sleepy colleagues still on the floor that with Langer's help he could "run this thing through to Saturday night without any strain.

"So you boys might as well go home and go to bed," he added.

Senators Take Cat-Naps

As a matter of fact, many of the senators were taking cat-naps in rooms adjoining the Senate chamber, using cots brought in by attendants.

When Langer relieved Taylor he took an hour to get around to mentioning the draft bill. He spent the interviewing time discussing Illinois postmaster appointments.

Langer said a brother and a brother-in-law of Senator Lucas (D., Ill.) are postmasters, and added:

Lucas Talked Down

"I am going to find out whether there was dirty politics involved."

That brought Lucas bouncing to his feet, shouting to Langer to yield. Langer refused and Lucas raised a point of personal privilege.

But Senator Knowland (R., Cal.), presiding, decreed that Langer had not violated Senate rules and that there was no way to take him off his feet unless he did.

At 4.45 A.M. Langer said he was going to talk "three or four more hours."

After Taylor quit, he said he was going home for a few hours and sleep and then—

"I think I'll be good for at least another eight hours."

COMPROMISE FIXES RELIEF AT 6 BILLIONS

House-Senate Conferees Break Deadlock On 12-15 Month Term

Washington, June 19 (AP)—The Senate-House conference agreed tonight on a $6,030,710,228 foreign-aid program.

The language of the compromise bill fixes a fifteen-month program—but the President is authorized to spend the money in twelve months if he believes it necessary to carry out the program. Thus the Senate held on to a twelve-month spending program while the House conferees had fifteen months in the language of the bill.

The agreement still is subject to approval by both houses but it appeared to remove one of the major threats to plans to wind up the session.

The Administration had made a last-minute effort late today to help solve the impasse. The compromise apparently would give the Administration close to the $6,000,000,000-plus it has been seeking for foreign aid and allow its spending within twelve months.

Liberal-Spending Victory

The agreement is $95,000,000 less than the Senate approved, but about $1,080,000,000 more than the House previously had agreed for the Administration to spend on a twelve-month basis.

The agreement is a major victory for the friends of a liberal spending policy to help sixteen European nations.

Under the compromise, the Economic Co-Operation Administration would receive a $4,000,000,000 appropriation in addition to $1,055,000,000 already voted by Congress.

Senator Bridges (R., N.H.) announced the agreement, and added:

"We are very satisfied."

He led the Senate fight to hold to the twelve-month program against attacks by the opponents headed by Chairman Taber (R., N.Y.) of the House Appropriations Committee.

Bridges said the agreement was the work of the entire conference. But it was known that Bridges had such a plan before he went into the conference.

Talks With Hoffman

Just before going into the House-Senate committee conference, Bridges had held a 30-minute talk with Paul G. Hoffman, ECA administrator and Under Secretary of State Robert Lovett.

The compromise also calls for:

China aid, $400,000,000 of which $125,000,000 is to be used for military purposes. The ECA will direct the recovery part of the China program.

Government and relief in occupied areas, $1,300,000,000. This includes funds for recovery in Japan, Korea and the Ryukyus Islands. No definite sum was set for this program, but Bridges said it would run about $125,000,000.

Greek-Turkish aid, $225,000,000.

International Children's Emergency Fund, $35,000,000.

International Refugee Organization, $70,710,228.

Silent On Talk

Neither Lovett nor Hoffman would discuss their conference with Bridges.

Bridges went at once to the Senate Appropriations room for another meeting of the conferees, who last night had found themselves unable to agree on how much money this nation is justified in spending to help put western Europe back on its feet.

The conference dropped an amendment by the House which said that not less than $65,000,000 of ECA funds shall be used to buy nonfat dry-milk solids in the United States.

The bill sets a limit of $75,000,000 on the amount of farm machinery, including tractors, which may be purchased by ECA in the United States for export. This period covers the fifteen-month life of the bill. It was designed to prevent ECA buying up farm machinery ad tractors needed by farmers in this country.

EUROPE TO GET FEW U.S. ARMS

Only Threat Of Aggression Will Bring Large Shipments

Washington, June 19 (AP)—The United States has reluctantly decided it can send only very small quantities of American arms and ammunition to western Europe nations this year, Government officials reported today.

Only a grave European crisis involving Russia could cause the Administration to reverse this decision—and then only if Congress gave special approval.

The Government official who disclosed this acknowledged the policy is certain to mean serious disappointment to friendly European governments which want substantial quantities of American military equipment as quickly as possible.

The decision, however, reflects the State Department's basic belief that Russia plans no direct aggression against any European country during the next six months at least.

Surplus Insufficient

Countries which have appealed to the United States for arms include Norway and Denmark. They want "minimum amounts" or rifles, guns, tanks and artillery.

Spokesmen for the Brussels Pact countries—Britain, France, Belgium, Holland and Luxembourg—have made it plain they likewise need American arms and ammunition to put "teeth" into their new alliance.

The decision about arms for Europe comes after months of consideration. Informed officials said the State Department and the armed services have concluded that the Government lacks legislative authority to dip into American arsenals to supply anything like the quantities requested by the Europeans.

This conclusion automatically rules out, they said, any thought that the Army Department could declare "surplus" some up-to-date arms, enabling them to be sent to Western Europe.

Senate Passes D.P. Bill

McGrath Denounces Measure as Unfair to Catholics and Jews.

Washington June 19 (AP)—The Senate approved today a bill to admit 205,000 homeless Europeans in two years. It goes to the White House.

Action came by voice vote.

The bill was assailed as unfair to Jews and Roman Catholics during the four-hour debate, often short-tempered.

McGrath Makes Charge

Making this charge, Senator McGrath (D., R.I.), chairman of the Democratic National Committee, declared it would write into law principles of "narrowness, intolerance and bigotry."

This attitude was disputed by Senator Revercomb (R., W.Va.), floor manager for the bill, as the Senate plunged into debate on the contrversial measure.

"There is no discrimination against anyone because of religion or faith, and I say so emphatically," Revercomb. "Let that be put to rest."

Compromise Measure

The bill is a compromise between Senate and House. Under its terms, entry would be permitted to these groups, beginning next month:

Two hundred thousand displaced persons who meet eligibilty rules; 2,000 persons who fled Czechoslovakia after the Communists seized the country, and 3,000 orphans under 16 years of ago.

The bill sets up these eligibility rules: A displaced person must have entered the German or Austrian occupation zones before December 22, 1945; at least 40 per cent of the 200,000 must come from areas annexed by a foreign power (that means eastern Poland, Latvia, Lithuania or Estonia), and at least 30 per cent must be farmers prepared to work on United States farms.

"Discriminatory" To Ferguson

Senator Ferguson (R., Mich.) told the Senate the bill is discriminatory because of its limitation upon eligibility, and unworkable in that it will encourage refugees to file "fraudulent" applications.

Revercomb said the bill was not written by any one person. "It is a compromise of the views of the subcommittee of five," he said.

Senator Wiley (R., Wis.) said the subcommittee majority which approved the bill included Senators McCarran (D., Nev.)., Donnell (R., Mo.) and Revercomb.

"No Discrimination"

"When he (McGrath) says these three men are guilty of bigotry," Wiley said, "it is one of the nastiest things that ever has been said on

30.24- 18613

the floor of the Senate. . . . There has been o discriminaton . . . against Jews or Catholics."

The charges of discrimination were aimed chiefly today at the date of entry into DP camps on which eligibility is based.

Ferguson and others argued that the December 22, 1945, date would tend to exclude large numbers of Jews who did not enter the camps until after that date.

16,000 Jews Eligible

Senator Cooper (R., Ky.) estimated that 16,000 Jews would be permitted to enter under the bill. Representative Celler (R., N.Y.) has put the figure at 6,000.

Discrimination complaints also have been based upon farmer provisions of the bill. Some senators said that few Jews are farmers and argued that the provision therefore is "discriminatory."

The requirement that a large percentage come from the Baltic and Eastern Poland has been cited as discriminatory to Roman Catholics. Few Catholics normally resided in those areas.

12-MAN BOARD NAMED TO ASSIST HOFFMAN

WASHINGTON, June 19 (AP)—President Truman today nominated a twelve-member Public Advisory Board to assist the Economic Cooperation Administrator, Paul G. Hoffman, in managing the European Recovery Program.

Nominations are subject to approval by the Senate.

Representing industry, labor, agriculture and other fields, the nominees are:

James B. Carey of Washington, secretary-treasurer of the CIO; George Meany of New York, secretary-treasurer of the AFL; Albert S. Goss of Washington, master of the National Grange; James G. Patton of Colorado, president of the National Farmers Union.

Also Herbert H. Lehman, former Governor of New York; Jonathan W. Daniels, North Carolina publisher; Robert H. Hinckley of Utah, former Assistant Secretary of Commerce; Eric A. Johnston, president of the Motion Picture Association of America.

And George Houk Mead of Dayton, Ohio, chairman of board of Mead Corp., and member of Hoover Commission on Executive Branch of the Government; Sarah Blanding, president of Vassar College; Allan B. Kline of Iowa, president of the Farm Bureau Federation, and Arlon Everett Lyon of Illinois, secretary of the Railway Labor Executives Association.

Truman Signs 70 Bills Passed During His Trip

JUN 19 1949

10 More Are on His Desk and Still Others on Way, Including Army's Budget

WASHINGTON, June 19 (AP).—President Truman today signed seventy bills accumulated during his fifteen-day swing through the West. Charles G. Ross, Presidential press secretary, told reporters that ten more measures passed in Mr. Truman's absence now are on the President's desk and still others are en route.

Among the latter is a compromise $6,767,668,163 Army appropriation bill for the year starting July 1. The total is more than $500,000,000 less than the President asked. The Senate passed passed the measure by voice vote in early afternoon and sent it to the White House.

The Presidential budget estimates were $7,278,842,000. The House originally voted $6,509,939,000 and the Senate $6,915,676,052.

The Senate also completed Congressional action today on a $407,836,974 appropriation to operate the Department of the Interior for the next year and sent it to the White House. By voice vote it stamped approval on a Senate-House compromise of funds to finance reclamation projects and other far-flung activities of the department and its bureaus.

Road Funds Voted

The House approved and sent to the White House a bill authorizing $450,000,000 a year in Federal aid for highway construction for two years. The measure does not make any money available. It only authorizes Congress to make an appropriation later. The money would be granted to states on a matching basis for the fiscal years from July 1, 1949, to June 30, 1951.

Among bills signed by the President were ones giving United States approval to these international agreements:

1. A convention between the United States and France for the elimination of double taxation by those governments on the citizens of the two countries.

2. A new international telecommunication convention and other documents which regulate assignment of radio channels and handle similar technical problems among nations.

The latter convention and its related documents (a final protocol and a set of radio regulations) replace an earlier convention signed at Madrid in December, 1932, and revised at Cairo in April, 1938.

21 ARE NAMED TO AID WORLD HEALTH DRIVE

WASHINGTON, June 19 (AP)—The State Department announced today the appointment of a twenty-one-member delegation to the first meeting of the World Health Assembly scheduled to meet at Geneva on June 24.

The delegation, whose appointment was specifically approved by President Truman, will be headed by Thomas Parran, medical director of the United States Public Health Service; Dr. Martha M. Eliot, associate chief of the United States Children's Bureau, and Dr. James R. Miller, trustee of the American Medical Association. These three are the delegates.

Five persons, named as alternate delegates, were Dr. Frank P. Corrigan, political adviser on Latin America of the United States delegation to the United Nations at New York; Dr. James A. Doull, chief of the Office of International Health Relations of the Federal Security Agency; Dr. Wilton Halverson, director of the California Public Health Service, San Francisco; Dr. H. Van Zile Hyde, alternate United States representative of the interim commission of the World Health Organization and Durward V. Sandifer, Deputy Director of the State Department's Office of United Nations Affairs.

Hospital Tour Set

Ann Arbor, Mich., June 19—Dr. James A. French, University of Michigan pathology professor, who was in the Army Medical Corps for five years, will tour army hospitals in Germany this summer as a civilian consultant.

Both Houses Pass Army Fund Bill

Washington, June 19 (A. P.).—A compromise $6,767,668,163 Army appropriation bill for the year starting July 1 was passed today by the House and sent to the Senate.

The Senate passed the measure by voice vote in early afternoon and sent it to the White House.

Flat 2-Year Term Voted Atomic Unit

Washington, June 19 (AP)—Brushing aside President Truman's recommendations, the Senate voted today to keep the present atomic energy commissioners in office a flat two years more.

The voice vote was in favor of a bill extending their present terms of office to June 30, 1950. The measure now goes to the White House.

President Truman nominated Chairman David E. Lilienthal to a five-year term and the other four commissioners to terms ranging from one to four years. Instead of voting on their confirmation, the Senate acted to extend their terms two more years.

Power For Next President

One effect of the bill, if it becomes law, would be to give the next president the powe rto make the full-term appointments.

Just before the vote, Senator Vandenberg (R., Mich.) declared the extension plan is "the precise and prayerful answer" to those who want to keep the commission fre eof politics.

Senator McMahon (D., Conn.) had asserted the measure was a politically inspired move to get rid of Lilienthal.

Vandenberg said there was nothing to that theory.

Denies Political Conspiracy

"There's no political conspiracy here," he said.

McMahon is the ranking Senate Democrat on the Congressional Atomic Energy Committee.

Warship-Halting Bill Signed

Washington, June 19 (AP)—President truman today signed a bill authorizing him to halt construction work on thirteen warcraft, including the battleship Kentucky.

Byrnes Hits Partisan Foreign-Policy Stand

Dayton, Ohio, June 19 (AP)—United States foreign policies must not be made a political football during the coming campaign, says former Secretary of States James F. Byrnes.

"I can think of nothing more unfortunate," he told the Dayton Council of World Affairs last night "than our foreign policies being made a partisan issue and the two great political parties competing for the very doubtful honor of having urged the more belligerent policy toward a foreign government."

Byrnes urged that the United States follow a middle-ground policy in its relations with Russia.

He also defended wartime agreements which the late President Roosevelt and former British Prime Minister Winston Churchill made with Russian Premier Stalin.

"Most of the agreements grew out of the military situation," Byrnes said, "and most of them were based on the war exigencies as they appeared to hardheaded military men.

Gerow Will Get Virginia Medal

Norfolk, Va., June 19 (AP)—Virginia's Distinguished Service Medal will be presented to Lieut. Gen. Leonard T. Gerow, 2d Army commander, at Fort Story on Monday at 2.30 P.M. The award will be made by Gov. William M. Tuck.

Announcement of the award was made here today for Brig. Gen. S. Gardner Waller, Adjutant General of Virginia, by Maj. Gen. William H. Sands, commanding general of the 29th Infantry Division, Virginia National Guard. General Sands served under General Gerow as wartime artillery commander of the 29th Division.

The State's DSM is being awarded General Gerow for his outstanding services as a commander of Virginia units during World War II. General Gerow took command of the 29th Infantry Division in February, 1942, when the Virginia-Maryland National Guard unit was converted to a triangular division.

He trained the division in the State and later in England, before being advanced to command the Fifth Corps for the Normandy Invasion. The 29th Division was assigned to the Fifth Corps for this operation. General Gerow later became commander of the 15th Army.

Army to Honor Five Scientists

FORT MEADE, Md., June 19 (AP).—Award of the Medal of Merit to five scientists for their work in the Office of Scientific Development will be made at 2d Army headquarters here on July 2. They are: Dr. Henry Butler Allen, of Philadelphia; Dr. Ralph Alexander Connor, of Philadelphia; Dr. Lars Olai Grondahl, of Pittsburgh; Dr. Irvin Stewart, president of West Virginia University, Morgantown, W. Va., and Clyde E. Williams, of Columbus, Ohio.

Armed Ship Bill Goes to President

Washington, June 19 (A. P.).—A Senate bill giving the President authority to order arming of United States merchant vessels in time of war or a national emergency passed the House today and went to the White House.

Nisei Girl Chosen As Juror For Jap's Treason Trial

Los Angeles, June 19 (AP)—A Japanese-American girl will be among the jurors who try 26-year-old Tomoya (Meatball) Kawakita, Calexico (Cal.) born Nisei on charges of treason against the United States.

Miss Susan Suzuko Nagumo, Nisei chosen for jury duty yesterday with eight other women and three men, told the court she could give Kawakita a fair, impartial trial. She said that neither her family's removal to Colorado during the war nor a year's visit to Japan in 1940 would prejudice her. She was born in Fresno, Cal.

Kawakita is accused of brutalities and indignities against American prisoners of war at a Jap internment camp on northern Honshu.

Transfer Of Trial Denied

His lawyers, arguing that he could not get a fair trial in this country, asked that it be transferred to Japan, but Federal Judge William C. Mathes denied the request. Kawakita, denying the allegations of brutality, contends he relinquished his American citizenship.

The bespectacled Kawakita was attending the University of Tokyo when war broke out. He got a job in Honshu's nickel mines, and there, the indictment alleges, he gloated over American prisoners, slapped and beat them, and boasted that some day he would return as a victor to the United States.

He returned and re-entered California on an American passport issued in Yokohama. In October, 1946, a former American prisoner at the Honshu nickel-mine internment camp saw Kawakita in a Los Angeles department store.

Traced By Car License

The American, William L. Bruce, of San Luis Obispo, Cal., accosted Kawakita, who fled. Bruce got the license number of his automobile. The FBI arrested him seven months later at his Los Angeles home.

Testimony is scheduled to resume next Tuesday. Witnesses brought from Japan are to be called early, followed by GI's who were prisoners of war at Honshu and who gave Kawakita the nickname of "Meatball."

President, General Or Island: All Of Them Had Code Names

Washington, June 19 (AP)—Duckpin explained Glyptic's viewpoint to Kilting and Kneepiece—to the bafflement of anyone not able to translate the Navy name code.

War leaders and important figures got a strange collection of names assigned them during World War II, and the Navy made public a partial list of them today.

Duckpin was the unflattering name for Gen. Dwight D. Eisenhower; Glyptic (the engraving of gem-hard stones) was Premier Joseph Stalin; Kilting, President Truman, and Kneepiece, Harry Hopkins.

Still "Classified Secret"

A careful search of the some 3,000 coded names and places failed to reveal the Navy designation for President Roosevelt or Winston Churchill.

A Navy official was unable to explain the omissions, but surmised they were still "classified secret."

Secret war names of some other high personages follow:

Coffeetree: Admiral William D. Leahy.

Fourfold: Gen. George C. Marshall.

Collodion: Edward R. Stettinius, Secretary of State.

Iceblank: James F. Byrnes, Secretary of State (after Stettinius).

Colleen: Admiral Ernest J. King.

The well-publicized (later) names of invasions are in the 33-page pamphlet; so are such places as Catsmeat, Choo-choo, funnybone, Manhole, Peepshow, Plughole and Zootsuit.

Several Names For Russia

Russia is designated in a number of ways: Alibaba, Bedmaker Bashful (Moscow), Mozart, and Adulin Adm (Russian Navy).

Although a foreword explains the names were chosen at random from a dictionary, a study of South Pacific names shows the boys got lonesome down there.

Wine, women and entertainment were favorites for the foresaken bits of jungle geography.

Here's a few: Amatory, Brisbane Burlesque, Rio Island, Cabaret New Guinea's Saui Point, Cigars Flores Sea, Ecstacy, Malaita Island Hospitable, Melbourne, Ladylove New Zealand, Passion, Woodlark Island's Sinku Rai River.

The fellows on New Britain really had it tough. They scattered these names around:

Downbeat, Dreamgirl. Cancan, Hoyden, Mardi Gras, Muscatel, Naughty Nightingale, Womanhood.

EDEN COUPLED HIS SUPPORT OF THE LABOR GOVERNMENT'S POLICY ON WESTERN GERMANY WITH AN ATTACK ON ITS DOMESTIC PROGRAM OF NATIONALIZING INDUSTRIES.

AMERICAN ASSISTANCE.

IF THE GOVERNMENT PARTIES HANG TOGETHER, THEY CAN STAY IN OFFICE AT LEAST UNTIL OCTOBER, PERHAPS LONGER. UNDER THE CONSTITUTION, THE PRESENT ASSEMBLY -- WHICH ALONE CAN SEAT OR UNSEAT CABINETS -- WILL REMAIN FOR THREE AND HALF YEARS MORE, UNLESS THERE ARE TWO CABINET UPSETS WITHIN ONE MONTH. IN SUCH A CASE, THE ASSEMBLY WOULD BE DISSOLVED AND ELECTIONS WOULD TAKE PLACE.

BETWEEN NOW AND NEXT OCTOBER, HOWEVER, ABOUT ONE THIRD OF THE 90-ODD FRENCH DEPARTMENTS WILL ELECT NEW DEPARTMENTAL COUNCILS. THEN, ALL DEPARTMENTAL COUNCILS, ACTING IN SOME CASES WITH MUNICIPAL BODIES, WILL DESIGNATE AN ENTIRELY NEW COUNCIL OF THE REPUBLIC.

A SWEEPING DE GAULLE VICTORY IN THE RACE FOR SEATS IN THE REPUBLIC'S COUNCIL WOULD ENDANGER THE SCHUMAN COALITION IN TWO WAYS. MOST LIKELY, IT WOULD THROW MANY WAVERING ASSEMBLYMEN, WHO ARE NOW SUPPORTING SCHUMAN, INTO THE DE GAULLE CAMP. A SWITCH OF ONLY SIX OR SEVEN DEPUTIES MIGHT UNSEAT SCHUMAN'S GOVERNMENT. IN HIS TEST OF SUPPORT ON THE GERMAN ISSUE, SCHUMAN OBTAINED ONLY 14 VOTES MAJORITY AND LESS THAN AN ABSOLUTE MAJORITY, THAT IS A MAJORITY OF ALL MEMBERS AND NOT MERELY A MAJORITY OF THOSE PRESENT AND VOTING.

THE OTHER EFFECT OF A DEGAULLE VICTORY IN OCTOBER IS MORE SUBTLE.

30.24- 18615

THE COUNCIL OF THE REPUBLIC CANNOT VETO ASSEMBLY LEGISLATION BUT IF IT DISAPPROVES, A LAW MUST THEN BE RE-PASSED IN THE ASSEMBLY BY AN ABSOLUTE MAJORITY BEFORE IT CAN TAKE EFFECT. IN VIEW OF SCHUMAN'S NARROW MARGIN IN THE ASSEMBLY, THE RESULT OF THIS IS OBVIOUS.

A181 JUN 1948

TO A GOVERNMENT WHICH HAS PUT ITS BLUE CHIPS ON THE AMERICAN NUMBER, THE REPUBLICAN NATIONAL CONVENTION HAS VITAL IMPORTANCE.

FRANCE, UNDER SCHUMAN AND HIS PREDECESSOR PAUL RAMADIER, HAS GONE WHOLEHEARTEDLY INTO PREPARATIONS FOR A WESTERN EUROPEAN FEDERATION -- EVENTUALLY PERHAPS A UNITED STATES OF EUROPE -- BUTTRESSED BY AMERICAN ECONOMIC AND STRATEGIC SUPPORT.

AS PAUL REYNAUD REMARKED, IN EFFECT, DURING THE ASSEMBLY'S DEBATE ON THE SIX-POWER GERMAN PROPOSALS, FRANCE HAS TO GET IN ON THE GROUND FLOOR OF THE EUROPEAN FEDERATION OR GERMANY WILL DO IT.

ALL THIS DEPENDS ON THE CONTINUATION OF AMERICA'S BIPARTISAN FOREIGN POLICY ALONG LINES LAID DOWN BY THE PRESENT ADMINISTRATION AND THE PRESENT CONGRESS.

BY RICHARD KASISCHKE

BERLIN, JUNE 19-(AP)-TANKS, ARMORED CARS AND TRENCHES TONIGHT GUARDED THE "NEW MONEY" BORDERS BETWEEN SOVIET AND WESTERN GERMANY AND THE ROAD TO BERLIN.

THE MILITARY VEHICLES CAME UP FROM BOTH SIDES OF THE BORDER. THEY APPEARED AFTER THE RUSSIANS HAD STOPPED TRAVEL AND SHARPLY RESTRICTED FREIGHT TRANSPORT INTO THEIR ZONE AND BERLIN WITH NEW CONTROLS IMPOSED SUDDENLY LAST MIDNIGHT.

THE RUSSIANS SAID THEY WERE PROTECTING THEIR ZONE AGAINST A FLOOD OF OLD GERMAN REICHSMARKS WHICH SOON WILL BE WORTHLESS IN THE WESTERN ZONES WHEN THE NEW DEUTSCHE MARK BECOMES FULLY EFFECTIVE.

TO WARD OFF ALLEGED "MONEY SMUGGLERS" FROM THE WEST, THE RUSSIANS PLACED A TOTAL STOPPAGE ON ALLIED AND GERMAN LAND TRAVEL INTO BERLIN, AND RIGID INSPECTION ON ALL INCOMING FREIGHT AND FREIGHT TRAIN PERSONNEL.

THEY CONCENTRATED SOME TANKS AND ARMORED CARS AT THE SOVIET-AMERICAN ZONE BORDER CONTROL POINT NEAR EISENACH, APPARENTLY TO DISCOURAGE WOULD-BE TRAVELLERS. GERMAN TRAVELLERS SAID RUSSIAN SOLDIERS AND GERMAN POLICE ALSO TOOK POSITIONS IN TRENCHES ALONG THE DEMARCATION LINE.

THEN THE BRITISH MOVED UP 10 ARMORED CARS TO HELMSTEDT, THE CONTROL POINT ON THE BRITISH-SOVIET ZONE BORDER. THERE THEY PARKED ON THE AUTOBAHN, THEIR GUNS POINTED EAST BUT OUT OF SIGHT OF RUSSIAN BORDER TROOPS A MILE DOWN THE BERLIN ROAD.

WEST-BOUND TRAVEL FROM BERLIN AND THE SOVIET ZONE WAS GENERALLY PERMITTED BY THE RUSSIANS, BUT PERSONS WHO LEFT BERLIN AND EASTERN GERMANY FACED UNCERTAINTY AS TO WHEN THEY WOULD BE ALLOWED TO RETURN.

RAIL AND WATER FREIGHT TRAFFIC FROM THE WEST WAS SUBJECT TO RIGID INSPECTION BY THE RUSSIANS, WHO APPARENTLY FEARED THAT CARGOES OR THE BAGGAGE OF TRAIN CREWS MIGHT HIDE BUNDLES OF CASH. SLOW INSPECTION MEASURES AT THE ZONAL BORDER CAUSED A RAIL JAM FOR MORE THAN 60 MILES, FROM HELMSTEDT BACK TO HANNOVER, BRITISH OFFICIALS SAID.

A202 JUN 1948

ONLY FOUR TRAINS REACHED BERLIN THIS MORNING IN A PERIOD IN WHICH EIGHT OR NINE NORMALLY WOULD ARRIVE.

THE AUTOBAHN AT HELMSTEDT WAS A SCENE OF CONFUSION. LONG COLUMNS OF CARS AND TRUCKS, REFUSED PERMISSION TO CROSS THE LINE, WERE DRAWN UP. HUNDREDS OF GERMANS MILLED ABOUT, AND OTHER HUNDREDS CAMPED ON THE GRASS BESIDE THE HIGHWAY.

FOR THE FIRST TIME SINCE THEY TIGHTENED BORDER CONTROLS IN APRIL, THE RUSSIANS ALSO WERE REFUSING TO PASS AMERICAN, BRITISH, FRENCH AND OTHER ALLIED TRAVELERS AND MILITARY PERSONNEL ON THE MOTOR HIGHWAY.

AMERICAN AND BRITISH AUTHORITIES ARRANGED EXPANDED PLANE SCHEDULES TO BRING IN THEIR STRANDED TRAVELERS FROM THE WEST.

NONE OF THE WESTERN ALLIES PROTESTED THE SOVIET MEASURES. THEY WAITED AT LEAST OVER THE WEEK-END TO JUDGE THE FULL IMPACT OF THE RUSSIAN ACTION. #

FRANKFURT, GERMANY, JUNE 19-(AP)-GERMAN TRAVELERS SAID TODAY THE RUSSIANS HAVE CONCENTRATED TANKS AND ARMORED CARS AT THE RUSSIAN-AMERICAN ZONE CROSSING POINT NEAR EISENACH.

THEY SAID THE SHOW OF STRENGTH APPARENTLY IS INTENDED TO DISCOURAGE TRAVEL INTO THE RUSSIAN ZONE.

RUSSIAN SOLDIERS AND GERMAN POLICE HAVE TAKEN POSITIONS IN TRENCHES ALONG THE BORDER, THE TRAVELERS SAID. RADIO EQUIPMENT CAN BE SEEN IN THE TRENCHES.

TRAVELERS WITH INTERZONAL PASSES TRYING TO CROSS FROM BEBRA IN THE AMERICAN ZONE TO EISENACH IN THE RUSSIAN ZONE WERE TURNED BACK, THE INFORMANTS REPORTED.

BUT PERSONS WITH IDENTIFICATION CARDS SHOWING THEY LIVE IN THE SOVIET ZONE WERE ALLOWED TO PASS, THEY SAID.

RAIL AND WATER TRAFFIC FROM THE WEST WAS CAREFULLY INSPECTED, AND TRAFFIC WAS JAMMED FOR 60 MILES FROM HELMSTEDT TO HANNOVER, THE BRITISH SAID.

GERMAN TRAVELLERS SAID RUSSIAN SOLDIERS AND GERMAN POLICE WERE POSTED IN TRENCHES ALONG THE BORDER LINE.

WEST-BOUND TRAVEL FROM BERLIN AND THE SOVIET ZONE GENERALLY WAS ALLOWED.

ON THE GREEK ISLE OF RHODES UNITED NATIONS MEDIATOR COUNT FOLKE BERNADOTTE STILL WRESTLED WITH THE PROBLEM OF LAYING DOWN A PERMANENT PEACE IN THE HOLY LAND.

IT WAS INDICATED AGAIN THAT BERNADOTTE MAY ASK FOR AN EXTENSION OF THE FOUR-WEEK TRUCE. THIS MAY OCCUR IF HE FAILS TO FIND A PATH TOWARD AGREEMENT BETWEEN THE ARABS AND THE JEWS.

IN PARIS THOUSANDS OF FRENCH WORKMEN ANSWERED THE CALL FOR A ONE-HOUR GENERAL STRIKE, BUT IT WAS A PEACEFUL AFFAIR WHICH FAILED TO FRIGHTEN THE GOVERNMENT.

A39

THE STRIKE WAS CALLED BY THE COMMUNIST-LED GENERAL CONFEDERATION OF LABOR TO PROTEST AGAINST HIGH LIVING COSTS, AND TO SHOW SYMPATHY TOWARD STRIKING RUBBER WORKERS AT CLERMONT-FERRAND. THE STRIKE HALTED PARIS' TRANSPORTATION SYSTEM AND SOME STRIKERS THREW GARBAGE AT POLICEMEN, BUT AT NOON, WHEN THE STRIKE HOUR ENDED, MOST OF THEM WENT BACK TO WORK.

BELGIUM'S PREMIER PAUL HENRI-SPAAK MADE LAST-MINUTE EFFORTS TO

U.N.

LAKE SUCCESS, JUNE 19-(AP)-UNITED NATIONS GUARDS CARRIED SIDE ARMS TODAY FOR THE FIRST TIME IN U.N. HISTORY.

FIFTY SPECIAL GUARDS RECRUITED FOR EMERGENCY DUTY IN PALESTINE WERE GIVEN ONE .38-CALIBRE REVOLVER EACH LATE YESTERDAY WHEN EQUIPMENT FOR THE TRIP WAS ISSUED.

THE U.N. DID NOT DISTRIBUTE AMMUNITION AT THIS TIME BUT WILL HAVE IT AT HAND IN CASE COUNT FOLKE BERNADOTTE OF SWEDEN, U.N. MEDIATOR FOR PALESTINE, DECIDES THE GUARD WILL WEAR THE REVOLVERS.

U.N. OFFICIALS SAID TRYGVE LIE, U.N. SECRETARY-GENERAL, PURCHASED THE PISTOLS FROM THE NEW YORK CITY POLICE DEPARTMENT BY SPECIAL ARRANGEMENT THROUGH THE UNITED STATES STATE DEPARTMENT.

THE SPECIAL GUARD WAS RUSHED THROUGH PASSPORT FORMALITIES YESTERDAY AND HANDED A BIG PILE OF EQUIPMENT IN A COMMITTEE ROOM HERE. THE SCENE WAS REMINISCENT OF ARMY DAYS FOR MOST OF THEM. THE GUARD WAS RECRUITED ORIGINALLY FROM WAR VETERANS.

THE 50 GUARDS WERE SCHEDULED TO DEPART FROM LA GUARDIA AIRPORT AT 4:30 P.M. EST TODAY, 42 GOING IN A BELGIAN (SABENA) PLANE AND EIGHT IN A BRITISH (BOAC) PLANE.

THEY EXPECT TO ARRIVE IN CAIRO MONDAY MORNING.

COUNT BERNADOTTE, WHO IS TRYING TO ARRANGE A SOLUTION OF THE PALESTINE TROUBLES BY CONFERENCES WITH ARABS AND JEWS DURING A FOUR-WEEK TRUCE, ASKED FOR THE GUARD TO HELP SUPERVISE THE TRUCE.

JA426AED

NEW YORK, JUNE 19-(AP)-A SMALL BUT HISTORIC BAND OF GRAY-UNIFORMED MEN TOOK OFF TODAY BY PLANE FOR PALESTINE.

AS UNITED NATIONS SECRETARY GENERAL TRYGVE LIE WISHED 49 UNITED NATIONS GUARDS "BON VOYAGE" AT LA GUARDIA FIELD, HE ASKED THEM TO "DO YOUR DUTY IN THE CAUSE OF PEACE."

EACH GUARD CARRIED IN HIS SUITCASE A .38 CALIBRE REVOLVER, MAKING HIM A PART OF THE FIRST UNITED NATIONS FORCE IN U.N. HISTORY TO CARRY WEAPONS.

THE GUARDS WERE RECRUITED FOR EMERGENCY DUTY IN PALESTINE, AND WILL ASSIST U.N. MEDIATOR COUNT FOLKE BERNADOTTE IN SUPERVISING THE FOUR-WEEK JEWISH-ARAB TRUCE IN THE HOLY LAND.

ABOUT 200 PEOPLE, MOSTLY RELATIVES, GATHERED AT THE FIELD AS THE GUARDS ASSEMBLED FOR ROLL-CALL BESIDE THE PLANE--NATTY IN GRAY SHIRTS AND TROUSERS, WHITE SAM BROWNE BELTS AND WEARING UNITED NATIONS BADGES AND ARM BANDS.

AT THE HEAD OF THE FORMATION WAS JOHN COSGROVE, OF NEW YORK, FORMER ACTING CHIEF SECURITY OFFICER AT THE UNITED NATIONS. TWENTY-EIGHT OF THE GUARDS WERE MEMBERS OF THE REGULAR U.N. GUARD, THE OTHERS RECRUITED FROM THE SECRETARIAT.

ALL WERE VOLUNTEERS. ALTHOUGH AMERICANS -- ALL EX-SERVICEMEN--PREDOMINATED, THERE WERE AUSTRALIANS, DANES, CHINESE, NORWEGIANS, FRENCH AND SWEDES IN THE GROUP. THERE WERE ALSO SEVERAL NEGROES.

JUST BEFORE THE TAKE-OFF, SECRETARY LIE DROVE UP. HE SHOOK HANDS WITH THE MEN, THEN BOARDED THE PLANE WITH THEM TO WISH THEM "A PLEASANT VOYAGE AND A SAFE RETURN.

"I AM CONFIDENT THAT YOU WILL DO YOUR DUTY IN THE CAUSE OF PEACE," HE SAID. "BEST WISHES AND GOOD LUCK."

THE CAREFULLY WRAPPED REVOLVERS IN EACH MAN'S KIT WERE THE FORMER PROPERTY OF NEW YORK CITY POLICEMEN--BOUGHT BY LIE THROUGH SPECIAL ARRANGEMENTS WITH THE UNITED STATES STATE DEPARTMENT.

THEY CARRIED NO AMMUNITION. THAT WILL COME LATER, BY PLANE FROM WESTOVER FIELD, MASS.

AND THE GUNS WILL BE LOADED ONLY IF COUNT BERNADOTTE DECIDES THE GUARDS SHOULD CARRY THEM.

WASHINGTON, JUNE 19-(AP)-THE EUROPEAN COOPERATION ADMINISTRATION TODAY ANNOUNCED NEW AUTHORIZATIONS AMOUNTING TO $215,071,075 FOR SEVEN WESTERN EUROPEAN COUNTRIES, TRIESTE AND BIZONAL GERMANY UNDER THE MARSHALL PLAN.

PAUL G.HOFFMAN, ECA ADMINISTRATOR, SAID THESE AUTHORIZATIONS ARE THE LARGEST FOR ANY SINGLE WEEK SINCE THE PROGRAM STARTED.

THEY BROUGHT TOTAL AUTHORIZATIONS TO DATE TO $608,808,104 FOR WESTERN EUROPEAN COUNTRIES, TRIESTE AND CHINA. THE FIGURES INCLUDE $8,611,354 FOR OCEAN TRANSPORTATION.

COUNTRIES RECEIVING TODAY'S AUTHORIZATIONS ARE THE UNITED KINGDOM, FRANCE, DENMARK, ITALY, THE NETHERLANDS, NORWAY, GREECE, TRIESTE AND BIZONAL GERMANY.

MOST OF THE AUTHORIZATIONS ARE FOR PURCHASES IN THE UNITED STATES. BUT TODAY'S LIST SHOWED MORE EXTENSIVE U.S. BUYING IN FOREIGN COUNTRIES THAN HERETOFORE.

IT INCLUDES, FOR INSTANCE, MINERALS, WHEAT, BACON AND CHEESE FROM CANADA, MEAT FROM MEXICO AND BELGIUM, EDIBLE OILS FROM GREECE, POTATOES FROM HOLLAND AND DENMARK, COPPER AND NITRATES FROM CHILE AND PETROLEUM FROM VENEZUELA AND SAUDI ARABIA AND THE NETHERLANDS.

AB1005PED NM

THE ACTUAL SURPLUS OF ARMS LEFT OVER FROM THE WAR IS INSUFFICIENT TO MEET MORE THAN A SMALL FRACTION OF EUROPE'S REQUIREMENTS.

THE CLOSEST APPROACH CONGRESS HAS MADE TO THE PROBLEM OF ARMING WESTERN EUROPE WAS IN THE ADOPTION OF THE SO-CALLED VANDENBERG RESOLUTION BY THE SENATE.

THIS DOCUMENT PUT THE SENATE ON RECORD AS FAVORING UNITED STATES PARTICIPATION IN A REGIONAL ARRANGEMENT UNDER THE UNITED NATIONS CHARTER WITH OTHER COUNTRIES, INCLUDING WESTERN EUROPE.

A33WX

HOWEVER, IT DID NOT SPECIFICALLY AUTHORIZE THE ADMINISTRATION TO FURNISH ARMS TO WESTERN EUROPE.

THERE WAS NO EFFORT TO PUSH AN AUTHORIZATION BILL THROUGH CONGRESS IN THE CLOSING DAYS BEFORE ADJOURNMENT.

THE ADMINISTRATION BELIEVED:

1. CHANCES OF PASSAGE WERE DOUBTFUL.
2. SUCH A MOVE MIGHT BE SEIZED UPON AS A CAMPAIGN ISSUE THAT MIGHT THREATEN THE BI-PARTISAN FOREIGN POLICY.

AS THINGS NOW STAND, THE ONLY WAY THE UNITED STATES COULD RUSH LARGE QUANTITIES OF ARMS TO WESTERN EUROPE AFTER THE ADJOURNMENT OF CONGRESS WOULD BE FOR THE PRESIDENT TO SUMMON A SPECIAL SESSION TO ACT ON AUTHORIZING LEGISLATION.

STATE DEPARTMENT OFFICIALS CURRENTLY ARE TRYING TO DETERMINE IN CONFERENCES WITH THE ARMY AND NAVY WHICH COUNTRIES SHOULD GET WHAT LITTLE SURPLUS IN ARMS IS AVAILABLE.

TO ADD TO THIS PROPOSED DISTRIBUTION, THESE OFFICIALS SAID THE STATE AND COMMERCE DEPARTMENTS ARE PREPARED TO GIVE THE WESTERN EUROPEANS PERMISSION TO BUY FROM PRIVATE ARMS MANUFACTURERS IN THE UNITED STATES. PROBABLY, HOWEVER, FEW COUNTRIES WILL DO THIS, SINCE THE TYPE OF EQUIPMENT THEY COULD BUY IS LIMITED, AND THEIR SCANTLY SUPPLY OF DOLLARS IS URGENTLY NEEDED FOR RECONSTRUCTION AND RELIEF PURPOSES.

OF COURSE, EACH COUNTRY WANTING ARMS COULD MAKE ITS OWN. THIS, HOWEVER, WOULD DIVERT RAW MATERIALS FROM RECONSTRUCTION USES. IT ALSO IS DOUBTFUL WHETHER MARSHALL PLAN MATERIAL COULD BE USED FOR THIS PURPOSE. #

WASHINGTON, JUNE 19-(AP)-PLANS FOR STIMULATING AN EDUCATIONAL AND CULTURAL AFFAIRS PROGRAM IN OCCUPIED GERMANY AND OTHER OCCUPIED COUNTRIES WERE DISCUSSED TODAY BY AN AMERICAN COUNCIL ON EDUCATIONAL COMMITTEE.

DR. GEORGE F. ZOOK, COUNCIL PRESIDENT WHO CALLED THE MEETING, TOLD A REPORTER IT IS PLANNED TO INCREASE CONSIDERABLY THE PERSONNEL TO DEAL WITH THE CULTURAL PROGRAM IN THE OCCUPIED ZONES.

IN ADDITION, HE SAID, THERE HAS BEEN AN INCREASE IN THE PAPER BEING MADE AVAILABLE FOR THE PRINTING OF TEXTBOOKS FOR USE IN THE PROGRAM.

ZOOK ANNOUNCED THAT HERMAN B. WELLS, PRESIDENT OF THE UNIVERSITY OF INDIANA, WHO HAS BEEN IN CHARGE OF THE COUNCIL'L CULTURAL RELATIONS ACTIVITIES IN BERLIN FOR THE LAST YEAR, IS RETURNING TO THE UNIVERSITY AND WILL BE SUCCEEDED BY DR. ALONZO GRACE, FORMER COMMISSIONER OF EDUCATION FOR CONNECTICUT.

A COMMISSION ON EDUCATION, HEADED BY ZOOK, WAS SENT TO GERMANY TWO YEARS AGO TO STUDY CULTURAL AFFAIRS. ONE OF THE COMMISSION'S RECOMMENDATION WAS THAT THE COMMITTEE BE SET UP BY THE COUNCIL ON EDUCATIONAL TO WORK WITH THE GOVERNMENT AND ALSO WITH PRIVATE U.S. ORGANIZATIONS ON EDUCATION AND CULTURE IN OCCUPIED AREAS.

ZOOK SAID THE COMMITTEE MEMBERS ALSO ARE MEETING WITH REPRESENTATIVES OF THE CIVIL AFFAIRS DIVISION OF THE WAR DEPARTMENT AND STATE

WASHINGTON, JUNE 19-(AP)-SENATOR LUCAS (D-ILL), ASSISTANT MINORITY FLOOR LEADER, TONIGHT ACCUSED SENATOR LANGER (R-ND) OF MAKING A "CHEAP, PARTISAN, LOW AND PERSONAL ATTACK" ON TWO MEMBERS OF HIS FAMILY.

LUCAS IDENTIFIED THE FAMILY MEMBERS AS HARDY ALTIG, POSTMASTER AT CULLOM, ILL., HIS BROTHER-IN-LAW, AND DR. J.WILEY LUCAS, POSTMASTER AT ABINGDON, ILL., HIS BROTHER.

LANGER TOLD THE SENATE DURING HIS DRAFT FILIBUSTER EARLY TODAY THAT A BROTHER AND BROTHER-IN-LAW OF LUCAS WERE POSTMASTERS AND DECLARED:

"I AM GOING TO FIND WHETHER THERE WAS DIRTY POLITICS INVOLVED."

LUCAS ATTEMPTED TO GAIN THE FLOOR TO REPLY TO LANGER, BUT THE NORTH DAKOTA SENATOR REFUSED TO YIELD.

TONIGHT LUCAS INTERRUPTED ANOTHER FILIBUSTER--THAT OF SENATOR JOHNSTON (D-SC) TO MAKE HIS REPLY. JOHNSTON WAS PROMISED THE FLOOR AT THE CONCLUSION OF LUCAS' SPEECH.

IN SOME OF THE BITTEREST LANGUGAGE HEARD THIS YEAR ON THE SENATE FLOOR, LUCAS RIPPED INTO LANGER FOR USING "DICTATORIAL AND TOTALITARIAN" METHODS AS CHAIRMAN OF THE SENATE CIVIL SERVICE COMMITTEE.

REFERRING TO LANGER'S MENTION OF "DIRTY POLITICS," THE ILLINOIS SENATOR TOLD THE SENATE:

"IF IT WERE THE SENATOR FROM NORTH DAKOTA, I BELIEVE IT WOULD BE THE LAST MAN IN THE SENATE TO TALK ABOUT DIRTY POLITICS, ANYWHERE AT ANY TIME."

HE ACCUSED LANGER OF SETTING UP A "LITTLE GESTAPO" TO "SPY AND SNOOP" UNDER THE TERMS OF A RESOLUTION AUTHORIZING THE NORTH DAKOTAN TO INVESTIGATE POLITICAL ACTIVITIES IN CIVIL SERVICE.

HE ALSO ACCUSED LANGER OF WITHHOLDING THE NOMINATIONS OF SOME 40 ILLINOIS POSTMASTERS FROM THE SENATE, AFTER THEY HAD BEEN FAVORABLY REPORTED BY THE CIVIL SERVICE COMMITTEE.

LUCAS SAID THAT LANGER MADE "MANY QUEER, UNSUPPORTED AND OUTRAGEOUS STATEMENTS" IN CONNECTION WITH ALTIG AND DR. LUCAS.

HE TOLD THE SENATE THAT ALTIG'S FINAL CIVIL SERVICE RATING IS 76.25--"THE ORIGINAL, FINAL AND ONLY RATING EVER GIVEN HIM BY THE CIVIL SERVICE COMMISSION."

LUCAS ACKNOWLEDGED RECOMMENDING ALTIG'S APPOINTMENT AND SAID HE WAS "VERY, VERY HAPPY" TO DO SO. THE APPOINTMENT, HE SAID, WAS MADE FAIR AND HONESTLY.

THE ILLINOIS SENATOR SAID HIS BROTHER WAS INSTALLED AS POSTMASTER AT ABINGDON ON APRIL 1, 1945 AND WAS THE ONLY APPLICANT WHO HAD FILED AND TAKEN THE EXAMINATION. HE SAID HIS BROTHER'S PRESENT RATING AS OF LAST OCTOBER WAS 98.

"MR. PRESIDENT, MR. ALTIG AND DR. LUCAS ARE HONORABLE MEN," LUCAS SAID. "THERE ARE NO UGLY SCARS ON THEIR RECORDS. THEY ARE EFFICIENT POSTMASTERS. THEY ARE A CREDIT TO THE COMMUNITIES IN WHICH THEY RESIDE."

LUCAS SAID THAT THE SOME 40 POSTMASTER NOMINATIONS WHOM HE ACCUSED LANGER OF WITHHOLDING FROM THE SENATE INCLUDE 28 VETERANS OF WORLD WAR I AND II. HE HAS MOVED TO DISCHARGE LANGER'S COMMITTEE FROM FURTHER CONSIDERATION OF THEIR NOMINATIONS--A MOVE WHICH LED TO LANGER'S BLAST EARLIER IN THE DAY.

THE ILLINOIS DEMOCRAT COUPLED HIS ATTACK ON LANGER WITH A VERBAL POKE AT THE REPUBLICAN MAJORITY. HE SAID AT THE OUTSET OF HIS SPEECH:

"THESE ARE THE CLOSING HOURS OF THIS REPUBLICAN-CONTROLLED CONGRESS WHICH HAS DISTINGUISHED ITSELF, NOT ONLY BY ITS INEPT HANDLING OF ITS HEAVY LEGISLATIVE RESPONSIBILITIES, BUT ALSO BY ITS SHABBY AND INSOLENT TREATMENT OF INDIVIDUALS WHO HAVE HAD THE MISFORTUNE TO BECOME THE SUBJECT OF ITS ABUSE."

Greatest Offensive Of Civil War Launched On Guerrillas

CHARLES

Athens, June 20 (AP)—The Greek Army threw six divisions, supported by artillery and air power, into the northern Pindus Mountains tonight in an effort to break the back of the Communist revolution. It was estimated that more than 70,000 troops launched the greatest offensive of the civil war.

The troops are striking into the heart of the rebels' Grammos Mountain stronghold on the Albanian border. It is reported that 7,000 guerrillas are in a 1,000-mile square area which is dotted with mountain peaks rising more than 7,000 feet. The headquarters of the guerrilla leader, Markos Vafiades, and main rebel supply bases are reported to be in this pocket.

Albanian Border Top Of "Pocket"

Greek soldiers sought to close in from three sides—on a line roughly from Albania's border to Ioannina, from Ioannina east to Grevena and from Grevena north to Nestorion, also on the Albanian border.

The Albanian border forms the top of the big rebel "pocket."

Two of the Greek Air Force's three squadrons are supporting the offensive, which is being conducted over the roughest mountain terrain in Greece. A hundred pieces of artillery, largely American-made pack howitzers, are reported pounding fortified rebel positions in the approaches to Mount Grammos. Guerrilla headquarters and primary bases for all of central Greece are in the zone being attacked, a responsible military authority said.

The offense "aims at the destruction of all bandit forces located in the Grammos area, constituting the main bandit group in Greece," an authoritative source said.

3 Divisions Are Assault Forces

Three of the six divisions are assault forces pressing into Grammos mountain points, while the other three were ordered to hold the flanks, forming a part of the offensive advance in great depth.

Greek air force planes dropped leaflets on guerrilla strongholds cautioning the rebels to surrender.

Leaflets showered down in the northern Pindus area told the Communist-led guerrillas:

"The storm is coming. You are surrounded everywhere. . . . Our new weapons are spreading death and destruction."

Some leaflets gave detailed instructions on how to surrender, others were safe conduct passes, telling Greek soldiers not to harm those surrendering and to conduct them to safe places.

Rebel Brigade Nearly Wiped Out

"You are fighting for Yugoslavia, Albania and Bulgaria against Greece," the warnings said. They predicted guerrilla leaders will abandon their forces.

The crack Yannoulis Brigade of the guerrillas, which tried to cut the Ioannian-Konitsa road three days ago was all but wiped out, according to official reports. A General Staff communiqué said the Yannoulis Brigade left 100 bodies in the vicinity of Asproangeli during its retreat. Press dispatches said 47 more guerrillas were killed and 27 wounded in a battle for control of Asproangeli and Mount Mitsikeli heights.

The operation is planned and supervised by the Greek general staff with American advisers in the field. Lieut. Gen. Panos Kalogeropolous, commander of the 2d Army Corps, is directing operations from his new headquarters at Kozane.

Vafiades had under his command in this zone seven brigades and several independent battalions, according to the best available estimates.

RUSSIA HITS U. S. ON GERMAN MOVE

Warns Western Allies Not to Introduce New Currency in Berlin

KUSISCHKE

BERLIN, (Monday), June 21. — (AP) Marshal Vassily Sokolovsky, Soviet commander in Germany, denounced the Western Germany currency reform today as illegal. He warned the western powers not to introduce their new money into Berlin.

Sokolovsky said in a letter to Gen. Lucius D. Clay, U. S. military governor for Germany, that "only one currency can circulate in Berlin, which is situated in the Soviet zone." The letter was made public early today.

Accuses Western Allies

Sokolovsky again accused the United States, Britain and France of "completing the division of Germany" by their currency reform.

He said he would "not accept your reference that bad conditions of Germany economy in the Western zones is an excuse for your separate action in destroying the unity of Germany."

He charged that the currency reform was a violation of four-power agreements on Germany.

Currency reforms got under way yesterday as Germans in the American, British and French zones began exchanging new marks for old. The Russians claim they fear that Germans will smuggle the old marks into the Soviet zone, where the old reichsmark still is legal tender.

U. S. Halts Rail Shipments

Last night the U. S. Army stopped sending supplies into Berlin by rail for the American population. The action was taken rather than submit the trains to Soviet inspection.

Sokolovsky's letter was in reply to a message from Clay that currency reform was being introduced in the Western zones of Germany. Similar replies from the Russian were sent to the British and French commanders.

The Russian commander said the Western allied action "places Soviet authorities in a difficult position and compels urgent measures to safe guard the economy of the Soviet zone."

This was an apparent reference to Soviet traffic controls undertaken in the last few days to seal off the Russian zone of Germany from the Western zones.

He placed entirely upon the three Western allies the responsibility for what he termed the division of Germany.

Black Market Disrupted

Frankfurt, Germany, June 20 (AP). Germans in the American, British and French zones began changing old marks for new today. The currency reform had the initial effect of disrupting black-market trading —one of its major objectives.

Authorities on both sides of the line separating western Germany from the Soviet zone enforced stringent controls against smuggling. The old money still is legal tender in eastern Germany.

German police of the American zone arrested 80 persons trying to smuggle the old reichsmarks into the Russian zone. Some had as many as 80,000 marks.

DOANE

Holdings Seized

British officers filled a green canvas suitcase with about half a million confiscated old marks at Helmstedt, British outpost on the Soviet zonal border.

Some of the Germans gave up their marks to the British and then were unable to get Russian permission to enter the Soviet zone. The British refused to give them their money back.

A British frontier control officer said: "If they live in the Soviet Zone, then their money should be over there." He explained that the restrictions are meant to hit black-market operators.

Black-market prices in Western Germany usually were asking-prices. Holders of the new money were hesitant to part with it.

Cigarettes Gauge Of Level

The black-market, in turn, was trying to find out how much the new money is worth. Cigarettes still were the accepted gauge. Black marketeers asked from five to eight new marks for a pack of American cigarettes, with few takers. One pack used to cost 100 old marks.

Long lines formed outside exchange offices as the money changeover began. Emergency police were called out in Hamburg when the currency failed to arrive on time at distribution centers. Frankfurt was orderly. The money changing will continue tomorrow.

Fate Of Savings Uncertain

In the exchange each German turned in 60 reichsmarks for 40 new deutsche marks. A month from now he will receive 20 more new marks. These 60 marks are simply intended to tide the Germans over until the reform takes hold.

What will happen to the rest of each German's old marks has not been announced. He probably will be told next week how many new marks he can get with his savings.

Most Germans do not expect to get much.

The only official indication of the new mark's value came in announcements by the British and United States armies that their personnel in Germany must pay 30 cents in American money for each mark or give one pound sterling for 13⅓ marks.

Allied Scrip Issued

However, the announcements did not specify the international exchange rate of the new mark or its commercial value. That probably will be determined by its effect on the German economy, officials explained, since it has no gold or other monetary backing.

Allied persons working in Germany or serving with the occupation forces do not use German currency for most of their transactions. They operate with military scrip issued by the western occupying powers.

For the few German dealings they have, they will be permitted to buy up to 45 new marks during the next month at the old 10-cent military exchange rate.

Both American and British authorities clamped strict rules on the conversion of old marks by Allied personnel, to prevent black-market profits.

Soviet Frontier Sealed

Germans residing in the Soviet zone were the only travellers allowed by the Russians to enter their zone from British or American areas. The *autobahn* to Berlin remained closed to everybody else for the second straight day.

Soviet-licensed newspapers in Berlin said Germans guarding crops, farmers, the German border police and Russian patrols were mobilized along the 450-mile "currency front" to help seal the Soviet zonal border.

Taegliche Rundschau, official newspaper of the Soviet Military Administration, said unavoidably harsh measures were necessary in the Russian zone "to safeguard economic order and the circulation of money."

The Soviet Military Administration kept officially silent on whether it plans an immediate currency reform in eastern Germany. If such a change comes, the indications were the Russians would attempt to make it apply to the city of Berlin.

German newspapers in Berlin reported a distinguishing stamp was being placed on the old money which circulates legally in the East.

Paris Honors American Hero

PARIS, June 20 (AP)—A sports stadium in St. Cloud, southwestern area of Paris, was dedicated today to the memory of an American sergeant wounded fatally in the liberation of Paris. The stadium was named for Lawrence R. Kelly, an airborne engineer, who was wounded thirty-five times before he fell at the St. Cloud bridge. He died in 1946, after being returned to the United States. He had lived in Altoona, Pa., and Washington, D. C.

RED DEMONSTRATION MARS DE GAULLE TALK

VERDUN, France, June 20—(AP) Verdun's war-time air raid sirens, fire alarms and a downpour interrupted a talk by Gen. Charles De Gaulle for 10 minutes today.

De Gaulle was talking to a crowd estimated by police at between 5,000 and 8,000 persons. The alarms went off together. A drenching rain started and the crowd milled in an uproar. A police official blamed Communists for the siren interruption.

De Gaulle, talking on the World War I battleground, chided the current cabinet and called for a revamping of the government.

ITALY'S LEFTISTS WARNED

DeGasperi Threatens Those Who Fail to Give Up Arms

ROME, June 20 (AP)—Premier Alcide de Gasperi warned Italy's Leftist underground tonight to disarm quickly or face the consequences.

In a speech at Arezzo, the Italian leader disclosed that the Government would submit a bill to Parliament "under which those who give up their arms in two weeks will face no consequences."

"After that," Signor de Gasperi added, "there will be serious penalties." He did not say what the penalties would be.

In a speech before the Chamber of Deputies last week the Premier accused the Communists of having hidden arms that were "greased and ready." At that time, he hinted that Italy's Communist leader, Palmiro Togliatti, aimed at staging a coup

CAIRO BLASTS KILL 20 IN JEWISH AREA

JUN 1948

Officials State 2 Explosions Were Accidental, Blame Fireworks—41 Injured

BYD

CAIRO, Egypt, June 20 (AP) — Twenty persons were killed and forty-one wounded today by two heavy explosions in the Jewish quarter of Cairo's bazaar district. The blasts were believed to have been accidental detonations of fireworks explosives.

Police found the bodies of eighteen persons in the wreckage of shattered houses. Two persons died later in hospitals.

The explosions occurred about 150 yards apart and within three minutes of each other. They destroyed five houses and damaged about twenty others.

Saleh Murtaga Bey, Sub-Chief of Public Security, said tonight that investigations thus far had indicated the blasts had been accidental and had been caused by faulty storage of materials used by Jews in the manufacture of fireworks and noise-making torpedoes.

Earlier the Egyptian Government explored the possibility that the explosions had been planned. Three hundred policemen surrounded the quarter. An Interior Ministry official said that police had arrested seven Jewish boys with a pushcart bearing an unattached time fuse and explosives. A police commander said that two pushcarts loaded with unexploded gelignite had been discovered.

The Jewish boys, Murtaga Bey said, probably feared the gelignite would explode and were removing it or feared that their establishment would be searched. He said the two loads had not been intended to explode and had not been fused. The boys, he added, were the only persons arrested in the investigation.

He said that guards reported that no one had entered the district during the night, indicating explosives had not been brought in from outside.

He said that although he was convinced the explosions were accidental, police still were making inquiries regarding five Moslems who lived in a Jewish-owned house where the first blast had centered. Their bodies were not found among the ruins.

Blasts Inside Houses

Premier Mahmoud Fahmy Nokrashy Pasha said:

"It has been proved that the explosions in the Jewish quarter came from inside the houses and not from the outside. That is why only a few houses were destroyed. If the explosions had come from outside the houses the whole district might have been destroyed."

Meanwhile, in Haifa the senior British naval officer ordered two Jewish refugee ships—the Pan York and the Pan Crescent—to stay in port. The vessels, flying Israeli flags, arrived yesterday without passengers from Cyprus to refit and refuel.

Premier Mahoud Fahmy Nokrashy Pasha told newsmen:

"It has been proved that the explosions in the Jewish quarter came from inside the houses and not from the outside. That is why only a few houses were destroyed. If the explosions had come from the outside of the houses the whole district might have been destroyed."

Five or six hours after the blast a crowd stopped an automobile on a street leading to the suburb of Abbassia. Shouting "a Jew, a Jew," the crowd pulled the driver out, beat him and set fire to his car only to discover later that he was an Egyptian Moslem.

Count Folke Bernadotte, United Nations mediator, attended Greek Orthodox Church services in Rhodes and heard a prayer said for the success of his mission to bring peace to Palestine.

A 100-truck relief convoy—the second in 24 hours—reached Jerusalem under United Nations auspices. The Palestine chief rabbinate gave special dispensation for workers to move the convoy on the Sabbath because of the need for the food in the Holy City.

King Abdullah of Trans-Jordan announced today in Amman that he will go to Riyadh, Saudi-Arabia, Saturday for a visit with King Ibn Saud.

An Egyptian source said Abdullah also is expected to visit here soon for a two-day visit with King Farouk.

His visits to the Arab monarchs were viewed as symbolizing the unity of Arab rulers on what they'll say in future talks with Bernadotte at Rhodes.

5 Rabbis Enter Old City, Inspect Damage To Shrines

[The following is a combined dispatch from American news correspondents in Jerusalem.]

Jerusalem, June 20 (AP)—Five former rabbis in Jerusalem's Old City today entered its Jewish quarter for the first time since it fell to the Arabs.

The rabbis' visit was supposedly for prayer, but the Jewish clergymen also wanted to find out how much damage had been done to religious sites.

Their trip to the Old City, in Arab hands since the end of May, was arranged between the United Nations Truce Commission and Maj. Abdullah El Tel, of the Arab Legion.

The aged, gray-bearded rabbis were accompanied by a United Nations supervisor and two Jewish officials, one of whom was to appraise the value of remaining religious ornaments and articles.

Fresh Vegetables On Sale

In Jerusalem, fresh garden vegetables were on sale by ration today for the first time in two months. The quantity was small.

An authoritative Jewish spokesman said the target figure of 200 food trucks daily into the city is being aimed at by Israeli authorities. He said today's convoy is bringing fuel oil for a power house to restart electric lighting and power circuits.

There were no indications when river water will be pumped to Jerusalem.

The Red Cross is arranging with the Truce Commission to bring in separate food and medical supplies for hospitals.

Kaifeng Falls To China Reds

Nanking, June 20 (AP)—Communist capture of Kaifeng, capital of the Central China province of Honan, was admitted today by pro-Government sources.

MICKS

Latest official Government military dispatches said only that 6,000 Communists had stormed into the city this morning but contended the garrison still was resisting in three sections.

Generalissimo Chiang Kai-shek, however, received a Honan delegation at his home and assured members the Government would "use every effort" to recapture Kaifeng.

Severe Blow To Chiang

The Government garrison had been estimated to total only 1,000 men, with Communist attackers said to number as many as 40,000.

Loss of Kaifeng is a severe blow both militarily and politically. A strong point on the east-west Lunghai Railway, it had an arsenal that produced quantities of small arms.

Politically, it has been known for centuries as "the capital of Central China," and its loss is certain to be a blow to the morale of anti-Communist forces throughout the region.

Nanking strategists predicted the Government soon would drive the Communists out, but only after Red demolitions have rendered the city militarily useless.

North China Port Besieged

In north China an official report said the Communists had started a seige of Chefoo, only north Shantung province port still in Government hands.

Evacuation of the small Chefoo garrison by sea was considered probable should the Communist attack become serious.

Semi-official Peiping reports said the Communists again had sabotaged the Peiping-Jehol Railway and that a Red guerrilla party of 3,000 was being engaged by Nationalist troops 17 miles northwest of Peiping.

The retiring governor general will return to England.

Rajagopalachari flew here from Calcutta. He wore the traditional Hindu loincloth and sandals.

European Aid, Draft Termed Dramatic Revision Of Policy

JUN 1948

Washington, June 20 (AP)—With approval of European-aid funds and a peacetime draft, Congress virtually completed today a dramatic revision of American foreign policy to meet the world challenge of Soviet Russia.

The leaders of the bipartisan foreign policy—Gen. George C. Marshall, Secretary of State; and Senator Vandenberg (R., Mich.)—were obviously highly pleased. Congress was working in its final hours when it voted to provide substantially all the funds that it had originally authorized for the foreign-aid program.

Marshall and Vandenberg had been worried lest a failure of the United States to make good on what Europe regarded as a clear-cut promise should knock the props from under the whole foreign policy they have been building for the last eighteen months.

Finished After 1 O'Clock

State Department officials predicted that the American Government now would be able to press forward even more vigorously with its plans for the co-operative reconstruction of Europe, politically, economically and militarily.

Senate and House finished work on the $6,030,710,228 aid appropriation shortly after 1 o'clock, Washington time, this morning. The funds, if necessary, can all be spent within a twelve-month period rather than the fifteen months previously required by the House bill. The House vote was 319 to 62; Senate approval was by a voice vote.

Vandenberg called the final action on the appropriation "a splendid piece of constructive work." He said it is "fundamentally related to the peace of the earth and of the destiny of America in a free world of free men."

Marshall said he could not comment in detail until he had studied the legislation, but "the important point it seems to me is the fact that the funds can, if necessary, be expended in the twelve-month period as originally contemplated."

Draft Pleases Marshall

Associates reported that Marshall was at least equally pleased that Congress had approved some kind of draft measure. This is so, they said, even though it was by no means what he has been advocating since his retirement as chief of staff of the wartime Army.

He is the nation's leading advocate of universal military training.

Both he and Under Secretary of State Lovett, as the chief operators of United States foreign policy, have been extremely anxious to obtain at this session legislation for building up this nation's military might to equal somewhat its increased responsibilities as the world's greatest power.

Both Termed Essential

Thus both the draft, which Congress finally aproved Saturday night, and the earlier $10,000,000,000 appropriations for the expansion of the Army, Navy and Air Forces have been regarded at the State Deartment as essentially foreign policy legislation. A cardinal point of department policy is that the Russians will understand and the western Europeans be assured by the rearming of America.

Every imortant issue which Marshall, in frequent conference with Vandenberg, proposed for Congress or which was requested by President Truman for carrying out foreign policy received favorable action from Congress. Congress did not always, however, give the foreign policy leaders all they wanted.

Issues Outlined

The issues were:

1. The European Recovery Program. Congress first authorized the four-year undertaking with authority for $5,300,000,000 expenditure the first year. Finally, after a bitter fight led by Representative Taber (R., N.Y.), chairman of the House Appropriations Committee opposing a cut in the funds, Congress supplied substantially the money asked.

30.24- 18625

2. The Vandenberg resolution favoring formation of regional defense alliances. This was carried overwhelmingly in the Senate. It recorded that body as favoring American promotion of mutual defense assistance. This opens the way for American military support to western Europe.

3. The reciprocal trade program extension. Authority for the President to negotiate further tariff reductions with other countries was continued for one year with restrictions of which the State Department disapproved. But officials now say, despite earlier bitter criticism of these restrictions, that at least the trade program will be kept alive as the keystone of the long-range American drive for freer trade.

4. Approval of United States membership in the World Health Organization. This is part of the policy of co-operation with other countries through the United Nations and its agencies.

Arms Issue Failed

The biggest issue on which the State Department failed to get action was a proposal for standardizing arms among all the American nations. This doubtless will be brought up again next session.

The measures which Congress passed this session add up to a new foreign policy. The policy had its initial development at the previous session last year. It was that earlier session which adopted the Truman doctrine of helping protect the free nations of Europe and the Near East against Soviet-Communist aggression and specifically authorized dollars and arms for Greece and Turkey.

Program Laid Down

It was June 5, 1947, that Secretary Marshall laid down his proposal for a brand new European Recovery Program as the best means of rebuilding world peace. The Truman doctrine was a step, but the European Recovery Program, the Vandenberg resolution for regional defense systems, and

the rearm[illegible]ne United States in the fac[illegible]sian expansion—all those t[illegible]together constitute a prograr[illegible]d in the opinion of top State De[illegible]Mass[illegible] officials.

What th[illegible]f American Government now has done, through its bipartisan foreign policy leadership, is to lay the complete basis for a program of rebuilding as much of the world as possible without Russian co-operation. It is leaving the way open for an East-West understanding in the future if and when conditions develop which would make that possible.

ARMY TO CALL ABOUT 225,000 IN 12 MONTHS

Number Will Approximate Net Loss Due To Expiration Of Enlistments

JUN 1948

Washington, June 20 (AP)—The Army probably will call between 200,000 and 225,000 inductees during the first twelve months of the new draft program, a highly placed official said today.

This will approximate roughly the estimated net loss to expiration of enlistments during that time. Should volunteer enlistments and re-enlistments keep up at somewhat near the present rate in the following twelve months, beginning about July 1, 1949, none or a comparatively few draftees might be required.

But in the year starting about July 1, 1950, new calls might have to be issued because the terms of the first draftees would begin to expire.

Volunteer Situation A Factor

However, Army officials cautioned that much of the draft induction rate depends upon the volunteer enlistment situation.

The number of volunteers over and above the draft inductions apparently is depended upon to bring about the net increases for the armed forces to raise them to the newly planned strength.

The draft bill passed by Congress last night fixes the total strength for the military establishment at 2,005,882. The Army would be expanded to 837,000 from its present 548,000 strength; the Navy and Marines to 666,882 from 469,000 (of which the Navy part is 389,000); the Air Force to 502,000 from 382,000 (to operate 70 groups of planes).

The Army began making quiet studies of draftee training problems several months ago when the first formal proposals for renewal of selective service began to appear on Capitol Hill. The Army Department directed commanders of the various armies in the United States to make surveys of wartime camps. Subsequently, the Army arrested plans to dispose of almost a score of surplus camps.

C[illegible]eing Chosen

This [illegible]s not mean all those camps [illegible]e needed, but the Army now is [illegible]eciding which ones it wants. The new postwar draftees probably will be taken individually into regular army divisions and trained by those divisions. Divisions are located at Camps Ord, Cal.; Campbell, Ky.; Hood, Texas; Dix, N.J., and Jackson, S.C. Special training divisions were reactivated recently for Dix and Ord.

It is not yet decided whether raw draftees will be assigned to so-called "striking divisions" such as the 2d Infantry and 82d Airborne which comprise the Army's mobile force ready for instant use. (The 2d Infantry is based in Washington, the 82d in North Carolina).

Because virtually all veterans will be exempted, the Army must plan on training the new groups of inductees from scratch, starting with basic training, then progressing into work with small units and finally with the big organizations.

Overseas Training Pondered

While it would be possible to send him overseas as replacements upon completion of basic training, many officers would prefer to bring them into work with units in this country first. However, divisions overseas can integrate individual trainees and give them the unit training necessary in the field.

A roll call vote of 259 to 136 in the House last night sent the draft bill to the White House, after a voice vote in the Senate approved it. The Senate acted only after breaking up a Friday night-Saturday morning filibuster by Senators Taylor (D., Idaho) and Langer (R., N.D.).

The final bill exempts World War II veterans with one year of active service, or only 90 days service between December 7, 1941, and September 2, 1945. Members of the National Guard and active reserve units would be deferred.

EUROPE'S NATIONS WILL GET 'SLIGHT' U. S. MILITARY AID

WASHINGTON, June 20 — (AP) The United States has reluctantly decided it can send only very small quantities of American arms and ammunition to Western European nations this year, government officials reported yesterday.

Only a grave European crisis involving Russia could cause the administration to reverse this decision—and then only if Congress gave special approval.

The government official who disclosed this acknowledged the policy is certain to mean serious disappointment to friendly European governments which want substantial quantities of American military equipment as quickly as possible.

The decision, however, reflects the State department's basic belief that Russia plans no direct aggression against any European country during the next six months at least.

Countries which have appealed to the United States for arms include Norway and Denmark. They want "minimum amounts" of rifles, guns, tanks and artillery.

U.S. Gives France Green Light For Proposed 'Thank You Train'

WASHINGTON, June 20—(AP) France got word from Congress today she can send a "Thank You Train" to the United States if she wants to, without running into customs trouble.

Reports from Paris recently said the French wanted to send such a train to this country filled with champagne, laces and other things France is noted for.

The idea was to make the rounds of American cities as the "Friendship Train" did in France and say "thank you" for the food Americans sent the French.

Trouble developed though. The goods would be subject to duty charges—payable in dollars. And the French are very short of dollars right now.

Also the State department, officials said, figured it would be "very embarrassing" if the "Thank You Train" arrived in this country beset with customs troubles.

Senator Millikin (R-Col) introduced a resolution in the Senate last night at the request of the State department to straighten everything out. It had been previously passed by the House. The Senate okayed it too.

The resolution says it will be all right to admit without tax of any kind 48 railroad cars and "incidental equipment" from France to be donated in "promotion international good will."

The "incidental equipment" can be sold for charitable purposes and the railroad equipment can be presented to non-commercial organizations.

State Department officials said they backed the resolution on a "just in case basis" because the whole situation is up in the air now.

It isn't definite the French are going to send the train.

Navy Announces Change Of Duty for 3 Admirals

WASHINGTON, June 20 (AP).—The Navy announced change of duty today for three flag officers—Rear Admirals Allan R. McCann, Francis C. Denebrink and Roger W. Paine.

Admiral McCann, commander of the submarine force with the Pacific fleet, will go on duty as a member of the general board of the Navy. His submarine command will be taken over by Rear Admiral Oswald S. Colclough, outgoing Judge Advocate General, as previously announced.

Admiral Denebrink will be detached in July as General Inspector, Pacific and United States Pacific Fleet, for duty with the executive committee of the Munitions Board as the Navy member. He will relieve Admiral Paine who will report to the commander of the Western Sea Frontier as Deputy General Inspector for the chief of the Bureau of Ships. Last April it was announced that the present Deputy General Inspector, Rear Admiral Sherman S. Kennedy, is retiring.

Draft Aids Chance Of Peace: Bradley

Los Angeles, June 20 (AP)—Gen. Omar N. Bradley, Army Chief of Staff, said today the Army will try to take in 10,000 draftees a month under the new selective service act which he described as a long step "toward preventing foreign conflict."

He said the peacetime draft, approved by Congress yesterday, will "back our leadership in the world and will strengthen our foreign policy."

General Bradley gave his views at a press conference at the University of California at Los Angeles where he received an honorary degree at commencement exercises.

Only One At Combat Strength

The Chief of Staff said that at present there is only one domestic Army division up to full combat strength.

Asked about the prospects of an emergency, General Bradley said:

"We're faced with the possibility anything might happen. No one knows—unless it would be 14 men in the Kremlin—but as I told a Senate committee, as your Army adviser, I'd be remiss in my duty if I failed to point out that we can't risk our security."

The General said some key personnel may be brought home from overseas to help in the training program.

Enlistment Boom Foreseen

He predicted the draft will boom voluntary enlistments above the current 30,000 a month. Such volunteers will serve twelve months and then go into the reserves.

Bradley said the Army expects to receive about 110,000 of these one-year men, the Navy 36,000 and the Air Force 15,000.

He said the draft will have two principal results: (1) It will enable the United States to carry out its occupation mission and (2) it will make it possible to maintain adequate home defenses.

Group Asks Inquiry Into U.S.-Arab Link

Atlantic City, June 20 (AP)—B'nai Zion urged in a resolution today that an inquiry be made in the United States Departments of State and Defense.

Four hundred delegates from fourteen Eastern states asked for the investigation "to determine any connection between the United States Government and Arabian oil companies" and "the extent to which United States aid facilitates British aid in financing the Arab aggression."

In other resolutions, B'nai Zion asked:

1. Lend-lease and "a speedy loan" to Israel.
2. Withhold money and materials from Britain which might go to Arab nations.
3. If the Israel-Arab war is resumed: lift the arms embargo, ask that the United Nations oust the Arab states, and ask that nonmilitary sanctions be imposed on the Arab states by the United Nations

LONDON, SUNDAY, JUNE 20-(AP)-THE MOSCOW RADIO EARLY TODAY QUOTED FROM A MANIFESTO OF THE GERMAN SOCIALIST UNITY PARTY CONDEMNING THE NEW CURRENCY REFORM IN WESTERN GERMANY.

THE MANIFESTO SEEMED TO BE THE SAME ONE ISSUED IN BERLIN FRIDAY NIGHT SOON AFTER THE UNITED STATES, BRITAIN AND FRANCE ANNOUNCED THE MONEY CHANGEOVER BEGINNING TODAY IN THEIR OCCUPATION ZONES. THE PARTY IS SOVIET-SPONSORED AND COMMUNIST-DOMINATED AND OPERATES IN THE RUSSIAN ZONE.

THE MOSCOW BROADCAST, HEARD HERE, QUOTED THE PARTY'S BOARD AS SAYING THE CURRENCY REFORM MEANT "COMPLETE REJECTION OF THE PROMISE MADE AT POTSDAM TO TREAT GERMANY AS ONE UNIFORM WHOLE" AND ACCOMPLISHED "THE SPLITTING OF GERMANY."

THE QUOTED MANIFESTO SAID SEPARATE CURRENCY REFORM WAS "ANTI-DEMOCRATIC" AND A "TERRIBLE BLOW FOR THE GERMAN PEOPLE" AND WAS REGARDED BY THEM "AS A MEASURE DIRECTED AGAINST THEIR WILL AND AGAINST THEIR SOCIAL INTERESTS."

"SEPARATE CURRENCY REFORM SIGNIFIES INTENSIFICATION OF ALL ECONOMIC DIFFICULTIES, SINCE ALL PARTS OF GERMANY ARE CLOSELY LINKED IN AN ECONOMIC SENSE," IT SAID. "THE CONSEQUENCES OF IT WILL BE COLONIAL DEPENDENCE OF WESTERN GERMAN REGIONS ON AMERICAN CAPITAL."

BERLIN, JUNE 20-(AP)-THE RUSSIANS MAINTAINED TODAY THEIR QUARANTINE AGAINST WESTERN GERMANY.

"UNAVOIDABLY HARSH MEASURES" CONTINUE NECESSARY "TO SAFEGUARD ECONOMIC ORDER AND THE CIRCULATION OF MONEY" IN THE SOVIET ZONE, THE OFFICIAL SOVIET MILITARY ADMINISTRATION NEWSPAPER TAEGLICHE RUNDSCHAU SAID.

GERMANS GUARDING CROPS, FARMERS, THE GERMAN BORDER POLICE AND RUSSIAN PATROLS WERE MOBILIZED ALONG THE 450 MILE "CURRENCY FRONT" TO HELP SEAL THE ZONAL FRONTIER, SOVIET LICENSED GERMAN NEWSPAPERS REPORTED. AMERICAN AUTHORITIES ALSO TIGHTENED THEIR CONTROLS TO KEEP OUT ILLEGAL CROSSERS FROM THE RUSSIAN ZONE AS WESTERN CURRENCY REFORM WENT INTO EFFECT TODAY.

THE INTERNATIONAL HELMSTEDT TO BERLIN HIGHWAY REMAINED BLOCKED TO ALL EAST-BOUND ALLIED AND GERMAN TRAFFIC.

MORE THAN 5,000 PERSONS, MOST OF THEM LOADED WITH OLD REICHSMARKS NOW WORTHLESS IN THE WEST, WERE ARRESTED FOR TRYING TO CROSS ILLEGALLY INTO THE SOVIET ZONE, THE RUSSIAN LICENSED PRESS REPORTED.

ONE ALLEGED SMUGGLER HAD 400,000 REICHSMARKS ON HIS PERSON. ANOTHER HAD 53,000 MARKS.

ALL THE OLD SMUGGLING TRICKS WERE BEING USED, THE TAEGLICHE RUNDSCHAU CLAIMED. IT SAID GERMANS SEARCHED BY RUSSIAN BORDER POLICE HAD HIDDEN MONEY IN THEIR SOCKS, SHOES AND BRASSIERES. BANKNOTES WERE FOUND SEWN INSIDE CLOTHES AND TIED AROUND BODIES, IT SAID.

"I HAVE NEVER SEEN SO MUCH MONEY IN ALL MY LIFE," THE PRESS QUOTED ONE GERMAN GUARD AT THE BORDER POINT OF HOETENSLEBEN.

B11

THE SOVIET CONTROLLED GERMAN NEWS AGENCY ESTIMATED BETWEEN 700 AND 800 MILLION REICHSMARKS WILL NOT BE REPORTED FOR EXCHANGE IN THE WESTERN ZONES BECAUSE THE OWNERS CANNOT GIVE SATISFACTORY EXPLANATIONS REGARDING ITS ORIGIN. THE AGENCY ASSUMED GANGS WOULD ATTEMPT TO SMUGGLE THIS INTO THE SOVIET ZONE.

THE SOVIET MILITARY ADMINISTRATION, MEANTIME, KEPT OFFICIALLY SILENT ON WHETHER IT PLANS AN IMMEDIATE CURRENCY REFORM IN THE EASTERN ZONE.

THE GERMAN PRESS REPORTED A DISTINGUISHING STAMP WAS BEING PLACED ON THE OLD MONEY WHICH WAS TO CIRCULATE LEGALLY IN THE EAST.

THE PRESIDENT OF THE CENTRAL FINANCE ADMINISTRATION IN THE RUSSIAN ZONE, HENRY MEYER, WAS QUOTED IN THE PRESS AS SAYING AN ANNOUNCEMENT ON REFORM WAS "IMMINENT."

IF IT COMES, THE INDICATIONS WERE THE RUSSIANS WOULD ATTEMPT TO INCLUDE THE CITY OF BERLIN IN ITS REFORM.

30.24- 18627

"BERLIN MUST AND WILL BE INCORPORATED INTO THE ECONOMIC SYSTEM OF THE SOVIET ZONE," DECLARED THE TAEGLICHE RUNDSCHAU. AMERICAN AND BRITISH OFFICIALS REPEATEDLY HAVE STATED BERLIN IS AN INTERNATIONAL CITY AND NOT PART OF THE SOVIET ZONE.

RUSSIAN PROPAGANDA AGAINST THE WESTERN POWERS AS "THE SPLITTERS OF GERMANY" MEANTIME CONTINUED ITS HOT PACE.

THE PROCLAMATION TO THE GERMAN PEOPLE BY MARSHAL VASSILY SOKOLOVSKY DENOUNCING WESTERN CURRENCY REFORM AS "THE FINAL DIVISION" OF GERMANY WAS READ EVERY FEW HOURS OVER THE SOVIET CONTROLLED BERLIN RADIO.

B12 JUN 1948

"IT MAKES US FEEL AS THOUGH WE HAVE BEEN TRANSPORTED BACK TO THE PAST," COMMENTED THE AMERICAN LICENSED NEWSPAPER DER TAGESSPIEGEL. RECALLING SUCH REPETITION WAS A REGULAR NAZI PROPAGANDA METHOD, THE NEWSPAPER ADDED "ALL THAT IS MISSING IS THE PLAYING OF THE BADENWEILER MARCH (HITLER'S PERSONAL MARCH) AT THE END OF EACH READING."

DEMANDS THAT THE ALLIES GET OUT OF BERLIN ALSO GREW LOUDER.

"THE INITIATIVE IN BERLIN LIES TODAY WITH THE FORCES WHO UNMISTAKENLY ARE WORKING FOR THE ECONOMIC AND POLITCAL UNITY OF GERMANY," THE RUSSIAN LICENSED BERLINER ZEITUNG SAID.

"THE SMASHERS OF FOUR-POWER AGREEMENT HAVE MANEUVERED THEMSELVES INTO A SAD POSITION IN BERLIN THROUGH THE WESTERN GERMANY MONEY REFORM WHICH MAKES THEIR CONTINUED STAY IN THE HEART OF GERMANY IMPOSSIBLE."

UNDER A HEADLINE "TWILIGHT OF THE KOMMANDATURA?" THE NEWSPAPER HINTED THE SOVIETS MIGHT END FOUR-POWER RULE OF BERLIN NEXT WEEK BY BOYCOTTING THE ALLIED DEPUTY COMMANDERS' REGULAR MEETING.

"IT IS RUMORED THE SOVIETS ARE NOT EXPECTED TO ATTEND" THE NEXT MEETING OF THE DEPUTY COMMANDERS, THE NEWSPAPERS SAID. "IT APPEARS THE SOVIETS DOUBT THE NECESSITY OF FURTHER MEETINGS OF THE ALLIED KOMMANDANTURA."

IF THE RUSSIANS WALK OUT OF THE KOMMANDANTURA, IT WOULD HAVE THE EFFECT OF SPLITTING BERLIN INTO AN EASTERN AND WESTERN SECTION AND ENDING THE LAST FUNCTIONING FOUR POWER OPERATION IN GERMANY.

BERLIN, JUNE 20-(AP)-THE U.S.ARMY TONIGHT STOPPED SENDING SUPPLIES INTO BERLIN BY RAIL FOR THE AMERICAN POPULATION. THE ACTION WAS TAKEN RATHER THAN SUBMIT THE TRAINS TO SOVIET INSPECTION.

A BERLIN-BOUND MILITARY FREIGHT TRAIN WAS PULLED BACK FROM THE SOVIET ZONE CONTROL POINT AT MARIENBORN RATHER THAN PERMIT THE RUSSIANS TO OPEN ITS CARS AND INSPECT THE CARGO, AMERICAN OFFICIALS SAID.

JUN 1948

IF THE RAIL FREIGHT STOPPAGE CONTINUES, IT WILL MEAN THAT 10,000 U.S.PERSONNEL IN BERLIN WILL HAVE TO BE SUPPLIED BY AIR.

A SIMILAR RUSSIAN DEMAND FOR INSPECTION STOPPED ALLIED PASSENGER TRAIN SERVICE IN APRIL.

THE RUSSIANS DEMANDED THE RIGHT OF FREIGHT INSPECTION UNDER THEIR NEW BORDER CONTROL REGULATIONS. THEY CLAIMED THEY PUT THE NEW REGULATIONS INTO EFFECT TO STOP CURRENCY SMUGGLERS FROM WESTERN GERMANY.

GERMANS IN THE AMERICAN, BRITISH AND FRENCH ZONES BEGAN TODAY EXCHANGING NEW MARKS FOR OLD UNDER THE WESTERN POWERS' CURRENCY REFORM. THE RUSSIANS FEAR GERMANS WILL SMUGGLE THE OLD MARKS INTO THE SOVIET ZONE, WHERE CURRENCY REFORM HAS NOT YET TAKEN PLACE.

THESE SOVIET RESTRICTIONS HAVE STOPPED ALLIED AND GERMAN PASSENGER TRAVEL FROM WESTERN GERMANY INTO THEIR ZONE AND HAVE IMPOSED RIGID INSPECTION ON ALL LAND AND FREIGHT TRAFFIC.

THE U.S.MILITARY FREIGHT TRAIN WHICH CROSSED THE SOVIET ZONE BORDER TONIGHT WAS THE FIRST SINCE THE RUSSIANS IMPOSED THEIR NEW RESTRICTIONS FRIDAY MIDNIGHT.

"THE RUSSIANS WANTED TO OPEN THE CARS AND INSPECT THE CARGO, WHEREAS PREVIOUSLY THE PRESENTATION OF CARGO LISTS WERE SUFFICIENT," AN AMERICAN TRANSPORT OFFICIAL SAID.

"WE SAID 'NO.' WE DID NOT WANT THE RUSSIANS TO GO THAT FAR. WE THOUGHT THEY WOULD BE SATISFIED WITH INSPECTING TRAIN PERSONNEL IN THEIR SEARCH FOR CURRENCY. THIS ISSUE HAS BEEN REPORTED TO THE HIGHEST LEVELS FOR A DECISION."

SOVIET MARSHAL VASSILY SOKOLOVSKY ISSUED A PROCLAMATION FRIDAY DESCRIBING THE WESTERN CURRENCY REFORM AS "THE FINAL DIVISION" OF GERMANY. HIS STATEMENT HAS BEEN REPEATED OVER THE SOVIET-CONTROLLED BERLIN RADIO EVERY FEW HOURS. THE AMERICAN LICENSED NEWSPAPER DER TAGESSPIEGEL SAID THIS REPETITION RECALLED NAZI PROPAGANDA METHODS.

(PRAVDA, COMMUNIST PARTY NEWSPAPER, CARRIED THE ONLY EDITORIAL COMMENT IN MOSCOW TODAY ON THE ACTION OF THE WESTERN POWERS. IT SAID THE CURRENCY REFORM "DIVIDES WITH FINALITY THE WESTERN PART FROM THE REMAINDER OF GERMANY).

RUSSIAN LICENSED NEWSPAPERS STEPPED UP THEIR DEMANDS THAT THE WESTERN ALLIES GET OUT OF BERLIN. THE BERLINER ZEITUNG SAID:

"AT THE SAME TIME, I LEARN WITH SATISFACTION OF YOUR STATEMENT THAT THE SEPARATE CURRENCY REFORM ANNOUNCED FOR THE WESTERN ZONES WILL NOT BE CARRIED OUT IN THE AMERICAN SECTOR OF BERLIN. I TAKE IT FOR GRANTED THAT ONLY ONE CURRENCY WILL CIRCULATE IN BERLIN."

IN HALTING LAND FREIGHT INTO BERLIN, U.S. AUTHORITIES PULLED BACK A BERLIN-BOUND FREIGHT TRAIN FROM THE SOVIET ZONE CONTROL POINT AT MARIENBORN RATHER THAN PERMIT THE RUSSIANS TO OPEN ITS CARS AND INSPECT THE CARGO, AMERICAN OFFICIALS SAID.

WHILE WARNING THE WESTERN POWERS AGAINST INTRODUCING THE NEW CURRENCY INTO BERLIN, HE ACKNOWLEDGED THAT THEY HAD ASSURED HIM PREVIOUSLY THEY WOULD NOT DO SO.

"IT IS SELF-EVIDENT THE INTRODUCTION OF TWO CURRENCIES WOULD UNDERMINE THE ECONOMY AND MONEY CIRCULATION NOT ONLY OF THE AREA OF GREATER BERLIN, WHICH IS SITUATED IN THE SOVIET ZONE AND IS ECONOMICALLY PART OF IT, BUT ALSO THE ECONOMY OF THE SOVIET ZONE, WHICH SOVIET OCCUPATION AUTHORITIES CANNOT ADMIT IN VIEW OF THEIR OBLIGATIONS RESULTING FROM INTERNATIONAL TREATIES."

FRANKFURT, JUNE 20-(AP)-GERMANS BEGAN CHANGING OLD MARKS FOR NEW TODAY IN THE AMERICAN, BRITISH AND FRENCH ZONES.

CURRENCY REFORM WENT INTO EFFECT WITH LONG QUEUES OUTSIDE THE EXCHANGE OFFICES.

EACH GERMAN TURNED IN 60 OLD REICHSMARKS FOR 40 NEW DEUTSCHE MARKS. A MONTH FROM NOW HE WILL RECEIVE 20 MORE NEW DEUTSCHE MARKS.

THIS ONE-FOR-ONE SWAP INITIATING THE REFORM PLAN GAVE NO HINT OF WHAT THE EVENTUAL VALUE OF THE DEUTSCHE MARK WILL BE IN RELATION TO THE OLD. THE FIRST 60 MARKS ARE SIMPLY INTENDED TO TIDE THE GERMANS OVER UNTIL THE REFORM TAKES HOLD. THE MONEY-CHANGING WILL CONTINUE TOMORROW.

THE EXCHANGE RATE IS EXPECTED TO BE ANNOUNCED THIS WEEK. THAT WILL ANSWER SUCH QUESTIONS AS: IF A MAN HAS 1,000 OLD MARKS IN THE BANK, HOW MANY NEW MARKS WILL HE GET FOR IT?

MORE THAN 1,700 POLICEMEN WERE ON DUTY AT FRANKFURT'S EXCHANGE PLACES. ALL REPORTS INDICATED THE LINES WERE ORDERLY.

THE HANDING OUT OF THE NEW MONEY IN FRANKFURT WAS DONE BY 4,000 VOLUNTEER WORKERS IN 390 EXCHANGE PLACES, SET UP IN BANKS, FOOD OFFICES, SCHOOLS AND PUBLIC BUILDINGS.

BLACK MARKET TRADING WAS BADLY DISRUPTED AS THE NEW MONEY WENT INTO EFFECT.

EMERGENCY POLICE WERE CALLED OUT IN HAMBURG WHEN THE MONEY FAILED TO ARRIVE ON TIME AT DISTRIBUTION CENTERS AND PEOPLE BECAME IMPATIENT. NO EXPLANATION FOR THE DELAY WAS AVAILABLE.

POLICE LINKED ARMS TO HOLD BACK THE CROWDS. THEY ESTIMATED THERE WERE ABOUT 5,000 PERSONS WAITING AT EACH EXCHANGE POINT IN THE BIG BRITISH-ZONE PORT CITY.

GERMAN POLICE OF THE AMERICAN ZONE ARRESTED 80 PERSONS TRYING TO SMUGGLE OLD REICHSMARKS INTO THE RUSSIAN ZONE, WHERE THEY STILL ARE GOOD. SOME HAD AS MUCH AS 80,000 REICHSMARKS EACH.

HOLDERS OF THE NEW MONEY WERE HESITANT TO PART WITH IT. IN THE DIMINISHED BLACK-MARKET TRADING, PRICES USUALLY WERE "ASKING PRICES." BUYERS WERE COMPARATIVELY FEW.

THE NEW MONEY WAS DESIGNED AND PRINTED IN THE UNITED STATES LAST FALL AND BROUGHT HERE SECRETLY.

HELMSTEDT, GERMANY, JUNE 20-(AP)-BRITISH AUTHORITIES IMPOSED DRASTIC MONEY CURBS TODAY AT THIS BRITISH-SOVIET ZONE BORDER OUTPOST ON THE ROAD TO BERLIN, AS WESTERN GERMANY'S CURRENCY REFORM WENT INTO EFFECT.

GERMAN TRAVELRS TO AND FROM THE SOVIET ZONE WERE REQUIRED TO GIVE UP ALL THEIR OLD MARKS EXCEPT SIXTY. BY MIDDAY, GERMAN POLICE HAD FILLED A GREEN CANVAS SUITCASE WITH ABOUT HALF A MILLION CONFISCATED OLD MARKS.

SOME OF THE GERMANS GAVE UP THEIR MARKS TO THE BRITISH AND THEN WERE TURNED BACK BY THE RUSSIANS AT THE SOVIET OUTPOST. THE BRITISH THEN REFUSED TO GIVE THEM THEIR MONEY BACK.

A BRITISH FRONTIER CONTROL OFFICER EXPLAINED THAT THE MEASURES WERE MEANT TO HIT BLACK MARKET OPERATORS.

HOWEVER, THE RESTRICTIONS WERE A HEAVY BLOW TO GERMANS RESIDING IN THE SOVIET ZONE WHERE THE OLD MARKS ARE STILL GOOD.

"IF THEY LIVE IN THE SOVIET ZONE THEN THEIR MONEY SHOULD BE OVER THERE," A BRITISH OFFICER SAID.

GERMANS RESIDING IN THE SOVIET ZONE WERE THE ONLY TRAVELLERS WHOM THE RUSSIANS ALLOWED TO CROSS INTO THEIR ZONE.

THE AUTOBAHN TO BERLIN REMAINED CLOSED TO EVERYBODY ELSE FOR THE SECOND STRAIGHT DAY.

Warsaw, June 20-(AP)-An American girl who forsook co fort at home to teach English to Poles of [redacted] left [redacted] today, satisfied she had done a good job.

Pr y, blonde Miss Anne Waterman, 22, laid down her textbooks in the battered university of Warsaw and entrained for Paris on the first leg of her trip to the United States. She is the daughter of Dr.Alan T. Waterman, navy department scientist of (4711 Rodman St.,N.W.) Washington, D.C.

Fresh out of Vassar college and "tired of doing nothing," she came to Poland in 1946. She lived in a cold, crowded room near the university. Often she braved the criticism of Polish communist professors who resented her talks about American freedom to Poles from 17 to 70.

She said: "Often things were difficult. But I'm glad I came. I've done something wonderful. I've met Poles. They've met me. I know that regardless of the political situation, Poles like Americans and our freedom."

She estimated that 60 out of her 120 students had learned English. Others, she said, have started thinking about what is going on elsewhere in the world.

Miss Waterman said she is NOT coming back.

BELGRADE, YUGOSLAVIA, JUNE 20-(AP)-TWO FORMER YUGOSLAV CABINET MEMBERS HAVE BEEN EXPELLED FROM THE NATIONAL FRONT FOR ALLEGEDLY SABOTAGING THE COUNTRY'S FIVE-YEAR REHABILITATION PLAN.

THEY ARE SRETEN ZUJOVIC, FORMER MINISTER OF FINANCE, AND ANDRIJA HEBRANG, FORMER MINISTER OF LIGHT INDUSTRY AND ONE-TIME PRESIDENT OF THE NATION'S PLANNING COMMISSION.

THEY WERE CHARGED WITH "ENEMY AND ANTI-PEOPLES' WORK."

THE NEW GENERAL SECRETARY OF THE FRONT, WHICH EXPELLED THE TWO AT ITS ANNUAL MEETING SATURDAY, IS MINISTER OF AGRICULTURE PETER STAMBOLIC. HE SAID ZUJOVIC AND HEBRANG CAMOUFLAGED THEIR "DAMAGING WORK" WITH THEORIES THAT THE FIVE-YEAR PLAN WAS UNREAL AND COULD NOT BE REALIZED.

THE FIVE-YEAR PLAN, CALLING FOR INDUSTRIALIZATION, ELECTRIFICATION AND AGRICULTURAL UPBUILDING COSTING $5,566,000,000 WAS ANNOUNCED TO THE NATIONAL ASSEMBLY IN APRIL, 1947, BY HEBRANG, THEN PLANNING COMMISSION CHIEF.

LEAFLETS SHOWERED DOWN IN THE NORTHERN PINDUS AREA TOLD THE COMMUNIST-LED GUERRILLAS:

"THE STORM IS COMING. YOU ARE SURROUNDED EVERYWHERE. X X X OUR NEW WEAPONS ARE SPREADING DEATH AND DESTRUCTION."

SOME LEAFLETS GAVE DETAILED INSTRUCTIONS ON HOW TO SURRENDER, OTHERS WERE SAFE CONDUCT PASSES, TELLING GREEK SOLDIERS NOT TO HARM THOSE SURRENDERING AND TO CONDUCT THEM TO SAFE PLACES.

"YOU ARE FIGHTING FOR YUGOSLAVIA, ALBANIA AND BULGARIA AGAINST GREECE," THE WARNINGS SAID. THEY PREDICTED GUERRILLA LEADERS WILL ABANDON THEIR FORCES.

GREEK ARMY UNITS MASSED FOR AN ALL-OUT OFFENSIVE IN THE MOUNT GRAMMOS AREA WHERE REBEL CHIEF MARKOS VAFIADES IS BELIEVED TO HAVE HEADQUARTERS.

THE CRACK YANNOULIS BRIGADE OF THE GUERRILLAS, WHICH TRIED TO CUT THE IOANNINA-KONITSA ROAD THREE DAYS AGO WAS ALL BUT WIPED OUT, ACCORDING TO OFFICIAL EPORTS. A GENERAL STAFF COMMUNIQUE SAID THE YANNOULIS BRIGADE LEFT 100 BODIES IN THE VICINITY OF ASPROANGELI DURING ITS RETREAT. PRESS DISPATCHES SAID ANOTHER 47 GUERRILLAS WERE KILLED AND 27 WOUNDED IN A BATTLE FOR CONTROL OF ASPROANGELI AND MOUNT MITSIKELI HEIGHTS.

BITTER FIGHTING WENT ON IN THE NESTORION AND KASTANOHORION DISTRICTS NEAR THE ALBANIAN BORDER.

UNITS OF THE 15TH DIVISION OVERCAME STUBBORN GUERRILLA RESISTANCE AND CAPTURED HEIGHTS DOMINATING THE ALIAKOMON RIVER VALLEY. GREEK PLANES AND ARTILLERY WERE CALLED IN TO POUND FORTIFIED POSITIONS.

THE HEIGHTS ARE REGARDED AS A KEY TO THE NATURAL DEFENSES OF THE SOUTHERN APPROACHES TO GRAMMOS. OTHER HEIGHTS IN THE VICINITY WERE OCCUPIED BY ARMY FORCES.

REPORTS SAID GUERRILLAS HAVE PREPARED POSITIONS FIVE LINES DEEP ALONG THE SOUTH GRAMMOS DISTRICT, AND THAT SOME FIELDS HAVE BEEN MINED.

AIR FORCE PLANES CONTINUED TO ATTACK VILLAGES IN THE VICINITY OF GRAMMOS AND ONE REPORT SAID THE PLANES FLEW 47 SORTIES YESTERDAY.

MOSCOW, JUNE 20-(AP)-PRAVDA, COMMUNIST PARTY NEWSPAPER, SAID TODAY THAT CURRENCY REFORM IN THE WESTERN ZONES "DIVIDES WITH FINALITY THE WESTERN PART FROM THE REMAINDER OF GERMANY."

THE ARTICLE, THE ONLY EDITORIAL COMMENT ON THE SUBJECT IN THE MOSCOW PRESS TODAY, APPEARED UNDER THE HEADLINE: "WESTERN POWERS COMPLETE DIVISION OF GERMANY." IT SAID:

"FOR ALL THE INEVITABLE CONSEQUENCES OF THESE SCHISMATIC ACTIONS, RESPONSIBILITY LIES FULLY ON GOVERNING CIRCLES OF THE UNITED STATES, FRANCE, AND BRITAIN."

IT FOLLOWED IN GENERAL THE LINE TAKEN BY MARSHAL VASSILY D. SOKOLOVSKY, SOVIET COMMANDER IN GERMANY, IN HIS OFFICIAL APPEAL TO THE GERMAN PEOPLE. HIS APPEAL, PRINTED IN EVERY NEWSPAPER HERE, MAINTAINED THAT THE AREA OF GREATER BERLIN IS ECONOMICALLY PART OF THE SOVIET OCCUPATION ZONE AND THAT THE DIVISION OF GERMANY IS NOW FINAL AND COMPLETE. HE SAID THE WESTERN ZONES NOW WILL BE DIVIDED FROM THE EASTERN ZONE BY WHAT AMOUNTS TO A STATE BOUNDARY.

PRAVDA SAID A SEPARATE WESTERN GERMANY CURRENCY WAS PREREQUISITE FOR THE CREATION OF A SEPARATE WESTERN GERMAN STATE DOMINATED BY THE DOLLAR. IT ADDED THAT CURRENCY REFORM IN THE WEST "DISORGANIZES INTERNATIONAL TRADE IN GERMANY ITSELF, AS WELL AS BETWEEN WESTERN GERMANY AND EASTERN EUROPEAN NATIONS."

IT PREDICTED GREAT UNEMPLOYMENT IN WESTERN GERMANY AS A RESULT OF THE REFORM, CITING VARIOUS AMERICAN OFFICIALS TO THIS EFFECT. THE ARTICLE ASSERTED THAT CURRENCY REFORM PLAYS INTO THE HANDS OF GERMAN MONOPOLISTS, PUTTING THE ECONOMY INTO THEIR HANDS AND THE HANDS OF THE AMERICANS.

PRAVDA CHARGED THE WESTERN POWERS HAVE SYSTEMATICALLY SABOTAGED SOVIET PROPOSALS FOR AN ALL-GERMAN CURRENCY AND SAID THAT THE "SCHISMATIC ACTIONS OF THE WESTERN POWERS CALL FORTH THE LAWFUL INDIGNATION OF THE GERMAN PEOPLE."

INA'S ECONOMIC PARAPOX (300)

PEIPING, JUNE 20-(AP)-NORTH CHINA IS ENJOYING ITS BEST WHEAT CROP MANY YEARS, BUT THERE ARE NOT ENOUGH HANDS TO HARVEST IT.

THIS PARADOX IN AN OVERPOPULATED COUNTRY IS DUE TO CONSCRIPTION F MANY ABLE BODIED FARMERS AND THE FLIGHT OF MANY MORE TO ESCAPE NDUCTION INTO THE ARMY.

GEN. FU TSO-YI, GOVERNMENT COMMANDER FOR NORTH CHINA, HAS DECIDED TO USE SOME OF HIS TROOPS TO HELP WITH THE HARVEST, BUT MANY PEOPLE THINK THIS ACTION MAY HAVE COME TOO LATE TO SAVE MUCH OF THE CROP.

WHEAT--NOT RICE--IS THE MAINSTAY OF NORTH CHINA, BUT THERE IS NOT ENOUGH TO GO AROUND.

THE UNITED STATES CHINA RELIEF MISSION IMPORTS WHEAT, BUT THE AMERICAN TAXPAYER TAKES A BEATING ON IT. TO BUY AND IMPORT A TON OF U.S. WHEAT COSTS ABOUT $200 A TON. IT IS SOLD HERE FOR $60 A TON, THE PROCEEDS GOING TO FINANCE VARIOUS WELFARE PROJECTS.

THE LOW PRICE IS INTENDED TO HELP HOLD DOWN INFLATION. ALSO, IF IT WERE ANY HIGHER, PEOPLE COULD NOT AFFORD IT.

JUN 1948

PRICES OF OTHER COMMODITIES HAVE RISEN SHARPLY, NEVERTHELESS. THE SPECTACULAR SLUMP IN CHINESE CURRENCY, ESPECIALLY IN THE PAST WEEK, HAS HIT THE CHINESE EQUIVALENT OF THE WHITE COLLAR CLASS VERY HARD. RENT AND A BIT OF FOOD ARE ALL A SALARIED PERSON CAN PAY FOR.

FARMERS, SHOPKEEPERS AND RICKSHAW COOLIES ARE BETTER OFF. THEY CHARGE MORE AS THEIR COSTS RISE. THE AVERAGE RICKSHAW COOLIE MAKES MORE MONEY THAN A SCHOOL TEACHER.

BANKS AND BUSINESS HOUSES HAVE HAD TO ADD EXTRA STRINGS OF BEADS TO THEIR ABACUSES TO KEEP PACE WITH LARGER SUMS. AIRLINES HAVE HIRED EMPLOYES WHOSE SOLE DUTY IS TO COUNT THE BILLIONS OF CHINESE DOLLARS TAKEN IN EACH DAY.

EVEN HEAVEN IS AFFECTED BY INFLATION. "JOSS MONEY," BURNED AT FUNERALS FOR USE OF THE DEAD IN THE NEXT WORLD, IS NOW PRINTED AT FACE VALUES AS HIGHAS $100,000,000,000 (BILLION) DOLLARS.

AN AMERICAN STUDYING CHINESE COMPLAINED TO HIS TUTOR THAT HE WAS NOT GETTING ANYWHERE WITH THE LANGUAGE, AS "ALL I CAN TALK ABOUT IN CHINESE IS HIGH PRICES."

"WELL," REPLIED THE TUTOR, "THAT'S ALL WE CHINESE TALK ABOUT."

THE COMMONEST PHRASE IN PEIPING TODAY IS "CHIEN PU CHIH CHIEN," OR "MONEY ISN'T WORTH MONEY."

SINGAPORE, MONDAY, JUNE 21-(AP)-POLICE ARRESTED 300 SUSPECTED COMMUNISTS THROUGHOUT MALAYA TODAY IN A DETERMINED DRIVE AIMED AT SMASHING A SEVEN-WEEKS-OLD WAVE OF VIOLENCE, ALLEGEDLY INSPIRED BY COMMUNISTS.

DISPATCHES FROM NORTHERN MALAYA INDICATED MANY COMMUNIST SUSPECTS ESCAPED THE POLICE NET.

THE RAIDS WERE AIMED SIMULTANEOUSLY AT THE HEADQUARTERS OF THE MALAYAN COMMUNIST PARTY IN KUALA LUMPUR AND BRANCH OFFICES IN OTHER CITIES. ALSO RAIDED WERE OFFICES OF THE NEW DEMOCRATIC YOUTH LEAGUE, THE MALAYAN PEOPLES ANTI-JAPANESE ARMY EX-SERVICES ASSOCIATION AND CERTAIN TRADE UNIONS. THE RAIDS ARE CONTINUING.

IN THE MEANTIME, GUNMEN CLAIMED THE 26TH VICTIM OF THE CURRENT PERIOD OF VIOLENCE. A CHINESE WAS SHOT AND KILLED NEAR TAIPING, IN PERAK STATE. HIS IDENTITY WAS NOT IMMEDIATELY MADE KNOWN.

A FORMER JAPANESE ARMY DOCTOR WHO POLICE BELIEVE WAS SLATED TO BECOME MEDICAL OFFICER FOR A COMMUNIST GUERRILLA BAND WAS ARRESTED YESTERDAY.

MARSHALL PLAN

WASHINGTON,JUNE 20-(AP)-ASSISTANT SECRETARY OF STATE WILLARD THORP INDICATED TODAY IN A CAUTIOUSLY WORDED STATEMENT THAT THE UNITED STATES HAS SHARPLY MODIFIED ITS ORIGINAL PROPOSALS FOR CONTROLLING CURRENCY VALUES AMONG THE MARSHALL PLAN COUNTRIES OF WESTERN EUROPE.

THE ISSUE IS UNDERSTOOD TO HAVE BEEN A DIFFICULT ONE IN THE NEGOTIATIONS NOW UNDERWAY BETWEEN THE UNITED STATES AND THE 16 MARSHALL PLAN COUNTRIES FOR MASTER AGREEMENTS COVERING THE EXTENSION OF AMERICAN AID UNDER THE EUROPEAN RECOVERY PROGRAM.

ABOUT SIX WEEKS AGO THE UNITED STATES DISTRIBUTED AMONG THE OTHER COUNTRIES TENTATIVE AGREEMENTS TO SERVE AS A BASIS FOR NEGOTIATIONS. ALMOST IMMEDIATELY THE BRITISH, DANISH AND OTHER GOVERNMENTS BECAME CONCERNED THAT THE UNITED STATES WAS ASKING THE 16 COUNTRIES TO MAKE COMMITMENTS WHICH WERE UNACCEPTIBLE, ESPECIALLY ON CURRENCY CONTROLS AND ON TARIFFS.

THE BRITISH, PARTICULARLY, WERE ALARMED LEST THE UNITED STATES DEMAND SOME RIGHTS OVER THE VALUE OF THE POUND STERLING WHICH MIGHT LATER GIVE THE EUROPEAN RECOVERY ADMINISTRATION IN THIS COUNTRY A LEGAL BASIS FOR DEMANDING THAT THE VALUE OF THE POUND BE SLASHED FROM ITS PRESENT GOVERNMENT-SET $4 LEVEL.

THORP SAID IN HIS STATEMENT TODAY, "AT THIS POINT OF THE NEGOTIATIONS IT CAN BE SAID THAT IN THEIR PRESENT FORM THE PROPOSED AGREEMENTS CONTAIN NO PROVISION WITH RESPECT TO EXCHANGE RATES TO WHICH OBJECTION HAS BEEN RAISED BY ANY EUROPEAN GOVERNMENT."

SINCE THE EARLIER DRAFTS OF THE AGREEMENTS HAD RAISED OBJECTION FROM THE EUROPEANS, OFFICIALS SAID THAT IT WAS CLEAR THAT THE KEY WORDS IN THORP'S STATEMENT WERE THE WORDS "PRESENT FORM."

THORP IS THE PRINCIPAL NEGOTIATOR FOR THE UNITED STATES IN THE TALKS WHICH HAVE BEEN GOING ON BEHIND CLOSED DOORS HERE AT THE STATE DEPARTMENT FOR ABOUT TWO WEEKS..

THORP'S STATEMENT, WHICH THE STATE DEPARTMENT SAID WAS ISSUED "IN RESPONSE TO INQUIRIES," FOLLOWS:

JUN 1948

"TENTATIVE DRAFTS OF BILATERAL AGREEMENTS UNDER THE ECONOMIC COOPERATION ACT WERE DISTRIBUTED OVER A MONTH AGO TO THE VARIOUS EUROPEAN GOVERNMENTS WHICH ARE MEMBERS OF THE ORGANIZATION FOR EUROPEAN ECONOMIC COOPERATION. THE PURPOSE OF THESE DRAFTS WAS TO PROVIDE A BASIS FOR DISCUSSION WITH THE SEVERAL GOVERNMENTS. THE DISCUSSIONS HAVE BEEN GOING FORWARD ACTIVELY BUT THE NEGOTIATIONS HAVE NOT BEEN COMPLETED.

"VARIOUS ANALYSIS HAVE APPEARED IN THE PRESS BASED UPON THESE EARLY TENTATIVE DRAFTS, NOTING PARTICULARLY PROVISIONS RELATING TO EXCHANGE RATES. AT THIS POINT OF THE NEGOTIATIONS IT CAN BE SAID THAT IN THEIR PRESENT FORM THE PROPOSED AGREEMENTS CONTAIN NO PROVISION WITH RESPECT TO EXCHANGE RATES TO WHICH OBJECTION HAS BEEN RAISED BY ANY EUROPEAN GOVERNMENT."

HERETOFORE NO STATEMENTS HAVE BEEN ISSUED AND IT APPEARED THAT THE PURPOSE OF TODAY'S RELEASE WAS TO REASSURE EUROPEAN PEOPLES THAT THE UNITED STATES WAS IN FACT WORKING OUT COOPERATIVE AND REASONABLE AGREEMENTS WITH THEIR REPRESENTATIVES.

THE AGREEMENTS MUST BE COMPLETED AND SIGNED BY JULY 3. OTHERWISE THE LAW REQUIRES THAT AID SHIPMENTS BE STOPPED TO ANY COUNTRY LACKING AN AGREEMENT.

AN AFL CRITIC HAD OBJECTED TO ADMITTING THE WFTU, BUT A COMPROMISE ENGINEERED BY A U. S. UNDERSECRETARY OF LABOR BROUGHT APPROVAL OF WFTU MEMBERSHIP.

UNDER THE COMPROMISE , ADOPTED 31-1, THESE TWO OTHER GROUPS WERE ADMITTED AS MEMBERS.

1. THE INTERNATIONAL CONFEDERATION OF CHRISTIAN TRADE UNIONS, ESTABLISHED IN FRANCE, THE NETHERLANDS AND BELGIUM.

2. THE INTER-AMERICAN CONFEDERATION OF WORKERS, ORGANIZED BY THE AFL A YEAR AGO IN NORTH AND SOUTH AMERICA.

THE CONDITIONS UNDER WHICH THESE TWO--WHICH DO NOT BELONG TO WFTU --WERE ADMITTED WERE THE SAME AS THOSE BY WHICH WFTU WAS ACCEPTED "IN PRINCIPLE" IN DECEMBER, 1947.

UNDERSECRETARY OF LABOR DAVID A. MORSE, WHO INTRODUCED THE RESOLUTION BEFORE THE ILO'S GOVERNING BODY, SAID ITS ACCEPTANCE HAD THE EFFECT OF ALSO GIVING FINAL APPROVAL TO WFTU.

THE DISSENTING VOTE WAS CAST BY HENRYK ALTMAN, POLISH GOVERNMENT REPRESENTATIVE. HE SAID HE OBJECTED BECAUSE INTER-AMERICAN AND ICCTU WERE REGIONAL GROUPS, NOT INTERNATIONAL.

JUN 1948

ALTMAN IS A STRONG SUPPORTER OF WFTU.

FRANK FENTON, INTERNATIONAL REPRESENTATIVE OF THE AFL AND AN AMERICAN WORKERS' DELEGATE, FAVORED THE COMPROMISE BECAUSE THE AFL SPONSORS INTER-AMERICAN.

HOWEVER, HE TOLD THE GOVERNING BODY EARLIER IN THE WEEK THE AFL STAYED OUT OF WFTU AND WOULD REMAIN OUT "UNTIL RUSSIA AND HER SATELLITE NATIONS FREE THE WORKERS IN THEIR COUNTRIES."

THE GOVERNORING BODY'S ACTION ENDED MONTHS OF SQUABBLING OVER WFTU'S STATUS WITHIN THE ILO FRAMEWORK.

A. E. MONK, SECRETARY OF THE AUSTRALIAN COUNCIL OF TRADE UNIONS AND A MEMBER OF THE EXECUTIVE COMMITTEE OF WFTU, ALSO OBJECTED TO ACCEPTING THE OTHER TWO ORGANIZATIONS. HE DESCRIBED THEM AS "PURELY REGIONAL ORGANIZATIONS."

S. LALL, INDIA'S GOVERNMENT DELEGATE, SAID DURING THE DEBATE PRIOR TO THE VOTE IT WOULD BE "A GREAT PITY IF THE ICCTU WOULD BE ADMITTED TO THE ILO."

"I DO NOT LIKE TO SEE THE RELIGIOUS FACTOR ENTER INTO THE ILO," HE SAID.

Berlin Russians Accept Bid To Currency Parley

Four-Power Meeting Of Commanders Expected Also To Discuss Trade Between Zones

EDWIN SHANKE

Berlin, Tuesday, June 22 (AP)—The Russians accepted early today a British proposal for four-power discussions of uniform currency reform in Berlin, the Soviet-licensed German news agency announced.

Berlin is the seat of four-power rule in Germany.

The agency said Marshal Vassily D. Sokolovsky, the Russian commander in Germany, proposed that representatives of the United States, Britain, France and Russia meet at 2 P.M. today.

Acceptance Assumed

The Western Allies' reply to Sokolovsky was not made known immediately, but it was assumed they would accept since the original proposal for the meeting was made last night by Gen. Sir Brain Robertson, the British military governor.

Robertson bluntly told the Russians they had no more rights in Berlin than the Western Allies.

He suggested to the Soviets that they join a four-power meeting to discuss the currency situation in Berlin which now faces the prospect of two kinds of currency—that introduced beginning Sunday by the Allies in Western Germany, and currency soon expected to be produced by the Russians.

Old Mark Used In Berlin

Meanwhile, Adolf Hitler's old Reischsmark still is legal tender in the Russian zone of Germany. Marshall Vassily D. Sokolovsky, the Russian commander, wrote identicl letters to the three western commanders warning them not to attempt to introduce the new currency here. He claimed Berlin is part of the Russian zone.

The news agency's announcement of Russia's acceptance of a currency conference came a few hours after the German economic conference for the Soviet zone placed a currency reform proposal before Sokolovsky. Terms of the proposal were designed to go into effect soon in Berlin and the Russian zone.

The commission said it was intended as an answer to western currency reform and "to protect the population and economy of the Soviet occupation zone."

Also To Discuss Trade

The news agency revealed that in addition to Robertson, Lieut. Gen. Joseph Pierre Koenig, the French commander, and Gen. Lucius D. Clay, the American military governor, wrote letters to Sokolovsky proposing the four-power conference.

The four powers also will discuss the "best methods" of continuing thade relations in the western zones and Berlin and the Russian zone following separate currency reforms, the agency said.

Suspends Freifiht Movement

The meeting will be the first four-power commanders' meeting since March 20 when the Russians walked out of the Allied control council.

Clay yesterday suspended the movement of United States military freight trains to Berlin rather than allow inspection of their cargoes by the Russians.

He acted after the Russians refused last night to pass without inspection a train carrying supplies for the 10,000 Americans here. American authorities pulled that train back after it was halted at the Soviet check point of Marienborn.

American personnel in Berlin will be supplied by air through increasing the number of cargo planes flying from Frankfurt, Clay said.

Stands Pat On Policy

The American military governor made it plain he was standing pat on the policy of not permitting the Russians to board United States Army trains.

United States Air Force headquarters in Wiesbaden said the present average of twenty planes daily flying between the American occupation zone and Berlin will be almost doubled under Clay's order. Tomorrow approximately 70 planes will be put into the air to catch up on the backlog of supplies which have piled up since Friday when the last American military train reached Berlin.

The British began running six extra planes daily into Berlin to bypass the Russian blockade of Allied road traffic.

Meanwhile spreading economic paralysis gripped Berlin and presumably the Soviet zone of Germany after the currency reform.

In western Germany consumer goods were reported appearing in volume on store shelves. The change in money there and the limited amount of the new currency distributed thus far had produced a situation in which goods were more plentiful than money for the first time since the war.

10 BILLION NEW MARKS PLANNED FOR WEST REICH

Allies Set the Maximum Circulation Figure Under Reform.

Frankfurt, June 21 (A. P.).—Allied officials said tonight that the issuance of 10,000,000,000 new marks has been authorized for western Germany.

The officials said this is the maximum amount of the new deutschemarks German banks will be allowed to circulate after the completion of currency reform. Issuance of the new marks began yesterday in the United States, British and French zones. Germany now has an estimated 100,000,000,000 marks in circulation—about ten times more than before the war.

If the international value of the mark is set at 30 cents, the total issue of the new money would be worh $3,000,000,000. The officials said said they are unable to say how much of the new money will be put into circulation in the near future. It was understood that if, after a certain period, western Germany's economy gets back on its feet, further issues of a maximum of 1,000,000,000 marks at a time may be permitted under restricted conditions.

British, Russians Display Arms At Border

Helmstedt, Germany, June 21 (AP)—A British armored car moved up to within sight of the Russians at this zonal frontier point today as the Soviet blockade of Allied automobile traffic remained in force for the third straight day.

On the Russian side, Russian guards appeared with fixed bayonets.

The armored car, a Humber, equipped with machine guns, anti-tank guns and a radio, backed up against a tree just behind the British check point and about 100 yards from the Soviet outpost.

A British officer said the car was "here for security reasons" and that others were in the vicinity.

A column of ten armored cars arrived here Saturday when the Russians cut off Berlin-bound traffic in the wake of western Germany's currency reform. Today was the first time, however, that one of the cars ranged to within sight of the Russians.

Supply Trains Still Idle

Berlin, June 21 (AP)—Supply trains for Berlin's 10,000 or so Americans are at a standstill today because of a United States-Russian deadlock stemming from currency reform.

KASIDCHKE

The Soviet commander in Germany later declared the money reform completes the division of Germany.

United States freight trains to Berlin must pass through the Soviet occupation zone and American authorities stopped them last night, rather than submit their cargoes to Soviet inspection. The air remained the only supply channel.

Russian officials insisted inspection was necessary to keep smugglers from bringing currency worthless in the Western zones into the Soviet zone and Berlin, where it is still good.

Being Replaced

Germany's old reichsmarks lost their worth in the United States, British and French zones under a currency reform begun by the three Western powers yesterday to fight inflation and the black market. They are being replaced by a new unit—the Deutsche mark—whose value is to be made known, probably next week.

"The Russians wanted to open the cars and inspect the cargo, whereas previously the presentation of cargo lists was sufficient," said an American transport official. "We said, 'No.' . . . This issue has been reported to the highest levels for a decision."

In a letter made public early today, Sokolovsky said the money reform breaks Big Four agreements and completes the division of Germany.

The letter replied to one from Gen. Lucius D. Clay, United States commander and military governor, notifying Sokolovsky of the step.

"I learn with satisfaction of your statement that the separate currency reform announced for the Western zones will not be carried out in the American sector of Berlin," he said. "I take it for granted that only one currency will circulate in Berlin."

West Germans began turning in old marks for new at exchange offices yesterday. Each got 40 new ones to tide him over and a promise of twenty more in a month in a straight trade, mark for mark.

This week they will hand over the rest of their old marks. Then they will be told how many new ones they are to get back.

Reconsideration Is Urged Of Krupp Men's Acquittal

NUERNBERG, June 21 (AP).—The prosecution asked an American war-crimes court today to reconsider its acquittal of twelve Krupp officials on charges of plotting aggressive war.

The chief of counsel, Brigadier General Telford Taylor, argued that the court erred in requiring the prosecution to prove that the Krupp officials knew in advance the specific plans for Hitler's invasions.

"Under such an interpretation," General Taylor said, "a man who joins with and supports a group of gangsters in an undertaking to rob a series of banks cannot be held criminally responsible unless he knew which particular bank would be robbed first."

Before another court, the prosecution is still trying to convict twenty-three I. G. Farben Chemical Company officials of war plotting charges.

U. S. ARMY UNITS TRAIN IN GERMAN WAR GAMES

FRANKFURT, Tuesday, June 22—(AP) Ten thousand American troops swarmed into the Bavarian hills around Nuernberg today in the biggest U. S. training maneuvers in Europe since the war.

For four days the First Infantry Division and the Second Constabulary Regiment will fight a mock battle along a 10-mile front in the nearest approach to wartime conditions that training exercises can provide.

The training area is about 50 miles from the Soviet Zone of Germany where Russian occupation troops recently held large-scale maneuvers.

RUSSIANS SEIZE G. I.'S PRISONER

Vienna, June 21 (A. P.).—Russian soldiers at gunpoint snatched a prisoner today from an American Military Policeman on patrol in Vienna's international zone.

Sgt. Merrill Allen of Stonington, Me., reported that he had picked up Fritz Nanseck, Austrian interpreter for the American Criminal Investigation Division. Nanseck was said to have been causing a disturbance. With Allen at the time on early morning patrol were British, French and Russian Military Policemen.

As Allen was driving past the Russian headquarters, he said the Russian M. P. grabbed the wheel of the car in which they were riding and shouted for help. Two Russian officers and two soldiers took the prisoner away and held Allen for fifteen minutes, he reported. Nanseck was released a few hours earlier.

Greeks Advance 4 Miles Into Rebel Zone

CHAKALES

Athens, June 21 (AP)—The Greek 9th Division advanced 4 miles into guerrilla territory north of Konitsa today in an opening move of the greatest offensive of the long civil war.

Official sources said no opposition was encountered after the jumpoff last night. Press dispatches said a guerrilla force called Unit 670-A, commanded by a Captain Kikitsos, deputy chief of staff to Communist Leader Markos Vafiades, is pitted against the 9th Division.

It is one of six divisions, estimated to total 70,000 troops, moving to erase about 7,000 rebels in the northern mountains near Albania.

Asked To Surrender

Dwight P. Griswold, chief of the American Mission to Aid Greece, made a radio speech appealing to guerrillas to surrender.

"I hope and pray that Greeks fighting against their own people and country will surrender so this bloodshed will end soon," he said.

The speech was translated and relayed in Greek. Griswold said the military situation of Greece is "vastly improved." He said it was unsatisfactory several months ago.

Griswold said American millions had brought about declining prices in Greece, a balanced budget and a stable currency. He said reconstruction is going on in high gear. He called for "more democratic representative and economic management of people affairs in the provinces."

Combat Raging

The Greek 9th Division is commanded by Brig. Gen. Stylianos Manidakis. Among those reported under the rebel command of Kikitsos is one Yannoulis, who was host to the first United Nation Balkan Commission last year at Kastanofiton, when it tried, without success, to meet Vafiades.

The Greek 15th Division was reported fighting violently south of Nestorion with heavily fortified guerrilla units.

Six divisions, backed by planes and artillery, jumped off last night in the greatest offensive of the long civil war. The operation, planned and supervised by the Greek General Staff with American advisers in the field, is aimed at wrecking the guerrillas of Markos in their main stronghold.

Seven thousand rebels—the Greek Army calls them bandits—are reported in a 1,000-mile square Grammos Mountain area along the Albanian border. Markos's headquarters and the main guerrilla supply bases are believed to be in this region, which is dotted with mountain peaks, some as high as 7,000 feet—probably the roughest terrain in Greece.

Try To Close Trap

The Army, in its offensive, is trying to sew up this rebel pocket on three sides—on a line roughly south from the Albanian border to Ioannina, from Ioannina east and north to Grevena and from Grevena north to Nestorion and the Albanian border. The border itself forms the top of the pocket.

Before the operation could start, 28 heavily fortified machine-gun posts north and west of Nestorion had to be taken. One American officer said the positions were comparable to anything he saw in Germany.

The Army tried to blast them with 25-pound artillery shells and 250-pound aerial bombs. That proved futile and infantry men were sent in and cleaned the position out with bayonets. The Army said guerrilla casualties were heavy.

Have Air Support

Two of the three squadrons in the Greek Air Force are backing the Army's play and 100 pieces of artillery, mostly American-made, are pounding rebel positions on the Mount Grammos approaches.

According to the best available estimates, Markos has some seven brigades and several independent battalions under his command in the fighting zone.

One authoritative source said the rebels have only twelve to sixteen pieces of artillery in the area, plus a small number of 20-millimeter anti-aircraft guns. American military authorities said the lineups appeared to mean that Markos will be unable to mount any serious counterattack. His other alternative would be to pull back into Albania.

GREEKS CLAMPING PINCER ON REBELS

Seeking To Trap 7,000 Guerrillas Near Albania

L.S. CHAKALES

Athens, *Tuesday*, June 22 (AP)—Front dispatches indicated today a Greek army pincer movement was under way to seal off the Albanian border and trap 7,000 guerrillas.

Early morning reports said a column of Government troops was driving from Konitsa toward an apparent juncture with forces moving from the Nestorion region in a move to block the guerrillas' northern escape route. On both fronts the Greek troops are close to the Albanian frontier.

The 9th Division reportedly advanced more than 10 miles northeast of Konitsa. Units of the 1st and 15th divisions were said to be 6 miles west of Nestorion. This would place them about 10 miles apart. They were meeting stiff resistance over rugged terrain.

Van Fleet Inspects Areas

Lieut. Gen. James A. Van Fleet, chief of the American military mission to Greece, began an inspection trip of forward areas late yesterday. He will visit the Nestorion region where reported fanatical guerrilla resistance has slowed the army's pace on the eastern front.

The 9th jumped off Sunday night from Konitsa and began a steady drive toward the core of guerrilla forces as six divisions began an all-out campaign to break the Communist rebellion.

Dispatches said troops of the 9th moved ahead 4 miles without any opposition when the division opened its push. It is not known what point the 9th has for its objective, but it was reported rolling rapidly over wild mountain terrain.

Advised By American

The division was said to be inflicting heavy punishment on the guerrillas, and to have captured heights within 3 miles of the town of Pyrsoyani. The 9th is being advised by American Lieut. Col. Joseph D. Iseman, of Pittsburgh.

An official announcement said contact has been established with the guerrillas along the long semi-circle in the northern mountains.

Rebel Chieftain Markos Vafiades is believed to have his headquarters in the northern mountains—focal point of the three-pronged Nationalist drive. The Greek troops hope to corral the guerrillas in a pocket which has its mouth on the Albanian border.

Appeals For Surrender

Dwight P. Griswold, chief of the American aid mission to Greece, appealed in a radio address for the rebels to surrender. His speech, translated and relayed in Greek, asked that the bloodshed cease, and said the military situation in Greece is vastly improved over its unsatisfactory condition of several months ago.

A press dispatch, which was neither confirmed nor denied at Greek army headquarters, said a radio message from Vafiades to Marshal Tito of Yugoslavia asking for help had been intercepted.

The biggest push against the guerrillas—the Government is using an estimated 70,000 troops—got into gear Sunday night. It was learned today that American fire bombs were rained on guerrilla positions near Nestorion before H-hour.

It is estimated there are 7,000 rebels in the northern mountains near Albania, composing the backbone of guerrilla resistance.

The Army campaign is being directed by Lieut. Gen. Panos Kalegeropolous, who is being advised by American military experts.

Facing the Greek 9th Division is a guerrilla unit identified as 670-A which is said to have been reinforced recently. Competent military authorities said, however, that the reinforcements are conscripts who are seeking a way to surrender.

Sunday leaflets were dropped on rebel positions warning them to surrender. Other leaflets gave directions for surrenderinig and were "tickets" of safe conduct, telling Greek soldiers not to harm those who give up.

Nestorion Engagement

The 15th Division was reported to be heavily engaged with rebels in the Nestorion region.

Fire bombs were used for the first time in a preoffensive attack on guerrilla machine gun positions covering the Aliakmon River Valley. This valley is considered a key position in the Grammos Mountains. Military authorities said it has been a corridor for guerrilla entrance and exit across the Albanian border.

The guerrilla forces are reportedly concentrated in an area 1,000 miles square in the rough mountain country near the Albanian border.

A Greek naval court today sentenced to death 40 of 119 former navy men and civilians charged with treason and attempted sabotage of two cruisers and naval installations.

The court sentenced 21 naval commissioned and petty officers to life imprisonment. Nine received ten-year sentences, ten were given two-year terms, three were put on probation and the rest acquitted.

Greeks Sentence 8 To Die In Assassination

Athens, June 21 (AP)—A Greek military court today sentenced eight persons to death for the assassination of Justice Minister Christo Ladas on May Day.

Those sentenced included Efstratos Moutsoyanis, 22, a factory worker, who confessed throwing a grenade into Ladas's automobile. He was a key witness against the other conspirators.

Discrimination Alleged

Despite the steady stream of American aid, American business men point out that they have been discriminated against steadily since V-J day; that American businesses have been forced out of operation because of Chinese Government monopolies and, despite assurances from Nanking, the monopolies are steadily being strengthened.

American tempers as well as Chinese are growing thin, and the opposing viewpoints are spreading further apart.

Anti-Chinese Feeling Grows Among Americans In Orient

HAMPSON

Shanghai, June 21 (AP)—The anti-American feeling of China's intelligensia is being reflected in an equally unsympathetic anti-Chinese feeling among Americans in China.

American nationals are tired of being continual targets of demonstrations by students and professors and of disapproval of official circles while the United States pours hundreds of millions of dollars into the attempted salvation of the country.

An American business man expressed the general attitude:

"Do they expect us to spend millions of dollars daily to keep Japan weak and at the same time spend hundreds of millions in another try to make China strong which probably won't succeed any more than in the past?"

The Chinese Government tried to soft pedal the anti-American outbreaks until a new loan was in the bag. Now that China seems assured of continued aid from the United States, Government spokesmen take few pains to disguise their disapproval of the American program in Japan.

China Is Called Lax

Americans here retort: It isn't what America is doing for Japan that is a threat to China but what China is failing to do for herself.

They contend that China could well be on the road to becoming the leader in Asia if the help given her had been wisely expended.

Instead, China has been unable to resolve its internal war, institute needed reforms, or set herself on the road to recovery.

Having failed to stabilize either her economy or currency she sees again the prospect of Japan assuming the economic leadership of the Orient.

OFFICIAL DEFENDS U. S. JAPAN POLICY

MacArthur Adviser Dispatches Strong Reply to Criticism From Chinese Sources

TOM LAMBERT

TOKYO, Tuesday, June 22 (AP)—A United States spokesman today described as "absurd falsification" unofficial Chinese charges that America was building a war machine or an economic giant in Japan. The official denial is included in a firm note to the United States Consulate General in Shanghai from William Sebald, chief of Gen. Douglas MacArthur's diplomatic section and acting United States political adciser for Japan.

The 1,600-word note marks the first official recognition by United States authorities in Japan of the anti-American and anti-Japanese attitude in China, as expressed by Chinese student demonstrations (in which faculty members have joined) and Chinese newspaper editorials.

Mr. Sebald's note, not published in Tokyo, follows a strongly-worded statement in Nanking recently by United States Ambassador John Leighton Stuart, who said that the American taxpayer could not be expected to support Japan indefinitely and some measure of economic rehabilitation of the defeated nation was necessary.

Mr. Sebald said that the charges and complaints made by various Chinese groups were "misstatement * * * propaganda * * * and absurb falsification."

30.24- 18639

He added if the objectors to American policy were "aware of the true facts," they would "know that the occupation of Japan is being pursued in accordance with Allied policy, with firmness and with justice."

"The misstatements are so numerous an so pronounced that they unfortunately have served to misinform a large segment of well-meaning people in the Republic of China," he declared.

There is considerable concern in Tokyo over the anti-American and anti-Japanese sentiment in China. A Chinese boycott of Japanese-made goods, or a ban on the sale of raw materials to Japan, would handicap greatly the plans for Japan's foreign trade and economic recovery.

Jap Food Outlook Held More Promising

Tokyo, June 21 (AP)—An Allied headquarters spokesman said today Japan's food outlook for the next four months is more promising than it has been since the surrender.

H. F. Alber, chief of the price and distribution division declared the basic staple ration and existing supplemental rations will be met in full until the autumn harvest.

Rice will be imported next month from Egypt, in return for corn from Argentina. The daily rice ration is two-and-a-half cups.

2 Japs Sentenced In Prison Cruelties

Yokohama, June 21 (AP)—Lieut. Kenzo Yamada, former Fukuoka prison camp commander, was sentenced by an 8th Army Commission today to eighteen years at hard labor.

Sergt. Yoshiaki Irie, Yamada's assistant, was sentenced to sixteen years.

An affidavit by J. Collis, Hurstville, New South Wales, Australia, was one of the principal pieces of evidence.

Collis related that G. L. Johnstone, Collinwood, Victoria, died after being beaten by Irie and others for 24 hours on Yamada's orders and then thrown into solitary confinement with only one meal and five drinks of water in eleven days.

Hodge On Visit To Tokyo

JUN 1948

Tokyo, June 21 (AP)——Lieut. Gen. John R. Hodge, commander of American Occupation Forces in South Korea, arrived unexpectedly today for conferences with Far East Command officers.

Hodge described his visit as routine.

However, the headquarters visitors bureau said it learned of his trip only a few minutes before Hodge's plane landed.

In Seoul, Hodge's own information office said it had not know of his departure.

First Visit In Over A Year

The trip was Hodge's first to Japan since March, 1947, when he conferred with General MacArthur.

The biggest problems in Korea currently concern United States relations with the Russians, who occupy the country north of the thirty-eighth parallel.

The Russians recently reiterated a refusal to resume supply power to South Korea from northern hydroelectric plants.

300 Arrested In Raids In Malaya

Singapore, June 21 (AP)—Three hundred or more persons were arrested throughout Malaya today in a drive to stop seven weeks of violence fatal to 26 persons. They were identified by police generally as suspected Communists. Officials blame Communists for the trouble.

Dispatches from up-country said 113 were arrested in Selangor state, which includes Kuala Lumpur, capital of the Malayan Federation; 60, including 10 women, in Perak state; more than 50 in Johore state, and 30 in Negri Sembilan state.

The Kuala Lumpur headquarters and some branch offices of the Malayan Communist party and offices of the new Democratic Youth League, Malayan Peoples Anti-Japanese Ex-Services Association and some trade-unions were raided.

"Very Important Arrests"

A story from Penang Island reported 60 persons arrested there and at Province Wellesley on the mainland across the bay. It quoted Police Chief W. A. C. Haines as saying "very important arrests were made."

His men seized many documents at offices of the Malay Nationalist party, Penang Federation of Trade-Unions, Penang Municipal and Government labor unions and Penang Harbor Labor Association. Most of those held were Chinese.

The twenty-sixth victim was a Chinese shot and killed today near Taiping in Perak.

MALAYAN POLICE HOLD 600 IN ANTI-RED RAIDS

SINGAPORE, June 21 (AP)—Police tonight questioned more than 600 persons rounded up a few hours earlier in a series of anti-Communist raids throughout Malaya.

The prisoners were being held under heavy guard. A large percentage of them are Chinese.

The raids were made in an attempt to break up an organized terror campaign which authorities have blamed on the Communists. In the last seven weeks twenty-six persons have been slain in Malaya and much property burned or smashed.

Dispatches from Kuala Lumpur, Malayan capital, said that most leading Communists and members of Red "killer squads" appeared to have escaped. The Malayan Communist party headquarters there was empty when raided.

British Army units are working with the police to quell the terrorism, Maj. Gen. D. A. L. Wade, commander of the Malaya District, told reporters. The RAF also is helping.

Life insurance rates are being raised by half, effective July 1, in Perak State, a dispatch from Ipoh said.

The twenty-sixth victim of the unrest was a Chinese shot and killed today near Taiping in Perak.

Luis Taruc Surrenders

SPENCER DAVIS

Manila, June 21 (AP)—Luis Taruc surrendered personally tonight to President Elpidio Quirino, who immediately decreed amnesty for Taruc's 50,000 peasant followers in an effort to end two years of bloody warfare.

Necessary congressional approval is expected Tuesday. Then the Hukbalahap and National Peasant Union members will have twenty days to give up their weapons.

Taruc and five lieutenants who surrendered with him, handed over token arms in their quietly dramatic meeting with the President of the Philippines.

Technical Arrest

They were taken to the home of the President's brother and go-between, Judge Antonio Quirino, where they will be under technical arrest until the amnesty is accomplished.

President Quirino avoided the terms "arrest" and "surrender" in his proclamation and conversation, however.

"Let's save their face," he said. "Let's forget technicalities and just say they will be guests of my brother."

Taruc shook hands with the President and then proffered his hand to Brig. Gen. Mariano Castaneda, chief of the Philippines Constabulary.

Denied Congress Seat

Castaneda, who has led his men in ruthless pursuit of the rebellious peasants, took it with obvious embarrassment.

Asked if he thought the amnesty would end the fighting in which more than 1,000 persons have been slain, Castaneda wryly replied, "the age of prophets is over."

He added that he had made preparations for mass registration and surrender of arms.

The amnesty covers rebellion, sedition, illegal association, possession of arms and assault upon persons in authority.

It does not cover murder or rape.

Taruc, an avowed Communist party member, was elected to Congress in 1946 but was denied his seat on charges of fraud. President Quirino said it was up to Congress to decide whether he now could take his place.

Huk Leader Surrenders; Quirino Sets Amnesty

JUN 1948

Manila, June 21 (AP)—President Quirino tonight proclaimed amnesty for the Hukbalahaps after Luis Taruc, leader of the armed peasants, had voluntarily surrendered.

Taruc and his estimated 50,000 followers were given twenty days to surrender their arms.

Quirino and Taruc shook hands after the amnesty proclamation was signed—ending almost two years of fighting in central Luzon.

Quirino said he is "greatly hopeful that in the peace to follow, a program of social amelioration for the masses of this country can be put into effect."

Taruc had flown in only six hours earlier and made a surprise surrender to Quirino personally. His arrival ended weeks of negotiations.

The slender, 34-year-old fugitive, who had been sought by Government troops since August, 1946, returned to the capital in a private plane.

He was met at seldom-used Grace Airport and taken to the home of Judge Antonio Quirino, the President's brother and chief negotiator for the Government's amnesty offer.

bution of an Irgun broadcast tonight which said "some of our people have been killed and wounded."

'Blood Battle' Threatened

The broadcast threatened there would be a "blood battle between Jews" if Haganah did not halt its attacks on Irgun fighters defending the beached ship.

United Nations officials said truce observers were sent at once to the point where the vessel landed.

On April 27, Haganah announced a "general agreement" for joint action was in effect between itself and Irgun. The agreement was ratified by the action committee of the World Zionist Organization and by the Jewish Agency.

Became Political Party

The terms were that Irgun would retain its own military organization and command, but enter into overall military co-ordination with Haganah. Under that clause, Haganah and Irgun could undertake joint or separate operations, but Irgun could not initiate operations without the approval of the Haganah high command.

On June 7, four days before the United Nations truce for Palestine went into effect, Irgun warned it was not prepared to "surrender" to the truce terms for Jerusalem as set up by Count Folke Bernadotte, the United Nations mediator.

On June 15, Irgun said it had become a political party under the name of the "Jewish Freedom Movement."

Irgun's program, announced that day, said the organization would act as a political party in the State of Israel but would remain an underground military group elsewhere.

Haganah Clashes With Irgun

JUN 1948

Tel Aviv, Palestine, June 21 (AP). An Israeli Government communiqué tonight reported there had been an armed clash between Haganah, the regular Jewish army, and the extremist Irgun Zvai Leumi organization.

The communiqué said a boat had landed on the Palestine coast carrying Irgun arms. The vessel, reportedly a landing craft, was beached near Natanya, eighteen miles north of Tel Aviv.

Israeli Government officials clamped a censorship on news concerning the landing for 24 hours. Censors permitted foreign distri-

ISRAELI REGULARS CLASH WITH IRGUN

Tel Aviv, Israel, June 21 (A. P.).—An armed clash between Israel's regular army and the extremist Irgun Zvai Leumi organization was reported tonight in a Government communique. The communique said that a boat had landed on the cost of Palestine carrying Irgun arms.

Arabs Claim Jews Violate Truce

Cairo, June 21 (AP)—The Arab League reported today new complaints of Jewish violations of the Palestine cease-fire have been made to Count Folke Bernadotte, United Nations mediator.

The League secretariat general made public a cable received from the Syrian Government, accusing the Jews of setting fire to four Galilee Arab villages, the latest last Thursday. The villages were Samakh, Abidiya, Khalfa and Zanghariya.

"The Syrian Government submitted a protest to Count Bernadotte against the continuation of Zionist aggression and asked Bernadotte to take the necessary measures to put an end to these acts," the cable read.

Hands Remain Tied

"We informed him we could not remain with our hands tied if the Zionists continued their challenge."

The league secretariat said it had sent a note to Bernadotte's liaison officer which said the league:

1. Still gets reports of Jewish aggressive acts, especially on the Syrian and Iraqi fronts.

2. Has been informed that the (American) vessel Marine Carp left a French port a few days ago for Tel Aviv, carrying men and equipment.

3. Has been told that American planes are en route to Tel Aviv in violation of the cease-fire agreement.

Haifa Rule Considered

London, June 21 (AP)—Britain has asked the United Nations to control the port and military installations in Haifa between the time British troops leave and the Palestine truce ends July 9. The last British troops are due to leave Haifa in about ten days.

Britain feels that the Jews would gain a military advantage—in violation of truce terms—if Israel took over the installations before the truce ends.

Haifa is within the area awarded the Jews under the United Nations partition plan.

A Government informant said Britain's request was made to Count Folke Bernadotte, United Nations mediator.

Syria Charges Israel Violates Truce Again

Cairo, June 21 (AP)—The Syrian Government accused the Jews today of new violations of the Palestine truce. At the same time the Arab League said it has been informed that planes from America are on the way to Israel in violation of the cease-fire.

The league made public a cable from the Syrian Government accusing the Jews of setting fire to four Arab villages in Galilee. The cable said the Syrians have protested to Count Folke Bernadotte, United Nations mediator, "against the continuation of Zionist aggression."

"We informed him," the cable added, "we could not remain with our hands tied if the Zionists continued their challenge."

Marine Carp On Way

The league secretariat also said it has told Bernadotte that the league:

1. Has been informed that the (American) vessel Marine Carp left a French port a few days ago for Tel Aviv carrying men and equipment.

2. Still gets reports of various Jewish aggressive acts, especially on the Syrian and Iraqi fronts.

The Arab states, meanwhile, sent four representatives to Rhodes to supply information to Bernadotte, who is drafting Palestine peace proposals. Four Jewish experts are expected to arrive on the Greek island tomorrow.

Cairo Probes Blast That Killed 20

Cairo, June 21 (AP)—Police investigated today two explosions which killed 20 persons and wounded 41 in the Jewish quarter of Cairo's bazaar district.

The blasts yesterday were three minutes and 150 yards apart. Five houses were destroyed and about twenty damaged. Eighteen of the dead were found in the debris. Two died in hospitals.

Saleh Murtaga Bey, subchief of public security, said last night he believed the explosions were accidental, the result of faulty storage of materials the Jews used to make fireworks.

Five Moslems Sought

But, he added, police still are asking about five Moslems who lived in a Jewish-owned house at the center of the first explosion and who have not been located.

Soon after the disaster, 300 policemen encircled the quarter. Murtaga Bey said they arrested seven Jewish boys with two pushcart loads of unexploded gelignite, neither of them fused.

The boys probably were taking the explosive away, he said, for fear it would blow up or would be found on their premises.

Cairo Blast Toll Rises to 31

CAIRO, Egypt, June 21 (AP)—The death toll from two explosions in the Jewish quarter of Cairo's bazaar district climbed to thirty-one today, the police said. Forty-three were seriously wounded, they added. The Egyptian Gazette listed the dead at thirty-four, with sixty injured, and estimated the damage at $480,000. Four houses and one school were destroyed. The cause of the explosions still is unknown.

Jews Charge British Insulted Israel's Flag

HAIFA, Israel, June 21 (AP).—Jewish port workers charged tonight that British police, leaving Palestine, desecrated the flag of Israel.

The last British police in Haifa left for Britain on the liner Empress of Australia with nearly 1,000 soldiers and a few British civilians.

The police spread a Star of David flag over the ship's gangway, the Jews said, and then stepped on it as they boarded the vessel.

Hindu Succeeds Mountbatten As India Governor General

New Delhi, June 21 (AP)—Lord Mountbatten retired as Governor General today and free India's self-rule by her own people became complete.

Oriental splendor and Western pageantry blended as elder statesman Chakravarthi Rajagopalachari took the oath as Mountbatten's successor, becoming the first Indian ever to hold this important post.

A slender figure in white homespun national garb, Rajagopalachari, 69, stood against a background of rich red velvet drapes embroidered in gold and swore to perform the duties of his new office.

Blames Communal Fighting

An advocate of communal harmony and secular government, he then delivered a message to the people declaring that "what disturbs the peace of India is internecine discord, pure and simple, and it is utter folly."

Less than three hours earlier, Mountbatten, attired in the gleaming white uniform of a British rear admiral, bade farewell to the land whose people called him "one of us." Then he took off for England with his wife and daughter.

About 100,000 persons thronged the municipal grounds last night to say good-bye.

Compromise Is Commended

One of his last official acts was to commend India's draft agreement for compromising the question of Hyderabad's accession to the Indian Union. Dispatches from Madras last night said the Nizam of the princely state had turned down the action "politely, but firmly."

Rajagopalachari — popularly known as C.R.—came here by plane from Calcutta last night, landing in a rain. According to Hindu teachings, that means he brought peace and prosperity to his new assignment.

A lawyer, a skilled political strategist and administrator and an exponent of Mohandas K. Gandhi's policy of nonviolence, he is regarded as one of the most brilliant men in India.

Hindu Takes Governorship

New Delhi, June 21 (AP)—India's first native Governor General was sworn into office today, completing the last step to self-rule in this British dominion.

Amid Oriental pomp 69-year-old Chakravarti Rajagopalachari, Hindu lawyer and politician, assumed the governor generalship.

He succeeded Britain's Lord Mountbatten, to whom some 100,000 Indians bade farewell publicly and with affection yesterday.

The new Governor General, known affectionately as "C.R.," was a confidante and close friend of the late Mohandas K. Ghandi, India's assassinated religious leader. His daughter married Ghandi's son, Devadas.

Able Administrator

Rajagopalachari was premier of Madras from 1937 to 1939, and proved himself an able administrator. Once, during the war he said in a public address calling for unity:

"Let's not be afraid of Britain or anyone else. Let's live in the hope there will be a new order in India which will be worth fighting and dying for. It is impossible that we in India can maintain freedom . . . unless we create a new order.

Rajagopalachari has advocated Hindu-Moslem accord, and has declared publicly that the Moslem state of Pakistan should be recognized in principle.

Differences Settled

He once differed sharply with Gandhi's nonviolence and no resistance doctrine during the war, and advocated an all-out Indian war effort against the Japanese.

These differences were settled in 1944, and he went into the Viceroy's Executive Council (Cabinet) in 1946 as the Congress party's representative.

In a message after his induction today he said that "what disturbs the peace of India is internecine discord, pure and simple, and it is utter folly."

New Minister To Tokyo

New Delhi, June 21 (AP)—B. N. Chakravarty has been appointed to head India's liaison mission in Tokyo. He will hold the rank of Minister. Chakravarty, now counsellor of the Indian Embassy in Nanking, succeeds Sir B. Rama Rau, who is en route to become Indian Ambassador in Washington.

Western Europe, U.S. Military Talks Slated

Washington, June 21 (AP)—Representatives of the western European countries soon will begin military talks with United States defense chiefs. These talks, probably to be held in Washington, will open a new phase in the development of American policy toward Europe.

Officials said today the conversations, in a sense, would be based on the Senate-approved resolution drafted by Senator Vandenberg (R., Mich.). It put the Senate on record as favoring United States support of regional defense alliances where they serve this country's security interests.

One such regional alliance is the still-developing western European union of Britain, France, Belgium, the Netherlands and Luxembourg.

Plan Co-Operation

These nations have laid down plans for broad political, economic and military co-operation which the American Government hopes will provide the nucleus of a United States of Europe.

One agency of that group is a military committee functioning in London. This committee is understood to have made extensive studies of strategic problems of defending western European countries.

The prospective talks will give the American high command its first information on the results of those studies. They also will be aimed at establishing a close liaison.

Later Political Talks Likely

It is expected that political talks will follow eventually. The objective will be to associate the United States with the union in some way that would assure the members of American support in event of armed aggression.

Any such regional defense agreements would have to come within the framework of the United Nations and be approved by Congress.

30.24- 18641

Leaders of the nation's bipartisan foreign policy indicated they were highly pleased with the recent congressional accomplishments—headed by enactment of the multi-billion dollar European Recovery Program.

State Dept., Marshall Pleased

The State Department was equally cheered by passage of the draft bill. Secretary of State Marshall, as well as Defense Secretary Forrestal, had sought the expansion of the armed forces in order to bring American military power more into line with the nation's world-wide commitments.

The largest single problem for which the session supplied no concrete answer was that of direct American military aid or support for the countries of western Europe.

At one point two months ago army and State Department officials hoped that Congress might authorize the President to take weapons out of the American arsenal and furnish them on a loan or grant basis to any country which urgently required assistance, but no such bill was passed.

In the meantime, Norway, uncertain over its future relations with Russia, asked for a few million dollars' worth of arms. The only place where those arms now can come from is the nearly exhausted army surplus.

Expected To Get Some

The Norwegians and other countries will not get all they want at this time, but neither are they likely to be disappointed completely.

The problem of the Scandinavian countries remains uncertain for the time being.

Presumably if they form a defensive alliance of their own the United States would consult with them, but evidently the American Government hopes that these nations will join the western European union.

It is also understood that the United States has told the Swedish Government, informally but very pointedly, that it considers Sweden is pursuing an unworkable and unwise course in trying to hold on to "a kind of neutrality" between east and west.

MILITARY PARLEY FOR EUROPE UNION REPORTED NEAR

WASHINGTON, June 21 — (AP) United States and Western European Union officials are now working out final details of plans for military talks between the American government and the European organization.

The talks are to be held soon, probably in Washington, but possibly in London. They will constitute the opening of the next stage of American foreign policy toward Europe.

State department press officer Michael McDermott, when asked today about an Associated Press disclosure that the meetings will be held, called the report "speculative." He said that the whole matter is under study, and that no decisions have been reached.

U. S. Officials Certain

But from other sources, it was learned that top U. S. officials are certain the talks will take place. The decisions which remain to be made generally deal with the meeting place, who will attend, and the precise scope of the negotiations.

Britain, France, Belgium, the Netherlands and Luxembourg have banded together to create the still developing union. They have set out plans for broad economic, military and political cooperation which many in this country hope will eventually result in a United States of Europe.

A military committee of the union is now meeting in London to study the strategic problems involved in the defense of western Europe. The contemplated talks are intended to give American defense officials their first information on the union's military requirements and lay the groundwork for close cooperation.

Political Talks Also Planned

The military conversations presumably will be followed after by political discussions. These would have the objective of actively associating the United States with the union under the terms of the Vandenberg resolution.

This resolution, introduced by Chairman Vandenberg (R.-Mich.) of the Senate Foreign Relations committee and overwhelmingly approved by the Senate, staked out a new course for U. S. foreign policy. Both the military and political conversation would fall generally within its terms.

The resolution encourages American participation in regional defense arrangements provided the agreements are (1) in the interests of U. S. security; (2) carried out within the framework of the United Nations charter, and (3) made with the approval of Congress.

MARZANI WINS A REVIEW

High Court to Weigh Conviction on Charge of Hiding Red Tie

WASHINGTON, June 21 (AP)—Carl Aldo Marzani, former employe of the State Department and the wartime Office of Strategic Services, today received a Supreme Court review of his conviction on charges of making false statements concerning Communist party activities.

The court will hear argument on the appeal in its next term beginning in October.

Mr. Marzani, in the two Government jobs, handled documents containing top military secrets. He was accused of falsely representing to a superior in the State Department that he had never been a member of the Communist party and had never used the name "Tony Whales."

Mr. Marzani was sentenced in United States District Court here to one to three years of imprisonment. The United States Court of Appeals here affirmed the conviction. In appealing to the Supreme Court Mr. Marzani's lawyers asserted his constitutional rights had been violated.

New Czech Envoy Presents Papers

Washington, June 21 (A. P.).—Dr. Vladimir Outrata, new Ambassador to the United States of the Communist Government in Czechoslovakia, presented his credentials today to President Truman.

Outrata, a career diplomat, told reporters his five-minute conversation with the President was "a great honor." But he said no business was discussed.

Congressman To Inspect U.S. Work In Europe

Washington, June 21 (AP)—Representative Stefan (R., Neb.) planned to leave the Capital today on the first lap of a 30-day tour of Europe.

He is going overseas to observe operations of the Economic Co-Operation Administration, the State Department and the armed forces occupying Germany and Austria.

Before he sails Thursday from New York on the Queen Mary, Stefan will inspect "Voice of America" headquarters and the Office of Information and Education in New York.

He expects to leave for home July 30 from Southampton aboard the Queen Elizabeth.

U. S. CRUISERS TO VISIT GREEK, TURKISH PORTS

WASHINGTON, June 21.—(AP) Three light cruisers from its U. S. Mediterranean fleet will visit Istanbul, Turkey, over the Fourth of July.

The ships are the Fargo, the Huntington and the Juneau (a specially modified anti-aircraft ship). The visit will be made July 1-7.

Vice Adm. Forrest P. Sherman, commander of the 6th Task Fleet, will be aboard the Fargo.

Previous to the Turkish visit, the three cruisers plus four destroyers and five auxiliaries will call at Phaleron Bay and Piraeus, Greece, June 23-28.

Marshall Plan Cuts Studied

Washington, June 21 (A. P.).—Some tentative Marshall plan allocations for Europe may have to be trimmed slightly to make up for the $245,000,000 reduction in funds voted by Congress

Government officials working on buying programs said today, however, that it is too early to tell which countries will have their shipments reduced.

Three U. S. Destroyers Named

WASHINGTON, June 21 (AP)—The Navy identified today the three destroyers designated as coastal patrol vessels to supervise the Palestine truce. They are the Putnam, the Henley and the J. C. Owens.

Deportation of Ludecke Upheld

But Supreme Court Rules 129 Germans Sued Against Ouster in Wrong District.

JUN 1948

Washington, June 21 (A. P.).—A post-war order for Kurt G. W. Ludecke, former member of the Nazi party, to leave the country was upheld today by the Supreme Court, 5 to 4.

In a separate case, 129 other Germans fighting deportation as alien enemies were told in a six to 3 decision that they chose the wrong court when they sued in the District of Columbia. The court said their habeas corpus action should have been filed where they were, which would be in New York. The Germans were picked up in various cities and placed in custody of the Immigration Service at Ellis Island.

Their argument presented similar aspects to that of Ludecke's. However, the court did not rule on the merits of the plea of the 129, deciding the case on jurisdictional grounds alone.

Arrested After Pearl Harbor.

Ludecke was arrested the day after Pearl Harbor and held as a potentially dangerous alien enemy.

In 1946 Attorney-General Clark ordered him deported, but the German native fought back and argue dhis own case before the Supreme Court on May 4.

Justice Frankfurter delivered the majority decision against Ludecke. Justice Douglas wrote a dissent in which Justices Murphy and Rutledge joined. Justice Black also wrote a dissent in which Justices Douglas, Murphy and Rutledge joined.

Ludecke argued that no Government officer has authority to order his removal under the 1798 alient enemy act. He said that since Germany surrendered on May 8, 1945, there was no danger of espionage or sabotage.

Government counsel replied that the war is not yet officially ended and urged the case be decided "just as if the Battle of Bulge were still ranging in Europe."

Strikes Down Arguments.

Frankfurter, for the majority, struck down arguments that the President's power under the alien enemy act does not survive the cessation of actual fighting.

"This claim," Frankfurter said, "in effect nullifies the power to deport alien enemies, for such deportations are hardly practicable during the shooting war."

Frankfurter also objected to the use of the court to "retry" hearings given aliens by deportation officials.

Dissenting, Black asserted that because of the majority opinion, "individual liberty will be less secure tomorrow than it was yesterday."

"Certainly the security of aliens is lessened, particularly if their ideas happen to be out of harmony with those of the governmental authorities," he added.

Douglas Delivers Opinion.

The 129 Germans similarly contended that "since the war, for all intents and purposes, is at an end, there is no lawful authority for their deportation."

Douglas delivered the 6-3 decision. Rutledge dissented and was

backed by Black and Murphy.

James J. Laughlin, an attorney, contended a number of the 129 Germans are not alien enemies and, therefore, could not be removed.

The three dissenters argued that the majority decision "attenuates the personal security of every citizen." They asked what could be done in a case where a prisoner seeking liberty is held somewhere practically out of physical reach of a court or where his actual location is not known.

List of Other Germans.

Laughlin's petition to the Supreme Court, did not list the cities from which the 129 persons were taken. The persons were listed as:

Military Leaders Are Ready To Put Draft in Operation

JUN 1948

Defense Chiefs Setting Up Machinery—21-year-olds to Get First Call in Induction by Age Groups.

Washington, June 21 (A. P.).—The nation's military leaders were ready today to swing quickly into action building a 2,000,000-man defense force—when President Truman pushes the draft button.

Not until ninety days after Mr. Truman signs the elective service revival bill can men—19 through 25—be inducted into the armed forces.

But the defense chiefs were rushing plans to set up the training machinery for the thousands of peacetime draftees. Congress gave them more than $14,000,000,000 to do the job of strengthening the Army, Navy and Air Force.

Gen. Omar N. Bradley, Army Chief of Staff, said that passage of the draft bill is a long step toward preventing foreign conflict. He told a news conference in Los Angeles yesterday it will "back our leadership in the world and will strengthen our foreign policy."

As to the chances of an emergency arising, Bradley said:

"We're faced with the possibility anything might happen. No one knows—unless it would be fourteen men in the Kremlin."

Bradley's forces received the major share of the defense billions which Congress handed out and will get the largest number of men through the peacetime draft.

How Money Is Divided.

The Army got $6,767,668,163, the Navy $4,749,059,250. A $3,224,000,000 appropriation to build the Air Force up to seventy groups also included funds for the Army and Navy.

Military authorities have estimated it will take about $1,700,000,000 to draft and train the future inductees.

Bradley said some key personnel may be brought home from overseas to help in the training program. Reserve and National Guard officers already have been put through special courses to administer the peacetime draft.

Instead of a lottery, the order of induction will be decided by age. Tentative plans call for beginning the draft with 21-year-olds. Under this plan men who turned 21 on January 1 would be first in line for induction January 2 next and so on through December 31.

The Office of Selective Service Records, caretaker of the wartime draft records and planning agency for the peacetime draft, will be absorbed by the new Selective Service organization. Major-Gen. Lewis B. Hershey, who headed the wartime draft, presumably will head the new agency.

Approximately 4,000 local draft boards will be set up, with members appointed by the Governors.

The Army probably will call between 200,000 and 225,000 inductees during the first twelve months of the new draft.

The Army will be increased to 837,000 from its present 548,000 strength; the Navy and Marines to 666,882 from 469,000; the Air Force to 502,000 from 382,000. The total strength of the military establishment is set at 2,005,882.

Main Provisions.

Here are the major draft provisions:

1. Men from 19 through 25 can be drafted for twenty-one months' service in the Army, Navy, Marines or Air Force.

2. Up to 161,000 18-year-olds may volunteer for one year of service.

3. Doctors and dentists under 26 years old are subject to induction the same as other registrants. In addition, doctors and dentists who completed education or received their training under war-time programs are subject to call, outside the draft bill.

4. World war II veterans with one year of active service, or ninety days' service between December 7, 1941, and September 2, 1945, are exempt. Members of the National Guard and active reserve will be deferred.

5. The President has authority to set deferments for dependency, occupation and special reasons such as scientific study.

6. High school students will be deferred until they graduate or reach 20, and college students will be deferred until the end of the school year.

7. Conscientious objectors willing to enter non-combat service will be taken for that. Those unwilling to take non-combat duty will be deferred.

Those in the 19-25 draft age group who desire to avoid a selective service call may get such exemption by joining the National Guard, or any other organized reserve unit which carries on a regular training program, before the President signs the bill. The exemption can be maintained only by continued membership in such units and participation in their training programs.

After the bill is signed, youths under the draft age may gain the same type of exemption by joining the Guard or other reserves before reaching the age of 18 years and six months. Joining after that age would not provide exemption.

Draft Questions, Answers

JUN 1948

WASHINGTON, June 21.—(AP) Here are some pertinent questions and answers on the peacetime draft bill which congress passed Saturday night:

Q. Who will be drafted and for how long?

A. Within the next two years, a maximum of 606,882 men, 19 through 25, will be drafted for 21 months each. The Army estimtes it will need 200,000 to 225,000 draftees the first year. The Navy and airforce hope to keep up their strength through volunteers.

Q. When does the draft bill take effect?

A. President Truman has until a week from tomorrow—10 days from the bill's passage—to sign it. Any time after the 90 days immediately following the signing the president may, upon recommendation from the armed forces, make a draft call.

The first call is likely to come in September.

Q. Who must register and when?

A. Most males 18 through 25, except members of the regular armed forces and their active reserves; diplomatic officials and their families. Registration may start at any time after the signing of the bill, provided the draft machinery now being organized can be put into operation.

Q. Who is exempt from the draft in addition to those who need not register?

A. War veterans—those with at least 90 days service between Pearl Harbor (Dec. 7, 1941), and VJ Day, (Sept. 2, 1945), or 12 months between Sept. 16, 1940, and the day the bill becomes law; regularly ordained ministers; students studying for the ministry, and conscientious objectors.

Q. How can eligible men avoid the draft?

A. Men 19 through 25 may do so by joining the National Guard or other active drilling reserves of the armed forces before the President signs the bill. For youths of 18, a one year enlistment, to be followed by six years with organized reserve units, or the National guard, is required.

Q. Who can be deferred?

A. High school students until they are graduated, quit school or become 20. College students are deferred for one year if enrolled on or before the date the President signs the bill. The President also may defer at his discretion, (a) men with dependents; (b) men essential in agriculture, industry, government and research; (c) scientific and medical students.

Q. How about draft boards?

A. Probably the same organization used for World War II, with local boards appointed by governors. However, there probably will be only 4,000 boards compared with wartime total of 6,442.

Q. Who will be called first?

A. This has not yet been decided, but the lottery system probably will not be used. Drafting by age groups, starting with 21 year olds, is a probability.

Q. Who will run the system?

A. Probably a revived selective service office, perhaps headed by wartime draft chief Maj. Gen. Lewis B. Hershey. The office of selective service records now is in charge of planning.

Q. What about training?

A. The army has stopped disposing of its wartime training camps and is examining their useability. Draftees may also train with regular army divisions now located at Camps Ord, Calif.; Campbell, Ky.; Hood, Tex.; Dix, N. J.; Jackson, S. C. Some draftees may go overseas as soon as they finish basic training.

Q. What veteran benefits will be available?

A. Regular peacetime benefits, including hospitalization, disability compensation and death pensions.

Q. What is the purpose of the draft?

A. To help enable the United States to carry out its occupation mission overseas, and to maintain an adequate home defense.

Approval of Loan to U. N. Seen

Eaton Says Congress Will Vote 65 Million for Building When It Meets Again.

Washington, June 21 (A. P.).—Congress will approve the $65,000,000 loan to build United Nations headquarters in New York when it meets again, Representative Eaton (R.-N. J.) predicted today.

Eaton, chairman of the House Foreign Affairs Committee, said in a statement that the trusts the U. N. "will not make a precipitate decision to move elsewhere."

Representative Bloom of New York, ranking Democrat on the committee, expressed fear yesterday that the U. N. General Assembly, meeting in Paris in September, might listen to a possible proposal to move the U. N. capital to Europe because the House failed to pass the loan bill.

30.24- 18643

Bloom criticized action of the House committee in tying the loan in with other U. N. proposals and said this blocked it. The Senate passed a separate loan bill but the House didn't vote on either measure.

Eaton, however, defended the committee's action. He said it "wisely stood by its original decision that the bill should be taken up as a unified measure. We must make our decisions about the United Nations in a complete understanding of all the implications—not in piece-meal fashion."

U.S. EXPORTS DROP IN APRIL

Shipments Dip Despite Aid Under European Program

Washington, June 21 (AP)—United States exports to Europe declined in April despite the beginning of aid shipments under the European Recovery Program, the Census Bureau reported today.

Total exports to Europe dropped $34,800,000 from March to a total of $374,400,000 in April. E.R.P. countries received all but $13,400,000 of the total. Russia got $4,000,000 worth of goods, her satellites another $5,300,000.

Although total exports to Europe in April included $144,500,000 in Government aid, the initial E.R.P.-program shipments amounted to only $9,900,000. Civilian relief furnished by the Army in occupied areas came to $63,100,000.

Commercial shipments to Europe—those outside of foreign relief—amounted to $229,900,000. The drop in these "cash" exports accounted for two-thirds of the decline in total export to Europe.

Exports To Britain Drop

Shipments to Britain, Sweden and Belgium, valued at $43,600,000, $11,100,000 and $19,400,000, respectively, were less than half the monthly average for last year. Russia's receipts were less than half of the $8,200,000 she got in March.

Imports from Europe declined $18,300,000, with receipts down from nearly all countries except in Italy. Imports from Greece dropped most sharply, from $5,700,000 in March to $1,000,000 in April. Receipts from Britain were off from $25,600,000 to $23,900,000.

United States exports to all continents, as reported earlier, were down from $1,141,200,000 in March to $1,121,700,000 in April. Imports from all sources were down from March's record high $666,200,000 to $527,200,000 in April.

EXPERTS TELL OF MYSTERIOUS ATOM PORTIONS

JUN 1948

Particles Flash Through Air And Cause Terrific Smashups

Pasadena, Cal., June 21 (AP)—Mysterious atomic particles which flash through the air and cause terrific smashups of atoms were described today by some of the world's foremost cosmic ray experts.

Just what these mighty particles are is not yet known. They are lighter than protons and heavier than mesons heretofore discovered.

The new particles were reported by Dr. G. D. Rochester of the University of Manchester, England, and Dr. Louis Leprince-Ringuet, of Paris. They addressed the cosmic ray symposium of the California Institute of Technology.

Extensive Smashups

Dr. Rochester described particles found in cosmic ray activity on mountain tops. They appeared when cosmic rays from outer space entered a recording apparatus and collided with atoms of gas or metal. Some of them sped into the recording machine at nearly the speed of light, and with a striking force of billions of volts.

Some of the particles went through lead plates nearly 10 inches thick. Others smashed atoms into so many fragments the wreckage amounted to almost complete disintegration. These smashups were far more extensive than anything achieved by man atom busters.

Complicates Scientists' Job

Dr. Leprince-Ringuet, reported finding a similar particle which produced a double reaction when it collided with an atom in the air. It also was found in nature, during high altitude cosmic ray research.

These findings further complicate the job of scientists seeking to learn exactly what atomic nuclei are made of. They know nuclei contain protons and neutrons, which have weights about 1,800 times that of an electron.

In ordinary-man-made atom smashing processes the smallest pieces of nuclear wreckage are those protons and neutrons. The cosmic rays somehow grind atomic nuclei so fine that mesons emereg

Bradley Cites U.N. As 'Best Hope'

Los Angeles, June 21 (AP)—The Army's chief of staff, Gen. Omar N. Bradley, told 3,000 U.C.L.A. graduates he still has faith in peace through intellect.

"We have not yet begun to exhaust the possibilities for peace," he said yesterday in U.C.L.A.'s open-air theater. "Only by conferences must men seek the final settlement of their disputes."

He warned the graduates and their 10,000 relatives and friends not to "dash away this last inspired chance of the world to find peace through intellect, rather than chaos through war."

"Our Best Hope"

The United Nations, he said, still is "our best, our brightest and our eventual hope for a just, an honorable and a lasting peace."

The new Selective Service Act, General Bradley said earlier, however, will back the United States leadership in the world and will strengthen our foreign policy.

Before conferring the honorary degree of doctor of laws on General Bradley, Provost Clarence A. Dykstra said: "Let us remember that if and when the Democratic idea goes into the discard, education as we have conceived it in America is no longer a challenge to high adventure but a thing of sackcloth and ashes.

"It is the dictator, whether for the left or right, who wants to call the turn for the students and for the professor. No dictator or totalitarian wants the great stronghold of freedom, the university, to be on its own. No, it must conform and serve a cause."

U.N. Jerusalem Mayor Will Return To U.S.

Lake Success, N.Y., June 21 (AP)—The United Nations' mayor of Jerusalem is returning to the United States, where he will await mediation developments for Palestine.

Harold Evans, Philadelphia Quaker named to administer the holy city until a settlement was reached, said there is no useful purpose in taking up his duties at this time. He made his comment in a statement telephoned here and released by the United Nations.

Evans is expected in New York Sunday. He will await the result of Count Folke Bernadotte's efforts to mediate a general settlement for Palestine.

Give Mediator Free Hand

In the statement, Evans said he believed the fundamental purposes of peace and reconciliation can be best achieved during the four-weeks truce by giving the mediator a free hand to deal with the problem. He said the problem of Jerusalem is a part of the general Palestine settlement.

Evans was named to administer the holy city between the time the British mandate ended May 15 and a settlement was obtained. He left the United Nations headquarters here while Jews and Arabs were fighting in Jerusalem. He made one brief visit in Jerusalem, United Nations officials said.

Count Bernadotte informed the United Nations tonight the British had agreed to give the United Nations mediator information when the British would leave the six camps they are now occupying in Haifa.

Withdrawal Speeded

The United Nations plans to assume supervision of these camps during the truce to prevent friction as the British leave. The British were said to have stepped up their withdrawal. It was considered probable here they would be out of Palestine before August 1, their target date for final evacuation.

[A Government source in London said tonight Britain's evacuation of Palestine "should be completed" by July 1.]

The mediator also told the United Nations that Jews and Arabs agreed on June 16 to a no-man's land in Jerusalem under auspices of the truce observers. No civilians will be allowed to live there during the truce, it was said.

TOTAL U.S. SHIPMENTS TO THE SOVIET BLOC DROPPED TO $9,300,000 FROM $22,100,000 IN MARCH. OF THE $9,300,000 TO 11 COUNTRIES, RUSSIA ALONE GOT $4,000,000 (M) IN APRIL, BUT THAT WAS A LONG FALL FROM THE $3,200,000 (M) SHE GOT IN MARCH.

MEANWHILE, THE U.S. IMPORTED $9,200,000 (M) WORTH OF GOODS FROM THE SOVIET BLOC IN APRIL, A DECLINE OF $1,000,000 (M) FROM THE PRECEEDING MONTH. U.S. IMPORTS ALMOST MATCHED U.S. EXPORTS TO THAT AREA.

BIG SLUMPS IN U.S. SHIPMENT, APART FROM THOSE TO RUSSIA ITSELF, WERE RECORDED AS FOLLOWS:

TO POLAND, DOWN FROM $5,300,000 IN MARCH TO $900,000 IN APRIL; TO HUNGARY, FROM $800,000 TO $400,000; TO YUGOSLAVIA, FROM $1,000,000 TO $200,000; AND ROUMANIA, FROM $2,500,000 TO $200,000.

SHIPMENTS TO CZECHOSLOVAKIA WERE OFF FROM $4,100,000 IN MARCH TO $3,500,000 IN APRIL. SHIPMENTS TO BULGARIA, ALBANIA, LATVIA, LITHUANIA AND ESTONIA WERE NEGLIGIBLE.

THE $9,300,000 IN GOODS SENT TO THE SOVIET BLOC IN APRIL WAS A TINY SUM AGAINST THE $361,000,000 (M) IN SHIPMENTS TO THE 16 COUNTRIES IN THE EUROPEAN RECOVERY PROGRAM, ALTHOUGH INITIAL SHIPMENTS UNDER ERP ACCOUNTED FOR ONLY $9,900,000 OF THE APRIL TOTAL.

THE CLAMP DOWN ON INDUSTRIAL GOODS SHIPMENTS LEST THEY ADD TO SOVIET "WAR POTENTIAL" CAUGHT FINLAND ALONG WITH THE SOVIET BLOC PROPER DURING APRIL, BUT SINCE THEN THE COMMERCE DEPARTMENT HAS CLEARED FINLAND TO GET INDUSTRIAL GOODS FROM THIS COUNTRY.

UNDATED COMINFORM
BY THE ASSOCIATED PRESS

INFORMATION RECEIVED FROM USUALLY TRUSTWORTHY SOURCES IN EUROPE SAID LAST (MONDAY) NIGHT THAT A MEETING OF THE COMINFORM IS BEING HELD "SOMEWHERE IN POLAND."

TOP EUROPEAN COMMUNISTS ARE ATTENDING, PRESUMABLY FROM ALL NINE COUNTRIES OF THE POSTWAR INTERNATIONAL COMMUNIST "INFORMATION BUREAU" ORGANIZED UNDER RUSSIAN LEADERSHIP LAST AUTUMN, THIS INFORMATION SAID.

THE MEETING IS PRESUMED TO BE REVIEWING COMMUNIST TACTICS IN EUROPE, IN THE WAKE OF THE ANTI-COMMUNIST VICTORY IN ITALY'S APRIL ELECTIONS AND THE RECENT WESTERN POWER DECISION ON SELF GOVERNMENT FOR THE WESTERN ZONES OF GERMANY.

RUMORS OF SUCH A MEETING HAVE BEEN CURRENT IN SEVERAL EUROPEAN CAPITALS BASED ON THE ABSENCE OF SUCH COMMUNIST LEADERS AS PALMIRO TOGLIATTI FROM ROME, AND JACQUES DUCLOS FROM PARIS.

THE MEETING PLACE IS BELIEVED TO BE THE SAME POLISH TOWN WHERE THE COMINFORM WAS ORGANIZED UNDER THE LEADERSHIP OF A. A. ZHDANOV, A MEMBER OF RUSSIA'S POLITBURO. THE ESTABLISHMENT OF THE COMINFORM WAS ANNOUNCED TO THE WORLD LAST FALL, BUT THE TOWN IN POLAND WHERE THE DELEGATES MET NEVER WAS IDENTIFIED.

TOGLIATTI AND THE TOP ORGANIZER OF THE ITALIAN COMMUNIST PARTY, PIETRI SECCHIA, MADE A QUIET DEPARTURE FROM ROME LAST THURSDAY. THEY REPORTEDLY TOOK OFF FOR PRAGUE.

INFORMATION REACHING LONDON TONIGHT SAID TOGLIATTI AND ZHDANOV PAZZED THROUGH WARSAW TWO DAYS AGO AND THAT TWO POLISH DELEGATES TO THE ORIGINAL COMINFORM MEETING WERE ABSENT FROM THE POLISH CAPITAL.

DUCLOS, WHO ATTENDED CEREMONIES FOR THE MEETING OF HUNGARY'S SOCIALISTS AND COMMUNISTS IN BUDAPEST LAST TUESDAY, HAS NOT BEEN REPORTED BACK IN PARIS. THERE HAS BEEN NO ANNOUNCEMENT OF HIS FURTHER TRAVELS.

THERE WAS NO INFORMATION CONCERNING THE WHEREABOUTS OF COMMUNIST LEADERS OF OTHER COMINFORM-MEMBER COUNTRIES IN RUSSIAN-DOMINATED EASTERN EUROPE SUCH AS, ROMANIA, BULGARIA, HUNGARY, YUGOSLAVIA AND CZECHOSLOVAKIA.

WHEN THE COMINFORM WAS CREATED THE DELEGATES CHOSE BELGRADE AS ITS CENTRAL HEADQUARTERS.

FOUR-POWER TALKS BRING NO ACCORD

Economic Sanctions Threatened To Enforce Use Of Soviet Money

Berlin, June 22 (AP)—The Soviet military administration announced tonight currency reform for eastern Germany and Berlin.

A letter to the mayor of Berlin said the reform would become effective June 24.

The Soviet-controlled German news agency quoted the Russian finance chief in Germany as warning the Western Allies that unless they accepted the Soviet currency reform "economic sanctions" would be applied. This was taken to mean the Russians would try to cut off all supplies to the city from the West.

4-Power Parley Breaks Up

The Soviet announcement was made unilaterally and without the consent of the United States, Britain and France as far as Berlin was concerned. It apparently ignored four-power discussions begun earlier today on the subject of a currency reform compromise for Berlin.

A letter made public tonight by the Soviet news agency from Marshal Vassily D. Sokolovsky, the Russian commander in Germany, to the British commander, Gen. Sir Brian Robertson, said it was hoped the British would not try to stop the reform in its sector of Berlin.

Berlin is governed by the four powers.

Letters were sent to the Western powers less than two hours after the first high-level conference among the four powers in more than three months broke up without agreement on a reform compromise.

Blames Western Action

The Soviets apparently decided to go ahead with their own reform without waiting for any further negotiation with Western authorities.

The Western powers put currency reform into effect in their German zones last Sunday. The Soviet notes blamed the Western action for making the Russian decision necessary.

No details of the Soviet action were announced except to say that reform in eastern Germany would be carried out, at least temporarily, by the use of stamps pasted to existing Reichsmark bills. The Western Allies are issuing new marks for old.

The exchange rate of the new mark was not stated in the Russian announcement.

No western officials were available for comment when the announcement was made.

No Further Meetings

The four-power conference seeking to effect a compromise broke up, an American official said, "unproductively and with no further meetings scheduled for tomorrow."

The Soviet decree threatened serious punishment for Germans refusing to obey Russian orders on currency. It is likely the western commanders will issue equally stringent counterorders.

Authoritative sources said that during today's conference the Western powers offered no objection to the technical details of Soviet reform, but did object to the Soviet contention that Berlin is part of the Soviet zone and subject only to Soviet rule.

The West contended that Berlin is four-power, with each power having equal rights. Negotiations broke off at this point, these sources said.

A few minutes after the end of the four-power meeting, the mayor and leading Berlin officials were summoned to Soviet headquarters. They were handed a letter which read in part:

"After separate currency reform has been carried out in the Western zones of Germany, the Soviet military administration sees itself forced to carry out currency reform in the Eastern zone, as well as Berlin, to prevent the complete disorganization of the economy of the Soviet zone and in greater Berlin."

"In Berlin," this letter said, "the only money in circulation will be the money of the Soviet occupation zone."

Sought To Avert Chaos

At the conference, both sides agreed that two rival currencies would cause economic chaos in Berlin. To seek a solution and compromise on this issue, today's meetings were scheduled.

They were the first high level four-power discussions since March 20 when the Russians walked out of an Allied Control Council meeting. The four-power machinery for governing Germany has been at a standstill since then.

Today's conference was brought about by the institution of a new Deutsche mark in western Germany beginning Sunday. The Soviet zone is still using the old Hitler, or Reichsmark.

Pinched By Travel Curb

The Russians clamped on a travel blockade of their zone and the western routes to Berlin, and instituted a stringent control of all incoming freight to prevent western Germany's worthless Reichsmarks from being dumped here in the Soviet zone.

Berlin continued to be pinched by the Soviet travel and transport restrictions. With military trains stopped by these controls, the United States Army resorted to the air to supply the city's 10,000 Americans.

The emergency "air lift" went into high gear at Templehof airbase where 75 planes came in from western Germany and 75 went out during the day. The incoming planes brought about 157 tons of food and other supplies.

British Use Open Cars

The British continued to receive some military freight by train because they were using open cars which could easily be inspected by Russian "currency hunters." The Americans refused to let the Russians open sealed cars which the United States Army is using.

Trains with supplies for Berlin's German population continued to come through but on reduced schedule. Only six trains, against a normal eighteen, arrived in the last 24 hours after rigid Soviet inspection.

SOVIETS AGREE TO PARLEY ON GERMAN MONEY

Accept British Invitation—Told Berlin Controlled by Four Powers

Berlin, June 22—(AP)—The Russians accepted today a British proposal for four-power talks on currency reform in Berlin, the Soviet licensed German News Agency said. The parley may decide whether the city is to have one kind of money or two.

The agency said Marshal Vassily D. Sokolovsky, Russian commander in Germany, proposed that representatives of the United States, Britain, France and Russia meet today. It said P. Maletin, chief of the Soviet Military Administration's Finance Department, would attend.

British Seek Parley

Gen. Sir Brian Robertson, British military governor, had invited the Russians to confer on the monetary situation in Berlin, which now faces the prospect of having two currencies—that introduced by the Allies in Western Germany and money soon expected to be produced by the Russians.

Robertson bluntly told the Russians they had no more rights in the four-power city than the Western Allies, although Berlin is an island deep in Soviet-occupied territory.

The news agency said Sokolovsky also had received letters proposing the conference from Gen. Lucius D. Clay, the American military governor, and Lt. Gen. Joseph Koenig, the French commander.

Such a meeting would be the first four-power commanders' session since March 20, when the Russians stalked out of the Allied Control Council.

Must Consider Trade

Among other things for the four powers to discuss are the best methods of continuing trade relations between the western zones and Berlin and the Russian zone, following separate currency reforms, the agency said.

Berlin and the Soviet zone are in the grip of spreading economic paralysis as a result of the currency reform initiated by the United States, Britain and France in Western Germany.

The Soviet announcement came a few hours after the German economic conference for the Russian zone presented Sokolovsky with a currency reform proposal, designed to go into effect soon in Berlin and the Russian zone.

The commission said the measure was an answer to western currency reform and intended to "protect the population and economy of the Soviet occupation zone."

At present the reichsmark is legal tender in the Russian zone of Germany. Sokolovsky wrote the three western commanders warning them not to attempt to introduce their new currency here. He claimed Berlin is part of the Soviet zone.

Yesterday Clay suspended the movement of U. S. military freight trains to Berlin rather than allow inspection of their cargoes by the Russians, who said they had to do it because of the currency reform.

The American commander said U. S. personnel in Berlin will be supplied by air, increasing the number of cargo planes flying from Frankfurt.

FOUR POWERS MEET TO ALTER BERLIN MONEY

Russians Attend First Big Session Since Walkout From Control Council.

U. S. PLANES FLYING SUPPLIES

Soviet Commander Accuses American Colonel of Insult at Kommandatura Session.

Berlin, June 22 (A. P.).—High Russian officials, for the first time in more than three months, met representatives of the Western Allies today in a discussion on currency.

The aim was to agree on a money reform for this four-power city and to arrange for continuing trade relations between Soviet and western Germany, which now are using different currencies.

The British proposed the talks. No high level meeting had been held since March 20, when the Russians walked from the Allied Control Council. The Russians delayed today's meeting forty-five minutes by unexplained tardiness.

Russian Move Expected.

Soviet informants said that currency reform for the Russian zone was expected at any time. The United States, Britain and France introduced a devalued currency in western Germany over the weekend to curb inflation and strike at the black market.

Police were doubled in some areas of the Russian sector of Berlin. The Soviet-licensed news agency said large quantities of old Reichsmarks, now worthless in western Germany, are being flown to Berlin "to flood and ruin the Germany economy." The account said American and British officers are buying everything offered with old marks. The reports were denied.

The Russians agreed to today's talks after asserting that only the new currency they plan for their own zone should be circulated in Berlin. They declared that Berlin is economically a part of the Soviet Zone, in which it is located. The Western Powers disputed the implication that the Russians have greater rights in Berlin.

Economic Loan Seen.

Both sides agreed that use of rival currencies here would cause economic chaos in the city. The Western Powers might agree to the circulation of only Russian Zone currency here, with a written guarantee that their rights as joint occupiers not be prejudiced. A special Berlin currency might be agreed upon, but this is considered less likely.

Soviets Complain to Clay, Say Howley Is 'Coarse'

BERLIN, June 22 (AP).—Marshal Vassily D. Sokolovsky, Soviet Military Governor, filed a formal complaint today against what he called the "coarse" behavior of Colonel Frank L. Howley, American commandant in Berlin, at the last meeting of the four-power Kommandatura.

In a letter to General Lucius D. Clay, American commander, Marshal Sokolovsky declared Colonel Howley had "refused in a coarse and insulting manner to discuss proposals for improving the material and legal situation of the workers of industry in Berlin." The protest was reported by the Soviet-licensed news agency.

Colonel Howley left the meeting Wednesday night after a thirteen-hour sitting, leaving his deputy to represent him. The Russian representatives thereafter walked out, muttering, "There won't be any next meeting." The Kommandatura is the administrative agency for Berlin, and the last functioning four-power agency in Germany.

INCOME TAXES CUT IN WESTERN REICH

Frankfurt, June 22 (A. P.).—West Germany's taxes on incomes, property and corporations were cut heavily today to adjust the tax rates to the new money issued two days ago. The tax revision, like the money reform, applies to the American, British and French occupation zones, and excludes the Soviet zone, where the Russians are reported getting ready to launch a currency reform of their own.

To make up for the tax money lost by the reductions, a heavy new tax was slapped on coffee—a rare luxury in Germany.

Officials said the tax reform had the aim of encouraging people to work and earn as much money as possible—thus boosting production which is vital to Germany's economic recovery, as well as to bring taxes into line with the reduced amount of money in circulation.

The biggest gainers by the tax cuts will be the small wage earners, but capitalists also got a share of the benefits.

Court Verdict Clarified

Weiss Convicted of Procuring War Prisoners for Military Output

NUERNBERG, June 22 (AP).—Bernhard Weiss was found guilty by an American war crimes court on Dec. 22 of participating in the procurement of prisoners of war for use in manufacturing railway freight cars, which the court held constituted military equipment under The Hague Convention.

The court convicted Weiss under count one of the indictment. However, this was the only specific charge on which the court found Weiss guilty. It did not find him guilty of exploiting and mistreating slave labor, although these charges are carried under count one of the indictment.

5 Western Heads Meet July 20

REPORT COMINFORM MEETING SECRETLY

Rome, June 22 (A. P.).—Two informed Communist party officials here said today that Cominform leaders are meeting somewhere in Czechoslovakia to map strategy.

These officials, who requested anonymity, said that the exact place of the meeting has not been made public for security reasons. Earlier, reports circulationg widely in Europe had the meeting taking place somewhere in Poland. There also are reports that it is being held in Romania. One of the Communists here said the Italian representatives are expected home before this week end.

Usually trustworthy informants said that the top Communist leaders on the Continent are attending, presumably from all nine countries in the international Communist Information Bureau organized under Russian leadership in Poland last fall. Cominform headquarters are in Belgrade. The presumption is that the Communist leaders are reviewing their tactics in the light of the licking they took in Italy in April and the recent Western Power decision to set up a semi-independent government in western Germany.

Reports Conflict On Meeting Place

ROME, June 22. — (AP) Two Communist party officials said today cominform leaders are meeting somewhere in Czechoslovakia. Other reports on the place of the meeting included Poland and Romania.

The meeting is to map Communist strategy "in the light of the Italian elections and other events," said the two officials who requested anonymity.

Palmiro Togliatti, no. 1 Italian Communist, and Pietro Secchi, vice-secretary of the Italian party, left Rome last Thursday aboard a Czechoslovak airline plane for Prague, presumably to attend the meeting. They are expected back Thursday or Friday of this week.

Exact time and place of the meeting are being kept secret for "normal security reasons," it was said here.

The non-Communist Italian press speculated that Togliatti would come in for a spanking for his unsuccessful strategy in Italy.

The formal meeting is the first since the Communist information bureau was organized in Poland last September, but some members of the bureau met unofficially in Milan last January.

The nine Communist parties of Russia, Yugoslavia, Poland, Hungary, Bulgaria, Romania, Czechoslovakia, France and Italy are represented in the cominform which has headquarters in Belgrade, Yugoslavia.

A government spokesman in Warsaw denied "any knowledge" of a cominform meeting in Poland. There were official denials from Bucharest also that the cominform was meeting in Romania.

FOOD WORKERS STRIKE THREATENS IN ITALY

ROME June 22—(AP) Italy may be hit by a nationwide food workers strike Saturday, the secretary general of the Food Workers Union was quoted as saying tonight in dispatches to Rome newspapers.

These dispatches quoted Giovanni Tabili as saying that unless differences between employers and workers in the three week old Milan food industry strike are settled before Saturday, he will call a national strike.

Artillery In Albania

L.S. CHAKALES

Athens, *Wednesday*, June 23 (AP)—Press dispatches from the 2d Army Corps at Kozane said today Greek Army units moving from Konitsa had been attacked from Albania with heavy artillery and mortars.

The correspondent of the newspaper *Embros* reported that guerrillas withdrew into Albania west of Pyrosoyani. He said these guerrilas later re-entered Greece near Amarandos and attacked a flank of the Greek troops.

Greek army troops cut a guerrilla escape route yesterday and pushed closer together the jaws of a trap they are attempting to spring on the entire rebel force of 7,000 in the Grammos area, front advices said.

Only 10 Miles Apart

Converging Greek columns engaged in the encirclement effort were reported only 10 miles apart near the Albanian frontier. Wild mountainous country still lies between the two spearheads, however.

Three fresh divisions were sent against the eastern, southern and western portions of the guerrillas' semi-circular line. There are six divisions in all now fighting their way forward in the Grammos Mountains area in an effort to crush the Communist rebellion led by Guerrilla Chieftain Markos Vafiades.

Last Major Stronghold

The Grammos area adjacent to Albania is the last major stronghold in Greece of Vafiades's forces. A Greek order of the day said: "Let Grammos be the grave of the Communists."

[The Greek guerrilla radio declared last night that "all attacks by the Athens Government forces were beaten back" in the Grammos area.

[The guerrilla communiqué, recorded in London by the Yugoslav news agency Tanjug, said the Government forces lost 624 men killed and wounded.]

U.S. War Tactics Used

United States Army officers are advising the Greek commanders. One civilian observer said the Greek Army's tactics are assuming the form used successfully by American troops in World War II after the landings in Normandy. Breakthroughs are expected at various points with columns striking toward and beyond objectives before wheeling back in a series of encircling movements.

Units of the 15th Division cut one of Vafiades's escape routes when they occupied Amouda heights, a dispatch from headquarters at Kozane said. The route is situated between the Aliakmon and Sarandaporos rivers southwest of Nestorion where the 15th and 1st Divisions are engaged.

Heavy Resistance

Those two divisions form one arm of the pincers. Their advance was said to have been slowed, however, by heavy guerrilla resistance.

A general staff communiqué said the bodies of 36 guerrillas were found in the Nestorion sector. Greek positions were being extended there and fighting developed to the southwest in the region of Kastanohorion, the bulletin added. Advancing reconnaissance units encountered mine fields. Greek planes were said to be inflicting heavy losses on the rebels.

Units operating north of Nestorion apparently are attempting to protect that flank of the Greek line from guerrillas outside the forming pocket.

The Greek 9th Division, the western arm of the pincers, continued its push northeast from Konitsa, advices said. A communiqué said more than 60 guerrillas were killed by 9th Division units which now are advancing toward the rebels' Vourbiani-Pyrsoyani line. AP

REDS TRY TO TRAP CHIANG

Chinese Communists Attack Airfield 3 Miles From Chengchow

NANKING, June 22 (AP)—Chinese Communists were beaten back today in a determined effort to bottle up President Chiang Kai-shek in isolated Chengchow, Government military sources reported.

The report said 4,000 Red troops attacked an airfield three miles south of Chengchow, soon after the plane carrying President and Mme. Chiang landed on their tour of the Honan battle area.

Protected by 200 fighter planes, the Chiangs flew over the Lung-Hai railway, one of the contested points of the Chengchow-Kaifeng sector. AP

Hodge Visits MacArthur, Says It Was a Social Call

Seoul, June 22—(AP)—Lt.. Gen. John R. Hodge, whose sudden flight to Tokyo roused much speculation, returned today and said he just had been visiting at General MacArthur's headquarters.

Tht U. S. occupation commander for Southern Korea declined to discuss his Tokyo meeting, but said no pressing matter inspired his trip.

He added that he had wanted for months to talk with MacArthur and his staff. He had not visited MacArthur since March 1947.

TEL AVIV SHIP BLAST FEARED

Thousands Flee Water Front As Irgun LST Burns

By JAMES M. LONG

Tel Aviv, Palestine, June 22 (AP). Thousands of Tel Aviv residents fled from the waterfront late today when a munitions-laden LST beached by rebel Irgun Zvai Leumi fighters threatened to explode after being set afire by Israeli army shelling.

The sudden fire, resulting from regular army mortar fire, threw the four-hour battle between Irgun and the army into strange confusion.

All hotels and apartment houses along the Mediterranean waterfront, including headquarters of a United Nations truce team, were deserted within a few minutes.

Army And Irgun Flee

Truckloads of unarmed Irgun fighters suddenly appeared on the city's main streets. As two dozen crew members jumped off the LST, which carried 600 tons on munitions, both army troops and Irgun rebels joined in the mass exodus.

Just what was happening to Irgun's fight against the Israeli Government remained a mystery. The fact that most of the Irgun fighters driving down crowded Allenby road away from the water front were unarmed was interpreted by some to mean that a deal had been made with the Government to end the fighting that began early yesterday.

A lull in today's battle began in midafternoon when a wounded Irgun man was carried from the beach under a white flag. It ended 90 minutes later when the regular army began shelling the LST.

American-Accent Voice

From the ship's loud speakers came an American-accented voice calling "cease fire." About fifteen minutes later four shells in rapid succession hit the deck and port side of the landing craft. Smoke curled up from the deck and within a few minutes all the foredeck was hidden by smoke.

The flag of Israel was hauled

30.24- 18655

down from the ship's jackstaff and crew members began jumping into the water.

About 50 minutes after the ship was set afire, persons watching the waterfront from distant rooftops said there were twelve to fifteen explosions that shook houses a mile away.

Clouds of white smoke rose from the area, obscuring the immediate vicinity of the LST. It could not be determined immediately whether seafront buildings were damaged.

At the same time, several Red Cross ambualnces sped through Tel Aviv's crowded strets. It was believed most of these contained casualties from the gun fighting between Irgun and official army fighters.

Before this phase of the battle began it was estimated that 40 persons were killed or wounded when the Government flung troops into action against Irgun's attempt to land arms. Under the United Nations four-week truce terms with the Arabs, importation of arms is barred.

Irgun had warned of a "blood battle between Jews." Israel leaders regarded the strife as possibly the long-expected showdown between Irgun and the regular army, composed chiefly of Haganah, the former Jewish underground defense force.

Only recently Irgun agreed to dissolve itself as a separate military organization and to become part of the regular army.

Roadblocks Set Up

But yesterday a big Irgun-manned landing ship tried to land 600 tons of arms at Natanya, 18 miles north of this city. Irgun said the arms were for defense of Jerusalem. Israel army units sealed off the Natanya beach and blocked the unloading.

Overnight the ship was moved into Tel Aviv Bay and beached within a block of the hotel headquarters of United Nations truce observers. Irgun refused to surrender the ship to Government custody.

The Israeli army rushed platoons of infantry to the water front while two Israeli corvettes stood by within a few hundred yards. Roadblocks and gun posts were set up throughout the city against the Irgun challenge and the water front was cordoned off.

Shooting was heard throughout the night. Early today a small landing barge of armed helmeted soldiers came ashore from the craft. The barge continued making trips to the larger craft, presumably bringing further loads of Irgun troops to the beach.

The battle on the seafront continued into mid-afternoon. A soldier was killed and a girl private wounded 50 steps from this writer's hotel room facing the beach.

Water Front Blocked Off

The whole curving water front of the city was blocked off with streets closed, armored vehicles moving up and Sten-gun patrols on every corner prepared for any action by forces from the ship or by other Irgun troops in the city. An emergency decree was enacted making civil disobedience an act of treason.

Firing switched frequently from the beachhead to a point farther south where Irgun tried to reinforce its position with its troops inside the city. Irgun gained a foothold in the ruins of an old building along the beachfront. The army sent in an armored car and tried to dislodge the Irgun fighters but withdrew when one soldier was wounded.

An ambulance braved the fire to bring out other wounded. It was hit at least once.

[Censorship prevented a full report on the incident.

[In London, the British Admiralty said it had overheard an SOS from the motor vessel Altalena off Tel Aviv reporting that she was being fired upon by coastal batteries. The Admiralty identified the vessel as a former landing ship (tank), now under Panamanian registry.

["We are on fire bad," the Admiralty quoted the intercepted message. "Many wounded. Please help. They are machine-gunning us. Many killed. Cannot use receiver."]

One Held in Gandhi Plot Turns State's Evidence

NEW DELHI, June 22 (AP).—One of nine men accused in the assassination of Mohandas K. Gandhi turned state's evidence today. Judge Atma Charan said Digambar Ramchandra Badge, owner of a small arms shop in Poona, agreed to become a prosecution witness and "tell the truth" and, therefore, would not be tried.

The jaunty air which the other eight defendants have worn since legal proceedings started several weeks ago was noticeably missing today as the judge read the official charges. These charges say Narayan Vinayak Godse fired the shot which killed Mr. Gandhi on Jan 30; that Madan Lal earlier planted a bomb in an assassination attempt which failed and that the other six defendants aided and abetted them. They all pleaded not guilty.

Chief Prosecutor C. K. Daftari declared that Mr. Gandhi was slain because he preached nonviolence and communal peace and stood in the path of the communal hatred preached by Godse, a Poona editor, and the others, all of whom are Hindus.

Dutch Are Ready To Resume Talks

Batavia, June 22 (A. P.).—The Dutch informed the United Nations good offices committee today they are ready to resume talks tomorrow with the Indonesian Republic. The negotiations were halted abruptly June 16 when the Dutch objected that there had been premature publishing of an American-Australian plan of settlement.

Irgunists Battle Israeli Army; Arms Ship Afire at Tel Aviv

Former Underground Group Threatens Civil War—40 Persons Believed Killed or Wounded in Clash Over LST.

Tel Aviv, June 22 (A. P.).—Israeli and Irgun Zvai Leumi troops battled today on the central beach of Tel Aviv. Perhaps forty persons were killed or injured as civil war threatened Israel.

The fighting delevoped over the attempt by Irgun Zvai Leumi, a former underground group, to land 600 tons of arms from an LST on the shores of the new Jewish State. Irgun said the arms were intended for the defense of Jerusalem. The importation of arms is barred under the United Nations four-week armistice and the Government of Israel, anxious to avoid blame for breaking the truce, issued orders to its soldiers to meet Irgun fire with fire.

The shooting first flared yesterday when Irgun tried to land the craft at Natanya, eighteen miles north of this city. The ship was moved overnight into Tel Aviv Bay and grounded within a block of the local headquarters of the United Nations. Truce observers watched the fighting.

Cominform Seen Mapping Attack on Marshall Plan

WASHINGTON, June 22 — (AP) Reports of a mystery meeting of the cominform somewhere in Eastern Europe are taken here to mean that the Communist high command is getting ready its second round fight on the Marshall Plan.

At the same time, State Department officials are speculating that the cominform must be coming to grips with the problem of tightening the hold of the Communists over the countries of Eastern Europe. The tip-off on this line of activity came about two weeks ago when the Cominform Journal published in Belgrade called on the Eastern European leaders to consolidate their administration.

No Direct Information

Washington officials appeared to be without direct diplomatic information on the secret sessions which were first reported under way in Poland and later put by Italian Communists "some place in Czechoslovakia." The most usual response of officials here when told of the press dispatches that a meeting was under way was this: "It's about time."

The last previous meeting of this high command of the Communist International Information bureau was also its first. That was held secretly in Poland last September with Communists of nine European nations taking part. The decision reached and the speeches made were not reported until afterward.

The declared purpose of the organization created under obvious Russian European leadership was to wreck the United States program for rebuilding Western Europe. The Communists now know that they have failed in the first round of their fight.

The American Congress supplied the funds for the Marshall Plans' first year. This came after the Western Europeans themselves had formed an organization of 16 nations plus the western zones of Germany to foster their own reconstruction with American aid. The Communists have not been able to block any of those steps.

Fail In France, Italy

In addition, they have failed to stall progress toward creation of a regional defense system in Western Europe. They have likewise failed in Italy and in France to grow in strength even though by strikes they have been able to delay recovery in those countries somewhat.

Now, in the opinion of American officials, the Cominform leaders have to decide what they will do next to try to wreck the Marshall Plan.

Apparently they also have to reckon with various difficulties in the Communist-held area of Eastern Europe.

A curious development in the operation of the Communist Yugoslav government came yesterday when the State department disclosed that the Yugoslavs were reversing earlier word from the Russians and wanted to hold a Danube River conference in Belgrade. The circumstances caused speculation on possible differences between Marshal Tito and Foreign Minister Simic.

On Eastern European countries have had differences of a purely nationalistic nature. Macedonia has been a source of friction between Yugoslavia and Bulgaria. The Hungarians have had trouble with the Czechs over exchanges of population.

State Department authorities are convinced that efforts to solidify the Communist front in the Russian satellite countries are probably as big a headache for the cominform leaders as their unsuccessful campaign to kill the Marshall Plan.

FULL GUARD IS FORECAST DUE TO DRAFT

Volunteering Is Reported Heavy By Various Units In Country

Washington, June 22 (AP)—The National Guard, indirect beneficiary of the new draft program, is expected to be full up with volunteers by the end of this month and then stop recruiting for a year.

Officials, studying preliminary reports from several states on the first full day of volunteering after Congress passed the selective service bill, made that estimate today.

There were only between 90,000 and 100,000 vacancies in the National Guard when the bill was voted Saturday.

Are Draft-Exempt

Preliminary reports from several states today indicate that this total will soon be reached by volunteers 19 through 25 who will be subject to induction into the armed services. National guardsmen and members of organized reserves are draft-exempt.

The Guard is authorized to have 300,000 men in ground and 41,000 in air units by June 30, 1949. Current ground strength is 249,800.

The draft will not become law until President Truman signs the bill. When he does, draft-age men will be subject to induction for 21 months in the regular armed forces, after 90 days.

Deadline About July 5

The signature of President Truman has been delayed because the legislation still must be signed by Senate President Vandenberg (R., Mich.) and Representative Martin (R., Mass.), Speaker of the House, both in Philadelphia attending the Republican National Convention.

Once they sign it and return it to the White House for final action, the President will have another ten days—not counting Sundays—before he has to act. This puts the deadline around July 5.

Some think that Mr. Truman, himself a former national guardsman, may wait until the last minute

before signing in order to give draft-age men every possible chance to enlist in the reserves if they wish.

600 Join In New York

Between now and the time President Truman signs the bill, men 19 through 25 may gain exemption by enlisting in the National Guard or organized reserve units having regular training schedules.

Thousands are doing that. In New York, for example, 600 joined the Guard yesterday. The quota for the ground army units of the Guard in New York for the year ending June 30, 1949, is 20,168; its strength on June 1 was 14,553.

Some state quotas are nearly full. Illinois has a quota of 14,911, a current strength of more than 13,000; Alabama has a quota of 8,920, a present strength of 7,500; Oregon 2,936 quota, 2,300 present; Texas 13,059 quota, present strength 10,000.

Maj. Gen. Kenneth F. Cramer, chief of the National Guard Bureau, denied vigorously that the National Guard is an "escape hatch" for those seeking to avoid 21 months of service in the regular army under the draft.

Wrong On Several Counts

He said this idea was wrong on several counts, including:

1. The enlistment period in the Guard iss three years instead of 21 months.

2. If there is a shooting war, the Guard is no place for people who don't want to be shot at. The National Guard "always has been the backbone of civilian components in national defense and they are the first to be called into action."

3. Even before the draft bill was passed, the Guard had exceeded any previous peacetime strength and was rapidly approaching the maximum size possible under funds presently allotted to it.

"We are going to pick the men," General Cramer said, "and if we find we have men not up to standard they will be released."

The General said that 31 per cent of enlisted men and all officers of the National Guard are veterans of World War II.

Protests Are Made

Meanwhile, protests against a peacetime draft continued to be heard.

In New York today more than 200 Protestant clergymen and leaders urged young men to refuse to register or enlist in the armed services.

The clergymen said they acted as individuals and without any denominational support.

The protest was in the form of a statement. It was released by the Rev. Allan Knight Chalmers, former minister of the Broadway Tabernacle, New York, and the Rev. A. J. Muste, national secretary of the Fellowship of Reconciliation. Chalmers is now professor in the Boston University School of Theology.

The statement termed the draft a "tragic step toward war."

WHITE HOUSE IS LEFT WAITING FOR DRAFT BILL

JUN 1948

Measure Has Not Yet Been Signed by Vandenberg and Martin.

Washington, June 22 (A. P.),—The draft bill passed by Congress has not reached the White House yet—which means that it may be another two weeks before it is signed and becomes law. Actually neither Senator Vandenberg, the President of the Senate, nor Representative Martin of the House, has put his signature to it yet, and it will not be laid before President Truman until they do so.

Both Vandenberg and Martin are now at the Republican Convention in Philadelphia, and the bill must be sent to them there before it is delivered to the White House. That means that the President will probably have until July 5 to sign it—this providing additional unexpected time in which draft-agers may duck selective service by joining the National Guard or other reserve units.

May Defer Signing.

Charles G. Ross, the President's press secretary, told reporters that the draft bill is one of thirty-five Senate and twenty-seven House bills which will have to go to Philadelphia for signature by Vandenberg and Martin. But he emphasized that President Truman has not yet decided whether to take the full legal time limit to revive the selective service system.

Reports have been current that Mr. Truman may defer signing as long as possible in order to let the National Guard and military reserve units fill up their quotas before youths of 19 through 25 become subject to call.

Ross said that the ten - day period for presidential action does not begin to run until the bill actually reaches the White House. Assuming that it gets to the President tomorrow, he said, the final date would be July 5, since Sundays don't count.

"But I am not saying that the President will delay his signature that long," he added. "When the bill reaches the White House, the President will follow his own judgment."

Mr. Truman is planning to leave Washington on July 4 for Bolivar, Mo., to dedicate a statue to the South American liberator, Simon Bolivar, on the following day.

AIR DEFENSE SYSTEM TO BE REORGANIZED

Two Present Forces Will Be Disbanded, Others Consolidated

Washington, June 22 (AP)—The Air Force plans to reorganize the nation's air defense system, eliminating two present forces and consolidating others to provide "a "more adequate defense pattern."

The plan becomes effective July 1, the Air Force announced today. It i sthe result of a study started by the air defense command last year. The present six air defense commands were set up originally to coincide with six army areas of the United States.

"With vital areas dispersed throughout the nation," said today's announcement, "it was essential that each of four major areas should be under one air commander for air defense purposes."

Two Will Be Disbanded

The reorganization will do this:

The 10th Air Force designation will be transferred to the 2d Air Force area and the 2d and 11th air forces will be disbanded.

The 10th will be responsible "for protection of vital areas in the Middle West against attacks from the north, northwest or west, and will be bounded on the west by Wyoming and Colorado, on the east by Michigan and Illinois, and on the south by Kansas and Missouri."

The 14th, now embracing seven Southeastern states, will absorb the five Southwestern states as far west as New Mexico, to protect them "against air attacks from the east, southeast or south."

Will Protect Eigdt States

The 4th will protect approaches to targets within eight Western states—Washington, Oregon, California, Nevada, Montana, Idaho, Utah and Missouri.

Maj. Gen. Paul L. Williams, commander of the 2d, will become commander of the 10th, with Brig. Gen. Harry A. Johnson, present commander of the 10th vice commander under Williams. Brig. Gen. Ralph A. Snavely, commander of the 11th, will become vice commander of the 14th under Ma. Gen. Leo A. Walton. Other commands will remain unchanged.

Truman Names J. G. McDonald To Head U. S. Mission to Israel

Served on 1946 Anglo-American Commission on Palestine; Eliahu Epstein Is Jewish State's Envoy in Diplomatic Exchange

JUN 1948

By The Associated Press

WASHINGTON, June 22.—President Truman tonight announced the exchange of diplomatic missions between this government and the provisional government of Israel.

Mr. Truman appointed James G. McDonald, of New York, to serve as special representative of the United States to the new Jewish government.

Eliahu Epstein has been designated by Israel, the White House statement said, as its special representative in the United States and head of the Israeli mission. The Israel government on May 21 asked the United States to recognize him as its Minister.

Mr. Truman's statement follows:

"Agreement has been reached between the government of the United States and the provisional government of Israel on the establishment of a mission of the United States in Israel and a mission of the provisional government of Israel in the United States. Agreement also has been reached on the exchange of special representatives.

"Mr. Eliahu Epstein has been designated by the provisional government of Israel as its special representative in the United States, heading the mission of the provisional government of Israel in this country.

"I have today appointed the Hon. James Grover McDonald, of New York, to serve as the special representative of the United States to head the mission of the United States in Israel."

Mr. McDonald, sixty-one, was a member of the Anglo-American Commission of Inquiry on Palestine in 1946, and is a trustee of the Twentieth Century Fund. Born in Coldwater, Ohio, he now lives at 9 Alden Place, Bronxville, N. Y. He is a graduate of Indiana University, Harvard and Tufts College.

For fourteen years beginning in 1919, Mr. McDonald was chairman of the board of the Foreign Policy Association Inc. He served as high commissioner for Jewish and other refugees coming from Germany between 1933 and 1935. He was a member of the "New York Times" editorial staff for two years thereafter, and in 1942-44 was news analyst and adviser on post-war relations to the Blue Network.

Earlier today the Agriculture Department announced an allocation of flour to the provisional government of Israel. The allocation amounts to 2,400 long tons wheat equivalent. This roughly would be about 40,000 100-pound bags of flour. Shipments will be made during June from stocks of the Production and Marketing Administration.

Navy Sending Vessel On World Cruise

Washington, June 22 (A. P.).—The Navy is sending a small seaplane tender with 145 men aboard on a cruise around the world.

The Greenwich Bay left Norfolk for the Mediterranean and the Persian Gulf, the Navy announced. The vessel will continue on around the world, the Navy said, in furtherance of the established policy to schedule visits to foreign countries.

25 KEY CITIES HOLD U.S. FATE IN ATOM WAR

Their Destruction Would End U.S. World Power, A.M.A. Is Told

JUN 1948

Chicago, June 22 (AP)—Destruction of 25 key American cities by atomic bombs would extinguish the United States as a power, Dr. Stafford Warren told an atomic medical symposium of the American Medical Association today.

Warren is dean of the new medical school of the University of California at Los Angeles, and was the wartime colonel in charge of safety for the atomic bomb.

"It is necessary to present the facts to the public in order that they may know what to do for survival. . . .

"We Will Be Target"

"I shall build you a picture of the next war. The atomic war will be a struggle to eliminate one ideology in favor of another.

"Peace can come on earth if another nation accumulates sufficient atomic bombs and uses them to destroy the United States.

"Atomic war . . , will try to extinguish a people.

"I believe that means we will be the target, because the United States will not start war.

"If atomic bombs extinguish 25 key American cities we can no longer be a political and national force."

Special Interests Named

Dr. Warren did not say how many bombs would be needed.

Earlier Louis S. Strauss, atomic energy commissioner, told association that universities are one of the "special interests" in science that may impede atomic progress.

The other special interests he named as industrial laboratories and government departments.

"Our planning,' he said, "must be set up to convert an advance in pure science to practical ends. This conversion presents serious problemss, since certain hurdles exist that must first be cleared. These are three in number and are old familiars; namely, prejudice, tradition and special interests."

Processes Can't Be Patented

Prejudice, he said, is based on fear on atomic destruction and that

30.24- 18657

is passing. He defined the tradition handicap as the tenet that science is for scientists. That he said is no longer true.

"The third hurdle,' he said, "is special interests in the scientific fields. It is of great importance that they be maintained. But they should be maintained in such a way that the early and intelligent development of the benig uses of atomic energy shall be pressed."

He declared that Government laboratories are handicapped by inflexibility. Industrial laboratories have a handicap which is new. It is not as sometimes supposed that they must earn profits, he said, adding that the handicap is lack of adequate reward to key personnel because it is not possible to patent atomic discoveries.

Third Interest Is University

"The third interest," he said, "is the university. The university, as the traditional trustee of learning and the vigorous defender of free, unprejudiced thought, must have a predominant consultive role. But advisers with this background may be expected to have t tendency to resist the day demand for quick, practical return of things for the very practical outlay of large sums of money taxed from the lay public."

Dr. Joseph G. Hamilton, of Berkeley, Cal., said a study is on to find uses for the equivalent of 100 tons of radium which is made continuously in the Hanford (Wash.) atomic piles, the great concrete structure producing plutonium for bombs and power.

This radium equivalent consists of 34 different chemical elements, made by splitting atoms. For 32 of these chemicals no medical uses are known, and the search is for something the 32 can do in treatments of disease or diagnosis.

Paul C. Aebersold, of Oak Ridge, Tenn., said that 3,000 shipments of radioactive atoms have been made to American scientists. Of these 2,200 were for medical and biological science. For cancer study these hot atoms are free, except freight.

Salvador Is 58th Nation In World Labor Group

SAN FRANCISCO, June 22 (AP).—El Salvador today became the fifty-eighth member of the International Labor Organization, which is holding its conference here.

Jorge Ramirez, of El Salvador, presented his country's acceptance of the obligation of membership at this morning's session. The Philippine Republic also has joined since the conference opened. Burma became a member just before this year's meeting.

The next plenary of the conference will be held Thursday.

RED VETO KILLS COUNCIL'S OK OF U.S. ATOMIC PLAN

JUN 1948

LAKE SUCCESS, June 22—(AP)—Russia's 26th veto killed today a Security Council majority decision approving the American plan for world atomic control.

Andrei A. Gromyko, Soviet deputy foreign minister who has bitterly assailed the American proposal, cast the veto. The Soviet Ukraine voted with him.

The United States, Argentina, Britain, China, Belgium, Syria, France, Canada, and Colombia—nine in all—voted to approve the entire work of the United Nations Atomic Energy Commission.

Seek General Assembly Action

Balked by the Soviet veto, the council then decided to send the records of the atomic deadlock to the general assembly meeting in Paris Sept. 21 for its action.

The vote on this move was 9 to 0. Gromyko and Dmitri Z. Manuilsky, Soviet Ukrainian foreign minister, insisted this action could be vetoed also but Gromyko did not press the point.

Before the final vote, Manuilsky assailed the United States government. He charged the U.S. is responsible for failure of the atomic commission to agree on a plan after two years of long atomic talks. He said the U. S. policies threaten world peace.

It was Manuilsky's first speech to the council and the first time he had taken his seat as the Ukraine's delegate.

The United States on June 11 called on the council to approve three reports approved by the U.N. Atomic Energy Commission.

The first report made in December, 1946, was based on the general outlines of the original U.S. control plan introduced by Bernard M. Baruch to the commission on June 14, 1946. It outlined a world atomic control authority and called for no veto on atomic punishments. Baruch said then that the U. S. would dispose of atomic weapons when it was sure world control was effective. Gromyko disapproved this report.

The second report was written in December, 1947. It outlined the general set-up of an atomic authority.

In the third report, approved in April, the non-Russian majority of nine on the commission said that there was no prospect of agreement until the Russians decided to cooperate with the rest of the world on the atomic problem. It said the Russians had not even agreed on technical matters.

Gromyko insisted that Russia's plan was desirable and charged the U. S. was attempting to gain a world monopoly on atomic energy.

Russia proposed in 1946 that the nations agree immediately on a pact prohibiting atomic weapons. This would mean the U. S. would have to destroy its bombs. After that pact, Gromyko said, the nations could discuss controls. He later proposed an atomic control commission subject to the security council.

Rabbi Says Jews Put America First

Conference Is Told Israel Will Forge Own Destiny

KANSAS CITY, June 22 (AP).—The Central Conference of American Rabbis was told tonight by its president, Dr. Abraham J. Feldman, of Hartford, Conn., that the new government of Israel would forge its own destiny and that American Jews' first devotion is to the United States.

"After all," he said, "the government of the state of Israel is not your government or mine. . . . The political controversy among us here should be adjourned. We have been, we are, we shall remain Americans.

"As Americans we shall continue to give our beloved United States the same full measure of devotion we have ever given it. As American Jews we shall continue to build our Jewish life here . . . and we shall make our contribution as Jews and as Americans . . . to the preservation of American democracy."

He urged, too, that interdenominational councils be set up to carry on week-day religious education programs.

More than 250 member rabbis from all parts of the country have registered for the fifty-fifth annual convention, which will end Saturday.

Rome, June 22-(AP)-U.S. economic experts from six Russian satellites ended a weeklong conference here today with four state department trade advisors.

The diplomats were from posts in Poland, Czechoslovakia, Yugoslavia Bulgaria, Romania and Hungary.

No official announcement was made. Diplomatic sources close to the conferees said they debated the future of trade between eastern and western Europe after the European recovery (Marshall) program starts. Some of the 16 countries participating in the ERP have expressed fear that complete recovery cannot be reached without some trade between the east and west. The U.S. is concerned also lest strategic materials sent to western Europe be re-shipped in one form or another to Russia and her bloc. All these angles were reported discussed.

JUN 1948

A diplomatic official, who has a responsible place in the ERP administration in Italy, commented that some trade must flow between east and west. He added:

"Whether eastern Europe plays a formal role in the ERP depends entirely on the attitude of Moscow. The smaller nations of Eastern Europe are eager to benefit from increased trade under the program. However, it is likewise important in the eyes of America that strategic materials with a war potential do not find their way to Russia."

Russia and her bloc have spurned the ERP.

SINGAPORE, JUNE 22-(AP)-TOP OFFICIALS OF THE MALAYAN FEDERATION TODAY HELD THEIR THIRD CONFERENCE SINCE FRIDAY ON MEANS FOR CURBING A SEVEN-WEEK-OLD WAVE OF VIOLENCE THAT HAS SWEPT THROUGH MALAYA.

NO FRESH VIOLENCE WAS REPORTED TODAY. A DISPATCH FROM IPOH, IN PERAK STATE, SAID A CHINESE DETECTIVE REPORTED KILLED YESTERDAY HAD BEEN ONLY SERIOUSLY WOUNDED. THIS FIXED THE TOTAL DEAD IN THE TERRORISM WAVE AT 28. MORE THAN 600 PERSONS WERE ARRESTED YESTERDAY AS SUSPECTS IN THE VIOLENCE.

CONFERRING ON THE SITUATION TODAY AT KUALA LUMPUR, CAPITAL OF THE FEDERATION, WERE COMMISSIONER GENERAL MALCOLM MACDONALD, SIR EDWARD GENT, FEDERATION HIGH COMMISSIONER, AND SIR FRANKLIN GIMSON, SINGAPORE GOVERNOR. HEADS OF THE FEDERATION AND SINGAPORE POLICE MET WITH THEM.

THE SEDITION TRIAL OF LIEW YIT-FUN, PUBLISHER OF THE COMMUNIST NEWSPAPER MINSHENGPAU SELANGOR, OPENED AT KUALA LUMPUR.

MANILA, JUNE 22-(AP)-AMNESTY FOR THE STRAWHATTED, MACHINEGUN-TOTING HUKBALAHAP IN TURBULENT CENTRAL LUZON WAS APPROVED TODAY BY THE PHILIPPINE HOUSE. THE SENATE IS EXPECTED TO CONCUR TOMORROW.

THE PRESIDENTIAL DECREE, ISSUED MONDAY NIGHT AFTER THE VOLUNTARY SURRENDER OF HUK LEADER LUIS TARUC, FREES HIS 50,000 PEASANT FOLLOWERS OF PROSECUTION ON CHARGES OF REBELLION, SEDITION AND POSSESSION OF ARMS.

IT REQUIRES THE HUKS TO SURRENDER THEIR ARMS WITHIN 20 DAYS AFTER CONGRESSIONAL APPROVAL OF THE DECREE. THE PEASANTS BEGAN ARMING THEMSELVES FROM THE BATTLEFIELDS OF BATAAN, INCREASED THEIR ARSENAL DURING THE JAPANESE OCCUPATION AND ACQUIRED AMERICAN WEAPONS AFTER THE LIBERATION. DURING THE WAR, THEY FOUGHT THE JAPANESE, GUERRILLA FASHION.

PRESIDENT ELPIDIO QUIRINO, TO WHOM TARUC SURRENDERED, HAS EXPRESSED HOPE THAT AMNESTY WILL BRING TO AN END THE SPORADIC, BLOODY CLASHES BETWEEN THE PEASANTS AND GOVERNMENT TROOPS, WHO FREQUENTLY WERE JOINED BY CIVIL GUARDS.

FIGHTING BROKE OUT AFTER THE ELECTION OF THE LATE PRESIDENT MANUEL ROXAS IN APRIL, 1946. SUBSEQUENT PEACE PARLEYS FAILED AND TARUC FLED MANILA IN AUGUST, 1946. HE HAD BEEN IN THE CAPITAL TO CONDUCT NEGOTIATIONS AND ALSO TO PURSUE A CLAIM FOR HIS SEAT IN THE HOUSE OF REPRESENTATIVES. HIS ELECTION IN APRIL, 1946--FROM PAMPANGA PROVINCE--WAS DISPUTED BY CHARGES OF FRAUD.

ROXAS OUTLAWED TARUC, THE HUKBALAHAP AND ITS AFFILIATED NATIONAL PEASANTS UNION LAST MARCH. THE ACTION WAS CONDEMNED BY THE MINORITY IN CONGRESS, WHICH DID NOT ACT ON THE ROXAS' DECREE. ROXAS DIED APRIL 15.

AMNESTY COMES AT A CRITICAL TIME. THE FERTILE FIELDS OF CENTRAL LUZON ORDINARILY ARE PLANTED WITH RICE DURING THE FIRST HEAVY RAINS IN JUNE. BUT BECAUSE OF THE DISORDERS, AND ARGUMENTS OVER CROP SHARING AGREEMENTS BETWEEN LANDOWNERS AND TENANTS, THE PHILIPPINES' RICHEST RICE PRODUCING ACRES HAVE LAIN IDLE.

TARUC, IN AN INTERVIEW, REAFFIRMED THAT HE IS A FILIPINO COMMUNIST, BUT DENIED HAVING ANYTHING TO DO WITH INTERNATIONAL COMMUNISM.

"I AM NO MORE UNDER STALIN'S ORDERS THAN I AM PRESIDENT TRUMAN'S," HE ASSERTED. "I AND MY ASSOCIATES MOST EMPHATICALLY ARE FILIPINO NATIONALISTS. WE ARE AIMING TOWARD TRUE DEMOCRACY WITHIN THE FRAMEWORK OF THE CONSTITUTION."

TARUC, UNDER TECHNICAL ARREST, IS STAYING IN AN ANNEX OF THE PRESIDENT'S HOME--GUARDED BOTH BY PRESIDENTIAL GUARDS AND HIS OWN BODYGUARD OF SIX TOUGH HUKS. HE IS PERMITTED TO SEE A CONSTANT STREAM OF FRIENDS.

AN IRGUN BROADCAST SAID "SOME OF OUR PEOPLE HAVE BEEN KILLED AND WOUNDED." IT THREATENED A "BLOOD BATTLE BETWEEN JEWS" IF THE ATTACKS ON IRGUN DID NOT CEASE.

A MUFFLED EXPLOSION AND A BIG CLOUD OF WHITE SMOKE SHOT UP FROM THE CENTRAL BEACH DISTRICT AFTER ISRAELI SOLDIERS CLASHED WITH A GROUP OF CIVILIANS TRYING TO REACH THE IRGUN SHIP, WHICH STOOD ABOUT 50 FEET OFFSHORE. THE NATURE OF THE EXPLOSION WAS NOT LEARNED.

A SMALL LANDING BARGE MADE TRIPS TO AND FROM THE IRGUN CRAFT, MOVING ADDITIONAL LOADS OF IRGUN TROOPS TO THE BEACH AREA.

THE BATTLE ON THE SEAFRONT CONTINUED INTO MIDAFTERNOON. A SOLDIER WAS KILLED AND A GIRL PRIVATE WOUNDED 50 PACES FROM THIS WRITER'S HOTEL ROOM FACING ON THE BEACH.

THE ROOF AND PORCH OF THE HOTEL WERE USED AS A RIFLE AND BREN GUN POST. FIRING SWITCHED FREQUENTLY FROM THE IRGUN BEACHHEAD TO A STRIP OF BEACH FARTHER SOUTH WHERE IRGUN TRIED TO REINFORCE THE POSITION WITH ITS TROOPS INSIDE THE CITY.

IRGUN GAINED A FOOTHOLD IN THE RUINS OF AN OLD BUILDING ALONG THE BEACHFRONT. THE ARMY MOVED UP AN ARMORED CAR AND TRIED TO DISLODGE THE IRGUN FIGHTERS, BUT WITHDREW WHEN ONE SOLJIER WAS WOUNDED.

AN AMBULANCE WHICH WENT INTO THE HAIL OF FIRE TO BRING OUT OTHER WOUNDED SUCCEEDED, BUT WAS HIT AT LEAST ONCE.

FROM THE BEACHED IRGUN CRAFT CAME A SUCCESSION OF COMMANDS SPOKEN OVER A LOUDSPEAKER--SOME IN ENGLISH WITH A DISTINCT AMERICAN ACCENT.

THE ENTIRE WATERFRONT OF THE CITY WAS BLOCKED OFF. STREETS WERE CLOSED, ARMORED VEHICLES WERE MOVED UP, AND STEN GUN PATROLS PLACED ON EVERY CORNER.

TWO JEWISH CORVETTES KEPT ABOUT 1,000 YARDS FROM THE BEACHED CRAFT. LAST NIGHT, WHEN THE DARKENED SHIP CAME TO THE BEACH, THERE WAS A SIX-MINUTE EXCHANGE OF LIGHT GUNFIRE BETWEEN THE LANDING CRAFT AND ONE OF THE CORVETTES.

THE FIRST BOATLOAD OF IRGUN SOLDIERS WAS TAKEN OFF THE CRAFT SHORTLY AFTER IT WAS BEACHED. DESPITE FISTFIGHTS AND SCATTERED SHOOTING, ISRAELI SOLDIERS FAILED TO PREVENT SOME CIVILIANS--PRESUMABLY IRGUN MEMBERS--FROM SWIMMING OUT TO THE BEACHED VESSEL.

AN ISRAELI BROADCAST HAD WARNED THAT IF IRGUN FIRED A SHOT THE

ARMY WOULD REPLY. MENACHIM BEIGIN, IRGUN COMMANDER, WAS REPORTED LAST NIGHT TO HAVE SAID HIS MEN WOULD FIGHT IF FIRED UPON OR RESTRAINED.

SAN FRANCISCO,JUNE 22 (AP)-CHINESE COMMUNISTS IN MANCHURIA SAY THEY WILL TURN FROM RURAL FIGHTING AND TAKE LARGE CITIES AND USE THEM TO WIN THE CIVIL WAR.

DETAILED INSTRUCTIONS ON HOW TO SAVE BIG TOWNS, INDUSTRIAL CENTERS, AND RAILWAYS SO THEY CAN BE USED IN THE CIVIL WAR EFFORT WERE BROADCAST TODAY BY THE COMMUNIST RADIO IN NORTH SHENSI.

THE TRANSMISSION WAS PICKED UP BY THE ASSOCIATED PRESS LISTENING POST IN SAN FRANCISCO.

SPEAKING OF GUERRILLA WARFARE IN THE PAST TENSE, THE BROADCAST SAID THAT WHEN THE WAR WAS IN THAT STAGE CITIES WERE HARD TO TAKE AND HOLD.

"THEREFORE, ALTHOUGH ATTENTION HAD ALWAYS BEEN PAID TO URBAN POLICY, IT WAS NECESSARY TO CARRY OUT ORGANIZED, PLANNED REMOVAL OF CERTAIN NECESSARY MATERIALS FROM THE CITIES IN ACCORDANCE WITH POLICY.

"TODAY THE SITUATION HAS UNDERGONE A FUNDAMENTAL CHANGE. NOT ONLY HAS A GREAT NUMBER OF CITIES BEEN OCCUPIED BUT THEY ARE FIRMLY IN THE HANDS OF THE PEOPLE'S ARMY. THE WAR HAS BECOME A LARGE-SCALE MASSED OPERATION OF LARGE ARMY GROUPS. RELIANCE MUST NOW BE PLACED ON CITIES AS WELL AS THE COUNTRYSIDE," SAID THE DIRECTIVE."

THE FIRST, WHICH THE CONFERENCE IS EXPECTED TO ADOPT, DEALS WITH THE SUBJECT ONLY IN BROAD TERMS.

THE SECOND, WHICH WOULD SET UP MEANS TO ENFORCE THE FIRST, WILL UNDERGO ONLY PRELIMINARY DISCUSSION THIS YEAR, WITH THE PROSPECT OF CONSIDERABLE FIREWORKS.

THE RIGHTS OF WORKERS AND EMPLOYERS TO ORGANIZE WERE GIVEN PRELIMINARY CONSIDERATION BY THE 1947 CONFERENCE ON REQUEST OF THE UNITED NATIONS ECONOMIC AND SOCIAL COUNCIL.

IF THIS YEAR'S CONFERENCE ADOPTS A TREATY THE 57 ILO MEMBER COUNTRIES ARE OBLIGED TO CONSIDER RATIFICATION. IF THEY DO SO THEY MUST APPLY THE TREATY'S PROVISIONS AND SUBMIT ANNUAL REPORTS ON ITS APPLICATION.

FOUR OTHER COMMITTEES ARE AT WORK. THE GENERAL SUBJECT OF WAGES IS UNDERGOING PRELIMINARY DISCUSSION. AN ILO RECOMMENDATION ON THE SUBJECT IS NOT SCHEDULE THIS YEAR.

NEW YORK, JUNE 22-(AP)-THE NATION ASSOCIATES (CAPS) CLAIMED "CONCLUSIVE PROOF" TODAY THAT THE ARABIAN AMERICAN OIL COMPANY IS TRYING TO DESTROY THE UNITED NATIONS PLAN TO PARTITION PALESTINE.

THE ASSOCIATES, PUBLISHERS OF THE NATION MAGAZINE, SAID ARAMCO IS WORKING WITH THE BRITISH FOREIGN OFFICE, THE ARAB LEAGUE, AND "HAS THE ACTIVE COLLUSION" OF A BRANCH OF THE U.S.STATE DEPARTMENT.

IT CLAIMED THAT ARAMCO'S ALLEGED ACTION WAS SOLELY FOR "SAFEGUARDING PROFITS."

THE CLAIMS WERE MADE IN A MEMORANDUM SENT TO PRESIDENT TRUMAN, SECRETARY GENERAL TRYGVE LIE OF THE UNITED NATIONS AND MEMBERS OF THE U.N.

THE NATION ASSOCIATES SAID THE MEMORANDUM IS BASED ON "A SECRET REPORT WRITTEN FROM CAIRO, EGYPT, DEC.22, 1947 BY JAMES TERRY DUCE," ARAMCO'S VICE PRESIDENT IN CHARGE OF GOVERNMENT RELATIONS. THE ORGANIZATION SAID IT WAS MADE TO ARAMCO'S PRESIDENT.

"TO THAT REPORT," THE ASSOCIATES SAID, "CAN BE TRACED THE EFFORTS OF THE STATE AND DEFENSE DEPRTMENTS OF THE UNITED STATES TO PREVENT THE IMPLEMENTATION OF THE PARTITION RESOLUTION OF NOV.29, 1947."

A SPOKESMAN FOR ARAMCO SAID DUCE'S PASSPORT SHOWS "HE DID NOT ARRIVE IN CAIRO UNTIL DEC.23." W.F.MOORE, ARAMCO PRESIDENT, SAID THROUGH THE SPOKESMAN HE HAD NOT TURNED OVER ANY OF DUCE'S REPORTS TO THE STATE DEPARTMENT. THE COMPANY MADE NO FURTHER COMMENT.

JAMAL HUSSEINI, SPOKESMAN FOR THE ARAB HIGHER COMMITTEE, SAID THE CHARGES ARE "NONSENSE AND PROPAGANDA." HE ADDED THE ARAB LEAGUE "HAS NO CONNECTIONS WITH THE OIL PEOPLE OTHER THAN DIRECT COMMERCIAL CONNECTIONS."

THE ASSOCIATES SAID ARAMCO IS TRYING "TO DESTROY THE EFFECTIVENESS OF EVERY ACT OF THE UNITED NATIONS X X X WITH RESPECT TO THE IMPLEMENTATION OF THE U.N. DECISION ON PALESTINE."

THE OIL COMPANY ALSO WAS ACCUSED OF ATTEMPTING TO UNDERMINE RECOGNITION OF THE PROVISIONAL GOVERNMENT OF ISRAEL.

ARAMCO, THE MEMORANDUM SAID, "HAS THE ACTIVE COLLUSION OF THE NEAR EASTERN DIVISION OF THE STATE DEPARTMENT, HEADED BY LOY HENDERSON."

ARAMCO IS COMPOSED OF STANDARD OIL OF CALIFORNIA, STANDARD OIL OF NEW JERSEY, THE TEXAS COMPANY AND SOCONY VACUUM, THE MEMORANDUM SAID.

LAKE SUCCESS, JUNE 22-(AP)-AN AMERICAN DEMAND FOR SECURITY COUNCIL APPROVAL OF WORLD ATOMIC CONTROL APPEARED TO BE HEADED FOR A RUSSIAN VETO TODAY.

THE COUNCIL WAS CALLED TO MEET AT 1:30 P.M. (E.S.T.)

ANDREI A.GROMYKO, SOVIET DEPUTY FOREIGN MINISTER, DENOUNCED THE AMERICAN MOVE LAST WEEK. HE CHARGED THE AMERICANS ARE HUNTING FOR MORE VETOES BY MAKING THEIR PROPOSAL IN THE FACE OF CONTINUED DISAGREEMENT BETWEEN THE UNITED STATES AND RUSSIA.

ON JUNE 11, DR.PHILIP C.JESSUP, U.S. DEPUTY ON THE SECURITY COUNCIL, INTRODUCED A RESOLUTION CALLING ON THE COUNCIL TO APPROVE THE RECOMMENDATIONS OF THE U.N. ATOMIC ENERGY COMMISSION.

THIS WOULD MEAN COUNCIL APPROVAL FOR AN ATOMIC CONTROL PLAN ACCEPTED BY THE MAJORITY OF THE ATOMIC COMMISSION. THIS PLAN WAS BASED ON A BROAD SCHEME INTRODUCED BY BERNARD M.BARUCH, U.S. DELEGATE, TO THE ATOMIC COMMISSION JUNE 14,1946.

IT CALLS FOR NO VETO ON SANCTIONS AGAINST VIOLATORS OF AN ATOMIC CODE, CONTROL BY A WORLD-WIDE ATOMIC AUTHORITY, AND DISPOSAL OF EXISTING ATOMIC WEAPONS.

GROMYKO STANDS FIRMLY ON RUSSIA'S COUNTER-PLAN. THIS CALLS FOR DESTRUCTION AND PROHIBITION IMMEDIATELY OF ATOMIC WEAPONS, WITH DETAILS OF WORLD CONTROL BY AN ATOMIC CONTROL COMMISSION TO BE WORKED OUT LATER. GROMYKO REFUSED TO WAIVE THE VETO.

AFTER THE EXPECTED VETO, THE AMERICANS WERE REPORTED READY TO BACK A SIMPLE RESOLUTION TRANSMITTING THE COMMISSION'S WORK TO THE U.N. GENERAL ASSEMBLY FOR DISCUSSION IN PARIS THIS FALL. THIS MOVE WOULD REQUIRE ONLY A MAJORITY OF SEVEN MEMBERS OF THE 11-NATION COUNCIL.

IN MIDAFTERNOON, SMOKE WAS SEEN COMING FROM THE STARBOARD PORT OF THE BEACHED CRAFT, INDICATING IT WAS AFLAME INSIDE.

(THE BRITISH ADMIRALTY IN LONDON SAID IT HAD HEARD AN S. O. S. FROM THE MOTOR VESSEL ALTALENA OFF TEL AVIV, REPORTING SHE WAS UNDER FIRE FROM COASTAL BATTERIES. THE ADMIRALTY IDENTIFIED THE VESSEL AS A FORMER LST NOW UNDER PANAMANIAN REGISTRY.

("WE ARE ON FIRE BAD," SAID THE MESSAGE, "MANY WOUNDED. PLEASE HELP. THEY ARE USING MACHINEGUNS ON US. MANY KILLED. CANNOT USE RECEIVER.") TEL AVIV ADD xx attained.

THE GOVERNMENT ANNOUNCED THE SURRENDER OF IRGUN FORCES WHICH HAD BEEN SURROUNDED YESTERDAY AT KEFAR VITKIN, NORTH OF NATANYA, WHERE THE IRGUN CRAFT HAD FIRST LANDED.

IT WAS NOT LEARNED WHETHER LONG, UNLIGHTED SHIP WAS BROUGHT HERE BY IRGUN ON ITS OWN AFTER THE ARMY OF ISRAEL SEALED OFF NATANYA BEACH AND BLOCKED UNLOADING, OR WHETHER IT WAS MOVED IN UNDER THE ORDERS OF A GOVERNMENT DETERMINED TO AVOID BLAME FOR

BREAKING THE TRUCE.

AT 12:30 A.M. THE IRGUN SHIP WAS GROUNDED ON THE SAND IN THE CENTER OF TEL AVIV BEACH UNDER THE GUNS AND WINKING SIGNAL LIGHTS OF TWO ISRAELI CORVETTES.

TRUCE OBSERVERS WATCHED FROM THE WINDOWS AND ROOF OF THEIR HOTEL. THEIR SMALL CONTINGENT OF U.S. MARINES WAS ORDERED BACK FROM THE BEACH TO AVOID ANY POSSIBLE CLASH WITH ISRAELI TROOPS RUSHED TO THE SCENE. ROAD BLOCKS WERE SET UP IN THE STREETS.

THROUGH A NIGHT OF SPORADIC SHOOTING, THE GOVERNMENT APPEARED TO HAVE GAINED AT LEAST A TEMPORARY UPPERHAND AGAINST IRGUN'S CHALLENGE.

AN EMERGENDY DECREE WAS ENACTED MAKING CIVIL DISOBEDIENCE AN ACT OF TREASON AND THE GOVERNMENT DECLARED IT WOULD TOLERATE NO ARMED INDEPENDENT ACTIONS BY GROUPS WITHIN THE STATE. THE GOVERNMENT ORDERED ITS TROOPS TO SHOOT--AND THEY DID.

FIRING WAS HEARD IN THE NIGHT AT NATANYA, WHICH WAS KEPT UNDER CUPFEW. OTHER SHOTS WERE FIRED SPORADICALLY ALONG THE TEL AVIV WATERFRONT AS ISRAELI FORCES MOVED INTO POSITION.

UP TO MIDMORNING, THERE HAD BEEN NO ATTEMPT TO LAND ANYTHING FROM THE BEACHED CRAFT ALONG THE BLOCKED-OFF SECTION OF THE WATERFRONT.

FROM THE SHORE JEWISH WALKIE-TALKIE TEAMS KEPT IN RADIO CONTACT WITH THE CRAFT. FROM THE SHIP A LOUDSPEAKER AUDIBLE OVER MUCH OF TEL AVIV BLARED IRGUN SONGS AND THE WORDS: THIS IS IRGUN ZVAI LEUMI. THIS IS OURS."

THE ISRAELI GOVERNMENT IMPOSED CSNSORSHIP FOR 24 HOURS ON NEWS ABOUT THE SHIP AND ITS LANDING. UNITED NATIONS OFFICIALS SAID TRUCE OBSERVERS WERE SENT AT ONCE TO THE SCENE OF THE BEACHING, SINCE A VIOLATION OF THE U.N.'S FOUR-WEEK ARMISTICE, NOW IN ITS SECOND WEEK, MAY BE INVOLVED.

JUN 1948

THE GOVERNMENT ANNOUNCED ALL TELEPHONES IN TEL AVIV "CEASED WORKING" AT ABOUT 10:15 A.M. ALL FURTHER NEWS CONNECTED WITH THE GOVERNMENT STATEMENT OF LAST NIGHT ABOUT THE ARMS SHIP LANDING WAS BEEN STOPPED BY THE CENSOR PENDING ANOTHER OFFICIAL PRONOUNCEMENT.

THE GOVERNMENT'S STATEMENT AND THE IRGUN BROADCAST WERE THE ONLY FACTS PERMITTED BY CENSORSHIP TO BE SENT ABROAD ON THE CLASH.

THE GOVERNMENT VERSION, READ TO CORRESPONDENTS BY AN INFORMATION OFFICER:

"IT CAME TO THE KNOWLEDGE OF COMMANDERS OF THE ARMY OF ISRAELI THAT A BOAT CARRYING ARMS FOR IRGUN ZVAI LEUMI WAS TO ARRIVE IN THIS COUNTRY. THE MATTER WAS BROUGHT BEFORE THE PROVISIONAL GOVERNMENT OF ISRAEL AND IT WAS DETERMINED TO TAKE ALL MEASURES TO PREVENT UNLOADING OF THESE ARMS BY IRGUN ZVAI LEUMI."

A7

THE STATEMENT SAID IRGUN'S LEADERS WERE ASKED TO RECOGNIZE THE AUTHORITY OF THE NEW STATE AND CALLED THE LANDING OF ARMS "ESPECIALLY AT THE TIME OF THE TRUCE, A VERY SERIOUS BREACH OF THE LAWS OF ISRAEL AND A VIOLATION OF INTERNATIONAL OBLIGATIONS."

"WHEN IT WAS LEARNED THAT THE BOAT APPROACHED THE COAST OF ISRAEL," THE STATEMENT CONTINUED, "AN ORDER WAS ISSUED TO THE ARMY TO PREVENT THE UNLOADING OF ARMS AND, IF NECESSARY, TO USE ARMS TO ENFORCE THE ORDER.

"A CERTAIN MILITARY FORCE OF THE ISRAEL ARMY WAS CONCENTRATED AT THE PLACE DETERMINED FOR THE UNLOADING OF THE BOAT. BOATS OF THE ISRAEL NAVY APPROACHED THE IRGUN ZVAI LEUMI SHIP. MEMBERS OF IRGUN ZVAI LEUMI WHO WERE CONCENTRATED FOR DEFENSE OF THE UNLOADING REFUSED TO RECOGNIZE THE COMMANDS OF THE STATE AND THEN AN ORDER WAS ISSUED TO TAKE UP ACTION AGAINST THEM WITH ARMS.

"THE PROVISIONAL GOVERNMENT OF ISRAEL AND THE ARMY ARE DETERMINED TO QUELL AT THE BEGINNING THIS GRAVE ATTEMPT TO DISOBEY THE ONLY AUTHORITY IN ISRAEL, WHICH IS THE PROVISIONAL GOVERNMENT AND THE ARMY."

THERE WAS NO INDICATION AS TO WHETHER THE ATTEMPT TO LAND ARMS WAS SUCCESSFUL. INFORMED SOURCES HERE SAID THE CRAFT INVOLVED WAS THE ALTA LENA, WHICH SAILED FROM MARSEILLES 10 DAYS AGO.

IRGUN'S BROADCAST SAID:

"GREAT NUMBERS OF ISRAEL SOLDIERS HAVE BEEN CONCENTRATED AND THEY HAVE NOT HESTITATED TO OPEN A NEW FRONT IN PALESTINE.

"ALREADY ARMED ENCOUNTERS HAVE TAKEN PLACE AND SOME OF OUR PEOPLE HAVE BEEN KILLED AND WOUNDED.

"WE FEEL COMPELLED TO MAKE PUBLIC THE FACTS AND TO WARN THE ISRAEL ARMY THAAT IF IT DOES NOT IMMEDIATELY PUT AN END TO THESE SHAMEFUL ACTS, THEN IN A FEW HOURS, AND POSSIBLY WHILE WE ARE BROADCASTING, THIS MOMENT, THERE WILL BE OPENED OUR BLOOD BATTLE BETWEEN THE JEWS."

ISRAELI LEADERS MADE NO EFFORT TO CONCEAL THEIR GRAVE CONCERN AT THE TURN OF EVENTS. MANY REGARDED IT AS THE LONG-EXPECTED SHOWDOWN BETWEEN THE EXTREMIST IRGUN, LONG AN UNDERGROUND GROOUP DURING THE BRITISH MANDATE, AND THE ARMY.

THE GOVERNMENT'S STATEMENT RECALLED THAT ONLY RECENTLY IRGUN HAD AGREED TO DISBAND AS A SEPARATE MILITARY ORGANIZATION AND BECOME PART OF THE REGULAR ARMY, AND ADDED:

"THE PROVISIONAL GOVERNMENT AND THE ARMY ARE NOT GOING TO ALLOW ANY ATTACKS FROM INSIDE, AFTER THE GREAT EFFORT OF JEWISH PEOPLE AGAINST HOSTILE FORCES FROM OUTSIDE TO BUILD UP THEIR INDEPENDENCE.

"IF SMALL GROUPS OR INDIVIDUALS CAN MAINTAIN ARMED FORCES OF THEIR OWN AND ESTABLISH POLITICAL EFFECTS WHICH UNDERMINE THE FATE OF THE STATE, THE PROVISION GOVERNMENT AND THE ARMY CALL ON EVERY CITIZEN OF THE COUNTRY TO STAND TOGETHER FOR DEFENSE OF THE UNITY OF OUR COUNTRY."

THERE ARE SOME INDICATIONS HERE THAT CLASHES CONTINUED DURING THE NIGHT. ROADBLOCKS THROWN UP BY SOLDIERS STOPPED ALL CIVILIAN TRAFFIC IN CENTRAL ISRAEL. THERE WERE EXTRA GUARDS ON DUTY IN TEL AVIV AND CARLOADS OF INFANTRY COULD BE SEEN MOVING THROUGH THE STREETS.

THERE APPEARED TO BE A SHARP CLEAVAGE AMONG THE PEOPLE HERE AT THE NEWS, BUT TEL AVIV WAS QUIET UNDER ITS PROTECTIVE AIR RAID BLACK-OUT.

BY AN AGREEMENT ON APRIL 27, LATER RATIFIED BY THE ACTION COMMITTEE OF THE WORLD ZIONIST ORGANIZATION AND THE JEWISH AGENCY, IRGUN AGREED ON A PROGRAM OF JOINT ACTION WITH HAGANAH. BUT THAT PACT, IRGUN WAS BARRED FROM INITIATING OPERATIONS WITHOUT APPROVAL OF HAGANAH, WHICH WAS TO HAVE OVERALL CHARGE.

LATER, HOWEVER, IRGUN HELD TO ITS INDEPENDENCE IN SOME WAYS. ON JUNE 7 IT WARNED THAT IT WAS NOT READY TO "SURRENDER" TO THE TRUCE TERMS FOR JERUSALEM. IT TOOK THE ATTITUDE THAT JERUSALEM WAS OUTSIDE ISRAEL AND THAT IT WAS FREE TO ACT THERE.

IT ANNOUNCED ON JUNE 15 THAT IT WAS BECOMING A POLITICAL PARTY IN ISRAEL BUT WOULD CONTINUE AN UNDERGROUND FORCE ELSEWHERE. NOT LONG AGO IT ANNOUNCED THAT IT HAD SENTENCED TO DEATH ALL BRITISH OFFICERS IN THE ARAB LEGION AND NOTIFIED KING ABDULLAH OF TRANS-JORDAN THAT HE IS WANTED AS A WAR CRIMINAL.

IN MIDAFTERNOON, THE GOVERNMENT ANNOUNCED THAT IRGUN FORCES SURROUNDED NEAR NATANYA YESTERDAY WHEN THE CRAFT FIRST REACHED SHORE HAD SURRENDERED. FIRING HAD CONTINUED THROUGHOUT THE NIGHT AT NATANYA.

A RELIABLE INFORMANT SAID UNITED NATIONS OBSERVERS WHO WENT TO NATANYA YESTERDAY TO SEE THE CRAFT WHEN IT WAS BEACHED THERE WERE STOPPED BY IRGUN GUARDS AND TURNED BACK. THE OBSERVERS WERE SAID TO HAVE BEEN TOLD: "YOU ARE HERE TO OBSERVE THE JEWISH-ARAB TRUCE. THIS IS AN INTERNAL MATTER OF JEW WITH JEW."

(ADVANCE) BERN, JUNE 14-(AP)-SWITZERLAND, FREQUENTLY REFERRED TO AS AN OASIS IN AN ECONOMIC DESERT, IS WORRIED ABOUT BREAD.

THE FEDERAL COUNCIL, THE COUNTRY'S HIGHEST EXECUTIVE AUTHORITY, ASKED PARLIAMENT, WHICH MET JUNE 7, TO RATIFY THE INTERNATIONAL WHEAT AGREEMENT CONCLUDED IN WASHINGTON MARCH 6.

FUNDAMENTALLY SWITZERLAND IS OPPOSED TO ANY INTERNATIONAL POLITICAL AGREEMENT UNDER PRESENT CIRCUMSTANCES. SHE FEARS THAT WHATEVER SHE DOES WILL BE CONSTRUED AS PARTISANSHIP BETWEEN EAST AND WEST. CONSTITUTIONALLY, SWITZERLAND WAS AND IS A NEUTRAL.

SHE KNOWS WHO BUTTERS HER BREAD. IT IS SWITZERLAND HERSELF. THERE IS CHEESE, TOO. BUT BREAD ITSELF COMES ONLY BY SUFFERANCE AND COMMERCE OF OUTSIDE SOURCES.

ARGENTINA, WHICH HAS BEEN SUPPLYING WHEAT AND OTHER BREAD GRAINS AT PREMIUM PRICES, RECENTLY EMBARGOED FURTHER SHIPMENTS ON THE GROUNDS THAT SHE WANTED PAY NOW IN UNITED STATES DOLLARS. THE SWISS PLANNED TO PAY ABOUT 1951 IN SWISS FRANCS.

A SWISS TRADE AGREEMENT WITH SOVIET RUSSIA TWO MONTHS AGO, UNDER WHICH SWITZERLAND WAS TO RECEIVE GRAIN, FOOD AND FUEL OIL, IS BESET BY A LONG RAIL HAUL OVER TERRITORY OUT IN TWAIN BY POLITICAL DIFFERENCES OF MAJOR POWERS.

REDS HALT FLOW OF ELECTRICITY TO WEST BERLIN

Soviets Also Cut Off All Rail Traffic to Western Zone.

EDWIN SHANKE

SUPPLY CRISIS FEARED

Moves Viewed as 'Economic Sanctions' in Money Reform Dispute.

BERLIN, (Thursday), June 24--(AP) The Russians halted all railway traffic into the western sectors of Berlin early today. They also shut off that part of the western sector's electric power generated in the Soviet sector.

Western circles viewed these two moves as Soviet retaliation for the refusal of the United States, Britain and France to accept the Soviet zone mark as Berlin's only legal currency.

The Russian - licensed German news agency said, however, the Soviets halted all freight and passenger traffic between Berlin and the western zone railhead at Helmstedt because of a "technical disturbance." It did not explain the nature of the disturbance.

West Must Supply Power

British sources said the Soviets notified the Berlin electricity works that electric power used in western sectors in the future will have to be produced in the west. Normally, power stations in the western sectors produce only one-half of the electricity used in those sectors.

All freight for Berlin's western sectors moves over the Helmstedt-Berlin line.

Late yesterday, Herman Rau, chairman of the Soviet zone's German Economic Commission, told newsmen that "unless supplies come by air, serious economic difficulties will develop for the western sectors" of Berlin.

Earlier the Russians officially threatened economic sanctions against western Berlin if the United States, France and Britain refused to accept the Soviet zone mark as Berlin's only legal currency.

The three western powers, however, voided yesterday a Russian decree making a new Soviet-stamped mark the only legal tender in Berlin and ordered issuance of the new western German Deutsche mark in their three sectors. The effect was to erect a paper currency wall through the heart of Berlin, 100 miles behind the iron curtain.

Thus Berlin's 3,400,000 people were caught in the middle of an east-west money fight.

Cannot Re-route Traffic

Whether today's announcement meant the Russians had made their first economic sanction move was not immediately clear.

The Russians' chief transport official said "necessary directives" had been issued to restore the Berlin-Helmstedt line as quickly as possible. He added it was impossible to reroute traffic without having "unfavorable effects" on the entire rail network in the Soviet zone.

Western allied circles said they were struck by the fact that the railway line developed a "technical disturbance" for the first time a few hours after the western powers served notice they would issue their own currency in the western sectors of Berlin."

The tension from this latest development in the cold war exploded in late afternoon when hundreds of political demonstrators swarmed into the city hall in the Russian sector. The 2,000 or 3,000 demonstrators invaded the council chamber and for 90 minutes prevented a special council debate on the currency situation. The American controlled radio said the shouting crowd was made up of followers of the Soviet-sponsored Socialist Unity Party.

Later tonight the council adopted a resolution declaring both east and west currency should be valid in the city. Social Democrats, Liberal Democrats and Christian Democrats supported the resolution. The Socialist Unity party opposed it.

As the councilmen left the hall, German reporters said, a crowd shouted threats and assaulted three of the councilmen, including a woman.

Charging that the Russians were attempting to "usurp" life and death economic power over the 2,000,000 Germans in the western sector, the three powers made the new deutsche marks legal tender in their sectors immediately.

All Banks Closed

They closed all banks and all except grocery and drug stores. They ordered a temporary moratorium on debts pending actual issuance of the new currency which was made legal tender for the three western zones last Friday. Stocks of the new mark already were on hand for distribution.

It was the first time one occupation power had openly countermanded the order of another.

The western powers did not void the new Russian currency in their sectors, however. Financial authorities said they believed the two currencies, Russian and Western could circulate side by side if given Russian cooperation."

The Russians, however, already had announced that the new deutsche mark is outlawed in all Berlin and have threatened the arrest of any person using it. The Russians said they could carry out "economic and administrative sanctions" to enforce circulation of their money in all Berlin — possibly a threat to strangle the population by shortages of food and supplies until it is compelled to revolt against the western occupiers.

3 ALLIES DEFY RED REFORM OF BERLIN MONEY

U. S., Britain and France Bar Soviet Monopoly on Currency Issue.

SED CROWD BLOCKS DEBATE

Russians Threaten to Impose Economic Sanctions to Back Financial Decisions.

Berlin, June 23 (A. P.).—The three Western Allies rejected today a Soviet order for the issuance of a Russian-controlled currency as the only legal tender for all Berlin and announced that their own new deutschemark would be used in the city's western sectors.

The Americans, British and French said they were making Berlin a two-currency city rather than submit to an arbitrary violation of four-Power agreements.

Demonstration Staged.

Tension soared again in this focal point of the east-west cold war. Crowds of political demonstrators swarmed about Berlin's City Hall and prevented legislators from entering the building and caused the postponement of an emergency debate on currency reform. The American-controlled radio said the demonstration was staged by adherents of the Socialist Unity party, which is Communist-led and Soviet-dominated.

The demonstrators finally left the Assembly Hall at the request of Roman Chwalek, a leader of the Communist wing of Berlin's trade unions. They sang "The Internationale" as they left. A reporter at the scene estimated that between 300 and 500 demonstrators surged into the City Hall, which is in the Soviet sector. Another 1,000 to 1,500 persons outside were addressed by speakers who accused the Western Powers of splitting Germany.

Some Socialist Assemblymen charged that the Communists had staged the demonstration because they feared Assembly indorsement of the Western Powers' action. Socialists dominate the Assembly.

Reds Bar Deutschemark.

American and British authorities indicated that they have no intention of outlawing the Russian-sponsored currency in the western sectors of Berlin. The Russians, on the other hand, banned the deutschemark and threatened to arrest Berliners who accept the Western currency.

Regarding the Russian threat to arrest Berliners who accept the Western currency, United States and British spokesmen said: "We will protect Germans in our sectors from the threat of arrest. We do not contemplate that we will go around each other's occupation sector arresting people. In practice, there will be such an awful lot of tacit movement of the two currencies that unless you arrest everybody in Berlin you can't stop it."

The three western commandants for the city ordered all banks and business institutions, except food and drug stores, closed. A moratorium on debts was ordered.

The Russian order for currency reform in Berlin, and the Soviet Zone of Germany, announced early today, "violates the rules of four-Power government," the Western Powers' announcement said.

The changeover in currency ordered by the Russians was scheduled to start tomorrow. The orders by the Western Allies were effective immediately. It was the first time in the history of Berlin's three-year occupation that one Allied Power had openly countermanded the order of another.

Bank employees of western sectors were ordered to stand by at their posts. Food and drug stores were instructed to sell their merchandise at the legally regulated prices in reichsmarks, the old German currency. The Russians ordered that prices, wages and rents remain at present levels.

Allies Discuss Session.

The official statement today said:

"At the meeting on Tuesday, June 22, of the finance and economic experts from the four occupying Powers of Germany, the western zone representatives offered to consider and work out with the Soviet authorities a reasonable and satisfactory method for the handling of the currency and monetary reform measures of Berlin as a whole."

The statement said the Western proposals were refused by the Soviet military authorities and added: "Instead, the Soviet Military Administration insisted that it alone would write the currency law for the city of Berlin. Furthermore, the Soviet Administration refused to recognize the prerogatives of the Kommandatura as the supreme law-making body of Berlin."

The Berlin magistrate, executive body of the city government, decided at a special meeting not to accept the Russian order for the entire city. It ruled that an occupation commander can issue orders only for his own zone.

The German News Agency quoted the Russian delegate at yesterday's negotiations as warning the Western Powers that unless they accepted the Soviet currency reform, economic sanctions would be applied. This was taken to mean that the Russians intend to try and cut off all supplies to Berlin.

As the Soviet-controlled radio pumped out news of the new currency, more details became clear. Every person is entitled to exchange seventy marks at the rate of one for one. The exchange rate for amounts over seventy marks, up to 5,000, is ten for one. Any one presenting more than 5,000 marks will have to prove it was legally acquired.

Cash held by business firms and institutions will be exchanged at ten to one. Bank accounts will be changed over at one for one for the first 100 marks, five to one for amounts up to 1,000 marks and ten for one up to 5,000 marks. Where accounts have more than 5,000 marks, an investigation will be made.

Soviet Reaction Awaited

Soviet reaction to the step by the Western Allies was not immediately apparent. The changeover in currency ordered by the Russians was scheduled to start tomorrow. The orders by the Western Allies were effective immediately.

It was the first time in the history of Berlin's three-year occupation that one Allied power had openly countermanded the order of another.

Bank employes of Western sectors were ordered to stand by at their posts. Food and drug stores were instructed to sell their merchandise at the regally regulated prices in Reichsmarks, the old German currency.

"Necessary measures will be taken to introduce legally in the French, British and American sectors of Berlin the new currency of the respective occupation zones," the Western proclamation said.

When the Western Allies introduced the deutschemark as the new currency for their zones they refrained from issuing it in Berlin for the expressed reason that the

city was under four-power rule. The official statement today added:

"The three Western occupying powers specifically invited the Soviet military administration to discuss on a quadripartite basis the most feasible method of protecting the economy of the people of Berlin.

"At the meeting on Tues[illegible] June 22, of the finance and [illegible] nomic experts from the four occupying powers of Germany, the Western zone representatives offered to consider and work out with the Soviet authorities a reasonable and satisfactory method for the handling of the currency and monetary reform measures for Berlin as a whole.

"It was and still is the desire of the three Western powers to have a uniform currency for the whole of Berlin."

The Soviet action followed by four days introduction of a new mark in the Western zones occupied by the Americans, British and French.

The Russians sought to include Berlin in their new currency area as part of the Soviet ocupation zone. The Western Powers opposed. They maintain Berlin is a four-power city, although deep inside the Russian-ocupied part of Germany, and that nothing can be done about it without the consent of all four occupying powers.

The result appeared to be that this city of 3,000,000 persons will have two kinds of money—an Eastern type and a Western type. Just how this financial mess will turn out, no one could be found brave enough to hazaid even a guess. Everyone agreed on a one-word description: "chaos."

BERLIN RESIDENTS FEAR SOVIET FOOD BLOCKADE

BERLIN, June 23 — (AP) Fear was expressed tonight by some Germans in Western Berlin that their food and other supplies from western Germany might suddenly be snapped off by the Russians.

"Unless supplies come by air, serious economic difficulties will develop for the western sectors," Herman Rau, head of the Soviet Zone's German economic commission, told a news conference.

Russia and Seven Satellite Nations Hold Surprise Meeting in Warsaw.

LARRY ALLEN

MOLOTOV HEADS CONFERENCE

Arriving From Moscow, He Talks of Need of Security Against New German Aggression.

Warsaw, June 23 (A. P.).—Russia called representatives of her European satellites here tonight, evidently to make security plans against what Soviet Foreign Minister V. M. Molotov called "new German imperialist aggression."

There were authoritative reports the surprise Warsaw conference of eight nations may bring an announcement that Russia would favor setting up an eastern German State as an answer to the western Allies' proposal for a Federal Government in western Germany.

An official announcement said the Foreign Ministers of Hungary, Czechoslovakia, Yugoslavia, Romania, Bulgaria and Poland and the Premiers of Poland and Albania joined Molotov in the Warsaw talks.

Molotov, on arrival at the Okecie Airport near Warsaw, spoke of the brotherhood of slavic nations, the need for security against any further German aggression, and Russia's backing of Polish western frontiers on the Oder and Neisse rivers. His remarks generally were construed to mean the major topic of the talks would be Germany.

The official announcement omitted any reference to possible attendance by French or Italian Communists. This seemed to rule out the possibility the Cominform would be discussed.

Molotov Listed as Leader.

Molotov was listed as leader of the conference held in the suburban Wilanow Palace. He was believed aiming at lining up solid support of Soviet satellites for whatever steps the Russians may take in the German situation.

Thousands of Polish soldiers armed with Tommy guns guarded Okecie Airport and lined the streets in Warsaw leading to Wilanow Palace. Even, diplomatic cars, except those of the satellite countries, were barred from the airport.

The Warsaw Hotel, where all the delegates were registered, refused to disclose the names of the representatives. It was learned, however, that all the seven nations were represented by premiers or foreign ministers.

German Communist leaders from the Soviet Occupation Zone were reported called to the conference. An unconfirmed report said that Marshal Vassily Sokolovsky, Soviet commander in Germany, was present.

Informed observers said that a joint declaration of policy by Russia and her Eastern European satellites was expected within the next forty-eight hours. Poland and forty-eight hours. Poland and Russia have protested strongly the decision by the Western Allies to set up a separate government in western Germany.

MOLOTOV ARRIVES IN WARSAW FOR SECRET PARLEYS

ALLEN

WARSAW, June 23 (AP)—Soviet Foreign Minister Molotov flew to Warsaw today for a hush-hush conference with representatives of seven Eastern European satellites. Authoritative reports said they are considering creation of a separate east German state.

(The Moscow radio, heard in London, said the conference would discuss the decisions of the recent six-nation London conference which drafted a plan for eventual self-government for the three Western occupation zones of Germany. The participating nations were the United States, Britain, France, Belgium, the Netherlands and Luxembourg.)

Molotov gave the only official hint of what he and the foreign ministers of Hungary, Yugoslavia, Czechoslovakia, Romania, Bulgaria, Albania and Poland will discuss.

When he arrived at Okecie airport from Moscow, he spoke of the necessity for security against "new German imperialist aggression." He spoke of the brotherhood between the Slavic nations.

Molotov's brief remarks were generally construed as indicating the conferees will devote their major talks to German problems.

There were many reports tonight that out of the parley may evolve an announcement that Russia favors setting up an east German state as an answer to the western allies proposed federalized western Germany.

JUN 1948

Molotov Stresses Germany

WARSAW, June 23 (AP).—Foreign Minister Molotov, arriving at Okecie Airport from Moscow, spoke today of the necessity for security against "new German imperialistic aggression" and of the brotherhood of the Slavic nations.

An official annquncement disclosing that top-ranking officials of seven Eastern European nations will confer with Mr. Molotov here, omitted any reference to possible attendance by Communist leaders of France and Italy. This appeared to rule out rumors that a major item of discussion would be the Cominform, the international Communist Information Bureau organized in Poland in September.

[Palmiro Togliatti, head of the Italian Communist party, and Pietro Secchia, described as its "minister of interior," were reported on June 19 to have left the country on a secret trip to an undisclosed destination "east of Prague." Jacques Duclos, Parliamentary leader of the French Communists, was reported to have left Paris several days ago to attend a Cominform conference. He was last reported in Bucharest.]

All countries represented at the conference here, except Albania, are represented in the Cominform by their Communist parties.

German Reds Invited

German Communist leaders from the Soviet zone of Germany also were reported called here. An unconfirmed report said Marshal Vassily D. Sokolovsky, Russian military governor in Germany, had come to Warsaw.

The conference sessions are being held in suburban Willanow Palace.

Thousands of Polish tommy-gunners guarded Okecie Airport and lined the streets in Warsaw leading to the palace when Mr. Molotov and the other delegates arrived. Whenever Mr. Molotov or other conference delegates moved tonight they were surrounded by bodyguards of tommy-gunners.

Poland and the other Eastern European satellites, along with Russia, have strongly protested the Western Allies' decision to set up a provisional government in western Germany. They have charged that the Western Allies violated the Potsdam and Yalta agreements for the control of Germany and have intensified a move to split Germany and Europe into two blocs.

The Soviet government has linked all Eastern European nations in military alliances aimed at preventing "new German aggression." The Russians have also enlisted the aid of their satellites in aggressive opposition to the European Recovery Program, which they have termed an attempt to subjugate European nations.

EAST BLOC DISCUSSES GERMANY

Foreign Ministers Meet In Warsaw; New State Suggested

London, June 23 (AP)—The Foreign Ministers of Russia and seven eastern European countries are meeting in Warsaw to discuss "the question of Germany," the Moscow radio said tonight.

The broadcast was the first formal announcement of the session. It said the meeting was called "on the initiative of the U.S.S.R. and the Polish Republic."

The annoucement implied the Soviet bloc foreign ministers would plan a separate government for the Soviet zone of Germany.

Refers To London Action

The discussions will concern "the decisions of the London conference which ended at the beginning of June on the question of Germany," the announcement said.

This was the meeting at which the United States, Britain, France, Belgium, the Netherlands and Luxembourg drafted a plan for eventual self-government for the three western occupation zones of Germany.

The first Western power move to implement the decisions of the London conference was currency reform in the American, British and

30.24- 18673

French zones of Germany. This reform now is in progress.

Protested By Poland

Poland protested officially to the Western powers last week that their plans would divide not only Germany but all of Europe.

The broadcast said Zygmunt Modzelewski, Polish Foreign Minister, presided over the Warsaw conference's first session, which apparently opened shortly after Vyacheslav M. Molotov, Soviet Foreign Minister, arrived from Moscow by plane.

The text of the Moscow radio announcement:

"On the initiative of the Government of the U.S.S.R. and the Government of the Polish republic, a conference of the foreign ministers of the U.S.S.R., Albania, Bulgaria, Czechoslovakia, Poland, Romania, Yugoslavia and Hungary opened June 23 in Warsaw.

Ministers Attending

"V. M. Molotov, vice chairman of the Council of Ministers and Foreign Minister of the U.S.S.R.; Enver Hoxha, Prime Minister and Foreign Minister of Albania; (Vasil) Kolarov, Vice Premier and Foreign Minister of Bulgaria; (Vladimir) Clement is Foreign Minister of Czechoslovakia; (Stanoje) Simic, Foreign Minister of Yugoslavia; Zygmunt Modzelewski, Foreign Minister of Poland; Mrs. (Ana) Pauker, Foreign Minister of Romania, and (Erik) Molnar, Foreign Minister of Hungary, are taking part.

"The conference will discuss decisions of the London conference which ended at the beginning of June on the question of Germany. The conference was opened by the Foreign Minister of the Polish republic.

"Prime Minister (Jozef) Cyrankiewicz (of Poland) then greeted the foreign ministers who had arrived at the conference. The foreign ministers taking part in the conference expressed their thanks to the government of the Polish republic for it hospitality.

"Polish Foreign Minister Modzelewski was elected chairman of the first meeting."

MOUNTBATTEN ARRIVES IN LONDON FROM INDIA

Mountbatten was met by his nephew, Prince Philip, husband of Princess Elizabeth and Prime Minister Attlee.

King George Drops Title Of 'Emperor Of India'

London, June 23 (AP) — King George VI gave up one of his titles last night.

He issued a proclamation dropping "Emperor of India" from the list because, under the Indian Independence Act of 1947, he no longer is.

Hereafter he will be known as "King George VI by the grace of God of Great Britain, Ireland and the British Dominions beyond the seas, king, defender of the faith."

15 Italian Vets Hurt In Job Parade Clash

Naples, June 23 (A. P.).—More than 15,000 unemployed war veterans paraded today in a demonstration calling for bread and jobs. Some clashed with the police, and fifteen were injured.

RED SOLDIER KILLS VIENNA FRENCH M.P.

Vienna, June 23 (A. P.).—American authorities said today that a French member of the four-Power police was killed last night and a Soviet member was seriously wounded when a drunken Russian soldier opened fire with a pistol.

The authorities said the American member of the international patrol, Corporal Robert Robert Perryman of Clinton, Iowa, was slightly injured by flying glass as bullets shattered the windshield of the patrol car. The British member, Lance Corporal Basil Levy, who also was sitting in the front of the car, escaped injury, they said.

The report said that the United States Headquarters commander, Major-Gen. Robert Frederick, saw the Russian commander today and that the latter was "extremely apologetic" over the incident, which occurred in the Soviet zone of the city.

According to the American report, Austrian police told the patrol there was an armed Russian soldier who was drunk and causing a disturbance. As the patrol car pulled along side the Russian he opened fire, authorities said. The Russian was disarmed and held for Soviet authorities.

Austria Demands Russia Free Aide

Vienna, June 23 (AP)—The Austrian Government demanded today the release of one of its officials arrested by the Russians on charges of being a spy.

Anton Marek, chief inspector for the Interior Ministry, was seized last week. His chief job was investigating kidnappings. The Soviet news agency Tass said he was charged with "organizing an espionage service against the Soviet Union."

Similar notes demanding Marek's release were handed to the four occupying powers—the United States, Britain, France and Russia. The commands of each of the four powers met separately tonight to consider what action they would take.

The note was the strongest ever directed by the Austrians to any of the occupying powers. It said Marek's arrest was only one of "a long chain of arrests of Austrian civilians by occupational authorities."

Rebel Line Pierced By Greeks

L. S. CHAKALES

Athens, June 23 (AP)—Greek Army troops pierced a guerrilla defense line along the Albanian border today and mounted a heavy assault against the southern portion of the semi-circular front, field dispatches said.

A general staff communiqué said guerrilla resistance was broken in the Kastanohorion area southwest of Nestorion. There the Communist-led rebels had slowed one prong of the pincers which American-advised Greek commanders are seeking to close around the entire rebel force of 7,000 in the Grammos Mountains area.

Counterattack Held Success

[The Communist "Free Greece" radio heard in London said tonight guerrilla forces succeeded yesterday in their first counterattack against the offensive.

[In the Odrena sector "Government forces amounting to one battalion were completely routed and sought refuge in defense forests," the guerrillas said.

[The radio also said Government forces suffered heavy losses during "fierce fighting" yesterday on Mount Grammos in which the Government's 614th Battalion was "almost completely routed" in the Kopanka sector.

[Guerrilla Leader Markos Vafiades in an order of the day to his forces declared: "We shall turn Grammos into the graveyard of Monarcho-Fascism." Vafiades said his forces are displaying "unflinching courage" before attacks by 70,000 Government troops.]

Villages Liberated

Front accounts said units of the crack 9th Division seized Vourbiani in the drive through guerrilla positions near the frontier. There the 9th, which makes up the southwestern arm of the pincers, was closer to a junction with troops of the 1st and 15th divisions advancing from the Nestorion sector.

Sweeping into the Sarandaporos River valley, the 9th liberated a number of villages. Dispatches said those hamlets were badly damaged as a result of long guerrilla occupation.

Some accounts reported the guerrillas were trying to flee northward into Communist Albania to avoid encirclement.

Elements of the 9th were reported to have been shelled by artillery and mortars from Albanian territory yesterday. Guerrilla units crossed into Albania, fled down the frontier area and then recrossed into Greece, attacking the 9th Division on its flank, dispatches said.

Second and 10th Division troops established full contact with guerrilla forces in the drive against the southern section of the front. The 2d Division, advised by Lieut. Col. Henry C. Davall, of Jamesburg, N.J., advanced from Grevena toward Pentalofon and Eptahorion, a strong point in the guerrilla defense positions.

Farther west the 10th Division struck hard against Vafiades's units holding slopes of the Pindus range northeast of Metsovon. Lieut. Col. Henry L. Davisson, of Philadelphia, is adviser of that division.

Greek soldiers moving up to the front shouted, "God and justice with us, forward and let's throw the Bulgarians out of Macedonia!"

Dispatches quoted captured rebels as saying they had been told an "international brigade" quartered in Ersek, Albania, was coming to help them. Military authorities discounted the report, however.

Lieut. Gen. James A Van Fleet, head of the United States military mission, said at the front that he was satisfied with the progress made by Greek troops.

He predicted major fighting in the Grammos area would end within four weeks and that mopping up would be complete by August 1.

King Paul I reached Kozane on a commercial airliner and proceeded to the front for an inspection.

Military censorship on operations against the guerrillas will be imposed on the Greek press starting tomorrow, newspapers were advised tonight. The Ministry of the Press said foreign correspondents would not be affected by the order.

Greek Guards Kill 11 Prisoners in Riot

Athens, June 23 (A. P.).—Press reports said that guards killed eleven prisoners during a riot of 500 inmates of Nauflion Prison yesterday.

New Soviet Rail Aid Named

MOSCOW, June 23 (AP).—"Izvestia," the government newspaper, announced today the appointment of Leonid Malkevich as a new First Vice-Minister of Railways. He will serve under B. P. Beshchev, who recently succeeded Lieutenant General Ivan M. Kovalev as Minister of Railways.

MALAYAN STRIFE RENEWED

Plantation Manager and Policeman Wounded by Gunmen

SINGAPORE, June 23 (AP)—Violence flared anew today in Malaya, scene of seven weeks of terrorism that officials say was Communist-inspired. Twenty-nine deaths have resulted to date.

Maj. Gen. L. H. Cox, commander of the Singapore district, called a conference of military leaders to discuss the crisis.

In the State of Johore seven gunmen fired on C. H. F. Pierrepont, manager of the Sedenak rubber estate, and a police corporal who was accompanying him. Mr. Pierrepont was shot through the hand and the policeman through one shoulder.

In the State of Perak police exchanged shots with Chinese gunmen. No casualties were reported. Curfews were imposed in four Peak towns.

The death toll reached twenty-nine when a Chinese detective, wounded several days ago, died in a hospital in Ipoh.

Manila Congress Pardons Huks And Peasants' Union

Manila, June 23—(AP)—The Government wrote out a general pardon today for the armed peasants known as Huks (Hukbalahaps) and the National Peasants' Union.

President Quirico extended the amnesty. Both Houses of Congress approved it.

It promised the end of two years of civil strife in which an estimated 50,000 Huks backed up demands for land reform with guns.

The Huk leader, Luis Taruc, who gave himself up, remained in technical arrest. The Governments next job is to disarm his followers. Manila newspapers reported hundreds had surrendered their arms already.

Baguio Torturer to Die

MANILA, June 23 (AP)—The head of the Japanese torture mill at Baguio was sentenced to death by a Philippine Army war crimes commission today. Maj. Shimpei Harada was found guilty of responsibility for the death of scores of civilians and soldiers, some of them Americans. Harada will die with his assistant, Warrant Officer Toshio Tezuka. Sgt. Koyemitzu Kitajima and Hiroshi Sugimoto received life in prison.

Argentina Seizes Chilean Communist

Mendoza, Argentina, June 23 (A. P.).—Cesar Godoy Urrutia, Chilean Communist Congressman, was under arrest here today as "undesirable." He was seized yesterday as he stepped from a plane en route from Santiago to Buenos Aires. Federal police said he would be held until he could be sent back to Chile.

Two Quit Israeli Cabinet

Ministers Resign in Crisis—Irgunists' Party Goes Underground Again.

Tel Aviv, June 23 (A. P.).—Two Ministers of the Israeli Government resigned today in the crisis brought on by the clash between the Army of Israel and Irgun Zvai Leumi.

Meanwhile disorders developed at the funeral procession of men killed in yesterday's battle on the beach of Tel Aviv in which Israeli soldiers foiled Irgun's attempt to land a 600-ton munitions cargo from an LST. Israeli mortar fire later blasted the ship.

In addition Irgun Zvai Leumi went underground once more as an illegal political party.

At a special emergency session of the council of 37—the Israeli porvisional legislature — Rabbi Meyko Berlin, leader of the Orthodox Mizrachi party, announced the resignation of his party's two ministers in the Government. They are Rabbi J. L. Fishman, minister of religious affairs, and Yehudo Shapiro, minister of immigration.

The Irgun ship burst into flames under the mortar fire last night. Thousands of Tel Aviv residents fled the central water front, scene of the fighting.

was expected in some quarters tonight. Irgun men were reported to have scattered upon landing from their ammunition ship on the beach and to have escaped.

800 Landed, Irgun Says

Menachem Beigin, Irgun commander, said last night that the LST landed 800 European-trained combat soldiers at Natnya Sunday night before it proceeded to Tel Aviv. Censors prevented correspondents from filing accounts of Beigin's news conference until this afternoon.

Moshe Shertok, Foreign Minister, questioned concerning Beigin's claim, said "we have no knowledge of such a landing of men."

[Such a landing would violate the United Nations truce in Palestine, under which all troop movements and changes of troop positions have been forbidden.]

Some reports said the 800 fighters scattered as soon as they hit the beach. It was reported reliably that shock troops of the Israel Army staged a series of raids last night and captured 60 fighting-age Jews believed to have been among the 800 landed at Natanya.

Religious, Immigration Ministers

Rabbi Meyko Berlin, leader of the Orthodox Mizrachi party, announced the resignation of his party's two ministers in the Government at a special emergency session of the Council of 37—the Israeli provisional Legislature.

The resigned members are Rabbi J. L. Fishman, Minister of Religious Affairs, and Yehuda Shapiro, Minister of Immigration.

Rabbi Berlin said responsibility for yesterday's civil strife rested upon Ben-Gurion.

Truce Violation

Irgun, which recently agreed to dissolve itself as an underground organization in Israel and become part of the regular army, resumed its position as an illegal armed political party.

Some 40 persons were reported killed or injured when Irgun tried to land a 600-ton munitions cargo from an LST on the Tel Aviv beach. Israeli mortar fire blasted the ship, which burst into flames.

Jews' Arms Route Hits Bottleneck At Cyprus

By CARTER L. DAVIDSON

Famagusta, Cyprus, June 23 (AP). The Jewish arms supply route from Europe and America has hit a bottleneck in Cyprus.

On docks, vacant lots and storehouses here and at other Cyprus ports and beaches there are acres of crates awaiting shipment to Israel.

When war in Palestine began outright on May 14 several ships carrying cargo for Haifa and Tel Aviv put in here, once the war stores capital of the Phoenicians. The ships unloaded rather than chance Arab bombings.

18-Ton "Automobile"

Most of the crates are marked "farm machinery." The British, when asked about these marks, chuckle sarcastically. Jewish Agency representatives will not discuss the matter.

I saw one crate marked "automobile," but stencilled on the side is a weight marking of eighteen tons.

One crate is so big it has not been moved from its barge in Larnaca Harbor. It is marked "35 tons."

About 24,000 well-fed and physically fit Jews, interned when their immigration ships were intercepted, are impatiently waiting and preparing for the day when they will get to Israel.

Well-Organized Camps

They are living in three clean and well-organized camps near this ancient city. The men are preparing for the day when they will go to fight in the armies of Israel. They study Hebrew, take courses in signaling, map reading, and other war-like lore, and keep fit. At one time there was training in house-to-house fighting, bayonet charges with broomsticks, and trench warfare. But the British frowned on that. If such training is still going on it is in secret.

The camps are self-governing. Polish-born Ari Ziziemski is in charge of Caraolos camp. He dislikes the British but has nothing but praise for the way the camps are run.

IRGUNIST LEADER URGES OVERTHROW OF ISRAEL REGIME

JERUSALEM, June 23. — (AP) A local leader of Irgun Zvai Leumi urged in a speech today that Jerusalem Jews overthrow the government of Israel.

This was the outstanding reaction here to the clash in Tel Aviv between the army of Israel and Irgunists over the latter's attempt to land a loaded arms ship during the United Nations truce.

The Irgun leader addressed a relatively small crowd from an armored car at Zion Square, in the center of Jerusalem's business section. Armed Irgun guards surrounded the car. Later Irgun leaflets were distributed. There were no incidents.

The Palestine Post, Jerusalem Zionist daily newspaper, attacked Irgun for the attempt to land the ship.

"No word can be too strong in condemnation of the dangerously foolish attempt of Irgun Zvai Leumi to bring in a shipload of arms during the period of truce accepted by the government of Israel, and no action by the government can be too drastic in dealing with those who engaged in a deliberate act of provocation and rebellion," the editorial said.

Jerusalem was quiet, with more incoming food convoys filling empty shops and larders.

UN Experts Begin Parleys on Rhodes

RHODES, June 23. — (AP) United Nations political and technical experts began informal conferences today with Arabs and Jews in a search for permanent Palestine peace.

Four UN representatives met two hours with four Arab experts in the Hotel Des Roses, headquarters of Count Folke Bernadotte, the UN mediator. Abel Moneim Mustafa Bey, head of the political department of the Arab League, said afterward that "all aspects" of the Palestine situation had been discussed.

The UN experts then held a meeting with the Jewish representatives, Dr. Leo Kohn and Reuven Shiloah.

Such informal meetings are expected to continue daily until Bernadotte decides on a proposal which he will make to Arab and Jewish political leaders.

U. S. HINTS TALKS ON MILITARY AID FOR WEST EUROPE

WASHINGTON, June 23 — (AP) Undersecretary of State Lovett disclosed officially today that the State department is hard at work on the problem of associating the United States with the Western European union.

He told a news conference it is reasonable to expect direct diplomatic contact with the so-called Brussels pact countries fairly soon. No date for talks or other action has been set, he said.

Military support is the basic problem. Lovett did not touch upon this directly. Involved in this is the question of providing it in some form yet undetermined for the Western European nations which banded together in self protection.

Other officials said earlier this week that representatives of the United States and the European countries soon will hold military talks. From Lovett's comments it appeared that one of the purposes of the diplomatic contact will be to make final arrangements for these talks.

The Brussels pact countries are Britain, France, the Netherlands, Belgium and Luxembourg. They have agreed to form a union covering the closest possible economic, military and political cooperation. Many here hope the end result will be a United States of Europe.

The prospective negotiations with this bloc will be based, as far as this country is concerned, on the Senate's new foreign policy declaration—the Sen. Vandenberg (R.-Mich.) resolution — which points the way to association with regional defense alliances.

These moves in the non-Communist west came as Russia and six satellite countries met at Warsaw presumably to review developments and learn the future lines of Kremlin strategy in the cold war.

DENIES U. S. TRIES TO CONTROL POUND

Washington, June 23 (A. P.).—Under-Secretary of State Lovett gave the lie today to published reports that the United States is seeking control of the British pound in return for Marshall plan aid. He told a news conference that he had seen the reports and that there was no truth in them. The United States Government, he emphasized, had no such purpose in mind at all.

The subject came up during questions about the progress of negotiations with Great Britain over a long-range agreement on conditions of Marshall plan assistance.

Lovett said that Assistant Secretary of State Willard Thorp, who has been the chief American negotiator in the discussions, may meet newspaper men tomorrow to report on progress to date.

ECA CONTROLLER NAMED

George F. Brewer of Phoenix to Head European Office

WASHINGTON, June 23 (AP)—George F. Brewer of Phoenix, Ariz., today was appointed controller for the Economic Cooperation Administration in Europe. His primary job will be to see that shipments financed by the United States are put to the recovery uses intended, and not reshipped to countries outside the Marshall Plan countries.

Mr. Brewer will have assistant controllers in each of ECA's missions in the Marshall Plan countries, Paul G. Hoffman, administrator, announced.

Mr. Brewer, 47 years of age, is a native of Indianapolis, a graduate of the University of Wisconsin and has had long experience in accounting and corporate advisory work.

Dr. Calvin B. Hoover, 51, chairman of the economics department at Duke University, was appointed chief of the division of program review and recovery progress on the Paris staff of W. Averell Harriman, Ambassador-at-large of the ECA.

NEW ANTI-RED BILL FORECAST BY WILEY

Washington, June 23 (A. P.).—A renewed drive for anti-Communist legislation will be pressed in the next Congress, Senator Wiley (R.-Wis.), chairman of the Senate Judiciary Committee, said today. The Mundt-Nixon bill will be presented in new form to take care of the constitutional objections raised against the measure passed by the House.

Wiley said that Attorney-General Clark's information that the original bill contained sections that might violate the Constitution left his committee too little time to make changes before Congress quit last Sunday. He added: "Let not the Communists, however, take heart and crow about the fact the Senate did not act on the bill. Let them not attempt to imply that they had anything to do with killing the bill. On the contrary, we emerged from committee meetings with firmer conviction than ever before that the Communist threat must and will be met."

Wiley's statement was pointed up by the Republican platform framers in Philadelphia. They called for: "Vigorous enforcement of existing laws against Communists and enactment of such new legislation as may be necessary to expose the treasonable activities of Communists and defeat their objective of establishing here a godless dictatorship controlled from abroad."

four officers from the Army, three from the Air Force, two from the Navy and one from the Marine Corps would leave soon.

Count Bernadotte had asked ten more observers each from the United States, Belgium and France, the countries on the United Nations Truce Commission.

Some forty persons were reported killed or injured when Irgun Zvai Leumi tried to land a 600-ton munitions cargo from the LST on the Tel Aviv beach. Israeli mortar fire blasted the ship, which burst into flames.

U. S. AND ISRAEL EXCHANGE ENVOYS

Washington, June 23 (A. P.).—The United States today tightened its ties with Israel by agreeing to an exchange of diplomatic missions.

The agreement, announced by President Truman last night, adds another friendly gesture to his prompt recognition of the infant state on May 15. State Department officials emphasized that it implies no American commitment in connection with Arab-Jewish hostilities now halted by a truce.

James Grover McDonald of New York was named special United States representative to the Tel Aviv regime. Israel designated Elihu Epstein to head its mission in Washington.

McDonald, 61, was high commissioner for refugees, Jewish and others, coming from Germany in the 1933-35 period of Nazi ascendancy. For the fourteen years previous, he was board chairman of the Foreign Policy Association. In 1946, McDonald served on the Anglo-American Committee of Inquiry on Palestine.

U. S. STEEL EXPERTS GOING TO GERMANY

WASHINGTON, June 23 — (AP) American stel experts are being sent to Germany to help boost steel production there.

Secretary of the Army Royall said today that a group headed by George W. Wolf, president of the U. S. Steel Export company, will fly to the U. S.-British area this week.

Royall said they will help military authorities increase steel production that is lagging 60 per cent below the 10,000,000 ton annual production permitted in the area.

The mission was discussed with Paul Hoffman, Economic Cooperation Administrator; Charles S. Dewey, director of the joint Congressional Committee on Foreign Economic Cooperation, and several leaders of the American steel industry, including Walter S. Tower, president of American Iron and Steel Institute.

They approved "the basic purpose" of improving steel production in Germany in the interest of general European recovery and eventually easing European demands for American steel, Royall said.

Accompanying the mission will be Clarence B. Randall, executive vice president of Inland Steel corporation, and Roy Bullock, representing the Committee on Foreign Economic Cooperation.

American Tobacco Aimed At German Black Market

By The Associated Press.

LOUISVILLE, Ky., June 23—Tobacco bought here yesterday is expected to help break the cigarette black market in Germany.

The leaf is part of a $12,000,000 purchase made by German buyers on this trip, the major part of which will be used in the manufacture of cigarettes.

The tobacco bought here, in New York and in Wilson, N. C., should "definitely break" the black market by next spring, declared R. F. Lewis, head of the Tobacco Branch, Joint Exporting Agency of Frankfurt, Germany, here yesterday.

The male German's legal ration now is forty cigarettes a month. Mr. Lewis said if this and future shipments of tobacco can raise the ration to ninety cigarettes monthly the black market would be whipped.

Rabbis Attack British Policy As 'Pro-Arab'

American Financial Help for Israel Is Suggested by Central Conference

KANSAS CITY, Mo., June 23 (AP).—The Central Conference of American Rabbis today urged abandonment of what they termed Great Britain's pro-Arab policy in Palestine.

The 250 rabbis attending the national convention also urged American financial aid to Israel and suggested that "such financial aid to England under the United States European Recovery Program as would support the war against Israel be withheld."

Faith that world peace might be reached by efforts of the United Nations through "reason and righteousness" was voiced by the group after a report from Rabbi Herbert I. Bloom, of Kingston, N. Y., that the committee on contemperaneous history approved of U. N. actions in most matters it had taken up.

The group also voted approval of a recommendation that direction of chaplains' activities in the armed services be retained under the Jewish welfare board.

The Committee on Palestine in its report criticized "the duplicity of Great Britain's Palestine policy of open assistance and support of the Arabs." It declared that such a policy "encourages Arab aggression while it hampers Israeli defense of right recognized by the Balfour Declaration, the League of Nations and the United Nations. The committee is headed by Rabbi Edward E. Klein of New York.

berlin, june 23-(ap)-the three western allies set up a new currency for their zones of germany to pave the way for effective german participation in the european recovery program.

they hope that monetary reform will prove a remedy for inflation and economic stagnation. this would permit the american, british and french zones of germany to contribute their share to the program designed to rehabilitate europe's economy.

here's what they did:

set up a new mark, called the deutsche mark and announced an end to the old hitler mark. germans were not told the value of the new money. but there were strong indications that 10 old marks will be exchanged for one new mark worth about 30 cents.

for their first 60 old marks each person was given 60 new deutsche marks worth about $18. the first 40 marks could be turned in beginning last sunday in exchange for 40 new marks worth $12 and a promise of 20 more marks later. the first 40 marks is for spending money the first week.

JUN 1948

starting last monday all germans were ordered to turn into the banks all their other marks and to fill out forms telling how they got them. about june 26 the three western allies will issue new laws telling the germans what they will get for their old marks.

officials said this "delayed action" system of revaluing the currency was designed to

1. find out how much money is outstanding. nobody knows. hitler ordered the country with marks of which there is no record.

2. prevent financial juggling by black marketers who must deposit and declare their holdings before finding out what they will get in good money.

no international rate was fixed for the deutsche mark but an official spokesman said it would be aimed at producing a return in goods and services equal to 30 cents. the nominal prewar rate was 40 cents.

under the western allies original plan the new deutsche mark would not have been used in berlin's western sectors. but yesterday the russians announced currency reform for the soviet zone of germany and berlin.

the western allies said the russians ignored the four-power kommandatura and the special status of berlin in announcing their currency reform for the entire city. so they rejected the soviet order for issuance of a russian-controlled currency for all berlin and announced that the new deutsche mark would be used in the city's western sectors.

the americans, british and french said they were making berlin a two-currency city rather than submit to an arbitrary violation of four-power agreements. the soviet currency exchange is scheduled to start tomorrow and to continue four days. / #

JUN 1948

THEY ANNOUNCED REJECTION OF THE SOVIET ORDER, CLOSED ALL BANKS AND STORES EXCEPT FOR FOOD SHOPS AND DRUG STORES, AND ORDERED A MORATORIUM ON DEBTS. THEY LAID PLANS FOR EARLY ISSUANCE OF THEIR OWN CURRENCY.

THE CONFUSED GERMAN POPULATION AWAITED THE NEXT MOVE FROM THE RUSSIANS. Berlin Cold tx "chaos"

THE WESTERN ALLIES SAID THE RUSSIANS IGNORED THE FOUR-POWER KOMMANDATURA AND THE SPECIAL STATUS OF BERLIN IN ANNOUNCING THEIR CURRENCY REFORM FOR THE ENTIRE CITY.

FOR MONTHS THE SOVIET PROPAGANDA LINE HAS BEEN THAT BERLIN IS PART OF THE SOVIET ZONE AND THE WESTERN ALLIES SHOULD GET OUT.

THE SOVIET EXCHANGE OF CURRENCY IS SCHEDULED TO START TOMORROW AND LAST FOUR DAYS. DEUTSCHEMARKS, THE NEW CURRENCY OF WESTERN GERMANY, ARE ALREADY ON HAND IN BERLIN FOR DISTRIBUTION IN THE WESTERN SECTORS.

UNLESS SOME LAST MINUTE FOUR-POWER AGREEMENT IS REACHED, THIS CITY OF MORE THAN 3,000,000 GERMANS WILL BE SPLIT DOWN THE MIDDLE ECONOMICALLY BY THE END OF THE WEEK.

THE MOVE OF THE WESTERN ALLIES WAS NOT UNEXPECTED BY THE RUSSIANS. THE RUSSIANS WERE INFORMED AT A CONFERENCE YESTERDAY THAT SUCH ACTION WOULD FOLLOW ANY ONE-SIDED SOVIET CURRENCY MOVE.

SOVIET AUTHORITIES HAVE ALREADY HALTED INCOMING HIGHWAY TRAFFIC FROM WESTERN GERMANY, SEALED OFF THEIR ZONAL FRONTIERS AND REDUCED SUBSTANTIALLY SHIPMENTS OF FOOD AND COAL FROM WESTERN GERMANY.

JUN 1948

MILITARY FREIGHT FOR THE AMERICAN COMMUNITY IN BERLIN HAS BEEN HALTED COMPLETELY AND AN AIR LIFT OF 70 PLANES DAILY IS SUPPLYING THE U.S. ARMY AND AMERICAN CIVILIANS IN BERLIN.

ONE OFFICIAL SAID THE CURRENCY EXCHANGE IN THE WESTERN SECTORS WILL TAKE PLACE TOMORROW, SIMULTANEOUSLY WITH THAT IN THE SOVIET ZONE.

WITH TWO CURRENCIES IN CIRCULATION THOUSANDS OF PERSONS WOULD FIND THEMSELVES EARNING ONE TYPE IN ONE SECTOR OF THE CITY AND BUYING THEIR GROCERIES IN ANOTHER SECTOR, WHERE A DIFFERENT TYPE IS REQUIRED.

SUBWAY RIDERS MIGHT BUY TICKETS IN THE SOVIET CURRENCY IN THE SOVIET SECTOR AND IN THE DEUTSCHEMARK AT THE OTHER END OF THE LINE.

MOST BERLINERS FEEL THEY ARE HEADED FOR AN ECONOMIC MUDDLE. HOWEVER AMERICAN AND BRITISH FINANCIAL CHIEFS--JACK BENNETT AND SIR ERIC COATES--TOLD A NEWS CONFERENCE THEY BELIEVED THE DUAL CURRENCY SYSTEM COULD WORK HERE "IF GIVEN RUSSIAN COOPERATION."

BENNETT SAID DIFFICULTIES WHICH WILL BESET BERLINERS ARE TO BE REGRETTED, BUT ADDED:

"THE RUSSIANS FORCED US TO DO IT. THEY CAST THE DIE.

"IF WE HAD YIELDED, WE WOULD HAVE GIVEN THE RUSSIANS LIFE AND DEATH ECONOMIC POWER OVER THE 2,000,000 GERMANS HERE WHO ARE UNDER OUR JURISDICTION. WE COULD NOT GIVE THAT LIFE AND DEATH POWER."

SPEAKING OF THE THREATENED "ECONOMIC SANCTIONS" BY RUSSIA, SIR ERIC SAID:

"WE DON'T CONTEMPLATE THAT WESTERN SUPPLIES WILL BE CUT OFF FROM BERLIN. IF THAT HAPPENED, IT WOULD CALL FOR DECISIVE MEASURES BEYOND THE SCOPE OF CURRENCY REFORM."

THE SOVIET MILITARY ADMINISTRATION ANNOUNCED EARLY TODAY A NEW CURRENCY FOR RUSSIAN-OCCUPIED EASTERN GERMANY. THE ACTION FOLLOWED BY FOUR DAYS INTRODUCTION OF A NEW MARK IN THE WESTERN ZONES OCCUPIED BY THE AMERICANS, BRITISH AND FRENCH.

THE RUSSIANS SOUGHT TO INCLUDE BERLIN IN THEIR NEW CURRENCY AREA AS PART OF THE SOVIET OCCUPATION ZONE. THE WESTERN POWERS OPPOSED. THEY MAINTAIN BERLIN IS A FOUR-POWER CITY, ALTHOUGH DEEP INSIDE THE RUSSIAN-OCCUPIED PART OF GERMANY, AND THAT NOTHING CAN BE DONE ABOUT IT WITHOUT THE CONSENT OF ALL FOUR OCCUPYING POWERS.

THE RESULT APPEARED TO BE THAT THIS CITY OF 3,000,000 PERSONS WILL HAVE TWO KINDS OF MONEY--AN EASTERN TYPE AND A WESTERN TYPE. JUST HOW THIS FINANCIAL MESS WILL TURN OUT, NO ONE COULD BE FOUND BRAVE ENOUGH TO HAZARD EVEN A GUESS. EVERYONE AGREED ON A ONE-WORD DESCRIPTION: "CHAOS."

THE RUSSIANS AGREED TO FOUR-POWER NEGOTIATIONS ON CURRENCY FOR

30.24- 18679

BERLIN YESTERDAY. BUT AFTER FIVE HOURS OF DELIBERATING THE NEGOTIATORS ADJOURNED LAST NIGHT WITHOUT DECISION. WITHIN TWO HOURS THE RUSSIANS ISSUED THEIR PROCLAMATIONS ANNOUNCING THE NEW SOVIET CURRENCY.

"IN BERLIN," THE RUSSIANS SAID, "THE ONLY MONEY IN CIRCULATION WILL BE THE MONEY OF THE SOVIET OCCUPATION ZONE." THEY SAID VIOLATORS WILL BE PUNISHED.

MARSHAL VASSILY D. SOKOLOVSKY'S LETTER ANNOUNCING THE CURRENCY DECISION WAS BROADCAST BY THE SOVIET RADIO FROM MOSCOW SHORTLY AFTER YESTERDAY'S MEETING ENDED. THERE WERE STRONG INDICATIONS THAT IT HAD BEEN DRAFTED AND SENT TO MOSCOW BEFORE THE MEETING ADJOURNED.

THE SOVIET-CONTROLLED GERMAN NEWS AGENCY QUOTED THE SOVIET REPRESENTATIVE AT YESTERDAY'S FOUR-POWER TALKS AS CHARGING THE WESTERN POWERS HAD THREATENED TO PUT THEIR OWN NEW CURRENCY INTO CIRCULATION IN BERLIN UNLESS WESTERN TERMS WERE MET. NO WESTERN SOURCES WERE IMMEDIATELY AVAILABLE FOR COMMENT.

THE SOVIET MONETARY REFORM FOR GERMANY IS SET TO TAKE EFFECT JUNE 24 TO 26. NO DETAILS WERE ANNOUNCED.

JUN 1948

A25

THE GERMAN NEWS AGENCY ALSO QUOTED THE RUSSIAN FINANCE CHIEF AS WARNING THE WESTERN POWERS THAT UNLESS THEY ACCEPTED THE SOVIET CURRENCY REFORM "ECONOMIC SANCTIONS" WOULD BE APPLIED.

THIS WAS TAKEN TO MEAN THE SOVIETS INTEND TO TRY AND CUT OFF ALL SUPPLIES TO BERLIN.

ALREADY, SOVIET REGULATIONS HAVE HALTED PASSENGER TRAIN TRAFFIC TO THE CITY, ALL ROAD TRAFFIC FROM THE WEST TO BERLIN AND HAVE CUT INCOMING SUPPLIES FOR THE GERMAN POPULATION TO 60 PER CENT OF NORMAL.

IF THE REMAINING TRAINS ARE CUT OFF BY SOVIET REGULATIONS, 2,000,000 GERMANS IN BERLIN WILL LOSE FOOD SUPPLIES WHICH NOW COME IN FROM THE WEST. THE UNITED STATES YESTERDAY STARTED SUPPLYING ITS FORCES IN THE CITY BY AIR, WITH 70 PLANES BRINGING IN MORE THAN 90 TONS OF FOOD AND OTHER SUPPLIES.

YESTERDAY'S FOUR-POWER MEETING WAS THE FIRST ON A HIGH LEVEL IN THREE MONTHS. THE RUSSIANS HAVE BOYCOTTED THE ALLIED CONTROL COUNCIL FOR GERMANY SINCE MARCH 20. LAST WEEK THEY MUFFED OUT OF THE ALLIED KOMMANDATURA, THE GOVERNING AGENCY FOR BERLIN, SHOUTING "THERE WON'T BE ANY NEXT MEETING."

AT YESTERDAY'S CURRENCY CONFERENCE, THE CHIEF RUSSIAN DELEGATE, P.MALETIN, INFORMED THE WESTERN POWERS THEY ARE REMAINING IN BERLIN "CONTRARY TO ALL COMMON SENSE AND POLITICAL AND ECONOMIC FEASIBILITY."

IF THEY CONTINUE TO STAY, HE SAID, THEY MUST TAKE THE RESPONSIBILITY FOR FEEDING THE 2,000,000 GERMANS LIVING IN THEIR SECTORS OF THE CITY.

HE CHARGED THAT BY THEIR CURRENCY REFORM THE WESTERN POWERS HAD PARTITIONED GERMANY AND THUS FORFEITED THEIR RIGHT TO STAY IN BERLIN.

"THE MOST IMPORTANT ISSUE WAS THE FOUR-POWER ADMINISTRATION OF GERMANY," MALETIN DECLARED. "YOU HAVE DESTROYED IT AND BEHEADED GERMANY BUT WHEN THE HEAD IS CUT OFF THERE IS NO USE CRYING ABOUT A LOSS OF HAIR. X X X

"WE WARN YOU AND THE GERMAN POPULATION OF BERLIN THAT WE WILL CARRY OUT ECONOMIC AND ADMINISTRATIVE SANCTIONS TO ENFORCE THE CIRCULATION OF A SINGLE CURRENCY IN BERLIN--THE CURRENCY OF THE SOVIET OCCUPATION ZONE."

JUN 1948

THE RUSSIAN ORDER FOR CURRENCY REFORM IN BERLIN, ANNOUNCED EARLY THIS MORNING, "VIOLATES THE RULES OF FOUR-POWER GOVERNMENT," THE WESTERN POWER PROCLAMATION SAID.

"THE THREE WESTERN OCCUPATION POWERS THEREFORE DECLARE THE ORDER OVER CURRENCY REFORM IN BERLIN NULL AND VOID," IT SAID.

THE BERLIN MAGISTRAT, EXECUTIVE BODY OF THE CITY GOVERNMENT, DECIDED AT A SPECIAL MEETING A SHORT TIME BEFORE NOT TO ACCEPT THE RUSSIAN ORDER FOR THE ENTIRE CITY. IT RULED THAT AN OCCUPATION COMMANDER CAN ISSUE ORDERS ONLY FOR HIS OWN ZONE.

AS THE SOVIET-CONTROLLED RADIO PUMPED OUT NEWS OF THE NEW CURRENCY, MORE DETAILS BECAME CLEAR.

EVERY PERSON IS ENTITLED TO EXCHANGE 70 MARKS AT THE RATE OF ONE FOR ONE. THE EXCHANGE RATE FOR AMOUNTS OVER 70 MARKS, UP TO 5,000 IS 10 TO ONE. ANYONE PRESENTING MORE THAN 5,000 MARKS WILL HAVE TO PROVE IT WAS LEGALLY ACQUIRED.

CASH HELD BY BUSINESS FIRMS AND INSTITUTIONS WILL BE EXCHANGED AT 10 TO ONE. BANK ACCOUNTS WILL BE CHANGED OVER AT ONE FOR ONE FOR THE FIRST 100 MARKS, FIVE TO ONE FOR AMOUNTS UP TO 1,000 MARKS AND 10 FOR ONE UP TO 5,000 MARKS. WHERE ACCOUNTS HAVE MORE THAN 5,000 MARKS, AN INVESTIGATION WILL BE MADE.

ALL OLD REICHSMARKS MUST BE OUT OF CIRCULATION BY FRIDAY. MARSHAL SOKOLOVSKY, THE BROADCASTS CONTINUED, ORDERED THAT PRICES, WAGES, TAXES AND RENT REMAIN AT PRESENT LEVELS.

N740AED

BERLIN, JUNE 23-(AP)-THE THREE WESTERN ALLIES SET UP A NEW CURRENCY FOR THEIR ZONES OF GERMANY TO PAVE THE WAY FOR EFFECTIVE GERMAN PARTICIPATION IN THE EUROPEAN RECOVERY PROGRAM.

THEY HOPE THAT MONETARY REFORM WILL PROVE A REMEDY FOR INFLATION AND ECONOMIC STAGNATION. THIS WOULD PERMIT THE AMERICAN, BRITISH AND FRENCH ZONES OF GERMANY TO CONTRIBUTE THEIR SHARE TO THE PROGRAM DESIGNED TO REHABILITATE EUROPE'S ECONOMY.

FOR THEIR FIRST 60 OLD MARKS EACH PERSON WAS GIVEN 60 NEW DEUTSCHE MARKS WORTH ABOUT $15.

STARTING LAST MONDAY ALL GERMANS WERE ORDERED TO TURN INT

MARKS WORTH ABOUT $15.

STARTING LAST MONDAY ALL GERMANS WERE ORDERED TO TURN INTO THE BANKS ALL THEIR OTHER MARKS AND TO FILL OUT FORMS TELLING HOW THEY GOT THEM. ABOUT JUNE 26 THE THREE WESTERN ALLIES WILL ISSUE NEW LAWS TELLING THE GERMANS WHAT THEY WILL GET FOR THEIR OLD MARKS.

OFFICIALS SAID THIS "DELAYED ACTION" SYSTEM OF REVALUING THE

CURRENCY WAS DESIGNED TO:
1. FIND OUT HOW MUCH MONEY IS OUTSTANDING. NOBODY KNOWS. HITLER FLOODED THE COUNTRY WITH MARKS OF WHICH THERE IS NO RECORD.
2. PREVENT FINANCIAL JUGGLING BY BLACK MARKETERS WHO MUST DEPOSIT AND DECLARE THEIR HOLDINGS.

UNDER THE WESTERN ALLIES ORIGINAL PLAN THE NEW DEUTSCHE MARK WOULD NOT HAVE BEEN USED IN BERLIN'S WESTERN SECTORS. BUT YESTERDAY THE RUSSIANS ANNOUNCED CURRENCY REFORM FOR THE SOVIET ZONE OF GERMANY AND BERLIN.

THE WESTERN ALLIES REJECTED THE SOVIET ORDER FOR ISSUANCE OF A RUSSIAN-CONTROLLED CURRENCY FOR ALL BERLIN. THEY SAID THE NEW DEUTSCHE MARK WOULD BE USED IN THE CITY'S WESTERN SECTORS.

THE NEW RUSSIAN CURRENCY, ANNOUNCED LAST NIGHT FOR THE SOVIET ZONE AND ALL BERLIN, SIMPLY IS THE OLD REICHSMARK WITH A SPECIAL STAMP TO DISTINGUISH IT FROM THE WORTHLESS OLD MARK.

CASH UP TO 70 MARKS AND BANK ACCOUNTS UP TO 100 MARKS MAY BE EXCHANGED FOR THE NEW RUSSIAN-STAMPED MONEY AT A RATE OF ONE FOR ONE.

THE EXCHANGE OF THE FIRST 60 MARKS IS AT A RATE OF ONE FOR ONE.

WHEN THE DEUTSCHE MARK WAS ANNOUNCED LAST FRIDAY THE THREE WESTERN POWERS SAID THEY WERE NOT MAKING IT LEGAL TENDER FOR BERLIN BECAUSE THE CITY WAS RULED BY FOUR POWERS.

SECRECY SHROUDED THE ARRIVAL OF RUSSIAN AND OTHER PLANES AT NEARBY OKECIE AIRPORT. THERE WERE REPORTS THAT SOVIET FOREIGN MINISTER V.M. MOLOTOV WAS HEADING THE SOVIET DELEGATION, BUT THIS COULD NOT BE IMMEDIATELY CONFIRMED.

JUN 1948

POLICE OFFICIALS CLOSED ALL NORMAL INFORMATION CHANNELS AND DECLINED TO SAY WHO WAS ATTENDING THE CONFERENCE OR WHAT ITS PURPOSE MIGHT BE.

HUNDREDS OF POLISH TROOPS, ARMED WITH TOMMY GUNS, WERE AT THE AIRPORT AT AN EARLY HOUR AND LINED THE STREETS INTO WARSAW.

VISITING DELEGATIONS HUNG OUT THEIR FLAGS AND ESTABLISHED HEADQUARTERS AT THE HOTEL BRISTOL. ALL DELEGATES AVAILABLE FOR COMMENT REFUSED TO SAY ANYTHING ABOUT THE CONFERENCE.

IT HAS BEEN RUMORED FOR SEVERAL DAYS THAT THE COMINFORM WAS MEETING OR PLANNING A MEETING SOMEWHERE IN EASTERN EUROPE.

MEMBERS OF THE RUSSIAN BLOC ALREADY HAVE PROTESTED TO THE WESTERN POWERS THAT THEIR PLAN FOR WESTERN GERMANY VIOLATES FOUR-POWER CONTROL AND FURTHER SPLITS EUROPE.

THE POLISH VICE PREMIER, WLADISLAW W.GOMULKA, RECENTLY SAID THE COMINFORM SIGNERS WOULD BE CALLED TOGETHER WHENEVER THE INTERNATIONAL SITUATION "MAKES IT NECESSARY."

FOREIGN OBSERVERS SAID THAT APPARENTLY THE NECESSITY HAD ARISEN. THE COMMUNIST SET-BACK IN THE RECENT ITALIAN ELECTIONS AND THE POWER BEING PUT BEHIND THE EUROPEAN RECOVERY PROGRAM ARE KNOWN TO HAVE CAUSED RUSSIA AND HER SATELLITES CONCERN.

BY L.S.CHAKALES

ATHENS, JUNE 23-(AP)-THE GREEK SECOND AND TENTH DIVISIONS CRASHED FULL FORCE TODAY INTO THE GUERRILLA POCKET IN THE GRAMMOS MOUNTAINS NEAR ALBANIA.

A GENERAL STAFF COMMUNIQUE SAID THE NINTH DIVISION CONTINUED A DRIVE ALONG THE ALBANIAN BORDER, CAPTURING VOURBIANI AND PIERCING THE REBEL DEFENSE LINE BASED ON THE TOWN. THE COMMUNIQUE INDICATED THE NINTH DIVISION THUS MOVED CLOSER TO A JUNCTION WITH THE FIRST OR THE 15TH DIVISION, MOVING UP FROM NESTORION.

DISPATCHES SAID SOME GUERRILLAS ARE TRYING TO GO INTO ALBANIA (A COMMUNIST STATE) TO AVOID IMMINENT ENCIRCLEMENT. OFFICIAL CIRCLES SAID THESE PROBABLY ARE ONLY A SMALL PART OF THE REBEL FORCE, ESTIMATED AT 7,000, UNDER ATTACK.

ELEMENTS OF THE GREEK NINTH DIVISION WERE SHELLED BY ARTILLERY AND MORTARS FROM ALBANIAN TERRITORY, THE REPORTS SAID. THE SAME DISPATCHES SAID SOME GUERRILLAS CROSSED INTO ALBANIA, FLED DOWN THE FRONTIER AREA AND THEN RECROSSED INTO GREECE AND ATTACKED THE NINTH DIVISION ON ITS FLANK.

KING PAUL I REACHED KOZANE ON A COMMERCIAL AIRLINER AND PROCEEDED TO THE FRONT FOR INSPECTION. LT.GEN.JAMES A.VAN FLEET, COMMANDER OF U.S.MILITARY RGCES IN THE GREEK AID MISSION, TOLD REPORTERS HE IS SATISFIED WITH THE PROGRESS OF THE OFFENSIVE. HE PREDICTED MAJOR FIGHTING WOULD END WITHIN FOUR WEEKS AND THAT MOPPING UP WOULD BE COMLETE BYAUG. 1.

THE SECOND AND 10TH DIVISIONS ESTABLISHED FULL CONTACT WITH THE REBELS IN THE GRAMMOS MOUNTAINS FROM THE SOUTHEAST AND SOUTH.

LT.COL.HENRY C.DAVALL, OF JAMESBURG, N.J., IS ADVISOR TO THE SECOND DIVISION. IT MOVED FROM GREVENA TOWARDS PENTALOFON AND EPTAHORION, THE CENTER OF A STRONGLY DEFENDED GUERRILLAS SEMICIRCLE.

FURTHER TO THE WEST, THE TENTH DIVISION MOVED NORTHEAST OF METSOVON ON THE EASTERN SLOPES OF THE PINDUS RANGE. LT.COL.HENRY L.DAVISSON, 3433 N. 19TH ST., PHILADELPHIA, IS ADVISOR OF THAT DIVISION.

GREEK AIR FORCES ATTACKED THE INSURGENTS IN THE LINE OF THE ARMY ADVANCE. GREEK FORCES CAPTURED THE HEIGHTS OF SPILEON, ANAVRA AND MEGARON IN THEIR MARCH TOWARDS THE GRAMMOS.

A111

THE RADIO OF MARKOS VAFIADES, THE GREEK COMMUNIST LEADER, ASSERTED AGAIN THAT "AN INTERNATIONAL BRIGADE IS WAITING TO CROSS INTO GREECE." THE ONLY REFERENCE TO TTHE BATTLE OF THE GRAMMOS MOUNTAIN POCKET WAS THE CLAIM THAT THE "DEMOCRATIC (COMMUNIST) ARMY" IS HOLDING ITS LINES SECURELY EVERYWHERE BUT AT KONITSA.

THE GENERAL STAFF SAID GUERRILLA RESISTANCE IN THE KASTANAHORI AREA SOUTH OF NESTORION HAS BEEN BROKEN. THE COMMUNIQUE SAID 33 GUERRILLAS WERE KILLED AND 14 CAPTURED. ARMY LOSSES WERE PLACED AT FOUR KILLED AND NINE WOUNDED.

DISPATCHES SAID THE ADVANCING NINTH DIVISION HAD TAKEN VILLAGE AFTER VILLAGE, MANY DAMAGED DURING THE LONG GUERRILLA OCCUPATION.

VAN FLEET SAID THE GREEK ARMY HAS A TOUGH JOB BECAUSE OF THE MOUNTAINOUS TERRAIN AND HEAVY FORESTS. HE SAID WHEN THE MOPUP IS COMPLETE, THE ARMY COULD BE MOVED "ELSEWHERE" BUT HE DID NOT SPECIFY THE AREA.

JUN 1948

THE DISPATCHES, FROM SECOND ARMY CORPS HEADQUARTERS, SAID SOME REBEL FORCES WITHDREW INTO ALBANIA, WEST OF PYRSOYANI. LATER, THE CORRESPONDENT FOR THE NEWSPAPER EMBROS SAID, THE INSURGENTS REENTERED GREECE FROM AMARANDOS AND ATTACKED A GREEK FLANK.

ANOTHER DISPATCH SAID THE GREEK FORCES WERE SHELLED FROM THE VILLAGES OF KAMENIK AND MARIA, THREE MILES EAST OF THE ALBANIAN TOWN OF LESKOVIC.

IT WAS REPORTED THE SHELLING--BY HEAVY ARTILLERY AND MORTARS--WAS WITNESSED BY MEMBERS OF A UNITED NATIONS BALKANS COMMISSION OBSERVATION TEAM.

JUN 1948

LATEST REPORTS FROM THE NORTHERN FRONT INDICATED THAT ELEMENTS OF THE CRACK NINTH DIVISION HAD CRACKED THE REBEL DEFENSE LINE FROM THE ALBANIAN BORDER TO PYRSOYANI AND SOUTHWESTWARD TO KERASOVON. THIS LINE EXTENDS SOME 11 MILES NORTHEAST OF KONITSA.

HEAVY FIGHTING WAS REPORTED TODAY IN THE APPROACHES TO THE HEIGHTS OF KLEPTIS, REGARDED AS THE KEY TO THE SMOLIKAS MOUNTAINS, AS THE GREEKS DEPLOYED THEIR FORCES IN AN ALL OUT ATTEMPT TO CRUSH THE COMMUNIST REBELLION LED BY MARKOS VAFIADES.

THE GRAMMOS AREA IS THE LAST MAJOR STRONGHOLD OF VAFIADES' FORCES. ONE GREEK COLUMN IS THRUSTING FROM AMRANDOS IN THE DIRECTION OF AETOMILITSA, BELIEVED BY SOME TO BE VAFIADES' HEADQUARTERS.

YESTERDAY, DISPATCHES SAID NATIONAL FORCES HAD OCCUPIED THE PYRGOS HEIGHTS IN WESTERN MACEDONIA, BRINGING THEM WITHIN SIX AIR MILES OF AETOMILITSA.

PRESS DISPATCHES SAID A NEW FRONT HAS OPENED IN THE BATTLE FOR GRAMMOS WITH SECOND DIVISION UNITS THRUSTING FROM GREVENA TOWARD PENTALOFON AND EPTACHORION.

DISPATCHES ALSO QUOTED REBEL PRISONERS AS SAYING THEY HAD BEEN TOLD THE "INTERNATIONAL BRIGADE" WAS COMING TO THEIR AID. THEY SAID THE BRIGADE WAS IN ERSEK, ALBANIA, WAITING TO CROSS INTO GREECE. MILITARY AUTHORITIES DISCOUNTED THE REPORT.

CHINESE (ROUNDUP) (490)

NANKING, JUNE 23-(AP)-CHINESE COMMUNISTS GAVE THE GOVERNMENT PLENTY TO WORRY ABOUT TODAY OVER WHAT THEY'RE DOING AND WHAT THEY THREATEN TO DO IN THE CIVIL WAR.

FIGHTING EDGED CLOSER TO PEIPING AND NANKING; THE NO. 1 GOVERNMENT COMMANDER IN NORTH CHINA WAS DESCRIBED AS GLOOMY ON HIS CHANCES TO HALT THE REDS; PRESIDENT CHIANG KAI-SHEK FLEW TO THE NORTHWEST CHINA BATTLE ZONE FOR A PERSONAL INSPECTION; THE LEGISLATURE CALLED A SPECIAL SESSION TOMORROW FOR A REPORT BY DEFENSE MINISTER HO YING-CHIN.

BEYOND THESE DEVELOPMENTS, THE COMMUNISTS BROADCAST A NEW PLAN TO GO AFTER THE BIG CITIES. THEY INDICATED THEY NO LONGER WOULD RELY ON THE HIT-RUN GUERILLA TYPE OF WARFARE. THE NORTH SHENSI RADIO DETAILED A DIRECTIVE DATED JUNE 10 WHICH SAID:

"CITIES SHOULD BE REGARDED AS AN INDISPENSABLE FORCE FOR FINAL WINNING OF THE PEOPLE'S REVOLUTIONARY WAR."

THE DIRECTIVE SPOKE OF GUERILLA WARFARE AS IN THE PAST. INSTEAD:

"TODAY THE SITUATION HAS UNDERGONE A FUNDAMENTUL CHANGE. NOT ONLY HAS A GREAT NUMBER OF CITIES BEEN OCCUPIED BUT THEY ARE FIRMLY IN THE HANDS OF THE PEOPLE'S ARMY. THE WAR HAS BECOME A LARGE-SCALE MASSED

OPERATION OF LARGE ARMY GROUPS. RELIANCE MUST NOW BE PLACED ON CITIES AS WELL AS THE COUNTRYSIDE."

RED SOLDIERS WERE TOLD TO LEAVE CITIES UNDAMAGED, EVEN IF THEY SHOULD CHANGE HANDS REPEATEDLY, "FOR THEY WILL SOONER OR LATER BELONG TO THE PEOPLE." THE DIRECTIVE EVEN INSTRUCTED TROOPS, ON HOW TO BEHAVE IN A NEWLY CAPTURED CITY.

CHIANG KAI-SHEK RETURNED TO SIAN AFTER A FLIGHT TO LANGCHOW. HE AIR TOURED THE KAIFENG BATTLEGROUND WITH A 200 FIGHTER PLANE ESCORT. HE WAS REPORTED TO HAVE GONE TO LANGCHOW IN SEARCH OF FRESH TROOPS FOR HIS CENTRAL CHINA ARMIES.

THE OFFICIAL CENTRAL NEWS AGENCY SAID GOVERNMENT TROOPS EVACUATED BATTERED KAIFENG, A STRONGPOINT ON THE EAST-WEST LUNGHAI RAILWAY IN HONAN PROVINCE. PRO-GOVERNMENT SOURCES REPORTED ITS FALL THREE DAYS AGO.

NANKING OFFICIALS ADMITTED CONCERN OVER REPORTS COMMUNISTS UNITS OPERATING ALONG THE YANGTZE RIVER HAD CAPTURED FOUR BRIDGES LEADING INTO THE GRAND CANAL TOWN OF CHAINGTU (KIANGTU). THIS IS ONLY 50 MILES NORTHEAST OF NANKING. GOVERNMENT WARPLANES JOINED IN CHIANGTU'S DEFENSE, THE REPORTS SAID.

IN PEIPING, ASSOCIATED PRESS CORRESPONDENT SPENCER MOOSA GOT THIS SIZEUP FROM QUARTERS IN A POSITION TO KNOW-- FU TSO-YI, TOP GOVERNMENT GENERAL IN NORTH CHINA, IS NOW CONVINCED HE HASN'T ENOUGH MEN AND WEAPONS TO DEFEAT THE REDS.

FU COMMANDS FIVE PROVINCES--HOPEI, SHANSI, SUIYUAN, CHAHAR AND JEHOL. AS MATTERS STAND, THE SOURCES SAID HE FEELS HE CAN TAKE A TOWN HERE OR THERE--BUT LACKS MEN TO MANEUVER FOR A REALLY DECISIVE ACTION AGAINST THE COMMUNISTS. HE IS BADLY IN NEED OF FOOD AND FUNDS, THE INFORMANTS SS$.

NANKING, JUNE 23-(AP)-CHINESE COMMUNISTS CARRIED SCATTERED OFFENSIVES CLOSER TO CHINA'S KEY CITIES AND SUPPLY LINES TODAY.

THE DEFENSE MINISTRY SAID FORCES UNDER COMMUNIST GEN.PENG TEH-HUAI WERE TRYING TO CUT THE SIAN-LANCHOW HIGHWAY WHICH LINKS WEST CHINA WITH THE BATTERED EAST-WEST LUNGHAI RAILWAY. THE GOVERNMENT CLAIMED AN IMPORTANT VICTORY OVER PENG IN THE SAME AREA TWO MONTHS AGO.

PRESIDENT CHIANG KAI-SHEK FLEW OVER THE SCENE ON AN INSPECTION TRIP TO LANCHOW AND BACK TO SIAN. YESTERDAY HE VISITED CHENGCHOW ON THE LUNGHAI LINE, WHERE HIS ARRIVAL WAS GREETED BY A COMMUNIST ATTACK ON THE AIRFIELD.

MEANWHILE CENTRAL NEWS REVEALED THAT KAIFENG, WALLED CITY 40 MILES EAST ON THE LUNGHAI, HAD BEEN EVACUATED BY NANKING TROOPS.

HERE IN NANKING OFFICIALS WORRIED ABOUT A COMMUNIST RAID 50 MILES TO THE NORTHEAST. WHEN GOVERNMENT PLANES ROSE TO MEET A COMMUNIST GROUND ATTACK WHICH CAPTURED FOUR BRIDGES LEADING TO THE GRAND CANAL TOWN OF CHIANGTU (KIANGTU).

IT IS BELIEVED PRESIDENT CHIANG MAY NEXT FLY TO PEIPING TO CONFER WITH HIS NORTH CHINA COMMANDER, GEN. FU TSO-YI. ASSOCIATED PRESS CORRESPONDENT SPENCER MOOSA LEARNED FROM SOURCES IN A POSITION TO KNOW THAT FU HAS DECIDED HE LACKS ENOUGH MEN AND MATERIAL TO DEFEND HIS FIVE-PROVINCE COMMAND FROM COMMUNI[illegible]TWO PUNCHES.

SINGAPORE, THURSDAY, JUNE 24-(AP)-GOVERNOR SIR FRANKLIN GIMSON HAS INVOKED EMERGENCY POWERS IN THE CROWN COLONY OF SINGAPORE, IT WAS ANNOUNCED TODAY.

THE ACTION WAS TAKEN IN CONNECTION WITH THE RECENT WAVE OF TERRORISM, ALLEGEDLY COMMUNIST INSPIRED, IN THE NEIGHBORING FEDERATION OF MALAYA.

A GOVERNMENT ANNOUNCEMENT SAID "EMERGENCY REGULATIONS SIMILAR TO THOSE ALREADY ISSUED IN THE FEDERATION OF MALAYA WERE SIGNED YESTERDAY IN SINGAPORE AND ALREADY ARE IN FORCE."

SINGAPORE POLICE STAGED A SERIES OF PRE-DAWN RAIDS TODAY AGAINST SUSPECTED COMMUNISTS. THE CRIMINAL INVESTIGATION DIVISION ANNOUNCED THAT IN THE MOST IMPORTANT RAID FIVE INDIANS AND ONE CHINESE WERE ARRESTED. THAT RAID WAS AT HEADQUARTERS OF THE NEW DEMOCRATIC YOUTH LEAGUE, DESCRIBED OFFICIALLY AS "CONNECTED WITH THE COMMUNIST PARTY."

RECENTLY SIMILAR RAIDS IN MALAYA HAVE RESULTED IN THE ARREST OF 600 PERSONS. SINGAPORE POLICE INDICATED ARRESTS HERE WOULD BE FEW IN NUMBER AND CONFINED TO KEY SUSPECTS.

ISRAEL
BY ROBERT HEWETT
TEL AVIV, JUNE 23-(AP)-ISRAELI MORTAR FIRE BLASTED A MUNITIONS SHIP BEACHED BY IRGUN ZVAI LEUMI REBELS LAST NIGHT AS CIVIL STRIFE SHOOK THE NEW JEWISH STATE OF ISRAEL.
THE AMMO-LADEN VESSEL BURST INTO FLAMES, THROWING A FOUR-HOUR BATTLE BETWEEN IRGUN AND THE ARMY INTO CONFUSION. THOUSANDS OF TEL AVIV RESIDENTS FLED THE CENTRAL WATER FRONT SCENE OF THE FIGHTING.
THE SHIP--AN LST--WAS CARRYING 600 TONS OF MUNITIONS IN VIOLATION OF THE TERMS OF THE FOUR-WEEKS UNITED NATIONS TRUCE WHICH FORBIDS THE IMPORTATION OF ARMS DURING THAT PERIOD.
LATER, PERSONS WATCHING FROM DISTANT ROOFTOPS, SAID THEY HEARD 12 OR 15 EXPLOSIONS. CLOUDS OF SMOKE AROSE, OBSCURING THE WHOLE AREA.
SOON AFTERWARD AN IRGUN TRUCK WITH A LOUDSPEAKER TOURED THE CITY WHILE AN ANNOUNCER PROCLAIMED SARCASTICALLY:
"HAGANAH HAS ACHIEVED A GREAT VICTORY IN BLOWING UP OUR SHIP."
THE IRGUN ANNOUNCER SAID MENACHEM BEIGIN, COMMANDER OF THE FORMER UNDERGROUND ORGANIZATION, HAD A "NARROW ESCAPE" FROM THE BURNING SHIP.
THERE WERE NO FURTHER REPORTS OF IRGUN-ISRAELI FIGHTING ON TEL AVIV BEACH AFTER BOTH SIDES FLED THE BATTLE GROUND IN FEAR OF EXPLOSIONS.
A LITTLE LATER, TRUCKLOADS OF UNARMED IRGUN FIGHTERS APPEARED ON THE CITY'S MAIN STREETS. SOME INTERPRETED THIS TO MEAN THAT A DEAL HAD BEEN MADE WITH THE GOVERNMENT TO END THE STRIFE.
THE BATTLE BEGAN EARLY YESTERDAY WHEN IRGUN GUN RUNNERS BEACHED THEIR MUNITIONS SHIP WITHIN A BLOCK OF THE HOTEL OCCUPIED BY UNITED NATIONS TRUCE OBSERVERS. IRGUN REFUSED TO SURRENDER THE SHIP TO GOVERNMENT CUSTODY, AND THE ISRAELI ARMY RUSHED PLATOONS OF INFANTRY TO THE WATERFRONT.
SOME 40 PERSONS WERE REPORTED KILLED OR INJURED IN THE FIGHTING.

ABOUT MID-AFTERNOON, AS ISRAELI GUNS SHELLED THE VESSEL, AN AMERICAN-ACCENTED VOICE, ISSUED AN ORDER OVER THE SHIP'S LOUD SPEAKERS TO "CEASE FIRE." A FEW MINUTES LATER FOUR OUR SHELLS HIT THE DECK AND POST SIDE OF THE CRAFT IN RAPID SUCCESSION. SMOKE POURED UP FROM THE DECK.
THE FLAG OF ISRAEL WAS HAULED DOWN FROM THE JACKSTAFF AND CREW MEMBERS BEGAN LEAPING INTO THE WATER. TWO DOZEN HEADS BOBBING AROUND IN A COUPLE OF MINUTES THERE WERE TWO DOZEN SNARLED LITTLE SPUDS OF WHITE
THE SHIP'S STERN.
MACHINE GUN FIRE FROM THE SHORE SNAPPED

FOAM AMONG THE SWIMMERS. A WHITE FLAG BEGAN WAVING VIOLENTLY FROM THE BRIDGE OF THE FLAMING VESSEL.

"CEASE FIRE, CEASE FIRE!" THE VOICE SHOUTED IN ENGLISH THROUGH THE LOUDSPEAKERS. AFTER A FEW MINUTES THE SHOOTING STOPPED.

SOON AFTER SEVERAL RED CROSS AMBULANCES SPED THROUGH TEL AVIV FROM THE WATER FRONT AREA.

THE GENERAL FEELING OF JITTERS WAS INCREASED LATE LAST NIGHT WHEN AIR RAID SIRENS SOUNDED IN TEL AVIV. IT WAS THE FIRST NIGHT IN SIX WEEKS THE CITY'S BLACKOUT HAD BEEN RELAXED.

SOME ISRAEL LEADERS SAID THEY WERE NOT SURPRISED AT THE OUTBREAK OF CIVIL STRIFE. THEY REGARDED IT AS THE LONG-EXPECTED SHOWDOWN BETWEEN IRGUN AND THE REGULAR ARMY, COMPOSED CHIEFLY OF HAGANAH, THE FORMER JEWISH UNDERGROUND DEFENSE FORCE.

IRGUN ITSELF HAD WARNED OF A "BLOOD BATTLE BETWEEN JEWS."

BANGKOK, SIAM, JUNE 23-(AP)-THE SIAMESE CRIMINAL INVESTIGATION DEPARTMENT ANNOUNCED TODAY SPECIAL DETECTIVE SQUADS HAVE BEEN SENT TO SIAM'S SOUTHERN MALAY BORDER PROVINCES TO ROUND UP FLEEING COMMUNIST SECRET SOCIETY MEMBERS AND PREVENT FURTHER INFILTRATION OF CHINESE

WASHINGTON, JUNE 23-(AP)-UNDERSECRETARY ROBERT LOVETT SAID TODAY THE STATE DEPARTMENT MAY BEGIN TALKS SOON WITH THE WESTERN EUROPEAN UNION IN LINE WITH THE SENATE RESOLUTION FOR PROMOTING REGIONAL DEFENSE ORGANIZATIONS WITHIN THE UNITED NATIONS.

THE SENATE POLICY DECLARATION, SPONSORED BY SENATOR VANDENBERG (R-MICH), CALLS FOR STRENGTHENING THE U.N. AND FOR BRINGING ABOUT REGIONAL DEFENSE SETUPS WITHIN THE U.N. THESE INCLUDE POSSIBILITY OF UNITED STATES MILITARY BACKING.

LOVETT WAS ASKED AT A NEWS CONFERENCE WHAT STEPS THE DEPARTMENT PLANS TO CARRY OUT THE SENATE'S POLICY OBJECTIVES.

HE PREDICTED DIRECT CONTACT WILL BE MADE BY THE U.S. WITH THE WESTERN EUROPEAN UNION IN THE REASONABLY NEAR FUTURE. THE ULTIMATE AIM OF SUCH INITIAL DIPLOMATIC STEPS WILL BE TO CARRY OUT THE BASIC IDEAS OF THE VANDENBERG RESOLUTION.

PRESUMABLY THE CONTACT WITH THE UNION'S HEADQUARTERS AT LONDIN WILL LEAD PROMPTLY TO MILITARY TALKS. AMERICAN OFFICIALS SAY PRIVATELY THESE WILL OCCUR SOON. THEY ARE EXPECTED TO GET AT THE BASIC PROBLEM OF PROVIDING UNITED STATES MILITARY SUPPORT FOR WESTERN EUROPE.

LOVETT STRESSED THAT THE RESOLUTION LAID DOWN QUALIFICATIONS FOR AMERICAN ASSOCIATION WITH REGIONAL DEFENSE PACTS.

HE SAID THESE QUALIFICATIONS REQUIRE THAT: (1) THEY BE IMPORTANT TO THE UNITED STATES; (2) OTHER COUNTRIES INVOLVED AGREE TO HELP THEMSELVES; AND (3) PROVISION BE MADE FOR CONTINUING EFFECTIVE COOPERATION AMONG THE COUNTRIES.

COUNTRIES WHICH FORM THE WESTERN EUROPEAM UNION, ARE BRITAIN, FRANCE, BELGIUM, THE NETHERLANDS AND LUXEMBOURG. more

NEW ORLEANS, JUNE 23-(AP)-WALTER SEIFERLE, AME[redacted] MERCHANT MARINE OFFICER SENTENCED TO FOUR YEARS IN A SINGAPORE JAIL FOR CARRYING A SOUVENIR PISTOL, IS PLANNING AN APPEAL FOR CLEMENCY.

GOV.EARL K.LONG SAID HE WAS SO ADVISED TODAY BY THE U.S.STATE DEPARTMENT WHICH HE HAD ASKED TO INVESTIGATE THE CASE.

LONG'S ATTENTION WAS FIRST DRAWN TO SEIFERLE'S CASE BY PUBLISHED REPORTS OF THE PLIGHT OF THE OFFICER'S YOUNG ITALIAN WAR BRIDE AND THEIR FOUR MONTHS OLD SON WHO WERE LEFT BEHIND IN NEW ORLEANS.

SEIFERLE'S ARREST AND IMPRISONMENT LEFT THEM WITH ONLY ENOUGH MONEY -- ON HAND AND ANTICIPATED -- TO CARRY THEM THROUGH THE MONTH OF JUNE.

A NEW ORLEANS COUPLE, HOWEVER, HAVE TAKEN THEM IN AND ARE PROVIDING FOR THE MOTHER AND CHILD.

MRS.SEIFERLE LAST WEEK WROTE A LETTER TO PRESIDENT TRUMAN ASKING THAT HE TAKE A PERSONAL HAND IN EXTRICATING HER HUSBAND FROM HIS TROUBLES.

SHE TOLD THE PRESIDENT THAT SEIFERLE ONLY TOOK THE PISTOL ALONG BECAUSE SHE WAS AFRAID TO HAVE IT IN THE HOUSE AND THAT HE PLANNED TO SELL IT WHILE ASHORE IN SINGAPORE. SEIFERLE TOLD THE SINGAPORE COURT THE SAME STORY BUT A JUDGE SAID STRICT ENFORCEMENT OF THE NO ARMS LAW WAS NECESSARY TO KEEP DOWN RIOTING AND BLOODSHED IN THE TEEMING CITY.

"IF THEY WILL ONLY CHANGE THE SENTENCE TO A FINE," MRS.SEIFERLE TEARFULLY WROTE MR.TRUMAN, "WE WILL WORK THE REST OF OUR LIVES TO PAY IT OFF."

THE ATTRACTIVE BRUNETTE WAR BRIDE WAS UNAVAILABLE TONIGHT FOR COMMENT ON THE STATE DEPARTMENT'S REPORT TO GOV.LONG. THE DEPARTMENT SAID A FULL REPORT ON THE CASE WAS BEING PREPARED BY ITS SINGAPORE CONSULATE.

LAKE SUCCESS, JUNE 23-(AP)-THE UNITED NATIONS GOOD OFFICES COMMITTEE REPORTED TODAY LITTLE PROGRESS HAS BEEN MADE TOWARD A LONG-TERM SETTLEMENT OF DUTCH-INDONESIAN DIFFERENCES.

THE THREE-NATION COMMITTEE SAID IN A SPECIAL REPORT TO THE SECURITY COUNCIL THAT, OUTSIDE THE ACTUAL CESSATION OF HOSTILITIES, THE INDONESIAN TRUCE AGREEMENT "HAS BEEN LARGELY A DISAPPOINTMENT."

"THE COMMITTEE HAS THE IMPRESSION THAT MAJOR ISSUES DIVIDING THE PARTIES ARE THE VERY ISSUES WHICH HAVE ALWAYS DIVIDED THEM," THE REPORT SAID.

THE GOOD OFFICES COMMITTEE IS COMPOSED OF REPRESENTATIVES OF THE UNITED STATES, AUSTRALIA AND BELGIUM. IT HAS BEEN SEEKING A POLITICAL SETTLEMENT EVER SINCE THE TRUCE AGREEMENT WAS SIGNED JAN. 17.

THE REPORT REACHED THE SECURITY COUNCIL AS IT RENEWED DEBATE ON THE INDONESIAN QUESTION, WHICH APPEARED TO BE MOVING TOWARD A NEW CRISIS.

INDONESIAN REPRESENTATIVE L.N. PALAR ASKED THE COUNCIL TO DIRECT THE GOOD OFFICES COMMITTEE TO INTERVENE "IN A MORE EFFECTIVE WAY WHEN NECESSARY AND BY RENDERING A MORE TANGIBLE DIRECTION TO THE NEGOTIATIONS."

A DEADLOCK, WITH ALL ITS IMPLICATIONS AND CONSEQUENCES, CONSTITUTES A DANGER TO PEACE IN SOUTHEAST ASIA," PALAR SAID.

DR. EELCO N. VAN KLEFFENS, NETHERLANDS REPRESENTATIVE, SAID ON THE OTHER HAND THE BEST THING THE COUNCIL COULD DO WOULD BE MERELY TO TAKE NOTE OF THE COMMITTEE'S REPORTS AND THEN PASS ON TO SOME OTHER SUBJECT.

BRIG. GEN. CARLOS P. ROMULO, PHILIPPINES REPRESENTATIVE, REPLIED THAT THE COUNCIL COULD NOT ACCEPT VAN KLEFFENS' ADVICE TO "LET WELL ENOUGH ALONE."

ROMULO SAID THE COUNCIL HAD INFORMATION BEFORE IT SHOWING THERE IS A DELIBERATE UNILATERAL MOVE BY THE DUTCH TO IMPOSE THEIR OWN FEDERATION OF STATES ON THE INDONESIANS BY INTIMIDATION AND COERCION.

ROMULO CHARGED THE NETHERLANDS IS TRYING TO ACHIEVE BEHIND A SCREEN OF PEACEFUL MOVES WHAT SHE COULD NOT ACHIEVE BY FORCE OF ARMS. HE CALLED FOR FAIR PLAY IN INDONESIA.

GUY DE LA TOURNELLE, OF FRANCE, AGREED WITH VAN KLEFFENS. HE SAID THE COUNCIL CREATED A DEPLORABLE PROCEDURE BY INTERFERING AT EVERY TURN WITH THE WORK OF THE GOOD OFFICES COMMITTEE.

JAKOB A. MALIK, SOVIET DEPUTY FOREIGN MINISTER, DECLARED THE COUNCIL COULD NOT BE SATISFIED WITH THE SITUATION WHICH HAS ARISEN IN INDONESIA.

DR. T.F.TSIANG, CHINA, ANSWERED VAN KLEFFENS SHARPLY. HE SAID THE COUNCIL HAD GIVEN ABOUT ONE-TENTH OF THE TIME TO THE INDONESIAN QUESTION THAT IT HAD GIVEN TO THE PALESTINE PROBLEM. HE SAID THE COUNCIL SHOULD NOT ACCEPT THE ARGUMENT THAT THE LESS SAID ABOUT INDONESIA THE BETTER FOR INDONESIA. HE DECLARED THE COUNCIL HAD THE RIGHT TO EXPECT THE NETHERLANDS TO CONTINUE PEACEFUL EFFORTS AT A SETTLEMENT.

FARIS EL KHOURI, OF SYRIA, COUNCIL PRESIDENT, SAID HE WOULD TELL THE COMMITTEE OF GOOD OFFICES TO KEEP THE COUNCIL INFORMED AND TO CONTINUE EFFORTS FOR A SETTLEMENT. HE SAID THE COUNCIL WOULD MEET AGAIN ON INDONESIA ON JULY 1.

THE COUNCIL WILL DISCUSS THE AMERICAN ADMINISTRATION OF PACIFIC ISLANDS AND SPAIN ON FRIDAY AT 9:30 A.M. (EST) SPAIN WAS BROUGHT UP BECAUSE THE ASSEMBLY ASKED THE COUNCIL TO RECONSIDER THE SITUATION IF NO CHANGE OCCURRED IN THE MADRID REGIME.

BY FRANCIS W.CARPENTER

LAKE SUCCESS, JUNE 23-(AP)-A BIG BATTLE IN THE UNITED NATIONS ASSEMBLY BETWEEN RUSSIA AND THE WESTERN POWERS OVER ATOMIC ENERGY CONTROL IS CERTAIN THIS FALL.

THAT WAS ASSURED LATE YESTERDAY WHEN ANDREI A. GROMYKO, SOVIET DEPUTY FOREIGN MINISTER, OVERRODE A MAJORITY OF THE SECURITY COUNCIL WITH RUSSIA'S 26TH VETO.

HIS ACT KILLED THE APPROVAL BY NINE COUNCIL MEMBERS OF AN ATOMIC CONTROL SCHEME BASED ON THE ORIGINAL PLAN OFFERED JUNE 14, 1946, BY BERNARD M. BARUCH, THEN THE UNITED STATES DELEGATE. THE SOVIET UKRAINE ALSO VOTED AGAINST THE MAJORITY.

THE MAJORITY FOLLOWED PREVIOUSLY LAID PLANS AND FOLLOWED UP THE VETO, WHICH HAD BEEN EXPECTED, WITH A RESOLUTION CALLING FOR THE DISPATCH OF RECORDS OF THE TWO-YEAR ATOMIC DEADLOCK TO THE ASSEMBLY.

GROMYKO OPPOSED THIS RESOLUTION ALSO BUT DID NOT INSIST ON WHAT HE SAID WAS HIS RIGHT TO VETO IT. HE STOOD ASIDE WITH DMITRI Z. MANUILSKY, SOVIET UKRAINIAN FOREIGN MINISTER, AND THE RECORDS WERE SENT TO THE ASSEMBLY BY A 9 TO 0 VOTE.

FARIS EL KHOURI OF SYRIA, COUNCIL CHAIRMAN FOR THIS MONTH, RULED THAT THE UNITED NATIONS ATOMIC ENERGY COMMISSION STILL HAD THE ATOMIC PROBLEM UNDER CONSIDERATION.

THE COMMISSION VOTED THIS SPRING TO SUSPEND TALKS UNTIL THE ASSEMBLY FOUND THERE WAS SOME BASE FOR AGREEMENT BETWEEN RUSSIA AND THE WESTERN NATIONS.

BUT EL KHOURI SAID RUSSIA'S VETO HAD KILLED THE MAJORITY VOTE APPROVING THE COMMISSION WORK AND ACCEPTING THREE REPORTS FROM THE COMMISSION. SINCE THE COMMISSION'S REPORTS WERE NOT ACCEPTED, THE COMMISSION STILL HAD THE PROBLEM BEFORE IT.

COMMISLION MEMBERS MADE IT CLEAR, HOWEVER, THAT NOTHING WILL BE DONE UNTIL THE WHOLE PROBLEM IS AIRED FULLY IN THE ASSEMBLY.

THE SECURITY COUNCIL WAS CALLED TO MEET AT 1:30 P.M. (EST) TODAY ON THE DUTCH-INDONESIAN CONFLICT.

U. S. and British Prohibit Shipments to the Red Zone of Germany.

SHANKE

Berlin, June 24 (A.P.).—The Russians disrupted the power supply and freight shipments in western Berlin today, but Gen. Lucius D. Clay served notice that no action short of war is going to force the Americans from this city.

Clay, the American Military Governor, said in Heidelberg that the latest moves by the Russians indicate they "are trying to put on the final pressure to drive us out of Berlin." He said this could not be accomplished "by any action short of war."

All food shipments to Berlin on rail lines from western Germany were halted. Power from plants in the Soviet Zone was restored in most sections of Berlin this afternoon after cuts of varying length, but it was expected to be turned off again in the evening.

Sufficient Water Available.

Clay said he had no plans for cutting off water and power to parts of the Soviet Zone supplied from the American Zone State of Bavaria. He said the western sectors of Berlin had enough water supplies of their own and could furnish about half the normal power consumption of the area.

Clay estimated that Berliners have supplies for no more than a couple of weeks. He praised the German administration in Berlin, saying that it gave "a pretty high example of leadership" during the crisis.

Clay said he did not consider the situation any more serious than it had been.

U. S. Halts Trading.

American authorities suspended interzonal trade shipments from the United States to the Soviet Zone.

The British halted shipments of Ruhr coal and steel to the Soviet Zone. An official spokesman said it was a policy decision taken in the wake of the Soviet action choking off rail freight shipments for Berlin from western Germany. The Russians said their freight embargo was due to technical reasons. The British said this could not be accepted because "we have seen no evidence that any technical difficulties exist."

Berlin took on a warlike atmosphere. Steel-helmeted American soldiers in armored cars with mounted machine guns patroled the United States sector. Military police carried rifles.

Reports from the French sector said that water service was being disturbed there.

Hospitals Are Spared

The official Soviet and German Communist press demanded anew that the Western Allies quit the city.

The Berlin power shutdown affected the United States, British and French zones. The only areas spared were those where hospitals or other important public institutions are located.

The Soviet-controlled Berlin radio announced that the western sectors must expect more power shut-offs during the night. This amounted to a warning of day and night cut offs apparently intended to prevent factories which shut down during the day from engaging in night operations.

Water Supply Disturbed

Reports from the French sector said water service was being disturbed there.

The Russians and German Communists threatened economic reprisals against any of the 3,400,000 Berliners who accept the Western Allies' new currency. The Russians have decreed the currency illegal and ordered use of their own new money for the entire city.

When conversion begins in Western Berlin tomorrow, a German who turns in his old money for the new deutschemark must accept a stamp on his personal identification papers to prevent repeating conversions.

Warned Of Bank Balances

Seizing upon this, the Soviet-controlled radio warned the population: "Anyone who accepts that stamp will be marked as a person who violated the order of Soviet Commander-in-Chief Marshal Sokolovsky."

The radio reminded that "frozen bank balances of Berliners are locked up in banks of the Soviet sector of the city. Anyone who is identified as having taken the Western currency will never be able to collect on those frozen accounts when they are released."

The radio urged residents of Western Berlin to go into the Soviet sector for the new Russian stamped currency being issued today, and to disregard the Western conversion tomorrow.

Socialists Defiant

New clamorous demands in the Soviet official and German Communist press that the Western Allies get out of Berlin got a defiant answer from Berlin's Socialists, who proclaimed: "Berlin must remain free—never communistic."

The Socialists announced a mass meeting tonight in the French sector under the slogan: "Berliners, Fight For Your Freedom." It underlined the political struggle between the Communists and their foes for Berlin.

The three Western sectors of the city contain two-thrids of the entire population.

The public works committee of Berlin's four-power Kommandatura failed to meet today because the Soviet members did not appear. He sent word that he was too busy and an American official remarked: "He's probably busy going around shutting off electric power lines."

Press Has Own Power

The power cut-off will not affect most newspapers in the Western sector because they have their own emergency power plants.

The freight stoppage, if continued, will create newsprint supply difficulties.

The power first was reported off in Zehlendorf, a Berlin district where many United States army installations and billets are situated.

The current in Tempelhof, another borough in the American sector, had its power snapped off at about the same time and then similar current cutoffs were reported from other parts of the western zones.

Officials of Bewag, the huge German power concern in the Soviet sector, said they were shutting off the power under Russian orders. They said they hoped to restore the current for a while this evening.

AMG Has Own Supply

The huge United States Military Government office building in Dahlem and some other American installations generate their own power.

The turning off of electricity followed a British report that the Russians had ordered the Berlin electricity company to quit supplying the city's western sectors with power generated in the Soviet sector. Normally the Soviet sector supplies about half western Berlin's power.

The Russians also announced they were stopping railway traffic to the western sectors from western Germany. This cut off daily deliveries of about 2,000 tons of food for some 2,000,000 persons in western Berlin. It also halted coal shipments.

U.S. Takes Precautions

The United States constabulary patroled the American sector in armored cars and jeeps with mounted machine guns. Col. R. A. Willard, Berlin post commander, called this a precaution against "possible unrest." He said no disorders had been reported in the sector.

The situation was leading to a showdown over Soviet efforts to force the Western Allies out of Berlin—obviously the most determined so far.

The dispute over money confront Berlin with the prospect of a dual currency and left 3,400,000 Berliners uneasy and confused. The city, divided into United States, British, French and Russian occupation sectors, lies deep in the heart of the Soviet occupation zone.

The latest East-West fight here was preceded by a London conference between the three Western Allies, Belgium, the Netherlands and Luxembourg, which brought agreements for a west-German federal government, international control of Ruhr resources and safeguards against German aggression.

Reds Decree New Currency

The western powers started a currency reform, introducing a new "Deutsche mark," in their occupation zones of Germany last Sunday. It did not include Berlin.

Yesterday the Russians decreed a new currency—the old mark with a Soviet stamp—for their occupation zone and Berlin. The western Allies voided this decree and ordered the Deutsche mark issued in their sectors of the city.

Early today the Russians announced they were "forced" to suspend railway traffic on the 100-mile line from western Germany to Berlin because of an unspecified "technical disturbance."

The announcement gave no indication when traffic could start up again. The Russians said they hoped that would be as soon as possible.

RUSSIANS CUT OFF WEST BERLIN FOOD

Clay Says Only War Will Drive Powers From City

SHANKE

Berlin, June 24 (AP)—The Russians snapped off electricity, milk and food for western Berlin today but the American military governor declared they "cannot drive us out of Berlin by any action short of war."

Steel helmeted United States soldiers in armored cars with mounted machine guns and rifle-carrying military police patrolled the American sector and gave the city its most war-like atmosphere since 1945.

British soldiers were dispatched to protect scrap metal stocks they said the Russians were trying to haul from the British sector, it was announced tonight. The British said they rejected a Russian demand to withdraw the soldiers.

Embargo Ruhr Shipments

The British countered the Soviet blockade of western Berlin by embargoing coal and steel shipments from the Ruhr to the Soviet zone.

Gen. Lucius D. Clay, American commander, took similar action by suspending all trade shipments to eastern Germany. INSERT N

The Soviet military administration declared tonight the Allied Kommandatura "has practically ceased to exist as a body for the adminstration of Berlin." The statement was an answer to a Western proposal earlier this week to solve Berlin's currency crisis in the Kommandatura.

Assails City Government

The statement by Marshal Vassily D. Sokolovsky, Russian military governor, indicated that the Soviets intend to ignore the Kommandatura—the four-power ruling body of Berlin—as well as the anti-Communist city government.

In a sweeping attack on the Western Allies' currency reform, the Soviet commander accused Berlin's city government *Magistrat* of "openly following the polices of American occupation authorities."

"In view of this situation," Sokolovsky said, "the *Magistrat* cannot be regarded as representative of the people's opinions."

The *Magistrat* replaced the Soviet-appointed city government in the Fall of 1946 after the Social Democrats won a landslide victory over the Soviet-backed Socialist Unity party.

Calls Reprisal Charge Lie

Sokolovsky said that claims that Soviet occupation authorities plan "reprisals against persons who do not share Communists views or oppose them are a lie."

He charged that the Western Powers are throwing the western sector of Berlin into a "whirlpool of economic chaos and disorder" and emphasized that the new western zone currency will not be permitted in the Soviet sector of Berlin or the Soviet zone of Germany.

From 50,000 to 70,000 Germans overflowed Hertha Sports Stadium in the French sector under the slogan, "Berliners, fight for your freedom." Franz Newmann, Social Democrat, told the mass meeting, "Berlin never will go Communist."

Russian-controlled electricity was cut off to the three western sectors of the city.

Water pressure grew low in the French sector for unexplained reasons.

Al freight trains from the west, which carry 2,000 tons of food daily, coal and supplies for western Berlin's 2,000,000 Germans, were stopped by Soviet action.

The bank accounts of pro-western Germans held in eastern Berlin were threatened with sequestration.

Halt Milk, Restore Bread

The Russians halted deliveries

JUN 1948

of fresh milk to western Berlin. The Americans provided powdered milk for hospitals and public welfare institutions.

The Russians cut off deliveries of bread from eastern sector bakeries, but restored deliveries when the Americans cut off the eastern sector's fresh meat supplies.

The Russian actions caught western Berlin with a two-weeks' supply of food and coal and reduced the electricity supply by half. That made power service sporadic.

The only trickle through the food blockade was a small amount of water-borne traffic.

Guard Against Unrest

The American military patrols were sent out to guard against "unrest," it was explained.

"It can lie only in the interests of Communist groups to create panic and hysteria at this time," said an American spokesman.

The Soviet sanctions tied in with the conference of Russia and her seven satellites in Warsaw. If the Russians set up an eastern German state they would naturally want the Western Allies out of Berlin in the heart of that state.

Clay said the western sectors had enough water supplies of their own, and could furnish about half the normal consumption of electric power, but this supply is dependent on coal which must be shipped in.

Russian Exchange Smooth

Exchange of old Reichsmarks for new Russian-stamped currency proceeded smoothly in eastern Berlin. The exchange of old Reichsmarks for new Western-approved Deutsche marks in western Berlin begins tomorrow.

Each German receiving Deutsche marks must accept a stamp on his identification papers. The Russians, who have outlawed the Deutsche mark in all Berlin, warned in a broadcast that bank balances are frozen in banks in the eastern sector and "anyone who is identified as having taken the Western currency will never be able to collect on those frozen accounts when they are released."

Clay Says Reds Can't Oust U.S. From Berlin

Heidelberg, Germany, June 24 (AP)—Gen. Lucius D. Clay said today the Russians "cannot drive us out of Berlin by any action short of war."

The American Military Governor said the latest moves of the Soviets indicate they "are trying to put on the final pressure to drive us out of Berlin."

"Unfortunately," Clay added, "the only way they can put on pressure is to make the Germans suffer."

Praises Germans

By this he referred to the Russian squeeze on transport.

Clay estimated Berliners had supplies for no more than a couple of weeks. He praised the German administration in Berlin, saying it gave "a pretty high example of leadership" during the crisis.

Clay flew to Heidelberg to confer with top American commanders in this headquarters city. He said the talks were "purely routine." He returned to Berlin in the afternoon.

Won't Halt Water

Clay said he had no plans for cutting off water and power to parts of the Soviet zone supplied from the American area state of Bavaria. He said, too, that the western sectors of Berlin had enough water supplies of their own, and that they could supply about half the normal power consumption of the area.

Clay said he did not consider the situation any more serious than it had been.

The Military Governor was asked what he thought might come out of the Warsaw conference of Eastern European states.

"A lot of words," he replied. Then he said he would not be surprised if an Eastern German government was formed.

Russians Free 4 GI's Arrested In Berlin

Berlin, *Friday*, June 25 (AP)—Four American soldiers were released last night more than 24 hours after they were arrested by Soviet military police, United States authorities said early today.

The names of the soldiers, who were seized while driving down a busy shopping street in the Russian sector of Berlin, were not disclosed.

The Russians indicated the soldiers were detained for a traffic violation. American officials said the arrests may have been in retaliation for the stopping of a number of Russian vehicles by American military police during the current safe-driving campaign.

"The difference is we notify the Allied Kommandatura and turn over any Russians picked up almost immediately in accordance with the four-power agreement here," one American official said.

Two Germans On AP Berlin Staff Disappear

Berlin, June 24 (AP)—Two German employés of the Associated Press disappeared tonight while driving through the Russian sector of Berlin. A photographer for the German news agency DENA also was reported missing.

Fritz Remus, AP photographer, an assistant and two other unidentified persons were returning to the news service's office in a jeep after taking pictures of a Socialist rally in the French sector of Berlin.

A German witness said a Soviet half-track forced the jeep to the curb. The Russian officer in charge took two men from the jeep, put them in the half-track and then placed a Soviet soldier carrying a tommy-gun in the jeep, he said. The jeep and half-track then left in the direction of Soviet headquarters.

American police are making inquiries. It was understood German photographers working for Acme news pictures and the German news agency Dena also disappeared while returning from the rally. It was not determined whether they were arrested by the Soviets.

EAST BLOC SEEKS BIG 4 GERMAN PLAN

Warsaw Parley Also Calls For 4-Power Control Of Ruhr

London, June 24 (AP)—Russia and seven of her satellite nations called tonight for a four-power agreement on the formation of a "provisional democratic all-German government."

The eight eastern states accused the United States, Britain and France of "carrying out the political and economic splitting and dismemberment of Germany."

Lists "Urgent" Steps

A long communiqué, broadcast by the Moscow radio at the end of a two-day meeting in Warsaw of the foreign ministers of the eight nations, said Russia and her eastern bloc of states "consider as urgent" these steps:

1. Germany's demilitarization by four-power agreement.

2. The establishment of four-power control . . . over the Ruhr's heavy industry and prohibition of the restoration of Germany's war potential.

3. The creation of four-power agreement of a provisional democratic all-German government.

4. The conclusion of a peace treaty with Germany "in order to withdraw the occupation troops of all powers from Germany within one year after the conclusion of the peace treaty" in accordance with the Potsdam agreements.

Bring In Reparations

Vyacheslav M. Molotov, Soviet Foreign Minister, headed the Russian delegation at the Warsaw meeting. The other participating states were Albania, Bulgaria, Czechoslovakia, Yugoslavia, Poland, Romania and Hungary.

The eastern states also called for an "elaboration of the measures on the fulfillment by Germany of her reparation obligations toward the states which suffered from German aggression."

The communiqué, as broadcast by the Moscow radio, said the recent six-power conference on the future of western Germany showed the Western powers "are not interested in a speedy conclusion of a German peace treaty and a speedy withdrawal of occupation troops from Germany."

The London conference—attended by the United States, Britain, France, Belgium, the Netherlands and Luxembourg—drafted plans for eventual self-government for Germans of the three western occupation zones.

Viewed As Puppet Rule

The eastern bloc countries said the German constituent assembly, provided in the London agreements, "must secure for Germany's western part the formation of a puppet government . . . closely bound with American and British capitalist monoplies, but not connected with the German people and hostile to the latter's democratic strivings."

The communiqué charged the United States, Britain and France violated an agreement with Russia by creating a separate currency for the three western zones of Germany.

Western zone currency reforms, the communiqué said, "is erecting a wall between Germany's western part and the rest of Germany" and is being carried out to aid German monopolists and big property owners "closely connected with American and British capitalist monopolies."

It added:

"Implementation of the policy of splitting and dismemberment of Germany is disrupting the conclusion of a peace treaty with Germany without which it is impossible to put an end to the protracted state of war and to the occupation regime in Europe."

The Warsaw communiqué, attacking the decisions of the London meeting, said "reports published in the press show that the (London) communiqué passed over in silence certain decisions adopted at the conference."

"One cannot overlook the fact that the Benelux countries (Belgium, the Netherlands and Luxembourg) were drawn in to participate in a separate conference of the three powers despite the fact that such countries neighboring on Germany as Poland, Czechoslovakia and other directly concerned countries did not participate," the communiqué said.

Repeats Potsdam Charge

It repeated the Russian claim that the London conference was convened in violation of the Potsdam agreement, "according to which questions pertaining to Germany have to be decided by the four of the Potsdam agreement on Germany's demilitarization and democratization aimed at preventing a repetition of German aggression in the future."

The London conference, it added, "testifies that the governments of the United States, Britain and France . . . aimed at the liquidation of the Council of Foreign Ministers . . . as well as the liquidation of the quadrilateral control body in Germany."

"Patronized" By U.S.

This violation, the communiqué said, "is leading to the disruption powers—the U.S.S.R., the United States, Great Britain and France."

The decisions reached in London showed, according to the eight Communist foreign ministers, the "real meaning" of the western European alliance which, they said, was "patronized" by the United States.

"Having recognized the impossibility of drawing the whole of Germany into the military strategic plans of U.S.A. and Great Britain, the London conference strove to make Germany's western zones a base for its plans by tearing off these zones from the rest of Germany," the communiqué said.

Earlier, the Moscow radio announced that the meeting of the ministers in Warsaw had ended.

Report Britain Seeking Marshall Plan Changes

LONDON, June 24 (AP).—Prime Minister Attlee and leading members of the British Cabinet held a special meeting tonight. Government sources said negotiations in Washington on a European Recovery Program bilateral agreement was one of the subjects discussed.

"New difficulties are believed to have arisen in the negotiations with America," an informant said.

Earlier, an informed government source said Great Britain is willing to sacrifice two weeks of Marshall plan aid or about $12,000,000, if necessary to get changes in the agreement, which is expected to be signed by July 3.

Foreign Secretary Ernest Bevin, Deputy Prime Minister Herbert Morrison, Minister of State Hector McNeil, Home Secretary J. Chuter Ede and Defense Minister A. V. Alexander attended the Downing Street talks.

Hungarian Excommunications Told

Cardinal's Punishment of Officials for Nationalizing Catholic Schools Reported to Vatican.

Vatican City, June 24 (A. P.).—Reports reached the Vatican today that Josef Cardinal Mindszenty, primate of Hungary, has excommunicated the members of the Hungarian Goyernment and Parliament who on June 16 nationalized Hungary's Catholic schools.

Announcement of the excommunication, the reports said, came in the form of publication of an article in the Code of Canon Law providing such action, "a priori," against persons "passing laws, decrees or resolutions against the liberty and rights of the Holy Mother Church."

A commentary attached to the article by Cardinal Mindszenty made it clear that these rights included educating Catholic children in Catholic schools, the reports added.

Gift Ship Nears Oslo

Oslo, Norway, June 24 (AP)—The steamer Ornefjell, loaded with gifts from Wisconsin for citizens of Norway, touched briefly today at the industrial port of Hoyanger, en route to Cslo. The ship will unload the gifts at Oslo, but will stop at Kristiansand first to unload some regular cargo.

Yugoslavian Is Elected U.N. Health Unit Head

Geneva, Switzerland, June 24 (AP)—The United Nations World Health Organization today elected Dr. Andrija Stampar, of Yugoslavia, as chairman of its first assembly.

Dr. Stampar, 60, is rector of Zagreb University. He has been chairman of the organization's interim commission since 1946. The 50-nation assembly will draw up a program for the health organizations public health activities. It has an annual budget of nearly $7,000,000.

Red Unions Set General Italy Strike

Rome, June 24 (AP)—The Communist-led General Confederation of Labor today called a half-day general strike of all Italy's industrial workers for July 2.

The strike will protest the breakdown of negotiations with manufacturers for higher salaries and increased family allowances.

The strike was described as the first of a "series of measures to be gradually adopted."

Trieste Unionists Clash

Trieste, June 24 (AP)—Pro-Communist union members attacked and partly wrecked the Chamber of Labor headquarters today. Two members of the pro-Italian trade union were seriously injured. Police intervention prevented further damage.

Reds Reported Finishing Plan For E. Reich

ALLEN

Warsaw, June 24 (AP)—The foreign ministers of Russia and seven satellite countries were reliably reported today to be putting the finishing touches to plans to set up a separate government in eastern Germany.

One conference observer said that would be their most likely answer to the Western Allies' proposed federalization of western Germany.

This source added, however, that Soviet Foreign Minister V. M. Molotov and his colleagues probably would go one step further than the Western powers.

Leipzig Cited As Center

If a separate government is set up, he said, it still, in the opinion of Russia and her neighbors, would be a government aimed at German unity.

Leipzig has been mentioned as a government center.

Conference observers who cannot be named said the Eastern nations would declare any government formed to be open to all Germans.

[The Western powers invited the Russian zone to participate in formation of the German Government but the Russians turned down the bid.]

Such a government would be expected to seek recognition by the support of German Communists in the Western occupation zones.

New Prop For Cold War

Thus Russia and her neighbors could keep effective channels open for spreading communism and waging Russia's own cold war against the Western powers.

German Communist Leader Wilhelm Pieck was reported attending the conference.

Molotov and the other ministers motored to suburban Wilanow Palace early today to resume discussions on "German problems."

Polish tommy gunners stationed about 80 feet apart kept watch along all the 8 miles of the eastward route out of Warsaw. Nobody but the Ministers and aides were allowed in the palace.

Called By Russ And Poles

An official announcement said Russia and Poland called the parley and led the opening discussions on Germany.

Polish Foreign Minister Zygmunt Modzielewski presided at the conference. The Government-controlled Polish press said the parley's slogan was "in the name of peace."

Poland's View Submitted

Modzielewski advanced Poland's view that:

1. The recommendations of the recent London six-power conference on Germany would contribute to "the formation of a new center of aggression."

2. The Western Allies' move to centralize Western Germany threatened European peace and security.

3. The Western plan for German reconstruction violated a United States pledge not to give Germany priority in reconstruction over "Europe and democratic countries."

Informed sources said others attending advanced similar views and demanded strong counteraction.

The ministers were luncheon guests of Polish President Boleslaw Bierut. They are expected to wind up the conference tomorrow.

It was reported that members of the Cominform (Communist International Information Bureau) met a few days ago in Bratislava, Czechoslovakia. It was said the Cominform's activities will not be a main item at the parley here.

Russia, Hungary, Yugoslavia, Czechoslovakia, Romania, Bulgaria, Albania and Poland are represented in the conference. It began yesterday. It probably will last through tomorrow.

The London conference mentioned in the announcement was among the United States, Britain, France, Belgium, the Netherlands and Luxembourg.

German Reds Called

German Communist leaders from the Russian zone of Germany were said to have been called here. There was an unconfirmed report that Marshal Vassily D. Sokolovsky, Soviet military governor for Germany, is in the city.

Eastern European nations have accused the Western powers of breaking the Potsdam and Yalta agreements and of splitting Germany through their plan for a western German government.

Greek Units Try To Close Trap On Rebels

CHAKALES

Athens, June 24 (AP)—Dispatches said six Greek army divisions are squeezing tighter today the Grammos Mountain pocket with its 7,000 rebels.

The reports said national forces are moving in a great semi-circle, the top of which is at the border of (Communist) Albania.

Other army elements were declared moving across the northwest Grammos to seal off the Albanian border, cut guerrillas' supply lines and prevent their escape.

Fighting To Close Pocket

The core of the insurgent pocket is Aetomilitsa. It is 4 miles east of the Albanian frontier and 15 north of Konitsa. Greek divisions fighting along the border appeared headed toward Aetomilitsa for a juncture.

Planes cast fire bombs at rebel machine-gun nests and fortifications west of Kastanohorion. They also attacked fortifications east of Eptahorion, in the central Grammos district.

Infantry in the Kastanohorion direction reported finding 68 guerrilla dead in trenches. Heavy and light arms were seized. The battle for Amounda, in the same region, was reported continuing with bitter fighting around Damaskinia and Hikleria. The guerrillas were said to have been repulsed in seven successive counterattacks in one mountain region.

Division Captures Heights

Dispatches said the 9th Division captured dominating heights at Klepti and Pyrosyani. These troops were reported operating on a line roughly from Albania to Pyrosyani and south beyond Karasovon. United States Army officers are with the Greek divisions as advisers.

Morning dispatches from Kozane said Natiomorces was occupied. The troops also were reported to have taken important points for attack against the approaches and summit of Palaiokriminy, in the Voion Mountain range on the Albanian border. Army units which occupied the Klepti heights were reported chasing rebels to the northwest.

Rebel Loss Put at 600

Captured guerrillas said their losses on Amouda ridge, northwest of Nestorion, were "terrific." They were slammed by artillery and planes all day yesterday.

A high-ranking Greek officer said the tough Amouda fight, though apparently holding up the army's advance, was serving the purpose of a powerful offensive aimed at smashing the Communist rebellion.

"Our job is to kill and destroy bandits," the officer said. "That's what's happening on Amouda."

Unofficial reports listed nearly 600 guerrilla casualties since the offensive started Sunday night.

Rebel Success Claimed

In London, the Communist "Free Greece" radio broadcast a report that the guerrilla forces succeeded in their first counterattack Tuesday, routing a battalion. Markos was quoted as saying his men were displaying "unflinching courage" before the offensive.

In Athens, newspapers were advised that military censorship on operations against the guerrillas will be imposed today. The Press Ministry said foreign correspondents would not be affected, only Greek newspapers.

Greek Rebels Slow Drive on Pivotal Defense

CHAKALES

U. S. Observers, However, Say Ridge Will Fall Soon; Guerrilla Radio Silenced

ATHENS, June 24 (AP).—Desperately resisting guerrillas have slowed the Greek Army's drive against the eastern flank of their Grammos Mountain stronghold, but American officers who are acting as observers in the field predicted tonight that the pivotal Amouda ridge will fall soon.

The guerrilla radio has been silenced, presumably by air attacks. Captured guerillas said their losses on the Amouda ridge, which is northwest of Nestorion, were "terrific" under poundings by artillery and planes.

National forces endangered Amouda this morning by capturing the Boufa height, two miles south of Nestorion and a continuation of the Amouda strongpoint.

Ranking American observers minimized the apparent delay in gaining ground objectives, and said the end objective is being attained. One senior American officed said the objective is to "kill and destroy bandits, and that's what's being done."

One officer concede there had been some "overoptimism" at the outset. Such thorough defenses of the guerrillas had not been anticipated, he said. The Amouda fortifications were started several months ago, he said, and some machine-gun emplacements were covered with seven layers of stones and logs.

The 9th Division, advancing from Konitsa, reported concrete pillboxes being used by the guerrillas.

A bomb exploded in the Salonika central telephone exchange today, injuring nine persons. Government officials blamed Communists.

Press dispatches said six guerrillas and three Communist spies were executed yesterday at Verria. They participated in the shelling of Naoussa in March.

Fire Bombs Rained on Reds

2D ARMY CORPS HEADQUARTERS, Kozane, June 24 (AP).—The Greek Army rained 500-pound fire bombs today on Communist rebels fighting to defend the eastern flank of their Grammos mountain stronghold.

Unofficial reports listed nearly 600 guerrilla casualties since the government offensive started Sunday night. The rebel leader, General Markos, was reported then to have 7,000 men in the Grammos pocket.

Nanking Scores U.S. Writings On China

MILKS

Nanking, June 24 (AP)—The Government let American editors know today it didn't like the critical editorials they have been writing on China.

Such editorials, said a Government spokesman, Hollington Tong, are creating a "totally misleading picture. Unless corrected they can have a harmful, mischievous influence on the present cordial Sino-American relations."

Particularly, Tong told a news conference, the editorials are giving a false idea that popular support of the Central Government is crumbling.

Legislative Speeches Cited

He said American editors bolster "these absurd statements" by citing discussions at recent meeting of China's Legislature. Members accused Government officials of corruption and inefficiency. Tong viewed their criticism as "healthy, constructive contributions to the formulation of Government policy."

Tong declared great importance was given the attack by a single legislator against President Chiang Kai-shek. Such interpretation is "childish," he said.

"Suppose foreign newspapers reported the people of the United States were turning against their Government," he said, "offering as evidence the fact that a single leftist member of the House of Representatives, Vito Marcantonio (of New York) made a speech attacking Government leaders?

View Is Maintained

"Americans would regard such editorials as laughable. Yet it is upon such evidence that an anti-Government trend in China was discovered by gullible editors."

Most observers, including many Chinese officials, still assert popular support of Chiang's Government was weakened by recent statements of its members, especially in the Legislature. One view is that the attacks marked a serious breakdown in national unity during a crisis.

Tong said he had no complaint on the handling of anti-Government reports by American correspondents in Nanking.

Chinese Blame Chiang For Kaifeng Damage

JUN 1948

Nanking, June 24 (AP)—Chinese legislators charged today more civilians were killed by Government warplanes in Kaifeng than by Communist troops who captured the city. Telegrams from Chenghsien said a great number died during Monday's bombing after the Communists broke into the ancient city.

Legislators asked: "Who was responsible?"

The *Hsin Min Pao* said Honan Gov. Liu Mo-en died in the defense of the city. Kaifeng, capital of Honan, was the first provincial capital in China proper to fall to the Reds.

Nanking Bombs Blamed

Latest word said the last defense areas were in flames. Legislators declared the Government's own bombs set many fires, caused most of the destruction within the walls.

Defense Minister Ho Ying-chin reportedly told legislative members that Chiang Kai-shek was "responsible for strategic orders." The Honan representatives declared movement of Honan divisions into Shantung province had exposed Kaifeng to attack.

Ho told the committee neither he nor the chief of staff at times know the location of troops because Chiang orders their movements. The Generalissimo was reported still at Sian, Shensi capital, directing his forces in the whole central area.

Tzeyang Now In Danger

Military authorities showed worry over the fate of Tzeyang, 140 miles northeast of Kaifeng. They said Communist General Chen Yi was marching on Tzeyang with 500,000 troops. Loss of the rail town, they said, would leave the Central China plains wide open for a Communist drive on Nanking, 270 miles away.

Shanghai dispatches reported National reinforcements from the east reached the outskirts of Kaifeng; that other Government troops under Sun Yuan-liang were pushing from Chungmou, midway betwen Cheng-hsien and Kaifeng, 80 miles apart; that still another National column was moving up from Weishih, south of Kaifeng.

A Government military spokesman predicted Chen Yi's armies would retreat southward from Kaifeng within two or three days under pressure of strong National forces returning from Shantung, scene of recent fighting.

Chinese Official Okays Limited Aid To Japan

Nanking, June 24 (AP)—Foreign Minister Wang Chih-shieh was quoted today as saying China will not oppose aid "within certain limits" to make Japan self-sufficient again.

An official source said Wang told a legislative subcommittee: "The United Stats has not given Japan any large-scale political or economic assistance as yet."

Chinese students have been agitating against United States aid to Japan.

STUDENTS IN PEIPING ASK STUART'S RETURN

PEIPING, June 24 (AP)—Yenching University students today urged their president-on-leave, Dr. John Leighton Stuart, to quit as United States Ambassador to China and resume his old post. Dr. Stuart talked with four members of the student self-governing body.

The Ambassador has been crticized by students throughout China for a recent speech. He took them to task for agitation against United States economic aid to Japan.

[In Nanking, the United States Embassy denied North China reports that Dr. Stuart had asked Secretary of State Marshall to accept his resignation to allow him to return to Yenching.]

Dr. Stuart told a reporter he had offered to resign when Secretary Marshall took office. It was written so it could be accepted "when he felt the time had come."

"Whenever I am released," he added, "I look forward to returning to Yenching."

12 Die In Violence Flareup In Luzon

Manila, June 24 (AP)—Twelve persons were killed yesterday in a flareup of violence in Central Luzon.

Two students and seven farmers were killed in an all night battle between about 50 unidentified assailants and the student guard at Central Luzon Agricultural School at Munoz, 78 miles north of Manila.

It was the 33rd attack on the school in the past year. Constabulary forced the raiders to flee.

In the same province, Nueva Ecija, a prominent Bongabong landowner and two sons were slain by unknown assailants.

Final approval of a general pardon for 50,000 Huks was snarled in the closing hours of a special session of Congress.

There was House opposition to two Senate amendments to the presidential amnesty. These would extend the time limit for surrender from 20 days to one month and include a pardon for common crimes committed in furtherance of the Huk land-reform movement.

Reds Are Blamed In Malay Riots

Singapore, June 24 (AP)—Military and police forces were increased in the Malayan Federation tonight to combat terrorism which has taken 30 lives. The British blame Communists for the outbreak.

Sir Edward Gent, the High Commissioner, announced the strengthening of security forces. He broadcast from Kuala Lumpur an appeal for volunteers for a special constabulary to assist in the emergency.

He said the men will be "armed to the limit" and indicated the Government plans an intensive drive against Communists.

The *Straits Times* reported from Johore that 22 military vehicles loaded with British soldiers reached Bahru from Singapore tonight, en route north. They were equipped fully for field service. A *Gurkha* force of 160 reached Penang from India by ship.

Five Clashes Reported

ABritish Government source in London said Col. William N. Gray, once chief of the Palestine police, has been ordered to Malaya. He will advise Gent on how to combat the violence and perhaps suggest reorganization of the colonial police force.]

The *Straits Times* said the British Government has offered services of experienced Palestine police to the Malayan Federation.

Five clashes between police and armed raiders were reported in Malaya tonight. No one was killed.

Four Chinese gunmen, however, killed another Chinese in the Sitiawan district of Perak State last night.

RUBBER AND TIN

Singapore, June 24 (A. P.).—Total rubber production in Malaya dropped almost 17,000 tons during May, the first month of the country's current wave of violence.

Output increased, however, on the peninsula's large estates, which had been the target of allegedly Communist-inspired gunmen.

May production was 49,607 long, compared with 66,408 in April.

Stocks held by the Federation of Malaya Estates at May's end totaled 82,364 tons, against 95,372 at the end of April.

Meanwhile reports on tin showed that Malayan mines sent 3,715 tons tin-in-ore during May to Malayan ports for smelting and export.

The tin weight figure represents 75 per cent of the total ore volume moved.

This brought the January-May total to 17,268 tons compared with 32,995 tons for the same period of 1941.

Israel Army Reported Attacking Irgun Stronghold

JUN 1948

Tel Aviv, Palestine, Friday, June 25 (AP)—Heavy explosions were heard last night and early today south of Tel Aviv. Reports circulated here that the Israeli army is attacking Irgun Zvai Leumi strongholds in the vicinity of Abu Kebir.

The explosions came as an Irgun broadcast declared that organization has ceased to exist as an armed force within Israel and will continue only as an unarmed political party.

It was as an illegal, separate armed force that its members have been arrested by the score during the last two days in raids by regular army troops. Most Irgun troops in the frontlines had left their positions 24 hours ago. But some units stayed on in positions near Abu Kebir and on the Ramle front.

Wins Confidence Vote

Earlier, the Government of Israel won a vote of confidence, 24 to 7, in the Council of 37, Israel's provisional Parliament, after two members resigned from the Cabinet yesterday. There were six abstentions.

Irgun Zvai Leumi, extremist fighting force whose munitions ship was blown up in Tel Aviv harbor Tuesday after a four-hour battle with Israel's regulars, has ordered its several thousand soldiers to withdraw from the army.

A communiqué issued yesterday by the Irgun commander, Menachim Beigin, said the group was withdrawing its "recognition" of the Government headed by David Ben-Gurion. Irgun thus returns to the role of an underground force.

Prefer Concentration Camps

But a new Jewish law forbids any armed force outside the army and classes disobedience to civil law as treason.

The Irgun communiqué said "We prefer concentration camps, which we expect Ben-Gurion will start erecting soon, to participation in such a Government."

Although the Irgun commander asked his fighters to refrain from

engaging in combat with regular Israel soldiers while the Jewish state is "engaged in war with the Arabs and British," he also has threatened to reply to force with force.

It is estimated 12 were killed and 40 wounded in the battle which ended with the munitions ship being swept by a series of explosions set off by mortar fire. The ship burned for more than 24 hours.

Killed in the battle was Abraham Slavsky, one of Irgun's representatives in New York. Irgun said Hillel Cook, known in America as Peter Bergson, copresident of the American League for Free Palestine, was taken in custody after the fight. It was not known whether he was held on any charge.

Jewish sources said Monroe Fein, 25, graduate of the University of Chicago and captain of the arms ship, was seized. Earlier Fein had said Samuel Merlin, of New York city, secretary general of the American League for Free Palestine, was wounded in the foot and three of his crew killed. He said his crew included a dozen American volunteers.

Contrary To Truce Terms

A former skipper of LST's (landing ship tanks) in the Pacific, Fein said he brought his ship through shallow water to Tel Aviv from its first attempted landing place 18 miles to the north because he did not think Israel corvettes would dare fire on it in the harbor.

Beigin indicated the Government's firm stand against landing arms, which is contrary to the terms of the truce with the Arabs, came as a surprise. He said the arms ship was brought to the Tel Aviv seafront so it would be under the eyes of the Jewish people and there might be "some negotiation."

American Tells Of Irgun Ship Blasting

ROBT. HEWETT

Tel Aviv, Israel, *Wednesday*, June 23 (AP)—A young University of Chicago graduate said today he was captain of the Irgun Zvai Leumi ship which was set afire Tuesday in the battle of Tel Aviv beach.

He is Monroe Fein, 25, of Chicago, and served in the United States Navy during the war. He was graduated from the university in 1943 and captained LST's (landing ship, tanks) in the Marshalls, Marianas and Okinawa invasions.

[A later dispatch from Tel Aviv quoted Jewish sources as saying Israeli's Palmach shock troops had seized Fein and 60 Jews of combat age, believed landed from the ship.]

Dozen Americans In Crew

Fein was introduced at a midnight news conference by Menachen Beigin, Irgunist leader. He said he jumped from the burning munitions ship after all of the crew, except three who had been killed, had gone over the side. Fein said the crew included a dozen American volunteers.

Beigin said one of the wounded men is Samuel Merlin, of New York, secretary general of the American League for a Free Palestine. He has a foot injury.

Fein said his ship first was fired on when he tried to escape from the beach near Natanya, 18 miles north of Tel Aviv. Israeli troops frustrated attempts to land munitions there.

Sent To Tel Aviv

"Two Israeli corvettes signaled me to go to Tel Aviv harbor and I complied because I knew the LST was no match for corvette guns," Fein said. "I slipped along in the shallow water near the shore to keep the corvettes from closing in on both sides.

"I was stalling for time all the way down, because I knew that once the ship was among other shipping in Tel Aviv harbor they would not risk shooting heavy guns at least. The corvettes did a lot of shooting with machine guns, but I didn't know how much until I saw the holes in the ship the next morning."

Fein said he ordered the ship abandoned when flames from bursting shells set it afire. He waved a white flag from the bridge.

He said he had little concern that he might lose his passport for his part in the battle. He asserted he was "merely captain of a merchant ship," flying the Panamanian and Israeli flags. Fein said he was not a member of any fighting forces.

Beigin praised Fein highly.

Abdullah Ends Visit To King Of Egypt

Cairo, June 24 (AP)—King Abdullah, of Trans-Jordan, who came here Tuesday from Amman, left on the return plane trip today after talking with King Farouk of Egypt.

In a news conference just before his departure, he said the Arabs will turn down any solution of the Palestine problem that would rob them of their sovereignty over the Holy Land.

He said they are "determined to end this tension and continue the struggle until their safety in Palestine is achieved by the fact that the Zionist state there will not be established."

Arab Policy "Consolidated"

"I hope the western world will appreciate the importance of the Arab East in the world balance," Abdullah said. "This world balance will not be stabilized as long as the Arab East is weak."

Abdullah said his talks with Farouk concerned "consolidating the policy of the Arab League" toward "maintaining the full Arabism of Palestine."

He said consultations also took place to "put an end to (Zionist) claims spread in Palestine and to resist attempts meant to influence the Arabs after Zionism has been defeated in Palestine." He did not elaborate.

New Bernadotte Peace Plan Expected Soon

Cairo, June 24 (AP)—Arab officials said today Count Folke Bernadotte probably will submit new proposals for peace in Palestine to Arabs and Jews next week.

Arab League sources said they have received a cable to this effect from the head of the Arab delegation in Rhodes. This delegation went there to help Bernadotte.

The Arab League political committee probably will meet here or in Alexandria to consider the proposals when they are received. The league's secretariat general delivered another note yesterday to Bernadotte's liaison officer reviewing alleged Jewish violations of the four-week Palestine truce up to Wednesday.

The note referred to "reliable information gathered by Arab governments about illegal Jewish immigration to Palestine."

Informants here said the note described this alleged immigration as an "open violation of the truce."

More Than 100 Americans Leave Palestine for U. S.

JERUSALEM, June 24 — (AP) Slightly more than 100 American citizens left Jerusalem today for the United States. Some will stay only temporarily.

A majority of the travelers are Jews, including several Rabbis and students.

In view of the various technical difficulties for leaving Jerusalem, the American consul general here arranged transport facilities and safe conduct over the highway between Jerusalem and Tel Aviv.

From Tel Aviv, the travelers will go to Haifa, where they are scheduled to leave for New York aboard the Marine Carp Sunday. They left here in a three-bus convoy headed by a flag draped American consulate car.

Skipper of LST's in Pacific.

Chicago, June 24 (A. P.).—Monroe Fein, 25, captain of the Altalena, is the son of Mr. and Mrs. Harold A. Fein.

A graduate of the University of Chicago, class of 1943, young Fein also attended the Naval Officers Training School at Columbia University. His father, a lawyer, proudly recalls that Fein was the youngest of 1,300 graduates of his class at the naval school as well as top honor man. He captained LST's in the Marshalls, Mariannas, and Okinawa invasions.

Fein said his son left Chicago last October to captain a ship of Panamanian registry which was docked in New York harbor. So far as he knew, the ship was to be used in transporting displaced persons, the father said.

Four Detendants Visit Gandhi Slaying Site

New Delhi, June 24 (A. P.).—While 200 police stood guard, four of the eight persons accused in the assassination of Mohandas K. Gandhi visited the prayer ground today where the religious leader was slain last January 30.

The prosecution proposed the visit and four defendants, including Madan Lal, accused of setting a bomb outside Gandhi's prayer meeting ten days before the murder, said they asked to go.

Gen. Crittenberger Quits Caribbean Post Today

Balboa, Canal Zone, June 24 (AP). The largest display of military strength shown in recent years today marked the official farewell to Lieut. Gen. Willis D. Crittenberger.

Crittenberger relinquishes command of the Caribbean area tomorrow. He has been named United States Army delegate to the United Nations military staff committee. His successor, Lieut. Gen. Matthew Ridgeway, arrives Monday.

Canadian Pilot Tells Of Israel Air Recruiting

Toronto, June 24 (AP)—The newspaper *Globe* and *Mail* said today that a Canadian pilot, waiting to go to Israel, described secret meetings with agents of rival Jewish military groups in Palestine recruiting Canadian airmen for service in the Holy Land.

It quoted the pilot—who was not identified by name—as saying bomber and fighter planes already have been ferried from Toronto to Israel. The article quoted him as saying both Irgun and Haganah are bidding for pilots.

A Government source in Ottawa said Canada has tightened her export regulations to make certain no aircraft are taken out of the country either by Arabs or Jews fighting in Palestine.

"The only way these people can get planes from any point in Canada is by smuggling them out," the official said.

PRESIDENT SIGNS DRAFT MEASURE; ENLISTMENTS END

Bills Providing 10 Billion for Army, Navy, Air Force Also Become Law.

ORDERS LACKING HERE

242nd Battalion, Naval Reserve Intend to Accept Candidates Today.

JUN 1948

WASHINGTON, June 24 — (AP) President Truman today signed the peacetime draft bill and two appropriation measures that give over ten billion dollars to the Army, Navy and Air Force.

His action on the conscription measure makes it law and stops the flood of enlistments in the National Guard and reserves by men 19 through 25 seeking to sidestep induction into the regular services.

Between 200,000 and 250,000 men are expected to be drafted the first year.

Navy Money Bill Signed

The first defense measure signed today was the Navy Money bill totaling $3,749,059,250 for the fiscal year beginning July 1.

It includes funds to start the world's largest ship, a 65,000-ton aircraft carrier to cost about $127,000,000. By using wartime reserves and previous appropriations, the Navy has more than five billion to spend this year.

The Army and Air Force Appropriation bill for $6,705,418,163 will enable them to immediately begin building both manpower and equipment.

The Air Force receives $896,986,000 of the fund, but it also got a separate appropriation from Congress to build a 70-group striking arm.

Signature of the draft bill, which had not been anticipated before the July 5 deadline, makes Sept. 22, or 90 days from now, the possible beginning date of inductions.

Registrations can begin at once, but Selective Service said it would take about six weeks to set up draft board machinery. This would make the registration date around August 16.

Mr. Truman could have waited 10 days, (not counting Sundays and holidays), before signing the draft legislation. Many had believed he would delay until the last to let more draft-age men enlist in reserves.

Now that the draft is law, men 19 through 25 are automatically eligible for induction into the regular armed forces, and no longer have the right to gain exemption by joining a reserve unit.

The draft bill was signed in President Truman's study at 4:40 p.m. (EST). It was passed by congress in its hectic last day rush Saturday, but had to be signed by Senate President Vandenberg (R-Mich) and House Speaker Martin (R-Mass) first.

They were both in Philadelphia attending the Republican National Convention, so the bill followed them there, where they signed it.

It reached the White House late yesterday. Before signing it Mr. Truman conferred with Secretary of Defense Forrestal and Secretary of the Army Royall.

The legislation authorizes America's second peacetime draft.

In light of the last-minute rush to join the national guard or an organized military reserve unit and thus avoid induction into the regular army, the question of timing became important. The law provided that those who were members of such organizations at the time the President signed the bill would be exempt.

While no formal opinion had been handed down tonight, it was the consensus of legal advisers to Defense Secretary Forrestal that the law became effective at midnight. Thus enlistments in civilian components up to that time (presumably Washington daylight saving time— 11 p.m., EST), would be exempt.

EATON BIDS U. S. ACT TO AID U. N.

WantsCongressReconvened to Vote Loan for Home.

Washington, June 24 (A. P.).—Representative Eaton (R.-N. J.), chairman of the House Foreign Affairs Committee, said today that President Truman should call Congress into session this summer to save the United Nations from a dubious fate.

Eaton said he was bitterly disappointed over the failure of Congress to authorize a $65,000,000 loan for the construction of new U. N. Headquarters in New York. He said that unless the loan is forthcoming, U. N. headquarters might be shifted to Geneva, site of the old League of Nations, with a consequent dwindling of American prestige in world affairs.

"I am profoundly depressed by the emergency of a mixed and antagonistic attitude among our people, including the Congress itself, toward the United Nations," Eaton said.

"The beginning of this attitude is a feeling that it was a serious mistake to locate the United Nations headquarters in New York city because of the tremendous population pressure and other difficulties. But the real antagonism is an isolationist dislike for having the United States carry the whole load."

The 80-year-old New Jersey legislator said he plans to run for reelection. He has served twenty-four consecutive years in Congress.

Russian 'Violation Of Pacts' Hit

Washington, June 24 (AP)—A State Department official today charged the Russians with "flagrant violation of existing agreements" by cutting off power and rail food shipments to the American, British and French zones of Berlin.

Press Officer Michael McDermott said the situation has been developing over a number of weeks. The Russians, he said, must bear the responsibility for the tense situation in the German city.

"I think," he continued, "you are all aware of the background: the right of the British, French and ourselves to be in Berlin; the efforts that have been made to bring about economic and political unity of Germany on a quadripartite basis, ejorts which, because of Russian obstructionism, unfortunately met with failure; the recent decision to issue separate currency in the Western zones; the unilateral and provocative steps taken by the Russians in flagrant violation of existing agreements to make the situation in Berlin more difficult.

"I think you all fully understand where the responsibility for this situation rests and the motivation behind those unilateral acts. . . ."

McDermott was asked about the statement at Heidelburg of Gen. Lucius Clay, United States commander in Germany, that the Western powers could not be thrown out of Berlin by methods short of war. He would say only that General Clay is in control of the situation.

Foreign Experts May Go To Study Japan Industry

WASHINGTON, June 24 (AP).—The eleven-nation Far Eastern Commission was reported to have voted today to permit representatives from each country to go to Japan to study the technological advances made by Japanese industry.

The decision was taken at a closed meeting of the commission, informants said, despite some initial opposition from American delegates. This opposition was later reported withdrawn.

The decision, in effect, opens the way for foreigners to enter Japan and examine Japanese industries, inventions and processes for the first time since before the war. Japan has been pretty much shut off from the rest of the world as far as technological developments for the past ten years.

Informants said it presumably covers the right to examine arms and munitions. Some delegates were also said to have expressed interest in textile machinery and the methods used by Japan's fishing industry.

Gilpatric Named Deputy To Aid Mission To China

Washington, June 24 (AP)—Donald S. Gilpatric has been appointed deputy to the American Foreign Aid Mission to China, Economic Cooperation Administrator Paul Hoffman announced today.

He will serve as number one assistant to Roger D. Lapham, chief of the ECA mission to China authorized by Congress.

Gilpatric has served as head of the China relief mission since it began in 1947. A former State Department employé, Gilpatric was born in Brooklyn and served in China in an economic capacity.

BIG OIL CONTRACT IS SIGNED BY NAVY

Persian Gulf To Supply Product For Five Years

Washington, June 24 (AP)—The Navy announced today a contract for 98,500,000 barrels of Persian Gulf oil at a price of $182,850,000. Delivery will be made during the next five years.

The contract was signed with Caltex Oil Products Company, of California.

The Navy said purchase of Persian Gulf oil at prices lower than United States rates will (1) save the Government money and (2) will leave more oil at home for civilian use and to support national defense.

To Save On Transport

In addition, the Navy said, savings will result from shorter transportation since the oil products will be used in areas closer to the Persian Gulf than any other oil producing areas. It made no estimate of the transportation savings.

The contract announced calls for 60,000,000 barrels of navy special fuel oil at $1.48 a barrel; 28,500,000 barrels of navy Diesel oil at $2.11 a barrel; and 10,000,000 barrels of 72-octane gasoline at $3.3915 a barrel.

Previous Purchase

Last April the Navy said it was buying nearly 10,000,000 barrels of oil from Caltex for delivery during the last half of this year and 5,000,000 from other sources.

About half of the April order was at lower prices, the remainder at the same price as announced today.

PEARL HARBOR HELD 'RELIEF' TO ROOSEVELT

Biographer Quotes From Secret Documents Of Harry Hopkins

Washington, June 24 (AP) — Japan's attack on Pearl Harbor actually was a "great relief" for President Roosevelt, the late Harry Hopkins wrote in his secret papers.

For he saw it taking the nation off a hot spot, Robert Sherwood, friend of the late President and Hopkins's biographer, explained today.

Mr. Roosevelt had feared the Japanese would "conquer and exploit an empire," avoiding conflict with the United States, and forcing us to "put up or forever shut up," he said.

Roosevelt's Dilemma

Sherwood, writing in Collier's magazine, pictures "Roosevelt's dilemma" this way:

1. Mr. Roosevelt believed the Japanese were about to strike at British or Dutch possessions and sweep onward without attacking the United States and even if the United States went to war to stop it, probably would do so half-heartedly after long delay.

2. If this aggression did not provoke us into war, as seemed likely, what would be the effect on the British, Russians, Chinese—or the Axis?

"The plain fact was that the moment was imminent when the United States would be forced at gun point either to put up or forever shut up," Sherwood wrote and went on:

"There was just one thing that the Japanese could do to get Roosevelt completely off the horns of the dilemma, and that is precisely what they did, at one stroke, in a manner so challenging, so insulting and enraging, that the divided and confused American people were instantly rendered unanimous and certain.

Japs Make Decision For Him

"Thus Hopkins wrote later of the President's 'great relief at the method the Japanese used' in starting the war at Pearl Harbor."

On that fateful December Sunday, Hopkins said, Mr. Roosevelt had "discussed at some length his efforts to keep the country out of war and his earnest desire to complete his administration without war, but . . . the Japanese had made the decision for him."

LATIN AMERICA TURN FEARED

Communism At Work There, ILO Delegates Are Told

San Francisco, June 24 (AP)—Warnings that communism may spread in Latin America and that the Marshall plan is threatened by "new types of economies in European countries reached the International Labor Organization conference today.

They were made by delegates during discussion at a plnary session of the annual report of Director General Edward Phelan.

Delegates from eight nations spoke on the report and reviewed social policy and economic conditions in their own countries.

Need For Help Seen

Julio B. Pons, employer delegate from Uruguay, said there is danger o fcommunism spreading in Latin America. He said those countries may need help from the democracies to the north.

"Forces are operating [in Latin America] today," he said, "that are killing initiative and hitching humanity to the wages of tyranny."

Pons said there was need for an assistant director-general for Latin America.

Pedro Chapa, employer delegate from Mexico, said the Phelan report should mention that the Marshall plan is threatened by Russian tactics. The result, he said, will be to make ideological struggles in the world more painful.

The Right Honorable George Isaacs, British Government delegate, said the European recovery plan has the approval of the great majority of trade unions.

Prince Edward Island Cited

He said they had reached their decision on their own initiative, and not at the dictate of a political party or at Government request.

Percy R. Bengouh, worker delegate from Canada, said several provincial governments in his country had "shown a disposition to adopt legislation which is highly unsatisfactory to organized labor."

As an example he cited a law in Prince Edward Island licensing workers' organizations.

"The fact that the Government of a Canadian province could adopt legislation which destroys and denies the basic rights of the workers," he continued, "sets a dangerous precedent and indicates an attitude toward labor organizations which might have serious consequences."

Ex-King Ferdinand Asks, Gets U. S. Food Package

By The Associated Press.

FALLS CITY, Neb., June 24—When Gus Phillips, now a Falls City railroad engineer, left Bulgaria as a "penniless boy" to come to the United States, King Ferdinand was on the throne.

Today a food package was on its way to the former King, sent by the same Gus Phillips. The aged monarch, Mr. Phillips said, had requested it.

Mr. Phillips said the request was contained in a letter just received from Ferdinand, who abdicated in 1918 in favor of his son, Boris. Ferdinand now lives in an old castle in Coburg, Germany.

Ferdinand's letter said in part: "On account of my great age and rather poor health, I am very glad and thankful when my dear overseas friends send a CARE package to me. Perhaps you also could help me by such a parcel."

Committee Member Denies Government in Exile Report

NEW YORK, June 24—(AP) A spokesman for the Hebrew Committee of National Liberation said today a report that Irgun Zval Leumi would establish a government-in-exile in Washington was "absolutely without foundation."

Harry L. Selden, adviser to the committee and a co-chairman of the American League for a Free Palestine, said the report was "an attempt to embarrass."

An announcement that the exiled government would be set up was made by a person identifying himself as Jacob Ben Oosher. He said he was a spokesman for the Hebrew committee.

Selden said, however, he did not know Oosher. Efforts to reach Oosher later were not successful.

Any statement on future plans of the committee, Selden said, must come from Chairman Samuel Merlin or the committee's political leader, Peter H. Bergson, both now in Palestine.

Russia Hits Chile Claim On Releasing Of Wives

Lake Success, N.Y., June 24 (AP). Russia protested today against Chile's complaint that Moscow refused to release Russian wives of foreigners.

Andrei A. Gromykò, Soviet deputy foreign minister, wrote Trygve Lie, United Nations secretary-general, that Chile's proposal to put the question before the United Nations Assembly in Paris is illegal.

Gromyko added that Chile's charge that the Soviet Union infringed basic human rights and principles of the United Nations is entirely unfounded.

THE POLICY CARRIED OUT BY THE OCCUPATION POWERS IN THE WESTERN ZONES IS FOSTERING GERMANY REVISIONIST ELEMENTS X X X

IN PARTICULAR THE CAMPAIGN OF THE GERMAN REVISIONIST ELEMENTS IS AIMED AGAINST THE POLISH--GERMAN FRONTIER ON THE ODER AND THE WESTERN NEISSE WHICH IS AN INVIOLABLE FRONTIER, A FRONTIER OF PEACE. THE LONDON CONFERENCE PASSED OVER IN SILENCE THE QUESTION OF THE REVISIONIST CAMPAIGN, THUS ENCOURAGING AGGRESSIVE TENDENCIES AMONG GERMAN REACTIONARY CIRCLES.

IN THESE CONDITIONS THE APPLICATION OF MEASURES AGAINST ANY KIND OF REVISIONIST ACTIVITY IS ONE OF THE MOST IMPORTANT CONDITIONS FOR THE CONSOLIDATION OF PEACE AND SECURITY OF THE EUROPEAN NATIONS.

THE GERMAN PEOPLE MUST BE GRANTED WIDE POSSIBILITIES FOR RESTORATION AND DEVELOPMENT OF PEACEFUL INDUSTRY, AGRICULTURE AND TRANSPORT AS WELL AS FOREIGN TRADE, SINCE WITHOUT IT, GERMANY CANNOT EXIST AND CANNOT FULFIL HER REPARATIONS OBLIGATIONS.

FOUR-POWER CONTROL MUST BE PRESERVED FOR A DEFINITE PERIOD IN ORDER NOT TO ALLOW RESTORATION OF GERMAN WAR INDUSTRY AND GERMAN MILITARISM.

INCLUSION OF THE ECONOMY OF GERMANY'S WESTERN ZONES INTO THE "MARSHALL PLAN" MEANS INCLUSION OF THAT PART OF GERMANY IN THE SPLITTING INTO TWO CAMPS OF THE WHOLE OF EUROPE IS CARRIED OUT ACCORDING TO THE "MARSHALL PLAN:" THE EUROPEAN STATES WHICH RECOGNIZE THE MARSHALL PLAN AND ARE CONSEQUENTLY SUBORDINATED TO THE U.S.A.'S CONTROL ON THE ONE HAND, AND ON THE OTHER HAND THE EUROPEAN COUNTRIES, INCLUDING THE U.S.S.R. AND THE PEOPLES' DEMOCRATIC REPUBLICS WHO DO NOT CONSENT TO FOREIGN INTERFERENCE IN THEIR INTERNAL AFFAIRS X X X .

ONLY THE HANDING OVER OF RUHR HEAVY INDUSTRY INTO THE HANDS OF THE GERMAN PEOPLE AND THE ESTABLISHMENT FOR A DEFINITE PERIOD OF CONTROL OVER PRODUCTION OF RUHR INDUSTRY BY THE FOUR STATES--THE U.S.S.R., THE U.S., BRITAIN AND FRANCE--WHICH CAN JOINTLY ENSURE DEVELOPMENT OF RUHR INDUSTRY FOR EXCLUSIVELY PEACEFUL PURPOSES WOULD ENABLE THE RUHR PROBLEM TO BE SOLVED IN THE INTERESTS OF PEACE AND SECURITY OF EUROPEAN NATIONS X X X .

B138 Q

THE SEPARATE LONDON THREE-POWER CONFERENCE, WITH THE PARTICIPATION OF BENELUX, AND THE LONDON SEPARATE DECISISIONS BY THOSE POWERS ARE NOT ONLY UNABLE TO FACILITATE ACHIEVEMENT OF AGREEMENT BETWEEN THE FOUR POWERS ON GERMAN QUESTIONS BUT ARE DISRUPTING THE PEOPLE'S CONFIDENCE IN INTERNATIONAL AGREEMENTS IN WHICH THE U.S.A. AND BRITAIN TAKE PART.

IT IS NOT DIFFICULT TO UNDERSTAND THAT VIOLATIONS OF ADOPTED INTERNATIONAL AGREEMENTS CANNOT CREATE CONFIDENCE IN THE VIOLATORS OF THESE AGREEMENTS.

IN VIEW OF THE AFORESAID WE REFUSE TO RECOGNIZE THE LEGAL FORCE OR MORAL AUTHORITY OF THE DECISIONS OF THE LONDON CONFERENCE.

IN ACCORDANCE WITH THE YALTA AND POTSDAM AGREEMENTS ON THE QUESTION OF GERMANY, THE GOVERNMENTS OF THE U.S.S.R., ALBANIA, BULGARIA, CZECHOSLOVAKIA, YUGOSLAVIA, POLAND, ROMANIA AND HUNGARY CONSIDER AS URGENT, FIRST AND FOREMOST, THE FOLLOWING

30.24- 18695

QUESTIONS:

1. CARRYING OUT--BY AGREEMENT BETWEEN BRITAIN, THE U.S.S.R., FRANCE AND THE U.S.A.--OF MEASURES WHICH WOULD SECURE COMPLETION OF GERMANY'S DEMILITARIZATION.

2. ESTABLISHMENT FOR A DEFINITE PERIOD OF FOUR-POWER CONTROL--BRITAIN, THE U.S.S.R., FRANCE AND THE U.S.A.--OVER THE RUHR'S HEAVY INDUSTRY, WITH THE AIM OF DEVELOPMENT OF PEACEFUL SPHERES OF RUHR INDUSTRY AND PROHIBITION OF THE RESTORATION OF GERMANY'S WAR POTENTIAL.

3. CREATION--ON AGREEMENT BETWEEN THE GOVERNMENTS OF BRITAIN, THE U.S.S.R., FRANCE AND THE U.S.A.--OF A PROVISIONAL, DEMOCRATIC, ALL-GERMAN GOVERNMENT CONSISTING OF REPRESENTATIVES OF THE DEMOCRATIC PARTIES AND ORGANIZATIONS OF GERMANY WITH THE PURPOSE OF CREATING GUARANTEES AGAINST REPETITION OF GERMAN AGGRESSION.

4. CONCLUSION OF A PEACE TREATY WITH GERMANY IN ACCORDANCE WITH THE POTSDAM DECISIONS IN ORDER TO WITHDRAW OCCUPATION TROOPS OF ALL POWERS FROM GERMANY ONE YEAR AFTER CONCLUSION OF THE PEACE TREATY.

5. ELABORATION OF MEASURES ON FULFILMENT BY GERMANY OF HER REPARATIONS OBLIGATIONS TOWARDS THE STATES WHICH SUFFERED FROM GERMAN AGGRESSION.

MOST NEWSPAPERS WERE NOT AFFECTED BY THE POWER SHUT DOWN SINCE THEY HAVE THEIR OWN POWER PLANTS. NEWSPRINT SUPPLIES, HOWEVER, MUST BE SHIPPED IN.

POWER OFFICIALS SAID THEY HAD TURNED OFF THE CURRENT ON "RUSSIAN ORDERS."

THE RUSSIANS EXPLAINED THE FREIGHT EMBARGO WAS FORCED BY A "TECHNICAL" FAULT ON THE RAILWAY. WESTERN ALLIED OFFICIALS WERE UNANIMOUS, HOWEVER, IN INTERPRETING IT AS THE LATEST MOVE TO DRIVE THEM FROM BERLIN.

THIS CAMPAIGN REACHED A NEW CRISIS WHEN THE WESTERN POWERS DISCARDED THE OLD REICHSMARK AND INSTITUTED A NEW CURRENCY IN THEIR ZONES LAST FRIDAY. THE RUSSIANS SAID THIS SPLIT GERMANY. THEY ORDERED THEIR OWN CURRENCY REVISION TUESDAY NIGHT AND CLAIMED ALL BERLIN AS PART OF THEIR ZONE. THE WESTERN POWERS YESTERDAYVOIDED THE RUSSIAN ORDER INSOFAR AS IT APPLIED TO THEIR SECTORS OF BERLIN AND ORDERED THEIR OWN DEUTSCHE MARKS ISSUED HERE. THIS GAVE BERLIN TWO KINDS OF MONEY.

THE RUSSIANS ALREADY HAD TAKEN ACTION WHICH PREVENTS SUPPLIES FROM REACHING AMERICAN, BRITISH AND FRENCH PERSONNEL BY LAND. THE WESTERN POWERS HAVE ORGANIZED AN AIR SUPPLY SERVICE FOR THEIR OWN PERSONNEL.

THE RUSSIANS ANNOUNCED THROUGH THEIR GERMAN NEWS AGENCY TONIGHT THAT "IT IS DIFFICULT TO FORESEE" WHEN RAILWAY TRAFFIC WILL BE RESUMED TO BERLIN FROM THE WEST BECAUSE TECHNICAL DIFFICULTIES WERE "OF A FAR MORE SERIOUS NATURE THAN AT FIRST EXPECTED."

THE NEWS AGENCY SAID THE ELECTRIC SUPPLY TO BERLIN WAS HALTED BECAUSE OF DAMAGE TO TWO POWER STATIONS.

BRITISH TRANSPORT OFFICIALS SAID THERE WAS "NO EVIDENCE OF GENUINE TECHNICAL DIFFICULTIES" IN RAILWAY OPERATION WHICH THE RUSSIANS GAVE AS THE REASON FOR THE FOOD BLOCKADE.

THIRD NIIGHT LEAD COMMUNISTS

WARSAW, POLAND, FRIDAY, JUNE 25-(AP)-EIGHT EUROPEAN NATIONS UNDER THE LEADERSHIP OF RUSSIA CALLED EARLY TODAY FOR THE FORMATION OF A "PROVISIONAL, DEMOCRATIC, PEACE-LOVING, ALL-GERMAN GOVERNMENT."

(A COMMUNIQUE ISSUED AT THE EIGHT-NATION CONFERENCE, BROADCAST BY THE MOSCOW RADIO AND HEARD IN LONDON, SAID THE EASTERN BLOC ASKED FOR A FOUR-POWER AGREEMENT ON SUCH A GERMAN GOVERNMENT.)

THE CONFERENCE, WHICH ENDED AT MIDNIGHT, SAID THE PROPOSED GERMAN GOVERNMENT SHOULD CONSIST OF REPRESENTATIVES OF THE DEMOCRATIC PARTIES AND ORGANIZATIONS IN GERMANY. SUCH A GOVERNMENT, IT ADDED, SHOULD CREATE A GUARANTEE AGAINST A PRETITION OF GERMAN AGGRESSION.

THE PARTICIPATING NATIONS WERE RUSSIA, ALBANIA, BULGARIA, CZECHOSLOVAKIA, YUGOSLAVIA, POLAND, ROMANIA AND HUNGARY.

THE CONFERENCE COMMUNIQUE DID NOT MENTION ANY POSSIBILITY THAT RUSSIA, WITH THE SUPPORT OF ITS EASTERN EUROPEAN NEIGHBORS, WOULD SET UP A SEPARATE GOVERNMENT FOR EASTERN GERMANY IN ANSWER TO THE LONDON CONFERENCE AGREEMENT ON THE FUTURE OF WESTERN GERMANY.

AUTHORITATIVE SOURCES SAID RUSSIA AND HER ALLIES WISH TO GO THE LIMIT IN WORKING OUT A SOLUTION TO THE GERMAN PROBLEM AND THEREFORE HAVE HELD IN ABEYANCE PLANS FOR SETTING UP AN EASTERN GERMAN STATE.

WELL-INFORMED SOURCES SAID DELEGATES TO THE CONFERENCE HAD STRONGLY FAVORED A SEPARATE EASTERN GERMAN STATE. THESE SOURCES ADDED THAT THE TWO-DAY CONFERENCE, UNDER THE LEADERSHIP OF SOVIET FOREIGN MINISTER V.M.MOLOTOV, DECIDED, HOWEVER, TO MAKE ONE MORE EFFORT FOR GERMAN UNITY THROUGH THE PROPOSED "ALL-GERMAN GOVERNMENT."

A131

THESE SOURCES SAID THAT IF THIS LINE FAILED THE CREATION OF A SEPARATE STATE IN EASTERN GERMANY BY THE RUSSIAN BLOC WAS BUT A MATTER OF TIME.

FIRST UNOFFICIAL REPORTS FROM THE CONFERENCE SAID AN EASTERN GERMAN GOVERNMENT HAD BEEN AGREED UPON, BUT THE OFFICIAL COMMUNIQUE FAILED TO BEAR THIS OUT.

(AUTHORITATIVE REPORTS REACHING NEW YORK SAID PALMIRO TOGLIATTI AND JACQUES DUCLOS, ITALIAN AND FRENCH COMMUNIST LEADERS, WERE ATTENDING THE WARSAW MEETING ALONG WITH THE FOREIGN MINISTERS OF THE EIGHT OTHER COUNTRIES.

(EUROPEAN DIPLOMATIC SOURCES REPORTED THAT THE COMINFORM, THE NINE-NATION COMMUNIST INTERNATIONAL INFORMATION BUREAU, CONCLUDED ITS SECOND FULL MEETING PRIOR TO THE WARSAW CONFERENCE. THESE REPORTS SAID THE MEETING WAS HELD AT SINAIA IN ROMANIA. REPORTS FROM WARSAW SAID IT WAS BELIEVED TO HAVE BEEN HELD IN BRATISLAVA, CZECHOSLOVAKIA.)

THE SATELLITES REPRESENTED HERE, OTHER THAN POLAND, ARE ALBANIA, BULGARIA, CZECHOSLOVAKIA, YUGOSLAVIA, ROMANIA AND HUNGARY. ALL ARE REPRESENTED IN THE COMINFORM EXCEPT ALBANIA.

IT WAS OFFICIALLY ANNOUNCED THAT THE CONFERENCE IN WARSAW IS DEDICATED PRINCIPALLY TO ANSWERING "RESOLUTIONS OF THE LONDON CONFERENCE CONCERNING GERMANY."

THE SIX WESTERN POWERS--THE U.S., BRITAIN, FRANCE, THE NETHERLANDS BELGIUM AND LUXEMBOURG--RECENTLY AGREED ON ESTABLISHMENT OF A SEPARATE WESTERN GERMAN GOVERNMENT.

THE ANNOUNCEMENT HERE SAID RUSSIA AND POLAND HAD CALLED TOE FOREIGN MINISTERS MEETING TO WELD A UNITED FRONT IN SHAPING FUTURE POLICY TOWARD GERMANY.

POLAND'S ATTITUDE TOWARD THE LONDON AGREEMENT WAS STATED OFFICIALLY BY FOREIGN MINISTER ZYGMUNT MODZELEWSKI. HE SAID HIS COUNTRY FEELS THE WESTERN ALLIES PLAN IS A THREAT TO EUROPEAN PEACE AND SECURITY.

INFORMED SOURCES SAID THAT THIS VIEW WAS HELD BY FOREIGN MINISTERS OF THE OTHER COUNTRIES AT THE CONFERENCE. THEY DEMANDED STRONG COUNTER-ACTION, INFORMANTS SAID.

IT WAS REPORTED THE MINISTERS ASKED FOR A CONTINUED BATTLE AGAINST THE MARSHALL PLAN AND AGAINST "AMERICAN IMPERIALISM."

POLAND ASSERTED THAT A WESTERN GERMAN STATE WOULD CONTRIBUTE TO "THE FORMATION OF A NEW CENTER OF AGGRESSION."

TEL AVIV, ISRAEL, JUNE 24-(AP)-IRGUN ZVAI LEUMI WENT BACK UNDERGROUND TODAY FOLLOWING ITS BLOODY BREAK WITH HAGANAH.
THE ORGANIZATION, WHICH CAME OUT INTO THE OPEN WITH THE ESTABLISHMENT OF THE NEW JEWISH STATE OF ISRAEL MAY 15, RESUMED ITS POSITION AS AN ILLEGAL, ARMED POLITICAL GROUP.
AS A RESULT, A MAJOR GOVERNMENT CRISIS APPEARED IN THE MAKING. TWO MINISTERS QUIT THE ISRAELI GOVERNMENT YESTERDAY AND A PARTY LEADER BLAMED THE IRGUN-ARMY RIFT SQUARELY ON PRIME MINISTER DAVID BEN-GURION.
(IN JERUSALEM, A LOCAL IRGUN LEADER CALLED ON JEWS IN THE HOLY CITY TO OVERTHROW THE ISRAELI GOVERNMENT. IN PARIS, A STATEMENT WAS ISSUED IN THE NAME OF IRGUN, CHARGING THE ISRAEL GOVERNMENT WITH "PURSUING A POLICY OF SURRENDER."
("THE TRUTH IS," THE STATEMENT SAID, "THAT THE PROVISIONAL GOVERNMENT HAS ALREADY DECIDED TO PUT AN END TO THE WAR AND TO GET PEACE AT ANY PRICE."
(A TEL AVIV BROADCAST HEARD IN RHODES SAID THE JEWISH GOVERNMENT HAS ORDERED IRGUN DISBANDED AND ITS MEMBERS IMMEDIATELY INDUCTED INTO THE ISRAELI ARMY.)
DISORDERS SHOOK TEL AVIV AGAIN YESTERDAY DURING A FUNERAL PROCESSION FOR IRGUNISTS KILLED IN TUESDAY'S BATTLE WITH GOVERNMENT TROOPS ON THE TEL AVIV BEACHHEAD. MAIN STREETS IN THE CITY WERE CORDONED OFF AND A MILITARY CURFEW WAS PREDICTED.
IRGUNISTS CLASHED WITH ISRAELI TROOPS ON THE TEL AVIV BEACH TUESDAY DURING AN ATTEMPT TO UNLOAD A 600-TON IRGUN MUNITIONS CARGO FROM AN LST IN VIOLATION OF THE UNITED NATIONS TRUCE WHICH FORBIDS IMPORTATION OF ARMS DURING THAT PERIOD.
POSSIBLY 40 PERSONS WERE REPORTED KILLED IN THE SKIRMISH, DURING WHICH ISRAELI MORTARS BLASTED THE ARMS SHIP AND SET IT ABLAZE.
MENACHEM BEIGIN, IRGUN COMMANDER, TOLD NEWSMEN THE SHIP LANDED 800 EUROPEAN-TRAINED COMBAT SOLDIERS AT NATANYA SUNDAY BEFORE IT PROCEEDED TO TEL AVIV.
SOME REPORTS SAID THE IRGUN FIGHTERS SCATTERED AS SOON AS THEY HIT THE BEACH. IT ALSO WAS REPORTED THAT ISRAELI SHOCK TROOPS STAGED A SERIES OF RAIDS SUNDAY NIGHT AND CAPTURED 60 JEWS, BELIEVED TO BE AMONG THE IRGUNISTS WHO LANDED.

RABBI MEYER BERLIN, LEADER OF THE ORTHODOX MIZRACHI PARTY, ANNOUNCED THE RESIGNATION OF HIS PARTY'S TWO GOVERNMENT MINISTERS YESTERDAY AT A SPECIAL EMERGENCY SESSION OF THE PROVISIONAL LEGISLATURE.

THEY ARE RABBI J. L. FISHMAN, MINISTER OF RELIGIOUS AFFAIRS; AND YEHUDA SHAPIRO, MINISTER OF IMMIGRATION.

RABBI BERLIN PLACED RESPONSIBILITY FOR THE CIVIL STRIFE ON BEN-GURION.

DECLARATIONS BY ISRAELI AND IRGUN SPOKESMEN TUESDAY NIGHT SHAPED UP THE ISSUE.

SHERTOK TOLD NEWSMEN "WE ARE FACING AN INTERNAL CRISIS" AND ADDED:

"WE ARE DETERMINED TO DEAL WITH IT. THIS STATE WILL NOT TOLERATE POLITICAL AND MILITARY ANARCHY FROM DISSIDENT AND REBELLIOUS ARMED ELEMENTS. WE BADLY NEED ARMS, BUT IT IS BETTER THEY GO UP IN SMOKE THAN FALL IN THE HANDS OF THOSE READY TO TURN THEM AGAINST OUR STATE."

BEIGIN SPOKE FOR IRGUN:

"WE DO NOT WANT CIVIL WAR AND WILL TRY TO AVOID IT, BUT IF THE GOVERNMENT LAYS HANDS ON US, WE WILL RETALIATE. REMEMBER WE PROMISED THE BRITISH WE WOULD RETALIATE--AND REMEMBER HOW WE DID. X X X IF THE GOVERNMENT PROCLAIMS US TOMORROW AN ILLEGAL FORCE IN PALESTINE WE CERTAINLY WILL PROCLAIM THAT THE GOVERNMENT IS ILLEGAL. WE WON'T RECOGNIZE IT AND WILL CALL ON ALL PEOPLE TO RISE AGAINST IT."

(THE DISPATCH CONTAINING BOTH DECLARATIONS, WRITTEN IN TEL AVIV AT 3 P.M. EASTERN STANDARD TIME TUESDAY, WAS RECEIVED IN NEW YORK AT 8:04 A.M. EST TODAY. ISRAELI CENSORSHIP WAS TIGHTENED OVER THE ARMS SHIP INCIDENT).

THE NEWSPAPER GLOBE AND MAIL SAID IN TORONTO TODAY THAT A CANADIAN PILOT, WAITING TO GO TO ISRAEL, DESCRIBED SECRET MEETINGS WITH AGENTS OF RIVAL JEWISH MILITARY GROUPS IN PALESTINE RECRUITING CANADIAN AIRMEN FOR SERVICE IN THE HOLY LAND.

IT QUOTED THE PILOT--WHO WAS NOT IDENTIFIED BY NAME--AS SAYING BOMBER AND FIGHTER PLANES ALREADY HAVE BEEN FERRIED FROM TORONTO TO ISRAEL. THE STORY QUOTED HIM AS SAYING BOTH IRGUN AND HAGANAH ARE BIDDING FOR PILOTS.

A GOVERNMENT SOURCE IN OTTAWA SAID CANADA HAS TIGHTENED HER EXPORT REGULATIONS TO MAKE CERTAIN NO AIRCRAFT ARE TAKEN OUT OF THE COUNTRY EITHER BY ARABS OR JEWS FIGHTING IN PALESTINE.

"THE ONLY WAY THESE PEOPLE CAN GET PLANES FROM ANY POINT IN CANADA IS BY SMUGGLING THEM OUT," THE OFFICIAL SAID.

IN RHODES, U.N. POLITICAL AND TECHNICAL EXPERTS BEGAN INFORMAL CONFERENCES YESTERDAY WITH ARABS AND JEWS. THE MEETINGS ARE EXPECTED TO CONTINUE DAILY UNTIL BERNADOTTE DECIDES ON A PERMANENT PEACE PROPOSAL WHICH HE WILL MAKE TO JEWISH AND ARAB POLITICAL LEADERS. THE U.N. LOS ANGELES, JUNE 24-(AP)-THE DEFENSE IN TOMOYA KAWAKITA'S TRIAL ON TREASON CHARGES CONTINUED TODAY A LINE OF QUESTIONING DESIGNED TO PROVE THAT ANY BRUTALITIES AGAINST AMERICANS IN JAPAN'S OEYMA PRISON CAMP WERE THE RESPONSIBILITY OF MILITARY AUTHORITIES AND NOT THE DEFENDANT.

FORMER ARMY SGT.RALPH MONTGOMERY, SAN PEDRO, CALIF., A KEY GOVERNMENT WITNESS, WAS STILL ON THE STAND AS THE TRIAL ADJOURNED YESTERDAY AND WAS RECALLED TODAY FOR RE-CROSS EXAMINATION.

DEFENSE ATTORNEY MORRIS LAVINE QUESTIONED MONTGOMERY IN DETAIL CONCERNING 20 AMERICANS WHO HAD RETURNED TO HEADQUARTERS EARLY AFTER COMPLETING THEIR WORK QUOTA AND WHO WERE ORDERED TO MARCH DOUBLE-TIME AROUND THE COMPOUND.

ON THIS OCCASION, SGT.GEORGE SIMPSON, OF CHANUTE FIELD, ILL., AND SGT.DAVID CARRIER, CORPUS CHRISTI, TEX., BOTH ILL, LAGGED BEHIND AND ALLEGEDLY WERE COMPELLED TO CONTINUE RUNNING AFTER THE OTHERS WERE DISMISSED.

MONTGOMERY SAID THAT ONE SGT.ICHIBA, OF THE JAPANESE ARMY, ISSUED THE ORDERS TO RUN AROUND THE COMPOUND AND THAT HE DID NOT SEE KAWAKITA UNTIL THE PARTY HAD COMPLETED TWO OR THREE LAPS. MONTGOMERY TESTIFIED THAT HE THEN HEARD KAWAKITA YELL AT THE TWO STRAGGLERS, "HURRY IT UP."

UNDER DIRECT EXAMINATION EARLIER BY U.S. ATTORNEY JAMES CARTER, MONTGOMERY RELATED HOW KAWAKITA HAD GOADED AMERICAN WAR PRISONERS INTO ATTEMPTING TO INCREASE THEIR OUTPUT FROM THE NICKEL MINE OPERATED AT THE CAMP. WHEN THE EXHAUSTED AMERICANS LAGGED BEHIND THEIR QUOTA, MONTGOMERY SAID, KAWAKITA YELLED "WHAT THE HELL DO YOU THINK THIS IS? HURRY UP AND GET TO WORK."

CARTER SAID HE EXPECTS TO PLACE ON THE STAND LATER TODAY SGT. CARRIER; ALBERT ENNIS, OF BROOKLYN FIELD, ALA., AND WILLIAM GATE, JR., 421 MISSOURI AVE., EAST ST.LOUIS, ILL. #

REPRESENTATIVES OF THE BRITISH AND AMERICAN ZONES HAVE BEEN CONFERRING WITH DUTCH AND BELGIAN SPOKESMEN AT FRANKFURT, GERMANY, SINCE LAST WEEK.

THE AMERICANS SAID THEY COULD COME TO NO DECISION WITHOUT CONSULTING THE MILITARY GOVERNMENT AT BERLIN AND AUTHORITIES AT WASHINGTON.

(ADVANCE)..SAIGON, JUNE 16-(AP)-FRENCH ECONOMIC EXPERTS HERE ESTIMATE THE RICE FIELDS OF SOUTHERN INDOCHINA YIELDED ONLY ABOUT HALF THIS YEAR OF WHAT THEY PRODUCED BEFORE THE WAR.

PRODUCTION FOR 1947-48 IN THD ACHIN AREA, THE COUNTRY'S MAJOR GRANAR

JUN 1948

PRODUCTION FOR 1947-48 IN THE COCHIN AREA, THE COUNTRY'S MAJOR GRANARY, WAS DECLARED TO BE ABOUT 1,662,000 TONS OF PADDY.

IN THE 1941-42 YEAR, PRODUCTION EQUALLED 3,179,000 TONS.

FROM THIS YEAR'S CROP, THE FRENCH DURING 1948 HOPE TO EXPORT 150,000 TONS OF RICE, BOTH AS FOOD FOR HUMANS AND FOR ANIMALS. OF THIS AT LEAST 75,000 TONS SHOULD BE RICE FOR HUMAN CONSUMPTION, EXPORTED UNDER THE DISTRIBUTION SYSTEM OF THE INTERNATIONAL EMERGENCY FOOD COUNCIL.

PREWAR EXPORTS WERE ABOUT 1,500,000 TONS ANNUALLY. LAST YEAR'S EXPORT WAS 89,700 TONS, WITH ABOUT 45,000 TONS GOING TO CUSTOMERS UNDER THE IEFC PLAN.

THE CONTINUING GUERRILLA WARFARE HERE IN INDOCHINA BETWEEN THE ANNAMITES AND THE FRENCH HAS CAUSED THE SHARP DROP IN PRODUCTION. THE FRENCH ADMINISTRATION'S MONTHLY REVIEW OF THE COUNTRY'S ECONOMIC SITUATION, PUBLISHED HERE, DESCRIBES THE FARMERS' SITUATION AS STILL "VERY PRECARIOUS DUE TO THE ACTIVITY OF THE TERRORISTS AND THE MILITARY ACTION AGAINST THEM."

JUN 1948

AT THE END OF MARCH, THE ECONOMIC AUTHORITIES REPORTED, "THE EXODUS OF THE PEASANTS TOWARD THE CITIES, WHICH HAD STOPPED FOR AWHILE, IS NOW TENDING TO BE RESUMED."

BUT DURING THE FIRST THREE MONTHS OF 1948 EXPORTS SHOWED A MARKED UP-SWING, THOUGH THEY WERE STILL FAR BEHIND PREWAR LEVELS. BUT APRIL 1 A TOTAL OF 97,000 TONS HAD BEEN SHIPPED. OF THIS 37,820 TONS WENT OUT UNDER INDOCHINA'S IEFC QUOTA, WHILE THE REST WERE POORER GRADES OF RICE AND ANIMALS FEEDS.

CAMBODIA, TO THE WEST OF COCHIN CHINA, IS EXPECTED TO HAVE 30,000 TONS OF PADDY, OR ABOUT 20,000 TONS OF MILLED RICE, FOR EXPORT THIS YEAR. BEFORE THE WAR CAMBODIA EXPORTED 150,000 TO 200,000 TONS ANNUALLY.

(200) WASHINGTON,JUNE 16-(AP)-THE WORLD MONETARY FUND ANNOUNCED TODAY IT HAS "WITHHELD ITS APPROVAL" OF COLOMBIA'S REVISED EXCHANGE SYSTEM BECAUSE "IN ITS PRESENT FORM, IT CONTAINS FEATURES IN CONFLICT WITH THE POLICIES OF THE FUND."

THOUGH THE FUND DID NO MORE THAN FROWN ON THE COLOMBIAN ARRANGEMENT, INFORMED SOURCES SAID THERE WILL BE NO CHANCE FOR COLOMBIA TO OBTAIN FINANCIAL AID FROM THE FUND UNTIL IT AMENDS ITS REGULATIONS TO THE FUND'S SATISFACTION.

THE FUND SAID IT HAD TAKEN NOTE OF "EMPHASIS LAID BY COLOMBIA ON THE TEMPORARY NATURE OF THE ANNOUNCED REGULATIONS."

"COLOMBIA HAS ASKED FOR FURTHER CONSULTATION WITH THE FUND, LOOKING TOWARD FINDING OTHER WAYS OF MEETING HER PROBLEMS, WHICH WOULD BE ACCEPTABLE TO THE FUND, AND THE FUND HAS AGREED TO SUCH CONSULTATION."

30.24- 18703

THE STATEMENT ADDED.

THE COLOMBIAN REGULATIONS APPLIED ADDITIONAL TAXES TO IMPORTS AND OFFERED A PREMIUM IN COLOMBIAN MONEY FOR DOLLARS TURNED IN BY COLOMBIAN EXPORTERS.

THE FUND'S OBJECTION WAS BASED ON THE GROUND THAT THE NEW REGULATIONS CONSTITUTED IN EFFECT, THOUGH NOT DIRECTLY, A CHANGE IN THE EXCHANGE RATES FOR COLOMBIAN MONEY FROM THE RATES WHICH THE FUND HAS APPROVED.

THE 46-NATION INSTITUTION PREVIOUSLY HAS HAD DIFFERENCES WITH FRANCE, ITALY AND CANADA OVER QUESTIONS INVOLVING A SIMILAR PRINCIPLE.

REFUSAL OF THE UNITED STATES SENATE TO RATIFY THE ACCORD, WHICH THE PUBLICATION TOOK FOR GRANTED, WILL MEAN A DELAY OF AT LEAST A YEAR AND PERHAPS A DEFINITE SHELVING, IT SAID.

THE AGREEMENT, WHICH HAD BEEN SIGNED BY THE BIG WORLD WHEAT EXPORTERS WITH THE EXCEPTION OF ARGENTINA AND RUSSIA, AND BY ALL THE BIG IMPORTERS, FIXED MINIMUM AND MAXIMUM PRICES FOR INTERNATIONAL TRANSACTIONS.

(ADVANCE) TOKYO, JUNE 21-(AP)-AMERICAN OCCUPATION AUTHORITIES ARE STILL TRYING TO DECIDE HOW MUCH AUTONOMY TO GIVE THE JAPANESE GOVERNMENT.

JUN 1948

SEVERAL ATTEMPTS HAVE BEEN MADE TO ENCOURAGE THE JAPANESE TO ACCEPT MORE RESPONSIBILITY FOR DOMESTIC AFFAIRS, BUT SOMETHING USUALLY HAS HAPPENED TO FORCE OCCUPATION HEADQUARTERS TO RESUME THE INITIATIVE.

THE PROBLEM IS ILLUSTRATED BY THE RECENT HOUSE OF REPRESENTATIVES APPROVAL OF A RESOLUTION CALLING FOR A RETROACTIVE BONUS TO FARMERS WHO DELIVERED THEIR RICE INTO OFFICIAL CHANNELS.

NO SUM WAS MENTIONED, BUT ANY SUCH PROGRAM WOULD RUN INTO BILLIONS OF YEN. (THE THEORETICAL RATE FOR THE YEN IS ABOUT TWO CENTS).

IT IS NOT LIKELY TO GET ANY FURTHER, BECAUSE HEADQUARTERS HAS AN ABSOLUTE VETO AND IS OPPOSED TO SUCH POLITICAL LOG-ROLLING. GOVERNMENT LEADERS HAVE BEEN WARNED IN ADVANCE THAT ANY SUCH BONUS SCHEME WOULD WRECK ALL HOPES OF A BALANCED BUDGET AND SHOULD BE QUASHED.

THE JAPANESE HAVE BEEN TOLD REPEATEDLY THAT A BLANCED BUDGET IS AN ESSENTIAL PRELIMINARY TO INCREASED AMERICAN FINANCIAL HELP.

A 350 PER CENT RAISE IN TRANSPORTATION AND FREIGHT RATES IS CONSIDERED A PREREQUISITE TO A BUDGET SOLUTION, BUT THE DIET HAS NOT ACTED ON THIS POLITICALLY TOUCHY ISSUE.

INSTEAD, THE HOUSE CAME UP WITH ITS BONUS PROPOSITION IN A POLITICAL BID TO THE COUNTRY'S 35,000,000 FARMERS. ONE OCCUPATION SOURCE TERMED THIS "DEFIANCE" OF THE AMERICANS' BUDGET-BALANCING AIM.

more

30.24- 18705

IT CERTAINLY HAS RAISED ANEW THE QUESTION OF HOW SOON THE JAPANESE WILL BE ABLE TO GOVERN THEMSELVES WITH SUFFICIENT HONESTY AND EFFICIENCY TO AVOID WASTE OF AMERICAN AID.

JUN 1948

AT THE OUTSET OF THE OCCUPATION, GENERAL MACARTHUR ADOPTED A BROAD POLICY OF JAPANESE AUTONOMY. HE EXPECTED THE JAPANESE TO RUN THEIR OWN INTERNAL AFFAIRS AND TO TAKE SOME INITIATIVE IN MAKING REFORMS.

THE GOVERNMENT FAILED ON BOTH COUNTS. OCCUPATION HEADQUARTERS HAD TO ISSUE DIRECTIVES AND THEN PREPARE MOST OF THE ACTUAL LEGISLATION FOR ALL MAJOR REFORMS.

THEN OCCUPATION OFFICIALS HAD TO GO INTO THE FIELD TO COLLECT RICE, ESTABLISH RATIONING SYSTEMS, STIMULATE COAL PRODUCTION AND DO A HOST OF OTHER ADMINISTRATIVE JOBS WHICH THE JAPANESE FAILED TO PERFORM ADEQUATELY.

IT IS A FAIR STATEMENT THAT THROUGHOUT THE OCCUPATION, EVERY IMPORTANT JAPANESE GOVERNMENT ACTION EITHER HAS BEEN STIMULATED BY OR ACTUALLY ACCOMPALISHED BY OCCUPATION AUTHORITIES RATHER THAN BY THE JAPANESE.

THIS HAS FORCED OCCUPATION OFFICIALS TO BECOME MORE DEEPLY INVOLVED IN GOVERNMENT AFFAIRS THAN BEFORE. THE WHOLE TREND IN RECENT MONTHS HAS BEEN TO TIGHTEN OCCUPATION CONTROL OF THE ADMINISTRATIVE MACHINERY IN THE BATTLE FOR ECONOMIC REHABILITATION.

OTHER OCCUPATION AUTHORITIES SAY THE JAPANESE HAVE PROVED THAT THEY WILL NOT RUN THEIR OWN AFFAIRS EFFICIENTLY AS LONG AS THE AMERICAN TAXPAYER FOOTS THE BILL. #

FRANKFURT, JUNE 21-(AP)-WEST GERMANY'S NEW TRADE-IN-AMERICAN CURRENCY BEGAN ITS BATTLE TODAY WITH KING CIGARETTE -- THE ECONOMIC RULER OF THIS WAR-TORN LAND.

THIS WEEK MAY SEE THE BEGINNING OF THE END OF THE CIGARETTE REGIME. EVER SINCE THE WAR, YOU COULD BUY DIAMONDS OR BREAD FOR A FEW BUTTS.

THE BATTLE BEGAN AT MIDNIGHT WHEN THE DEUTSCHE MARK SUCCEEDED THE INFLATED REICHSMARK AS THE MONEY OF THE U.S., BRITISH AND FRENCH

30.24- 18707

ZONE.

IF THE NEW MONEY WINS, IT MEANS:

FOR AMERICANS, BRITONS AND FRENCH -- LESS TAXES TO PAY TO SUPPORT GERMANY.

FOR EUROPE--MORE COAL, STEEL AND GERMAN PRODUCTION TO AID EUROPEAN RECOVERY.

FOR THE GERMANS - MORE FOOD, MORE CONSUMER GOODS, BETTER JOBS, A STABLE ECONOMY.

IF IT FAILS, IT MEANS A RETURN TO MORALE-SHATTERING, UNPRODUCTIVE BARTER.

WHILE THE BATTLE IS ON -- PROBABLY FOR SEVERAL MONTHS IT MEANS: TEMPORARY UNEMPLOYMENT FOR MAYBE ONE MILLION GERMANS, AND SOCIAL UPHEAVAL.

TODAY 45,000,000 GERMANS EACH HAD 40 NEW MARK--NOBODY MORE, NOBODY LESS. (LATER, EVERYBODY BUT BLACK MARKETEERS WILL BE ABLE TO CASH IN THEIR OLD MARK SAVINGS FOR A NOW-UNKNOWN NUMBER OF NEW MARKS.)

THE ALLIES IDEA IS THAT THE GERMANS HAVE BEEN HOARDING THEIR GOODS, THEIR FOOD AND THE NECESSITIES OF LIFE RATHER THAN SELL THEM FOR MARKS THAT TODAY BECAME VALUELESS.

BECAUSE THERE ARE SO FEW NEW MARKS THIS MORNING, EVERYBODY IS GOING TO WANT TO TRY TO GET EVERYBODY ELSE'S 40 MARKS. THEIR OWN 40 MARKS WILL PAY THEIR STREET CAR FARES TO WORK, THEIR GROCERIES FOR A WEEK OR SO--BUT NOT MUCH ELSE AND SOON THE RENT COLLECTOR WILL BE BANGING AT THE DOOR.

THE ALLIES FIGURE THIS IS GOING TO BRING HOARDED GOODS--OR GOODS THAT FORMERLY WENT INTO THE BLACK MARKET--OUT INTO THE OPEN. SHOPKEEPERS ARE GOING TO WANT TO PUT ON THEIR BEST SHOW TO ATTRACT CUSTOMERS, BUSINESS FIRMS TO MAKE THEIR BEST OFFERS TO ATTRACT BUYERS, EMPLOYES TO DO THEIR BEST WORK TO MAKE SURE THEY WILL HOLD THEIR JOBS.

AS A FIRST STEP, FOR THE FIRST TIME SINCE THE WAR, THE GERMANS LEARNED LAST NIGHT MANY OF THE THINGS THEY HAVE ENVIED AND WANTED AND COULD NOT GET WILL GO OFF THE RATION. THESE INCLUDE ELECTRICAL GOODS, HOUSEHOLD GOODS, FURNITURE, AUTOMOBILES, WATCHES, CLOCKS--HITHERTO ALL BLACK MARKET ITEMS.

UP TO NOW, GOODS HAVE BEEN SCARCE AND MONEY PLENTIFUL. NOW THE REVERSE IS TRUE.

WAGES WILL PROBABLY REMAIN THE SAME SO EVERYBODY IS GOING TO BE COUNTING HIS PENNIES BEFORE HE STARTS BUYING LUXURIES.

IT'S JUST THIS THAT PROBABLY WILL MEAN SOME EARLY UNEMPLOYMENT. PUBLIC BODIES, WHICH NOW OPERATE WITH HUGE STAFFS MAY SLICE THEM IN HALF, BECAUSE SOON LESS TAXES WILL BE COMING IN. SOME STATES [redacted] HAVE MINISTRIES AS LARGE AS HITLER'S OWN GOVERNMENTAL SET-UP.

POSTWAR BUREAUCRATIC MAMMOTHS LIKE THE STATE RAILWAYS MAY LAY OFF HUNDREDS OF WORKERS. THEY NOW EMPLOY 22 MEN FOR EVERY KILOMETER (621 OF A MILE) AGAINST SEVEN PER MILE IN AMERICA.

EVEN THE U.S. ARMY -- NOW IT HAS TO PAY 30 CENTS A MARK -- IS EXPECTED TO CUT ITS GERMAN EMPLOYES.

IF GERMANS CANNOT PAY HUGE PRICES FOR CIGARETTES AND USE THEM TO BARTER, THEN THE BLACK MARKETEER IS LIKELY TO WIND UP IN THE RUHR MINES. THERE ARE PLENTY OF VACANCIES.

THIS IS WHAT THE ALLIES HOPE WILL HAPPEN.

Soviets' Threat to Starve Berlin Called Foolish by U.S. Commander

W. GALLAGHER

BERLIN, June 25—(AP) The Russians took another turn in the starvation screw on western Berlin today.

But Col. Frank Howley, American commander in the city, told Berliners "the stupid and brutal threat to starve Berlin is just foolish." The Americans announced they will begin flying vitally needed manufactured goods, electrical equipment, drugs and products into Berlin tomorrow. Nothing was said about flying in food.

The Russians discontinued their contributions to the city's pool by which the three western sectors have received food from the east. They also halted all coal shipments to the city from the east.

The French-licensed paper Kurier said rails had been torn up on several stretches of the railway which links Berlin with the western zones. There appeared to be no prospect that the Russians would lift their embargo on food shipments from the west soon.

All sources of food, except a 30-day supply or less already on hand, were thus cut off from 2,000,000 Germans living in the American, British and French sectors of the city. These Germans eat 2,000 tons daily.

Electric power in the western sector again was interrupted because the Russians have stopped the supply from their plants, and the western sectors can supply only half their own needs.

The stoppage of coal shipments threatened to bring a gradual collapse of all light and gas service. Up to now the Russians had supplied brown coal from the east, the British had supplied hard coal fro mthe Ruhr. Now both sources were cut off.

Despite statements of determination to remain in the city, the western powers made no moves to break the Soviet blockade which threatens to undermine their position in the city.

But the western commanders were in touch with their governments in Washington, London and Paris. Maj. Gen. N. C. D. Brownjohn, deputy British military governor, flew to London and reported to the cabinet.

Gen. Lucius D. Clay, the American ncommander, conferred with Sir Brian Robertson, the British commander. It was believed both were awaiting directives from their governments.

If the Russians continue their blockade, there were at least two courses which the western governments could adopt.

They could force a showdown with the Russians by announcing a determination to break through the blockade by force if necessary. This would leave it to the Russians to decide whether control of Berlin was worth an armed clash.

Or the three western powers could get out of Berlin.

(In London, one British official said there could be no question of Britain "shooting it out" with the Russians in order to stay in Berlin.)

Howley, without elaboration, declared "the people of Berlin will not be permitted to be deprived of food."

He said the flying of machinery and products into Berlin would alleviate the plight of Berlin manufacturers producing critical materials needed in the western zones. He said the air cargos would cheat Soviet designs to make western Berlin economically dependent on the Soviet area.

In all their actions, the Russians had left themselves an "out" in the event they wished to dodge a showdown. They gave as the official reason for the rail blockade the need of repairs on the line. They said the power plants had been damaged. They said the flood of old money from the West was the reason for other blockades.

Powdered Milk Distributed

With face-saving speed, the repairs could be effected on the rail line and power plants, and the currency crisis be found ended if the Russians decided it expedient to avoid a trial of strength.

So far, apparently, the military governments had taken what countermoves were open to them. They had stopped shipments of Ruhr coal and steel and American zone trade to eastern Germany.

The next step seemed to call for decisions from a higher level.

The eastern food embargo made itself felt first in milk for children. The Americans distributed powdered milk to take its place. But there is only enough for children who depend on it for their only food.

Each occupying power has been contributing to the food pool which supplied all Berlin. The Russians supplied about a third of the need. Now they will supply only eastern Berlin.

City's Population Confused

The city's population was confused, angry and frightened by all this.

The Soviet-controlled radio blared threats against Germans who co-operate with the Western powers. Members of the Soviet-backed Socialist Unity party circulated leaflets attacking Britain, France and the United States.

American armored cars and jeeps patrolled by day and night, alert to put down any trouble.

A heavily guarded Soviet train moved 30 new armored cars through the American sector this afternoon.

Four German newspaper men working for Western news agencies, including two employed by the Associated Press, were arrested by the Russians in the Soviet sector last night. They had not yet been released.

Germans Form Long Lines

The new "clay" or Deutsche mark was issued in the three western sectors today. It has been outlawed in all Berlin by the Soviet commander. He threatened the arrest of persons using it instead of the new eastern or "ruble" mark which was issued in the eastern sector yesterday.

Despite these threats, the new deutsche mark quickly established itself in curbstone black markets at an exchange rate of one deutsche mark to five eastern marks.

Germans formed long lines to exchange their first 60 old reichsmarks for the new money. They will not learn until tomorrow after the banks close how much the remainder of their old marks will be worth.

occupation zones.

Under the four-power agreement, the western zones have furnished about two thirds of Berlin's food and the Soviet zone one third. The food was distributed through a central German agency to insure even supplies for all areas.

American and British experts said that, while no immediate danger of starvation exists, the food situation eventually will become impossible if the Russian blockade continues.

Higher Action Hinted

Col. Frank L. Howley, commandant of the United States sector of Berlin, said:

"We are living off food reserves which should last a month. If the blockade against shipments from the West continues, that will require action by higher authorities."

There was indication that such action was already under way. The British deputy military governor, Maj. Gen. Nevil C. D. Brownjohn, flwe to London for talks with British authorities. He left after his chief, General Sir Brian Robertson, held discussions with Gen. Lucius D. Clay, the American military governor.

Only Airways Stay Open

The blockade left only the airways for bringing food from the west to the 2,000,000 residents of the British, French and American zones in Berlin. Allied experts acknowledged this would not work in the long run.

Colonel Howley said the Western Allies had anticipated the latest Soviet move and had accumulated food stocks sufficient to meet rations "through any normal period of difficulty."

People Outwardly Calm

Headquarters of the American and British military governments said they knew "nothing whatever of a report that the Russians would lift their land traffic blockade of Berlin on Monday. Kurier, French-license newspaper, reported the Russians have ordered rails torn up on several stretches of the line connecting Berlin and Western Germany.

The people remained outwardly calm in the face of efforts of the Soviet-controlled press to spread fear of hunger and unemployment and a Russian threat to keep the rail freight tieup on indefinitely.

L. J. Steck, American Military Government food chief, said the Russian food embargo order was delivered to the Central Food Board of the German municipal government.

He said one immediate effect would be to deprive the children of western Berlin of fresh milk. Powdered milk is being distributed.

The Russians can feed the 1,000,000 Germans in their sector from their surrounding occupation zone.

The Western supplies have to come in from the Western occupation zones. They can't come in so long as the rail line is blocked.

Money Trading Begins

In the American, British and French sectors, Germans began trading their money for the new deutschemark, which was put in competition here with the eastern German money the Russians introduced yesterday.

Long lines stood before exchange offices. American armored cars and machine gun-bearing jeeps patrolled streets of the United States sector on guard against disturbances.

The official Russian press said it is "difficult to predict" when repairs could be made on the rail line from western Germany.

The Russians blamed "technical difficulties" on the railroad for the stoppage. Their press said today these difficulties now have been found to be "much more serious than at first believed."

Other Pressure Continues

Another form of Soviet pressure continued. Electric current was interrupted again in Western sectors of the city. Half such current is supplied from Soviet-occupied territory.

Russian-controlled papers published many scare stories alleging food shortages in western Berlin. Typical headlines were: "Mass Unemployment Threatens Western Sectors," and "Chaos in the West."

Col. Frank L. Howley, American commandant, asked the people of Berlin "not to be influenced by malicious rumors designed to drive you to panic and despair."

Other Western commanders gave similar assurances.

Russ Also Bar Own Food To W. Berlin

R. RASSISCH RE

Berlin, June 25 (AP)—The Russians struck another blow at the Western Allies in Berlin today, stopping food shipments from the Soviet zone into the western sectors. Traffic already was suspended on the railroad supplying those sectors with food from the western zone.

He said these included 50 tons of whole powdered milk and 200 tons of condensed milk, which were distributed to hospitals for babies deprived of fresh milk from the Soviet zone. Under four-power agreement the Russians were to bring in fresh milk for the entire city in exchange for other foods contributed by the Western Allies.

Blockade Worries Britain

London, June 25 (AP)—Foreign Secretary Ernest Bevin told the House of Commons today a "delicate state of affairs" exists in Russian-blockaded Berlin.

He said the Soviet embargo on road and rail shipments from the West, and interrupted power service in the city, have resulted in a serious situation.

Mum On What's To Be Done

But, he added, Berlin inhabitants are displaying great calmness and are showing no sign of being intimidated. He said the British commander in Berlin reported sufficient food stocks on hand to "render any immediate anxiety unnecessary."

The Foreign Secretary, who cut short a seaside vacation to return to London last night, turned aside a question as to what was to be done to restore transport to Berlin.

To a question whether Britain intends to stay permanently in Berlin, he said he would add nothing to a speech he made some days ago—apparently referring to an address made at the Labor party conference last month, when he said British occupation forces will remain in Berlin "whatever provocation there may be."

The Cabinet was summoned today to a special meeting, its second within twelve hours, presumably to discuss the tense situation in Berlin.

Germans' Power Plan

R. RAS ISCHIRE

Berlin, June 25 (AP)—United States and British military governors disclosed today a plan to set up a streamlined three-power military government in western Germany.

The program would reduce the French-British-American military government's role to a supervisory capacity, giving the Germans greatly increased powers.

Such a project would function in the three western occupation zones, and was conceived in anticipation of a federalized western German government.

Informed sources said the plan announced today would involve at least a partial merger of the American, British and French military governments and a large reduction in staffs.

An American Statement

An American statement said it is expected that maximum power permitted under the London agreement will be delegated to the Germans so they can organize a sound foundation, politically and economically.

Gen. Lucius D. Clay, American military governor, said his reorganization committee will be headed by J. Anthony Panuch, a former New York lawyer long associated with the Government in Washington.

REDS RELEASE NEWSMEN

(N)

BERLIN, (Saturday,) June 26 (AP)—Four German newsmen employed by American agencies were released by the Russians early today after being detained for 30 hours.

They were: Photographer Fritz Remus and an assistant, Kurt Platen, of the Associated Press, an Acme photographer and a reporter for the American licensed Dana news agency. They were stopped by three Russian jeeps near the Friedrichstrasse railway station Thursday night while returning from an assignment. The newsmen had been covering a Social Democratic mass meeting in the French sector of Berlin.

"The Russians told us we were held because it is forbidden to go into the Russian sector with an American car and cameras," they said.

Soviet authorities had told U. S. officials they were holding the men at the Russian kommandatura "on suspicion of disseminating propaganda against the Soviet occupying power."

The newsmen said the Russians returned all their camera equipment and belongings as well as an AP jeep which had been impounded.

Four Newsmen Held By Reds (D)

Berlin, June 25 (AP)—The Russians acknowledged to American authorities today they are holding two German employés of the Associated Press, seized last night while driving through the Soviet sector of Berlin.

The Russians said they are holding the pair on "suspicion of disseminating propaganda against the Soviet occupying power." They said they did not know when they could be released. The detainees are AP Photographer Fritz Remus and an assistant, Kurt Platen.

Vehicle Impounded

Also in Russian custody were a German photographer for Acme news pictures and a reporter for German news agency, Dena. All four were returning from covering a Socialist rally in the French sector of the city.

The Russians informed American liaison officers after persistent inquiry the AP employés were being held in jail near their central headquarters. The Russians also impounded an AP jeep.

American officers said the Russians would not explain how they arrived at their complaints against the two AP men.

4 Soldiers Held

United States authorities said early today four American soldiers were released last night more than 24 hours after they were arrested by Soviet military police.

The names of the GI's, seized while driving through the Russian sector, were not made public.

The Russians indicated the soldiers were detained for a traffic violation. American officials said the arrests may have been in retaliation for the stopping of a number of Russian vehicles by American military police during a current safe-driving campaign.

Two U. S. Educators Detained by Soviet

By The Associated Press.

BERLIN, June 25—Dr. Lester K. Ade, former State Superintendent of Education in Pennsylvania, was arrested by the Russians today and held five hours before being released.

He said his companion, Dr. Lucile Allard, Coordinator of Elementary Education in Garden City, L. I., also had been detained.

Dr. Ade said the Russians had asked them "dozens and dozens" of questions, including one about Henry A. Wallace's chances for election.

Five other Americans, including members of a constabulary patrol, also were detained, United States officials reported.

Pope Expected To Talk On World Problems

Vatican City, June 25 (AP)—Vatican sources said today they expected Pope Pius XII to make an important pronouncement Tuesday on world social problems. He will address Catholic workers.

The Pope put the Catholic church on record June 2 as behind social reforms to cure the world's troubles. His speech Tuesday is expected to develop this more fully.

ITALIANS DISCUSS STRIKE REMEDIES

F. O'BRIEN

ROME, June 25—(AP) Premier Alcide De Gasperi's government met today to consider large-scale strikes spreading through Italy.

The most serious trouble in the offing was a nationwide food workers' strike scheduled to begin tomorrow. The threatened walkout is in protest against the laying off of 150 employes.

Latest dispatches gave this general picture:

A general strike in Pisa in protesting industrial layoffs.

A near-general strike at Modena, protesting closing of a factory.

A threatened general strike of provincial government administration workers for better health benefits.

A strike scheduled by Tuscamy sharecroppers for July 1, for higher pay and benefits.

A walkout today at Brescia industry plants in the north after failure to settle a wage dispute.

A decision to adopt "non-cooperation" by Sardinian miners protesting present pay and family benefits.

Venice General Strike

There was a three-hour general strike in Venice today, with demonstrations against the high cost of living.

In Milan today a meeting of 45,000 workers was addressed by labor leaders from all parties, including the Communists, who attacked the policy of industrialists.

Just across the border in Trieste there was a general strike, called by the pro-Italian chamber of labor to protest a Communist labor union attack on their headquarters yesterday. It will continue tomorrow, leaders said.

In Rome Italian minister of labor Amintore Fanfani was reported to have said the wave of strikes have a "definitely political character."

STRIKE TIES UP TRIESTE

Trieste, June 25 (A. P.). — A general strike called by the Trieste Chamber of Labor stilled the city at noon today. The 50,000 chamber members are anti-Communist and pro-Italian. They struck following incidents at Cantiere San Marco yesterday. C. D. L. quarters were destroyed and C. D. L. workers were injured by the rival United Syndicate organization.

"The general strike of all member categories is called not only to protest against all Communist instigation to hatred and violence but also as a protest against the equivocal attitude of the Trieste shipbuilding industrialists and the lack of energy of the Allied Military Government in protection of the fundamental rights of man," the C. D. L. said.

AMG Reforms Rule Of Trieste Allied Zone

Trieste, June 25 (AP)—An Allied Military Government order today restored administration of the Allied zone of the Free Territory to almost the form under Italian government.

The order abolished the AMG "office for local government." The powers of the zone president, a local official, were increased approximately to those of an Italian prefect.

GREEK ARMY HITS REBEL POSITIONS IN SURPRISE MOVE

L. S. CHARALES (N)

ATHENS, June 25—(AP) Greek army troops swarmed into rebel positions near Nestorion and Grevena today in a surprise attack on strategic communist positions, a general staff communique reported.

The communique did not name these points, but observers said it apparently referred to the fall of Boufa Heights, which opened the way for a new assault on Amouda Ridge. Amouda Ridge, near the Albanian frontier, is on the east flank of the guerrilla lines northwest of Nestorion. Its fall would open the gate through one flank of the rebels' Grammos mountain stronghold.

Dispatches from the front said military authorities expect Amouda to fall soon.

Bad Weather Slows Drive

Bad weather slowed down the all-out drive to break the back of the rebellion. A Greek officer said there had been some "over optimism" at the start of the big operation.

Troops are encountering surprisingly strong rebel fortifications at some points, it was reported.

Rebels of chieftain Markos Vafiades are defending their positions bitterly against the onslaught of six Greek army divisions.

One of their toughest points is Amouda Ridge where some rebel machingun positions were protected by seven alternate layers of stone and logs. The crack Greek ninth division, advancing from Konitsa, reported running into concrete pillboxes, the first yet encountered in the guerrilla war.

A press report, which could not be confirmed, said guerrilla headquarters had been hit with firebombs and that Vafiades had fled to Albania.

(The guerrilla radio, heard in London, said units of the Government army have been thrown back in the Konitsa sector "with great losses" to the Nationalists.)

On the southeastern side of the big rebel pocket Nationalists engineers have removed 2,000 "shoe mines" planted by the rebels. These are small, anti-personnel mines which detonate when stepped on.

It was also reported that Communists have booby-trapped the bodies of some of their dead.

While the all-out drive centered in the mountain region along the Albanian border, scattered clashes went on outside the general operation area.

Greeks Break Resistance At Two Points (D)

Athens, June 25 (AP)—The Greek general staff said today that surprise attacks have broken strong guerrilla resistance at points near Nestorion and Grevena.

Nestorion is just northeast of the Grammos Mountain pocket estimated to hold 7,000 followers of Communist Leader Markos Vafiades. Grevena is southeast. Six Greek divisions, each with United States Army advisers, are assaulting the mountainous core of revolution, which lies against the border of Communist Albania.

The communiqué said Boufa Heights had been taken, opening the way for a new assault on Amouda Ridge northwest of Nestorion. The ridge is perhaps the strongest position in the 1,00 square miles of rebel territory. The capture of places south and southwest of Nestorion was claimed.

Strongpoint Taken

30.24- 18713

JUN 1948

The general staff said a strongpoint northwest of Grevena was taken. The communiqué listed 140 guerrillas killed and 30 captured in various clashes, against Nationalist losses of 28 dead and 48 wounded.

Fighting continues in the Sarandaporos River valley northeast of Konitsa, south of the Grammos pocket. Heavy fog and rain covered the battle zone yesterday.

The communiqué said two guerrilla attacks were started from Albanian territory. Both were reported repulsed.

Scatered clashes were reported outside the main battle area. Guerrillas were said to have attacked the village of Anarachi near Ptolemais.

Mopping Up In Roumeli Area

Two actions were reported in the Peloponnesus and mopping up continued in the Roumeli area, scene of the last Greek army victory. Other fighting was reported along the Yugoslav frontier near Lake Doirani and on the Chalkidiki Peninsula in central Macedonia.

The guerrilla radio has been silenced, apparently by air attacks, and captured guerrillas said their losses on Amouda Ridge have been "terrific."

The rebel position on Amouda, heavily fortified by stone and log machine-gun emplacements, was endangered yesterday by the army's capture of Boufa Height, a continuation of the Amouda strongpoint.

King Paul arrived at the front only a few moments before yesterday's assaults on Amouda began, dispatches from 2d Corps headquarters said, and watched his troops move into action.

Fortified Points Reached

On the western flank, the 9th Division also was reported running into heavily fortified points about 5 miles west of the main core of rebel resistance, in the region of Aetomilitsa, Lykorrachi and Zerma.

One dispatch said rebel machine-gunners were found with bullet holes in the back of their heads. Earlier reports said the guerrillas were executing those who showed any sign of surrendering.

Twenty-Six Are Executed By Greece

Athens, June 25 (AP)—Twenty-six persons were reported executed here today. They had been convicted of treason, sabotage or murder.

Twenty of them were said to have been among the 40 sentenced to death earlier in the week after a naval trial on charges of treason and sabotage.

The other six were believed to have been among the eight convicted of assassinating Justice Minister Christos Ladas last May Day.

Hungarians Hear Talk Of Excommunication

Budapest, June 25 (AP)—Well-informed circles said today they believe excommunication is imminent for Catholic members of Parliament who voted for nationalization of Hungary's schools.

No excommunications have taken place as yet. Josef Cardinal Mindszenty would not comment to newsmen on that subject.

The Cardinal headed a meeting last night of seven Roman Catholic bishops of Hungary. Clerical circles were silent on the conference, but it was believed the bishops discussed countermeasures against nationalization of the schools.

The official Catholic press agency Magyar Courier published a statement by the Catholic bishops, signed by the Cardinal, quoting a passage of canon law saying the church can excommunicate those who have "passed a law against the liberty of the church" or "thwarted the church in exercising her rights, including the right of maintaining schools."

A Vatican City dispatch yesterday said reports reaching there were that Cardinal Mindszenty had already excommunicated those who voted for nationalization.

Marek Case And Russia

Vienna, June 25 (AP)—Russia today rejected Western power charges of intimidation in connection with the arrest of Anton Marek, of the Austrian Ministry of Interior. He is held by the Russians and accused of espionage against the Soviet Union.

Lieut. Gen. L. V. Kurasov, Soviet high commissioner in Austria, bluntly refused to consider American, British and French charges of intimidation and violation of the Austrian control agreement. At a regular meeting of the Allied council, he said results of investigations now being made in the Marek case would be disclosed "in due time."

The strongest charges were made by Lieut. Gen. Geoffrey Keyes, United States high commissioner in Austria. He said Marek was a victim of police methods identical to those of the Gestapo.

No Action Taken

Keyes said he assumed Marek was arrested because Russian authorities did not want Austrians to know about Communist subversive activities. In carrying out his assignments, Marek was detailed to investigate kidnappings.

Kurasov replied that Keyes's statements were "base insinuations."

The case was closed after an hour's discussion with no action taken and no promise of future action.

Meanwhile, the Russians remained adamant in their determination to hold Marek and possibly try him in their own military court for espionage.

Soviet Bloc Puts Off East Reich Puppet State

Warsaw, June 25 (AP)—Russia and seven European satellites urged today that a "provisional democratic, peace-loving all-German government" be set up.

They did so in a communiqué by their foreign ministers, who ended a two-day conference at midnight in Wilanow Palace, eight miles east of here.

[The communiqué, as broadcast by the Moscow radio and distributed in London by the Soviet news agency Tass, said an all-German government should be created by the Big Four agreement.]

One More Try For Unity

Well informed sources said some in the Warsaw meeting wanted an eastern German state but the conference finally agreed upon one more try for German unity. They said if this failed the Soviet bloc would create a separate East German government.

[Max Reimann, chairman of the Communist party of the United States, British and French zones of Germany, told a Frankfurt political meeting yesterday West German Communists "will be glad to participate" in any all-German government set up in the Soviet zone.

[The Russians, who regard Berlin as part of their occupation zone, are exerting strong economic pressure to eject the three Western Allies from that jointly occupied city.]

Molotov Bids For "Unity"

The Foreign Ministers, including V. M. Molotov, of Russia, said the government in Germany should be made up of representatives of democratic parties and organizations and should guarantee against any more German aggression.

In the conference with Russia were Albania, Bulgaria, Czechoslovakia, Hungary, Poland, Romania and Yugoslavia. Russia and Poland called the meeting.

Delegates talked over a recent London conference of the United States, Great Britain, France, Belgium, the Netherlands and Luxembourg. The six Western nations agreed to set up a federal government in western Germany.

Well-informed quarters said some in the Warsaw meeting wanted to counter this with an Eastern German state but the conference finally agreed upon one more try for German unity. They said if this failed the Soviet bloc would create a separate East-German government.

Objectives Listed

The Warsaw communiqué, as distributed by Tass, said the governments that took part "consider as urgent":

1. German demilitarization by agreement of the Big Four—Russia, the United States, Britain and France.
2. Big Four control "for a definite period" over the Ruhr's heavy industry.
3. Creation by four-power agreement of a "provisional democratic, all-German Government."
4. Conclusion of a peace treaty with Germany and withdrawal of all occupation troops a year later.
5. "Measures on fulfillment by Germany of her reparations obligations."

The statement said the six-nation London Conference violated the Potsdam agreement intrusting German questions to the Big Four Foreign Ministers Council.

The Russians said the same thing before and after the London talks, which lasted from February 23 to May 31. Just before the London agreement was made public June 7, they were given copies and were invited to join, but later said they could not accept the plan.

It said the London decisions aimed at a "puppet government" to make Western Germany, and especially the Ruhr, a weapon for military-strategic purposes of the United States and Britain.

The communiqué of the London conference said Germany should be enable to participate in the European Recovery Program. It called for:

1. Demilitarization of Western Germany by the three military governor with the help of a new military security board.
2. Control of Ruhr coal, coke and steel by an international authority representing the six nations and Germany.
3. A federal government of West German states with a constitution "such as to enable the Germans to play their part in bringing to an end the present division of Germany."
4. Withdrawal of occupation forces only by prior consultation of the Western Allies and only when "the peace of Europe is secured."
5. "Minor territorial adjustments" on Germany's western frontier.

Molotov Gets Big Sendoff

A crowd estimated at 30,000 gave Molotov a rousing sendoff today on his return trip to Moscow.

Workers in factories and business places were given time off to go to Okecie Airport to cheer him. The highway to the airport was jammed for miles with truckloads of demonstrators, many carrying Red banners.

The other foreign ministers also were scheduled to leave Warsaw by air this morning.

Polish newspapers delayed publication many hours this morning to get in the long conference communiqué.

JUN 1948

Warsaw Hails Russ Action

Warsaw, June 25 (AP)—Warsaw newspapers today said decisions of the eight eastern foreign ministers here on Germany would strengthen and promote peace throughout the world.

The Government-controlled papers displayed prominently Soviet Foreign Minister Vyacheslov M. Molotov's promise that Poland's western frontiers are definitely fixed. Editorials said any Western power move in Germany without participation of nations which bore the brunt of German aggression are "doomed to failure."

Molotov and the foreign ministers of seven satellite nations left by plane today as a crowd estimated by observers at 30,000 gave them a rousing send-off.

[The Moscow radio heard in London said Molotov returned home tonight.]

Following Molotov's plane were those carrying foreign ministers from Albania, Czechoslovakia, Bulgaria, Yugoslavia, Romania and Hungary.

Hamsun's Fine Reduced

Oslo, Norway, June 25 (AP)—The Supreme Court has reduced a fine imposed on Knut Hamsun, author, as damages for articles written during the German occupation. The District Court set the fine at the equivalent of $85,500; the Supreme Court made it $65,000.

Son Of Stalin Given Order Of Red Banner

Moscow, June 25 (AP)—Maj. Gen. Vassily Stalin, the Prime Minister's son, has been awarded the Order of the Red Banner.

A decree published today said the decoration was for "successful fulfillment of assignments of command."

Young Stalin was a colonel in early days of the war. He was mentioned for special honors in the 1944 capture of Jalgava. He got the Order of Suvorov the next year. He was complimented for his command of an air section of the May Day parade this year.

Marshal Vassily Sokolovsky, Russian military governor in Germany, seven generals of the Russian occupation force in Germany; and three civilians received the Order of Lenin. The decorated generals included Lieut. Gen. M. I. Dratvin, the Berlin commander. Lieut. Gen. Sinilov, Moscow commandant, also received the Order of Lenin.

100 Arabs Reported Killed In New Palestine Fighting

UN Clears Way for Israel Convoy to Southern Sector.

HAIFA, Israel, June 25—(AP) The Israeli army said today its troops had clashed again with Arab units at El Birwa, inflicting 100 casualties.

Fighting in the village, seven miles east of Haifa in western Galilee, has been going on for two days and United Nations truce observers are on the scene investigating the action.

El Birwa, held by a small Jewish garrison prior to the truce, fell into the hands of the Arabs when troops operating out of Nazareth launched a surprise attack and recaptured the village. The attackers were under the command of Fawzi Pasha Al Kaukji, leader of the Arab liberation army.

A Haganah announcement said its troops had staged a counterattack which put three Arab armored vehicles out of action. Jewish forces also captured arms and ammunition, Haganah said.

When the surprise Arab attack came, the Jewish garrison suffered 12 casualties. In the Jewish counterattack yesterday, the Jews suffered 24 casualties against 100 inflicted on the Arabs, the Haganah announcement said..

Egyptians Bar Convoy, Fire On U.N. Plane In Palestine

J.M. LONG

Tel Aviv, Palestine, June 25 (AP). Jewish authorities were advised by the United Nations truce mission here today they were "free to act as they thought fit" to push a convoy to the Negeb Desert in southern Palestine, an Israeli announcement said.

A communiqué issued tonight said the Israel Government would take action "in a manner and at a time and place which its general staff will deem suitable."

The announcement concerning the truce mission's attitude was made after a United Nations spokesman disclosed the Egyptians had refused to let a convoy pass and had fired on a white United Nations plane piloted by an American, Lieut. Col. M. L. Martin.

Suspected It Was Enemy

[Prime Minister Mahmoud Fahmy Nokrasky Pasha of Egypt told Cairo newsmen tonight the Egyptian pilot opened fire against the plane because "he suspected it was an enemy plane."

[The pilot's suspicion, Nokrashy Pasha added, was aroused by the fact that the United Nations plane had been flying at 500 feet while it was agreed that United Nations planes would not fly over Egyptian-held territory at less than 2,000 feet.]

An Israeli communiqué issued tonight said the Government had erroneously reported earlier today that Egyptian Spitfires had bombed two Jewish settlements. The new communiqué said it was learned that Egyptian planes did not attack either Beer Thvia or Kfar Warburg.

Irgunists Rounded Up

These developments came as Palmach shock troops of the Government continued to round up hundreds of dissident Irgun Zvai Leumi soldiers who have deserted the army and gone underground as part of an illegal armed political party.

A series of heavy explosions south of Tel Aviv last night and early today raised reports that the army was attacking Irgun strongholds at Abu Kebir. Reports circulated that orders had gone out to bring in Menachim Beigin and other known Irgun leaders.

The alleged Egyptian truce violations also coincided with reports from Rhodes that Count Folke Bernadotte, the United Nations mediator, was nearly ready with proposals for a permanent Palestine peace.

To Fight Against State

[In Amman, King Abdullah of Trans-Jordan said the Arab states were resolved to go on fighting for "abolition of the Jewish state." He said he and King Farouk of Egypt had reached a "full understanding" at their conferences in Cairo. He announced he was leaving tomorrow to see King Ibn Saud of Saudi Arabia.]

The United Nations spokesman said Egyptians violated the truce when they refused to let a United Nations-approved convoy pass an Egyptian post near Beit Daras en route to Jewish settlements in the southern desert. He said. Col. Count Thord Bonde, head of the United Nations truce mission, went through the lines and so informed the Egyptians.

He further told the Egyptians United Nations truce observers were being withdrawn from the Egyptian zone because of lack of respect shown them.

Cease-Fire Not Invalidated

United Nations observers took the view that the breach did not invalidate the general Palestine cease-fire, which has been observed for two of its four weeks, and did not involve any resumption of armed conflict.

The Jews had declared previously, however, that if the Egyptians tried to stop their relief convoys they would "fight them through."

Today the Israel announcement said Colonel Bonde had advised Jewish authorities they were "free to act as they thought fit" about getting the convoy through.

The United Nations spokesman said the white plane clearly marked "United Nations," was pursued by Egyptian Spitfires and then fired upon as it was about to land near Kfar Warburg a few miles east of Isdud. Fifteen shots were fired and some struck the instrument panel, but the pilot was uninjured.

West Virginian Pilot

[An NBC broadcast from Tel Aviv quoted the pilot as saying two Egyptian planes turned .50-caliber machine gun and 20-millimeter shell fire on him. The broadcast said he flew his plane back to his base.

[Rhodes dispatches said Bernadotte had protested to the Egyptian Government against the attack.]

Meeting the challenge of Irgun, whose ammunition ship was burned out in Tel Aviv harbor Tuesday when it tried to land arms contrary to truce terms, Premier David Ben-Gurion has declared the "rising of armed gangs" threatened "our entire war effort" as well as survival of the state.

Recognition Canceled

Irgun units withdrew from front lines when Beigin canceled "recognition" of the Ben-Gurion Government.

Informed Jewish sources said 500 Irgun men surrendered Tuesday at Kfar Vitkin, where the Irgun ship first attempted to land its arms. Irgun previously had said it landed 800 men there—a violation of the truce terms.

Raids on Irgun gathering places Wednesday night are reported to have resulted in the arrest of 20 to 30 at Haifa, Nathanya and other cities. Yesterday, at least twenty more were reported arrested at Nathanya, about the same number at Haifa and an undetermined number in Tel Aviv. About 60 were reported arrested earlier.

Many of those arrested were charged with having quit the army. Other Irgun members were charged with evading military service.

A Government communiqué tonight said 72 men who had been arrested in Tel Aviv had been released after questioning as to whether they had carried arms or taken an active part in the fighting against Israeli forces. No mention was made of the release of Peter Bergson, copresident of the American League of Free Palestine, or Monroe Fein, of Chicago, who was captain of the arms ship.

Egyptians Attack Truce Plane, U.N. Says (P)

Tel Aviv, Israel, June 25 (AP)—A United Nations spokesman said today that the Egyptions had fired upon a clearly marked white United Nations truce plane piloted by an American.

The spokesman said also that the Egyptians had refused to permit a United Nations-approved Jewish supply convoy to pass to settlements in the Negeb, and both incidents were regarded by the United Nations commisison here as violations of the truce.

The case was not regarded, however, as invalidating the general cease-fire which has held generally for two of its four weeks.

Colonel Count Thord Bonde, head of the truce mission, has informed Cairo of the violations, the spokesman added.

Also Accused By Israeli

The Israeli Government also accused the Egyptians of violating the truce. A communiqué said the Egyptians not only refused passage to the Jewish convoy but bombed the settlements of Beer Tuvya and Kefar Warburg, mdiway between Tel Aviv and Gaza.

The United Nations spokesman said Egyptian Spitfires pursued the white truce plane, clearly marked with the letters U.N., until it was about to land near Kefar Warburg. He said the plane was attacked with gunfire as it was about to touch the ground. Fifteen shots were fired, some of them striking the plane from the rear and hitting the instrument panel. The American pilot, a colonel named Martin, was alone in the plane and escaped injury, the spokesman added.

Withdrawing Observers

The spokesman said Colonel Bonde passed through the front lines today and informed the Egyptian commander in chief that truce observers would be withdrawn from the Egyptian zone because of "failure to respect the truce mission."

A Jewish announcement said Colonel Bonde had advised Jewish authorities they were "free to act as they thought fit" with regard to getting the convoy through as a result of the Egyptian action.

The Jews had declared previously that if the Egyptians stopped Negeb- bound convoys they were prepared "to fight them through."

The United Nations spokesman said there was no actual shooting in the convoy case.

Resigned Ministers Return

Meanwhile, the Mizrachi party declared that both its resigned ministers—Rabbi J. L. Fishman and Yehuda Shapiro—were returning to the Government. They had resigned in the crisis caused by the Government's dispatch of Israeli troops to oppose Irgun Zvai Leumi attempts to land an arms ship.

The Government, bolstered by a vote of confidence, was standing firm in its opposition to the challenge from Irgum. Unofficial advices said three Irgun fighters and perhaps some Israeli troops were killed in clashes that developed as Irgunists withdrew from Israeli front lines.

Abdullah Back Home

King Abdullah of Trans-Jordan returned to Amman after conferences in Cairo with King Farouk. He said the Arab states headed by Egypt were resolved to continue fighting until the Jewish State is wiped out. Abdullah plans to leave tomorrow for Saudi Arabia, to meet King Ibn Saud.

The Israeli Government said the Egyptian planes bombed Beer Tuvya and Kefer Warburg near the coast midway between Tel Aviv and Gaza. No details were given.

Irgun disappeared from the mid-city building in Tel Aviv which has been its headquarters. Blue and white armbands which publicly denoted Irgun members disappeared as the organization returned to its underground status.

Raids on Irgun gathering places were continued by the Israeli Army. More than 40 new arrests were reported at Haifa, Natanya and other cities.

Irgun strongholds near Abu Kebir were said to be under attack. Heavy explosions were heard this morning and last night south of Tel Aviv.

Mrs. Myerson Is Named Israeli Envoy to Moscow

By The Associated Press.

TEL AVIV, Israel, June 25—The Israeli Government announced tonight that Mrs. Golda Myerson had been appointed Israel's representative to the Soviet Union.

Israeli authorities also announced that Russia had named Pavel I. Yershov as her Minister to Israel. He now is Soviet chargé d'affaires in Turkey.

Mrs. Myerson, now on a special mission to the United States, is expected to return to Tel Aviv and to depart soon for Moscow. She is a member of the Executive of the Jewish Agency for Palestine and came to Palestine from the United States in 1921.

Mrs. Meyerson, who was born in the Ukraine in 1898, came to the United States at the age of 8. Her family settled in Milwaukee, where she attended grade and high school and was graduated from the Milwaukee Teachers Seminary. Her last place of residence in the United States was Philadelphia.

MRS. MEYERSON NAMED ISRAEL RUSSIAN ENVOY

WASHINGTON, June 25—(AP) Eliahu Epstein, Israel envoy to Washington, confirmed a Moscow radio report tonight that Mrs. Golda Meyerson has been appointed the Israeli minister to Moscow. The broadcast had been heard in London.

Mrs. Meyerson, born in the Ukraine in 1898, came to the United States at the age of eight. Her family settled in Milwaukee where she attended grade and high school and graduated from the Milwaukee Teachers Seminary. Her last place of residence in the U. S. was in Philadelphia.

She emigrated to Palestine in 1921.

In December 1946, Mrs. Meyerson was appointed to the Jewish Agency Executive and named head of the Jerusalem section of its political department.

183 TO BE EVACUATED FROM MIDDLE EAST

WASHINGTON, June 25 (AP)—The State Department today disclosed 183 persons, mostly Americans, will be evacuated from the Middle East early next week.

They will be brought out aboard the steamship "Marine Carp."

Forty-one of these have been detained by the Syrian government for the past five weeks after being removed from the same vessel on the grounds they were going to Palestine to join Jewish military forces.

The Syrian government agreed to release them, after a state department protest, provided they returned directly to the United States. The state department accepted this arrangement.

Press Officer Michael McDermott told a news conference 142 persons would board the vessel at Haifa June 27. The American consul there arranged passage for 102 of these presumably because they wanted to get out of the fighting zones.

The next day the ship is scheduled to dock at Beruit to pick up the 41 American internees now in a camp on the outskirts of the city. After a stop at Alexandria, Egypt, June 29, the vessel will proceed to the United States.

NEW YORK IRGUNISTS IN JEWISH AGENCY ROW

NEW YORK, June 25 (AP)—Fist-fights broke out today when 60 young men and women, claiming to be supporters of Irgun Zvai Leumi marched on the offices of the Israeli consulate and Jewish agency for Palestine.

David Krakowo, who said he was a leader of the group, said the demonstrators marched on the Jewish agency building to conduct memorial services for men who were killed this week when "fired upon by the government of Israel."

The youths clashed with employes of the Jewish agency and with members of the Israeli consulate, whose officers are in the agency's midtown Manhattan building.

Police broke up the brief fist-fights but made no arrests. After holding the memorial services the demonstrators left the building and dispersed.

Children Sent to Rhodes

RHODES, June 25 (AP).—Seven hundred children arrived today from the Greek mainland. Helen Kindyos, representative of Queen Helena, said parents feared the children might be kidnaped and taken over Greek frontiers for education by Communists.

Siam Firm Against Red Infiltrations

Bangkok, Siam, June 25 (AP)—Premier Pibul Songgram said today Siam will stand firm against Communist ideology.

He said the country is ringed by neighbors already infiltrated and agitated by Communist workers. The country is bordered by Indo-China, Burma and the Federation of Malaya.

The Premier said recent unrest in southern Siamese provinces was stirred partly by Communists. He said local Moslem agitators took advantage of the disorder. He asserted the situation there is now normal and that police suppression squads have been reinforced to guard against Communist infiltration from Malaya.

Pibul said the Cabinet and Defense Board discussed the Communist threat. The Defense Board was instructed to draft measures to prevent Communist infiltration.

Malaya Youth Halt Action

Singapore, June 25 (AP)—The Left-wing New Democratic Youth League said today it is suspending activities in Malaya.

A spokesman said it would continue operations in Singapore, where five of the leaders of its Indian branch were arrested yesterday. The Government there, as in the Malayan Federation, had assumed emergency powers to prevent the spread of violence from upcountry to the city. Thirty persons have been killed. The British said the Communists are behind the unrest.

The Youth League opposes the ruling Kuomintang party of China. A spokesman said it will resume at the "most opportune time." He said the Government's emergency powers "make the league's activities extremely difficult and the league wishes to avoid misunderstandings with the Government."

E. V. Fowler, chief of the Criminal Investigation Department of Singapore, said no further arrests beyond the seven yesterday had been made in Singapore under the emergency powers.

Chiang Calls Army Aides To Emergency Parley

Nanking, June 25 (AP)—President Chiang Kai-shek has summoned top military leaders to Sian for an emergency conference on how to drive the Communists out of Central China, official sources said today.

These reports indicated that Chiang has decided to throw his northwest troops into the battle.

Chiang went to Sian, Shensi provincial capital, after touring the battle area in Honan province next door. The Communists captured Kaifeng, Honan capital, several days ago. Government quarters say that more than 500,000 insurgent troops are massed in Central China.

Relief Forces Converge

Driving for a comeback in Honan, Government relief forces were reported converging on Kaifeng from three directions. Dispatches from Chenghsien said they were expected to join up within 24 hours.

In Peiping, Government headquarters announced that Communist forces had been repelled in their effort to seize Kupehkow Pass, which links north China proper with Jehol province and Manchuria.

The communiqué said Gen. Fu Tso-yi, north China commander, routed the Communists besieging the town of Kupehkow, 75 miles northeast of Peiping, in a counter-attack last night. Government troops then entered the town.

Reds Blow Up 5 Bridges

Pro-government reports said the Communists had blown up five bridges to further cripple the Peiping-Mukden railroad south of the Great Wall.

There has been no through rail traffic to the Great Wall for weeks. The Communist raids cut off the stretch beyond the Tangshan coal center 60 miles northeast of Tientsin.

MacArthur Receives Top Belgian Award

Tokyo, June 25 (A. P.).—Gen. MacArthur received the Belgian Croix De Guerre of World War II today. He also was given the rank of Grand Cross of the Order of the Crown—Belgium's highest.

Japs Protest Price Jump

Tokyo, June 25 (AP)—Sixty thousand Japanese gathered in the plaza outside the Imperial Palace today to protest the newly announced 70 per cent average increase in prices. Many bore banners of Leftist-dominated unions. Speakers told of plans for a one-day protest strike July 1.

Cigarettes Promised Japs Who Work Hard

Tokyo, June 25 (AP)—Japanese farmers, fishermen and others will get American smokes if they work hard.

Allied Headquarters passed along the good news today—26,000,000 packages of American cigarettes will be distributed as incentive goods to those equaling or surpassing work quotas in the next year. At least 11,000,000 packages have been handed out, mostly to coal miners.

Cigarettes cost up to $4 a pack in the black market.

Chilean Senate Votes Red Ban.

Santiago, June 25 (A. P.).—The Chilean Senate approved last night the Government's proposal to outlaw the Communist party in Chile. The measure now goes back to the Chamber of Deputies for consideration of Senate amendments. The Chamber previously approved the bill.

DP BILL SIGNED 'UNDER PROTEST'

Truman Charges Measure Discriminates Against Jews, Catholics.

WASHINGTON, June 25—(AP) President Truman today reluctantly signed and then bitterly criticized a bill to let 205,000 European war refugees enter the United States in the next two years.

The additions to America's melting pot will be carefully screened men, women and children who fled to the now-occupied zones of Germany or Austria and to Italy between Sept. 1, 1939 and Dec. 22, 1945, who stayed until January 1.

Many will be persons whose native lands are now behind Russia's iron curtain.

President Raps Bill

The President said the bill isn't what he wanted. He said it was a toss-up whether it wasn't worse than no bill at all. He gave his reasons in a 1,800 word statement.

He said if Congress were still in session he would have vetoed the measure and demanded a better, fairer and more humane bill.

He charged that the legislation, a compromise between a senate and house bill passed on the last stormy day of the session, discriminates against Jews and Catholics.

It does that, he said, because it admits only those who entered Germany, Austria or Italy on or before Dec. 22, 1945.

He said most of the Jews who entered any of these countries by 1945 already have left, and most of the

Jews now there arrived after 1945 and "hence are denied a chance to come to the United States."

"By this device more than 90 per cent of the remaining Jewish displaced persons are definitely excluded," Mr. Truman said.

"The bill also excludes many displaced persons of the Catholic faith who deserve admission," he added. "Many anti-communist refugees of Catholic faith fled into the American zones after December 22, 1945, in order to escape persecution in countries dominated by a communist form of government. These too are barred by the December 22, 1945 dateline.

One small group escaping the date clause are 2,000 Czechoslovakians who fled their country since January 1, 1948.

Also eliminated from certain restrictions are 3,000 displaced orphans under the age of 13.

Further, 15,000 aliens already in the United States remain as permanent residents under certain conditions.

But 200,000 displaced persons must meet specific qualifications.

To Be Carefully Screened

These are the bill's major provisions:

All refugees will be carefully screened as to loyalty and character before admission to this nation. Also, they must have a promise of a job and a home before entry.

At least 30 per cent of the total must be farmers who intend to farm over here.

Household, construction, garment and clothing workers will get priority. Special consideration also will be given blood relatives of U. S. citizens or lawfully admitted aliens, and to refugees who bore arms for the allies in the war.

At least 40 per cent of the total must be those whose homelands have been annexed by a foreign power. This means that about 80,000 must come from countries now behind the iron curtain—Lithuania, Latvia, Estonia and eastern Poland.

All those admitted would be charged to regular immigration quotas but at a rate not to exceed 50 per cent of a nation's quota in any one year.

The bill signed today, making it law, also:

1. Directs the state department to permit again the admission of German and Austrian immigrants under pre-war quotas.

2. Requires that 50 per cent of those quotas be filled by persons of German Ethnic origin, who now live in Germany, but who were born in Poland, Yugoslavia, Romania, Hungary and Czechoslovakia.

Draft Officials Studying Rules On Exemptions

Army Defines 'Veterans' in New Law; President to Rule on Essential Jobs

WASHINGTON, June 25 (AP).—The White House, the military establishment and Selective Service are still working out details of exemptions under the new draft law, but here are some of the provisions, tentative or definite:

1.—Tentative directions sent out by the Army but subject to possible change provide these exemptions:

A. Veterans—Men with ninety days' service between Dec. 7, 1941, and Sept. 2, 1945; with twelve months' service or more between Sept. 16, 1940, and yesterday, June 24; with ninety days' service but less than twelve months before Pearl Harbor or after V-J Day providing he is a member of an organized reserve including senior Reserve Officers Training Corps units (colleges and universities but not high schools) in the last two years of the course.

B. Non-veterans—Men who were members of those reserve units or the National Guard yesterday. This also includes veterans who were members of a National Guard unit yesterday.

Pending completion of studies still under way, the definition of an organized unit is one with "adequate facilities" for training, at least forty-eight drills a year and with "adequate instructor supervision."

The exact definition of such units and determination of the precise time (at which hour) an enlistment must have been entered is still under study. The act itself specified these organizations:

Federally recognized units of the National Guard and Air National Guard; Officers Reserve Corps; Regular Army Reserve; Air Force Reserve; Enlisted Reserve Corps; Naval Reserve; Marine Corps Reserve; Coast Guard Reserve; Public Health Service.

2. The President is given authority to defer from induction persons whose "activities are found to be necessary to the maintenance of the national health, safety or interest" (essential occupations); those engaged in scientific or medical research and study; married men. The President is making a study of those revisions now.

3. A "sole surviving son" of a family who has lost one or more sons in action or in line of duty while serving with the armed forces will be exempt.

4. A high school student will be deferred until graduation or until he reaches twenty years of age; a college student until the end of the school year.

The law provides that the exemption for high school and college students continues only as long as the student "satisfactorily" pursues his course of instruction.

Draft Invites War, N.A.A.C.P. Told

Kansas City, June 25 (AP)—A labor leader told the National Association for the Advancement of Colored People last night that the selective service program was "an open invitation to World War III."

Willard S. Townsend, international president of the United Transport Service Employes of America, CIO, called the program "a threat to democratic processes."

Suggests Disobedience

"It seems to me," he declared, "that if a successful civil disobedience campaign can be waged against segregation in universal military training, it would serve a worthwhile democratic purpose to conduct it against the program itself."

The N.A.A.C.P. has not indorsed civil disobedience, although some Negro leaders have urged it unless guarantees are made against racial separation in the armed forces.

Townsend, a Chicagoan, was principal speaker at last night's session of the association's thirty-ninth annual convention, which continues through Sunday.

Recruiting for National Guard Is Ordered Stopped by Royall

Secretary of Army Says Congress Leaders Oppose Extra Appropriation—Draft Registration to Start in August.

Washington, June 25 (A. P.).—Secretary of the Army Royall telegraphed all State Adjutants-General today to stop recruiting National Guardsmen immediately.

He told them congressional leaders will not favor extra appropriations to pay more guardsmen than the regular budget provides.

The budget for the next fiscal year provides for a total National Guard strength of 341,000. The rush of enlistments by men who otherwise would be eligible for the draft is believed to have pushed the strength nearer to 375,000. Under the provisions of the draft act, men who were not in the guard by last midnight are subject to draft.

President Truman signaled the start of the nation's second peacetime draft when he signed the two-year selective service bill into law yesterday.

Just a short time before he approved a $10,000,000,000 plus fund to build up the Army, Navy and Air Forces to a strength of 2,000,000 men.

Both actions gave support to this nation's foreign policy at a time when Russia is displaying new hostility to the presence of United States forces in Berlin and is otherwise exerting pressure against western opponents of Communist expansion.

There was no indication whether Mr. Truman discussed the latest Soviet moves in Berlin with members of the Cabinet at their regular Friday meeting at the White House. The meeting lasted half an hour.

Asked whether this came up, Secretary of Defense Forrestal replied "No comment."

Draft Announcement Soon.

Forrestal and Royall remained after the meeting to discuss the draft program with Mr. Truman. The defense secretary told newsmen he probably will have an announcement next week on draft plans which are still being worked out.

Royall's telegram to the Adjutants-General commended the guard for coming up to full scheduled strength, but he added:

"On the other hand, if the ceilings have been exceeded, there should be no further recruiting until normal attrition has reduced the strength below the ceiling.

"In this connection leaders of the armed services committees of Congress have indicated today that they will not favorably consider deficiency appropriation requests to cover strengths greater than those provided for in appropriations for fiscal year 1949."

Registration for the draft will get under way as soon as the nationwide machinery is set up—perhaps about August 16—some 4,000 local draft boards must be organized to handle the thousands of men 18 through 25 who must sign up.

But new draftees won't start marching off to training camps until September 22, or later. The law provides that ninety days must elapse between enactment of the bill and the order to shoulder arms.

Up to 225,000 men 19 through 25 may be called up for twenty-one months' service—mostly in the Army—in the first twelve months. Another 161,000 youths 18 years old may volunteer for one year's training to escape drafting later.

But the 18-year-old volunteers must put in six extra years in the reserves. All draftees must service at least three years in the active reserves, or five years in inactive reserves after their twenty-one-month hitch.

U.S. Frees Rail Goods For Poland

Washington, June 25 (AP)—The Commerce Department today authorized export of $12,000,000 worth of railway equipment to Poland in a move to get more coal from that Soviet-dominated country for the sixteen European recovery plan nations.

Shipment of this equipment had been held up since March 1, when the department clamped a virtual ban on export of industrial goods to the Soviet bloc countries.

The department disclosed in response to an inquiry today that it had granted licenses to export the following to Poland:

Spare parts for locomotives, valued at $1,000,000; material for construction of railroad tracks and bridges, $2,700,000 and equipment for railway repair shops, $7,300,000.

Export-Import Bank Loan

The entire $12,000,000 worth of equipment is being financed by a loan the Government granted Poland last year through its Export-Import Bank.

The loan covered $40,000,000 worth of coal mining and transport equipment altogether, but $28,000,000 worth of the goods had been delivered to Poland before the clampdown on industrial goods shipments on March 1.

Major purpose of the clampdown, as explained officially, was to prevent shipments to Soviet-controlled countries that "might contribute to their war potential."

Friendship Train Gets Green Light

Washington, June 25 (AP)—A proposed 48-car friendship train from France got a clear track signal today for a prospective tour of the United States.

The French have proposed to load the train with champagne, perfume, chic Parisian hats and other typical French products. It would be sent to the United States in gratitude for the American friendship train which took food and other supplies to war-torn Europe.

A Senate-House resolution per-

mitting the train's luxury cargo to enter this country duty free was signed into law today by President Truman. Such duties had been considered a possible block to the French plan for sending the train.

Under the proposal, the train would visit each of the 48 states carrying gifts which would be auctioned off. The proceeds would go to local charities.

Van Why, Stroudesburg, Va.

Press Officer Michael J. McDermott said that the quintet entered the Yugoslav zone in a small boat and added, "their purpose was merely to go swimming at a beach at Capo d'Istria."

While they were swimming, the Yugoslavs swooped down on the scene, seized the whole group and took them off to jail. American military chiefs immediately began

Slavs Seize Five GI Swimmers And Start a Diplomatic Battle

WASHINGTON, June 25 (AP)—Five American soldiers who went swimming in troubled waters got caught by the local cops and were hauled off to an alien clink today became the center of a diplomatic to-do between the United States and Yugoslavia.

The state department told the story—an "ole swimmin' hole" yarn with an international twist. The five were arrested in the Yugoslav area of the free territory of Trieste June 16 and have not yet been released. The state department said they have been held too long. It ordered Ambassador Cavenish Cannon at Belgrade to deliver an indignant protest and demand freedom for the boys.

In addition to all this the story has a spy angle—propaganda spy, that is—which would only be possible at some such place as the incredible city of Trieste. You will remember Trieste as the little shipbuilding city at the head of the Adriatic which both Italy and Yugoslavia tried to get out of the satellite peace conferences a year or more ago.

Unable to make a Solomon's decision as to who should get it, the big four powers decided to make the city and some miles around a "fre territory". Today it is anything but "free", being occupied by thousands of Yugoslav troops on one side and thousands of British and American troops on the other. Feelings run high.

On June 15 the five Americans decided to go swimming. They were listed as T-4 George C. Wilson of Southern Pines, N. C. T-5 Augustine Santana of New York, T-5 Jarvis L. Caulnier of Manchester, N. H. Private Gordon J. Foster of Falls Church, Va., and Private Archie M.

demanding the return of the men. The Yugoslavs told the Americans not to worry, that they would be sent home "unharmed" in due course.

McDermott said the protest and direct demand for release to the Yugoslav government at Belgrade were determined upon because of the "prolonged detention."

Meanwhile, the spy angle has developed. A few days ago, according to the state department, a communist newspaper in Trieste published stories that the five men were espionage agents. This ties in with Yugoslav propaganda charges that British and American soldiers are always popping over the frontier to spy on the Yugoslavs and generally make trouble.

McDermott stressed in this connection that the purpose of the five "was merely to go swimming." Asked why they chose a beach across the Yugoslav zone boundary McDermott said he didn't know but "perhaps it was a hot day in Trieste."

The communist paper, for a reason best known to itself, gave its report of the incident a festive air by publishing a picture of the five soldiers in detention. It did not show them looking glumly out of barred windows. It showed them drinking beer with their guards.

Truman Gives Congressional Medal Of Honor To 3 Heroes

Washington, June 25 (AP)—President Truman today awarded the Congressional Medal of Honor—highest award in the nation's keeping — to three outstanding heroes of World War II.

Francis J. Pierce, former pharmacist's mate first class, was cited for gallantry beyond the call of duty during the Iwo Jima campaign in March, 1945.

A resident of Earlville, Iowa, he was discharged in 1945 to become a member of the Michigan State police.

The other medals were awarded to Staff Sergt. John R. Crews, of Oklahoma City, Okla., who braved the crossfire of German machine guns near Stein, Germany, and, though severely wounded, cleared out a series of foxholes and put twoscore German snipers to rout.

President Awards Medals

The third medal went to Lieut. Com. Jackson Charles Pharris, retired, of Long Beach, Cal. He was cited for gallantry at Pearl Harbor, December 7, 1941, while attached to the USS California.

Mr. Truman awarded the medals in a brief ceremony in the rose garden of the White House. It was attended by families of the three men and high ranking Cabinet, Army and Navy officials.

Pierce holds the Purple Heart medal, the Presidential Unit Citation Ribbon of the 4th Marine Division, the American area campaign medal, the Asiatic-Pacific area campaign medal with four stars and the World War II Victory Medal.

His citation said he was under almost continuous fire while carrying out "dangerous volunteer assignments" during the Iwo Jima campaign and risked his own life many times to aid his wounded comrades.

Drew Fire, Company Advanced

Crews's heroism caused the enemy to concentrate on him and permitted his company to move forward into the village of Lobenbacherhol, his citation said.

Pharris, then a gunner, was in charge of the ordnance repair party on the California when a Japanese torpedo struck almost directly under his station. He set up a hand-supply ammunition train for the anti-aircraft guns.

His citation said he saved many shipmates from death "and was largely responsible for keeping the California in action during the attack."

ILO Delegate Backs Marshall Plan

San Francisco, June 25 (AP)—The Marshall plan has the support of the great majority of the world's trade unions, says George Alfred Isaacs, British Government delegate to the International Labor Organization.

Addressing a plenary session of the ILO, Isaacs yesterday attacked "those who appear to have an interest in staving off recovery and economic stability" in Europe.

Trade unions have approved the Marshall plan, he said, "because they have examined the plan freely within their own organizations and have come freely to the conclusion that the plan was calculated to promote the economic health of Europe, and not its economic exploitation or its political dominations."

Reds Truly Want Mundt Bill Passed, Socialist Rival Says

Tamiment, Pa., June 25 (AP)—Norman Thomas, presidential standard bearer of the Socialist party, says he believes "the Communist leaders desire the passage" of the Mundt-Nixon bill.

Repeating his opposition to the Mundt-Nixon bill, Thomas told the opening session of the fourteenth annual Tamiment Social and Economic Institute yesterday that he considers the measure "an extraordinarily poor piece of tactics in the struggle against Communist totalitarianism."

"They (the Communists) could evade its penalties," Thomas said, by going underground more sucessfully than could more innocent citizens.

Propaganda Issue

"They would become martyrs at a cheap price and the Communist movement throughout the world would have a propaganda issue against the United States of tremendous value to the Soviet Union in the current cold war."

In another address, Eliahu Ben-Horin, author and authority on the Middle East, told the conference "the campaign conducted now on the quiet aimed at whittling down the area of Israel is doomed to failure."

"It will be Britain," he said, "who will ultimately come to terms with Israel, and it will not take too long before this occurs."

WAR BOOTY AUCTION NETS $188,435 FOR UN

NEW YORK, June 25 (AP)—A United Nations auction of Nazi booty ended today with receipts of $188,435, which will be used for the benefit of European war victims.

The week-long auction at the Parke-Bernet galleries brought $98,885 for jewelry and precious stones and $89,550 for porcelain and silverware.

The valuables were part of unclaimed Nazi war booty recovered in Germany by occupation authorities and turned over to the U. N. international refugee organization for disposal.

4 GI Brothers' Funeral Set

Tremonton, Utah, June 25 (AP)—The four Borgstrom brothers, who gave their lives in separate battles from Guadalcanal to Germany, are together again.

The sons of Mr. and Mrs. Alben Borgstrom separated October 12, 1940, when the oldest enlisted in the Marine Corps. They had their picture taken together at a photo studio that day.

Today their bodies, home after honored escort from their temporary graves overseas, lay side by side in flag-draped caskets.

General Clark To Attend

And tomorrow Gen. Mark Clark, 6th Army commander; Gov. Herbert B. Maw of Utah, President George Albert Smith, of the Latter-Day Saints (Mormon) Church, and other dignitaries will honor them in full military funeral services.

The four brothers were killed within less than six months in 1944.

Pfc. Clyde E. Borgstrom fell with the Marines on March 17 in the Solomons.

Pfc. Elmer Leroy Borgstrom was killed in Italy with the 91st Infantry Division on June 22.

Sergt. Rolon Borgstrom's bomber limped back to England from a raid over Germany on August 8 with his body in its riddled fuselage.

Pfc. Rulon Borgstrom, Rolon's twin brother, died seventeen days later of wounds he received while the 38th Infantry, 2d Division, was attacking LeDreff, France.

Colonel's Explanation

Col. Leonard R. Crews, commanding officer of the 6th Army Escort Detachment at Ogden, Utah, explained the reason for the solemn two-day rites.

"This is the only four Gold Star family on record in World War II," he said.

"Only the five Sullivan brothers, who all were in the Navy and were serving on the same ship when it was sunk, constituted a greater loss. The Borgstrom boys were in separate branches of the service and in separate theaters of action, making it important that we give them all possible honor."

[The five sons of Mr. and Mrs. Thomas F. Sullivan, of Waterloo, Iowa, sank with the cruiser Juneau in the Battle of the Solomons in November, 1942.]

London, June 25-(AP)-A British official said tonight the cabinet has agreed that there could be NO question of Britain "shooting it out" with Russia in order to stay in Berlin.
But after three emergency sessions in the past 24 hours, the cabinet apparently had NOT decided what course to take in the current crisis with Russia.
Other official sources indicated the cabinet has decided it will either have to capitulate with the Russians or get out of Berlin.

JUN 1948

Government informants said British policy is being ~~mapped~~ shaped primarily by two factors:

1. That the western powers can NOT easily afford to quit Berlin now because they would suffer great loss of prestige.

2. The realization that the western powers, by seeking a compromise, might be maneuvered into broader talks on an all-German settlement. In effect, this MIGHT either postpone or throw out the six-power London pact to federalize western Germany.

Government officials said the Berlin impasse ~~between the east and west~~ could NOT be divorced from the Soviet-sponsored foreign ministers meeting in Warsaw. The ministers issued a ~~communique~~ communique suggesting renewed big four talks on Germany.

JUN 1948

British officials conceded the Russians had scored a "diplomatic and propagandistic victory" in organizing the conference and issuing a joint communique.

THEY SAID THE SOVIET SUGGESTION FOR A FOUR-POWER AGREEMENT ON AN ALL-GERMAN GOVERNMENT WAS "EXTREMELY CLEVER" BECAUSE IT BACKED AN OFFICIALLY EXPRESSED FRENCH DESIRE TO RENEW BIG FOUR TALKS ON US GERMANY. THE FRENCH PARLIAMENT, IN ACCEPTING THE LONDON AGREEMENT FOR A WEST GERMAN GOVERNMENT, ADDED A CONDITION THAT THE WESTERN POWERS AGAIN TRY TO REACH AGREEMENT WITH THE RUSSIANS.

Berlin, June 25--(ap)--Dr. Lester K. Ade, former state superintent of education in Pennsylvania, was arrested by the Russians today and held five hours before being released.

He said his companion, Dr. Lucille Allard, coordinator of education at Garden City, N.Y., also was detained.

They were picked up while driving through the Russian sector of Berlin to visit the pedagogical university there.

Dr. Ade, whose home is in Williamsport, Pa., is deputy chief of the American military government's education branch.

[redacted] JUN 1948

Soviet authorities did NOT tell them why they were held.

Dr. Ade told the following story after his release:

"We had just passed through the Brandenburg in the center of Berlin when a car with a Russian lieutenant and four soldiers ordered us to halt. They took us to a small police station first and then to the Russian kommandantura itself where they put us through a real ordeal for five hours.

"They did NOT push us around but they asked dozens and dozens of questions in an obvious attempt to get information. They also moved us from room to room and finally put us in a dark cell for about an hour. It seemed like a [redacted] day.

"Finally the Russians let us out. They merely said, 'you're free' without giving any explanation for our detention. Now I know what the iron curtain means."

Dr. Ade said the Russian interpreter was a "very smart young woman graduate of the University of Moscow who asked me whether Wallace had a chance to win the presidential election."

Dr. Ade is surveying German teacher training. Dr. Allard is visiting the [redacted] military government as an expert consultant on education.

The provost marshal's office revealed earlier that five other Americans, including a constabulary patrol, had been picked up by the Russians and then released. [redacted] U.S. officials said the arrests appeared to be retaliatory measures for the detention of Russians on speeding charges during a U.S. army safe driving campaign.

The U.S. patrol, one of those touring the American sector, was held for 17 hours.

Four other U.S. soldiers were released last night more than 24 hours after they were arrested by Soviet military police. The Russians indicated they were detained for a traffic violation.

Eight Russians, including a lieutenant, two non-commissioned officers and three enlisted men, were booked tonight for speeding and then released.

"The difference is," one U.S. official said, "we notify the allied kommanda tura and turn over any Russians picked up almost immediately in accordance with the four-power agreement here.

One of the Americans arrested today was V. N. Kovacic of (7510 113th Place) Forest Hills, N.Y., who is liaison officer for the military government's public safety branch at the Berlin city police headquarters. Kovacic was held briefly by the Russians and then released.

Dr. Allard told ABC correspondent Lyford Moore tonight that during her detention she had flatly refused an order by a Russian soldier to wash the floor of the kommandatura.

She said when the soldier ordered her to join German prisoners washing the floor, she refused saying "I'm not a prisoner, I'm an American."

The Russian then shrugged and left the room, Dr. Allard said.

A NEW LAW FORBIDS ANY ARMED FORCE OUTSIDE THE ARMY AND CLASSES DISOBEDIENCE TO CIVL LAW AS TREASON.

UNDER THIS LAW ISRAELI TROOPS HAVE BEEN ROUNDING UP SCORES OF IRGUNISTS WHO HAD REMAINED IN THEIR FRONTLINE POSITIONS WITH THE ARMY. MOST IRGUN TROOPS LEFT THE LINES YESTERDAY, AFTER THEIR LEADERS ORDERED THEM TO WITHDRAW FROM THE ISRAELI ARMY.

THE GOVERNMENT WON A 24 TO 7 VOTE OF CONFIDENCE OVER THE IRGUN CRISIS YESTERDAY FROM ISRAEL'S PROVISIONAL PARLIAMENT. THERE WERE SIX ABSTENTIONS.

TWO CABINET MINISTERS RESIGNED WEDNESDAY, IN PROTEST AGAINST AN ARMY ATTACK ON AN IRGUN MUNITIONS SHIP IN TEL AVIV HARBOR TUESDAY. IT IS ESTIMATED 12 WERE KILLED AND 40 WOUNDED IN THE FOUR-HOUR BATTLE, WHICH RESULTED IN THE ARMS SHIP BEING BLASTED AND SET AFIRE BY ISRAELI MORTARS.

FOLLOWING THE RESIGNATIONS PRIME MINISTER DAVID BEN-GURION WARNED ISRAELI LEGISLATORS THAT SURVIVAL OF THE NEW JEWISH STATE IS MENACED BY IRGUN. HE BLUNTLY CONDEMNED THE "RISING OF ARMED GANGS" IN ISRAEL, WHICH HE SAID THREATEN "OUR ENTIRE WAR EFFORT."

BEIGIN ASKED HIS IRGUN FOLLOWERS NOT TO FIGHT ISRAELI SOLDIERS WHILE THE STATE IS "ENGAGED IN WAR WITH THE ARABS AND BRITISH", BUT HE ALSO HAS THREATENED TO REPLY TO FORCE WITH FORCE.

IN A COMMUNIQUE BEIGIN SAID "WE PREFER CONCENTRATION CAMPS, WHICH WE EXPECT BEN-GURION WILL START ERECTING SOON, TO PARTICIPATION IN SUCH A GOVERNMENT."

TEL AVIV, ISRAEL, JUNE 25-(AP)-A CRITICISM THAT ISRAEL MADE NO MENTION OF GOD, IN DECLARING ITS INDEPENDENCE, WAS FOUND TODAY TO BE BASED UPON AN OMISSION IMPOSED BY CENSORSHIP.

THE MAGAZINE CHRISTIAN CENTURY, A NON-DENOMINATIONAL RELIGIOUS ORGAN PUBLISHED IN CHICAGO, SAID RECENTLY THAT THE DECLARATION OF INDEPENDENCE CONTAINED NO REFERENCE TO THE DEITY. THE MINNESOTA RABBINIC ASSOCIATION OBJECTED THAT THIS WAS INCORRECT.

AN INVESTIGATION HERE SHOWS THAT A MENTION OF GOD WAS DELETED BY CENSORSHIP WHEN THE TEXT WAS TRANSMITTED BY THE ASSOCIATED PRESS MAY 14. THE CHARTER OF FREEDOM, AS READ BY PRIME MINISTER DAVID BEN-GURION, CONCLUDED:

"WITH TRUST IN ALMIGHTY GOD, WE SET OUR HANDS TO THIS DECLARATION AT THIS SESSION OF THE PROVISIONAL STATE COUNCIL IN THE CITY OF TEL AVIV ON THIS SABBATH EVE, THE FIFTH DAY OF IYAR, 5708, THE 14TH DAY OF MAY, 1948."

THE OUTBREAK OF HOSTILITIES BETWEEN JEWS AND ARABS CAME A FEW HOURS AFTER BEN-GURION'S PROCLAMATION. THE JEWS HAD ANTICIPATED THE START OF THE FIGHTING AND BEFORE BEN-GURION SPOKE CLAMPED A RIGID CENSORSHIP ON ALL NEWS DISPATCHES. CENSORS WERE INSTRUCTED TO STRIKE OUT ALL INDICATIONS OF WHERE AND WHEN THE INDEPENDENCE CEREMONY WAS HELD. THIS WAS BECAUSE THE JEWS FEARED THE ARABS WOULD BOMB ISRAEL'S HEADQUARTERS CITY.

THE CENSOR WHO HANDLED THE TEXT SENT BY THE AP FOLLOWED THE RULE TO THE LETTER, CUTTING OFF THE ENTIRE LAST PARAGRAPH OF THE DECLARATION BECAUSE IT MENTIONED "TEL AVIV" AND "THE FOURTEENTH DAY OF MAY." #

JERUSALEM, JUNE 25-(AP)-JEWS ARE BECOMING INCREASINGLY CONVINCED THAT THE JEWISH SECTION OF JERUSALEM SHOULD BECOME PART OF ISRAEL, A JEWISH AGENCY SPOKESMAN SAID TODAY.

ACKNOWLEDGING THAT THE JEWS STILL ARE FORMALLY BOUND TO THE PRINCIPLE OF INTERNATIONALIZATION OF JERUSALEM, THE SPOKESMAN TOLD NEWSMEN:

"THE PARTICULAR ESTEEM AND REVERENCE IN WHICH JERUSALEM IS HELD BY NATIONS AND CREEDS THE WORLD OVER DID NOT PREVENT THE WORLD FROM LOOKING ON WHEN BRITISH GUNS AND ARAB SOLDIERS DESTROYED MUCH OF THE JEWISH SECTION OF THE CITY."

HE SAID THAT WHILE THE UNITED NATIONS DECIDED LAST FALL TO INTERNATIONALIZE THE HOLY CITY NOTHING HAS BEEN DONE TO CARRY IT OUT.

THE SPOKESMAN SAID IT IS NECESSARY THAT FREE ACCESS BE REESTABLISHED TO THE JEWISH WAILING WALL IN THE ARAB-HELD OLD WALLED CITY.

HE SAID THE DESIRE TO INCORPORATE JEWISH JERUSALEM INTO ISRAEL WAS SHOWN BY JEWISH AGENCY CIRCLES IN JERUSALEM, ISRAEL'S GOVERNMENT IN TEL AVIV, AND THE JEWISH PEOPLE IN GENERAL.

THE PALESTINE POST, JEWISH AGENCY SEMI-OFFICIAL ORGAN, ENLARGED ON THE SPOKESMAN'S THEME TODAY.

"FOR THE SAKE OF COMPROMISE AND THE SAKE OF PEACE IN JERUSALEM," THE POST SAID, "THE JEWS ACCEPTED THE SEVERANCE OF ORGANIC CONNECTION OF JERUSALEM WITH THE REST OF PALESTINE, AND SACRIFICED THE LIVING INTERESTS OF THE PEOPLE OF JERUSALEM."

THE PAPER SAID THE JEWS NOW FIND THE BASIC REASON FOR THE DECISION DESTROYED.

"NOT ONLY HAS THE SACRIFICE OF JEWRY NOT PROVIDED PEACE IN PALESTINE," THE POST SAID, "IT HAS NOT EVEN SECURED THE PEACE OF JERUSALEM ITSELF."

THERE ARE 100,000 JEWS IN JERUSALEM.

He said he was [redacted] among 20 [redacted] Americans, mostly Jews, who voluh teered for the George Washington Legion in New York to fight the Arabs.

"Most of us want [redacted] to go home now," he [redacted] added.

"We didn't know anything of this political stuff between Irgun and Haganah in new york," salzman said. "the americans were stupified when the army began firing on us when we first beached the ship near [redacted] natanya and began unloading. and we certainly didn't expect the ship loaded with all [redacted] those arms to be shelled and set afire at tel aviv.

"I think irgun was trying to make a deal and didn't believe the [redacted] army would really stop us from unloading."

salzman said "practically none" of the american volunteers would man guns and shoot against the jewish army during the battle.

"we cam over to fight arabs for the defense of the jewish state," he said. "we were NOT going to fight jews. most of us wounded want to go back to the states, but we'll continue to work for the cause."

JUN 1948

salzman, wounded at Guadalcanal and Guam, was hit by a bullet in the right hand. During the voyage he formed a "commando" group of some americans and englishmen on board, and they planned to join the army. he said during the battle he was in charge of the ship's defense, consisting mostly of machineguns.

Salzman and three other wo nded Americans in a hospital here said they had received excellent care since theu swam away from the burning ship. Theye did NOT know if any other American volunteers or crew members were wounded or killed.

JUN 194

Most seriously wounded was Vincent Poveromo, 29, of (136 2 41st St.) Brooklyn. A paratrooper in the office of strategic services in Europe during the war, Poveromo had three bullet wounds in his right shoulder,

one in his left, and a fractured right leg which was struck by shrapnel.

Poveromo was cheerful during an interview and doctors said he is out of danger.

Joe Levin of (59 W. 176th St.) New York, celebrated his twenty-second birthday today. There was NO party, but Joe said his best birthday present was "still behg alive." Levin, who served two years in the army air forces medical corps, was in charge of the ship,s first aid station during the beach battle.

"I was taking care of Jake Horn when a shell or armor piercing bullet hit the bulkhead and steel splinters hit me in the pelvic region," Levin said. "My parents don't even know I'm here, but if they read about it I want them to know I'M all right." He was the least wounded of the four. Horn, who was

being treated by Levin, is 20 years old. He received a flesh wound in his left arm. Horn's home is Long Beach, N.Y.

JUN 1948

Salzman told of the escape fromthe ship. He said the Americans went off the stern and "most of us swam ashore."

"I saw plenty of action and worse fire with the marine corps in the Pacific," he said, "but that was as tough a spot as I've ever been in. We felt pretty defenseless sitting on that beached ship."

(NY) RUSSIA'S STARVATION TACTICS IN BERLIN WERE DEFIED YESTERDAY (FRI) BY THE AMERICAN COMMANDER IN THE CITY WHO TERMED THEM "STUPID AND BRUTAL." COL.FRANK HOWLEY, IN COMMAND OF THE AMERICAN SECTOR, PREDICTED GRIMLY:

"THE PEOPLE OF BERLIN WILL NOT BE PERMITTED TO BE DEPRIVED OF FOOD."

HOWLEY SAID AIRBORNE SHIPMENTS OF MACHINERY AND PRODUCTS INTO BERLIN WOULD AID THE CRITICAL CONDITION OF BERLIN MANUFWKTURERS, AND STYMIE RUSSIA'S PLAN TO MAKE WESTERN BERLIN DEPENDENT ON THE SOVIET ZONE.

DRUGS, ELECTRICAL EQUIPMENT AND MANUFACTURED FOODS WILL START TO GO IN BY AIR TOMORROW. FOOD WAS NOT MENTIONED.

THE RUSSIANS, MEANWHILE, DISCONTINUED THEIR CONTRIBUTIONS TO THE CITY'S FOOD POOL FROM WHICH THE THREE WESTERN ZONES HAVE RECEIVED FOOD FROM THE EAST. THEY ALSO STOPPED ALL BROWN COAL--LOW-GRADE, INDUSTRIAL COAL--INTO THE CITY FROM THE EAST. THIS WOULD SERIOUSLY EFFECT INDUSTRY AND POWER GENERATING FACILITIES.

WITH ONLY A 30-DAY SUPPLY OR LESS OF FOOD, THE 2,000,000 GERMANS IN THE WESTERN ZONES OF THE CITY FACED TOUGH GOING, FOR THEY NORMALLY CONSUME 2,000 TONS OF FOOD A DAY.

ALTHOUGH THE WESTERN ALLIES HAVE ANNOUNCED THEIR INTENTION TO STAY IN THE CITY, NOTHING HAD BEEN DONE YET TO CRACK THE RUSSIAN BLOCKADE.

AFTER THREE EMERGENCY SESSIONS IN LONDON THE BRITISH CABINET APPARENTLY HAD NOT DECIDED WHAT TO DO ABOUT THE RUSSIANS. ONE OFFICIAL SAID THERE COULD BE NO QUESTION OF BRITAIN SHOOTING IT OUT WITH RUSSIA IN ORDER TO STAY IN BERLIN. OTHER OFFICIAL SOURCES SAID THE CABINET HAS DECIDED IT WILL HAVE TO COMPROMISE WITH THE RUSSIANS OR LEAVE BERLIN.

THE U.S. AND BRITISH MILITARY GOVERNORS ANNOUNCED A PLAN TO SET UP A THREE-POWER MILITARY GOVERNMENT IN WESTERN GERMANY, INCREASING THE POWERS OF THE GERMANS, AND PUTTING THE MILITARY GOVERNMENT IN THE POSITION OF SUPERVISORS.

THE WARSAW CONFERENCE AGREED UPON ONE MORE TRY FOR GERMAN UNITY. THE FACT REMAINED THAT RUSSIA HAS BLOCKED EVERY PREVIOUS ATTEMPT OF THE WESTERN POWERS TO ATTAIN THAT UNITY AND A GERMAN PEACE TREATY. THE WESTERN POWERS HAVE AGREED TO ESTABLISH A STATE IN WESTERN GERMANY.

have to be on a price basis.

Hensel said Peron already realized the grain supply position and is taking it into account.

Peron said Argentina will attempt direct dealings with European nations. Hensel said this is in perfect accord with the Marshall plan, which calls for Europe to buy as much grain as possible with its own money and finance such sales with exports.

Hensel said the U.S. wants to be sure part of the Marshall plan billions will return to the U.S. as payments for debt service and profits made by U.S. firms abroad. He said the U.S. also wants some of the dollars turned over to private foreign traders to finance general world trade among all countries.

Peron talked of Argentine economic future yesterday with domestic and foreign business men. He told manufacturers they need to increase their output. They replied that the yield from labor has fallen off 40 per cent Peron denied this, saying the decrease was only 17 per cent. The general labor federation later issued an appeal to union members to increase their

efficiency and reduce absenteeism.

Peron offered to have the labor department deal with heads of U.S. packing houses here on labor. The packinghouse heads told the president labor trouble is slowing production. They also asked and were promised a share of the $40,000,000 to be paid by England to cover increased costs of producing meat.

The new exchange rate of 4.81 pesos for $1 u.s. in checks remained unchanged since June 23.

The Buenos Aires stock exchange was quiet. Exchange houses increased their offers to buy dollar currency to six and a half pesos per dollar. Currency has been bringing higher prices than checks because checks must be sold at a rate around the government quotation while currency is sold on a supply and demand basis.

British General Demands End Of Soviet Blockade of Berlin

Robertson Calls on Russians to Lift Siege or Take Blame for German Misery—Douglas Confers With Bevin.

Berlin, June 26 (A. P.).—The British commander in Germany, Gen. Sir Brian Robertson, demanded today that the Russians lift their land blockade of traffic to Berlin. Otherwise, he said, the Russians must take the blame for German suffering.

Robertson sent a letter to his Soviet counterpart, Marshal Vassily D. Sokolovsky, saying:

"The interruption of essential freight cannot be held to be a measure necessary to protect the currency position of the Soviet zone."

Meanwhile, Great Britain accused the Soviet Union of trying ruthlessly to create a state of siege.

With the Western Powers in consultation over their next step, the British Foreign Office said the Soviet campaign, "by starving the helpless civilian population" of Berlin, seeks to gain political advantage at the expense of the West. The statement added:

"We intend to stay in Berlin."

This backed up an earlier statement by Gen. Lucius D. Clay, United States Military Governor, that no action short of war could drive the Americans from Berlin.

Coincides With Currency Action.

The Berlin blockade coincides with the Western Powers' currency reform, and efforts by Russia and the Western Powers to put their own brands of currency in circulation here. Money black markets were offering up to twenty-five Russian marks for one Western mark in the Western sectors of Berlin today; until last week the marks issued on both sides of the occupation line had equal value.

As another angle of the Western zones' currency reform, Germans there were told they will get back one new Deutsche mark for ten old Reichsmarks. This will be the conversion rate for an unspecified number of marks after sixty old marks have been traded in for Deutsche marks on a one-for-one basis. No rate was set for international exchange, but the indicated goal is a mark valued at 30 cents. Present foreign exchange transactions are calculated at the 30-cent rate.

The British statement on Berlin, issued in London, said:

"Attention has been called to a report in Tagliche Rundschau (official Soviet paper in Berlin) which presumes to define the attitude of his Majesty's Government to recent events in Berlin.

"The report is completely untrue and is very far from representing his Majesty's Government's real attitude.

"The opinion of the whole world will condemn this ruthless attempt of the Soviet Government to create a state of siege in Berlin and so, by starving the helpless civilian population, to secure political advantages at the expense of the other Allied Powers."

Douglas and Bevin Confer.

The Tagliche Rundschau had quoted British circles as saying Britain is considering methods of getting out of Berlin.

United States Ambassador Lewis W. Douglas called on Foreign Secretary Ernest Bevin in London for consultations on the tense situation.

An official American spokesman at military headquarters here said there has been no word from any source of Russian plans to lift their land embargo against shipments to Berlin.

United States authorities started flying drugs into the city to fight the squeeze, which took the form of a rail freight blockade and a cessation of food and brown coal supplies from the surrounding Russian zone.

The Americans also announced plans to fly in powdered and condensed milk for German babies. Supplies of fresh milk have been shut off with other food supplies for some 2,000,000 Berliners in the city's Western sectors. A barge was reported to have arrived from Western Germany with grain and flour today, but there was no sign of a letup of the land embargo.

More on New Marks.

The Allied announcement on money changing said half the converted Deutsche marks will be credited to a free Deutsche mark account for immediate use. How many will be converted is not yet known as the Germans had until noon today to file statements of their holdings. The other half will go into a blocked Deutsche mark account and will be released as economic conditions permit.

The announcement made no mention of Berlin, where the three Western sectors introduced the Deutsche mark soon after the Russians announced a separate Soviet-sponsored money reform. Western officials here said they presumed the new rate would apply eventually to western Berlin.

Berlin newspapers said last night the city council plans to ask the United Nations to consider the city's plight. Social Democrats, the majority party, earlier pleaded for world help to "liberty-loving Berliners."

The American and British governors made public a plan for a three-Power military government of western Germany that would give the Germans more power. They said military government staffs would be cut and their functions reduced to mere supervision.

called on the Russians to lift their week-old food blockade of the three western sectors at once or take the blame for starving 2,000,000 Germans.

Barge Reaches Berlin

One headline in the Russian-controlled press here over a London dispatch said "England wants

JUN 1948

no war over Berlin. British Government puts out feelers to Paris and Washington."

Diplomats were quoted in Paris as saying they believed the Western Allies would be in Berlin only a short time now, because "they don't want to go to war for Berlin."

Earlier, however, the British Foreign Office formally declared "the statement that we intend to stay in Berlin holds true." The statement accused the Russians of carrying on a "ruthless attempt" to impose a "stage of siege" on the city for political advantages.

A barge carrying 300 tons of grain for the Berlin population and two trains bringing potatoes reached the city from the west today, but there was no indication the Russians were letting up on their stranglehold.

Russia Increases Propaganda

Thirteen more barges were reported en route, but Allied officials said these shipments had been started in the Soviet zone before the blockade was imposed and had been "in the pipeline" for a week.

Contrary to any signs of the Russians relenting, they increased their propaganda campaign to oust the three Western powers.

Wilhelm Pieck, Kremlin-trained chief of the Socialist Unity party, summoned foreign newspaper men and told them there would be "unrest" in Berlin until the Western Allies leave.

His remarks suggested Communist cohorts were ready to stage a series of demonstrations against the Western powers.

The American flights bringing in powdered and canned milk were for German babies who can get no fresh milk now that the Russians have stopped the flow from dairies in their zone.

Supplying 10,000 Americans

The Army promised Germans that prunes and army "C" rations—biscuits, sugar and coffee or lemon powder—would be issued for the next three days.

Official sources said the American Air Force beginning Monday would double its flights to Berlin to 100 a day to bring in food and as many other "essential items" as possible. These will carry about 200 tons a day. But American experts declared it would be impossible to bring in all the 2,000 to 2,500 tons of food daily needed by western Berlin's population.

The United States Air Force already is supplying the 10,000 Americans here.

Russ Measures Boomerang

Col. Frank Howley, United States Berlin commandant, said some of the Soviet measures boomeranged.

The Russian embargo on freight trains fro mthe West shut off Ruhr coal. The coa lshortage reduced gas production and forced curtailment of service in suburban Babelburg where Marshall Sokolovsky resides.

When the Russians blockaded medicinal supplies to western Berlin, the Americans shut off penicillin and insulin from the Soviet sector. The Russians were reported badly in need of these supplies.

The Berlin surface transport lines announced tonight it was cutting its service to the western sectors immediately because of the power shortage.

Berlin Plagued By Rumors

United States military officials said the Russian blockade had been marked by an increase in orders in the United States for CARE (Cooperative for American Remittances to Europe) gift food packages to be sent to aid German friends and relatives here.

Americans have been sending 25,000 to 30,000 packages a month to Berliners. The shipments are now held up by the Russian blockade, but American officials said they will come in by air if the Soviet ban continues.

Woried Berliners were plagued by rumors. One rumor said the Russians had given the Western Allies 60 hours to leave the city.

One well-informed German official commented that if the three powers "pull out it means war in the next few years."

Lifting Of Berlin Blockade Demanded By British; Americans Fly In Powdered And Canned Milk And Army 'C' Rations

Berlin, June 26 (AP)—The Americans flew in powdered and canned milk and promised army "C" rations for civilians in the Russian economic blockade of Berlin today.

A Flying Fortress brought medical supplies in the first of several such flights to bring in vitally needed goods to keep the city's economy going.

But these were makeshift measures and the British commander

Food-Parcel Orders Increased By Blockade

Berlin, June 26 (AP)—The Russian blockade of Berlin has prompted American citizens to increase their orders for gift-food parcels to aid friends and relatives here, United States Military Government welfare officials said today.

The rise was first noticed in orders for CARE (Co-operative for American Remittances to Europe) food packages which can be sent by cable. A rise was also anticipated in parcel post food shipments.

American citizens have been sending an average of 25,000 to 30,000 parcel post packages monthly to Berliners. These are now held up at the Soviet zone borders because of Russian imposed traffic restrictions upon Berlin.

CARE packages purchased by Americans are distributed to Berliners at the rate of about 25,000 monthly. About one month's normal supply is stocked in warehouses here. Ordinarily CARE shipments come in by barges but if the Russian interference with waterborne freight for Berlin continues CARE packages will come in by air, American authorities said.

State Of 'Siege' Is Soviet Aim, London Says

Berlin, June 26 (AP)—The Russians' land blockade of Berlin continued today, and Britain accused the Soviet Union of trying ruthlessly to create a state of siege.

With the Western powers in consultation over their next step, the British Foreign Office said the Soviet campaign, "by starving the helpless civilian population" of Berlin, seeks to gain political advantage at the expense of the West. The statement added:

"We intend to stay in Berlin."

Demand On Russ

Meanwhile, the British commander in Germany, General Sir Brian Robertson, demanded that the Russians lift their land blockade of traffic to Berlin. Otherwise, he said, the Russians must take the blame for German suffering.

Robertson sent a letter to his Soviet counterpart, Marshal Vassily D. Sokolovsky, saying:

"The interruption of essential freight cannot be held to be a measure necessary to protect the currency position of the Soviet zone."

Clay Is Firm

The Foreign Office declaration supported an earlier statement by Gen. Lucius D. Clay, United States military governor, that no action short of war could drive the Americans from Berlin.

The Berlin blockade coincides with the Western powers' currency reform, and efforts by Russia and the Western powers to put their own brands of currency in circulation here. Money black markets were offering up to 25 Russian marks for one Western mark in the western sectors of Berlin today; until last week the marks issued on both sides of the occupation line had equal value.

As another angle of the Western zones' current reform, Germans there were told they will get back one new *Deutsche* mark for ten old *reichsmarks*. This will be the conversion rate for an unspecified number of marks after 60 old marks have been traded in for *Deutsche* marks on a one-for-one basis. No rate was set for international exchange, but the indicated goal is a mark valued at 30 cents. *Present* foreign exchange transactions are calculated at the 30-cent rate.

British Statement

The British statement on Berlin, issued in London, said:

"Attention has been called to a report in *Tagliche Rundschau* (official Soviet paper in Berlin) which presumes to define the attitude of his Majesty's Government to recent events in Berlin.

"The report is completely untrue and is very far from representing his Majesty's Government's real attitude.

"The statement that we intend to stay in Berlin holds true.

"Helpless Population"

"The opinion of the whole world will condemn this ruthless attempt of the Soviet Government to create a state of siege in Berlin and so, by starving the helpless civilian population, to secure political advantages at the expense of the other Allied powers."

The *Tagliche Rundschau* had quoted British circles as saying Britain is considering methods of getting out of Berlin.

United States Ambassador Lewis W. Douglas called on Foreign Secretary Ernest Bevin in London for consultations on the tense situation.

An official American spokesman at military headquarters here said there has been no word from any source of Russian plans to lift their land embargo against shipments to Berlin.

United States authorities started flying drugs into the city to fight the squeeze, which took the form of a rail-freight blockade and a cessation of food and coal supplies from the surrounding Russian zone.

To Fly In Milk

The Americans also announced plans to fly in powdered and condensed milk for German babies. Supplies of fresh milk have been shut off with other food supplies for some 2,000,000 Berliners in the city's western sectors. A barge was reported to have arrived from western Germany with grain and flour today, but there was no sign of a letup of the land embargo.

The Allied announcement on money changing said half the converted *Deutsche* marks will be credited to a "free *Deutsche* mark account" for immediate use. How many will be converted is not yet known, as the Germans had until noon today to file statements of their holdings. The other half will go into a "blocked *Deutsche* mark account" and will be released as economic conditions permit.

Wilhelm Pieck, Moscow-trained leader of the Soviet-sponsored Socialist Unity party, said quiet never would return to Berlin until the Western Allies left.

The "Third Law"

The conversion rate was announced in a decree known as the "third law."

The first law authorized conversion of currency. The second authorized the Bank Deutsche Leander to issue currency.

The third law, effective at midnight tonight, not only sets the rate and conditions for exchanging marks, but also prescribes what must be done about old debts, contracts, wage scales, social insurance and other forms of insurance.

Sixty marks turned in by western zone Germans on a one-for-one basis for new marks in the initial phase of the conversion will be counted as part of the one-for-ten conversion.

Credit Balance

"Each person who has already drawn 40 Deutsche marks and the right to obtain another 20 marks later on is considered to have used up the first 540 marks in his old money credit balance," the announcement said.

"The figure here is 540 instead of 600 since due allowance is made for the 60 marks handed in, in cash, at the time the 60 Deutsche marks per capita were given or credited in exchange."

Other highlights of the new law:

Debts—In general, old Reichsmark debts unpaid on June 21 will be settled by paying one Deutsche mark for every ten Reichsmarks due, but the following types of debts will be settled by paying "one Deutsche mark for each reichmark due:"

Contract Obligations

Wages and salaries, rentals, annuities, pensions and other recurrent payments.

Obligations arising out of contracts for the purchase of goods or services, if the contracts were not fulfilled before June 21.

Certain obligations arising out of settlements between partners, coheirs, married persons, divorced persons, and parents and children.

All reichmark obligations incurred on June 19 and 20.

Currency Credits—"The old currency balances of all governmental agencies, the railway and postal administrations, the NSDAP (Nazi party), the Reich, the Reischbank, etc., will not be converted. In other words, the reichsmark accounts of these agencies will be wiped out," the announcement said.

"Funds of the occupying powers, including the reichsmarks collected for food imports, will also receive this treatment."

Mortgage Bonds—They and municipal bonds and similar types of indebtedness will be converted at the 10-for-1 rate.

Social Insurance

Social Insurance—The law states that German legislative bodies shall be responsible for reforming social insurance. In the meantime payments shall be made in Deutsche marks in the same amount as previously required in reichsmarks.

Other Types of Insurance—"The paid-in value of life insurance policies or insurance contracts will be scaled down on the basis of 1 for 10 like other private debts," the officials said. "In view of the nature of insurance," they added, "this does not mean an automatic reduction in future benefits of as much as 90 per cent."

The announcement said the currency reform laws "have been carefully designed to catch speculators and profiteers."

Prison terms up to five years and fines up to 50,000 Deutsche marks or both are provided for willful violations.

Will Allies Stick To City, Berlin People Ask

Berlin, June 26 (AP)—Worried Berliners asked one big question today—will the Western Allies leave Berlin under Russian pressure?

It is heard on all sides—in food queues, in the long lines of Berliners waiting to exchange their old money for new, in the homes and on the corners. Most of them say this:

"Food—important a problem as it may be—is secondary for the moment: After all, we've lived for years never knowing whether we would get tomorrow's food ration. We know there's enough to eat for at least the next month. And by that time the crisis may be over. But will you Westerners still be here?"

No one could yet give them the answer.

Germans Just Shrug

The 2,000,000 Germans in the western sectors of the city, most of whom haven't had a big meal in more than three years, are experiencing again the discomforts of darkened homes. Last winter it was because of a coal shortage. Now it's because of the Russian power cutoff.

And one day their gas stoves may be cold because there's no coal for gas.

In the face of this dreary outlook, most of them just shrug.

"It isn't for us to say anything," a German secretary said. "We do what we're told to do. It's just possible we could do a better job alone."

What About New Money?

What about the new currency issued by the Western Allies, which precipitated the Russian retaliations?

"It's a good thing," a waiter said. This was the general view of the western sector Berliners who exchanged their old marks for the new Deutche mark.

"The east (Soviet zone) mark is the same old mark with a stamp on it," one said. "It has only the Russian zone behind it. You can buy seven of the new Russian marks with one of these west sector marks already. [The rate was 25 to 1 on some black markets.]

Some Germans, particularly women, are worried more about a new war than their future food supply or the value of their money.

Ouster Deadline Rumored

Rumors revolve about the reported departure of British, French and American forces. One current among Germans was that Maj. Gen. Alexander Kotikov, Russian commandant in Berlin, had given the Western Allies 60 hours to leave the city.

One well-informed German said:

"The only way to deal with the Russians is on a horse-trading basis.

"The Ruhr coal will get them in the end. The Western Allies should offer to exchange one trainload of Ruhr coal for the shipment of a food train to Berlin. They can't get along forever without he coal."

G. I.'S MAKE MISTAKE; ARREST SOKOLOVSKY

Berlin, June 26 (A. P.).—Two G. I.'s of the United States constabulary this evening stopped a car for speeding in the American sector of the city and arrested the speeder. And the result was a lot of red faces in high places.

An American police official explained that the speeder turned out to be Marshal Sokolovsky, the Russian commander-in-chief in Germany. He understood that an official apology had been extended to Sokolovsky by high American authorities as soon as the incident was reported, this officer added.

Who delivered the apology was not known, because a lot of high Americans were suddenly all absent from their homes and offices, and, when found, they didn't want to talk about the incident.

Berlin, June 26 (AP)—American soldiers in an armored car and a jeep chased Marshal Vassily D. Sokolovsky, Russian commander in Germany, for two miles tonight and arrested him for speeding.

As soon as the Soviet leader was identified his release was ordered and Gen. Lucius D. Clay, the United States commander in Germany, sent his personal apologies to him.

Sokolovsky, who was not driving the car himself, was held for about 30 minutes. The arrest was made by United States military policemen in the American sector of the city.

Reds Hold Garden City Woman

Dr. Allard, Educator, Seized for 5 Hours in Berlin—Forest Hills Man Arrested.

Berlin, June 26 (A. P.).—Two American educators have been added to the list of United States citizens to run afoul of the Russians. They were picked up yesterday while driving through the Soviet sector of Berlin and held five hours.

JUN 1948 30.24- 18733

The pair were Dr. Lester K. Ade of Williamsport, Pa., deputy chief of the American Military Government's education branch, and Dr. Lucille Allard, co-ordinator of education at Garden City, L. I., and a consultant with the branch.

They were arrested while en route to the Pedagogical University, located in the Soviet sector. Russian authorities did not tell them why they were held.

Ade, former State Superintendent of Education in Pennsylvania, said a Russian lieutenant and four soldiers in a car halted them near the Brandenburg Gate in the center of Berlin and took them to the Russian Kommandatura.

"They did not push us around but they asked dozens and dozens of questions . . . and finally put us in a dark cell for about an hour," he said.

Ade added that he was asked whether Henry A. Wallace had a chance to win the presidential election.

The provost marshal's office said earlier five other Americans, including a constabulary patrol, had been picked up by the Russians but released after seventeen hours. One was V. N. Kovacic of 7510 113th place, Forest Hills, N. Y. He is liaison officer for the military government public safety branch in Berlin.

United States officials said the various arrests appeared to be retaliation for detention of Russians on speeding charges during a United States army safe-driving campaign. Eight Russians were booked last night for speeding, then released.

Four German photographic workers employed by American news agencies were freed by the Russians yesterday after being held thirty hours.

Went at U. S. Request.

Frank R. Wassung, superintendent of Garden City schools, said that Miss Lucille Allard of 222 Seventh street, Garden City, is the co-ordinator of elementary education in the school system and that she had received her doctor's degree at Columbia University. She went to Germany at the request of the United States Government as a consultant on child education, a field in which she is prominent, he said.

Wassung said that she was expected to return to the Garden City schools in the fall, where she works in a liaison capacity between principal and teachers and teachers and parents. She was president of the American Child Education Association last year, he declared, and had been given leaves of absence frequently to conduct courses in such places as Colorado, Alabama, and the colleges of New York city. She became associated with the Garden City schools about fifteen years ago, he added.

Studied at Columbia.

Mrs. Ivanica Kovacic, mother of Velimir N. Kovacic, lives at 7510 113th Place with Mr. and Mrs. Nicholas Grskovic. Mrs. Kovacic was not at home when The New York Sun telephoned today, but Mrs. Grskovic said that Kovacic had been appointed a liaison officer with the American Military Government only a few months ago. He had served with the Army Transportation division earlier after his induction in 1942, she said.

Kovacic was born in Cleveland, according to Mrs. Grskovic, but as a young boy he went with his family to Yugoslavia, returning to this country at the outbreak of the war, with his mother. His father is dead, she said, and his one sister still lives in Yugoslavia. Before starting his Army service Kovacic studied engineering at Columbia University, she added.

Free Enterprise Area Outlook Is Hailed By Western Germany

Frankfurt, Germany, June 26 (AP). Western Germany tonight was on its way toward becoming a free enterprise area as opposed to eastern European communism.

At the prospect, Germans whistled while they worked—maybe for the first time since the war. Their old "cigarette economy" was bowing to the new deutschmark.

The most drastic postwar steps toward freeing the area of the remnants of Adolf Hitler's old bureaucracy were taken in the latest money measures announced at noon by America, Britain and France.

The Western Allies' occupation governors announced the exchange rate in currency conversion will be one deutsche mark for ten old reichsmarks.

Mostly Happy At Prospects

Half of the deutsche marks after conversion will be credited to a "free deutsche mark account," for immediate use, and the other half into a "blocked deutsche mark account."

To $45,000,000 (M) "little men" of western Germany, the reform program came like Christmas in midyear. It was full of surprises and promises for a good future. And the gifts—the long-wanted consumer goods unseen in Germany for years—already were in shop windows.

Although the shadow of the East-West struggle in Berlin hung over their heads, Germans were mostly happy at the prospects for a sound capitalistic Western Germany.

A week ago they found their old money no good. Through this week they each had 40 new marks ($12) Tonight they learned:

They would get five per cent of their old savings back immediately with another five per cent in a few months.

Black Marketeers Hard Hit

Black marketeers were likely to be penniless.

"It's time the law caught up with him," said the average German.

Business had a good chance for the future, and there was a prospect of goods and jobs for all. And the little man had a new chance to set himself up in business.

Allied experts believe that western Germany's economy has been crippled since the war by too much money, too few goods and too much bureaucracy.

Because there was so much money, big public organizations like state governments, the state-owned railways and postoffices padded their payrolls with thousands of nonessential employés.

Thousands May Lose Jobs

Tonight these organizations were severely hit. The Allied governments wiped out their entire funds in old reichsmarks, and promised them only one-sixth to one-twelfth of their total receipts during a recent six-month period.

Thousands of people may lose their jobs during the first stages of the allied attempt to stabilize western German economy.

"But we expect no depression," Jack Bennett, American "Father" of the new financial plan, said.

CHURCHILL WARNS OF A NEW MUNICH

Luton, England, June 26 (A. P.).—Winston Churchill said today that the Berlin crisis raises issues as grave as those at Munich ten years ago, and that even a firm course may not ward off war.

"It is our hearts' desire that peace may be preserved, but we should by now have learned that there is no safety in yielding to dictators, whether Nazi or Communist," he declared at a Conservative party rally here, and he pledged Conservative support if the Laborite Government acts with resolution to "stay in Berlin."

Recalling that Foreign Secretary Bevin told Parliament on May 4 last, that the British are in Berlin as of right, and intend to stay there, Churchill added: "It is certain he would not have said that without having made sure that the United States were equally resolved. On the other hand, there is no doubt that the Communist Government of Russia has made up its mind to drive us and France and all the other Allies out, and turn the Russian zone in Germany into one of the satellite states under the rule of totalitarian terrorism.

"This raises issues as grave as those we now know were at stake in Munich ten years ago.

"The only hope of peace is to be strong, to act with other great freedom-loving nations, and to make it plain to the aggressor, while time remains, that we should bring the world against him, and defend ourselves and our cause by every means should he strike the felon's blow. I cannot guarantee that even a firm and resolute course will ward off the dangers which now threaten us; but I am sure that such a course is not merely the best but the only chance of preventing a third war in which the most fearful agencies of destruction yet known to man will be used to the fullest extent."

TITO, MOSCOW CRISIS IS SEEN

British Paper Quotes Reports From Southeast Europe

London, June 26 (AP)—The Manchester *Guardian's* London diplomatic correspondent said today there are reports of a "serious political crisis" in Yugoslavia.

Qualified Whitehall sources were inclined to place some credence in the reports.

The newspaper said: "Marshal Tito's relations with Moscow are believed to be strained, largely because of conflicting views on relations with the West. Even the question of Tito's whereabouts is being discussed."

It added that Russia is reported to have sent Marshall Feodor Tolbukin to Belgrade in an attempt to solve the crisis.

Loss Of Prestige Indicated

The British Foreign Office declined to comment. Spokesmen at the Yugoslav embassy were not available.

Reports here say that Tito has lost prestige by failing to get Trieste. Failure of the Greek guerrillas — partly supported by Yugoslavia—to attain their objectives also has weakened Tito, according to these reports.

Tito also is believe to have lost prestige in the Kremlin over the shakeup in his government last month. He dismissed M. Zujovitch, formerly a secretary of the National Liberation Front, as finance minister and Andre Hebrang, former chairman of the Federal Planning Commission, as chairman of light industry. The two were among the leading members of his government.

The *Guardian* reported today that three leading Yugoslav Communists are due to go on trial in Belgrade Monday on charges of sabotage.

Paper Criticizes Tito

British informants feel that Moscow is confident that any Yugoslav Goverenment crisis will be settled before July 30 or the Kremlin never would have permitted the Danube conference to convene in Celgrade then.

The United States suggested that the conference be held in Belgrade, the Yugoslav capital. Russia at first objected, saying that Belgrade was not a suitable site, and then a week later said Belgrade would be suitable.

The *Guardian* said it is believed that the Yugoslav situation was on the agenda of the eastern European foreign ministers meeting in Warsaw this week.

The newspaper said the Cominform weekly newspaper published in Belgrade critized Tito by implication in its June 14 issue by condemning the Yugoslav Communist party's refusal to reval the names of the party central committee.

Tito, Moscow Ties Snarled, Writer Hints

London, June 26 (AP)—The Manchester *Guardian's* London diplomatic correspondent wrote today that reports from southeastern Europe "strongly suggest that a serious political crisis has arisen in Yugoslavia."

"Marshal Tito's relations with Moscow are believed to be strained, largely because of conflicting views on relations with the West," the newspaper said. "Even the question of Tito's whereabouts is being discussed."

"It is believed that the Yugoslav situation was on the agenda of the Warsaw meeting of Foreign Ministers from the eastern European states.

His Birthday Shunned

"From Budapest come further indications of the crisis in Yugoslavia. It is learned that the only newspaper to take notice of Tito's birthday was one opposition paper, which, apparently, had not heard of the troubles in the neighboring country and published a short article.

"A telegram conveying good wishes from Hungary's non-Communist Prime Minister was held up and withdrawn from the wireless bulletins. There were no Yugoslav representatives at the recent congress for the fusion of the Hungarian Communists and Socialists.

"'Coincidences' of a similar nature are also reported from other East European capitals."

A spokesman for the British Foreign Office declined to comment.

Balfour Leaving Washington.

London, June 26 (A. P.).—Sir John Balfour has been appointed British Ambassador to Buenos Aires, the Foreign Office announced last night. He will succeed Sir Reginald Leeper, who is retiring. Sir John now is Minister at the embassy in Washigton.

Bidault Reported Critical Of Clay

Paris, June 26 (AP)—Under Communist questioning, Foreign Minister Georges Bidault is reported to have criticized Gen. Lucius D. Clay and expressed a willingness to negotiate a settlement with Russia on the Berlin crisis.

Legislators who attended a meeting today of the National Assembly's Foreign Affairs Committee gave this account:

Communist Deputy Florimond Bonte observed that the Warsaw meeting of Russia and her satellites had opened up the possibility of negations among the Big Four.

He asked if France was ready to seize the opportunity.

Willing To Negotiate

Bidault replied that France was willing to negotiate. Pressed as to whether France would take the initiative, he replied:

"Initiative, no; but we will perhaps have conversations."

Then Bidault was asked whether France subscribed to the statement by Clay, United States military governor of Germany, that "the Russians cannot drive us out of Berlin by any action short of war."

Bidault, this account continued, replied:

"It would have been better if General Clay had remained a soldier. In situations of this kind, I always believe in a great silence."

Premier Robert Schuman called a special Cabinet meeting for Monday to discuss the international situation. The French are trying to balance their need for American aid against their unwillingness to stand up to the Russians in the present state of world armament.

The feeling has grown that the French do not want to risk a shooting war even for Marshall plan aid.

Group Of Teachers In France On Strike

Paris, June 26 (AP)—A group of teachers has gone on strike in France, and their students are most unhappy.

The teachers correct the annual nation-wide examinations which determine whether students receive the French equivalent of the high school diploma. Marks should be appearing today, but the papers still are awaiting the examiners' return to work.

About 32,000 students are affected. The teachers are demanding a reclassification into higher wage brackets.

It was Togliatti's first declaration that he will lead the Communists in a full-scale attack on the European Recovery Program. The Communists' line in the press and Parliament before and following their defeat in the April elections has been to go easy on the Marshall plan. They have criticized some of its provisions and kept silent on others.

Togliatti, who said he returned yesterday from a week-long trip to Prague, Bucharest and Budapest, replied to a series of questions submitted by the Associated Press.

Strikes On A Large Scale

His blast at the Marshall plan came at a time when a wave of strikes again threatened to engulf Italy.

Togliatti blamed Italy's latest rash of strikes on "the serious economic plight of labor, increasing unemployment and the reaction of industrialists who would like to destroy or seriously curtail the conquests achieved by labor in past years."

Strikes, breaking out on a large scale throughout the country, have caused the Government concern.

The nation's biggest strike, however, was called off tonight. It was a national food workers' strike which began today and resulted in more than 250,000 men being called from their jobs.

Trieste General Strike Ends

The strike was called by the General Confederation of Labor, Italy's huge Communist-run union. It had threatened within a few days to leave shops bare of bread, spaghetti, polished rice, pastries, dried and condensed milk, and other prepared foods.

After consultation with government mediators, the Food Workers' Federation announced it had ended the strike. This was done, the announcement said, upon assurances that at its next meeting the cabinet would consider demands for raises, family benefits and restriction of temporary dismissals.

Italy still was troubled with big and little strikes, mostly protesting against lay-offs. These included general strikes at Pisa and Modena. A general strike in Trieste was ended in its second day today.

Marshall Plan Seen As Yoke

A meeting in Milan yesterday drew 45,000 workers who heard party leaders attack industrial policy. Venetians staged a three-hour strike in protest against the high cost of living.

Togliatti expressed belief the Marshall plan is designed to put Italy under a yoke.

"It is increasingly evident that the Marshall plan is a scheme involving political and economic enslavement of our country," he said. "This is why we oppose and fight it."

His flat declaration that Communists "oppose and fight" the Marshall plan put Italy's non-Communist government on the firing line.

The Communist leader said Italy was not represented at this week's Warsaw meeting of eight eastern European foreign ministers. He said the meeting was a "gathering of representatives of governments and not of parties."

"Granted" that a Cominform (Communist Information Bureau) meeting was held before the Warsaw conference, he said, "you will know in due time."

MARSHALL PLAN ASSAILED BY TOGLIATTI AS STRIKE WAVE THREATENS NATION

Rome, June 26 (AP)—Italy's Communist chief, Palmiro Togliatti, just back from a mystery trip behind the iron curtain, declared tonight the nation's 2,500,000 Communists will now wage an all-out fight against the Marshall plan.

Italian Food Strike Called By Reds Is On

Rome, June 26 (AP)—A nation-wide Communist-directed food-workers' strike began today.

More than 250,000 men were called from their jobs by the General Confederation of Labor (CGIL), Italy's massive union, still under Communist control.

There were no reports yet of the strike's effectiveness, but most, if not all, commercial stores and markets were still open. Presumably they will not be affected until their stocks run out.

Traced To Milan Walkout

The strike was called among workers making spaghetti, flour, bread, ice, pastries, dried and condensed milk and packaged foods.

The strike grew out of a walkout by workers in Milan nearly a month ago. They struck in protest against the layoff of 150 employés.

Elsewhere in Italy strikes continued to spread. Premier Alcide de Gasperi's Government met yesterday to consider the crisis.

Negotiations Continue

Negotiations to settle the nation-wide strike continued in Rome today between the CGIL and Labor Ministry officials. Hopes were held that the walkout could be ended before a slackening of stocks brought hardship to Italian consumers.

Meanwhile general strikes in Pisa and Modena in the north struck Italy's weakening industrial front.

Factory shutdowns and worker layoffs were blamed on a falling demand for Italian products both at home and abroad. Management claims it cannot maintain large pay rolls.

Yugoslavs Free Five U.S. Soldiers

Trieste, June 26 (AP)—The Yugoslavs today released five American soldiers arersted ten days ago when they went swimming off Capodistria in the Yugoslav zone, United States Army authorities said.

The State Department yesterday said it had ordered the American Ambassador in Belgrade to protest the long detention of the quintet.

They are T/4 George C. Wilson, Southern Pines, N.C.; T/5 Jarvis L. Saulnier, Manchester, N.H.; T/5 Augustine Santana, New York city; Pfc. Gordon J. Foster, Falls Church, Va.; Archie M. Van Why, Stroudsburg, Pa.

They were released this morning at Albaro Vescova, on the boundary between the Allied and Yugoslav zones of the free territory.

The State Department said the five had entered the Yugoslav zone in a small boat. The department said a Communist newspaper in Trieste had accused them of being espionage agents.

Poles Want Extension Of Commerce Relations

Warsaw, June 26 (AP)—Poland's industrial parliamentary commission called today for extension of trade relations "with countries with which we have a very small trade or none at all."

Thecommission reportedly favors strong trade ties with the western hemisphere.

POLAND'S BORDERS OF PEACE

Foreign Minister Says Western Powers Encourage Revisionists

WARSAW, June 26 (AP)—Foreign Minister Zygmund Modzelewski told Parliament tonight that Poland's western frontiers were the borders of peace for the whole world.

He charged that the Western Powers were encouraging German revisionists who wanted to change the German-Polish frontier. He said that Poland regarded this frontier as inviolable.

(After the war Poland's western boundary was extended to the Oder and Neisse Rivers, incorporating former eastern German territories.)

Modzelewski also criticized a recent letter from Pope Pius XII to German bishops that expressed sympathy for those Germans expelled from the eastern lands now controlled by Poland.

The Foreign Minister said that Poland did not want a "new Bismarck or even a new Hitler." This, he said, was the reason the Foreign Ministers of Russia and seven other states had met here to draft what he called a safe, positive plan to settle the German problem.

Poland Seeks U. S. Trade Pact

WARSAW, June 26 (AP)—Poland's Parliamentary industrial commission called today for extension of trade relations "with countries with which we have a very small trade or none at all." The commission reportedly favors strong trade ties with the Western Hemisphere. Ministry of Industry and Trade officials said Polyand is ready to negotiate a trade treaty with the United States which would be advantageous to both countries.

LEOPOLD ASKS POLL ON HIS ABDICATION

Brussels, June 26 (A. P.).—Exiled King Leopold says that he will give up his crown if the Belgians do not want him, but he would like to undergo a referendum on the question. In a letter to Premier Paul-Henri Spaak, dated June 22, and made public last night, after a Cabinet meeting, Leopold said:

"I am in favor of a general consultation of all Belgians. If this consultation does not bring an indisputable majority in favor of my return to the throne, I shall then abdicate.

"If a favorable majority is shown by the referendum, I would expect Parliament to put an end to the present regency, and vote a law bringing me back to the throne. I am, so far, not sure my abdication is wanted."

Leopold, who lives in Switzerland, said that Spaak had told him that the Government was unable to propose a settlement of the royal question to Parliament, and suggested that he write the letter.

4 Get Life Terms For Slaying Of Jews

Bucharest, June 26 (AP)—A Bucharest Criminal Court today sentenced four former Romanian Army officers to life terms on charges of killing 10,000 or more Romanian Jews in 1941.

The officers were among 32 defendants. Four were acquitted and others received terms varying from life to fifteen years.

The army men sentenced to life were Gen. George Stavrescu, 58; Col. Constantin Lupu, 51; Col. Cumitru Captaru, 54; Col. Ermil Maties, 58. Aurel Triandas, 29, also got life.

The indictment charged that the Jews were killed in four days after Romania and Germany attacked Russia. Wartime Premier Marshal Ion Antonescu was said to have ordered 500 Jews killed in Jassy for signaling Soviet parachutists and firing on German troops. Antonescu was executed two years ago as a war criminal.

Rejects Demand For Children

Bucharest, June 26 (AP)—A foreign affairs ministry spokesman said tonight the Romanian government has rejected a Greek government demand for negotiations on repatriation of Greek children in Romania.

The spokesman said the Romanian government considers this demand "a provocation and an attempt to falsify realities in order to distract the attention of world public opinion from the true situation in Greece."

Gestapo Tactics Laid To Russ In Arrest Of Marek

American high commissioner, claimed Marek was a victim of Gestapo methods. He said he assumed Marek was arrested because the Russians did not want Austrians to know about Communist subversive activities. Part of Marek's job was to investigate kidnappings.

The British declared Austrian authorities should be allowed to try their own officials. The French proposed that Marek be tried by a four-power tribunal.

Meanwhile the Russians still are holding Marek, possibly to try him in their own military court.

Vienna, June 26 (AP)—The Russians have sidestepped Western Power charges of intimidation in connection with the Soviet arrest of Anton Marek, Austrian Interior Ministry official.

Lieut. Gen. L. V. Kurasov, Soviet High Commissioner in Austria, told the Allied Control Council yesterday results of investigations in Marek's case would be disclosed "in due time." Marek is accused of espionage against Russia.

Russ Doctor Criticizes Health Service In U.S.

Geneva, June 26 (AP)—The Soviet delegate to the World Health Assembly declared today public health services in the United States are inadequate.

N. A. Vinogradov, Soviet Deputy Minister of Health, in a speech to the conference of doctors and public health experts from more than 50 nations quoted from President Truman's address to Congress last January to support a charge that "a large part of the people of the United States are unable to obtain sufficient medical care."

The Soviet delegate urged progressive nationalization of medical and public health services throughout the world but without abolition of private medical practice.

JEWISH CONGRESS OPENS TOMORROW

Montreux, Switzerland, June 26 (A. P.).—The World Jewish Congress will open a ten-day session tomorrow, during which delegates from sixty-four countries will discuss the status of Palestine and the relationship of Jews to the new state of Israel.

Some 150 delegates had arrived today, and 100 more are expected. The last session of the congress was held twelve years ago in Geneva.

The forty-member United States delegation is the largest. It is headed by Dr. Stephen S. Wise, president of the world body and also president of the American Jewish Congress. He and Dr. Nahum Goldmann of New York, chairman of the congress executive committee, were among the early arrivals.

Twenty-two delegates are expected from Great Britain including two members of Parliament, Sidney Silberman and Maurice Orbach, and the Marchioness of Reading. A contingent of fifteen is expected from Palestine.

No delegates are expected from Russia, but Jewish groups in Hungary, Romania, Bulgaria, Yugoslavia, Poland and Czechoslovakia will be represented.

Loan Is Sought For Bizonia

Geneva, Switzerland, June 26 (AP)—The Anglo-American zone of Germany seeks credits totaling $1,230,000,000 during the first year of the Marshall plan under a proposal being submitted to the European recovery organization in Paris, it was learned here today.

The proposal was made in a detailed 160-page survey of Bizonia's requirements, prepared by German economic experts of the Bizone Economic Administration. Its target is an overall 25 per cent increase of Bizonia's production within a year.

The ten-week-old plan was being kept secret, pending its consideration and approval by the Marshall-plan nations in Paris, but advance copies recently reached non-Communist delegations to the Economic Commission for Europe here.

Regarded As Sound

The plan is certain to receive careful Allied scrutiny and may be substantially revised before approval. But economic experts here conceded that it is sound in principle, if economic rather than political factors are regarded as decisive.

Signed by the Bizonia economic administrator, Dr. Hermann Puender, and dated April 9, the plan declared that "the recovery of German industrial and agricultural efficiency was a decisive prerequisite for the effective co-operation of Germany in the reconstruction of Europe."

Rail Troubles Tie Up Russ

Moscow, June 26 (AP)—Tass said today technical difficulties on the rail line from Berlin to the British occupation zone "are significantly more serious than at first believed" and therefore it is difficult to say now when freight and passenger traffic can be renewed.

This report by the official Soviet news agency was taken here as indicating it would be impossible for some time to make rail shipments from the Western occupation zones to Berlin. The Russians cited technical difficulties when they halted the rail shipments.

Rebels Cut Main Supply Line Of Greek Army

Athens, June 26 (AP)—A heavy guerrilla attack has destroyed part of a main supply road for Greek Army troops pressing a campaign against the guerrillas in northwest Greece, a general staff communiqué said today.

The Communist-led forces wrecked a part of the road between Elasson and Kozane, present headquarters of the 2d Army Corps, the communique said. Guerrilla casualties in the fierce fighting were given as sixteen killed, while the army lost eleven killed and twenty wounded and missing.

5 Villages Reported Looted

The road serves as a connecting link between the 2d Army Corps' supply base at Larisa and the Kozane headquarters. It passes through a valley flanked by Mount Pierria and Mount Kamvounia, guerrilla hangouts the past two years.

Five villages were reported attacked and looted near Elasson.

The communiqué said fighting continued around Nestorion and northwest of Grevena in the campaign to push the guerrillas out of the Grammos Mountains. Guerrilla losses were listed as 31 killed and 20 taken prisoner.

Rebels Bombed And Shelled

Two more guerrilla attacks were reported in the Sarandaporos River Valley in the Konitsa region, but the communiqué said resistance there was weakening.

The Air Force and artillery were reported playing a major role in the campaign.

A dispatch from Second Army Corps headquarters in Kozane said they hammered the guerrillas during operations area yesterday.

Air-Force Expansion Set

Anastasios Balakbassis, Minister of Air, was quoted as telling newsmen in Kozane arrangements were under way with American approval to expand the air force. United States military men are acting as advisers in the offensive.

A dispatch from Salonika said reports were the guerrillas had poured 100 mortar shells into Edessa Thursday night, entered the town and burned the military court building and railroad station.

An unconfirmed press report here said the guerrilla chieftain, "Gen." Markos Vafiades, had fled into Albania after his headquarters had been fire-bombed.

An Ioannina dispatch said intelligence reports from across the border were that a hospital at Anadropolis and a mosque at Leskovic had been prepared for wounded Greek rebels who would be picked up at the border village of Hlomo.

Guerrilla Attack In Greece

Athens, June 26 (AP)—Guerrila forces attacked an important supply line of the Greek army today and destroyed part of the Elasson-Kozane highway in northeastern Greece, a general staff communiqué reported.

The road is a connecting link between a Greek 2d Army Corps supply base at Larissa, and the Grammos operational headquarters at Kozane to the northwest. It runs through a high valley flanked by Mount Pierria and Mount Kamvounia.

Markos Vafiades's Communist rebels lashed out in familiar territory. They have been operating in this area for the past two years.

Try To Cripple Offensive

Apparently the rebels were trying to cripple the all-out offensive launched by six Greek army divisions in the primitive mountain country along the Albanian border. It is there an estimated 7,000 guerrillas are located in an area surrounded on three sides by 70,000 Nationalist forces.

The communiqué said fighting around Nestorion and northwest of Grevena continued as the biggest anti-rebel campaign yet launched by the Government went into its seventh day.

Air attacks and artillery were important assets to Government troops which have repeatedly run into deep and well-fortified rebel mountain positions.

Savage Counterattacks

The rebels were reported to be weakening in the Sarandaporos river valley near Konitsa, but they staged two savage counterattacks against advancing Greek troops.

Fighting still raged for strategic Amouda Heights on the eastern side of the rebel flank. Observers said that the fall of Amouda to Government forces would open a path into the eastern defense of the guerrillas, and into the Grammos Mountain stronghold where it is believed Vafiades has his main headquarters.

The air force was called in to blast the mountain-wise rebels, and Government officials said arrangements have begun to expand the Greek airarm.

The tough Greek 9th Division reported a major battle is shaping up around Pyrssoyani, as two rebel battalions moved in and made fierce counterattacks. Fighting was reported along the 9th's front from the heights of Kleptis to the Albanian border.

From the southeast the 2d Division pushed ahead, liberating a dozen villages.

GREEK GUERRILLAS IN FIERCE ATTACKS

Athens, June 26 (A. P.).—Communist-led guerrillas attacked and destroyed a part of a main supply road used by the Greek Army forces pressing a campaign against the guerrillas in Northwest Greece, a General Staff communique said today. In a fierce fight the guerrillas lost, with sixteen killed, and the army eleven killed and twenty wounded or missing, it was stated. The road serves as a connecting link between the Second Army Corps supply base at Larisa and corps headquarters at Kozane.

Five villages were reported attacked and looted near Elasson. The communique said that fighting continued around Nestorion and northwest of Grevena in the campaign to push the guerrillas out of the Grammos mountains. Guerrilla losses there were listed as thirty-one killed and twenty captured. Two more guerrilla attacks were reported in the Sarandaporos river valley in the Konitsa region, but the communique said resistance there was weakening.

The Greek Air Force and artillery were reported playing a major role in the campaign. Anastasios Balakbassis, the Minister of Air, was quoted as telling reporters in Kozane that arrangements were under way with American approval to expand the air force. American military men are acting as advisers in the offensive.

ISRAELI ARMY TOLD TO TAKE CONVOY ACTION

Tel Aviv Turns Problem Over to General Staff After U. N. Approves.

DESPITE EGYPTIAN RESISTANCE

Cairo Will Reply to Bernadotte's Protests on Halting Goods and Attack on Plane.

Cairo, June 26 (AP)—The Israeli Government, given the United Nations green light to push a convoy through Egyptian resistance, says it has told its general staff to take "suitable" action.

Its announcement was made in Tel Aviv last night after a United Nations spokesman and Jewish leaders said the Egyptians early yesterday stopped a Jewish convoy bound for Negeb desert settlements in southern Palestine and shot at a white United Nations truce-mission plane piloted by an American.

The communiqué said the Israeli Government will take action "in a manner and at a time and place which its general staff will deem suitable." Jewish authorities were told by the United Nations truce mission yesterday they were "free to act as they thought fit" in the matter.

Egyptian Reply Promised

Egyptian Prime Minister Mahmoud Fahmy Nokrashy Pasha said in Cairo last night his Government will reply today to protests on both incidents submitted by Count Folke Bernadotte, United Nations mediator.

Nokrashy Pasha said an Egyptian pilot fired on the United Nations aircraft because "he suspected it was an enemy plane."

Of the convoy stoppage, the Premier declared, "The Egyptian Government never thought this would be construed as a violation of the truce."

An Israeli Army communiqué said today that Egyptian troops attacked the isolated Jewish town of Kfar Darom in southern Palestine during the night with small-arms fire. No details were given.

Kfar Darom is in the coastal strip assigned to the Arabs under the United Nations partition plan and is near the Egyptian base in the Gaza area.

Bombing Report "Erroneous"

The Israel Government said last night its earlier reports that Egyptian Spitfires had bombed the Jewish settlement of Beer Tuvya and Kefar Warburg yesterday were erroneous.

Jewish Army headquarters in Haifa said about the same time Jews had clashed with Arab units at El Birwa, inflicting 100 casualties. Fighting has been going on for two days in the village, seven miles east of Haifa. United Nations truce observers are investigating.

The pilot of the strafed United Nations plane was Lieut. Col. M. L. Martin, of Bluefield, W.Va.

Nokrashy Pasha asserted the plane had been flying at 500 feet, while it had been agreed that United Nations aircraft would not fly over Egyptian territory at less than 2,000 feet. This aroused the Egyptian pilot's suspicions, he said.

Egypt Did Not Agree

A United Nations spokesman in Tel Aviv said the plane was shot at while about to land.

The Premier said of the convoy protest:

"Egyptian authorities informed ruce officials in the evening of June 23 that they did not agree to granting the convoy permission to pass through. The Egyptian Government never thought this would be construed as a violation of the truce."

Other happenings last night in the Palestine situation:

An Israeli communiqué issued in Tel Aviv said 72 men had been released after questioning whether they had been taking active part in the fighting against Government forces. The Israeli Army clashed this week with Irgun Zvai Leumi, dissident group.

9 Nations Stop Arms

United Nations headquarters at Lake Success announced nine countries had reported steps to stop the flow of men and materials to Palestine. The countries are: the United States, China, India, Italy, Hungary, Greece, Canada, New Zealand and Switzerland.

Three American destroyers acting for the United Nations arrived off Haifa.

The Israeli Government said Mrs. Golda Myerson, formerly of Milwaukee, has been appointed Israel's representative to the Soviet Union. Pavel Ivanovitch [illegible]ershov, now charge d'affaires in [illegible]key, will be Soviet Ministers to

[illegible] Abdullah of Trans-Jordan Amman capital to visit Saud of Saudi Arabia.

Rhodes Peace Parley Is Aim

Rhodes, June 26 (AP)—Count Folke Bernadotte is expected to complete his initial suggestions for Palestine peace talks this weekend.

Jewish and Arab experts, who are here to give information to the United Nations mediator, plan to leave for Tel Aviv and Cairo Monday. Arab experts said the Count's suggestions probably will be carried by members of his staff who will accompany them.

May Ask Truce Extension

An Arab source said the suggestions will be considered by a special session of the Arab League next week. Other staff members will accompany the returning Jewish experts to Tel Aviv and give the suggestions to Israeli Government chiefs.

A member of Bernadotte's staff said his initial suggestions are designed to win an agreement from Arab and Jewish leaders to come to Rhodes to discuss permanent settlement of the Palestine question.

With the four-week truce more than half over, it may be the end of next week before Jews and Arabs decide on peace talks. In that event there would be only one week of the truce remaining. But if agreement is reached to hold a peace conference here, Bernadotte is expected to ask Jewish and Arab military forces to extend the truce.

Military Observer Arrives

If the count's suggestions for talks are rejected, there seems little likelihood that the Arabs and Jews would agree to a truce extension.

Colonel Count Thord Bonde, Swedish chief United Nations military observer of the truce, arrived here today to confer with Bernadotte, presumably on Yesterday's incident in the southern Palestine desert. After Egyptian forces stopped a Jewish convoy to Negeb desert settlements and fired on a truce mission plane, the truce mission told Jewish authorities they were "free to act as they thought fit." The Israeli Government told its general staff to take suitable action in pushing through the convoy.

In Tel Aviv, an Israeli army communiqué reported the Egyptian Army attacked a Jewish settlement in southern Palestine with small-arms fire last night.

An official Haganah announcement said Jewish forces also inflicted 100 casualties on the Arabs and captured munitions in retaking the Arab village of Elbirwa, 7 miles east of Acre in north Palestine. This village was held by a small Jewish garrison before the cease-fire and was recaptured by Arab troops two days ago, Haganah said.

Food Convoys Supply Jews

Jerusalem, June 26 (AP)—The first convoy to Mount Scopus in ten weeks left the Jewish section of Jerusalem today.

The vehicles, traveling unarmed and under Truce Commission auspices, took food supplies to Hadassah Hospital and to the guards at Adjacent Hebrew University.

Both institutions are separated from other Jewish parts of Jerusalem by territory occupied by the Arab Legion.

The amount of food to be brought to the 100,000 Jews in Jerusalem during the present ceasefire still is under discussion. The local truce commission agreed that 6,600 tons would be sufficient.

Also Ask More Water

Jewish authorities said, however, that 11,000 tons are needed because of the health situation created by past shortages. One Jewish spokesman said fewer than 3,300 tons had been transported to Jerusalem from the Palestine coastal plain during the first two weeks of the truce.

The Jews also asked for more water from Ras El [illegible] in the coastal plain. Jean Niewenhuys, Belgian consul general and chairman of the Truce Commission, visited Iraqi military headquarters in Nablus. He requested co-operation from the Iraqi commander, as the Ras El Ain pumping station now is occupied by Iraqi troops.

Worship Right Requested

Extra pumpings from Ras El Ain are needed to reveal all the spots where the pipeline to Jerusalem had been sabotaged, water experts said. Jerusalem's auxiliary water supply is functioning.

The Jews asked that worshipers be permitted to visit the Wailing Wall, which now is within the Arab-held Old City. They also have requested that a delegation of ten men, including a rabbi, be permitted to visit the graves of the Jews who fell in the fighting at Kfar Etzion, south of Bethlehem.

Fourteen sick or wounded Arabs captured by the Jews last month were released last night for transfer into Arab territory.

Hadassah Hospital Gets Food

JERUSALEM, June 26 (AP)—The first convoy to Mt. Scopus in ten weeks left the Jewish section of Jerusalem today. The vehicles, traveling unarmed and under truce commission auspices, took food supplies to Hadassah Hospital and to the guards at adjacent Hebrew University.

Criticism Explained.

Tel Aviv, June 26 (A. P.).—Investigation here shows it was a censor's deletion that brought criticism that Israel did not mention God in its Declaration of Independence.

The Christian Century, nondenominational religious magazine published in Chicago, said recently the declaration omitted such mention. The Minnesota Rabbinic Association denied this.

The document, as Prime Minister David Ben-Gurion read it May 14, closed with this paragraph:

"With trust in Almighty God, we set our hands to this declaration at this session of the Provisional State Council in the city of Tel Aviv on this Sabbath eve, the fifth day of Iyar, 5,708, the 14th day of May, 1948."

Subsequent inquiry showed the censor had cut the paragraph from the text sent that day by the Associated Press.

Communist Bid For Power Reported In Southeast Asia

Singapore, June 26 (AP)—The flood of communism is spilling south from China over the rich lands of southeast Asia. Senior British officials assert Communists have launched a major offensive in the area.

An Associated Press survey shows that Communists are openly bidding for power in Malaya and Burma, and are trying to infiltrate into positions of influence in long-established non-Communist independence movements in Indo-China and Indonesia. Even in conservative Siam, an increase in Communist activity is reported.

Aims Called Twofold

Information from southeast Asia's capitals and from British officials indicates Communist aims are twofold:

1. To slow the flow of rubber, tin, oil and other strategic raw materials into recovery factories and defense stockpiles of the United States and western Europe.

2. To lay the foundation for an eventual strike for full political control.

If the Communists are engaged in a major effort—as confidential reports indicate—it comes at a strategic moment.

Non-Communist Nationalist independence movements have been stalemated in Indonesia and Indo-China. Disillusionment may permit the Communists to make hay.

Since the war, labor unions have mushroomed among Asiatic workmen, many of whom are paid as little as $15 a month, though living costs are many times prewar. These new unions lack experienced leaders, and Communists have moved into positions of influence on a large scale. Unrest and disturbed conditions provide a fertile field.

Nationalist struggles for freedom from colonial rule are the outgrowth of half a century of development. Neutral observers agree these movements are not basically communistic, although some foreign business interests and colonial administrators seek to label them so.

Orders for the Communist offensive are believed by authorities to have come from elsewhere in Asia, but not from Russia or China.

Central Direction Seen

"D-day" in Malaya was seven weeks ago. British officials say the new terrorist campaign in Malaya definitely is not the spontaneous outburst of peasants in a period of unrest, but is directed from a central headquarters — presumably a south Asian Comintern about which little is known.

So far, these officials say, it is controlled by Asiatic Communists, with no evidence that the Kremlin is directly implicated.

This is the picture, country by country, as reported by Associated Press correspondents:

INDONESIA—Qualified sources believe Communists count Indonesia as one of their most promising fields for winning supporters. The Indonesian Republic is gradually being worn down by what is in effect a Dutch economic blockade during a year of so-far fruitless United Nations negotiations for a permanent settlement. The Republicans have lost influence steadily since the Dutch military offensive last Summer.

Now it seems likely the Dutch will form a United States of Indonesia that may exclude the republic. Sutan Sjahrir and other Indonesian moderates are fighting Communist influences within the republic. But with Dutch power growing, a swing to the left is considered likely among disillusioned Indonesians.

JUN 1948 30.24- 18737

So far the Indonesian Communist party has been insignificant numerically, but it has aligned with the Labor party, the Socialist party (a left-wing splinter group) and youth groups in a "Peoples' Democratic Front." Recent recognition of the republic by the Soviet Union andoutspoken Soviet support for the Indonesians at Lake Success have increased the front's influence among Non-Communists.

INDOCHINA — Well-informed sources believe Indochina is the second place upon which Communists are counting strongly.

About 120,000 French and French colonial troops have frustrated Vietnamese hopes for independence but have not yet been able actually to defeat the Nationalists. The French sponsored apparently successful native governments in two Southern Indochina protectorates, Cambodia and Laos. Communist influence there is negligible. In far mor important Vietnam—Tonkin, Annam and cochin China—the French have now set up a "Central Vietnam Gobernment" which most foreign observers consider a puppet regime virtually without popular support. Communist influence already is strong in vietnam. Only 10 or 20 per cent of the Vietnam revolutionary rank and file are Communists. But the top leadership avowedly is Communist.

The vast majority of Vietnamese are non-Communist, but again disillusion may bring a sharp increase in Communist followers.

Although the French have made repeated military offensives against the Republicans since 1945 they have failed to crush them.

MALAYA—The first Communist target in Southeast Asia is Malaya, the world's greatest producer of natural rubber. There, guerrilla warfare already is under way. British officials say there is direct evidence that it is Communist-directed.

Terrorist attacks by small Communist bands against estates, mines and Chinese Kuomintank leaders have averaged more than one a day. At least 24 Chinese and Europeans have been killed in these attacks.

The Communists control an army of up to 5,000 trained guerrillas who operated under Allied officers against the Japanese during the war. They control several dozen killer gangs, numbering from ten to 24 each, whose specific task is the assassination of Europeans and Chinese in key positions on rubber estates and tin mines.

Rubber production has been slowed.

The government has invoked emergency police powers in both Malaya and Singapore. These suspend virtually all normal provisions of British lay, impose the death penalty for carrying arms, grant police the right to search without warrants and give authorities the right to jail people considered to be trouble-makers.

Military reinforcements have been moved north into Malaya, and 600 persons have been arrested in mass raids. But the assassinations continue.

Although numerically weak, the Communists hold key positions in left-wing labor organizations and dominate one Nationalist organization. It appears that the job of rooting them out will be a long, hard task.

The Nationalist movement is growing in Malaya, but so far there has been no sign of it steering toward revolutionary channels.

BURMA — Open fighting has been reported for months between Communist guerrillas and forces of the Leftist Government. Before Britain granted Burma independence in January, the Communists were among the loudest advocates of immeditae independence. Once it was granted, they turned against the new independent Government. A ferment of demands for autonomy by local groups complicates the task of the Government.

SIAM—Police Chief Chartrakarn Kosol said there has been increased Communist activity in Bangkok, including secret meetings and increased left-wing labor activity. Although relatively calm, Siam fears it may be next on the Communist list. About 60 alleged Communists have been rounded up for banishment.

A Russian Embassy was established at Bangkok last year. There has been speculation it might become the Communist nerve center in all Southeast Asia. But qualified British and American informants say there is no evidence yet that the Russian officials are taking a direct hand in Communist activity.

Siam has a right-wing Government headed by iFeld Marshal Pibul Songgram.

3 Chinese Slain By Gangs In Johore

Singapore, June 26 (AP)—Police said today that three Chinese were killed last night by gangs in the state of Johore. They said there was no apparent political motive.

Ten gunmen killed two Chinese small landholders in a native hut in one Johore area. In another sector three armed men entered a Chinese home and killed the occupant.

Venezuela Recognizes Israel

CARACAS, Venezuela, June 26 (AP)—The Venezuelan Government announced today that it had recognized the state of Israel. This was the thirteenth country to recognize the new state, the others being the United States, Guatemala, the Soviet Union, Poland, Yugoslavia, Uruguay, Czechoslovakia, Nicaragua, Union of South Africa, Hungary, Finland and Rumania.

76 U. S. Service Men On Duty In Palestine

Washington, June 26 (AP)—Some 76 members of the United States Navy and Marine Corps have been assigned to duty with the United Nations truce mission in Palestine, the Navy said today.

Fifty-one Marines headed by Lieut. R. H. McMullen, of Houston, Texas, were landed this week from the U.S.S. Marquette, now with the Sixth Task Fleet in the Mediterranean, to handle signal communications for the truce mission.

In addition, at the request of the United Nations, the task fleet has landed jeeps, trucks, radio and other matérieel to help Count Folke Bernadotte, United Nations mediator in Palestine, carry out his mission.

Israel Files Protest

Lake Success, June 26 (AP)—An Israeli spokesman said today the United Nations should act against Egypt for her alleged violations of the Palestine truce.

The spokesman was commenting on a cable sent yesterday by Count Folke Bernadotte, United Nations Palestine mediator, to Faris el Khouri, of Syria, June president of the Security Council.

Bernadotte reported an Egyptian fighter plane had fired fifteen shots into a United Nations truce plane and said Egyptians had refused passage of a Jewish food convoy under United Nations escort in the Negeb. He said he had protested vigorously to the Egyptian Government and requested a full explanation.

The Israeli spokesman said:

"This is the first violation of any kind for which a government is responsible and it seems logical to us that the Security Council should be convened and take action."

El Khouri said he saw no need for calling a Council meeting.

New Cabinet Formed in Irak

Baghdad, June 26 (A. P.).—Muzahim al Pachachi formed a new Iraqi Cabinet today. He also will serve as acting Foreign Minister. The new Premier is the cousin of the late Hamdi al Pachachi, former Premier and Foreign Minister.

Members of the new Cabinet include: Mustapha al Umary, Interior; Ali Mumtaz, Finance and acting Minister of Supply; Hasan Kubba, Justice; Sadiq Albassam, Defense; Jalal Baban, Works, Communications and acting Minister of Social Affairs; Najib Alrawi, Education; and Abdul Mahab Murjan, Economics.

India Charges Hyderabad Arms Plot

New Delhi, June 26 (AP)—A military spokesman said today the Indian Government has evidence that arms and ammunition are being smuggled by plane into Hyderabad, a princely state which has refused to accede to India.

Some of the weapons are believed to be of Canadian manufacture, he said. Defense officials declared there was little India could do to intercept the night-flying bombers carrying the arms.

The wealthy Nizam of Hyderabad, ruling an area surrounded by Indian territory, has been under increasing pressure to join the dominion. Negotiations are at a standstill. Meanwhile, armed clashes are continuing along Hyderabad's borders.

Filibuster Broken By Filipino Congress

Manila, June 26 (AP)—The Philippines Congress adjourned a special session today after an all-night filibuster by the minority trying to keep it going.

It turned down a bill to establish the national capital in Quezon City on the northeast outskirts of Manila. The Senate failed to pass a House proposal to require employers to have at least 60 per cent of Filipino employés.

INDONESIA PACT SEEN IN PERIL

U.S. Official Says Communists Seek To Wreck Accord

Washington, June 26 (AP)—A State Department official charged tonight that the Communists are trying to wreck the agreement between the Dutch Government and the Indonesian Republic.

The charge was made in a radio address by H. Merrell Benninghoff, deputy director of the Office of Far Eastern Affairs.

The basic agreement between the Netherlands and the Indonesian Republic was worked out under United Nations sponsorship last January on board an American naval transport, the U.S.S. Renville. It is known as the Renville agreement.

Benninghoff declared that in working out the details of the agreement "there are, of course, normal difficulties in negotiations and honest doubts on both sides."

Sees Others Conniving

"I am sorry to tell you," he continued, "that in addition to these difficulties there are those who are conniving to subvert the ends sought in the Renville agreements. They are those same people whose policies require the presentation and the intensification of chaos and hatred everywhere in the world.

"Those people viewed the acceptance of the Renville agreements in January with genuine alarm and they have tried ever since to destroy the faith of the Netherlands people and the Indonesian people in the just and practical character of the proposed settlement. Their ways are devious and ruthless.

"You know of whom I speak—the Communists, who even at this hour are at work in The Netherlands, in Indonesia, through Asia and even in the United States to call the good faith of the Good Offices Committee (of the United Nations) and its work into question."

Burmese Retake Town Of Waw

Rangoon, Burma, June 26 (AP)—The Burmese Government said today its troops recaptured Waw, about 100 miles from here on the road to Mandalay, from Communist insurgents.

News dispatches said the Communists seized the town on Wednesday. A Government communiqué said it was retaken the following day. The bulletin made no mention of casualties.

The dispatches, which reached Rangoon only yesterday, said about 500 insurgents surrounded the town's guard squad and the squad retreated without firing a shot.

The Communists stopped a train at the Waw station long enough to ask the passengers to surrender any arms, the reports said.

Japan Occupation Budget For '50 Set

Tokyo, June 26 (AP)—General MacArthur's headquarters is counting on at least two more years here.

Seventeen military and civilian officials left by plane for Washington today to present budget needs for the fiscal year 1950.

They'll seek funds for two big items: Army and Air Force expenses in the Far East Command, which also includes the Philippines, and United States relief money for occupied Japan and South Korea.

China Communists Hit At Port And Rail Links

Shanghai, June 26 (AP)—Chinese Communist troops marching southward out of Manchuria today were reported attacking one North China port and the railway which links it to Tientsin and Peiping.

Government headquarters at Peiping said the port, Chinwangtao, was under fierce attack with a number of other towns along the railway leading southwest to Tientsin.

A dispatch to the Shanghai *Sin Wen Pao* said the Red assault on Chinwangtao—a major landing point for Government reinforcements—was "reduced."

Coal Field Under Pressure

This term was not amplified, but the same dispatch said the center of fighting had shifted to the beach resort town of Pehtaiho, 18 miles to the south.

Other press dispatches reported that Changli, about 35 miles southwest of Chinwangtao on the railway to Tientsin, was encircled by the Communists.

It was in this sector that Gen. Fu Tso-yi, commander in North China, recently broke up a determined Communist assault on the great coal center of Tangshan, farther southwest.

Manchuria Troops Included

Fu's headquarters said these attacks were being mounted by about 30,000 Red troops, some of them from the forces of Gen. Lin Piao, Communist commander in Manchuria.

Some 370 miles to the southwest, the Communists opened new drives on towns guarding the Shansi provincial capital of Taiyuan.

Shanghai newspapers hailed the Government's recapture of Kaifeng, Honan province capital, but said the Communists created havoc in their brief stay. The Communists seized huge stores of banknotes, gasoline and munitions and burned two flour mills and a machine shop.

CHINESE AVOID HARD FIGHTING

Neutral Observers Base Stand On Contradictory Reports

Nanking, June 26 (AP)—Contradictory reports on the battle of Kaifeng strengthened convictions of neutral observers today that both sides in China's civil war fight harder on paper than anywhere else.

Neutrals who have visited the scenes of some of the war's "savage battles" say they cannot understand why both Government and Communists magnify skirmishes into destructive campaigns where the signs of destruction are scanty and there is never more than a handful of prisoners to bolster huge casualty claims.

[Foreign correspondents never have been permitted to witness actual fighting in the civil war.]

Kaifeng A Good Example

Kaifeng, capital of the central province of Honan, is a good example of the uncertainty in weighing war dispatches.

The Communists took it June 22. Pro-Government information, including that from the official military spokesman, pictured the city as largely in flames while a small Government garrison made a last-ditch defense.

Travelers who flew over Kaifeng the same day, when the action was said to be at its height, said they were unable to detect the slightest sign of fighting. They saw no smoke. Buildings appeared to be intact. The railway yards seemed full of undamaged rolling stock.

On Friday two Government relief columns regained Kaifeng. Absence of battle reports indicated the Communists withdrew without a struggle, though some sources said a fight was going on 30 miles to the southeast.

Hard Fighting Avoided

Experienced observers declared the many reports of bitter, destructive conflict were intended to cover reluctance of Government troops—especially small garrisons such as at Kaifeng—to put up firm resistance.

They said that in many cases the outnumbered force simply walked out the scape path which a superior Chinese army traditionally leaves for the enemy.

The Government's quick recovery of Kaifeng was taken as an indication that the Communists likewise avoid battle unless favored by all factors. They have been quick to abandon positions which they could hold only by hard fighting.

Chinese Currency Hits New Low

Shanghai, June 26 (AP)—Shanghai was in the midst of a general collapse of currency values today. At one time this morning, the Chinese yuan dropped to a new low of 5,000,000 to $1. The official rate is 474,000 to $1.

The collapse was blamed on civil war reverses and continued flooding of printing press money by the Government, which can't come within 80 per cent of balancing its budget.

The price of rice climbed to a peak of 20,000,000 yuan per 165-pound picul from yesterday's 17,000,000.

Cost Index Is Awaited

Import-export certificates, to which prices of imported commodities are largely pegged, climbed from 1,300,000 to something over 1,400,000.

A serious situation appeared ahead Monday when the municipal cost-of-living index will be issued. Most Shanghai prices are based on it. Unofficial reports said the index would be raised about 70 per cent from the May 31 figure of 337,000 yuan, which workers get over and above their salaries. But rice costs more than 300 per cent more than it did then.

Authorities anticipate labor trouble if the index does not go up higher than 70 per cent. Food riots are not unlikely.

New E.C.A. Aid Sends Total to $730,783,993

Shipments Due to Reach $900,000,000 at End of First Quarter Wednesday

WASHINGTON, June 26 (AP).—Approved Marshall plan shipments reached a total of $730,783,993 tonight as the Economic Co-operation Administration neared the end of its first quarter of recovery operations.

Paul G. Hoffman, Administrator, approved $122,004,849 worth of E. C. A.-financed purchases to be made by ten European countries. More than $10,000,000 worth of Chilean copper will be taken.

So far, the entire E. C. A. program has been giving, not lending. No repayable loans have been announced, although it is understood that negotiations are under way with three countries for credits on industrial recovery projects.

Ocials expect that total shipments approved will amount to $900,000,000 by Wednesday night, when E. C. A.'s first quarter ends. This is well short of the $1,350,000,000 originally scheduled, but the full spending rate has been attained only in the last few weeks.

Tonight's authorization will go to France, Austria, Denmark, Norway, Netherlands, United Kingdom, Italy, Greece, Bizonal Germany and the French zone of Germany.

Freight care to help re-equip Europe's shattered transportation system showed up on the approval list for the first time. Bizonal Germany will get $3,500,000 worth of thirty-ton cars, built in Belgium.

Canada and Latin America are prominent on the list of supplying countries. Nitrogen fertilizer and copper from Chile, zinc ore from Peru, ethyl alcohol from Cuba, oil from Venezuela and cottonseed and peanut meal from Brazil are among the approved purchases.

The authorizations, by countries, were Austria, $10,048,188; France, $14,974,287; United Kingdom, $41,551,340; Italy, $9,079,479; Netherlands, $2,828,000; Denmark, $2,419,100; Norway, $1,546,248; Greece, $4,803,607; bizonal Germany, $21,243,000, and French zone of Germany, $6,323,800.

Robert Allen Griffin, C... publisher, was appointed ... assistant to Roger D. ... chief of the E. C. A.'s special ... sion to China. Mr. Griffin publishes "The Monterey (Calif.) Peninsula Daily Herald" and is president of the Monterey Peninsula Broadcasting Co. station KDON, of Del Monte, Calif.

$1,230,000,000 E.R.P. Aid Sought by Bizonia

GENEVA, June 26 (AP).—The combined American and British zones of Germany seek credits totaling $1,230,000,000 during the first year of the Marshall plan, under a proposal being submitted to the European recovery organization at Paris, it was learned here today.

The proposal was made in a detailed 160-page survey of Bizonia's requirements prepared by German economic experts of the bizonal economic administration.

The target is an over-all 25 per cent increase of Bizonia production within a year.

The plan, ten weeks old, was being kept secret, pending consideration and approval by the Marshall plan nations at Paris, but advance copies recently reached non-Communist delegations to the economic commission for Europe here.

Royall Plans 18-Division Army, Ready to Strike, by Next Year

Force Will Include Twelve Regular and Six National Guard Units Fully Trained and Completely Equipped.

Norfolk, Va., June 26 (A. P.).—Secretary of the Army Kenneth C. Royall said today a mobile striking force of eighteen infantry and armored divisions is planned for the Army by 1949.

Royall said the divisions, six of which would be National Guard divisions, would be fully manned and equipped. He revealed the Army's plans in the commencement address of the Armed Forces Staff College here.

Royall said the National Guard divisions will be the 26th in Massachusetts, the 26th in Pennsylvania, the 31st in Alabama and Mississippi, the 43d in Connecticut, Vermont and Rhode Island, the 45th in Oklahoma and the 49th Armored in Texas.

"We have been forced by circumstances—by bitter actualities—to spend a substantial part of our national effort on the expansion of our armed forces," Royall declared. "We had no alternative other than to take a dangerous chance as to the survival of our nation, its form of government and its way of life.

"It is our duty to see that the money—and above all the men—which America has intrusted to our care are not wasted."

He continued:

"By the end of 1949 we expected to have a mobile striking force of twelve complete regular Army divisions and six National Guard divisions, with the organized reserve supplying necessary service support units for the Guard.

Ready to Strike.

"These eighteen divisions are to be fully trained as promptly as possible. They are to be equipped and weaponed to the maximum extent permitted by available supplies. Our plan contemplates a striking force ready to go into immediate action in the case of emergency, and this force will be the nucleus of the new Army.

"The twelve regular divisions of full strength will double our present mobile force. Six of these regular divisions will be in the United States. There will be the Eighty-second Airborne Division of Fort Bragg, N. C., the only domestic division now anywhere near full strength.

"The Second Infantry Division at Fort Lewis, Wash., and the Second Armored Division at Camp Hood, Tex., each of them now at about one-third strength, and the Third Infantry Division at Fort Benning, Ga., now just a headquarters—all of these will be brought to full strength. A brand new Infantry division, the Eighth, will be at Camp Campbell, Ky. Another airborne division will also be organized. Its station has not yet been determined."

May Need 25 Divisions.

The eighteen-division striking force will constitute the bare minimum for national safety, Royall said. "And for the contingency of continuing world tension, our plans would require an increase of our mobile striking force to at least twenty-five divisions. Let us pray that this will not be necessary," he declared.

In addition to the striking force of eighteen divisions, there will be a demand for supporting units, including forty anti-aircraft battalions.

To train and command this vastly increased Army, reserve officers, particularly those of junior rank, will be called up at the rate of 1,350 each month for months to come.

TRADE ACT EXTENSION MADE LAW

Truman Expresses Regret At 1-Year Limit In New Measure

30.24- 18739

Washington, June 26 (AP)—President Truman signed today the one-year extension of the Reciprocal Trade Agreements Act which Congress sent him in lieu of the three-year continuation the Administration sought.

The measure changes the procedure to give the Tariff Commission a bigger role in the negotiation of any new duty-reducing agreements which may be sought.

The State Department contended the change would wreck the fourteen-year-old program. Key congressional Republicans said it would do no such thing.

President Expresses Regret

The measure would extend until June 30, 1949, the act which lapsed on June 12.

In a statement, the President expressed "regret" that Congress "has not seen fit to renew this authority for the customary three-year period."

"There is no valid reason for a one-year limitation which appears to cast some doubt upon our intentions for the future."

The President also criticized what he called "a new, complicated, time-consuming and unnecessary procedure" for the negotiation of reciprocal-trade agreements.

"It is so essential that the reciprocal-agreements program should not lapse, that I have signed this act in spite of its serious defects," he said.

"High National Policy"

"I will do my best to make the new procedures work. As a first step, I intend to proceed with plans for bringing other countries into the general agreement on tariffs and trade, signed with 22 countries at Geneva in October, 1947."

The President described the trade agreements program as a matter of "high national policy," he added:

"When the act is again extended next year, I trust that the defects contained in this year's extension will be corrected, in order that the act will be restored as a fully effective instrument of permanent United States policy."

The new law limits the presidential authority to lower tariffs.

Procedure Changes Listed

These changes in procedure were incorporated in the extension:

1. The President, before entering into tariff negotiations, would be required to furnish the Tariff Commission with a list of commodities to be covered by negotiations.

2. The commission would make an investigation, hold hearings, and then set forth for the President so-called "peril points" beyond which it felt the Chief Executive could not go without "causing or threatening to cause serious injury to domestic producers."

The President could not complete tariff pacts until the commission reported, within four months.

3. The inter-agency Government committee which now advises the President on tariffs could continue to do so.

4. The Tariff Commission would have a strictly fact-finding role. It would be prohibited from making binding decisions.

5. If the President disregarded the commission's recommendations, he would have to notify Congress within 30 days and explain why.

6. When its recommendations were set aside, the commission would have to submit to Congress its report to the President.

Gates Opened To 205,000 Refugees

Washington, June 26 (AP)—The gates to the United States were thrown open today to 205,000 European refugees who can meet conditions labeled "flagrantly discriminatory" by President Truman.

In signing the refugee immigration bill into law yesterday, Mr. Truman fired a strongly phrased 1,800-word blast at Congress for not sending him a better measure.

He said he signed the bill with "very great reluctance," and added that, "if the Congress were still in session, I would return this bill without my approval and urge that a fairer, more humane bill be passed."

The measure discriminates against Jewish and Catholic displaced persons, the President charged, by setting up immigration conditions which most such refugees cannot meet.

Limits Immigration

"It is a close question," the President's bitterly worded statement said, "whether this bill is better or worse than no bill at all."

The new law limits immigration over the next two years to those D.P.'s who fled to Germany, Austria and Italy between September 1, 1939, and December 22, 1945. "By this device," said Mr. Truman, "more than 90 per cent of the remaining Jewish displaced persons are definitely excluded."

And, he said, it "also excludes many displaced persons of the Catholic faith" who "fled into the American zones after December 22, 1945, in order to escape persecution in countries dominated by a Communist form of government."

Hopes For Remedy

The President said he hopes the next session of Congress will remedy the bill's defects—especially the December, 1945, deadline.

"It is inexplicable," he declared, "except upon the abhorrent ground of intolerance, that this date should have been chosen instead of April 21, 1947, the date on which General Clay (American occupation commander in Germany) closed the displaced persons camps to further admissions."

Mr. Truman charged that the measure, passed as a compromise on the final day of the session, combines "the worst features of both the Senate and House bills."

These are some of its provisions:

Refugees must have jobs and homes awaiting them here before they can enter. They also must pass stiff loyalty and character tests.

At least 40 per cent of the immigrants—about 80,000—must come from Lithuania, Latvia, Estonia and eastern Poland—countries annexed by a foreign power. At least 30 per cent must be farmers.

All would be charged against regular immigration quotas under a system which might cut future quotas for any affected nation by up to 50 per cent, possibly for several years.

EISENHOWER BACKS OUR 'FREE' SYSTEM

He Says at Dedication of IBM Addition That It Is Basis of the American Way

POUGHKEEPSIE, N. Y., June 26—(AP)Gen. Dwight D. Eisenhower, president of Columbia University, said today that "without freedom of the press our whole system of political freedom would disappear."

"Without free enterprise the political freedom we know cannot exist," he added.

Speaking at the dedication of a $6,000,000 addition to the plant of the International Business Machine Corporation here, General Eisenhower called the building "a symbol of the faith America has in the system of free enterprise."

He said also that "if America ever accepted a government that had to order each of us to do our job, such a Government could not permit strikes or inciting t or freedom of the press."

Excerpts From Speech

In his speech at Poughkeepsie yesterday General Eisenhower said:

"The political freedoms we know, the American concept of democracy, certainly include a faith, related to some religion, that man is more than an animal, that he possesses a soul.

"If we have not that faith, then why should any of us admit that any other is born with equal rights to himself? Each of us instinctively recognizes, and our forefathers so stated, that an individual, because he is born, possesses certain rights. And to prove that, we must go back and depend upon faith, and faith alone; and I say it is a faith, akin to religion, to most of us.

"It depends upon a system of free enterprise because eventually, if any government or any individual—or in any other way all property residing within a nation's borders were owned by the government or by a particularly small group of individuals, there would be no recourse for that government or for those individuals except to order each of us in the way of life we must follow, in order to make that tremendous, staggering business a success.

Press Freedom at Stake

"Without free enterprise, the political freedom we know cannot exist, because if that government has to order each of us to do our job, it could not permit strikes, it could not permit incitement to strike, and freedom of the press, which is the very foundation upon which our whole system of political freedom depends, would disappear.

"Finally, there must be included in any concept of democracy, as we attempt to practice it, a readiness to cooperate in the performance of our functions—such functions as the national security, and the establishment of rule and order among us so that even our own system, with all its virtues, may not fall prey to its own weaknesses, may not be exploited by people of evil intent.

"We do have to establish rules. We must do it by majority rule; we must cooperate in carrying out the systems and the policies that the majority lays down, because just as surely as we exist today, if any nation finds itself in peril because its free citizens will not cooperate to perform the necessary group jobs, they will eventually do it by fear—and then we have dictatorship."

IBM to Add Workers

The dedication was sponsored by the Poughkeepsie Chamber of Commerce. The cornerstone of the new structure was laid by Thomas J. Watson, IBM president. He said the additional plant would make it possible to increase local IBM personnel to 3,000 and that, as the housing situation was improved, the company would increase further its manufacturing area in Poughkeepsie.

Speaking of the United Nations, Mr. Watson said:

"The United States must take the responsibility for a time of furnishing very large sums of money to help certain countries get back to their feet as soon as possible, and as soon as the satellite countries feel that our way of life is best, then I know that everyone in our country will respond to a call to assist them. I believe that day is coming.

"I am not worried about another war at this time. I feel confident that through the United Nations we can develop policies that will eliminate any chances of a world war again. But that is not going to be easy to do."

AGRICULTURE AIDES NAMED

Farmer And Poultryman Are Picked By Truman

Washington, June 26 (AP)—President Truman today appointed Albert J. Loveland, Iowa farmer, as Under Secretary of Agriculture and Elmer H. Wene, New Jersey poultryman, as Assistant Secretary.

Wene represented his state in Congress for three terms and in 1945 was an adviser to the former Secretary of Agriculture, Clinton P. Anderson.

The appointments were made on a recess basis. When Congress convenes next January, new nominations must be made subject to Senate confirmation.

Loveland succeeds the former Under Secretary, Norris E. Dodd, who recently resigned to take a post with the United Nations food and agriculture organization.

Succeeds Brannan

Wene succeeds Charles F. Brannan, who stepped up to head the department upon the resignation of Anderson.

Loveland, 55, was born on the 256-acre farm which still is his home at Jamesville, Iowa. He produces dairy cattle, hogs, corn, oats, soya beans and other feed crops.

In 1941, Loveland was named chairman of the Iowa State

cultural Adjustment Administration Committee. He also was chairman of the State War Board for Agriculture.

At the start of this year, he was appointed director of the agricultudal conservation branch of the Production and Marketing Administration in Washington.

NAVY ADDS TO UNIT AIDING BERNADOTTE

WASHINGTON, June 26 (AP)—Some seventy-six members of the United States Navy and Marine Corps have been assigned to duty with the United Nations truce mission in Palestine, the Navy said today.

Fifty-one Marines headed by Lieut. R. H. McMullen of Houston, Tex., were landed this week from the USS Marquette, now with the Sixth Task Fleet in the Mediterranean, to handle signal communications for the truce mission.

In addition, at the request of the United Nations, the task fleet has landed jeeps, trucks, radio and other matériel to help Count Folke Bernadotte, United Nations mediator in Palestine, carry out his mission.

The naval medical research unit in Cairo, Egypt, has sent a team of two doctors and two hospital

men to care for the health of the mission. This team consists of:

Lieut. (j.g.) William Drucker, Wilmette, Ill.; Lieut. (j.g.) Jesse Wilson, 425 Riverside Drive, New York; Chief Hospital Corpsman William F. Haines, 2025 Fendall Avenue, Washington, D. C., and Hospital Corpsman Irving R. Cook, Wilmington, Del.

To assist the truce mission two naval officer and one Marine left this country for Palestine last week. They are Comdr. Monroe Kelly Jr., Annapolis, Md.; Lieut. Col. Ben Francis Prewitt, Memphis, Tenn., and Lieut. Comdr. William T. Amen, Scotia, Calif.

The first military group to arrive in Palestine was a Navy communications unit of one officer and eleven men. One was killed during heavy firing.

Doolittle Is Named To Air Advisory Group

Washington, June 26 (AP)—Dr. James Harold Doolittle — better known as Lieut. Gen. Jimmy Doolittle—today became a member of the National Advisory Committee for Aeronautics. Doolittle was one of three new presidential appointees required by an act of the Eightieth Congress.

He and a Philadelphia physicist and physiologist, Dr. Detlev W. Bronk, were appointed with terms expiring December 1, 1950. Dr. Vannevar Bush, chairman of the Research and Development Board of the National Military Establishment, became a member by reason of that chairmanship.

Congress ordered enlargement of the advisory committee from fifteen to seventeen members, and directed that the research and development chairman become an *ex-officio* member.

RITES HONOR 4 BROTHERS

General Clark Says War Victims Helped Shape Destiny

Tremonton, Utah, June 26 (AP)—The sacrifices of the four Borgstrom brothers gave them "a share in the shaping of destiny," Gen. Mark W. Clark said today.

The commanding general of the 6th Army, principal speaker at memorial services for the four sons of Mr. and Mrs. Alben Borgstrom, told a crowd of hushed townspeople:

"These four boys—Leroy, Clyde, Rolon and Rulon—symbolize the spirit of scrifice evidenced on land, on the sea and in the air by millions of American fighting men, the living as wel as those now dead.

"Fought For Democracy"

"They fought to preserve democracy as we Americans know it.

"The Borgstrom boys achieved what very few of us dare hope will be our fortune—a share in the shaping of destiny."

As Clark spoke, the parents and family of the four, who died on four separate battlefields of World War II, sat on front seats in the Bear River Tabernacle of the Latter-Day Saints (Mormon) Church at Garland, three miles north of Tremonton.

Tears Come Frequently

Mr. and Mrs. Borgstrom glanced often at the four flag-draped bronze caskets lined across the Tabernacle front. Tears came frequently to their eyes.

Clark concluded by saying "I pray that we will so maintain our American way of life in the future that we shall not fail these valiant defenders whom we honor today."

Mrs. Borgstrom, who was near collapse several time yesterday as the two-day honors for the boys began, had regained composure through the night. She told newsmen:

"It all seemed a dream that my boys were gone, until they came home. Now I'm just stunned."

House Report Scheduled On Officials' Grain Deals

WASHINGTON, June 26 (AP).—A House report on commodity speculation by government officials will be released next week. Representative August H. Andresen, Republican, of Minnesota, chairman of a special seven-man investigating committee, told a reporter today.

"The first report will show examples of how government officials and employees on the inside speculated in commodities," he said. Names of these people will be withheld at this time, but names will be named in the final report to be issued late in the fall."

Mr. Andresen said the committee will hold public hearings in August and September, covering the entire field of commodity dealings by both private traders and government officials.

Non-resident aliens made a profit during 1946 and 1947 of at least $75,000,000 on speculative trading in the exchanges but paid no income taxes on that money, he added.

"We are now working with the Bureau of Internal Revenue on this matter of tax evasion," he said.

Applications for Loans To Veterans Rise in May

WASHINGTON, June 26 (AP).—For the first time since September there has been an increase in applications for veteran loan guaranties, the Veterans Administration said today. The 34,000 applications received during May were 7 per cent above the number for April, a monthly summary showed. May, 1947, applications totaled 51,000.

Officials said the recent increase is "small, seasonal and somewhat belated." The greatest increase during the month—36 per cent—was in the Boston area. There were decreases in the San Francisco, Seattle, Dallas and Atlanta areas.

The G. I. home loan market has been quiet for almost a year. The American Legion and other veterans' organizations have attributed this to elimination by Congress last June of the Reconstruction Finance Corporation secondary market for G. I. loans and the comparatively low 4 per cent interest rate, which has discouraged lenders.

The Federal government guarantees repayment of 50 per cent on veterans' real estate loans up to $4,000.

BIGGER NAVY JOB IN WARTIME SEEN

JUN 1948

History's Greatest Effort Predicted By Admiral

Fort Wayne, Ind., June 26 (AP)—If America ever has to fight again, Vice Admiral Arthur W. Radford predicted tonight the Navy will have a bigger job on its hands than it has ever had before.

"It will not only dwarf our efforts in World War II, but it will surpass any naval effort in history," Radford said in a talk for the eleventh annual reunion of navy clubs. He is vice chief of naval operations.

One Of Greatest Problems

"We can be thankful that we have some part of our wartime navy left, for without it, the future of the United States would be about as bright as that of a fat turkey in the middle of November," Radford said.

He added that one of the greatest problems in a future war would be protection of merchant ships which bring in raw materials needed by this country's industry.

The United States now is importing 97 per cent of its manganese, indispensable in steel manufacture, he said. A principal ingredient in engine bearings of automobiles, locomotives, ships and airplanes is tin, and the entire requirement, 100 per cent, is being imported by sea now.

"An All-Navy Team"

To insure that these and other imports, such as rubber, tungsten, get through, Radford said the Navy must be prepared to face a submarine menace greater than in either the first or second world wars.

Radford said the Navy must retain its ability to fight equally well in three dimensions with air, surface and sub-surface units. "There is no such thing as a battleship navy, an air navy or a submarine navy. It's an all-navy team," Radford said.

Battleship Wisconsin To Join Reserve Fleet

Portsmouth, Va., June 26 (AP)—The 45,000-ton battleship Wisconsin will be decommissioned July 1 and stored away as part of Uncle Sam's naval reserves.

The Wisconsin's colors and commission pennant will be lowered Thursday in ceremonies at the Norfolk Naval Shipyard. Afterward, she will be a member of the Norfolk Group, Atlantic Reserve Fleet. Her sister ship, the New Jersey, will be decommissioned next week at New York.

It has taken six months to inactivate the Wisconsin, battle-seasoned veteran of World War II. She lies moored at a pier, her nine 16-inch guns covered by aluminum igloos and her decks and bulkheads swathed in preservatives.

250 Navy Ships To Mark 'The Fourth'

Washington, June 26 (AP)—Over 250 ships of the Atlantic and Pacific fleets will scatter up and down both coasts for Fourth of July celebrations.

Everything from landing craft to carriers will take part in the holiday, with 196 vessels scheduled for East Coast visits and 60 for the West Coast.

Among ships on display will be a former U-boat, the 2513, at Key West. She is a new type developed by the Germans and capable of very high underwater speeds. An American submarine, the Sablefish, will make the longest voyage inland. She is going 150 miles up the Hudson River to Albany, N.Y.

Germ Warfare Development Not To Change U.S. Defenses

Norfolk, Va., June 26 (AP)—Developments in germ warfare will not change this country's defense setup "in the foreseeable future," Kenneth C. Royall, Army Secretary, said today.

Royall, who this morning addressed graduates of the Armed Services Staff College here, made the statement at a press conference. A reporter asked him whether Russian research in bacteriological weapons might prove "an answer to the atom bomb."

"There is nothing in germ warfare that would affect the armed forces setup here in the foreseeable future," the Army Secretary replied.

Mobile Striking Force

Earlier, Royall told the staff colleges' 157 graduates that the United States Army would have a mobile striking force of eighteen fully-trained infantry and armored divisions by the end of 1949.

These divisions, he said, will be "equipped and weaponed to the maxmum extent permitted by available supplies," and will provide the nucleus for a possible force of 25 full-strength divisions "in the contingency of increasing world tension."

Among division scheduled to be brought to full striking strength by the end of next year are six regular Army divisions abroad, six at home and six National Guard divisions, he said.

The half dozen National Guard divisions, Royall said, will be the 26th Massachusetts; the 28th in Pennsylvania, the 31st in Alabama and Mississippi, the 43rd in Connecticut, Vermont and Rhode Island, the 45th in Oklahoma and the 49th armored in Texas.

He listed the "regular" domestic divisions as:

The 82nd Airborne, Fort Bragg, N.C., which he termed the only division in the nation now anywhere near full strength.

The 2d Infantry, Fort Lewis, Washington.

The 2nd Armored, Camp Hood, Texas.

The 3rd Infantry, Fort Benning, Georgia.

New Division Planned

A brand-new infantry division, the 8th, to be stationed at Camp Campbell, Ky.

Another airborne division, its station not yet determined.

Before the end of 1948, Royall said, the Army should number 900,000, with a total strength in all services of 2,000,000.

To train and command this greatly increased army, he said, reserve officers—particularly those of junior rank—will be called up at the rate of 1,350 each month for months to come.

Fund Bill Signed For Flood Control

Washington, June 26 (A. P.)—President Truman has signed an appropriation bill carrying a record $573,000,000 for flood control and navigation projects in the year beginning July 1.

The waterways money is in the Army civil functions measure, carrying a total of $641,575,666.

Revercomb Says Army Scuttled Enlistments

Bluefield, W.Va., June 26 (AP)—United States Senator Chapman Revercomb (R., W.Va.) today charged that the Army "scuttled" the voluntary enlistment program because it wanted a draft.

Addressing the State Veterans of Foreign Wars encampment, Revercomb repeated a charge he made on the floor of the Senate two weeks ago that the Army raised intelligence test standards "to thin down those enlistments."

Revercomb, who voted against the recent Draft Act, said the Army raised its minimum general classification test score from 59 to 70 and later to 80 because "it did not want voluntary enlistment to work."

Two To Retire With Full Pay

Washington, June 26 (AP)—Retirement at full pay with the rank of four-star general was assured today for Gen. Omar N. Bradley, Army chief of staff, and Gen. Carl Spaatz, of the Air Force.

The authorization is contained in a law signed by President Truman.

The measure does not mention either of the top World War II leaders by name, but is pins down their identities without question.

It authorizes permanent appointment in the Army of "one general from among officers who successfully commanded as many as four armies in the field against the enemy from August 1, 1944, to August 15, 1945."

That's Bradley, who led the American armies in the field in Europe under the overall command of Gen. Dwight D. Eisenhower.

It further calls for permanent appointment of one Air Force general "from among officers who commanded the United States Army strategic Air Force, European theater of operations, from January 1, 1944, to March 1, 1946."

The description narrows the field exclusively to Spaatz, who commanded American heavy bombers in smashing Hitler's fortress Europe.

Spaatz now is on technical leave and is expected to announce his retirement officially within a week. He was succeeded recently by Gen. Hoyt S. Vandenberg as Air Force chief of staff.

Four-star generals get base pay of $8,800 a year, plus a personal money allowance of $2,200 and, in addition, are allowed $120 a month for rent and $42 for subsistence—a total of $12,944.

NIGHT LEAD BRITISH (550)
LUTON, ENGLAND, JUNE 26-(AP)-WINSTON CHURCHILL TODAY WARNED BRITAIN TO SHEER AWAY FROM APPEASEMENT IN THE BERLIN CRISIS WITH RUSSIA.

HE DECLAGED THE TENSE SITUATION IN THE GERMAN CITY "RAISES ISSUES AS GRAVE AS THOSE WE NOW KNOW WERE AT STAKE IN MUNICH 10 YEARS AGO,"--WHEN BRITAIN DICKERED WITH HITLER.

"THERE IS NO SAFETY IN YIELDING TO DICTATORS, WHETHER NAZI OR COMMUNIST," HE CAUTIONED. HE CHARGED RUSSIA HAS MADE UP ITS MIND TO DRIVE THE WESTERN ALLIES OUT OF BERLIN.

JUST BEFORE HE SPOKE, THE BRITISH GOVERNMENT OFFICIALLY ACCUSED RUSSIA OF CARRYING ON A "RUTHLESS ATTEMPT" TO CREATE "A STATE OF SIEGE" IN BERLIN AND REITERATED "THE STATEMENT THAT WE INTEND TO STAY IN BERLIN HOLDS TRUE."

THE FOREIGN OFFICE SAID IN AN OFFICIAL STATEMENT READ TO A NEWS CONFERENCE THAT THE SOVIET FOOD BLOCKADE, "BY STARVING THE HELPLESS CIVILIAN POPULATION IN BERLIN, IS AIMED TO GET POLITICAL ADVANTAGES AT THE EXPENSE OF THE OTHER ALLIED POWERS."

U.S. AMBASSADOR LEWIS DOUGLAS AND FOREIGN SECRETARY ERNEST BEVIN WERE IN CONFERENCE ABOUT THE BERLIN SITUATION.

BRITAIN'S WAR-TIME PRIME MINISTER ADDRESSED A CROWD ESTIMATED BY NEWSMEN AT 100,000 PERSONS WHO JAMMED LUTON HOO, HISTORIC SUBURB OF LUTON, AT A CONSERVATIVE PARTY RALLY.

HE PLEDGED HIS PARTY'S SUPPORT TO THE LABOR GOVERNMENT IF IT ACTS WITH RESOLUTION TO STAY IN BERLIN, AND ASSERTED THAT BRITAIN IS A UNITED NATION, DESPITE PARTY DIFFERENCES, IN RESISTANCE TO "FOREIGN TYRANNY."

IN UNITY AND FIRMNESS, HE SAID, LIES THE ONLY HOPE OF PEACE.

"WE ARE ALL NATURALLY ANXIOUS ABOUT WHAT IS HAPPENING IN BERLIN," HE SAID. "LAST MONTH, ON MAY 4, MR. BEVIN SAID IN PARLIAMENT, 'WE ARE IN BERLIN AS OF RIGHT. IT IS OUR INTENTION TO STAY THERE.'

"IT IS CERTAIN THAT HE WOULD NOT HAVE SAID THAT WITHOUT HAVING MADE SURE THE UNITED STATES IS EQUALLY RESOLVED. ON THE OTHER HAND, THERE IS NO DOUBT THAT THE COMMUNIST GOVERNMENT OF RUSSIA HAS MADE UP ITS MIND TO DRIVE US AND FRANCE AND ALL THE OTHER ALLIES OUT, AND TURN THE RUSSIAN ZONE INTO ONE OF THE SATELLITE STATES UNDER THE RULE OF TOTALITARIAN TERRORISM.

A10
"THIS RAISES ISSUES AS GRAVE AS THOSE WE NOW KNOW WERE AT STAKE IN MUNICH TEN YEARS AGO. IT IS OUR HEART'S DESIRE THAT PEACE MAY BE PRESERVED, BUT WE SHOULD ALL HAVE LEARNED BY NOW THAT THERE IS NO SAFETY IN YIELDING TO DICTATORS, WHETHER NAZI OR COMMUNIST."

AS CHURCHILL CALLED FOR FIRM ACTION AGAINST RUSSIA, IT WAS REPORTED IN PARIS THAT FRANCE IS WILLING TO NEGOTIATE A SETTLEMENT OF THE BERLIN CRISIS WITH THE SOVIETS. DEPUTIES LEAVING A CLOSED MEETING OF PARLIAMENT'S FOREIGN AFFAIRS COMMITTEE SAID FOREIGN MINISTER GEORGES BIDAULT HAD MADE SUCH A STATEMENT.

PREMIER ROBERT SCHUMAN CALLED A SPECIAL CABINET MEETING FOR MONDAY TO DISCUSS THE INTERNATIONAL SITUATION.

DIPLOMATIC SOURCES IN PARIS SAID THEY BELIEVED THE WESTERN ALLIES WILL BE IN BERLIN ONLY A SHORT TIME LONGER BECAUSE "THEY DON'T WANT TO GO TO WAR WITH BERLIN."

THIS WEEK GEN. LUCIUS D.CLAY, AMERICAN MILITARY GOVERNOR, DECLARED THE RUSSIANS COULD NOT DRIVE THE U.S. FROM BERLIN BY ANY ACTION SHORT OF WAR.

"THE ONLY HOPE OF PEACE IS TO BE STRONG," CHURCHILL ASSERTED, "TO ACT WITH OTHER GREAT, FREEDOM-LOVING NATIONS AND TO MAKE IT PLAIN TO THE AGGRESSOR WHILE TIME REMAINS, THAT WE SHOULD BRING THE WORLD AGAINST HIM, AND DEFEND OURSELVES AND OUR CAUSE BY EVERY MEANS SHOULD HE STRIKE A FELON'S BLOW.

"I CANNOT GAURANTEE THAT EVEN A FIRM, A RESOLUTE COURSE WILL WARD OFF THE DANGERS WHICH NOW THREATEN US, BUT I AM SURE THAT SUCH A CORSE IS NOT MERELY THE BEST WAY BUT THE ONLY CHANCE OF PREVENTING A THIRD WAR IN WHICH THE MOST FEARFUL AGENCIES OF DESTRUCTION YET KNOWN TO MAN WILL BE USED TO THE FULLEST EXTENT."

HE ADDED THAT THE CONSERVATIVE PARTY WILL SUPPORT THE GOVERNMENT IN SUCH A STAND.

CHURCHILL SAID THAT THE UNITED STATES PROVIDES AN EXCELLENT EXAMPLE OF THE STRENGTH TO BE FOUND IN BI-PARTISAN AND MULTI-PARTISAN DIRECTION OF FOREIGN POLICY.

"THE AMERICANS ARE ACTUALLY INVOLVED IN A PRESIDENTIAL ELECTION, AND YET IN THE MIDST OF ALL THAT STRUGGLE AND PARTY DIVISIONS THEY PRESERVE WHAT IS CALLED BI-PARTISAN CONDUCT OF FOREIGN AFFAIRS, FAR ABOVE PARTY. THE GOVERNMENT AND THEIR OPPOSITION WORK TOGETHER THROUGH THEIR LEADING MEN IN FOREIGN POLICY.

"BOTH SIDES XXX ARE PREPARED TO VOTE GENEROUS SUBSIDIES TO EUROPE AND ESPECIALLY TO BRITAIN. BOTH SIDES ARE SUPPORTING STRONG AND EFFECTIVE DEFENSES XXX. AND ALL THIS IN THE MIDDLE OF VEHEMENT AND BITTER PARTY POLITICS."

LONDON, JUNE 26-(AP)-WAR MINISTER EMANUEL SHINWELL SAID TONIGHT BRITAIN'S ARMY IS RAPIDLY DEVELOPING INTO FIRST CLASS CONDITION.

IN A SPEECH AT THE ROYAL MEDICAL CORPS GOLDEN JUBILEE RALLY, SHINWELL SAID:

"IF UNHAPPILY---AND I MUST EMPHASIZE UMHAPPILY---WE SHOULD BE AGAIN EMBROILED IN A MAJOR WAR, I CAN ASSURE YOU AND ALL WHO ARE INTERESTED THAT THE BRITISH ARMY, IN SPITE OF GREAT DIFFICULTY, IS RAPIDLY DEVELOPING INTO FIRST CLASS CONDITION. THAT IS NOT A THREAT NOR A CHALLENGE. IT IS JUST AN ITEM OF INFORMATION."

SHINWELL SAID BRITAIN DESIRES TO LIVE ON TERMS OF PEACE WITH HER NEIGHBORS EVERYWHERE.

BERLIN, JUNE 26-(AP)-AMERICANS BEGAN TO FEEL THE BLOCKADE PINCH IN BERLIN TODAY. OWNERS OF PRIVATE CARS WERE RATIONED TO FIVE GALLONS OF GASOLINE A WEEK.

THIS WAS PART OF AN AUSTERITY PROGRAM WHICH INCLUDED A DIRECTIVE TO CLUBS TO HOLD NO PARTIES OR RECEPTIONS. AMERICAN SNACK BARS WILL REMAIN OPEN BUT FOOD CONSERVATION MUST BE OBSERVED THERE AS WELL AS IN ARMY AND CIVILIAN MESS HALLS.

GASOLINE PURCHASES PREVIOUSLY HAVE BEEN UNLIMITED. MOTOR BOATING BY AMERICANS WAS PROHIBITED TODAY.

HOF, GERMANY, JUNE 26-(AP)-DESPITE THE VIRTUALLY SEALED BORDERS BETWEEN THE SOVIET AND WESTERN ZONES, THE SOVIET-LICENSED BERLIN NEWSPAPER NEUES DEUTSCHLAND SUDDENLY APPEARED ON THE STREETS OF THIS AMERICAN ZONE CITY TODAY.

VENDORS SOLD THE NEWSPAPER AT 10 PFENNIGS EACH, ALTHOUGH THE PRICE PRINTED ON THE NEWSPAPER IS 20 PFENNIGS. (A PFENNIG IS .01 OF A MARK.)

A HOF NEWSPAPERMAN SAID THERE APPEARED TO BE AN UNLIMITED NUMBER OF COPIES OF NEUES DEUTSCHLAND, COMPARED WITH THE LOCAL PAPER WHICH IS ALLOWED TO PRINT ONE COPY FOR EVERY FIVE PERSONS IN ITS DISTRIBUTION AREA.

FRANKFURT, GERMANY--FIRST ADD NIGHT LEAD CURRENCY (BY O'REGAN) X X X IN BUSINESS.

ALLIED EXPERTS BELIEVE THAT WESTERN GERMANY'S ECONOMY HAS BEEN CRIPPLED SINCE THE WAR BY TOO MUCH MONEY, TOO FEW GOODS AND TOO MUCH BUREAUCRACY.

BECAUSE THERE WAS SO MUCH MONEY, BIG PUBLIC ORGANIZATIONS LIKE STATE GOVERNMENTS, THE STATE-OWNED RAILWAYS AND POSTOFFICES PADDED HEIR PAYROLLS WITH THOUSANDS OF NON-ESSENTIAL EMPLOYES.

TONIGHT THESE ORGANIZATIONS WERE SEVERELY HIT. THE ALLIED GOVERNMENTS WIPED OUT THEIR ENTIRE FUNDS IN OLD REICHSMARKS, AND PROMISED THEM ONLY ONE-SIXTH TO ONE-TWELFTH OF THEIR TOTAL RECEIPTS DURING A RECENT SIX-MONTH PERIOD.

THOUSANDS OF PEOPLE MAY LOSE THEIR JOBS DURING THE FIRST STAGES OF THE ALLIED ATTEMPT TO STABILIZE WESTERN GERMAN ECONOMY.

"BUT WE EXPECT NO DEPRESSION," JACK BENNETT, AMERICAN "FATHER" OF THE NEW FINANCIAL PLAN, TOLD A NEWS CONFERENCE.

INSTEAD HE SAW A PERIOD OF PLENTY FOR GERMANS IN THE WEST AFTER AWHILE.

"ALREADY IN THE PAST WEEK," HE SAID, "THE SUCCESS OF THE REFORM PROGRAM IS FAR BEYOND MY EXPECTATIONS."

THE SHOPS IN WESTERN GERMANY SEEMED TO PROVE IT. THE BILLIONS OF MARKS WORTH OF HOARADED GOODS WERE COMING OUT INTO THE OPEN. WOMEN COULD EVEN BUY NYLONS.

"THESE ARE JUST THE HIDDEN RETAIL GOODS," SAID BENNETT. "WAIT UNTIL THE FACTORIES BEGIN TO LET GO OF THEIR PRODUCTS."

UNDER THE LAW ANNOUNCED TODAY, THE MONEY WILL BE KEPT SHORT BY HIGH DISCOUNT RATES ON CREDIT, AND STRICT CONTROL BY GERMAN AND ALLIED AUTHORITIES OF THE MAXIMUM 10,000,000,000 (B) DEUTSCHEMARKS WHICH WILL BE ALLOWED TO CIRCULATE.

BRITISH AND AMERICAN AUTHORITIES TOOK STEPS TO KEEP THE MONEY SHORT. AN ESTIMATED 4,000,000,000 (B) REICHSMARKS HELD BY THE OCCUPATION FORCES WERE WIPED OUT. THE DEBT, HOWEVER, MUST BE PAID BY THE GERMANS SOMETIME IN THE FUTURE.

HOLDINGS ABROAD OF REICHSMARKS ALSO WERE CANCELLED, SINCE IT IS ILLEGAL TO IMPORT OLD MARKS INTO GERMANY. BIG AMERICAN-CONTROLLED BUSINESS CONCERNS LIKE FORD AND STANDARD OIL WERE AFFECTED THE SAME AS GERMAN FIRMS: THEIR MARKS WERE DEVALUED AT THE RATE OF 10 OLD FOR ONE NEW.

MEANWHILE, ON STREETCARS AND IN SHOPS GERMANS TALKED ABOUT "NEW AND BETTER TIMES."

A16

THERE WERE TWO MAJOR FEARS:

"I AM AFRAID THE RAW MATERIALS WILL GIVE OUT AND THEN WE HAVE A NEW SLUMP," SAID ONE GERMAN.

BENNETT, HOWEVER, TOLD NEWSMEN THAT ALLIED AUTHORITIES HAD PLANNED FOR THIS AND SUPPLIES HAD STARTED ROLLING IN AHEAD OF THE MARSHALL PLAN.

OLD MARKS CAN BE EXCHANGED FOR NEW ONLY IF THEY WERE DULY REPORTED ON PROPER FORMS SINCE THE REFORM LAW WAS ANNOUNCED LAST SATURDAY. ALL BUT MINIMUM AMOUNTS SUBMITTED FOR EXCHANGE WILL BE INVESTIGATED.

IN GENERAL DEBTS UNPAID ON JUNE 21 WILL BE SETTLED AT THE RATE OF ONE NEW FOR 10 OLD MARKS, EXCEPT FOR WAGES AND SALARIES, RENTALS, ANNUITIES PENSIONS AND SOME OTHER TYPES OF PAYMENTS. THESE WILL BE PAID ON AN EVEN, ONE-FOR-ONE BASIS.

BERLIN, JUNE 26-(AP)-UNITED STATES AUTHORITIES PLAN TO START FLYING NEEDED SUPPLIES IN TODAY TO FIGHT THE SOVIET SQUEEZE CLAMPED ON BERLIN SINCE THE WESTERN ALLIES STARTED A MONEY REFORM.

GERMANS IN THE WESTERN ZONES AND BERLIN'S WESTERN SECTORS MEANWHILE LOOK FOR AN ALLIED ANNOUNCEMENT, AFTER BANKS CLOSE AT NOON, OF HOW MANY NEW DEUTSCHE MARKS THEY WILL GET FOR OLD REICHSMARKS IN THAT REFORM, UNDER WAY A WEEK. MOST EXPECT ONE NEW FOR 10 TO 20 OLD MARKS. THEY ALREADY HAVE BEEN ALLOWED TO TRADE IN SMALL SUMS AT PAR TO KEEP THEM GOING TEMPORARILY.

THE WESTERN CURRENCY REVISION HAS LED THE RUSSIANS TO TAKE A SIMILAR STEP IN THE AREA THEY OCCUPY. THIS HAS GIVEN BERLIN TWO KINDS OF MONEY.

YESTERDAY THE RUSSIANS CUT OFF SHIPMENTS OF FOOD AND BROWN COAL FROM THEIR SURROUNDING OCCUPATION ZONE TO THE CITY'S WESTERN SECTORS. THEY ALREADY HAD STOPPED FREIGHT TRAINS THAT HAD BROUGHT IN FOOD, COAL AND OTHER NECESSITIES FROM WESTERN GERMANY.

LAST NIGHT THE U.S. MILITARY GOVERNMENT NNOUNCED THE AIR FORCE, BEGINNING TODAY, WILL BRING IN MANUFACTURING SUPPLIES, ELECTRICAL EQUIPMENT, DRUGS AND OTHER VITALLY NEEDED GOODS.

THE AMERICAN AIR FORCE ALREADY WAS RUNNING A SHUTTLE SERVICE TO SUPPLY BERLIN'S 10,000 OR SO AMERICANS. THE ANNOUNCEMENT SAID NOTHING ABOUT FLYING IN FOOD FOR WESTERN BERLIN'S SOME 2,000,000 GERMANS.

THE WESTERN ALLIES ESTIMATE A MONTH'S FOOD IS ON HAND FOR THESE GERMANS. COL.FRANK R.HOWLEY, U.S. COMMANDANT HERE, TOLD THE PEOPLE YESTERDAY THEY "WILL NOT BE PERMITTED TO BE DEPRIVED OF FOOD." HE SAID, "THE STUPID AND BRUTAL THREAT TO STARVE BERLIN IS JUST FOOLISH."

THE MILITARY GOVERNMENT ANNOUNCEMENT SAID THE SOVIET AIM IS "TO MAKE THE WESTERN SECTORS OF BERLIN ECONOMICALLY DEPENDENT ON THE SOVIET AREA OF CONTROL BY RESTRICTING SHIPMENTS OF GOODS BETWEEN BERLIN AND WESTERN GERMANY."

"THIS MAKES IT NECESSARY," SAID THE STATEMENT, "FOR THE WESTERN ALLIES TO ALLEVIATE THE PLIGHT OF BERLIN MANUFACTURERS ENGAGED IN PRODUCING CRITICAL PRODUCTS FOR THE WESTERN ZONES AND GETTING CRITICAL ITEMS FROM THE WEST."

THE COAL EMBARGO THREATENED TO CAUSE THE SLOW BREAKDOWN OF LIGHT AND GAS SERVICE IN WESTERN BERLIN. ELECTRICITY FROM THE SOVIET AREA, SUPPLYING HALF WESTERN BERLIN'S NORMAL NEEDS, HAS BEEN TURNED OFF AND ON FROM TIME TO TIME SINCE MIDWEEK.

BERLIN NEWSPAPERS SAID LAST NIGHT THE CITY COUNCIL PLANS TO ASK THE UNITED NATIONS TO CONSIDER THE CITY'S PLIGHT. SOCIAL DEMOCRATS, THE MAJORITY PARTY, EARLIER PLEADED FOR WORLD HELP TO "LIBERTY-LOVING BERLINERS."

U.S., BRITISH AND FRENCH MILITARY GOVERNORS FOR GERMANY WAITED FOR INSTRUCTIONS FROM THEIR HOME GOVERNMENTS. A BRITISH OFFICIAL IN LONDON SAID THE CABINET HAD DECIDED THERE COULD BE NO QUESTION OF "SHOOTING IT OUT" WITH RUSSIA TO REMAIN IN BERLIN.

THE AMERICAN AND BRITISH GOVERNORS MADE PUBLIC A PLAN FOR A THREE-POWER MILITARY GOVERNMENT OF WESTERN GERMANY THAT WOULD GIVE THE GERMANS MORE POWER. THEY SAID MILITARY-GOVERNMENT STAFFS WOULD BE CUT AND THEIR FUNCTIONS REDUCED TO MERE SUPERVISION.

A MILITARY POLICEMAN SAID THE CAR "WAS GOING TO BEAT HELL." AFTER IT PASSED THE AMERICAN PATROL, AN M-8 ARMORED CAR AND A JEE TOOK OUT AFTER IT. THE M-8 QUICKLY WAS OUTDISTANCED BUT THE JEEP OVERTOOK THE RUSSIAN CAR AFTER A TWO-MILE CHASE AND BROUGHT IT TO A HALT.
THE ARMORED CAR THEN DREW ALONGSIDE. A FEW MINUTES LATER A SECOND U.S. JEEP ARRIVED. ABOUT A DOZEN GI'S GATHERED AROUND THE CAR BEFORE SOKOLOVSKY WAS IDENTIFIED.
DETAILS OF THE ARREST AT FIRST WERE NOT AVAILABLE AT U.S. HEADQUARTERS IN THE TENSE GERMAN CAPITAL. THREE HOURS LATER, HOWEVER, AN ACCOUNT OF THE INCIDENT WAS MADE PUBLIC BY THE MILITARY GOVERNMENT'S INFORMATION OFFICE.

THIS ACCOUNT SAID SOKOLOVSKY ACCOMPANIED BY A BODYGUARD WAS RIDING IN A DELUXE AMERICAN CAR. HE WAS FOLLOWED BY ANOTHER PARTY OF RUSSIANS IN A GERMAN CAR. THEY ALSO WERE STOPPED.
SOKOLOVSKY STEPPED OUT OF HIS CAR AND DECLARED, "I'M MARSHAL SOKOLOVSKY."
"THIS MADE NO IMPRESSION ON THE GI'S," AN AMERICAN OFFICER RELATED, "SINCE THEY DIDN'T UNDERSTAND RUSSIAN."
THE GI'S THEN SHOWED SOKOLOVSKY THEIR POLICE CREDENTIALS WHICH CARRY A NOTE IN RUSSIAN THAT ANY ONE STOPPED MUST ACCOMPANY THEM TO HEADQUARTERS.
SOKOLOVSKY REFUSED TO GO, THIS OFFICER SAID. THE GI'S THEN RADIOED FOR THEIR COMMANDING OFFICER WHO IDENTIFIED SOKOLOVSKY WHEN HE ARRIVED.
HE SUMMONED AN INTERPRETER. SOKOLOVSKY SAID HE WAS "SURPRISED AT BEING STOPPED BECAUSE HE THOUGHT OFFICIAL CARS HAD THE RIGHT OF WAY," THE OFFICER SAID. SOKOLOVSKY "DIDN'T SEEM VERY PLEASED ABOUT IT BUT HE WAS PATIENT," THE OFFICER SAID. "HE APPEARED STARTLED AT THE CONCENTRATION OF STRENGTH AROUND HIM."
THROUGH THE INTERPRETER, THE OFFICER RELATED, SOKOLOVSKY WAS ASSURED THAT HE WAS THE VICTIM OF A NORMAL "SPEED TRAP" AND NOT AN AMBUSH.

JERUSALEM, JUNE 26-(AP)-THE JEWISH BROADCASTING STATION "VOICE OF JERUSALEM" TONIGHT REPORTED AN ALLEGED PLOT BY THE EXILED MUFTI OF JERUSALEM TO ASSASSINATE KING ABDULLAH OF TRANS-JORDAN.

THE STATION SAID: "THE ARAB WORLD HAS BEEN SHAKEN BY THE DISCOVERY OF A PLOT BY HAJ AMIN EL HUSSEINI TO ASSASSINATE KING ABDULLAH ON HIS WAY FROM CAIRO TO RIADH (SAUDI-ARABIA) OR IN RIADH ITSELF. THE MUFTI INSTRUCTED GENERAL MOHAMMED ELKINDI TO CARRY OUT THE MURDER. HE LEFT TO ELKINDI TO DECIDE FOR HIMSELF THE APPROPRIATE TIME.

"AHMED HILMI PASHA, MILITARY GOVERNOR OF ARAB PARTS OF JERUSALEM, AND AUNI BEY ABDUL HADI, A JERUSALEM LAWYER, REVEALED THE CONSPIRACY, ADVISING ABDULLAH NOT TO PROCEED FROM CAIRO TO RIADH. THIS WAS THE APPARENT REASON WHY ABDULLAH UNEXPECTEDLY RETURNED FROM CAIRO TO AMMAN, HIS CAPITAL, TO CONFER WITH HIS CLOSEST ADVISERS."

THERE WAS NO CONFIRMATION OF THE REPORT. THE STATION SAID ITS SOURCE WAS USUALLY WELL-INFORMED AND RELIABLE.

ABDULLAH PAID A TWO-DAY STATE VISIT TO KING FAROUK OF EGYPT THIS WEEK. A REPORT FROM AMMAN LAST NIGHT SAID ABDULLAH HAD LEFT HIS CAPITAL FOR A VISIT WITH KING IBN SAUD OF SAUDI-ARABIA. THIS MEETING HAD BEEN SCHEDULED TO TAKE PLACE IN RIADH.

JERUSALEM, JUNE 26-(AP)-THE FIRST CONVOY TO MOUNT SCOPUS IN 10 WEEKS LEFT THE JEWISH SECTION OF JERUSALEM TODAY. THE VEHICLES, TRAVELLING UNARMED AND UNDER TRUCE COMMISSION AUSPICES, TOOK FOOD SUPPLIES TO HADASSAH HOSPITAL AND TO THE GURDS AT ADJACENT, HEBREW UNIVERSITY.

BOTH INSTITUTIONS AR SEPARATED FROM OTHER JEWISH PARTS OF JERUSALEM BY TERRITORY OCCUPIED BY THE ARAB LEGION.

THE AMOUNT OF FOOD TO BE BROUGHT TO THE 100,000 JEWS IN JERUSALEM DURING THE PRESENT CEASE-FIRE STILL IS UNDER DISCUSSION. THE LOCAL TRUCE COMMISSION AGREED THAT 6,600 TONS WOULD BE SUFFICIENT.

JEWISH AUTHORITIES SAID, HOWEVER, THAT 11,000 TONS ARE NEEDED BECAUSE OF THE HEALTH SITUATION CREATED BY PAST SHORTGAGES. ONE JEWISH SPOKESMAN SAID FEWER THAN 3,300 TONS HAD BEEN TRANSPORTED TO JERUSALEM FROM THE PALESTINE COASTAL PLAIN DURING THE FIRST TWO WEEKS OF THE TRUCE.

THE JEWS ALSO ASKED FOR MORE WATER FROM RAS EL AIN IN THE COASTAL PLAIN. JEAN NIEWENHUYS, BELGIAN CONSUL GENERAL AND CHAIRMAN OF THE TRUCE COMMISSION, VISITED IRAQI MILITARY HEADQUARTERS IN NABLUS. HE REQUESTED COOPERATION FROM THE IRAQI COMMANDER, AS THE RAS EL AIN PUMPING STATION NOW IS OCCUPIED BY IRAQI TROOPS.

EXTRA PUMPINGS FROM RAS EL AIN ARE NEEDED TO REVEAL ALL THE SPOTS WHERE THE PIPELINE TO JERUSALEM HAD BEEN SABOTAGED; WATER EXPERTS SAID. JERUSALEM'S AUXILIARY WATER SUPPLY IS FUNCTIONING.

THE JEWS ASKED THAT WORSHIPPERS BE PERMITTED TO VISIT THE WAILING WALL WHICH NOW IS WITHIN THE ARAB-HELD OLD CITY. THEY ALSO HAVE REQUESTED THAT A DELEGATION OF 10 MEN INCLUDING A RABBI BE PERMITTED TO VISIT THE GRAVES OF THE JEWS WHO FELL IN THE FIGHTING AT KFAR ETZION SOUTH OF BETHLEHEM.

FOURTEEN SICK OR WOUNDED ARABS CAPTURED BY THE JEWS LAST MONTH WERE RELEASED LAST NIGHT FOR TRANSFER INTO ARAB TERRITORY.

CAIRO, JUNE 26-(AP)-PRINCE FAISAL AL SAUD, SAUDI ARABIAN FOREIGN MINISTER, SAID TONIGHT THAT WHETHER THE UNITED NATIONS "WILL GO TO THE LIMIT IN SUPPORTING ZIONISM" WILL DEPEND ON FUTURE INTERNATIONAL DEVELOPMENTS.

HE TOLD A NEWS CONFERENCE THAT THE UNITED STATES AND RUSSIA TRIED TO GAIN U.N. APPROVAL OF ECONOMIC AND MILITARY SANCTIONS IN THE PALESTINE STRIFE BUT FAILED.

PRINCE FAISAL, SON OF KING IBN SAUD, ARRIVED TODAY FROM LONDON VIA GENEVA AFTER ATTENDING THE U.N. SESSION AT NEW YORK.

A REPORTER ASKED WHETHER HE THOUGHT MILITARY OBSERVERS AND U.N. PLANES AND SHIPS PUT AT COUNT FOLKE BERNADOTTE'S DISPOSAL MIGHT BECOME AN INTERNATIONAL MILITARY FORCE TO BE USED AGAINST THE ARABS IF THEY REJECT THE U.N. MEDIATOR'S PROPOSALS FOR PEACE IN PALESTINE. PRINCE FAISAL SAID:

"I HAVE NO INDICATION ABOUT THIS MATTER. NO SUCH THING HAS BEEN BROUGHT UP AT THE UNITED NATIONS AND NOTHING OF THE KIND CAN HAPPEN WITHOUT SECURITY COUNCIL DECISION."

SECRETARY GENERAL AZZAM PASHA OF THE ARAB LEAGUE CALLED BRITISH EVACUATION OF PALESTINE ONE MONTH AHEAD OF SCHEDULE "UNFAIR TO THE ARABS" UNLESS BRITAIN AND THE UNITED NATIONS ENSURE THE "NEUTRALITY" OF THE HAIFA ZONE.

(A BRITISH GOVERNMENT SOURCE SAID JUNE 21 THAT BRITAIN HAD ASKED THE U.N. TO CONTROL HAIFA'S PORT AND MILITARY INSTALLATIONS AFTER BRITISH DEPARTURE.

(THE BRITISH ORIGINALLY PLANNED TO COMPLETE THEIR EVACUATION OF THE HOLY LAND BY AUGUST 1. THEY NOW PLAN TO COMPLETE THE WITHDRAWAL BY JULY 1.)

AZZAM PASHA, WHO ARRIVED TODAY FROM WHAT HE CALLED A MILITARY TOUR OF SYRIA, LEBANON AND TRANS-JORDAN, TOLD NEWSMEN: "WE HAVE OBJECTED TO PREMATURE BRITISH EVACUATION WHICH DOES NOT OFFER US ANY OPPORTUNITY FOR OCCUPYING THE EVACUATED AREA."

HE SAID THE ARABS "ARE NOT PREPARED" TO ACCEPT AN EXTENSION OF THE PALESTINE TRUCE "AFTER THE EXPEDIENCES OF THE JEWS IN VIOLATING THE TRUCE EVERY DAY." ASKED TO COMMENT ON THE CLASH BETWEEN THE EXTREMIST IRGUN AND REGULAR ARMY FORCES IN ISRAEL, AZZAM PASHA SAID THIS WAS A "TRICK IN ORDER TO BREAK THE TRUCE CONDITIONS BY INTRODUCING WEAPONS ANDFIGHTING MEN INTO PALESTINE."

BY MAX HARRELSON

LAKE SUCCESS, JUNE 26-(AP)-UNITED NATIONS OFFICIALS EXPECT A MAJOR TEST NEXT WEEK ON WHETHER PEACE IN PALESTINE CAN BE MAINTAINED.

REPORTS REACHING HERE INDICATE COUNT FOLKE BERNADOTTE, U.N. MEDIATOR, WILL OFFER THE JEWS AND ARABS A LONG-TERM PEACE FORMULA WITHIN THE NEXT DAY OR TWO.

BERNADOTTE IS NOW PUTTING THE FINISHING TOUCHES ON HIS PEACE PLAN AT HIS HEADQUARTERS ON THE ISLAND OF RHODES.

IF THE FORMULA IS ACCEPTED BY THE DISPUTING PARTIES, THE FIGHTING MIGHT BE CALLED OFF PERMANENTLY. IF EITHER ONE OF PARTIES FAILS TO ACCEPT IT, THEN THE PRESENT FOUR-WEEKS' TRUCE MIGHT BLOW UP IMMEDIATELY.

INFORMED QUARTERS HERE SAID IT COULD BE ASSUMED BERNADOTTE WOULD SEEK AN EXTENSION OF THE TRUCE FOR A FIXED PERIOD, IF HE IS UNABLE TO OBTAIN A PEACEFUL SETTLEMENT BEFORE THE JULY 9 DEADLINE.

U.N. OFFICIALS SAID BERNADOTTE PROBABLY WOULD GET THE JEWISH AND ARAB REPLIES TO HIS PEACE FORMULA BEFORE THE END OF THE WEEK.

MEMBERS OF THE SECURITY COUNCIL FOLLOWED A POLICY OF WAIT-AND-SEE. THERE WAS A GENERAL SKEPTICISM HERE OVER THE CHANCES OF A PERMANENT SOLUTION, BUT NO DELEGATES WANTED TO COMMENT UNTIL BERNADOTTE HAD AT LEAST MADE AN EFFORT.

NO ONE HERE HAS RECEIVED EVEN A HINT FROM BERNADOTTE AS TO WHAT HE WILL PROPOSE TO THE DISPUTING PARTIES.

THERE WAS A SLIGHT FLURRY OF EXCITEMENT HERE LAST NIGHT AND TODAY OVER BERNADOTTE'S REPORT THAT EGYPT HAD VIOLATED THE TRUCE BY FIRING ON A U.N. TRUCE PLANE AND BY THREATENING TO USE FORCE TO PREVENT PASSAGE OF A JEWISH FOOD CONVOY IN THE NEGEB.

AN ISRAELI SPOKESMAN SAID HE FELT THE SECURITY COUNCIL SHOULD BE CONVENED TO TAKE ACTION AGAINST EGYPT. HOWEVER, FARIS EL KHOURI OF SYRIA, JUNE PRESIDENT OF THE COUNCIL, SAID HE SAW NO NEED FOR A COUNCIL MEETING.

THE COUNCIL AT PRESENT HAS ONLY ONE MEETING SCHEDULED FOR NEXT WEEK--ON THE INDONESIAN QUESTION--BUT THE DELEGATES ARE FOLLOWING PALESTINE DEVELOPMENTS CLOSELY. THEY ARE READY TO MEET IMMEDIATELY IF BERNADOTTE ASKS FOR ACTION OR REPORTS HE IS UNABLE TO HANDLE THE SITUATION.

BERNADOTTE SENT A TELEGRAM TO EL KHOURI TODAY EXPRESSING HOPE THAT HIS DIFFICULTIES WITH THE EGYPTIAN GOVERNMENT CAN BE SETTLED AND "THAT FURTHER INCIDENTS OF THIS NATURE ON THIS FRONT CAN BE AVOIDED."

BERNADOTTE SAID THE EGYPTIAN GOVERNMENT HAD PROMISED TO TAKE ACTION AGAINST THE PILOT WHO FIRED ON THE U.N. PLANE IF IT WERE DETERMINED HE KNEW THE IDENTITY OF THE AIRCRAFT UNDER ATTACK.

EGYPTIAN PRIME MINISTER MAHMOUD FAHMY NOKRASHY PASHA WAS SAID BY BERNADOTTE TO HAVE TOLD A U.N. REPRESENTATIVE THE U.N. PLANE WAS FLYING AT AN ALTITUDE OF 500 FEET INSTEAD OF 2,000 PREVIOUSLY AGREED UPON. NOKRASHY PASHA ALSO SAID THE PILOT CLAIMED U.N. MARKINGS WERE NOT VISIBLE ON THE ATTACKED PLANE.

PEIPING, SUNDAY, JUNE 27-(AP)-NEARLY 1000 MILES OF RAILWAY LEADING FROM NORTH CHINA INTO MANCHURIA WERE REPORTED "ENVELOPED IN THE FLAMES OF BATTLE" TODAY.

PRO-GOVVERNMENT DISPATCHES SAID THE COMMUNISTS WERE STRIVING TO CUT OFF NATIONALIST RAIL COMMUNICATIONS WITH MANCHURIA.

THE ARENA WAS THE STRIP OF THE PEIPING-MUKDEN RAILWAY FROM THE GREAT WALL SOUTHWESTWARD TO THE MAJOR COAL CENTER OF TANGSHAN.

MARTIAL LAW WAS REPORTED DECLARED IN BESET CHINWANGTAO, THE MOST IMPORTANT SEAPORT ON THIS STRETCH OF THE LINE.

RADIO CONTACT WAS BROKEN WITH THE KEY POINT OF CHANGLI, ABOUT 35 MILES SOUTHWEST OF CHINWANGTAO. SOME PRESS REPORTS SAID THE COMMUNIST ATTACKERS HAD CAPTURED IT.

OTHER ACCOUNTS SAID GOVERNMENT TROOPS FROM MANCHURIA WERE BEING MOVED SOUTH TO JOIN THE BATTLE. GOVERNMENT HEADQUARTERS HERE PREVIOUSLY SAID RED TROOPS FROM MANCHURIA WERE AMONG THE ATTACKERS.

MANILA, SUNDAY, JUNE 27-(AP)-THE 'GRANARY OF THE PHILIPPINES" IS ON THE BRINK OF FAMINE, THE GOVERNMENT WAS ADVISED TODAY.

GOV.JUAN O. CHIOCO OF NEUVA ECIJA PROVINCE IN EAST CENTRAL LUZON, LONG THE ISLANDS' BEST FOOD-PRODUCING PROVINCE, MESSAGED ELPIDIO QUIRINO ASKING FOR GOVERNMENT HELP.

THE GOVERNOR SAID THOUSANDS OF FARMERS AND THEIR FAMILIES HAD FLED THE RICE FIELDS DURING THE CIVIL WARFARE WITH THE HUKBALAHAPS, THE REBELLIOUS PEASANTS. HE ADVISED THAT THESE PEOPLE WERE ON THE BAREST RATIONS AND UNLESS FED QUICKLY THEY WOULD BE UNABLE TO GO BACK TO WORK, NOW THAT PEACE HAS RETURNED WITH THE HUK AMNESTY.

FJ QPRUPCS

MANILA, SUNDAY, JUNE 27-(AP)-THE COMMUNIST PARTY OF THE PHILIPPINES TODAY EXPRESSED CONFIDENCE IN PRESIDENT ELPIDIO QUIRINO BUT CRITICIZED HIM FOR NOT REPUDIATING MILITARY BASE AGREEMENTS WITH THE UNITED STATES.

THE OCCASION FOR THE STATEMENT, ISSUED BY THE SMALL BUT VOCAL PARTY, WAS THE PRESIDENTIAL AMNESTY GRANTED LUIS TARUC, AN AVOWED COMMUNIST, AND HIS HUKBALAHAPS, REBELLIOUS FILIPINO PEASANTS.

"WE MUST FRANKLY WARN HIM, (QUIRINO)," THE STATEMENT SAID, "THAT UNLESS HE IS PREPARED TO STAND HIS GROUND FIRMLY AGAINST STRONG IMPERIALIST-FEUDAL PRESSURES HE IS BOUND TO FAIL."

THEN THE STATEMENT DEPLORED THAT QUIRINO HAS NOT TAKEN "ANY POSITIVE ACTION LEADING TO THE ABROGATION" OF TRADE AND BASE AGREEMENTS WITH THE UNITED STATES.

THE STATEMENT WAS ISSUED BY COMMUNIST SECRETARY GENERAL MARIANO BALGOS. HIS PARTY IS ALLOWED TO OPERATE FREELY IN THE PHILIPPINES.

BRITAIN TODAY OFFICIALLY ACCUSED RUSSIA OF ATTEMPTING RUTHLESSLY TO CREATE A STATE OF SIEGE IN BERLIN, AS THE SOVIET LAND BLOCKADE OF THAT CITY CONTINUED.

UNITED STATES AUTHORITIES ARRANGED TO FLY DRUGS AND POWDERED MILK INTO BERLIN. A BRITISH OFFICIAL SAID A BARGE WITH 300 TONS OF GRAIN HAD REACHED THE CITY FROM WESTERN GERMANY AND THAT 13 MORE FOOD BARGES ARE EN ROUTE. THIS APPARENTLY WAS MERELY A LEAK IN THE BLOCKADE.

U.S., BRITISH AND FRENCH MILITARY GOVERNORS ANNOUNCED AN EXCHANGE RATE OF ONE NEW DEUTSCHE MARK FOR 10 OLD REICHSMARKS IN THE WESTERN ZONES.

THE ISRAELI GOVERNMENT TOLD ITS GENERAL STAFF TO TAKE SUITABLE ACTION IN PUSHING A CONVOY TO NEGEB DESERT SETTLEMENTS. THE UNITED NATIONS TRUCE MISSION TOLD JEWISH AUTHORITIES THEY WERE "FREE TO ACT AS THEY THOUGHT FIT" REGARDING THE CONVOY AFTER EGYPTIAN FORCES HAD STOPPED IT AND FIRED ON A TRUCE MISSION PLANE. BOTH INCIDENTS WERE PROTESTED BY THE U.N. MEDIATOR.

MORE THAN 250,000 ITALIANS WERE CALLED FROM THEIR JOBS IN A NATION-WIDE COMMUNIST-DIRECTED FOOD WORKERS' STRIKE. GENERAL STRIKES IN PISA AND MODENA ALSO CRIPPLED ITALY'S PRODUCTION.

THE GREEK GOVERNMENT POUNDED GUERRILLA FORCES WITH AIR AND ARTILLERY ATTACKS IN THE ALL-OUT OFFENSIVE IN NORTHWESTERN GREECE.

CHINESE COMMUNISTS, PUSHING SOUTHWARD FROM MANCHURIA, WERE REPORTED ATTACKING CHINWANGTAO, NORTHERN CHINESE PORT, AND THE RAILWAY LINKING IT TO TIENTSIN AND PEIPING.

THE BURMESE GOVERNMENT ANNOUNCED THE RECAPTURE OF WAW, ABOUT 100 MILES NORTH OF RANGOON ON THE ROAD TO MANDALAY, FROM COMMUNIST INSURGENTS WHO HAD SEIZED IT WEDNESDAY.

THE UNITED STATES THREW ITS GATES OPEN TO 205,000 EUROPEAN REFUGEES WHO CAN MEET CONDITIONS OF A BILL DESCRIBED BY PRESIDENT TRUMAN AS "FLAGRANTLY DISCRIMINATORY" WHEN HE SIGNED THE MEASURE YESTERDAY.

(NY)..WINSTON CHURCHILL CALLED ON BRITAIN YESTERDAY (SAT) TO TAKE A FIRM STAND AGAINST RUSSIA IN THE BERLIN CRISIS AND PLEDGED HIS CONSERVATIVE PARTY'S SUPPORT IF THE LABOR GOVERNMENT FOLLOWS SUCH A POLICY.

CHURCHILL, SPEAKING BEFORE A CONSERVATIVE POLITICAL RALLY OF SOME 100,000 PERSONS, SAID THAT RUSSIA'S FOOD BLOCKADE OF BERLIN RAISED ISSUES AS GRAVE AS THOSE AT MUNICH 10 YEARS AGO WHEN BRITAIN PLACATED HITLER.

AT THE SAME TIME THE BRITISH GOVERNMENT OFFICIALLY CHARGED RUSSIA WITH A RUTHLESS ATTEMPT TO CREATE A STATE OF SIEGE IN BERLIN, AND REAFFIRMED ITS DETERMINATION TO STAY IN BERLIN.

AS BRITAIN'S WARTIME PRIME MINISTER URGED A FIRM ATTITUDE TOWARD RUSSIA, IT WAS REPORTED IN PARIS THAT FRANCE IS WILLING TO NEGOTIATE A SETTLEMENT OF THE BERLIN PROBLEM WITH RUSSIA. DEPUTIES OF THE FRENCH ASSEMBLY SAID AFTER A CLOSED MEETING OF ITS FOREIGN AFFAIRS COMMITTEE THAT FOREIGN MINISTER GEORGES BIDAULT HAD MADE THE "NEGOTIATION" STATEMENT.

DESPITE AN EARLIER ANNOUNCEMENT FROM GEN.LUCIUS D.CLAY, AMERICAN MILITARY GOVERNOR, THAT RUSSIA CANNOT DRIVE THE U.S. OUT OF BERLIN BY ANY ACTION SHORT OF WAR, SOME FRENCH WERE SKEPTICAL. DIPLOMATIC SOURCES SAID THEY BELIEVED THE WESTERN ALLIES WILL BE IN BERLIN ONLY A SHORT TIME LONGER BECAUSE "THEY DON'T WANT TO GO TO WAR WITH RUSSIA." THE FRENCH CABINET WILL MEET IN SPECIAL SESSION MONDAY.

MEANWHILE THE AMERICANS FLEW POWDERED AND CANNED MILK INTO WESTERN BERLIN, AND PROMISED TO BRING IN ARMY "C" RATIONS FOR CIVILIANS.

SUCH MEASURES WERE ONLY STOPGAP, HOWEVER, AND THE BRITISH COMMANDER ASKED THE RUSSIANS TO LIFT THEIR WEEK-LONG BLOCKADE OF THE THREE WESTERN OCCUPATION ZONES IN BERLIN OR TAKE THE BLAME FOR STARVING 2,000,000 GERMANS. THERE WERE NO SIGNS IN BERLIN THAT THE RUSSIANS INTENDED TO DO SO.

SOVIET MILITARY GOVERNOR MARSHAL VASSILY D.SOKOLOVSKY HAD AN UNPLEASANT FEW MINUTES IN BERLIN. AMERICAN MP'S ARRESTED HIM FOR SPEEDING IN THEIR TRAFFIC CAMPAIGN. WHEN HE IDENTIFIED HIMSELF HE WAS RELEASED WITH AN APOLOGY.

IN ITALY, THE COMMUNISTS SERVED NOTICE THEY WILL WAGE AN ALL-OUT FIGHT AGAINST THE MARSHALL RECOVERY PLAN. COMMUNIST BOSS PALMIRO TOGLIATTI MADE THE ANNOUNCEMENT, SAYING THE MARSHALL PLAN IS DESIGNED TO ENSLAVE ITALY POLITICALLY AND ECONOMICALLY.

THE GOVERNMENT CAMPAIGN AGAINST THE REBEL COMMUNISTS IN GREECE CONTINUED TO ROLL ON. THE GUERRILLAS SMASHED PART OF THE IMPORTANT SUPPLY ROAD FROM AN ARMY SUPPLY BASE AT LARISSA TO SECOND CORPS OPERATIONAL HEADQUARTERS AT KOZANE, BUT WERE HARRIED BY AIR AND ARTILLERY ELSEWHERE. THE FIGHT FOR VITAL AMOUDA RIDGE ON THE EAST FLANK OF THE MAIN REBEL LINES STILL RAGED.

AT RHODES COUNT FOLKE BERNADOTTE, UNITED NATIONS MEDIATOR, IS EXPECTED TO COMPLETE HIS PROPOSALS FOR A PERMANENT PALESTINE PEACE THIS WEEKEND.

BRITISH OFFICIALS IN MALAYA SAY THAT ANOTHER WAVE OF TERRORISM THERE IS THE RESULT OF PLANNED COMMUNIST WORK. THEY THINK DIRECTIONS ARE COMING FROM SOMEWHERE IN ASIA, BUT NOT FROM RUSSIA OR CHINA.

AUTHORITIES IN SINGAPORE SAID THAT EIGHT CHINESE, INCLUDING AN OFFICIAL OF THE CHINESE KUOMINTANG PARTY, WERE KILLED IN MALAYA DURING THE PAST 24 HOURS. EARLIER POLICE SAID THREE CHINESE WERE KILLED LAST NIGHT BY GANGS IN JOHORE STATE.

Buenos Aires, June 26--(ap)--Argentina announced today that Britain and other European customers will be required to pay in dollars if they buy food after the termination of the present barter treaties.

Buenos Aires, June 26--(ap)--Miguel Miranda, chairman of the national economic council, said today Argentina will cut production if her surplus food products are not sold to Marshall Plan countries.

His statement to a news conference came [redacted] after Struve Hensel, a Marshall plan representative, said the world does not need Argentine food at present prices. (Argentina has been asking up to $5 a bushel for wheat, more than double the Chicago price).

Hensel told Miranda and President Juan D. Peron yesterday that better crop conditions in other countries probably would result in the inability of Argentina to sell her crops for Marshall Plan dollars.

[redacted] In reply [redacted] Miranda said today: "Hensel is a very fine gentleman but I do not see why he came to Buenos Aires from Washington just to tell us the world [redacted] does not need Argentine food.

"If the world is going to starve, then Argentina [redacted] will not get dollars. If the world needs to eat we are going to get dollars."

There has been an undercover dispute between the United States and Argentina over the high prices of Argentine wheat and over the inability of United States business concerns in Buenos Aires to transfer profits back to

30.24-18749

the United States.

Miranda said Argentina was going to liquidate dollar obligations abroad little by little. All transfers of dollars for imports were halted May 14. Since then the central bank has gradually been permitting transfers for most essential imports. Miranda said confirmed letters of credit were not reputidated but were paid off as dollars became available.

Four days ago bank orders increased the exchange rate for imported manufactured goods to five pesos per $1. The orders were designed to bolster Argentina trade abroad.

Referring to the confusion created by the orders, a reporter asked if it was true that trade with the United States had been virtually halted. Miranda said:

"You answer that. If we do not have dollars we can't spend them. If the United States wants us to play it must let us have some marbles."

Miranda also announced that Britain and other European customers would be required to pay in dollars if they buy food from Argentina after the termination of the present barter treaties.

He said he had been engaging in discussions with Sir Reginald Leeper, retiring British ambassador, over a dispute arising from the existing British-Argentine agreement. Britain has been insisting on the right of private companies to sent profits to London. Transfers have been interrupted for the past year.

Agrentina has insisted that Britain buy final end products of Argentine meet. Miranda said full agreement is in sight. He emphasized, however, that Argentina would refuse to buy luxuries from Britain although British negotiators of the agreement hoped to sell £10,000,000 ($40,000,000) of nonessentials such as whiskey while the agreement was in force this year.

LOS ANGELES, JUNE 26-(AP)-NEW CHARGES OF BRUTALITIES AGAINST AMERICAN WAR PRISONERS BY STOCKY TOMOYA KAWAKITA WERE IN THE HANDS OF A FEDERAL COURT JURY TODAY AS THE 27-YEAR-OLD NISEI'S TRIAL ON TREASON CHARGES RECESSED UNTIL TUESDAY.

LATEST WITNESS WAS EX-SGT.ALBERT M.ENNIS, OF MOBILE, ALA., WHO SAID HE HAD SEEN KAWAKITA KNOCK ONE AMERICAN INTO A CESSPOOL AT JAPAN'S OEYAMA PRISON CAMP, AND KNOCK ANOTHER ONE DOWN WHEN THE LATTER PROTESTED HE WAS TOO WEAK TO CARRY THE LOAD ASSIGNED HIM.

KAWAKITA, BORN IN CALEXICO, CALIF., WAS AN INTERPRETER IN THE OEYAMA CAMP. A FEDERAL INDICTMENT CHARGES HIM WITH INFLICTING A SERIES OF BRUTALITIES UPON AMERICAN PRISONERS.

ENNIS SAID A BRITISH ARMY SERGEANT, ALSO A PRISONER, WAS INVOLVED IN THE CESSPOOL INCIDENT. THE SERGEANT, ENNIS TESTIFIED YESTERDAY, STRUCK THOMAS J.O'CONNOR, OF THE NAVAL AIR STATION, JACKSONVILLE, FLA., AFTER WHICH HE WAS SET UPON BY SEVERAL JAPANESE AND THEN KNOCKED INTO THE POOL BY KAWAKITA.

ENNIS SAID THAT KAWAKITA ALSO STRUCK JOHN ARMELLINO, (104 AINSLEE ST.), BROOKLYN, N.Y., WHEN THE PRISONER SAID HE WAS TOO WEAK TO CARRY TWO CANS OF PAINT.

BY JOHN M.HIGHTOWER

WASHINGTON, JUNE 26-(AP)-AMERICAN OFFICIALS ARE STUDYING THE POSSIBILITY THAT THE RUSSIANS MAY BE TRYING TO FORCE A REVIVAL OF BIG FOUR FOREIGN MINISTER NEGOTIATIONS ON GERMANY WITH THEIR CRACK-DOWN ON THE WESTERN POWERS IN BERLIN.

THIS SPECULATION GROWS OUT OF THE EMPHASIS PLACED ON BIG FOUR AGREEMENT IN THE COMMUNIQUE ISSUED AT WARSAW TWO DAYS AGO BY RUSSIA AND SEVEN EASTERN EUROPEAN SATELLITE STATES.

A REVIEW OF THE WHOLE SITUATION IS EXPECTED TO BE ONE OF THE TOP ITEMS ON SECRETARY OF STATE MARSHALL'S CALENDAR WHEN HE RETURNS TO WORK MONDAY AFTER A WEEK LONG PHYSICAL CHECK-UP AT THE ARMY'S WALTER REED HOSPITAL HERE.

THE BERLIN SITUATION IS REGARDED HERE WITH THE UPMOST SERIOUSNESS. NEVERTHELESS OFFICIALS AT THE STATE DEPARTMENT, AND EVIDENTLY IN THE DEFENSE ESTABLISHMENT AS WELL, ARE UNIFORMLY HOPEFUL THAT THE DIFFERENCES BETWEEN RUSSIA AND THE WESTERN NATIONS WILL BE RESOLVED WITHOUT A REAL DANGER OF COMING TO BLOWS. WHILE BERLIN CONDITIONS DOMINATE THE DIPLOMATIC PICTURE TWO OTHER DEVELOPMENTS WERE UNDER WAY OVER THE WEEKEND:

1. FINAL ARRANGEMENTS WERE MADE FOR THE SIGNING OR INITIALING BY EACH OF THE 16 MARSHALL PLAN COUNTRIES OF THE PERMANENT AGREEMENTS UNDER WHICH EACH WILL RECEIVE AID FROM THE UNITED STATES. THE FIRST PACTS WILL BE SIGNED MONDAY. AGREEMENTS WHICH ARE MERELY INITIALED WILL NOT BE FORMALLY SIGNED UNTIL AFTER PARLIAMENT, AS IN THE CASE OF THE BRITISH, HAS GIVEN APPROVAL.

2. THE STATE DEPARTMENT COMPLETED THE DRAFT OF A NOTE TO THE RUSSIANS REJECTING THEIR LATEST PROTEST--DELIVERED ABOUT TWO WEEKS AGO--AGAINST ALLEDGED "WAR MONGERING" IN THE UNITED STATES. A MAGAZINE ARTICLE REPORTING ON MILITARY PLANS IN EVENT OF A WAR WITH RUSSIA BORE THE BURDEN OF THE SOVIET BLAST. THE AMERICAN REJECTION IS EXPECTED TO BE MADE PUBLIC MONDAY OR TUESDAY.

AMERICAN OFFICIALS HAVE BEEN SOMEWHAT PUZZLED BY THE NARROWNESS OF THE PUBLIC ANNOUNCEMENT OF THE COMMUNIST BLOC CONFERENCE IN WARSAW. BY TODAY THEY SEEMED GENERALLY AGREED, HOWEVER, THAT IT FAILED COMPLETELY TO TELL THE WHOLE STORY OF WHAT HAPPENED OR TO MAKE ANY SIGNIFICANT DISCLOSURE OF ANY FUTURE RUSSIAN-COMMUNIST MOVES.

JUN 1948

B96WX

THE COMMUNIQUE CONCENTRATED ON THE GERMAN SITUATION, WITHOUT PARTICULAR STRESS ON CONDITIONS IN BERLIN, AND CALLED FOR BIG FOUR AGREEMENT TO SET UP A GOVERNMENT OVER ALL GERMANY AND FOR OTHER JOINT GREAT POWER ACTION TO SOLVE THE GERMAN PROBLEM.

SOME DIPLOMATS SAID THAT THE OFFICIAL WARSAW STATEMENT COULD BE DISCOUNTED AS 75 OR 80 PER CENT PROPAGANDA, DESIGNED TO PUT THE BLAME FOR SPLITTING GERMANY ON THE WESTERN POWERS AND DRAMATIZE A RUSSIAN "DESIRE" FOR UNITY.

IF THERE WAS ANY EVIDENCE THAT THE SOVIETS SINCERELY DESIRED TO SETTLE SOME OF THE PRACTICAL GERMAN PROBLEMS WASHINGTON MIGHT DEVELOP A WILLINGNESS TO DO BUSINESS. HOWEVER, THERE IS NO EVIDENCE THAT SECRETARY MARSHALL WOULD BE WILLING AT THIS TIME TO MEET WITH FOREIGN MINISTERS MOLOTOV, BEVIN AND BIDAULT. ANY REAL CHANCE OF TALKS WOULD HAVE TO BE PRECEDED BY STRONG SIGNS OF CONCESSIONS ON THE PART OF SOVIET UNION AT A LOWER OFFICIAL LEVEL.

(ADVANCE) WASHINGTON, JUNE 26-(AP)-THE TWO CHIEF MILITARY SCIENTISTS OF THE UNITED STATES AND CANADA WILL PUT THEIR HEADS TOGETHER HERE IN A THREE-DAY MEETING STARTING MONDAY. THEIR NATIONS HAVE DEFENSE PROBLEMS IN COMMON.

DR.OMOND MCKILLOP SOLANDT, CHAIRMAN OF THE CANADIAN DEFENCE RESEARCH BOARD, IS SCHEDULED TO ARRIVE HERE AS A GUEST OF DR.VANNEVAR BUSH, CHAIRMAN OF THE RESEARCH AND DEVELOPMENT BOARD OF THE UNITED STATES MILITARY ESTABLISHMENT.

IN ADDITION TO TALKS BETWEEN THE TWO SCIENTISTS--WHICH ACTUALLY STARTED WITH A VISIT TO CANADA LAST MARCH BY BUSH--DR.SOLANDT WILL CONFER WITH OFFICIALS OF THE AIR FORCE, ARMY AND NAVY.

THE PROBLEMS OF THE TWO NATIONS, WITH VIEW TO A DEFENSE AGAINST ATTACK BY WAY OF THE ARTIC OR NORTH ATLANTIC OR PACIFIC ROUTS, ARE MANY.

CURRENTLY, A TIME QUESTION IS THAT OF ESTABLISHING A RADAR "FENCE" ALONG THE NORTHERN RIM OF THE CONTINENT TO GIVE EARLY WARNING OF AN APPROACHING ATTACK FORCE. WHILE A START ON SUCH A SYSTEM IS UNDERSTOOD TO HAVE BEEN MADE, EXISTING RADAR STATIONS ARE FEW AND FAR BETWEEN AND MUCH MONEY AND EFFORT WILL BE REQUIRED TO CLOSE GAPS IN THE FENCE. DR.BUSH HAS OVERALL CHARGE OF STUDIES BY THIS COUNTRY FOR AIRCRAFT WARNING NETWORKS.

THE AIR FORCE, IN ADDITION TO ITS INTERESTS IN RADAR OPERATION, HAS A HEAVY STAKE IN ARCTIC DEFENSE. TESTS AND EXPERIMENTS BY VARIOUS TYPES OF PLANES AND GROUPS INCLUDING LONG RANGE BOMBERS AND JET FIGHTERS, HAVE BEEN UNDERWAY IN ALASKA AND THE FAR NORTH FOR MORE THAN A YEAR.

ARMY (AS WELL AS AIRCRAFT AND NAVAL) COMMUNICATIONS IN THE FAR NORTH HAVE IMPOSED A MULTITUDE OF TECHNICAL OBSTACLES WHICH RADIO AND RADAR SCIENTISTS OF BOTH COUNTRIES HAVE BEEN STUDYING.

SOLANDT WILL MEET DURING HIS VISIT WITH SECRETARY OF DEFENSE FORRESTAL, SECRETARY OF AIR SYMINGTON, AND HIGH RANKING OFFICERS OF HIS DEPARTMENT, ASSISTANT SECRETARY OF THE ARMY GORDON GRAY AND ARMY DEPARTMENT CHIEFS AND EXPERTS OF THE RESEARCH AND DEVELOPMENT BOARD.

NIGHT LEAD TAMIMENT (320)

PHILADELPHIA, JUNE 26-(AP)-A PROPOSAL TO SPLIT UNITED STATES FOREIGN POLICY MAKING BETWEEN THE PRESIDENT AND CONGRESS WAS ADVANCED TODAY AT THE 14TH ANNUAL CONFERENCE OF THE TAMIMENT SOCIAL AND ECONOMIC INSTITUTE.

THE PROGRAM WAS OUTLINED BY LADISLAS FARAGO, SENIOR EDITOR OF THE PUBLICATION, UNITED NATIONS WORLD, AND AUTHOR OF THE BOOK, "AXIS GRAND STRATEGY."

FARAGO SUGGESTED THAT THE EXECUTIVE BRANCH OF THE GOVERNMENT "BE OBLIGATED BY THE CONSTITUTION TO DRAFT FOREIGN POLICY STATEMENTS ON ISSUES WHICH REPRESENT A MAJOR MOVE IN AMERICAN FOREIGN RELATIONS AND THEN TO SUBMIT THEM TO CONGRESS FOR APPROVAL.

"CONGRESS WOULD SUBSEQUENTLY ISSUE THEM IN THE FORM OF WHITE PAPERS.

FARAGO DECLARED THAT SUCH A POLICY--HE DESCRIBED IT AS "SOLID BUT NOT INELASTIC"--COULD NOT FAIL TO "HAVE A SYMBOLIZING EFFECT ON THE PRESENT SPASMODIC AND IMPROVISED FOREIGN POLICY OF THE U.S. GOVERNMENT."

THE SPEAKER SUGGESTED THAT THIS NATION COULD LEARN MUCH FROM GREAT BRITAIN REGARDING FORMULATION OF FOREIGN POLICY.

"HIS MAJESTY'S GOVERNMENT," SAID FARAGO, "DRAWS UP ITS POLICY ON INDIVIDUAL ISSUES IN THE FIELD OF FOREIGN AFFAIRS, SUBMITS IT TO THE HOUSE OF COMMONS FOR DEBATE.

"AFTER MUCH PROTRACTED DISCUSSION, AFTER FREQUENT CHANGES AND MODIFICATIONS, THESE POLICY STATEMENTS RECEIVE PARLIMENTARY ENDORSEMENT AND IN THEIR FINAL FORM ARE EMBODIED IN WHITE PAPERS OR OTHER COMMAND PAPERS."

THE SPEAKER SAID THE RECENT EVENTS SHOW THE CONCENTRATION OF POLICY MAKING POWER IN THE HANDS OF THE PRESIDENT IS INADEQUATE.

"CONSEQUENTLY," HE ADDED, "OUR NATIONAL PRESTIGE HAS SUFFERED, MERELY BECAUSE THERE EXISTS NO FIXED FOREIGN POLICY WHICH MAY BE USED AS A YARDSTICK IN MAKING DECISIONS.

SAID FARAGO:

"THE PRESENT CONCENTRATION OF POLICY MAKING POWER IN THE ANDS OF THE PRESIDENT ALSO RESULTS IN THE INEVITABLE DEVELOPMENT OF DIFFERENCES BETWEEN THE WHITE HOUSE AND THE STATE DEPARTMENT, BETWEEN VARIOUS BRANCHES OF THE ADMINISTRATION, BETWEEN THE EXECUTIVE AND LEGISLATIVE BRANCHES OF THE GOVERNMENT AND EVEN BETWEEN THE GOVERNMENT AND THE PEOPLE."

HONOLULU, JUNE 26-(AP)-ELEVEN-YEAR-OLD JOSEPH E. DONNELLY, WHO SURVIVED THE WAR IN ENEMY JAPAN, IS GOING TO REALIZE HIS BIRTHRIGHT AS AN AMERICAN BECAUSE A U. S. NAVY OFFICER FOUND HIM IN TOKYO.

THE BOY AND HIS BENEFACTOR, LT. COMDR. ERNEST N. HALE OF FALL RIVER, MASS., ARE DUE TO REACH SAN FRANCISCO JUNE 29 ABOARD THE TRANSPORT GENERAL RANDALL. SHE TOUCHED AT HONOLULU THURSDAY EN ROUTE FROM YOKOHAMA.

JOSEPH, NICKNAMED "SKIPPER," IS THE SON OF AN AMERICAN SOLDIER WHO DIED IN THE PHILIPPINES IN 1939. HIS MOTHER, WHO HAS SPANISH BLOOD, MOVED TO JAPAN, WHERE THEY LIVED THROUGHOUT THE WAR.

COMMANDER HALE, ASSIGNED TO THE CONTROL OF JAPANESE SHIPPING, FORMED A CUB SCOUT PACK, AND SKIPPER JOINED. SPEAKING ENGLISH AND JAPANESE FLUENTLY, HE SERVED AS INTERPRETER, LEADING HALE TO INQUIRE INTO HIS BACKGROUND.

"HE JUST GREW ON ME," SAID HALE. "WHEN HIS MOTHER TOLD ME SHE COULD NOT TAKE HIM TO AMERICA BUT WANTED TO PROTECT HIS CITIZENSHIP , I JUMPED AT THE CHANCE TO HELP."

TO RETAIN CITIZENSHIP, SKIPPER MUST RESIDE AT LEAST FIVE YEARS IN THE UNITED STATES BEFORE HE IS 18. THAT MEANS THAT HE WOULD HAVE LOST HIS CLAIM IN ANOTHER TWO YEARS, SINCE HE NEVER HAD SET FOOT ON AMERICAN SOIL.

HALE SAID THAT WHEN HE REACHES FALL RIVER HE AND HIS WIFE WOULD COMPLETE ARRANGEMENTS TO ADOPT THE BOY. THEY HAVE NOT CHILDREN OF THEIR OWN.

THE DRAFT

BY JACK RUTLEDGE

WASHINGTON, JUNE 26-(AP)-IF YOU FALL WITHIN THE 19 THROUGH 25 AGE BRACKET, THERE'S ONE CHANCE OUT OF 38 THAT YOU'LL BE DRAFTED IN THE FIRST 12 MONTHS.

BUT BETWEEN 200,000 AND 225,000 YOUNG AMERICANS SHOULD BE PUTTING THEIR AFFAIRS IN ORDER--THEY'LL BE IN UNIFORM BY THE FALL OF 1949 AND STAY THERE 21 MONTHS.

APPROXIMATELY 7,300,000 OTHERS BETWEEN 18 AND 25 SHOULD CIRCLE THE DATE "AUGUST 16" AND ARRANGE WITH THE BOSS TO GET OFF A FEW HOURS SO THEY CAN REGISTER. EIGHTEEN-YEAR-OLDS MUST REGISTER, THOUGH THEY MAY NOT BE DRAFTED.

SEPTEMBER 22 IS THE EARLIEST DATE ANY ONE CAN BE ACTUALLY DRAFTED, HOWEVER.

ALL OF THIS IS TAKING PLACE BECAUSE UNCLE SAM IS BUILDING UP HIS DEFENSES.

IN ORDER THAT THE ARMY, NAVY, MARINES AND AIR FORCE CAN BE SURE OF HAVING ADEQUATE MANPOWER--2,005,882 MEN--CONGRESS PASSED THE DRAFT BILL JUNE 19.

IT BECAME THE LAW OF THE LAND WHEN PRESIDENT TRUMAN SIGNED IT IN HIS STUDY JUNE 24. IT REMAINS THE LAW FOR TWO YEARS. IF THE SITUATION IS SUCH AT THE END OF TWO YEARS THAT THE DRAFT IS STILL NEEDED, CONGRESS MUST PASS ANOTHER LAW.

UNDER THE PRESENT LAW, REGISTRATION OF ALL MEN 18 THROUGH 25 COULD START RIGHT AWAY. BUT SELECTIVE SERVICE OFFICIALS SAID IT WOULD TAKE ABOUT SIX WEEKS TO ORGANIZE SOME 4,000 LOCAL DRAFT BOARDS TO DO THE JOB.

THAT'S WHERE THE AUGUST 16 DATE COMES IN. IT'S NOT OFFICIAL, BUT A "SAFE GUESS", THEY SAID.

REGISTRATION SHOULD TAKE JUST A FEW DAYS. OFFICIALS POINT OUT THAT 16,000,000 (M) MEN REGISTERED IN ONE DAY IN THE PRE-WAR DRAFT.

THEN THE DRAFT ITSELF COMES. BUT THE BILL PASSED BY CONGRESS SAYS NO ONE CAN BE DRAFTED UNTIL 90 DAYS AFTER THE LEGISLATION BECOMES LAW. THAT'S SEPTEMBER 22.

SO SEPT. 22 IS D-DAY--DRAFT DAY--FOR MEN 19 THROUGH 25. (MEN OF 18 CAN'T BE DRAFTED, BUT 161,000 OF THEM CAN VOLUNTEER, AND THUS ESCAPE THE DRAFT LATER).

OFFICCIGRIHJWLU

ETHRE ARE 7,500,0

ESCAPE THE DRAFT LATER).

OFFICIALS FIGURE THERE ARE 7,500,000 AMERICANS IN THE DRAFT AGE GROUP TODAY. WITH ONLY AROUND 200,000 TO BE DRAFTED, BY THE FALL OF 1949, THAT'S 2.67 PER CENT, OR AROUND ONE OUT OF 38.

DURING THE NEXT TWO YEARS, HOWEVER, A MAXIMUM OF 606,882 MEN MAY BE INDUCTED.

WHAT HAPPENS WHEN YOU'RE DRAFTED? WELL, YOU'RE IN THE ARMY. (THE NAVY AND AIR FORCE HOPE TO KEEP THEIR STRENGTH THROUGH VOLUNTEERS.)

AND YOU'LL PROBABLY TRAIN AT CAMP ORD, CALIFORNIA; CAMP CAMPBELL, KENTUCKY; CAMP HOOD, TEXAS; CAMP DIX, NEW JERSEY; CAMP JACKSON, SOUTH CAROLINA, OR SOME OTHER THAT MAY BE REACTIVATED.

A177WX

SOME OF YOU MAY GO OVERSEAS AS SOON AS YOU FINISH BASIC TRAINING.

WHEN YOUR STRETCH IS OVER, YOU STILL MUST SERVE AT LEAST THREE YEARS IN THE ACTIVE RESERVES, OR FIVE IN THE INACTIVE RESERVES.

YOU HAVE CERTAIN BENEFITS--HOSPITALIZATION, DISABILITY COMPENSATION, DEATH BENEFITS, AND YOUR OLD JOB BACK. BUT THE "RIGHTS" GRANTED WORLD WAR II VETERANS BY THE GI BILL OF RIGHTS DO NOT APPLY TO THE PEACETIME CONSCRIPTS.

A VERY LARGE NUMBER OF DRAFT-AGE MEN ARE EXEMPT, HOWEVER. ALMOST ALL VETERANS ARE.

THE DRAFT WILL MEAN NOTHING TO WAR VETERANS WHO SERVED 90 $-6' 8, 5£3 '£9958, & 2-4 ?35233, 03-4) £-4?94 (

THE DRAFT WILL MEAN NOTHING TO WAR VETERANS WHO SERVED 90 DAYS IN THE SHOOTING WAR BETWEEN PEARL HARBOR (DEC. 7, 1941) AND V-J DAY (SEPT. 2, 1945) OR 12 MONTHS BETWEEN SEPT. 16, 1940 AND JUNE 24, 1948 (THE DAY THE BILL BECAME LAW.

DOCTORS AND OTHER MEDICAL MEN, REGULARLY ORDAINED MINISTERS, STUDENTS STUDYING FOR THE MINISTRY, AND CONSCIENTIOUS OBJECTORS WILL BE EXEMPT, TOO.

MEN WHO WERE MEMBERS OF THE NATIONAL GUARD OR AN ORGANIZED DRILLING RESERVE UNIT BEFORE MIDNIGHT JUNE 24 ARE EXEMPT.

OFFICIALS ARE STILL WORKING ON A DEFINITION OF JUST WHAT A RESERVE UNIT IS, BUT IT'S GENERALLY CONCEDED TO BE A UNIT WITH "ADEQUATE FACILITIES" FOR TRAINING, AT LEAST 48 DRILLS A YEAR AND WITH ADEQUATE SUPERVISION.

FEDERALLY RECOGNIZED UNITS ARE THE NATIONAL GUARD AND AIR NATIONAL GUARD; OFFICERS RESERVE CORPS, REGULAR ARMY RESERVE, AIR FORCE RESERVE, ENLISTED RESERVE CORPS, NAVAL RESERVE, MARINE CORPS RESERVE, COAST GUARD RESERVE, AND PUBLIC HEALTH SERVICE.

A "SOLE SURVIVING SON" OF A FAMILY WHICH LOST ONE OR MORE SONS IN ACTION OR IN LINE OF DUTY WITH THE ARMED FORCES WILL BE EXEMPT, TOO.

IN ADDITION TO THESE FLAT EXEMPTIONS ARE DEFERMENTS, WHICH WILL COVER MILLIONS OF OTHER MEN.

THIS INCLUDES STUDENTS, MEN WITH DEPENDENTS, MEN ESSENTIAL IN AGRICULTURE, INDUSTRY, GOVERNMENT AND RESEARCH, SCIENTIFIC AND MEDICAL STUDENTS.

HIGH SCHOOL STUDENTS ARE AUTOMATICALLY DEFERRED UNTIL THEY GRADUATE OR UNTIL THEY REACH THE AGE OF 20, WHICHEVER COMES FIRST. COLLEGE STUDENTS ARE DEFERRED FOR THE CURRENT ACADEMIC YEAR.

A178WX

BUT ALL DEFERRED STUDENTS MUST PURSUE THEIR STUDIES "SATISFACTORILY".

DEFERMENT OF THE OTHER GROUPS IS AT THE DISCRETION OF THE PRESIDENT. HE HAS THE RIGHT TO SAY YES OR NO TO PERSONS WHOSE "ACTIVITIES ARE FOUND TO BE NECESSARY TO THE MAINTENANCE OF THE NATIONAL HEALTH, SAFETY, OR INTEREST", MEANING ESSENTIAL OCCUPATIONS.

HE ALSO HAS THE NOD OVER MEN ENGAGED IN SCIENTIFIC OR MEDICAL RESEARCH AND STUDY, AND--MARRIED MEN.

MOST PEOPLE BELIEVE THE PRESIDENT WILL DEFER MARRIED MEN, BUT THE LAW DOESN'T MAKE THEM EXEMPT.

AND THAT'S THE DRAFT, 1948 MODEL.

ALLIES START RATIONING BERLIN FOOD AND POWER; FLOUR PASSES BLOCKADE

100-Plane Daily Shuttle Planned By U.S.; Leftists Active

RICHARD KASISCHKE

Berlin, June 27 (AP)—Americans and Britons in Berlin were subjected to partial rationing today as the Russian land blockade of the city went into its second week.

Western Berlin has only a month's food reserves. Except for relatively small cargoes carried by planes and barges, supply shipments from Western Germany for the 2,000,000 Berliners in the American, British and French sectors remain shut off.

However, the United States Air Force's emergency cargo service into Templehof Airport will be expanded to 100 planes daily, bringing in as many essential items as possible for the German population in addition to supplies for Americans here, it was said.

Four Flour Barges Arrive

British transport officials said four barges loaded with flour for the German population arrived today and another twenty were "in the pipeline." They said they had no explanation why the Russians were permitting a few barges to pass after a thorough inspection at the zonal boundary and yet were halting all land traffic.

The British will pool their official motor transport in Berlin beginning Tuesday. Army and Control Commission clubs were ordered to close at 10.30 P.M. Afternoon movies will be discontinued. Britons were asked to "walk where they can" and to remove bulbs from lights which are not essential.

Food Economies Begin

Maj. Gen. E. O. Herbert, the British commandant, announced the British Army and Control Commission are introducing economies to save food, power and other supplies during the crisis. He forbade large parties. American authorities announced similar measures.

Germans looked to the Western Allies for decisive assurances that American, British and French troops will maintain their positions as joint occupiers here.

Meanwhile, Russian-controlled newspapers and broadcasts renewed demands that the Allies withdraw and attempts to persuade Berliners that they would be better off "in a united city" under sole occupancy of the Russians.

Churchill Demand Headlined

Communist propaganda sought to spread the impression that the British and French were in favor of withdrawing, but that the Americans were inducing them to remain. The press of Western Berlin, however, bannerlined the demand of Winston Churchill that the western powers stand fast in Berlin and not submit to another Munich.

"Britain stands fast," said the headline in the British-licensed *Telegraf*. The American-licensed *Tagesspiegel* said: "England is determined as America."

Churchill's statement, made in a speech in England Saturday, was censored out of the Russian-controlled press. Those newspapers played up a statement by French Foreign Minister Georges Bidault that he favored negotiating a settlement of the Berlin crisis with Russia.

There were indications also in the Russian-licensed press that new four-power discussions of the German situation might be the aim of the Soviet Union.

An editorial in the *Berliner Zeitung* said:

"The western powers must now either declare themselves ready to conclude a peace treaty for all Germany on a four-power basis or they must leave Berlin. The Warsaw communiqué has given them another chance to prove how far they will go in earnestly proving their claims that they favor reasonable negotiations for the unification of Germany."

Russia and seven of her European satellites participated in the two-day Warsaw conference last week. They issued a communiqué urging creation of an all-German government by Big Four agreement.

Western Allied commanders met in special conferences today.

Gen. Lucius D. Clay, United States military governor, met his British counterpart, Gen. Sir Brian Robertson, at Clay's headquarters. It was announced that they "discussed the general situation."

Demand Lifting Of Curbs

Clay's political adviser, Robert Murphy, conferred with the French deputy military governor, Gen. Roger Noiret.

Robertson had sent a demand to the Russians that they lift their transport restrictions or take the blame for the suffering which will be inflicted on the German population. It was not disclosed whether he had received any acknowledgement of his letter from the Soviet commander, Marshal Vassily D. Sokolovsky.

The Russian cutoff of electric power to Berlin's western sectors forced continued curtailment of service. However, Col. Frank L. Howley, American commandant, said: "We are getting along and have our public services working."

Utility Director Discharged

The western sectors have sufficient utility plants to supply about 50 per cent of their power needs.

The Russians fired the German chief of electric utilities in their sector, alleging that he sabotaged their orders for cutting off power for Western Berlin.

American officials said they were watching closely what they described as Communist attempts to incite a general strike in Berlin to protest the introduction of the new Western German currency here in competition with the new Russian-sponsored money.

However, trade-union leaders in the Russian sector voted against attempting such a walkout since they doubted it could be made effective. American officials said they believed the anti-Communist leadership of trade unions in the western sectors would be strong enough to resist any city-wide strike scheme.

The British-licenced newspaper *Der Tag* predicted the Russians soon would introduce another new currency in Eastern Germany and Eastern Berlin to replace the makeshift bills they issued here last week.

Meanwhile, the Soviet-sponsored mark was taking a beating from the Western Allies' Deutsche mark in the Berlin black market. Although theoretically they should be at par, there were reports that some traders were giving as high as 40 eastern (or Sokolovsky) marks for one western (Clay) mark.

American police said they had received orders to "lay off or at least ease up" on arresting Russian speeders after Sokolovsky was stopped for speeding last night in the American sector. The Soviet commander was freed with an apology soon after he was recognized.

U. S. troop commanders would not confirm the report they had told American police to pick up no more Soviet speeders. They did say there would be an "easing up." This could be brought about, they explained, by withdrawing some of the extra patrols instituted in the period of Berlin's currency exchange.

The Russians have complained that American police have been over-zealous in arresting Soviet speeders in the American sector. The Russians themselves have been picking up many Americans and American-employed Germans who have ventured into their sector on business.

The Russians today released an American soldier courier after holding him for 24 hours on a charge of speeding, U. S. military police reported. The soldier, identified as Sgt. Charles C. Staggers wandered into the Russian portion of Berlin yesterday in a jeep.

39 Air Transports Sent To Germany

Washington, June 27 (AP)—The Air Force is sending a fleet of big transport planes to Germany to help supply the Berlin area which the Russians have cut off from normal surface contacts.

About 39 C-54 Skymasters, capable of carrying about seven tons per flight on the Berlin run, will be dispatched. The C-54 is the military counterpart of the commercial DC-4.

The planes will start within 24 hours, Air Force officers said, leaving their bases singly or in groups as they are readied.

One squadron will come from the Alaskan Tactical Air Command flying by way of Westover, Mass., Air Force base and the Azores to the Frankfurt area.

Another will come from the Caribbean, flying from the Panama Canal zone via Bermuda and the Azores.

A third squadron will come from Bergstrom Air Force base at Austin, Texas via Westover.

About 825 officers and men, including spare crews and maintenance personnel, will make the flight.

U. S. Eases Berlin Drive On Russian Speeders

BERLIN, June 27 (AP).—American police said today they had received orders to "lay off or at least ease up" on arresting Russian speeders in Berlin.

Officials were embarrassed last night when American military police and constabulary picked up Soviet Military Governor Marshal Vassily D. Sokolovsky for speeding in the American sector. He was freed with an apology soon after he was recognized. Police said his car had no identifying insignia.

American troop commanders would not confirm the report that they had told police to pick up no more Soviet speeders. They did say there would be an "easing up." They said this could be brought about by withdrawing some of the extra patrols instituted in the period of Berlin's currency exchange.

The Russians have complained that American police have been overzealous in arresting Soviet speeders in the American sector. They have been picking up many Americans and American-employed Germans who have ventured into their sector on business.

ALLIED APPEAL TO RUSSIA SEEN

3-Power Approach To Kremlin Hinted By London Official

London, June 27 (AP)—The United States, Britain and France are expected by qualified diplomatic sources to carry their attempt to solve the Berlin crisis direct to the Kremlin.

A Foreign Office spokesman said tonight that a joint three-power approach to Moscow is "in the cards," but no final decision has been made. If such a step is taken, the three Western powers possibly might ask the Russians for their views on how the problem can be settled.

But there was no indication here that the Americans, the British or the French intend to withdraw from Berlin.

Ernest Bevin, Foreign Secretary, kept in close touch with the Foreign Office from his London home. He is expected to make a short statement to the House of Commons tomorrow on Germany.

Expect To Keep Bargains

Hector McNeil, Minister of State, said in an address at Greenock, Scotland:

"If we concede the principle that one power can impose upon all the rest in Berlin, we may not know where the concession may end. When we make bargains we make them to keep them. We expect other powers to do the same, and we will not yield upon this."

French Ambassador René Massigli flew to Paris today for conferences. Whether he carried with him fresh British proposals for settling the impasse was not disclosed.

Attlee Censures Communists

Skegness, England, June 27 (AP). Prime Minister Attlee denounced Communists today as mischief makers wanting a weak and disturbed Europe.

Speaking at a rally of about 25,000 agricultural workers and their families, Attlee said there were some who "denounce the United States as a state seeking to gain control over Europe."

"When you find anyone doing this, look at him carefully," he said. "You will generally find that he is a Communist or a fellow traveler. Those people do not want to see Europe restored to health. They want Europe to be weak and disturbed because they think the more wretched the people are the greater the chance for Communists. They have a vested interest in chaos."

Can Work Together

Referring to private enterprise in America, he said "I think that in due course they will have to depart from that extreme individualism, but in the meantime our way of life enables them to work with us and us to work with them."

Winston Churchill's address yesterday at Luton Hoo "simply was Luton Hooey and the same speech he had been making for a long time," Attlee said.

[Churchill told a Conservative political rally that Russia's blockade of Berlin raised issues as grave as those at Munich, when Britain placated Hitler. He called for a firm stand against Russia and pledged Conservative support if the Labor Government follows such a policy.]

Communists Claim Gains

London, June 27 (AP)—The Communist "Free Greece" radio reported tonight that guerrilla troops counterattacked heavily yesterday in the Grammos area. The broadcast was recorded here by the Yugoslav news agency, Tanjug.

"Government forces went into the defensive on all sections of the front," the radio said. "Except for limited artillery and Air Force activity, the enemy did not undertake any initiative."

3 Czech Officers Land in France

AMIENS, France, June 27 (AP)—Three Czechoslovak officers and a young woman who said they were bound for England landed in an airplane tonight near Cayeux, on the coast north of Dieppe. The officers asked to be directed to Dieppe. French police declined to discuss the probable disposition of the case.

SOCIALISTS IN ITALY URGED TO KEEP FRONT

Retiring Secretary Calls For Continued Ties To Communists

J.P. McKNIGHT

Genoa, Italy, June 27 (AP)—Lelio Basso, retiring secretary of the Italian Socialist party, urged 600 delegates to the twenty-seventh party congress today to continue all-out collaboration with communism.

For 2 hours and 50 minutes Basso flayed everything west of the iron curtain and praised everything east of it.

Before he spoke, delegates learned of the resignation of the Socialist leader, Pietro Nenni, as political director of the Socialist newspaper *Avanti*. Nenni, assailed by some Socialists because of his pro-Communist politics, announced his resignation in an *Avanti* editorial, published in Rome.

Power Behind Scenes

Basso has been a power behind the Socialist party scenes since its 1947 split over joint action with the Communists.

Because of party discontent since the disastrous April elections it had been expected by most observers Basso would take a cautious tack in his address. Instead, he hammered away for Communist collaboration.

The party congress, which opened in Genoa's historic ducal palace, was called to decide the party's future course in the light of the election defeat.

There are three motions before the delegates. One calls for a continuance in the Communist-dominated Popular Front, another for reassertion of Socialist autonomy, and a third for autonomy with continued collaboration with the Popular Front.

Linked To Eastern Parley

Basso pulled the old stops against "American imperialism," and the Marshall plan. He also attacked Gov. Thomas E. Dewey, of New York, Republican presidential nominee, the Catholic Church, the Italian Government and the parliamentary system.

Basso's general theme was believed by some to have evolved from the recent conference of Communist leaders in eastern Europe.

Often during his address Basso was interrupted by delegates. One shouted repeatedly:

"You're wrong; you're always wrong."

None of the leaders has predicted what decisions will be made. But applause after Communist addresses of greeting was lukewarm.

Russians Free U. S. Soldier

BERLIN, June 27 (AP)—The Russians today released a United States soldier courier after holding him for twenty-four hours on a charge of speeding, United States military police reported. The soldier, identified as Sgt. Charles C. Staggers, wandered into the Russian sector of Berlin yesterday in a jeep.

Jewish Congress Hears Main Problems Outlined

MONTREUX, Switzerland, June 27 (AP). — Dr. Stephen S. Wise, president of the World Jewish Congress, expressed hope today that Great Britain would recognize Israel soon.

Opening the second plenary session—the first assembly since the Congress was organized in Geneva twelve years ago—Dr. Wise said he was happy that the United States, "despite its earlier vacillations," is assisting Israel. He added that Great Britain, "as a result of its pro-Arab policy, is breeding resentment and bitterness.

Dr. Nahum Goldmann, of New York, chairman of the Congress' executive committee, told delegates from sixty nations that the Congress should concentrate on two problems: "The protection of the Jewish position and the reconstruction of Jewish rights in Europe, Latin America, North Africa and the Far East; and directed, co-ordinated and organized political activity."

Observers at the Congress included the Ministers to Switzerland of Czechoslovakia, Hungary, Poland and Yugoslavia.

British Exports Of Coal Increase

Geneva, Switzerland, *Monday*, June 28 (AP)—While coal production declined throughout Europe in May, Britain exported more than 1,000,000 metric tons during the month for the first time since the war.

Statistics published today by the Economic Commission for Europe showed that production declined everywhere in Europe, including Britain, due mainly to the Whitsun holiday period.

Ruhr output was down nearly 1,000,000 tons to 5,931,000 tons during the month. British production for the four-week period ended May 29 was down to 15,708,000 tons, after reaching 16,985,000 tons in the four-week period ended May 1. Production dropped in similar proportion in Poland, France, Belgium, Czechoslovakia and the Netherlands.

Imports From U.S. Fall

British coal exports in the four-week period ended May 29 reached 1,016,000 metric tons, against 792,000 tons in the four-week period ended May 1.

Europe imported 883,000 tons of American coal during the month—little more than one third of the total in March. The main reason for the heavy decline in American supplies was seen partly in after-affects of the American coal strike, and partly in increased European availability from stocks.

POPE TALKS TO GROUP FROM RED STRONGHOLD

VATICAN CITY, June 27.—(AP) Pope Pius XII told 500 workmen of the communist stronghold of Sesto San Giovanni today to be "front line soldiers of Christ."

Sesto San Giovanni is an industrial suburb of Milan. The Pontiff received the men in a special audience arranged by Catholic Action.

His brief talk was a prelude to the more important speech he is expected to make Tuesday, when he receives thousands of members of ACLI—Italian Workmen of Catholic Action.

The Pope did not mention communism by name.

"Vengeance and hate," the Pope said, "are not the weapons of the Christian soldier, but prayer and love for all—even enemies."

He urged his listeners to devote themselves to bringing about "healthy social reforms" that would dignify the conditions of all workers and enable them to live in peace.

"But," he added, "all should know that these reforms can be effected only on the basis of God's law and Christian principles, and by men who are truly animated by the Christian spirit."

PORTUGUESE CLAIMS HE INVENTED A-BOMB

LISBON, Portugal, June 27—(AP) A Portuguese scientist declared today he invented an atomic bomb and gave the plans for it to the United States in 1941.

The scientist, Artur De Albuquerque, told newsmen he had handed the plans to the U. S. "through the military attache at Lisbon, Col. (Robert A.) Solberg."

"My French assistant, Pierre Joseph Du Pont, carried out the first practical experiments in the Pyrenees," Albuquerque added, "exploding a tiny bomb that provoked a small earth tremor."

Albuquerque made the statement after being shown a March 23 copy of the Rio De Janerio newspaper Vanguarda crediting him with inventing the bomb.

"I wanted to keep it secret," he said.

Czech Party Goes Communist; Sokol Youths Acclaim Benes

A.J. GOLDBERG

Prague, Czechoslovakia, June 27 (AP)—The Communist party swallowed up the 60-year-old Czech Social Democratic party today. The ceremonies were held amid the blood-red trappings of Lucerna Hall, largest auditorium in central Prague.

Delegates of the two parties, sitting beneath photographs of the prophets of socialism, ratified the union, which threw an additional 250,000 party members into the Communist-card-holder ranks. The Communist party name was retained.

President Klement Gottwald, a Communist, continues as chairman of the combined parties, whose membership now is more than 1,750,000.

Gottwald And Stalin Cheered

Rudolf Slansky, a powerful political figure and one of the founders of the Cominform, is the secretary-general. Deputy Premier Zdenek Fierlinger, the Left-wing Social Democrat who led his party into the fusion after throwing out Right-wingers in the February revolt, is to be vice chairman.

Every mention of Gottwald's name drew prolonged cheering and applause, matched only by the response to a "long live General Stalin" voiced by one speaker.

Photographs of Marx, Engels, Lenin, Stalin and Gottwald were flanked by Communist party flags. The three ranks of tables on the dais were draped in red.

The badge of the Social Democratic party, which looks like a Rotary Club emblem surmounted by three heads of wheat, hung alongside the Czechoslovak Communist emblem.

Some foreign visitors were in the galleries.

Sokol Youth On Parade

Outside, a half block away, thousands of youths paraded through the Vaclavski Namesti in a Sokol demonstration celebrating the first international congress of the 80-year-old physical culture society since the war. Only the Czechoslovak flag, the Sokol flag and two American flags were seen in the parade.

The Sokol traditionally has been conservative, but all classes consider the Sokol a national institution. A delegation of Czechs from the United States was among the paraders.

The two American flags were carried by Moravian Sokol youths. Others bore meaningful red and white carnations, the colors of the old National Socialist party from which the Sokol derived much of its strength. Former President Eduard Benes belonged to the National Socialists.

Paraders Cry "Long Live Benes"

Five times in the square paraders raised the cry "long live President Benes" and twice they cried "long live Brother Benes." Each time there was a resounding roar from the crowd.

Until a parading delegation from the trade unions came by there were no such cries for Gottwald. The trade unionists proposed a cheer to President Gottwald and there was silence in the square except for the shuffling of feet and the far off cries of the Sokol youth who had passed or were approaching.

Prague Theater Meeting

Prague, Czechoslovakia, June 27 (AP)—Only Czechoslovakia and Poland among the Eastern Slav states of Europe have indiacated their intention of joining the International Theater Institute, officials said today.

Officials of the institute, headed by the British playwright J. B. Priestley, were in Prague preparing for a week-long congress to be held here beginning tomorrow.

The first congress will be entirely administrative, Priestley told a news conference here, to determine the relationship of the international group, with national branches being set up throughout the world.

"World Needs This Sort Of Thing"

The Soviet Union was invited to participate but officials of the institute said it had received no answer.

Although the United Nations Educational, Scientific and Cultural Organizations provided the foundation work for the institute, it will be independent of UNESCO, Priestley said.

"Nothing that we can do can bring people more together than the drama, showing real people in their own home life," Priestley said. "We live in a world today that needs this sort of thing."

"No Question Of Ideologies"

Armand Salacrou of France said that opera and ballet as well as the legitimate theater would be represented in the institute, with representatives of the French and Vienna operas to attend.

He said there would be no distinction as between Left and Right-wing playwrights. "There is no question of ideologies. If we began to consider ideologies, there would be a breakdown from the first," he said.

Earlier, Dr. Julian Huxley, director general of UNESCO, told the same gathering that UNESCO was going ahead with its re-education aid program in the Western zones and Germany, and that Czechoslovak and Polish members of the executive board had agreed to it.

Salacrou said that in its formative stages the institute would deal only with Government theater, opera and ballet and with established private enterprises.

Would Aid Talent Exchange

"We want to do things for amateur groups, too, but we can't start out trying to do everything for everybody," he told newsmen.

He said the institute hopes to stimulate the exchange of manuscripts of operas and ballet scores and try to arrange the exchange of theater troupes among countries.

Priestley said the plan to exchange theater troupes was hampered at present by the state of world affairs. He said he was hopeful, however, that the institute would publish an international magazine and spread information about plays "so that if a good play shows up in Budapest, information about it will be circulated throughout the national centers of the institute."

Communist Name Is Retained

PRAGUE, June 27 (AP)—Delegates of the two parties ratified the union, which threw another 250,000 party members into the ranks of Communist card holders. The Communist party name was retained.

President Klement Gottwald, a Communist, continues as chairman of the combined parties, whose membership now is more than 1,750,000. Rudolf Slansky, a powerful political figure and one of the founders of the Communist Information Bureau, is the secretary general. Deputy Premier Zdenek Fierlinger, the left-wing Social Democrat who led his party into the fusion after having thrown out right wingers during the February revolt, is to be vice chairman of the merged parties.

Outside, a half block away, thousands of youths paraded through the Vaclavski Namesti in a Sokol demonstration celebrating the first international congress of the eighty-year-old physical culture society since the war. Only the Czechoslovak flag, the Sokol flag and two United States flags were seen in the parade.

Five times in the square paraders raised the cry "Long live President Benes" and twice they cried "Long live Brother Benes," referring to former President Eduard Benes. Each time there was a resounding roar from the crowd.

Greek Rebel Repulse

Athens, June 27 (AP)—A Government communiqué said today Communist guerrillas were beaten off by Government troops as they attempted to cut off the Ioannina-Preveza road in northwest Greece.

The communiqué said the guerrillas suffered 105 casualties in three separate clashes with nationalist forces on approaches to the Grammos mountains.

The rebels, fighting units of six Greek Army divisions seeking to crush them, have made two previous sorties on Government-controlled roads. They partly destroyed the Elasson-Kozane road in Thessaly yesterday and attacked the supply lane from Kozane to Grevena.

Women Among Prisoners

In the battle for command of the Ioannina-Preveza road the Government said four of its soldiers were killed and 24 wounded. It listed rebel casualties as 32 killed and 11 captured, including five women.

Heavy fighting was reported west and southwest of Grevena in the areas of Krania and Monahiti, where a new guerrilla pressure point has developed.

The rebels apparently were concentrating on three points of Greek army offensive aimed at corraling them in the Grammos mountains. Government forces believe Markos Vafiades, rebel chieftain, may have his headquarters in that Greek mountain range on the Albanian border.

Tanks Attack Ridge

For the first time since the Grammos operation began a week ago, the Greek Army used armored cars and light tanks today in an attempt to dislodge guerrillas from stubbornly held Ammouda ridge.

Despite almost impassable terrain, the armored vehicles maneuvered into position south and southwest of Nestorian and blasted away at strong fortifications.

Rain and low clouds virtuallly grounded the air force. Artillery fire was sporadic.

A high military source said Greek Army losses in wounded have been high because of the guerrillas' accurate and heavy fire from their strong positions. An unconfirmed report said twenty-seven officers were wounded in a single attack.

Heavy fighting broke out again today east and northeast of Konitsa after a two-day lull because of bad weather. The army occupied the village of Molista, one of the strong points on the approaches to the main guerrilla line on the western Grammos range.

Reports said the guerrillas continue to attack the army with artillery and mortars from the Albanian border.

Soviet Press Hails Warsaw Decisions

Moscow, June 27 (AP)—*Pravda* and *Izvestia* said in lead editorials today the decisions of eight East-European foreign ministers in Warsaw last week were historic decisions presenting the only possible program for a peace treaty with Germany.

Izvestia, Soviet Government newspaper, said:

"The question posed by the Warsaw decisions is simple: will there be in the center of Europe a peaceful, democratic German state cooperating with all European peoples for the benefits of peace and the economic prosperity of Europe, or will there arise . . . with help from outside, a militarist Germany?"

Pravda, Communist party paper, said it was time the Western powers understood the "Polish-German boundary on the Oder and western Neisse is an immovable boundary—a boundary of peace."

Fastest Yen-Counter Gets $10

TOKYO, June 27 (AP)—Fifty of the fastest postal clerks in Tokyo competed in a money-counting contest last night. The Communications Ministry awarded 500 yen ($10) to 20-year-old Yasukore Suzuki, who set a record of 4 minutes 30 seconds in counting 1,000 10-yen bills. This was twenty seconds better than his nearest rival. Six million yen was borrowed from the Bank of Japan for the contest.

RICE RIOTS IN CHINA

SHANGHAI, (Monday) June 28—(AP) Rice riots erupted in Shanghai's suburbs today as the price of the cereal hit 24,000,000 yuan per 133-pound picul. The prce, equivalent to roughly $6 U. S. in China's spiraling exchange, was up about 25 per cent from Friday's peak figure. Chinese press dispatches said "hundreds of hungry" peasants looted rice shops on the outskirts of Wusih, rice producing district on the Shanghai-Nanking railroad. Shops in Changchow, about 50 miles west of Wusih, also were reported raided. At Hofei, two rice-carrying junks were attacked by a mob estimated at 1,600. In Shanghai proper, no trouble was reported but police maintained a close watch on commodity markets.

Manila Opens Airport

MANILA, June 26 (AP).—Nichols Field, which the United States built into a major base in the Orient, was opened formally tonight as Manila's international airport. President Elpidio Quirino, speaking at the ceremony, said that with the help of the Civil Aeronautics Authority the field would be made the most modern in the Orient.

Philippine Area Near Famine

MANILA, June 27 (AP) — The "granary of the Philippines" is on the brink of famine, the Government was advised today. Gov. Juan O. Chioco of Nueva Ecija Province in East Central Luzon, long the islands' best food-producing province, sent a message to President Elpidio Quirino asking for Government help. The Governor said thousands of farmers and their families who had fled the rice fields during the civil warfare with the Hukbalahaps now were on the barest rations.

War Ends for Aborigines

81 Who Fled Into Johore Jungles Six Years Ago Surrender

SINGAPORE, June 27 (AP)—Eighty-one Sakai aborigines who fled into the Johore jungles six years ago to escape the war learned today that the Japanese have surrendered.

The aborigines, all naked, told forest rangers who found them they were amazed to learn the British had returned. Their leader said the group had fled into the wildest part of the jungle in 1942 when they heard Chinese guerrillas would kill them as suspected informers for the Japanese.

South Johore Terrorists Battle Malayan Force

Singapore, June 27 (AP)—Gurkha troops and Malay police killed two Chinese, wounded another and arrested two more in a gun battle with a terrorist gang in South Johore state yesterday.

In Selangor State, terrorists killed a Chinese foreman, bringing to 40 the number of persons so slain in the last eight weeks.

A combined police and military patrol discovered a Communist camouflaged military camp near Kuala Lumpur. It was empty. Informants said 50 persons had been receiving military training there.

MEDIATOR TO GIVE ARABS, JEWS DATA FOR PEACE PLANS

Both Parties Have Right to Offer Counter Proposals, Bernadotte Says.

SILENT ON DETAILS

Chicago Captain of Irgunist Ship Is Released by Israeli Forces.

RHODES, June 27—(AP) Count Folke Bernadotte said tonight his suggestions for a "basis for further discussion" for peace in Palestine will be given to Arab and Jewish leaders tomorrow or Tuesday.

The United Nations mediator for the Holy Land told newsmen that "both parties must be notified of my suggestions at the same time."

"I have asked both parties not to comment on the suggestions or publish them until I have received their answers," Bernadotte said. "After that we will decide in consultation with them when they will be published."

JUN 1948

May Offer Counter Suggestions

The U. N. mediator said "both parties have the right to come forward with counter suggestions."

"The situation is different from the truce negotiations," he said. "In the truce proposals they could either accept or reject them. That is not the case now. Now the field is open and they may offer counter proposals."

Asked whether his suggestions are designed to be a basis for further talks looking toward Palestine peace, or whether they contained the peace plan itself, Bernadotte replied: "I would say the former."

In reply to whether he would seek an extension of the four-week truce which expires on July 9, the mediator said: "I can't tell you whether the discussions will result in prolongations of the truce at the present time."

Bernadotte said Jewish experts now in Rhodes for consultations with him will fly back to Tel Aviv tomorrow. They will be accompanied by Johan Reedman, a member of Bernadotte's staff.

Arab experts now in Rhodes will delay their departure until they get definite word of the place of the Tuesday meeting of the Arab League. When they leave, they will fly in Bernadotte's plane and be accompanied by Paul Mosu and Constantine Stavuro Oslos.

Col. Thord Bonde, chief of the U.N. truce observers, will return to Palestine tomorrow. His plane will carry the Jewish experts and Bernadotte's staff member bearing the mediator's suggestions to the Israeli government.

Egypt Promises Probe

Bernadotte said he is in touch with the Egyptian Government regarding the incident of last Friday when an Egyptian Spitfire fired on a United Nations plane in southern Palestine.

"I have received information from the Egyptian Prime Minister that he will thoroughly investigate the matter and if the results show the Egyptian pilots had not acted according to orders they will be punished," Bernadotte said.

Regarding his protest to Jewish authorities that his truce observers were denied access to an area near Natanya when Irgun Zvai Leumi tried to land a shipload of ammunition, Bernadotte said: "I have asked Jewish authorities to answer some questions regarding it."

Bernadotte held his press conference tonight in the bar of the Hotel de Roses on the Rhodes seashore which faces the Turkish coast 12 miles away. He sat perched on a bar stool while reporters used cocktail tables for writing desks.

King Abdullah Greeted By Saudi Arabian Prince

Cairo, June 27 (AP)—King Abdullah of Trans-Jordan arrived in Dhahran, Saudi Arabia yesterday by air from Amman, a dispatch to the Cairo daily newspaper *Al Ahram*, said today.

The paper said Abdullah was met by Emir Saud, the Saudi Arabian crown prince. Emir Saud greeted Abdullah in the name of his father, King Ibn Saud, the dispatch said, and told the monarch:

"My father instructed me to inform you that he is an Arab Moslem and you are an Arab Moslem. You are therefore brothers. Your Majesty is in his own country therefore I have not prepared any program for your visit. You are the owner of the house."

The dispatch said the King's departure by air for Riyadh, scheduled for today, was delayed by bad weather. Abdullah is scheduled to meet King Ibn Saud at Riyadh.

Meanwhile, Emir Feisal, Saudi Arabian Foreign Minister, conferred in Cairo with Mahmoud Fahmy Nokrashi Pasha, Egyptian Prime Minister.

Irgun Ship Captain Freed by Israeli Army

TEL AVIV, Israel, June 27. — (AP) Monroe Fein, of Chicago, captain of the Irgun Zvai Leumi ship set afire Tuesday by Israeli forces at Tel Aviv beach, was released today after being held four days by Israeli military and civil authorities.

Fein and 60 other men of combat age, believed to have landed from the munitions ship, were arrested by Israeli shock troops. Authorities have not announced the charge on which he was held. After being held by the army he was transferred to a civil prison here.

He told his attorney, who had not been permitted to visit him in jail, that he had been questioned intensively and was tired.

The Israeli forces fired on Fein's ship, a former LST (landing ship, tanks) to prevent a landing of munitions forbidden under the United Nations truce in Palestine. Fein said three of his crew were killed and others wounded.

Fein, who is 25, was graduated from the University of Chicago in 1943. He captained LSTS in the Marshalls, Marianas and Okinawa invasions.

Egypt's Foreign Minister Resigns OverSudanIssue

CAIRO, June 27 (AP).—Reliable sources said today that Foreign Minister Ahmed Khashaba Pasha has resigned over the question of the Sudan. He did not attend the meeting of the Cabinet tonight.

Khashaba Pasha had approved personally a draft agreement on Anglo-Egyptian administration of the Sudan with Sir Ronald Campbell, British Ambassador here. The Cabinet rejected the draft.

The Egyptian government has been calling for union of the entire Nile Valley under the Egyptian crown. This would mean an end of the joint rule by Egypt and Great Britain which has existed in the Sudan since 1899.

BULGARIAN'S TALK WITH GREEK FAILS

He and Athens Envoy Balked on Diplomatic Approach, Says Mevorah—To Notify U. N.

WASHINGTON, June 27 (AP)—Bulgaria's Minister to Washington, Dr. Nissim J. Mevorah, reported today that Bulgaria and Greece had tried but failed to agree on a means of resuming diplomatic relations.

Dr. Mevorah said in an interview he intended to notify Secretary General Trygve Lie of the United Nations that the Greek-Bulgarian negotiations in Washington had ended in a deadlock.

The talks began June 16 when Dr. Mevorah met with the Greek Ambassador, Vassili C. Dendramis, as directed by their governments to find a basis for exchanging diplomats.

The two envoys did not meet again, Dr. Mevorah said, because they found during that one meeting they could not agree on what should be discussed in any further conversations.

"I had hoped these conversations would include all the questions outstanding between us," said the Bulgarian Minister. "Unfortunately, the Greek Ambassador was only prepared to discuss the technical resumption of relations."

Mr. Dendramis, who was in Philadelphia during the day, said his Government would make a complete answer to the Bulgarian envoy's statement. Mr. Dendramis said he had not yet been notified of Dr. Mevorah's letter to Mr. Lie, but he had an understanding that he would be.

State Department and other Western power officials had been watching the talks carefully, believing a change in Bulgaria's opposition to the present Greek Government might herald a change in attitude by Russia and the other Eastern European countries.

The Bulgarian minister said he had no plans for a further meeting unless the Greek Government broadened the field of the conversations.

The Bulgarian Government believed the two diplomats in Washington could best tackle the basic differences separating Greece and Bulgaria, Dr. Mevorah said.

The Foreign Offices in Athens and Sofia were capable of handling the "mere technical aspects of renewing diplomatic relations," he said.

In reply to questions, Dr. Mevorah affirmed that his country was giving shelter to refugees from Greece; he stressed that Bulgaria had declared her policy in that matter from the beginning.

"These people, men, women and children, are treated as political refugees and put in camps for shelter," he said of the Greeks in his country.

Dr. Mevorah emphasized his belief that this action did not violate international law and in fact was considerably less than the French Government did to help the Spanish Republicans during the civil war with Generalissimo Francisco Franco.

The American people in large part misunderstood this, said Dr. Mevorah, mainly because newspapers in the United States presented "only the bad side" of Bulgaria to their readers.

Dr. Mevorah said American correspondents in reporting activities in Bulgaria concentrated on "political scoops" and neglected the "constructive news of the heroic efforts in our country."

Some Americans believed Bulgarian foreign policy was made in Moscow, he said, because they did not understand that Russia and Bulgaria think alike very often. The similarity in languages, "friendship and understanding," he said, explained the similarity in outlook on foreign affairs.

OFFICERS NEEDED AS ARMY LINES UP DRAFTEE PROGRAM

Reservists Sought for Active Duty at Rate of 1,250 a Month.

SHORTAGE IS 'CRITICAL'

Camps Readied; Army Silent on Number to Be Reopened for Training.

WASHINGTON, June 27—(AP) The army is hastening to line up instructors, officers and training facilities to handle its expansion in troop strength. It is having serious trouble getting enough officers.

Looking to the build up of the army to 12 divisinos (from a present three) by the end of 1949, the army has asked enlisted reservists, who are veterans of World War II, to volunteer for nine to twelve months service in the United States. These veterans are needed in the training of inductees.

At the same time, the army is planning to accept applications from reserve officers for active duty at the rate of about 1,250 a month for some months to come. This would help increase the officer personnel in line with the proposed expansion of the army to 837,000 from its present 548,000 level.

Critical Shortage of Officers

But army department officials said today there is a "critical shortage" of officers in prospect, not only medical and dental officers but the junior grade line officers. Estimates are that as high as 30,000 will be needed—and existing applications for active duty are well below that total. The difficulty in getting junior grade officers—lieutenants and captains particularly—is that the pay offered by the army is below competing wages of business and industry.

The army still remained silent about the total number of wartime camps to be reopened for training inductees. It was disclosed, however, that a total of eight special training centers are planned for training by divisions—with four already operating at Camp Dix, N. J.; Fort Knox, Kentucky; Fort Ord, Calif., and Fort Jackson, S. C. But the army during recent months has pulled back from the list of installations up for surplus sale between 15 and 20 camps. From these it is expected that some will be reactivated for use as training camps, in addition to the eight division centers.

Aside from the draft inductees, the 19 through 25 year age bracket, the armed forces must reckon on handling up to 161,000 18-year-olds who, while not subject to induction, may volunteer for one year of training in the services. The Army will take up to 110,000. Its problem won't be too great; it can give them basic training needed by ground soldiers.

Air Force Faces Problem

But the air force isn't quite sure what it can do with the 15,000 youngsters it must accept. It can give them basic training, but a year is too short for giving them any specialized instruction in aviation.

The Navy probably will train its 18-year-old volunteers ashore, then let them go without any sea duty.

Of the operating national defense organizations, only the National Guard could afford to sit back and quit worrying over either manpower or training problems.

Its manpower problems were settled—even a little more than settled—when congress passed the draft law. Between Monday morning and midnight Thursday swarms of draft-age men came hurrying to armories to sign up with the guard, and thus avoid being drafted. By the weekend, some National Guard Bureau officials here estimated that the total strength of the guard had climbed to 375,000 instead of the 341,000 for which money appropriated by congress for the next fiscal year would provide.

New Jet Fighter, Shooting Star, Is Now Being Built

Washington, June 27 (AP)—A new Lockheed Shooting Star with a more powerful Allison turbo-jet engine giving it a speed of 600 miles an hour is in production, the Air Force said today.

The new fighter plane is the F-80C, whose new engine, the J 33-23, has a takeoff rate of 4,600 pounds thrust, the announcement said. It has a higher climb rate than the F-80B, the previous model of the Shooting Star series, the Air Force said.

"Exact performance figures" of the new model were withheld, but the Air Force said it is the same as the F-80B in dimensions, weight, range and armament.

The new fighter, whose development began a year ago in experiments at Muroc (Cal.) airbase, has six M-3 50-caliber machine guns "with an increased rate of fire over the M-2 machine gun used in the last war," the Air Force said. It can carry 2½-ton bombs in wing tip shackles.

Life-Saving Gift Made To Russia

Philadelphia, June 27 (AP)—A $25,000 gift of life-saving streptomycin will be given to the people of Russia by the American Friends Service as "a testimony of good will," it was announced today.

The committee said 3,000 five-gram vials of the drug will be distributed by the Russian Red Cross and Red Crescent. It said it would be used "to promote the health of the Russian people."

Clarence E. Pickett, executive secretary of the committee named co-winner of the 1947 Nobel Peace Prize with the London Friends group, said "it is hoped that this gift may be the first of a series of reciprocal gestures between Russians and Americans which will lead them and us to more understanding."

Pickett said the drug is being purchased with funds given to the committee for the special purpose of building better relations between America and Russia.

"Committee representatives are continuing to explore with Russian and American officials ways of co-operation," Pickett added, "We believe that concrete, constructive results can be achieved."

MORGENTHAU HITS IRGUN ACTIVITIES; WOULD BAR AID

NEW YORK, June 27. — (AP) Former Secretary of the Treasury Henry Morgenthau Jr., general chairman of the United Jewish Appeal, today urged American Jewry to stop all financial support of dissident groups in the Jewish Republic.

Morgenthau told a luncheon gathering of United Jewish Appeal, which is campaigning for $250,000,000:

"When the Irgun attempted to land arms in violation of the truce and in complete disregard of the state of Israel, it was doing more to shatter the authority of the state than all the preceding attacks from the Arab League. x x x

Raps Support of Dissidents

"Let us face the facts. There is a body of people in this country, small to be sure, which, either out of sincerity or false heroism, is supporting the dissidents in the state of Israel with funds.

"Whatever may have been the virtues of this activity before May 15, we should recognize that now such financial support, intended to weaken the internal authority of the state, is a stab in the back of Israel."

Morgenthau said that a number of American Jews are contributing funds "to the destruction of the state of Israel out of a mistaken notion that support for any fighting group in Palestine means strength to Israel."

He told the UJA workers attending the luncheon he was confident that "through your loyal support of the United Jewish Appeal, (you) will discourage all financial assistance to those who would destroy that state."

He appealed for support of the UJA campaign as a means of Jewish immigration to Israel.

Former Governor Herbert H. Lehman said that current plans call for the entry of more than 100,000 Jewish immigrants into Israel within the next year if sufficient funds are raised.

THE RADIO ALSO QUOTED A COMMUNIQUE REPORTING GUERRILLAS CAPTURED "THE HIGH POINT OF VOLJANA" JUNE 25 AND ADDING: "AFTER THIS THE ENEMY STOPPED EVERY OFFENSIVE ACTION." from adv. initiative.

IN THE FIGHTING YESTERDAY, THE RADIO SAID, MORE THAN 60 GREEK GOVERNMENT SOLDIERS WERE KILLED, AND TWO BATTALIONS OF THE 41ST BRIGADE "WERE ROUTED AFTER SUFFERING SERIOUS LOSSES."

CAIRO, JUNE 27-(AP)-A RELIABLE SOURCE SAID TODAY THAT PRIME MINISTER NOKRASHI PASHA HAS RECEIVED A NOTE FROM COUNT FOLKE BERNADOTTE PROPOSING THAT ALL JEWISH SETTLEMENTS IN PALESTINE BE CONSIDERED "MUNICIPAL AREAS" DURING THE ARAB-JEWISH TRUCE.

THIS INFORMANT SAID THE PROPOSAL IMPLIES THAT ALL JEWISH SETTLEMENTS SHOULD BE SUPPLIED FREELY DURING THE TRUCE WITH FOOD AND OTHER NECESSITIES.

NOKRASHI PASHA REJECTED THIS SUGGESTION, THE SOURCE SAID, AND INSISTED THAT MUNICIPAL AREAS ARE ONLY THOSE WHERE MUNICIPALITIES ACTUALLY EXIST.

THE PREMIER'S REPLY WILL BE SENT TO BERNADOTTE TOMORROW, THE SOURCE ADDED.

THE ARAB LEAGUE'S POLITICAL COMMITTEE WILL MEET HERE TUESDAY TO DISCUSS BERNADOTTE'S PROPOSAL FOR A PALESTINE SETTLEMENT, ABDEL RAHMAN AZZAM PASHA, SECRETARY-GENERAL OF THE LEAGUE, ANNOUNCED TONIGHT.

AZZAM PASHA SAID HE EXPECTS BERNADOTTE'S PROPOSALS TOMORROW BUT THAT NO DATE HAS BEEN FIXED FOR THE ARAB COUNTRIES TO REPLY TO THE UNITED NATIONS MEDIATOR.

HE ADDED THAT NEITHER HE NOR J.ESCARATI, BERNADOTTE'S CAIRO REPRESENTATIVE, KNOWS THE NATURE OF THE MEDIATOR'S PROPOSALS.

"WHEN WE FINISH CONSIDERING," HE SAID, "THEN WE WILL EITHER SEND HIM OUR REPLY OR ASK HIM TO COME HERE FOR FURTHER CONSULTATIONS."

AZZAM PASHA CONFERRED WITH ESCARATI TODAY ON PROCEDURE TO FOLLOW AFTER RECEIVING BERNADOTTE'S PLAN.

CAIRO, EGYPT, JUNE 27-(AP)-The Arab League's political committee will meet here Tuesday to discuss Count Folke Bernadotte's proposal for a Palestine settlement, Abdel Rahman Azzam Pasha, secretary-general of the League, announced tonight.

Azzam Pasha said he expects Bernadotte's proposals tomorrow but that no date has been fixed for the Arab countries to reply to the United Nations mediator.

JUN 1948

He added that neither he nor J. Escarati, Bernadotte's Cairo representative, knows the nature of the mediator's proposals.

"When we finish considering," he said, "then we will either send him our reply or ask him to come here for further consultations."

Azzam Pasha conferred with Escarati today on procedure to follow after receiving Bernadotte's plan.

(ADVANCE)..WASHINGTON, JUNE 29-(AP)-SUPREME COURT JUSTICE JACKSON'S OUTBURST AT NUERNBERG AGAINST JUSTICE BLACK MAY HAVE BEEN TOUCHED OFF, ACCORDING TO HAROLD L.ICKES, BY JACKSON'S DISAPPOINTMENT OVER NOT RECEIVING THE APPOINTMENT AS CHIEF JUSTICE.

"IT MAY BE THAT JACKSON WAS MERELY IN A PARTICULARLY UNHAPPY FRAME OF MIND BECAUSE HE HAD FAILED TO GET THE APPOINTMENT WHICH HE COVETED," ICKES WRITES IN A SATURDAY EVENING POST ARTICLE.

THE FORMER SECRETARY OF THE INTERIOR RELATES THAT JACKSON, BEFORE ACCEPTING APPOINTMENT TO THE SUPREME COURT IN 1941, HAD SOUGHT SOME ASSURANCE THAT HE WOULD EVENTUALLY BE CONSIDERED FOR THE TOP POSITION ON THE BENCH WHEN IT BECAME VACANT.

PRESIDENT ROOSEVELT, ACCORDING TO ICKES, TOLD ICKES THAT HE HAD JACKSON IN MIND FOR CHIEF JUSTICE AT SOME FUTURE TIME.

"I HAVE ALWAYS WONDERED WHETHER JACKSON DID NOT ACCEPT THE APPOINTMENT AS CHIEF PROSECUTOR OF THE GERMAN WAR CRIMINALS AT NUERNBERG IN THE HOPE THAT THIS MIGHT IMPROVE HIS CHANCE OF BEING APPOINTED CHIEF JUSTICE," ICKES WRITES.

JACKSON WAS AT NUERNBERG IN APRIL 1946 WHEN CHIEF JUSTICE STONE DIED AND PRESIDENT TRUMAN APPOINTED FRED M.VINSON AS STONE'S SUCCESSOR. SHORTLY AFTER THAT JACKSON PUBLICLY BERATED BLACK, BRINGING INTO THE OPEN BITTER FRICTION BETWEEN THE TWO MEN.

ICKES RECALLED THAT JACKSON, THEN SOLICITOR GENERAL, HAD REMARKED TO HIM IN 1939 THAT "JUSTICE BLACK IS GOING TO TURN OUT TO BE ONE OF THE STRONGEST MEN ON THE SUPREME COURT...BLACK HAS A KEEN MIND AND IS WORKING VERY HARD TO EQUIP HIMSELF FULLY."

ICKES, WHO HAD URGED PRESIDENT ROOSEVELT TO APPOINT JACKSON, CONCLUDED THAT "JACKSON, ALTHOUGH APPRAISED AS A LIBERAL AND NOMINATED AS SUCH, HAS VEERED EVER FURTHER TO THE RIGHT, WHILE JUSTICE BLACK HAS MORE THAN FULFILLED EVERY LIBERAL EXPECTATION."

SAN FRANCISCO,JUNE 27-(AP)-A MARINE FROM BUFFALO, N.Y., HELD CAPTIVE BY CHINESE COMMUNISTS FOR 97 DAYS, SAYS A BULLET THROUGH THE WINDSHIELD OF HIS JEEP WAS HIS FIRST WARNING OF TROUBLE.

"WE KNEW THEN THAT WE WERE ALL FOULED UP," PFC THOMAS KAPODISTRIA, 20, TOLD INTERVIEWERS HERE.

HE AND FOUR OTHER MARINES STATIONED IN NORTH CHINA HAD SET OUT IN THE JEEP FOR A CHRISTMAS DAY HUNTING EXPEDITION. IT ENDED WITH THE DEATH OF PFC CHARLES J.BRAYTON, GOVERNOR'S ISLAND, N.Y., AND THE CAPTURE BY COMMUNISTS OF THE OTHER FOUR.

KAPODISTRIA STOPPED IN SAN FRANCISCO THIS WEEK-END EN ROUTE TO HIS HOME FOR A 60-DAY LEAVE.

"IT ALL STARTED," HE SAID, "WHEN DICK (PFC CARROLL W.DICKERSON, OLATHE, KAS.) SLOWED THE JEEP AS WE APPROACHED A VILLAGE. WE INTENDED TO ASK A CHINESE SOLDIER THE DIRECTION TO THE TSINGTAO AIRFIELD. JUST BEFORE THE JEEP CAME TO A FULL STOP, A BULLET WHINED THROUGH THE WINDSHIELD, MISSING US. WE KNEW THEN WE WERE ALL FOULED UP."

ALL FIVE MARINES PILED OUT AS HEAVIER FIRE BEGAN, HE ADDED. "BRAYTON WAS HIT AS HE JUMPED. HE WAS BLEEDING FROM A WOUND IN THE ARM. THAT WAS THE LAST WE SAW OF HIM ALIVE."

KAPODISTRIA, DICKERSON, CPL.WILLIAM L.POLLARD, FORT WORTH, TEX., AND PVT.ROBERT HART, PITTSBURGH, PA., WERE MARCHED BY CHINESE COMMUNIST TROOPS SOME 150 MILES IN SEVEN DAYS.

"WE HAD A HARD TIME CONVINCING THE COMMUNISTS WE WEREN'T SPIES," KAPODISTRIA SAID. "ONCE WE DID, THEY TRIED HARD TO INDOCTRINATE US. THEY KEPT THROWING WORDS LIKE IMPERIALISM, CAPITALISM AND FEUDALIUM AT US..THEY GAVE US A LOT OF BOOKS TO READ, ALL ABOUT COMMUNISM..."

WHEN WORD CAME THEY WERE TO BE RELEASED, HE SAID, THE COMMUNISTS "SEEMED AS HAPPY ABOUT IT AS WE WERE." THEIR TREATMENT BY THE COMMUNISTS WAS "PRETTY GOOD," KAPODISTRIA CONCLUDED.

HE SAID THE COMMUNISTS EVEN PROVIDED WINE FOR THE MARINES WHEN THEY CELEBRATED POLLARD'S BIRTHDAY--THE DAY, INCIDENTALLY, WHEN WORD CAME THEY WERE TO BE FREED.

UNDATED GERMAN CURRENCY

BY THE ASSOCIATED PRESS

JUN 1948

(ADVANCE) THE WESTERN ALLIES AND RUSSIA PUT INTO USE LAST WEEK SEPARATE GERMAN CURRENCIES FOR THE WESTERN AND EASTERN OCCUPATION ZONES.

THE U.S., BRITAIN AND FRANCE ACTED FIRST. EFFECTIVE JUNE 20, THE WESTERN POWERS PROCLAIMED A NEW DEUTSCHE MARK. GERMANS WERE ALLOWED TO TRADE IN 40 OLD MARKS FOR NEW ONES AND WILL BE ALLOWED TO SWAP 20 MORE OLD MARKS ON JULY 20. THE EXCHANGE RATE STILL IS TO BE SET.

THE RUSSIANS ANNOUNCED THEIR NEW CURRENCY ON JUNE 22, TO BECOME EFFECTIVE TWO DAYS LATER. THEY HAVE NOT YET ANNOUNCED A VALUE ON THEIR MONEY, WHICH IS THE OLD HITLER OR REICHSMARK WITH A RUSSIAN COUNTERSTAMP.

THE WESTERN INITIATIVE ANGERED THE RUSSIANS. THEY SAID IT COMPLETED THE DIVISION OF GERMANY, VIOLATED THE POTSDAM AGREEMENT AND WAS A DARK PLOT TO ENRICH WALL STREET AND GERMAN INDUSTRIALISTS.

ACTUALLY, THE WESTERN POWERS UNDERTOOK THE REFORM TO COMBAT PARALYZING INFLATION AND CURB THE BLACK MARKET. AN ESTIMATED 100,000,000,000 (B) OLD MARKS WERE IN CIRCULATION, WITH CRAZY VALUES RANGING FROM A HALF CENT TO 30 CENTS, IN EXPORT TRADE. BUSINESS STAGNATED. THE MILITARY EXCHANGE VALUE OF THE OLD MARK HAD BEEN 10 CENTS.

1948

THE RUB CAME IN BERLIN. THE RUSSIANS, DISREGARDING THE RIGHTS OF THE OTHER THREE POWERS JOINTLY OCCUPYING THE CITY, PROCLAIMED THEIR MONEY THE ONLY VALID CURRENCY FOR THE FOUR-POWER CITY. THEY THREATENED THE WESTERN POWERS WITH ECONOMIC SANCTIONS IF THEY DID NOT ACCEPT IT.

JUN 1948

B89 (1)

RAIL TRAFFIC TO THE WEST WAS CUT OFF. THE SOVIET ZONE REFUSED TO SEND MORE FOOD INTO THE WESTERN AREAS OF BERLIN. ELECTRIC POWER, HALF OF IT GENERATED IN THE RUSSIAN ZONE OF BERLIN, WAS CUT OFF AND THEN ON. THE GERMANS AND COMMUNISTS INVITED THE ALLIES TO LEAVE BERLIN.

THE POTSDAM AGREEMENT OF 1945 PROVIDED THAT GERMANY DURING THE OCCUPATION WOULD BE TREATED AS A SINGLE ECONOMIC UNIT. PRESIDENT TRUMAN AND PRIME MINISTERS ATTLEE AND STALIN DECIDED THAT TO THIS END COMMON POLICIES SHOULD BE ESTABLISHED IN SUCH FIELDS AS CURRENCY, WAGES, PRICES AND RATIONING.

THE U.S. TREASURY TOOK A FINANCIAL BEATING EARLY IN THE OCCUPATION BECAUSE TROOPS WERE ALLOWED TO SEND HOME AS MUCH MONEY AS THEY WISHED, MUCH OF IT GLEANED FROM AT LEAST QUASI-BLACK MARKET SALES. THE RUSSIANS KEPT THEIR MONEY PRESSES GRINDING OUT MARKS AND MANY OF THESE WENT TO U.S. TROOPS IN EXCHANGE FOR CIGARETS, CANDIES, WATCHES AND THE LIKE. MILITARY SCRIP WAS USED BRIEFLY IN A VAIN EFFORT TO CORRECT THE ABUSES.

THE RULE WAS CHANGED AND SOLDIERS WERE ALLOWED ONLY TO SEND HOME THE AMOUNT OF PAY THEY DREW.

BUT AS INFLATION GREW AND THE BLACK MARKETING FLOURISHED, THE OLD MARKS GREW MORE PLENTIFUL. BY THE TIME THE WESTERN ALLIES ANNOUNCED THEIR REFORM LAST SUNDAY, 10 TIMES AS MANY CIRCULATED AS BEFORE THE WAR.

COMMODITIES LIKE CIGARETS BECAME IN FACT A MORE VALUABLE CURRENCY THAN THE GERMAN MARK. IN THE LAST FEW DAYS BEFORE THE DEUTSCHE MARK WENT INTO USE, THE GERMANS FRANTICALLY TRIED TO CHANGE THEIR MARKS FOR GOODS. FANTASTIC PRICES WERE PAID. THE RUSSIANS SEALED THEIR ZONE BORDERS TO PREVENT OLD MARK DUMPING.

RUSSIA AND THE WESTERN POWERS TALKED FOR MANY MONTHS IN THE ALLIED CONTROL COUNCIL OF BERLIN ABOUT CURRENCY REFORM. THEY NEVER AGREED. THE TALKS FINALLY REACHED THEIR PENULTIMATE STAGE ON MARCH 20 WHEN THE RUSSIANS WALKED OUT OF THE COUNCIL, PARALYZING IT.

ON JUNE 22, THE RUSSIANS ACCEPTED A BRITISH INVITATION TO A MONEY CONFERENCE BUT FIVE HOURS OF TALK ENDED FUTILELY. THE RUSSIANS THEN ANNOUNCED THEIR OWN CURRENCY AND TOOK STEPS TO FORCE ITS USE AS THE ONLY VALID MONEY IN BERLIN.

Cominform Accuses Tito Of Anti-Russian Policy; Slav Chief's Ouster Seen

ATTACK REVEALS FIRST BREAK IN RED BLOC FRONT

Yugoslav Dictator and Aides Charged with Nationalist Leanings.

A.I. GOLDBERG

FATE IS UNCERTAIN

U. S. Diplomats Believe Tito Already Has Been Jailed or Shot.

PRAGUE, Czechoslovakia, June 28—(AP) The Cominform denounced Marshal Tito's leadership of Yugoslav communists today and declared he and other top communists at Belgrade must hew to the Moscow line or get out.

The Cominform is the Moscow-blessed communist international information bureau. It accused the Yugoslav leaders of pursuing a hateful and slanderous policy toward Russia and leaning their sympathies toward western methods.

The blast came in a 3,000-word resolution adopted at a meeting of the cominform this month in Romania—a meeting where Yugoslav communists, among the Cominform's founders, were not represented. It was published here today. It marked the first break in the ranks of the nine eastern nations which formed the Cominform.

Tito, Aides Denounced

Marshal Tito and his top aides were accused of retreating from Marxism-Leninism and "undertaking an entirely wrong policy on the principal question of foreign and internal politics." The statement called for "either a true return to Marxist policy or a change of communist leaders in Yugoslavia."

One section of the resolution indicated Tito and his chiefs might be given a chance to mend their ways before final action is taken. The resolution said in part:

"The aim of these sound elements of the Communist party of Yugoslavia is to force their present leading factors to confess openly and honestly their faults and correct them; to part from nationalism; to return to internationalism and in every way to fix the united socialist front against imperialism.

"Or if the present leaders of the Communist party of Yugoslavia prove unable to do this task, to change them and to raise from below a new internationalistic leadership of the Communist party in Yugoslavia. The information bureau does not doubt that the Communist party can fulfill this task."

Singled out for criticism were Tito, Vice-Premier Edvard Kardelj—one of the founders of the Cominform—Milovan Djilas, minister for Montenegro, one of the Yugoslav states, and Lt. Gen. Alexander Rankovic who as minister of the interior has bossed Yugoslavia's police force.

There was immediate speculation that such a blast would be issued only after specific action had been taken against Tito, but no confirmation of this came from Belgrade. Carefully phrased dispatches from that capital said Tito was believed to be at his summer home at Bled.

A. Zhdanov, a member of Russia's politburo and often rated one of the three most powerful men in the Soviet Union, attended the meeting and signed its official statement. As published in Rude Pravo, official newspaper of the Czechoslovak Communist Party, it said the Yugoslav communist leaders "created a hateful policy in relation to Soviet Russia and to the all-communist union of Bolsheviks."

An "undignified policy of underestimating Soviet military specialists was allowed" and members of the Russian army were discredited, it said.

Russian "private specialists" in Yugoslavia were put under guard "of the organs of state security and they were watched," the statement said, adding that the Soviet representative to the Cominform in Belgrade also was watched and guarded.

Slander Campaign Charged

The Cominform further contended that a slander propaganda campaign "borrowed from the arsenal of counter-revolutionary Trotzkyism" was conducted against Russia. This campaign, it said, pictured Russia as degenerate.

"All these facts," the statement said, "prove that the leading persons in the Communist Party of Yugoslavia took a standpoint unworthy of communists."

It said they began to identify Russia's foreign policy "with that of the imperialistic powers" and to treat Russia "in the same manner as they treat the bourgeois states."

Inside Yugoslavia, the statement said, communist leaders "are retreating from positions of the working class and are parting from the

"Outside Communist Family"

As a result of all this, the statement said, "the Central Committee of the Communist party of Yugoslavia puts itself and the Yugoslav Communist party outside the family of brotherly Communists parties, outside the United Communist Front and, therefore, outside the rank of the information bureau."

Marxist theory of class war. Capitalist elements in their country are growing." It added:

"The cominform believes that the present leadership of the Yugoslav Communist Party is revising the Marxist-Lenin theory of the Communist Party. Whereas this theory says that the Communist Party stands for the leading and guarding strength in a country, in Yugoslavia the People's Front, not the Communist Party, is considered the main, principal strength. This means devaluating the Communist Party."

'Purge' Criticized

The statement condemned the "purging and arresting" of two Yugoslav communists "because they had dared to criticize the anti-Soviet conceptions of the leaders and to express themselves for the frinedship of Yugoslavia with Soviet Russia." (M. Zujovic was dismissed as finance minister and Andre Hebrang as chairman of light industry in a government shakeup last month.)

The statement said Yugoslav delegates "refused to defend their actions before the Cominform and to listen to criticism and reproaches from other Communist parties. This may be considered as a violation of equality among Communist parties and as calling for creation of a privileged attitude of the Yugoslav Communist party in the Cominform."

The Cominform was set up by Russia and eight eastern European nations in Poland last year. Its headquarters is in Belgrade.

Tito long has been regarded as one of the staunchest pillars of communism outside the Soviet Union. He catapulted to the head of Yugoslavia's government from command of that country's wartime partisans.

His government once was described by U. S. Senator Bridges (R.-N. H.) as "a red puppet dancing to Joe Stalin's tune." Tito has conferred many times in the Kremlin.

Already Ousted, Is Belief

Top U. S. diplomats in Washington interpreted the Cominform blast as meaning that Tito already has been "taken care off" and is no longer in active leadership in Belgrade.

The Washington sources said Tito and the others denounced might have been placed under house arrest, thrown in jail, shot or otherwise "immobilized" so that their power and freedom would be denied and their ability to talk back to their official Communist accusers would be destroyed.

But a high Yugoslav diplomatic source in Rome told a reporter today that Tito "is still in power in Yugoslavia."

The Cominform statement had not been heard late today in Yugoslavia. Although it appeared in the Communist press outside Yugoslavia, there was no indication it would be reprinted in *Borba*, the official organ of the Yugoslav Communist party.

News of the statement, when it reached a few Belgrade offices, recalled that there was some gossip six weeks ago that Premier Stalin had not sent his customary telegram of congratulations to Tito on the latter's birthday. That story has not been confirmed.

Believed At Summer Palace

It was generally believed in Belgrade that Tito is at his summer palace at Bled, where he usually goes in June.

On June 21 Tito notified the American Government that his country was ready and willing to sponsor a ten-nation Danube River conference in Belgrade.

This represented a reversal of previous information, received from Russia, that Yugoslav Foreign Minister Stanoje Simic had said Belgrade could not serve as the conference site because of technical difficulties. As a result, the Russians suggested some other Balkan capital might be selected.

Simic subsequently notified the American chargé d'affaires in Belgrade that he had been instructed to say that his earlier rejection was only his "personal opinion, not shared by the Government." Government officials in Washington said Tito apparently had overruled his Foreign Minister.

Trouble For Leaders Reported

In Paris, French Communists said Yugoslav leaders will be raked over the coals at the National Communist Congress in Belgrade July 21 for their alleged deviation from the Marxist line. They added that the expulsion of the Yugoslav Communist party from the Cominform had been expected for some time because "their deviation had become party gossip throughout Europe."

Former Premier Edouard Daladier said more similar signs of independence could be expected from other Soviet satellites as the cost of Russian friendship becomes heavier. The Socialist leader, Geraud Jouve, said the Yugoslav incident was a "sign of the restiveness gripping the Communist parties in eastern Europe."

Cominform Hits Tito Policy As Anti-Marxist

A.I. GOLDBERG

Prague, June 28 (AP)—The Communist Cominform charged today that Yugoslav Communists had departed from the Marx-Lenin line and that their leaders, including Premier Marshal Tito, pursued a hateful policy toward Soviet Russia.

The Cominform called for "either a true return to Marxist policy or a change of Communist leaders in Yugoslavia."

This marked the first break in the ranks of the nine eastern nations which formed the Cominform—the international Communist Information Bureau—at a meeting in Poland last fall. Yugoslavs were among the founders and Cominform headquarters were established in Tito's capital, Belgrade.

JUN 1948

Main Part of Text of Cominform's Declaration on the Yugoslav Party Chieftains

Met In Romania

An official statement today said Yugoslav representatives of the Communist party refused to take part in a session of the Cominform held "the latter part of June" in Romania.

Both Vice Premier Edvard Kardelj and Tito were attacked by name.

The cominform was organized for the purpose of fighting the Marshall plan and what was called "western imperialism."

The statement today declared that the Yugoslav Communist leaders were Nationalists who had veered from the party line and were trying to discredit Soviet Russia with a propaganda campaign picturing Russia as having the same imperialistic aims as "the bourgeois states."

Shepherded by A. Zhdanov, one of the top men of Russia's foreign policy department, the Cominform held its secret meeting at an undisclosed spot.

Rumors current atthe time said that it was in the palace of former King Mihai at Sinaia.

Yugoslav Communists declined to attend, the statement said, and were virtually read out of the cominform along with Tito and his principal aides.

The statement substantiated reports last week that all was not well in Communist circles in Yugoslavia.

Simic Is Warsaw

[In the meeting of eight East European states at Warsaw last week to discuss the German situation, Yugoslavia was represented by her Foreign Minister, Stanoje Simic.]

The virulence of the direct attacks on Marshal Tito, who had been regarded as one of the staunchest pillars of Marxist Communism outside Russia, ruling a country modeled on the Russian Government, was unmistakable.

With Zhdanov's signature, along with those of leading Communists of France, Italy, Bulgaria, Romania —including Ana Pauker and Georghe Dej—and Czechoslovakia, it was certain that the statement bore the approval from highest Marxist quarters.

Eight of the original nine Cominform nations were represented.

Given Supreme Insult

Tito and his aides were castigated as Trotzkyists, one of the supreme insults in the Marxist vocabulary.

[What effect this would have on the scheduled Danube conference in Belgrade on July 30 was not immediately apparent. Tito reported a week ago that his nation was ready and willing to sponsor the ten-nation conference.

[This was a reversal of previous information, from Russia, that Foreign Minister Simic had said Belgrade could not serve as the site because of technical difficulties. The Russians suggested that some other Balkan capital be selected].

Published In Red Paper

The statement of the Communist Information Bureau was published in *Rude Pravo*, official newspaper of the Communist party of Czechoslovakia.

The bureau adopted unanimously a statement that Yugoslav Communists had departed from the Marx-Lenin line.

Belgrade, the capital of Premier Marshal Tito's Yugoslav Government, was made the seat of the Cominform by the Communist leaders of eastern Europe at the time of the formation of the Cominform last year. Cominform bulletins were issued in Belgrade.

Foreign Policies Hit

Rumors of the June meeting have floated around the world for the last ten days. Important Communists professed ignorance of it.

The first paragraph of the resolution, or statement, said "the Cominform asserts that the leadership of the Yugoslav Communist party has been lately undertaking entirely wrong policy on the principal questions of foreign and internal politics which means a retreat from Marxism-Leninism.

"In connection with that, the Cominform accepts the process of the central committee of the All-Communist Union of Bolsheviks, which assumed the initiative by unveiling the wrong policy of the central committee of the Communist party of Yugoslavia and especially the wrong policy of Comrades Tit Kardel J, Djilas and Rankovic."

Only 8 Represented

[Edward Kardel J is Vice Premier of Yugoslavia; Milovan Djilas is Minister for Montenegro, one the Yugoslav states, and Lieut. Gen. Alexander Rankovic is Minister of the Interior.]

The statement listed the representatives of only eight of the Cominform countries.

Delegates included Palmiro Togliatti and Petro Secchia, of Italy, and Jacques Duclos and E. Fajon of France.

Hungary sent three delegates, Deputy Premier Matyas Rakosi, M. Farkas and Erne Gero.

Some Founders Absent

The Polish delegates were listed as J. Berman and A. Zavadski.

It was apparent that in some cases the actual founders of the Cominform were not present at the first important meeting since the founding.

The second paragraph of the resolution charged Yugoslavia with a hateful policy toward Russia and said Soviet representatives were mistreated in Yugoslavia.

The text of the second paragraph:

"The Cominform finds out that thte leadership of the Yugoslav Communist party creates a hateful policy in relation to Soviet Russia and to the All-Communist Union of Bolsheviks. In Yugoslavia an undignified policy of underestimating Soviet military specialists was allowed. Also members of the Soviet Army were discredited.

Russians Under Guard

"The Soviet private specialists in Yugoslavia were submitted to a special system, under which they were put under guard of the organs of state security and they were watched.

"The same system of guarding and watching was in the case of the representative of the All-Communist Union of Bolsheviks in the Information Bureau—Comrade Judin and many of the official representatives of Soviet Russia in Yugoslavia.

"All these facts prove that the leading persons in the Communist party of Yugoslavia took a standpoint unworthy of Communists, on the lie of which they began to identify the foreign policy of Soviet Russia with that of the imperialistic powers and they treat Soviet Russia in the same manner as they treat the bourgeois states.

"Slanderous Propaganda"

"As a result of this anti-Soviet policy in the central committee of the Communist party of Yugoslavia, slanderous propaganda borrowed from the arsenal of counter-revolutionary Trotzkyism, about the 'degeneration' of the All-Communist Union of Bolsheviks and about the 'degeneration' of the Union of Socialist Soviet Republics, was conducted.

"The Cominform condemns these anti-Soviet conceptions of leading members of the Yugoslav Communist party as incompatible with Marxism-Leninism and as suitable for nationalists only."

Ties Reported Strained

On Saturday, the London diplomatic correspondent of the Manchester *Guardian* wrote that reports from southeastern Europe "strongly suggest that a serious political crisis has arisen in Yugoslavia." Qualified British Foreign Office sources were inclined at the time to place some credence in the report.

"Marshal Tito's relations with Moscow," the paper said, "are believed to be strained, largely because of conflicting views on relations with the West. Even the question of Tito's whereabouts is being discussed.

"It is believed that the Yugoslav situation was on the agenda of the Warsaw meeting of Foreign Ministers from Eastern European states."

Clues Seen In Hungary

The *Guardian* said further indications of the Yugoslav crisis had been received from Hungary, which also is Communist-ruled. The only Budapest paper to take notice of Tito's birthday was an opposition organ, the *Guardian* said.

It added that a telegram from Hungary's non-Communist Premier conveying good wishes to Tito was held up and withdrawn from wireless bulletins and that Yugoslavia was not represented at a recent congress for the fusion of Hungarian Communists and Socialists.

PRAGUE, June 28 (AP)—Following is the major part of the text of the Communist Information Bureau's statement on Yugoslavia, as translated from the text published in the Czechoslovak newspaper Rude Pravo:

1

The Cominform asserts that the leadership of the Yugoslav Communist party has lately been undertaken an entirely wrong policy on the principal questions of foreign and internal politics, which means a retreat from Marxism-Leninism. In connection with that, the Cominform accepts the process of the Central Committee of the All-Communist Union of Bolsheviks, which assumed the initiative in unveiling the wrong policy of the Central Committee of the Communist party of Yugoslavia and especially the wrong policy of Comrades Tito Kardelj, Djilas and Rankovitch [Edward Kardels is Vice Premier of Yugoslavia, Milovan Djilas has been said to be the Yugoslav Communists' propaganda chief and Col. Gen. Alexander Rankovitch is Interior Minister.]

2

The Cominform finds that the leadership of the Yugoslav Communist party creates a hateful policy in relation to the Soviet Union and to the All-Communist Union of Bolsheviks.

In Yugoslavia an undignified policy of underestimating Soviet military specialists was allowed. Also, members of the Soviet Army were discredited. Private Soviet specialists in Yugoslavia were submitted to a special system under which they were put under guard of the organs of state security, and they were watched.

The same system of guarding and watching was used in the case of the representative of the All-Communist Union of Bolsheviks in the Information Bureau, Comrade Judin, and of many of the official representatives of the Soviet Union in Yugoslavia.

All these facts prove that the leading persons in the Communist party of Yugoslavia took a standpoint unworthy of Communists, on the line of which they began to identify the foreign policy of the Soviet Union with that of the imperialistic powers, and they treat the Soviet Union in the same manner as they treat the bourgeois states.

As a result of this anti-Soviet policy in the Central Committee of the Communist party of Yugoslavia, slanderous propaganda, borrowed from the arsenals of counter-revolutionary Trotzkyism, about the "degeneration" of the All-Communist Union of Bolsheviks and about the "degeneration" of the Union of the Soviet Socialist Republics was conducted. The Cominform condemns these anti-Soviet conceptions of leading members of the Yugoslav Communist party as incompatible with Marxism-Leninism and as suitable for nationalists only.

3

In their policy inside the country the leaders of the Communist party of Yugoslavia are retreating from positions of the working class and parting from the Marxist theory of class and class struggle. They deny the facts that capitalist elements in their country are growing and, in connection with it, that the class struggle is sharpening in the Yugoslav villages. This denial comes from an opportunist opinion under which the period of growing from capitalism toward socialist class struggle does not sharpen as is taught by Marxism-Leninism but gradually ceases to exist as it is ascertained by opportunists of the type of Bukharin, who were supporters of the theory of the peaceful growth of capitalism into socialism.

Leading Yugoslav politicians are carrying out a wrong policy in the villages, ignoring the class differences in the villages and are considering [a wrong] doctrine about classes and the class struggle, despite the well-known Lenin precept that a small individual economy inexorably gives birth to capitalism and the bourgeoisie.

But so far the political situation in the Yugoslav countryside gives no reason for self-appeasement and carelessness. In conditions such as those in Yugoslavia, where an individual peasant economy prevails, where nationalization of the soil does not exist, where private property of the soil is the law and where everyone is allowed to buy and sell the soil, where considerable land is concentrated in the hands of kulaks [rich peasants who resist collectivization], where people are hired for work, it is not possible to educate a party [that tries to] camouflage the class struggle and to appease. * * *

The leading members of the Yugoslav Communist party are slipping off the Marx-Lenin path to the nationalist, kulak road in the question of [the role] of the working class, because they believe that peasants are the firmest basis of the Yugoslav state.

Lenin teaches that the proletariat, as the only revolutionary class of consequence in the present society, must be the leader,

30.24- 18767

hegemonous in the fight of all the people for a full, democratic overturn in the struggle of all workers and of the exploited against their suppressors and exploiters.

The Yugoslav leaders are violating this knowledge of Marxism-Leninism. * * *

4

The Cominform is sure that the leadership of the Yugoslav Communist party is revising the Marxist-Leninist theory about the party. According to the theory of Marxism-Leninism, the party is the leading basic power in the country, has its separate program and does not dissolve in the non-party mass. The party is the highest form of organization and the most important tool of the working class.

In Yugoslavia, however, the People's Front, not the Communist party, is considered the leading force. The Yugoslav leaders undervalue the role of the Communist party and, in fact, have left the party dissolved in the People's Front, which includes quite different classes: workers, working peasants with an individual economy, kulaks, traders, small factory owners, bourgeoisie, intellectuals, etc., as well as various political groups, including some bourgeoisie parties. Yugoslav political leaders have stubbornly denied the fallacy of their conception. The Communist party of Yugoslavia, they say, cannot and must not have its special program but must be content with the program of the People's Front.

The fact that in Yugoslavia it is only the People's Front that is playing its part on the political scene, whereas the [Communist] party and its organizations do not act openly under its own name before the people, is not only diminishing the role of the party in the political life of the country but also is undermining the party as an independent political force entitled to gain the still greater confidence of the people and take under its influence still broader masses of the working people by its open political activity, open propaganda and its program.

The principal tenets of the Yugoslav Communist party stem from the faults of the Russian Mensheviks, which lie in the dissolution of the Marxist party into a non-party mass organization.

All these conditions prove that there are tendencies to liquidate the Communist party in Yugoslavia.

The Information Bureau maintains that such a policy of the Central Committee of the Communist party of Yugoslavia endangers the very existence of the Communist party and, after all, contains a danger of degeneration of the Yugoslav People's Republic.

JUN 1948

5

The Information Bureau maintains that the bureaucratic regime inside the party is pernicious for the life and the progress of the Yugoslav Communist party. There is no intra-party democracy in the party, the electoral principle is not realized, there is no criticism and self-criticism.

The Central Committee of the Communist party of Yugoslavia, in spite of verbal assurances of Comrades Tito and Kardelj, consists mostly not of elected but of co-opted members. The Communist party is, as a matter of fact, half-legal. The party meetings do not take place, or take place secretly. This fact cannot but undermine the influence of the party in the masses. Such an organization can be called only sectarian-bureaucratic.

It leads to a liquidation of the party as an active, decisive organism. It carries out within the party military methods similar to those introduced by Trotzky.

In the Yugoslav Communist party the rights of the party members are trod upon, the slightest criticism of party procedure is followed by cruel reprisals. This must not be tolerated.

The Information Bureau maintains that such a shameful, purely Turkish terroristic regime must not be suffered in a Communist party. The very existence and progress of the Yugoslav Communist party demand an end of such a regime.

6

The Information Bureau maintains that the criticism of the Central Committee of the Communist party of Yugoslavia that was made by the Central Committee of VKS(B) [this reference was not explained] and by the Central Committees of other Communist parties as a brotherly help to the Yugoslav Communist party, creates for its leadership all the conditions necessary for the correction of the faults committed. But the leaders of the Communist party of Yugoslavia, affected by exaggerated ambition, megalomania and conceit, instead of honestly accepting this criticism and taking the path of Bolshevik correction of these faults, received the criticism with dislike, took a hostile standpoint toward it and in an anti-party spirit, categorically and generally denied their faults, violating the doctrine of Marxism-Leninism * * * and compounding their anti-party errors.

When the Yugoslav leaders proved unable to refute the criticism by the Central Committee of the VKS (B) and Central Committees of other brotherly parties, they took a path of direct deception of their party and of the people. They kept the criticism of their wrong policy from the party and from the people, and they kept secret also their actual reasons for settling their accounts with Comrades Zujovitch and Hebrang. [Sreten Zujovitch, former Finance Minister, and Andrija Hebrang, former Minister of Light Industry, were purged recently.]

After the criticism of the Yugoslav leaders by the Central Committees of the VKS(B) and of the brotherly parties, these former [ministers] tried to put into effect many left-wing provisions—laws—by means of decrees. The Yugoslav leaders quickly issued new legal provisions about the nationalization of small industry and retail trade. The fulfillment of nationalization has not been prepared. The speed with which these legal provisions were made can only make the supplying of the Yugoslav population more difficult.

In the same haste they issued a new law about a grain tax on the peasants. It was not well prepared, and therefore cannot but disorganize the supplying of the town populations with grain.

Finally, they proclaimed in magnificent declarations their love and devotion to the Soviet Union, although it is known that they have been carrying out a hateful policy toward the Soviet Union.

The leaders of the Communist party of Yugoslavia declare a policy of liquidation of capitalist elements in Yugoslavia. In the letter to the Central Committee of VKS (B) on April 13, 1948, Tito and Kardelj wrote that the Politburo of the Central Committee "works for liquidation of the vestiges of capitalism in our country."

In accordance with this conception, Kardelj in his speech in the People's Parliament of the Federated People's Republic of Yugoslavia on April 25 declared, "In our country the days of all exploiting of man by man are numbered."

Such orientation of leading members of the Communist party of Yugoslavia for the liquidation of capitalistic elements under the present conditions in Yugoslavia and therefore for the liquidation of kulaks as a class cannot be described otherwise than as adventurous and non-Marxist.

This problem is not to be solved when there prevails in the country an individual economy, which inevitably gives birth to capitalism; when the conditions for mass collectivization of agriculture are not prepared and when a majority of the working peasants is not convinced of the advantages of a collective economy.

The experiences of VKS prove that only on the basis of mass collectivization of agriculture, liquidation of the last and the most numerous exploiting class, the kulaks, is possible and that liquidation of the kulak as a class is an integral part of the collectivization of agriculture.

To make successful a liquidation of the kulaks as a class and, therefore, a liquidation of all capitalist elements in the country, it is requested that the party carry out preliminary work that tends to restriction of the capitalistic elements in the country, the consolidation of the union of the worker class and peasantry under the leadership of the worker class, the development of socialistic industry. Speed in this respect can bring only irreparable damage.

Only on the basis of these measures, carefully prepared and carried out, can the transition from restrictions of the capitalist elements in the country toward their liquidation be made.

Whatever the attempts of the Yugoslav leaders may be to solve this problem in haste and by making decrees in official offices, they mean either an adventure doomed to failure or boasting and a vast demagogical declaration.

The Information Bureau maintains that these left-wing decrees and declarations of the Yugoslav leadership are calculated to mask their refusal to confess their faults and to correct them honestly.

7

With regard to the situation created in the Communist party of Yugoslavia and in an effort to grant the leaders of the Yugoslav Communist party a possibility of finding a way out of the situation, the Central Committee of VKS (B) and other Central Committees of other brotherly parties [decided] to discuss the situation in the Yugoslav Communist party at a meeting of the Information Bureau under the same formal party principles under which activity of other Communist parties had been discussed at the first meeting. But the various proposals of brotherly Communist parties to discuss the situation in the Yugoslav Communist party in the Information Bureau the Yugoslav leaders answered with a refusal.

Trying to avoid the justified criticism of the brotherly parties in the Information Bureau, Yugoslav leaders took a position about their "not having equal rights." It is necessary to say that not a word of this version was true. It generally is known that Communist parties, while organizing the Information Bureau, went on the incontestable principle that every party had to settle the accounts of its activity before the Information Bureau and that every party had a right to criticize other parties.

During the first meeting of the nine Communist parties [in the bureau] the Yugoslav Communist party made wide use of this right. The fact that the Yugoslavs refused to settle accounts of their activity before the Information Bureau denotes a violation of the equal right of Communist parties and is tantamount to a request to create a privileged position for the Yugoslav Communist party in the Information Bureau.

JUN 8

8

With regard to all that has been stated, the Information Bureau agrees with the evaluation of the situation in the Yugoslav Communist party, with the criticism of the faults of the Central Committee of the Communist party of Yugoslavia and with the political anaylsis of these faults as it was explained in letters of the Central Committee of the VKS (B) to the Central Committee of the Communist party of Yugoslavia in March-May, 1948.

The Information Bureau comes to the unanimous conclusion that by their anti-party, anti-Soviet opinions, incompatible with Marxism-Leninism, by their attitude in their refusal to take part in the session of the Information Bureau, the leaders of the Communist party of Yugoslavia pitted themselves against the Communist parties that are members of the Information Bureau, they passed to secession from a united socialistic front against imperialism and took the way of betrayal of the international solidarity of the working masses and they took the way of transition on positions of nationalism.

The Information Bureau condemns this anti-party policy and the processes of Central Committee of the Communist party of Yugoslavia.

The Information Bureau finds that as a result of all this, the Central Committee of the Communist party of Yugoslavia puts itself and the Yugoslav Communist party outside the family of brotherly Communist parties, outside the united Communist front and, therefore, outside the ranks of the Information Bureau.

SUMMARY

The Information Bureau maintains that the basis of all these faults of the leadership of the Communist party of Yugoslavia is the incontestable fact that in its leadership in the last five to six months openly nationalistic elements prevailed and were formerly masked. It said thhe leadership of the Communist party of Yugoslavia had parted with the internationalistic traditions of the Yugoslav Communist party and had taken the path of nationalism.

Yugoslav leaders, orienting themselves badly in the international situation and frightened by extortionate threats of the imperialists, think that by a series of concessions to imperialistic states they can gain the favor of these states to make an agreement with them about the independence of Yugoslavia and gradually to implant in the Yugoslav peoples the orientation of these states; that is, the orientation of capitalism.

At the same time, they silently go out on the well-known bourgeois-nationalistic thesis under which the "capitalist states represent merely less of a danger to the independence of Yugoslavia than to the Soviet Union."

Yugoslav leaders presumably do not understand, or at least pretend not to understand, that a similar nationalistic conception can lead to a lowering of Yugoslavia to the usual bourgeois republic, to a loss of Yugoslav independence to the imperialistic countries.

The Information Bureau does not doubt that in the core of the Communist party of Yugoslavia there are enough sound elements that are truly faithful to Marxism-Leninism, faithful to the internationalistic traditions of the Yugoslav Communist party and faithful to the united Socialist front.

The aim of these sound elements of the Communist party of Yugoslavia is to force their present party leaders to confess openly and honestly their faults and correct them; to part from nationalism; to return to internationalism and in every way to fix the united Socialist front against imperialism. Or if the present leaders of the Communist party of Yugoslavia prove unable to do this task, to change them and to raise from below a new internationalistic leadership of the Communist party of Yugoslavia. The Information Bureau does not doubt that the Communist party can fulfill this task.

Merely a Party Split

LONDON, June 28 (AP).—Yugoslav diplomatic officials here said tonight that the Yugoslav Communist party's threatened expulsion from the Cominform means only a split between the party and Communist parties in other countries, not a split between their respective states.

They pointed out that even while the Cominform was meeting in Romania, the Yugoslav Foreign Minister, Stanoje Simic, was attending the Warsaw conference of East European Foreign Ministers on Germany.

Yugoslav sources said the Cominform has no power to expel individual Communists from any national Communist party. But one informant said the Cominform has "every right" to point out that individual Communists or parties are digressing from the line accepted by the majority of its members.

He said this does not affect the right of individual national Communist parties to complete independence of policy and action in the light of their own particular circumstances.

Yugoslav Press Is Silent.

Belgrade, June 28 (A. P.).—Yugoslavia's press and radio carried nothing today about the Cominform's attack upon Yugoslavia. There was no indication that it would be printed in Borba, official organ of the Yugolsav Communist party.

There was some gossip in Belgrade six weeks ago that Premier Stalin had not sent his customare telegram of congratulations to Marshal Tito on the latter's 56th birthday. The story has not been confirmed.

Tito generally is believed to be at his summer palace at Bled, where he usually goes in June.

Reports Tito Still in Power.

Rome, June 28 (A. P.).—A high Yugoslav diplomatic spokesman said tonight "there has been no change in the Yugoslav Government and Marshal Tito is still in power." The informant, who asked not to be identified by name, is in direct contact with Belgrade.

Predicts Action in July.

Paris, June 28 (A. P.).—French Communists said today the National Communist Congress in Belgrade July 21 will castigate Yugoslav Communist leaders.

The French informants requested that their names not be used. They said the party leaders will have to recant "their mistakes" or be read out of the party.

These informants said the deviation of the Yugoslav party "had become party gossip throughout Europe."

The French Communists said Trieste is one of the sore spots. They said the Yugoslavs have a policy that is too nationalistic. Other non-Communist sources said the Yugoslav policy is too independent to suit the Kremlin.

Former French Premier Daladier said more similar signs of independence could be expected from other Soviet satellites as the cost of Russian friendship becomes heavier.

Socialist leader Geraud Jouve said the Yugoslav incident is a "sign of the restiveness gripping the Communist parties in Eastern Europe."

Radio Parley Hit By Russ

Copenhagen, June 28 (AP)—The Russian delegation took the floor when the European regional broadcasting conference opened today to protest that:

1. Russian should be the conference language, since the Russians were unable to follow the proceedings in English and French.
2. They could not see the chairman from their place in the conference room.
3. They were unable to make notes because of lack of tables.
4. The agenda should be altered.

Reds Lift Ban on Travel; Berlin Food Blockade Holds

Allies Increase Air Fleet in Effort to Feed 2,500,000 in Capital.

BERLIN, (Tuesday), June 29.—(AP) The Russians lifted their ban on interzonal travel by Germans early today but announced that rail traffic to blockaded Berlin could not be resumed "for some time."

The Soviet-licensed news agency ADN which reported the Russian announcement, said repairs on the Helmsdedt - Berlin line which brought vital supplies from the west "will still take some time."

The Russians suspended rail traffic from Helmstedt to the German capital eight days ago for "technical reasons."

Try "Aviation Miracle"

The U. S. and Britain tried today to work an aviation miracle by flying food to 2,500,000 Berliners over the Russian land blockade.

The ADN report added that resumption of train traffic between Berlin and the western zones had met with further obstacles "because of the introduction of the new western zone currency into the western sectors of Berlin."

This, the Russian-licensed agency said, "is aimed at the destruction of the economy of the Soviet occupation zone and Berlin."

The lifting of the ban on interzonal travel apparently applies only to automobile and pedestrian traffic.

U. S. Under-Secretary of the Army William H. Draper Jr. and Lt. Gen. A. C. Wedemeyer of the U. S. general staff, arrived in Berlin last night for conferences with Gen. Lucius D. Clay, the American commander in Germany. They will confer on the current Berlin crisis.

The U. S. and Britain tried yesterday to fly food to 2,500,000 Berliners over the Soviet land blockade. After U. S. planes had flown a shuttle service to the city all day, American authorities announced the service was being put on a 24-hour-a-day schedule. An air force spokesman said, however, that not many planes will fly with supplies at night. The after-dark operation mostly will involve flights of planes returning to their base at Frankfurt from Berlin.

A British spokesman said it might be necessary to parachute food into the city if the air traffic becomes too heavy for British and U. S. airfields to handle. Only 13 British planes carrying supplies for the British community arrived today.

[The Caribbean Air Command headquarters in Panama announced last night the first two C-54 Skymasters of the United States 20th Troop Carrier Squadron will leave Albrock airbase early today for Frankfurt. The full complement of twelve planes will take off as soon as cews can gather up their equipment. They will fly to Germany via Bermuda and the Azores. It was estimated this squadron could fly approximately 335,000 pounds of cargo to the Berlin area daily.]

Unconfirmed reports circulated in Berlin that Clay had conferred with Marshal Vassily D. Sokolovsky, Russian commander in Germany. If true, it would be the first time the two have met since the Russians walked out of the Allied Control Council March 20.

While scores of United States planes brought supplies to the city, the Russian-sponsored Social Unity party of east Berlin appealed to the Russians to provide fresh milk for children and sick persons in all four sectors of the capital. The Russians have halted the flow of food from their zone into western Berlin.

Western Berliners looked to Washington for some word of decisive action to break the eight-day food blockade. In the Russian zone a minor disorder occurred when Germans lined up to change old marks for new Soviet money.

It was understood that Britain is prepared to join the stepped-up American air effort which today brought more than 100 United States Army planes through a rain from Frankfurt with 250 tons of vital supplies.

British Needs Estimated

How much Britain was ready to contribute was not reported. The Royal Air Force, however, would have to ferry nearly 1,000 tons a day to meet basic needs. United States authorities expressed confidence the Americans can meet the situation with the help of three daily flights by 35 four-engined C-54 transports. These planes soon will be thrown into the shuttle service.

Today the American air service sent planes into Templehof airdrome at a rate of one every eight minutes.

But officials said 120 planes flying up the corridor to Berlin could bring a maximum of only 300 tons of supplies. For the population of the American, British and French occupation sectors the Western Allies used to bring 2,000 tons daily by freight train.

Plans Studied In London

American and British authorities met in London to consider methods of breaking the blockade and to convince the Russians that the Western powers do not intend to evacuate Berlin.

Lewis W. Douglas, United States Ambassador and Draper went into a huddle with Britain's Foreign Secretary, Ernest Bevin. Informants said the trio also discussed collective action to supply essentials to the German people in their zones.

These sources said a formal American-British-French protest of the Soviet blockade probably will be sent to Moscow soon.

Field Marshal Viscount Montgomery, chief of the British Imperial General Staff, was summoned tonight to Prime Minister Attlee's residence for consultations on the Berlin crisis.

Meantime, Bevin put off until Wednesday his answer to questions which have been raised in Parliament over Britain's overall policy in Germany and the Berlin crisis.

Four persons were seriously hurt and three others were injured to a lesser degree when they were trampled in a crowd seeking to exchange old money for new Russian currency at Karlshorst, seat of Soviet military headquarters in Berlin. Police said between 4,000 and 5,000 persons were at the Soviet exchange office.

Worry About Washington

Berliners expressed increasing concern at the silence in Washington. Some noted there has been nothing out of Washington officially to support a recent statement of Gen. Lucius D. Clay, American military governor. Clay has declared the Russians cannot drive the Americans from Berlin by any action short of war.

The stiffening British stand raised some hopes. Few, however, expected the British—previously regarded as more willing than the United States to compromise with the Soviets—to stay in Berlin alone. The French long have been cold toward a lengthy occupation of the island city deep in the Russian zone.

High Americans in Berlin shared the Germans' worries. Some said Washington was too interested in the Republican national convention last week to keep up with the Berlin crisis.

Unexplainably, the Russians allowed 10 barges to come into Berlin during the weekend with supplies for the British sector. The barges carried 1,000 tons of flour and cereals, four times the size of the airborne cargo brought in today by the U. S. airforce.

A British transport official said the Rusian action baffled him.

"Maybe they haven't thought up a good reason for blocking off water routes," he said. Rail communications were cut off by the Russians "for technical reasons."

120 Daily Food Planes Stated For Berlin

Berlin, June 28. (AP)—The Western Allies struggled with planes and barges today to bolster the food stocks of Soviet-blockaded Berlin.

The Russians were having difficulties in their sector of the city in connection with their new German currency issue.

Police said seven persons were hurt, four seriously, when they were trampled in a crowd seeking to exchange their old money for new at Soviet military headquarters.

The crush was so serious that the fire department was called on to disperse the crowd with hoses.

United States transport planes arrived at Tempelhof Airdrome on a schedule of one every eight minutes. They carried food and other supplies for Berlin.

120 Planes Due Today

A total of 120 planes was expected to fly the corridor over the Russian zone during the day to supply the United States Army post here and meet the most urgent needs of approximately 2,000,000 Germans in Berlin's three western sectors.

The shuttle service was being expedited by special unloading crews.

Six more food barges reached the city by waterways from the British zone, making a total of ten arriving over the week end. Twenty-three other barges moved into the Russian zone between Wednesday and Saturday and are en route to Berlin.

The Russians have permitted the barges to move despite the blockade on rail and highway traffic to the city.

JUN 1948 30.24- 18769

Order Countermanded

The Russians ordered the Berlin City Government not to accept mail or parcel post bearing the new western German stamps issued in conjunction with the Western Allies' currency reform.

The Western Allies informed the city government that the Russians were acting alone and to ignore the order.

More Planes Assigned.

The United States Air Force hoped to send 100 or more planes in daily as long as necessary. But even the 120 planes scheduled today could bring only 300 tons of supplies. For the people of the western sector the Western Allies formerly brought in 2,000 tons of food daily by rail.

One of the greatest airlifts since the war was gaining momentum to aid Berlin, locked by land from its natural supplies under Russian order. A fleet of huge C-54 skymaster transports was to arrive in Germany from America in a few days.

Germans in the American, British and French sectors have been getting no food by railroad and highway since the middle of last week. They have been getting a few small shipments by plane and barge.

Americans enforced food conservation in army and civilian mess halls, rationed food parcels, banned parties and receptions, forbade boating and held each car owner to five gallons of gasoline a week.

British Ban Parties

Britons likewise imposed economy in food and power. Parties were forbidden and afternoon movies stopped. British Army and control-commission clubs were ordered to close early—at 10.30 P.M.

The Russian fired the German chief of electric utilities in their sector on charges of sabotaging their orders to shut off electricity to western Berlin.

This shutoff still cramped service in the western sectors, but the American commandant, Col. Frank L. Howley, said "we are getting along." Western Berlin supplies about half its own power.

Trade union leaders in the Soviet sector voted against trying for a Berlin general strike for fear it would not be fully effective. United States authorities said the Communists were behind the move and hey believed anti-Communist union leaders of western Berlin could stop a city-wide strike.

U.S. Courier Is Freed

United States military police said the Russians freed Sergt. Charles C. Staggers, American courier, yesterday after detaining him 24 hours for speeding. The courier was picked up Saturday driving a jeep in the Russian sector.

American police said they had received orders to "lay off or at least ease up" on arresting Soviet speeders. Troop commanders would say nothing about laying off but conceded some easing up was planned.

This all followed the arrest of Marshal Vassily D. Sokolovsky, Soviet military governor, for speeding Saturday in the American sector. One he was recognized he was freed with an apology.

Western-licensed Berlin newspapers played up Winston Churchill's demand that the Western powers stand fast in Berlin.

West Gets "Another Chance"

The Soviet-licensed *Berliner Zeitung* said editorially: "The Western powers must now either declare themselves ready to conclude a peace treaty for all Germany on a four-power basis or they must leave Berlin."

Slain MP Identified

Berlin, June 28 (AP)—United States Army authorities said today Pfc. Melvin N. Midthun, 21, of Freeport, Ill., was the American military policeman who was shot and killed accidentally here last Friday. Midthun was killed by a bullet from another soldier's gun at Tempelhof Air Base as the two were arming themselves for guard duty.

Yugoslav Bid for Trade With West May Be Factor

FRANKFURT. Tuesday, June 30 (AP).—American and British officials speculated today whether Yugoslavia's desire for goods from the West had any connection with the Cominform attack on that coontry's Communists.

Yugoslav representatives in Western Germany have expressed keen interest recently in machinery and manufactured goods from the American and British occupation zones, these officials said.

A trade treaty between Yugoslavia and the American and British zones was signed last August. Yugoslavia was to get basic machinery, electrical goods and other products.

An agreement on payment for the goods was not reached until April. Only recently did goods start moving toward Yugoslavia, the officials said.

U.N. Theater Unit Adopts Charter

A.I. GOLDBERG

JUN 1948

Prague, June 28 (AP)—The International Theater Institute adopted a charter and organized as the newest international body at its opening meeting here today.

It heard Julian Huxley, director general of the United Nations Educational Scientific and Cultural Organization, promise UNESCO help where possible. The group was expected to ask UNESCO for $18,000 to help in its first year's work.

The first session developed a brief procedural dispute when Jindrich Honzl, director of the National Theater in Czechoslovakia and delegation chief, demanded inclusion of a Slavonic language as an official tongue of the meeting in addition to French and English.

J. B. Priestley, British playwright who was provisional chairman, got the question put over to a subcommittee.

Yugoslavia, Sweden, Norway, Switzerland, Denmark and Hungary sent observers.

Chile one of the few nations with a national center for which the International Theater Institute is to be a rallying point, was absent.

Maurice Kurtz, an American representative with UNESCO who is helping the secretariat here, said Czechoslovakia had guaranteed entry to all members of the institute.

He was unable to say whether the break in diplomatic relations between Chile and Czechoslovakia had caused Chile to refrain from sending representatives to Prague.

Move of Cominform Rumored

WARSAW, June 28 (AP)—Diplomatic sources said tonight there were strong indications that Cominform headquarters might be moved from Belgrade to Warsaw. These informants said the Cominform could operate more effectively here because of Warsaw's proximity to Russia.

GREEKS LAUNCH NEW OFFENSIVE AGAINST REBELS

L.S. CHARALES

ATHENS, June 28—(AP) Greek Army troops lashed out near the Albanian border today in a renewed offensive against the Communist rebels, military sources said.

Strong artillery and air attacks supported the dawn offensive in the towering mountains of northern Greece. Military informants said army planes heading for the front droned almost constantly over Second Corps Operational headquarters at Kozane. (INSERT)

Rebel chieftain Markos Vafiades' guerrillas launched determined counter-attacks. Savage fighting broke out when rebels tried to storm Boufa Heights and re-take it from nationalist troops. They were repulsed, army sources said.

Boufa Heights dominates the southern end of Amouda Ridge, which is being strongly defended by the rebels. Should Amouda Ridge fall to the Greek army a corridor into the Grammos Range — where Vafiades is believed to have his main headquarters—would be opened through the rebel east flank.

Shift Positions

The guerrillas, many of them mountain-bred, were reported to be shifting their artillery positions by night.

Informants said the Greek army's renewed offensive may exceed in power the opening blows in the army's all-out campaign to smash the rebellion.

Main points of nationalist pressure are believed to be west of Nestorion where stubborn rebel resistance and bad weather slowed the army, and in the Konitsa and Grevena regions. Communiques reported merely that clashes between the forces are continuing.

Press dispatches from Ioannina said 1,000 rebels attacked the Greek army's Ninth Division northeast of Konitsa, a mile from the Albanian border. The accounts said the rebels suffered heavy losses, listing 180 killed and 200 wounded. The attack was reported to have been supported by artillery and mortar fire from inside Albania.

Military authorities said surrendered guerrillas at Ioannina told them two brigades of rebels had been sent into that area to attack nationalist forces and hack at supply and communications.

One brigade, under a Capt. Pythagoras was nine miles from Ioannina, and the other under Capt. Petrides was reported moving on the city, the informants said.

Special security measures have been taken to protect Ioannina Airfield from the rebel advance.

Security Measures Taken

Konitsa district fighting, stalled for two days by bad weather, flared again. Military sources said the army occupied the village of Molitsa, a strong point on approaches to the west flank of the guerrilla line. Captured guerrillas told of heavy casualties caused by the pounding of army artillery.

A military report said local guerrilla leaders in Thessaly had planned to surrender, but that a rebel chieftan learned of it and arrested the leaders.

Leaflets Dropped

Early in the campaign army planes dropped leaflets on guerrilla positions warning the rebels to surrender and telling them they would not be harmed if they gave up.

Constantin Rentis, Minister of Public Order, reported a secret Communist organization with international merchant marine affiliations has been shattered. He said ten men and a 23-year-old woman were arrested and charged with inciting strikes and attempted sabotage.

Police said the Communist group had affiliations in New York, Marseille, Genoa, Cardiff, and Buenos Aires.

Greek Troops Step Up Drive Against Rebels

Turn On New Pressure With Planes, Artillery Backing Up Offensive

KOZANE, Greece, June 28 (AP).—The Greek Army turned on heavy new pressure today in its offensive against the guerrillas, military sources said.

One informant said the new operation may exceed in power the blows struck when the offensive started more than a week ago. Planes and artillery are supporting the new drive.

The major pressure points are believed to be West of Nestorion where the hard-fighting Communist rebels of General Markos have stalled the Army, and in the neighborhood of Konitsa and Grevena.

Report Heavy Rebel Loss

ATHENS, June 28 (AP).—A press dispatch from Ioannina today said Communist guerrillas attacking from Albania Northeast of Konitsa suffered heavy losses in a battle less than a mile from the border.

Captured rebels said 1,000 guerrillas led by "Captain Ypsilanti" assaulted the 9th Division's flanks and had artillery and mortar support from inside Albania. First reports said 180 guerrillas were killed, and captives said at least 200 were wounded.

General staff communiques issued here on the mountain fighting in the North merely said clashes were going on.

Greeks Shatter Secret Leftist Strike Unit

Athens, June 28 (AP)—The Greeks announced today a secret Communist organization here with international merchant marine affiliations has been shattered.

Constantine Rentis, Minister of Public Order, said ten men and a woman have been arrested from the group. They were charged with inciting strikes and attempted sabotage.

Police said the Communist organization had cells in New York, Marseille, Genoa, Buenos Aires and Cardiff, Wales.

Rentis said Demoetrios Galatis, 30, led the organization. He said Galatis attempted to assault a policeman when arrested and later tried to cut his wrists. Records of the organization showed it had collected about $50,000 for use in various countries.

Tass Blames West for Cut In Berlin's Coal and Food

By The Associated Press.

MOSCOW, June 28—A Tass dispatch from Berlin placed the blame on the Western powers today for the reductions in coal, steel and food supplies there.

The Soviet news agency said that Berlin and the Russian zone of Germany were not getting their due because the British had stopped such supplies from the West.

[The British embargoed coal and steel shipments from the Ruhr to the Russian zone last Thursday after the Russians had imposed a food blockade on Berlin's western sectors and turned off the electricity to some parts of the city.]

Tass said the West's action "shows once more that the Western states want by all means possible to retain for a long time the dismemberment of Germany and ruin her economy in the interests of imperialistic policy."

Jews, Arabs Get Bernadotte's Peace Plan

EDWARD CURTIS

Rhodes, June 28 (AP)—Jews and Arabs received from Count Folke Bernadotte today his proposals for peace in Palestine. Bernadotte is the United Nations mediator who brought about the current four-week armistice.

The suggestions, which the mediator called a "basis for further discussion," were not published.

[Premier Jamil Mardambey of Syria said in Damascus that the proposals will "in no way modify our attitude of rejecting partition and a Jewish state in Palestine." Jews are just as insistent that the new state of Israel must continue to exist.]

Jewish experts flew from this Greek island to Tel Aviv today with the proposals.

Arabs Going To Cairo

Arab experts are flying to Cairo after lunch. Paul Mohn, of Sweden, and Constantine Stavropoulos, of Gr

eece, will accompany the Arabs and explain the Count's peace plan to an Arab League subcommittee meeting in Cairo tomorrow night. Both are members of the United Nations mediator's staff. John Reedman, of South Africa, also one of Bernadotte's aides, is to present the proposals in Tel Aviv to the Israeli Government.

Bernadotte indicated his proposals are not a hard-and-fast, take-it-or-leave-it peace plan. He said both parties have the right to come forward with counter suggestions.

Attack Probe Promised

Bernadotte said the Egyptian Premier has promised a thorough investigation of the incident in which an Egyptian Spitfire shot at a United Nations plane in Palestine last Friday.

The Premier told him, Bernadotte said, that "if the results show the Egyptian pilots had not acted according to orders they will be punished."

Bernadotte also said he has asked Jewish atuhorities to "answer some questions" on how his truce observers came to be barred from a beach near Natanya when Irgun Zvai Leumi tried to land munitions there last Tuesday over Israeli Government opposition.

Chicago Man Released

Israeli authorities in Tel Aviv last night freed Monroe Fein, 25, Chicago war veteran and captain of the landing ship which tried to unload the munitions. His release was apparently conditional.

Fein was arrested Tuesday. Charges against him have not been made public. He said three of his crew were killed when Israeli Government forces fired on his ship. Besides Fein, 60 other men of combat age, presumably from the ship, also have been arrested.

The Israeli Army began to throw off its secrecy. The Army was to swear allegiance to Israel today. High officers took the oath yesterday before Prime Minister David Ben-Gurion. Others were sworn in in Jerusalem. The chief of staff was disclosed to be Yaakov Dostrowsky.

Jewish Congress Meets

The World Jewish Congress opened its second plenary session yesterday in Montreux, Switzerland. Delegates on hand from 60 countries included 35 Americans. The president, Rabbi Stephen S. Wise, of New York, voiced hope that Britain will recognize Israel soon.

King Abdullah of Trans-Jordan was on his way to Riyadh, Saudi Arabia, to visit King Ibn Saud in the latter's capital.

U. S. Ship Saves Chinese Refugees

Tsingtao, June 28 (A. P.).—Thousands of refugees from Communist areas of China were saved from hunger today by the arrival of the United States destroyer Cavalier with several thousand tons of rice.

Chinese Protest Aid to Japan

TSINGTAO, June 28 (AP).—Shantung University students today began a three-day strike in protest against American aid to Japan.

Taruc Rejects Film Offer.

Manila, June 28 (A. P.).—Associates revealed today that Hukbalahap leader Luis Taruc had turned down an offer of $15,000 to play himself in a locally made movie. Taruc, long a fugitive until his Huks received a general pardon, said it would be undignified.

"Zionist forces recently attacked the town of Al Barwa, about 12 kilometers along the coast inside Palestine, and occupied it in spite of the truce.

Another Syrian Protest

"The Arab liberation army headed by Fawzi Pashi al Kaukji launched a counterattack, restoring the positions to those as when the truce started. During the battle, American planes circled over the Arab forces. A short while later Arab lines were shelled by an American warship placed at Bernadotte's disposal, resulting in casualties. We sent a strong protest today to American authorities in Damascus as well as to Count Bernadotte."

Al Barazi said Syria also had protested against a United States exchange of diplomatic representatives with Israel on grounds the action gives the Jews a political advantage during the truce.

Bernadotte's special Cairo representative, J. Escarati, said he knew nothing about the warship incident. In Washington, the State Department said tonight it had received no official word on the Syrian protest. A department spokesman said American destroyers were in the Palestine area only as observers of the United Nations truce.

["The captains were under strict orders not to fire, not to search and not to board other vessels," the spokesman said.]

A dispatch to the Cairo newspaper, *Al Ahram*, from its correspondent in Saudi Arabia, said tonight official talks on the Holy Land problem between King Ibn Saud and King Abdullah of Trans-Jordan, began yesterday in Riyadh.

Emir Saud, Crown Prince of Saudi Arabia, told the correspondent: "My father's views on Palestine do not differ from those of King Farouk (of Egypt) and King Abdullah."

American Ship Shells Arabs, Syria Charges

Protest Sent To United Nations Mediator And U.S.; Warship Reported Off Palestine Coast

Cairo, June 28 (AP)—The Syrian Government has protested that a United States warship off the Palestine coast shelled Arab lines, a high Syrian official said tonight.

The protest was made to the United States and to Count Folke Bernadotte, the United Nations Palestine mediator, the official said.

Disclosure By Minister

This disclosure was made by Muhsen al Barazi, Syrian Minister of the Interior, who described the warship as one of those which the United States recently placed at the disposal of Bernadotte.

Al Barazi, who claimed the action occurred during an Arab-Jewish battle in northern Palestine two days ago, arrived in Cairo today for tomorrow's Arab League Political Committee meeting. He told this story to newsmen:

Haifa Evacuation Speeded

The dispatch added that Abdullah was quoted as saying, if Bernadotte's mediation fails, "the world will witness the result of the participation of Saudi Arabian forces in the Palestine fighting."

Abdullah also was quoted as saying that "forces prepared by the Saudi Arabian monarch will constitute the striking force of the Arab armies." The Trans-Jordanian ruler presented gifts to Ibn Saud and his son, *Al Ahram's* dispatch said.

Speeds Evacuation Of Haifa

Britain speeded the evacuation of Haifa today and released the last twelve Jewish prisoners it had accused of being "dangerous." They were turned over to Jewish authorities with the understanding they will be taken outside the Haifa enclave until the British evacuation is completed.

Tomorrow's Arab League meeting will consider the permanent Palestine peace proposals recommended by Bernadotte. The meeting was announced by Syrian Premier Jamil Mardam Bey from Damascus who said the mediator's proposals "will in no way modify our attitude of rejecting partition and a Jewish state in Palestine."

Experts Help Bernadotte

The proposals also have been forwarded to the Jews in Tel Aviv.

Bernadotte, who affected the four-week truce in Palestine, said he had asked both parties to refrain from suggestions or publishing the proposals until he had received their replies.

The peace suggestions were drawn up at Bernadotte's headquarters on Rhodes. Jewish and Arab experts were on hand to supply him with information.

In Tel Aviv the Israeli army took the last step toward becoming a formal state army with a mass oath of allegiance. Anonymous leaflets distributed there yesterday had asked not to join (Prime Minister David) "Ben-Gurion's army." The leaflets apparently were the work of some Jewish extremist group.

Agreement Predicted

Government officials at Amman, capital of Trans-Jordan, said Haj Amin el Husseini, exiled Mufti of Jerusalem, plans to visit King Abdullah. Abdullah is now meeting with Ibn Saud, ruler of Saudi Arabia.

The official flatly denied a radio claim by Jewish propagandists that the Mufti has a plot, or has instructed a Gen. Mohammed el Kindi to carry out any plot. They said they knew of no General el Kindi. The Jewish radio had reported an alleged plot by the Mufti to assassinate Abdullah.

President Chaim Weizmann of Israel predicted in Paris that Palestine Arabs eventually will reach an agreement with the new Jewish state.

It was announced in Beirut, Labanon, that 40 Americans who were detained there five weeks ago while en route to join Israeli forces in Haifa, had been released. They are on their way home aboard the American ship Marine Carp.

and postcards may be sent by air mail or surface means to the new state of Israel.

The Post Offiice Department made the announcement tonight. The postage rate on letter or postcards by air is 25 cents a half ounce. The letter rate for delivery by surface means is five cents for the first ounce and three cents per ounce or fraction of an ounce thereafter.

Haifa Withdrawal Sped

British Release Last Twelve Jewish Prisoners Held as "Dangerous"

HAIFA, Palestine, June 28 (AP).—The British speeded their evacuation of this port city today and released the last twelve Jewish prisoners held as "dangerous" to Great Britain.

The prisoners were turned over to Jewish representatives with the understanding they would be taken outside the Haifa enclave until British evacuation is completed.

Six of the prisoners had received death sentences, later commuted to life imprisonment, for taking part in n aattack on rail shops during the British mandate. Five were suspected of helping hang two British sergeants and one of taking part in the bombing of the King David Hotel in Jerusalem.

WEIZMANN PREDICTS JEWISH-ARAB ACCORD

PARIS, June 28. — (AP) President Chaim Weizmann of Israel predicted today that Palestine Arabs eventually will come to an agreement with the new Jewish state.

In a statement to the semi-official French press agency, Weizmann said:

"They (the Arabs) will realize that we constitute no obstacle to their economic and cultural activity—quite the contrary. As for the Arabs outside Palestine, an agreement remains just as possible.

"I do not understand why the Egyptians are so fiercely against us. Their interests are in the valley of the Nile, not the valley of the Jordan. King Abdullah (of Trans-Jordan) himself always lived in good harmony with us from the time of the death of his brother Feisal, my good friend, until the end of the British mandate."

Weizmann also predicted that the delay in French recognition of Israel "will not be prolonged."

Java Rejects Accord On Sea Traffic Rules

Batavia, Java, June 28 (AP)—The Indonesian republic rejected today an agreement with the Dutch on sea traffic regulations.

A subcommittee in the United Nations Good Offices Committee negotiations had approved the accord, but it failed of approval in the full committee. The Good Offices Committee said the matter was sent back to the smaller group.

A Republican representative said the agreement was rejected because it was conditional on an air traffic agreement being reached by July 15. He said the republic does not think the deadline can be met.

Another reason for rejection, he said, was that the republic considers it essential to abolish certain sea traffic rules.

Republicans also said "blockade regulations," which would continue under the projected agreement, were objectionable.

Abduction Of 50,000 Moslem Girls Reported

Karachi, Pakistan, June 28 (AP)—Raja Ghazanfar Ali Khan, Pakistani Minister of Refugees, said today 50,000 young Moslem girls were abducted during last year's communal trouble in India.

He said only about 8,000 of them have been recovered.

Ghazanfar Ali Khan said he had definite proof many of the girls were taken overseas by Sikhs. Large numbers of them, he added, were kept by high Indian police and army officials in their harems.

The Pakistani official said he had been informed that about 500,000 Moslems were driven away from the state of Kashmir by Indian troops.

IRAN PROTESTS TO SOVIET

Says Armed Russians Cross the Border Into Azerbaijan

TEHERAN, Iran, June 28 (AP)—Government authorities in Azerbaijan Province reported today that armed Russians had crossed the Iranian border several times in the last month.

These authorities said a few were caught with important documents. A high Foreign Office official said the Government had protested to Russia what he called aggressions by Soviet nationals. Soviet Ambassador Ivan Sadchikov has promised to look into these actions, the official said.

500 Canada Slavs Sail For Home

Montreal, Quebec, June 28 (AP)—The Yugoslav steamship Radnik is taking 500 Yugoslav-Canadians back to their homeland. They left Montreal Saturday night.

The Radnik had sailed from New York June 18 two days behind schedule because members of the AFL International Longshoremen's Association refused to load the vessel after seeing pictures of Prime Minister Stalin and Yugoslav Premier Marshal Tito aboard. The ship's own crew loaded the cargo, much of which was reported destined for the Yugoslav Red Cross.

One of the last to go aboard here was Edward Yardas, chairman of the Canadian Council of South Slavs. The council organized the return of the Yugoslavs. It said they will help rehabilitate war-torn areas.

All passengers were looked over carefully by customs officers. The officers examined export permits for the household goods, automobiles and farming equipment aboard. Yardas underwent a thorough search in his cabin. He said he will never return to Canada.

TRUMAN SIGNS $6,000,000,000 OUTLAY FOR AID

Acts to Help Non-Red World as the Russians Step Up Pressure in Berlin.

EIRE FIRST TO SIGN ECA PACT

Marshall Reports Important Progress Already Made in European Recovery.

Washington, June 28 (A. P.).—America put $6,000,000,000 on the line today to strengthen the non-Communist world.

President Truman signed into law the huge appropriation bill to finance foreign aid as the western Powers watched anxiously Russia's latest pressure play in Berlin. Normal supply routes to the United States-British-French zones there have been blocked by the Russians.

'Assurance to Free Peoples.'

The President said that the action "furnishes concrete evidence and assurance to the free peoples of the world that we stand ready to work side by side with them to preserve free institutions in stability and peace."

There never was any great doubt that the United States would help after Secretary of State Marshall proposed his co-operative plan last year. But there were strong differences over how much help should be given. This issue was settled on the final night of the session in a Senate-House conference deadlocked for three days.

Briefly, the law provides:

(1) $4,000,000,000 for the Economic Co-operation Administration to help sixteen western European nations. The money is in addition to $1,055,000,000 already given the ECA by Congress. The program is spread over fifteen months, but the President may authorize the money to be spent in twelve months if he believes it is necessary.

(2) $400,000,000 for aid to China. The ECA will direct the recovery part of the China program. But $125,000,000 of the funds will be spent for military purposes by the Chinese Government.

(3) $1,300,000,000 for government and relief in occupied areas. Japan, Korea and the Ryukyu Islands will receive the benefits of about $125,000,000 of this amount, to be spent through the Army.

(4) $225,000,000 for aid to Greece and Turkey.

(5) $35,000,000 to the international children's emergency feeding program in Europe.

(6) $70,710,228 to the International Refugee Organization.

The bill came to a total of $6,030,710,228.

The program, labeled the Marshall plan, was designed primarily to give a helping hand to European nations who agreed to co-operate on a mutual help building basis. It simmered down to the final sixteen sharing nations when Russian satellite countries spurned the invitations for Europe to get together for economic rebuilding.

U. S.-Eire Aid Pact Signed.

Eire, in signing the first long-term European aid agreement with the United States, pledged itself to "exert sustained efforts" jointly with other nations to bring about recvoery in Europe. The State Department said the agreement with Eire was almost identical with an agreement with Italy to be signed a little later.

The department further announced that British Ambassador Sir Oliver Franks and Assistant Secretary of State Willard Thorp had initialed an American-British agreement on Saturday, that an agreement with Norway will be initialed today, that Danish and French agreements will be signed in the immediate future.

Altogether sixteen separate agreements will be made. They generally pledge the United States to furnish Marshall plan aid to the co-operating European countries and pledge those countries to work together for the common good of the whole group. This effort will include stabilizing their currencies, removing trade barriers and taking other measures designed to restore Europe's economic health.

The State Department asserted that along with the basic agreements, which will run at least until June 30, 1953, the European countries also are promising that they will accord non-discriminatory "most favored nation" treatment in trade with the occupied areas of western Germany, Japan and southern Korea.

The authors of the bill also made it clear that the intent also is to throw up a barrier against the spread of Communism by strengthening governments outside of the iron curtain.

In a statement the President said the appropriation represents "the combined judgment and will of the Executive and the Congress." "It was evolved in the spirit of co-operation and not of partisan conflict," Mr. Truman continued. "It demonstrates the united determination of our people to make good our pledge of coo-peration to those who, like ourselves, are striving to achieve enduring peace and prosperity among all nations."

Secretary of State Marshall said in a statement today that "important progress has been made" in European recovery since sixteen nations first met in Paris last summer to try to work out a program based on the promise of American aid.

"A framework has been established for a point recovery program based on European initiative and mutual aid," he said. "An organization is functioning and the United States has assured large-scale assistance. A continuation of the co-operation and effort of the people of the countries concerned, under these conditions, should achieve the success of the program."

PRESIDENT SIGNS FOREIGN AID BILL

Calls It Concrete Proof of U. S.'s Will Toward 'Enduring Peace.'

WASHINGTON, June 28 — (AP) America's $6,030,710,225 investment in global recovery became law today. President Truman, signing the act, called it concrete proof of this country's will toward "enduring peace and prosperity among all nations."

The appropriation, passed in the closing hours of the meeting of Congress, carries $4,000,000,000 for the European recovery program. This is only $245,000,000 less than Mr. Truman asked last December.

The fund, provided for a 15-month program, may all be spent in a year if the President considers it necessary.

Ireland, Italy Sign

At almost the same moment the money act was made effective, the State department announced the first two formal agreements governing use of the funds and guaranteeing against wastage. Ireland signed in Dublin this morning and Italy in Rome this afternoon.

"Closely smiliar," pacts will be signed this week by most of the rest of western Europe, it was announced. The agreements pledge each Marshall Plan country to strive for greater production, steady currency and increased trade as a basis for economic strength. Not mentioned is the further aim—to

erect strong bulwarks against the spread of communism.

The agreements also contain concessions to the United States, notably pledges to make available materials that are vitally needed for this country's national defense stockpiles.

Secretary of State Marshall, in a statement aimed mainly for ears across the Atlantic, emphasized that Europe must carry its share of the load. Americans now have demonstrated their confidence in the future of free nations, he said, continuing:

"The prospect for success of this great program lies in the determination of the people of Europe to work together to achieve recovery."

The country-by-country agreements themselves are evidence of American willingess to go halfway or more. As originally drafted, they contained tight legal limitations which, European governments complained, encroached on their sovereignty. The final wording, officials said, should be wholly acceptable here and abroad.

joint action to achieve economic recovery. Representatives of sixteen European countries drew up a program in response to this suggestion and submitted it to this government in September. After careful study, submitted to the Congress on Dec. 19 recomendations for legislation to make the European Recovery Program a reality. Following full consideration by the Congress, this legislation was enacted on April 3.

Then began the last step in the legislative process—the enactment of the necessary appropriations to make the law effective. Again the program was carefully scrutinized and its various elements weighed and tested. As finally enacted, this appropriation is substantially in accord with the program presented to the Congress six months ago. It represents the combined judgment and will of the executive and the Congress.

Truman on Foreign Aid Bill

WASHINGTON, June 28 (AP).—The complete text of President Truman's statement upon signing the Marshall plan appropriation bill:

I have signed today H. R. 6801, the foreign aid appropriation act, 1949, providing funds for the first year of the European Recovery Program, for aid to Greece, Turkey and China, for meeting our participation in the International Children's Fund and the International Refugee Organization. The total appropriation for these purposes included in the act is $6,030,710,228.

By far the largest item in this act is the $4,000,000,000 appropriation for economic cooperation with Europe. I know that the American people share the deep sense of satisfaction which I feel in taking this final step to make the European Recovery Program effective. It furnishes concrete evidence and assurance to the free peoples of the world that we stand ready to work side by side with them to preserve free institutions in stability and peace.

In June of last year the United States indicated its readiness to work with the countries of Europe in developing a program of

It was evolved in the spirit of co-operation and not of partisan conflict. It demonstrates the united determination of our people to make good our pledge of co-operation to those who, like ourselves, are striving to achieve enduring peace and prosperity among all nations.

Truman Grants Tariff Benefits To 3 Countries

India, Norway and Southern Rhodesia Win Reciprocal Concessions on Trade

WASHINGTON, June 28 (AP).—President Truman today added India, Norway and Southern Rhodesia to the list of countries eligible for new tariff concessions beginning July 9.

He issued a proclamation putting into effect the trade agreements signed at Geneva in October, 1947, and at Havana in March of this year.

The tariff cuts for India start July 9, for Norway July 11 and Southern Rhodesia on July 12.

The treaties represent the first trade agreements the United States has ever signed with those countries.

Under the accords, India will grant concessions to American products valued at about $10,000,000 annually in terms of 1939 trade. The American concessions for India represent about $55,145,000 annual commerce, most of this jute and jute products, mica, cashew nuts, burlap and bags, wool rugs, badminton racquets, nets and tennis racquets.

Norway in effect promises to cut the duties on American imports valued at $15,300,000 annually, including automobiles, trucks, office machines, refrigerators, variety of fruits and fruit juices, vegetables and vegetable juices, tires, tubes, cosmetics, motion picture film and certain varnishes. In turn, the American government will grant concessions to Norway for goods valued at $21,000,000 in terms of 1939 trade. About $11,000,000 of this total represents articles they can send to the United States duty free. Products which will enter at reduced rates include whale oil, sardines, certain fish and fish products, some pig iron and ferromanganese and fishhooks.

Southern Rhodesia will let in at low rates such American goods as mining machinery, agricultural equipment, pumps, machine tools, lubricating oils, motorcycles and parts and radios. These goods amount to $1,220,000 in trade yearly. Duties on imports of some minerals from Southern Rhodesia will be reduced, among them mica, chromium, asbestos, chrome ore and tanning extracts.

The United States agreed today, to extend for twelve months Sweden's right to restrict American imports to halt the drain on scanty dollar and gold resourses. The State Department announced an accord had been reached after discussion with Swedish Embassy officials. It continues an agreement, reached last June 25, scheduled to expire Wednesday.

Ireland Is First To Sign U.S. Aid Pact

Washington, June 28 (AP)—Ireland signed the first long-term European-aid agreement with the United States today, pledging itself to "exert sustained efforts" jointly with other nations to bring about recovery in Europe.

The State Department said the agreement with Eire is almost identical with an agreement with Italy to be signed this afternoon.

The department further announced that British Ambassador Sir Oliver Franks and Assistant Secretary of State Willard Thorp had initialed an American-British agreement on Saturday, that an agreement with Norway would be initialed today, that Danish and French agreements would be signed in the immediate future.

16 To Be Made In All

Altogether, sixteen separate agreements will be made.

They generally pledge the United States to furnish Marshall-plan aid to the co-operating European countries and pledge those countries to work together for the common good of the whole group.

This effort will include stabilizing their currencies, removing trade barriers and taking other measures designed to restore Europe's economic health.

The State Department asserted that along with the basic agreements, which will run at least until June 30, 1953, the European countries also are promising that they will accord nondiscriminatory "most-favored-nation" treatment in trade with the occupied areas of western Germany Japan and southern Korea.

Marshall Reports Progress

Secretary of State Marshall said today that "important progress has been made" in European recovery since sixteen nations first met in Paris last summer to try to work out a program based on the promise of American aid.

"A framework has been established for a joint recovery program based on European initiative and mutual aid," Marshall said. "An organization is functioning and the United States has assured large-scale assistance.

"A continuation of the co-operation and effort of the people of the countries concerned, under these conditions, should achieve the success of the program."

[The British Foreign Office said the text of the American-British European Recovery Program treaty would be issued in London tomorrow as a White paper.]

Negotiated In D.C.

The pacts were negotiated in Washington by Thorp with the ambassadors o fthe European countries, but they will be signed in each of the European capitals.

The Italian Government was reported prepared to give its full acceptance of the agreement today.

If the parliamentary approval is not given and the agreements are not fully signed by July 3, aid shipments to the unsigned countries will have to be suspended under the law until they are ratified.

Truman, Lovett Berlin Talks Indicated

Washington, June 28 (AP)—A White House conference on the Russian blockade of ground transport to western Berlin was indicated today.

There was no public comment on the situation, which has prompted the United States to rush a fleet of huge cargo planes to Germany.

But Charles G. Ross, presidential secretary, in response to questions at a news conference, called attention to the fact that President Truman had a noon appointment with Under Secretary of State Lovett.

Ross said he assumed that the new Berlin crisis would come up for discussion then.

Kremlin Appeal Possible

As food supplies dwindled for 2,000,000 Berliners, diplomats predicted that the Western Powers shortly would make a direct demand on the Kremlin to lift the traffic noose from their sectors.

Air Force headquarters announced here last night that about 39 of the big four-engined C-54 Skymasters had been ordered to Germany to help ferry food and other urgently needed supplies to the American sector of Berlin.

The action gave one more indication of the determination of the United States, along with Britain and France, to stand fast and resist Soviet efforts to block rail, highway and canal transport into the city.

Direct Plan Considered

A British Foreign Office spokesman said yesterday in London that the western nations were considering a direct "approach" to Moscow, evidently in an effort to obtain an order from Premier Stalin which would reverse the Soviet policies in Berlin and ease the highly dangerous situation developing there.

State Department officials had no comment on the British statement.

The London spokesman did not make clear what form the "approach" would take, whether in a single note or three similar notes.

Greece Rebuffs Bulgar Offer For Talks

Washington, June 28 (AP)—The Bulgarian Government today accused Greece of rebuffing its offer to talk over a renewal of diplomatic relations severed seven years ago.

Dr. Nissim Mevorah, Bulgarian Minister to the United States, formally notified the United Nations that his proposed negotiations here with the Greek Ambassador had collapsed and that further talks would be useless.

The two Balkan nations have had no diplomatic relations since April, 1941, when German troops invaded Greece from Bulgaria.

Ended After First Meeting

In a letter to United Nations Secretary General Trygve Lie, the Bulgarian diplomat said the talks ended after the first meeting June 16 when Greek Ambassador Vassili Dendramis refused to discuss basic differences between the two countries before agreeing to restoration of diplomatic relations.

The Bulgarian Government wanted to talk over such things as its desire for a Greek pledge to respect frontiers of Bulgaria.

30.24- 18773

But the Greek envoy was represented as taking the position that the Washington talks should be restricted to a discussion of the question of diplomatic relations.

Stresses Good Will

In his letter to the United Nations Mevorah said:

"The Greek Government may or may not accept our views, but I feel that it should not reject a proposal to discuss them. By this refusal the Greek Government clearly declines our offer to negotiate, which indicates that the good will of the Bulgarian Government is not reciprocated."

The Bulgarian letter, disclosed in an interview, came as no surprise to the State Department, which has regarded the Bulgarian offer more as a Russian-inspired propaganda move than a sincere effort to reach an understanding with Greece.

The Greek envoy said he had not yet been notified of Mevorah's letter but that his Government in Athens would answer the Bulgarian charges.

Assails U.S. Newspapers

Elaborating on his letter, the Bulgarian Minister deplored what he called a lack of understanding of his country by Americans. He blamed this in part on newspapers in the United States, which, he said, present only the "bad side" of Bulgaria.

"Our country is generally referred to as a 'Russian satellite,'" he said, "or 'a country behind the iron curtain.' The press gives the American people, who are basically democratic, no chance to learn of the constructive side of our country."

Explaining Bulgaria's attitude toward Russia, Mevorah said his people and the Russians often think alike because their languages and culture are very much alike.

Monthly Draft Calls Stepped Up to 30,000 by Army

WASHINGTON, June 28 (AP)—Uncle Sam figures on calling about 30,000 of his draft-age nephews into the army every month between next fall and next summer.

The army estimated today it will need between 225,000 and 250,000 (in addition to a hoped-for 250,000 to 300,000 volunteers) to start expanding toward the 837,000-man size strength authorized by congress when it passed the peacetime selective service act. Drafting will start about September 22.

Army Ups Estimates

Today's estimate of the induction rate was a substantial increase over previous estimates. A month ago defense officials were talking about inducting between 200,000 and 225,000 the first year.

But the 30,000 a month draft call of men 19 through 25 years old is a pretty modest affair compared with the huge manpower levies made during the war. The peak induction rate then was reached in February, 1943, when 406,374 men received greetings from the President and their draft board. And between August, 1941, and March, 1943 the monthly total never fell below 300,000.

Secretary of the Army Royall made the estimate of monthly quotas today while answering a number of news conference questions about the plans for the second peacetime draft in history. He noted there are problems to be worked in getting the program started, but set forth the broad plan. It is this:

The army now has 542,000 men. It won't jump to the 837,000 immediately because funds for the next fiscal year, starting July 1, are not sufficient. So, by July 1, 1949, the size of the army will be about 790,000.

When the army does attain the full 837,000 strength it will consist of 12 regular army divisions. Backstopping the regular divisions will be six National Guard divisions, and supporting elements such as anti-aircraft artillery and service troops. The guard divisions, like the regular army outfits, will be at full strength, fully equipped and ready to go. The six guard divisions will not be the only ones, but will be those picked for building up quickly to fighting strength. Royall said when the new regular army-national guard strength goal is attained "we will be able to organize for the first time since the close of hostilities a really effective mobile striking force."

Training Centers Designated

The new draftees and recruits will get their basic military schooling at training centers established by eight regular army training divisions, located at these places: Forts Ord, Calif.; Jackson, S. C.; Dix, N. J.; Knox, Ky.; Riley, Kans.; and Camps Chafee, Ark.; Breckinridge, Ky., Pickett, Va. The first four centers already are in operation, the others will be made ready.

In addition to the division training units, there will be training in units of sub-division size at Fort Bliss, Tex.; Camp Carson, Colo.; Fort Meade, Md.; Camp Cooke, Calif.; Fort Devens, Mass., and Fort Worden, Wash.

Along with the inductees and volunteers for the regular army, there will be training for 18-year olds who volunteer for one year service. (This plan is what was left of the original universal military training program which the administration wanted but congress didn't favor.) These youngsters won't leave the United States.

However, the draftee may serve that part of his 21 months left after eight weeks of basic training either in the United States or overseas. Expiration of enlistments among overseas troops has developed a substantial troop replacement problem.

Army Estimates First-Year Call Of 250,000

Washington, June 28 (AP)—The Army estimated today that between 225,000 and 250,000 men would be inducted during the first year of the new military draft.

This is considerably above a previous estimate that 200,000 to 225,000 would be put into uniform during the period.

The first call for induction, starting soon after September 22, will be "relatively small," Army Secretary Royall told a news conference. But, he said, the calls will increase until the average monthly induction rate is about 30,000.

Four More Centers Named

Royall also announced the names of four World War II training centers to be reopened as division training centers for inductees and the 250,000 to 300,000 volunteers expected during the coming year.

They are Fort Riley, Kansas, 10th Infantry (Mountain) Division; Camp Chaffee, Arkansas, 5th Armored Division; Camp Breckenridge, Kentucky, 101st Airborne Division, and Camp Pickett, Virginia, 17th Airborne Division.

Four other training centers were announced previously—Fort Ord, California; Fort Jackson, South Caronina; Fort Dix, New Jersey, and Fort Knox, Kentucky.

Total Of 837,000 Men

Royall gave this survey of the training situation:

The Army, which will get the bulk of the selective-service inductions, now has a strength of 542,000. Under the new draft law, this total may be increased to 837,000—counting both inductions and volunteers. [The Army is authorized to accept up to 110,000 18-year-old volunteer trainees for one year of service, all in the United States.]

But the available appropriations will make it necessary to keep the total troop strength at not more than 790,000 men between now and July 1, 1949.

When a draftee is taken into the Army, he will be sent to the induction station nearest his home. From there he will go to one of the eight training centers, where he will get his issue of clothing, receive his inoculations and be assigned to units for eight months of basic schooling in arms.

May Be Sent Overseas

Some of the draftees who have had previous military service, but not enough to rate draft exemption will be assigned directly to combat units.

The draftees are subject to overseas service, but this does not mean that all will go overseas.

Draft quotas will be based on the population as a whole and will not contain separate quotas for Negroes. [In World War II, the total of Negroes in the Army was based roughly on ten per cent of the total population, white and Negro.]

Communist Issue Not Settled

The Army still is not ready to define exactly an organized reserve unit, membership in which would exempt a man from selective service.

There is nothing in the law which exempts a Communist from induction. Asked what would happen if a Communist refused to take the oath of allegiance, Royall said: "We haven't solved that problem yet."

The Secretary was asked when the Army plans to invoke the industrial production control provisions of the draft law. He replied that "there is nothing at present to indicate necessity for these controls."

But that question, he said, is one to be decided by the whole Government rather than the Army alone.

At Fort Meade, 2d Army headquarters announced it will activate the 17th Airborne Division at Camp Pickett, Va., and the 101st Airborne Division at Camp Breckinridge, Ky. The 3d Armored Division, already in existence at Fort Knox, Ky., will be brought up to full strength.

Army Answers Questions on Rules of Draft

Tells Plans for Housing, Training, Foreign Duty, Education, Furloughs

WASHINGTON, June 28 (AP).—Here are some questions put to the Army about the draft and the Army's answers:

Q. Can selectees volunteer for the regular Army? A. Each selectee will be encouraged to enlist in the regular military establishment at any time after he has entered service by induction. The emphasis should be on securing enlistments for the longest term possible.

Q. Are electees going to be trained separately or are they going to be mixed together with the regular outfits A. Selectees will not be trained separately, but will be trained with and in the same manner as volunteers.

Q. How long will men be trained before they are sent overseas? A. It is anticipated that no enlisted personnel will be sent overseas without having a minimum of eight weeks' basic training.

Q. Will primary emphasis be on training for fighting or for occupation duty? A. Fighting. The whole training doctrine of the Army is to develop a trained soldier capable of performing efficiently his primary mission in combat.

Training Time to Increase

Q. Will the selectees be trained in accordance with the universal military training plan or like regular Army volunteers? (Congress has not approved a U. M. T. plan, proposed by the Army.) A. The selectee will be trained like the regular Army volunteer. However, the present plan contemplates an eight-weeks basic training course temporarily until units of the Army have been properly filled, after which the usual twelve or thirteen-weeks program will obtain. Furthermore, some of the principles developed in the experimental unit at Fort Knox have been and will be incorporated in regular Army training program.

Q. Will women be drafted? A. No.

Q. Will Army draftees be able to transfer to the Air Force or Navy if they want to? A. No, and vice versa.

Q. Will we have a "broomstick" army. A. No. Adequate materials is available to train new personnel.

Housing Without Luxuries

Q. Is adequate housing available? A. Mobilization-type World War II buildings will be utilized to house trainees. We have relatively few funds with which to dress them up, but by concentrating our expenditures on the essentials, we will be able to provide year-round basic comfort. Luxury is out of the question.

Q. Will the draftee be given a job commensurate with his abilities? Will he be able to continue his civilian occupation in the Army? A. In instances were he has a skill readily convertible to an Army job and assuming he is sufficiently well qualified therein, normally he will be selected for that type of assignment. In this respect, however, the needs of the service must govern.

Q. What steps are being taken to utilize newly trained men after they finish their twenty-one months of service? A. The bill provides for the transfer of each individual to a reserve component upon completion of a normal tour of service by induction.

Q. Why can't the Army get

enough volunteer enlistments? A. The competition with the other services and with civilian life is too keen.

Eligible for Regular Leave

Q. Will the draftee be stationed near home? A. In general, personnel being inducted from civil life will be ordered to the training division nearest his home. However, upon completion of basic training in either the training division or in units, an enlisted man inducted under selective service will become available for Army-wide assignment and will be assigned to the Army area where the greatest need for his service exists.

Q. Will he have to serve overseas? A. He will be available for world-wide assignment. This does not, of course, apply to the eighteen-year-old volunteers.

Q. How often can he come home? A. He will be authorized the same leave as officers and enlisted men of the regular Army—thirty days a year. He probably will have little opportunity during his basic training to go home. During the rest of the year, within training requirements, furloughs up to thirty days each year are authorized.

Q. What about his disrupted education? A. The Army has an education program now functioning which will enable the draftee to continue his formal studies on off-duty time. There will be educational courses available to him which will fit directly into his educational plans for the future and which are, in general, accredited by civilian educational institutions.

Q. Will parents of selectees be able to visit on the post where their son is stationed. A. In the World War II program the Army provided guest houses operated by the post exchange for this purpose. These facilities will be reopened within the limits of resources at reactivated training centers and will be available at nominal charges. Feeding facilities will be available through service club cafeterias.

Q. Will Communists be drafted? A. There is no provision in the law for excluding Communists.

Q. What about the courts-martial system? A. There is no peculiar courts-martial system applicable to the inductees. They will be subject to the articles of war as are all other members of the military establishment.

Q. Will selectees be entitled to veterans benefits as the G. I. Bill provided for World War II veterans? A. The G. I. Bill does not apply to those entering the Army after 25 July 1947. Under present legislation, the selectee who has completed his term of service in a satisfactory manner will be entitled to very liberal re-employment benefits.

Q. What about race segregation? A. Our policy must continue to be the employment of Negro troop units of appropriate size and conformation in the best interests of over all efficiency. There will be equality of opportunity and lack of discrimination between races.

Q. Will inductees be given air-borne training at centers where there are air-borne divisions? A. No soldiers will be given air-borne training unless they volunteer for service in an air-borne unit.

GI'S TO DISPLAY NEW CHEVRONS

Colors To Indicate Noncoms' Combat Status

Washington, June 28 (AP)—Shortly after July 1, an Army GI Joe will be able to tell at a glance whether a noncom is possibly a platoon commander or maybe a mess sergeant. (There have been times, before making comments on chow, when that would have been handy to know.)

New and smaller grade chevrons for noncommissioned officers, distinguishing between "combat" and "noncombat" corporals and sergeants, are to be worn July 1 or as soon after as the new combat chevrons are in general supply.

New Emblems Smaller

This is part of the Army's "career guidance" program.

After the changeover, men in combat jobs will wears chevrons of dark blue on a gold-colored embroidered background, and noncombat soldiers will wear insignia of gold on a dark blue background. The new emblems will be about two-thirds the size of the present insignia.

In addition to the distinction in color, those noncommissioned officers designated as combat leaders—squad sergeant and platoon sergeant, for example—will wear an inch-wide green tab on the middle of each shoulder loop.

Worn On Individual Basis

The new chevrons will be prescribed on an individual, rather than on a unit basis. For instance, while a rifleman of Company A will wear the blue on gold of a combat man, the company clerk of the same unit will wear the gold on blue of a noncombat soldier.

If a man changes from a combat to noncombat job, he may be required to change his chevrons. However, combat men on special types of duty, such as recruiting, National Guard training or reserve instruction, will continue to wear their combat chevrons.

WACS are down as noncombat soldiers—so their corporals and sergeants will wear the gold on blue.

D.C. Believes Tito Already Ousted

Washington, June 28 (AP)—Top American diplomats today interpreted the Cominform blast at Yugoslav Communists as meaning that Premier Marshal Tito has already been "taken care of" and is no longer in active leadership at Belgrade.

State Department officials have been extremely cautious in estimating the importance of the Yugoslav situation. But as a result of today's developments at Prague diplomats said two things now appeared clear:

1. The Communist high command has had to deal with its first great split in the Eastern European satellite bloc.

2. The high command first took action (it is assumed here)—and then denounced the Yugoslav leaders, because that is the methods which has been employed for years by the Communists in and out of Russia.

Rankovic Denounced

Great importance was attached here to the fact that the Cominform statement issued at Prague denounced not only Tito but also his Minister of Interior, Lieut. Gen. Alexander Rankovic, who would normally control the secret police. This is the chief agency by which leaders of totalitarian countries safeguard their power.

Responsible officials said that there were various ways in which Tito and the others denounced at the same time might have been "taken care of"—they might have been (a) placed under house arrest, (b) thrown in jail, (c) shot, or (d) otherwise "immobilized" so that their power and freedom would be denied and their ability to talk back to their official Communist accusers would be destroyed.

U. N. Fails to Get World Bank Loan

Asked Aid on 65 Millions Needed for Buildings

WASHINGTON, June 28 (AP).—The United Nations cannot count on a loan from the World Bank to help build the projected $65,000,000 headquarters in New York City, John J. McCloy, president of the bank, told reporters today. The bank's directors decided, he said, that the project would be "a little out of our line, considering the small amount we have compared with the world's needs."

Set up by forty-six nations, the bank now has approximately $473,000,000 available for loans, but applications by member countries far exceed that sum.

The U. N. had asked the World Bank about getting a loan prior to the Congressional recess. Legislation to have the United States put up the $65,000,000 was introduced, but action on it was not completed.

Mr. McCloy said with a smile: "Generally speaking, we felt we should apply our funds to actual physical reconstruction of the world rather than the building of skyscrapers in New York."

'Voice' Contracts Near Completion

State Dept. to Keep Closer Watch on Networks

WASHINGTON, June 28 (AP).—New contracts for the "Voice of America" broadcasts which will provide for closer government supervision of content will probably take final shape this week.

The details are being worked out by representatives of the State Department, the National Broadcasting Company and Columbia Broadcasting System.

"Voice" programs handled by the networks—and which were severely criticized in Congress last session—go to Latin America and other areas of the world which the State Department considers to be "non-critical."

The department itself directly handles all broadcasts to such "critical" regions as Eastern Europe, Russia and China.

The stir in Congress developed when some members objected to descriptive material on various states in one series of "Voice" broadcasts. The State Department then said it would renegotiate its contracts with the private networks to provide for greater supervision. The new arrangements are supposed to become effective around July 1.

Officials of the broadcastig companies are understood to have advised the State Department that the companies would be very happy to give up the whole "Voice" operation. However, they have not insisted on doing so, and the chances are that the contracts now being drawn up will provide for a slow tapering off that will eventually take the networks out of the international government broadcasting business entirely.

World Bank Council to Meet

Washington, June 28 (AP)—Evan Just, editor of the *Engineering* and *Mining Journal*, New York, today was appointed director of strategic materials for the Economic Co-Operation Administration.

His division will speed production and procurement of materials needed for this country's national defense stockpile. Under the European Recovery Act, the sixteen participating nations are obliged to aid transfer of such material "by sale, barter or otherwise."

Tito's Life In Peril, Papanek Believes

Lake Success, N.Y., June 28 (AP)—Jan Papanek, an auti-Communist Czechoslovak, speculated today that Premier Marshal Tito, of Yugoslavia, might be killed by Communists.

He also said that Ales Bebler, one of the top Cummunists of Yugoslavia, would be likely to emerge from the party struggle there with much greater power. Bebler is deputy Foreign Minister and has been a delegate to the United Nations Assembly.

Papanek, who was ousted last March as the Czechoslovak United Nations delegate, said Tito apparently is being disgraced by Moscow because he became too independent and that he is in grave danger of losing his life.

The Cominform blast came as a surprise to Josef Vilfan, Yugoslav delegate here.

He said he did not believe the Cominform issued the statement. "There is some confusion—the statement cannot be really true," he said after hearing the text. Vilfan then said it was a move to spread anti-Yugoslav propaganda.

Boos Greet Arrival Of Hitler's Auto

New York, June 28 (AP)—A chorus of hisses and boos today greeted Adolf Hitler's automobile as it was swung to the pier from the hold of the liner Stockholm.

The black, 9,500-pound touring car, capable of speeds up to 135 miles an hour, is owned by Christopher G. Janus, of Chicago.

Designed by Hitler and manufactured by Mercedes-Benz, the car was given by Hitler to Field Marshal Mannerheim, of Finland. Shortly after the Russians entered Finland, it was sent to Stockholm. There Janus bought it in a barter deal.

Janus, at the pier to receive the car, said: "I have been trying for eighteen months to get a car in the United States; it took just 30 days to buy Hitler's."

HITLER CAR DELIVERED TO CHICAGO IMPORTER

NEW YORK, June 28 — (AP) One of Adolf Hitler's armored cars, said to have speeded him over Nazidom's autobahns at 135 miles per hour, arrived today aboard the liner Stockholm.

A chorus of boos and hisses greeted the sleek, black, 9,500-pound vehicle as stevedores lowered it to the dock. Its new owner, Christopher G. Janus, managing director of Eximport Associates of Chicago, was on hand to receive the monster designed by Hitler himself.

Janus said its top speed was 135 miles an hour and that Hitler had ridden at a rate this high. Janus got it in a Stockholm barter deal.

A preliminary survey showed that the car's battery was not connected and its 60-gallon gasoline tank was bone dry. It also lacked license plates.

OLSON SAID ARRIVAL OF THE GIFT SHIPMENT WAS A SYMBOL OF GOOD RELATIONS BETWEEN WISCONSIN AND THE NORWAY OF OLD TRADITIONS.
OEKSNES EXPRESSED HIS GRATITUDE FOR THE "TOUCHING SPIRIT OF CHARITY." HE SAID NORWAY IS BETTER OFF THAN SEVERAL OTHER COUNTRIES BUT THAT RECONSTRUCTION DOES NOT PERMIT LUXURY FOOD IMPORTS.
THE SHIP'S CAPTAIN, HJALMAR JENSEN, PRESENTED A SPECIAL FOOD PACKAGE TO MAYOR STOKKE FROM THE MAYOR OF MILWAUKEE. IN RETURN FOR THE GIFT HE ASKED ALBIN DEARING, PUBLIC RELATIONS DIRECTOR OF THE WIDCONSIN CENTENNIAL, TO EXTEND HIS HEARTIEST THANKS AND GREETINGS TO THE PEOPLE OF MILWAUKEE AND THE ENTIRE STATE.
THE OERNEFJELL WILL SAIL FROM BERGEN FOR WISCONSIN JULY 6 CARRYING A CARGO OF NORWEGIAN NICKEL AND CANNED FISH PRODUCTS.

MISS ASLAUG AASLAND, ACTING MINISTER OF SOCIAL AFFAIRS, ACCEPTS ON BEHALF OF THE GOVERNMENT. MAYOR H. E. STOKKE OF OSLO IS TO RECEIVE A SPECIAL PACKAGE FROM THE MAYOR OF MILWAUKEE. THE UNITED STATES EMBASSY AND OSLO CONSULATE ARE TO BE REPRESENTED.
THE OERNEFJELL REACHED HERE YESTERDAY. SHE WILL UNLOAD THE REST OF HER CARGO AT STAVANGER AND BERGEN, WHOSE MAYORS ALSO WILL RECEIVE SPECIAL PACKAGES FROM THE MILWAUKEE MAYOR. SHE WILL LEAVE BERGEN FOR WISCONSIN JULY 5 WITH THREE NORWEGIAN EMIGRANTS ON BOARD.
THE SHIP BROUGHT ABOUT 1,000 FOOD PACKAGES AND TWO TONS OF CLOTHING THE SHIPMENT IS ONE OF FOUR THE WISCONSIN MANUFACTURERS ASSOCIATION IS GIVING TO FOUR COUNTRIES IN CELEBRATION OF THE STATE ANNIVERSARY.
USUALLY A CUSTOMS DUTY MUST BE PAID ON AMERICAN GIFT PACKAGES TO NORWEGIANS. THE DEPARTMENT OF CUSTOMS AND FINANCES HAS EXEMPTED THE OERNEFJELL'S CARGO FROM DUTY BECAUSE OF "THE SPECIAL NATURE OF THESE SHIPMENTS."
THE LINER'S MASTER, CAPT. WJALMAR JENSEN, BROUGHT WISCONSIN GOV. OSCAR RENNEBOHM'S GREETINGS TO THE PEOPLE OF NORWAY.

(OSGOOD CARUTHERS, WHO WROTE THE FOLLOWING DISPATCH, IS CHIEF OF THE ASSOCIATED PRESS BUREAU IN BELGRADE, YUGOSLAVIA. HE IS TEMPORARILY IN VIENNA.)

BY OSGOOD CARUTHERS

VIENNA, JUNE 28-(AP)-TO THOSE WHO HAVE LIVED ANY LENGTH OF TIME IN BELGRADE, CHARGES BY THE COMINFORM THAT PREMIER MARSHAL TITO AND HIS THREE TOP HENCHMEN INDULGED IN A "HATEFUL POLICY" TOWARD RUSSIA IS A FANTASTIC SURPRISE.

I HAVE READ ALMOST EVERY LINE IN THE BELGRADE PRESS FOR NEARLY TWO YEARS AND HAVE HEARD MOST OF THE MAJOR SPEECHES. I CAN REMEMBER TWO MAJOR THEMES IN ALMOST EVERY ITEM: THE STRUGGLE FOR LIBERATION, AND THE WORDS, "LED BY THE SOVIET UNION AND THE INVINCIBLE RED ARMY, INSPIRED BY THE BURNING EXAMPLE OF THE GREAT STALIN."

I CAN ALSO REMEMBER TITO, INTERIOR MINISTER ALEXANDER RANKOVIC AND VICE PREMIER EDVARD KARDELJ AT ALMOST EVERY BIG RECEPTION EVENTUALLY GOING OFF TO A SMALL CHAMBER AWAY FROM THE MAIN SALON TO TALK IN A TIGHT CIRCLE WITH RUSSIAN AMBASSADOR ANATOLE LAVRENTIEV AND HIS RUSSIAN MILITARY ATTACHE.

IT WAS A SCENE OF FONDEST BROTHERHOOD.

YUGOSLAVIA WAS THE FURTHEST ADVANCED ALONG THE COMMUNIST LINE OF ANY COUNTRY OUTSIDE OF RUSSIA. THE THEME OF EVERY MOVE HAS BEEN TO TRAVEL FASTER TOWARD COLLECTIVIZATION AND SOCIALIZATION OF THE COUNTRY.

THEREFORE, THE BIG QUESTION IS: IN WHAT WAY HAVE TITO AND HIS MEN--PRACTICALLY THE ENTIRE LEADERSHIP OF BOTH THE GOVERNMENT AND THE CENTRAL COMMITTEE OF THE COMMUNIST PARTY--"DEVIATED?"

IF THE CZECH NEWSPAPER, RUDE PRAVO, IS REPORTING CORRECTLY ABOUT COMINFORM CHARGES ONE COULD VENTURE THESE MEAGER GUESSES:

IT IS TRUE THAT TITO'S LINE OF PROPAGANDA--THE WHIP WHICH HAS LASHED 15,000,000 PEOPLE INTO PERFORMING AMAZING FEATS OF REBUILDING--HAS BEEN STRONGLY NATIONALISTIC. IT IS TRUE ALSO THAT TO QUESTIONS BY THE FOREIGN PRESS, OFFICIALS HAVE POOH-POOHED THE POSSIBILITY THAT RUSSIA HAD ANYTHING TO SAY ABOUT HOW YUGOSLAVIA WAS RUN. THESE THINGS COULD BE USED AGAINST TITO AND HIS PARTY LEADERS IF THE BOLSHEVIK PARTY DECIDED TO TRY THEM AND GET RID OF THEM.

BUT THEY WERE ALWAYS CONSIDERED A POLITICAL NECESSITY IN ORDER TO STRENGTHEN THE GOVERNMENT.

INDICATIONS IN REPORTS LEAKING OUT OF CENTRAL COMMITTEE AFFAIRS HAVE SHOWN THERE WAS A GREAT STRUGGLE INSIDE THE PARTY OVER POLICY TO BE USED TOWARD THE PEASANTS. THEY REPRESENT 85 PER CENT OF THE POPULATION.

JUN 1948

A43

THERE WAS A RIGHT DEVIATION GROUP LED BY ANDRIJA HEBRANG. HE WAS REPORTED TO HAVE ADVOCATED COLLECTIVIZING ALL THE FARMS IMMEDIATELY, WHETHER THE PEASANTS LIKED IT OR NOT. TITO AND HIS FOLLOWERS TOOK THE CENTER OF THE LINE, WHICH THEY CONSIDERED WOULD BE MOST EFFECTIVE TOWARD THE PEASANTS. THEY DECIDED THROUGH COOPERATIVES AND THROUGH "KID GLOVE" TREATMENT TO GET ALL FARMERS EVENTUALLY TO VOLUNTEER TO COME INTO SUCH A STATE-CONTROLLED ORGANIZATION. AT A LATER DATE SUCH A GROUP COULD BE EASILY CONVERTED INTO A COLLECTIVE, THEY APPARENTLY DECIDED.

HEBRANG AND SRETEN ZUJOVIC, FORMER FINANCE MINISTER, WERE PURGED FROM THE PARTY AND TITO'S "CENTER GROUP" EMERGED ALL-POWERFUL.

THEREIN MIGHT LIE THE POSSIBILITY FOR CHARGES THAT THEY "STARTED ON THE ROAD LEADING TO BETRAYAL OF INTERNATIONAL SOLIDARITY," AND "SPLIT FROM THE UNITED SOCIALIST FRONT."

EVERYONE CAN ASK THE MOST IMPORTANT QUESTION: HOW CAN THE INTERNATIONAL COMMUNIST PARTY GET RID OF THESE TOP MEN UNLESS THEY, THEMSELVES, DECIDE EITHER TO CHANGE THEIR WAYS OR TO RESIGN?

TITO CONTROLS THE ARMY. HE STILL HAS A FIERCELY FANATIC CORPS OF PARTISANS WHO FOLLOWED HIM THROUGH OFFENSIVES AGAINST THE NAZIS AND HELPED HIM OVERTHROW EVERY OTHER ARMED AND POLITICAL FACTION IN THE COUNTRY.

RANKOVIC CONTROLS THE MINISTRY OF THE INTERIOR WITH A LARGE AND MOST EFFECTIVE POLICE ORGANIZATION.

THIS CONTROL WOULD SEEM TO GIVE THEM A FIRM GRIP ON THE NATION.

NIGHT LEAD BELGRADE

BY WALTER WELEBIT

BELGRADE, JUNE 28-(AP)-THE COMINFORM CONDEMNATION OF THE YUGOSLAV COMMUNIST PARTY TOOK THE ~~COUNTRY~~ BY SURPRISE TONIGHT ALTHOUGH THERE HAD BEEN UNCONFIRMED REPORTS OF DISSENSION WITHIN THE PARTY FOR SOME MONTHS.

THE PRESS AND RADIO HERE CARRIED NOTHING TODAY ABOUT THE COMINFORM'S ATTACK ON YUGOSLAVIA AND ITS LEADERS. THE STATEMENT APPEARED IN COMMUNIST NEWSPAPERS OUTSIDE YUGOSLAVIA.

FOREIGN CORRESPONDENTS IN BELGRADE WERE TOLD TONIGHT BY THE COMMUNIST PARTY'S CENTRAL COMMITTEE THEY WOULD BE INFORMED OF THE COMINFORM DECLARATION TOMORROW AFTERNOON. MEANWHILE, THE PEOPLE OF YUGOSLAVIA THUS FAR HAVE NOT BEEN TOLD ABOUT IT.

THE FIRST SIGNS OF PARTY DISSENSION APPEARED TWO MONTHS AGO WHEN RUMORS CROPPED UP OF THE ARREST OF SRETEN ZUJOVIC AND ANDREA HEBRANG, FORMER GOVERNMENT MINISTERS AND LEADING COMMUNISTS.

THE FIRST OFFICIAL STATEMENT ON THESE RUMORS CAME IN THE OFFICIAL GAZETTE WHICH SAID ZUJOVIC'S RANK OF LIEUTENANT GENERAL HAD BEEN CANCELLED FOR "ANTI-PEOPLES AND ENEMY ACTIVITIES."

LATER, AT THE ANNUAL PEOPLES' FRONT MEETING, BOTH MEN WERE EXPELLED FROM THE PARTY FOR THE SAME REASON.

PETER STAMBOLIC, MINISTER OF AGRICULTURE, SAID THE TWO MEN HAD "SOME THEORIES THAT THE (YUGOSLAV) FIVE-YEAR PLAN WAS UNREALISTIC."

RUMORS CIRCULATED IN THE YUGOSLAV CAPITAL A WEEK AGO TO THE EFFECT THAT BOTH MEN WERE IN MOSCOW FOR QUESTIONING. THIS REPORT HAS NOT BEEN CONFIRMED.

ON THE 56TH BIRTHDAY OF PREMIER MARSHAL TITO LAST MAY 25, THE POPULATION NOTED THE LACK OF THE CUSTOMARY CONGRATULATORY MESSAGE FROM PREMIER STALIN. THERE ALSO WAS NO MENTION OF ANY MESSAGE OF CONGRATULATIONS FROM COL. GEN. ENVER HOXHA, PREMIER OF ALBANIA.

TITO GENERALLY IS BELIEVED TO BE AT HIS SUMMER PALACE IN BLED, IN NORTHWESTERN YUGOSLAVIA, WHERE HE USUALLY GOES IN JUNE.

SEVERAL DAYS AGO, RELIABLE AUTHORITIES SAID THE COMINFORM BULLETIN WOULD NOT BE PUBLISHED ANY MORE. THEY DID NOT SAY, HOWEVER, WHETHER THIS APPLIED ONLY TO BELGRADE OR WHETHER PUBLICATION OF THE BULLETIN ITSELF HAD BEEN SUSPENDED.

HERE ARE SOME OTHER HIGHLIGHTS OF THE STATEMENT:
"IN ITS POLICY INSIDE YUGOSLAVIA, THE LEADERS OF THE YUGOSLAV COMMUNIST PARTY ARE RETREATING FROM POSITIONS OF THE WORKING CLASS AND ARE PARTING FROM THE MARXIST THEORY OF CLASS WAR. CAPITALIST ELEMENTS IN THEIR COUNTRY ARE GROWING. X X X
"YUGOSLAV LEADING POLITICIANS ARE CARRYING OUT A WRONG POLICY IN THE VILLAGES, CONSIDERING AN INDIVIDUAL PEASANT AS A WHOLE UNIT IN SPITE OF THE WELL-KNOWN LENIN KNOWLEDGE THAT A SMALL INDIVIDUAL ECONOMY GIVES BIRTH TO CAPITALISM AND BOURGEOISIE UNCEASINGLY, REPEATEDLY, EVERY DAY, EVERY HOUR XXX.
"THE COMINFORM BELIEVES THAT THE PRESENT LEADERSHIP OF THE YUGOSLAV COMMUNIST PARTY IS REVISING THE MARXIST-LENIN THEORY OF THE COMMUNIST PARTY. WHEREAS THIS THEORY SAYS THAT THE COMMUNIST PARTY STANDS FOR THE LEADING AND GUARDING STRENGTH IN A COUNTRY, IN YUGOSLAVIA THE PEOPLE'S FRONT, NOT THE COMMUNIST PARTY, IS CONSIDERED THE MAIN, PRINCIPAL STRENGTH. THIS MEANS DEVALUATING THE COMMUNIST PARTY. X X X
"THE COMINFORM CONDEMNS THE PURGING AND ARRESTING OF THE MEMBERS OF THE CENTRAL COMMITTEE OF THE YUGOSLAV COMMUNIST PARTY, COMRADES ZUJOVIC AND HEBRANG, BECAUSE THEY HAD DARED TO CRITICIZED THE ANTI-SOVIET CONCEPTIONS OF THE LEADERS AND TO EXPRESS THEMSELVES FOR THE FRIENDSHIP OF YUGOSLAVIA WITH SOVIET RUSSIA. WARSAW, JUNE 28-(AP)-FOREIGN MINISTER ZYGMUNT MODZIELEWSKI EXPRESSED A BELIEF TODAY THAT THERE WILL BE NO ARMED CONFLICT IN BLOCKADED BERLIN.
"I BELIEVE THAT COMMON SENSE WILL PREVAIL," HE TOLD A NEWS CONFERENCE. HE HAD BEEN ASKED FOR COMMENT ON THE IMPASSE BETWEEN RUSSIA AND THE WESTERN POWERS IN BERLIN, WHERE THE RUSSIANS HAVE STOPPED RAIL SHIPMENTS FROM THE WEST.
MODZIELEWSKI SAID HE HOPED THE WARSAW DECLARATION LAST WEEK OF RUSSIA, POLAND AND SIX OTHER EASTERN EUROPEAN COUNTRIES WOULD SOLVE THE GERMAN QUESTION.
THE DOCUMENT PROPOSED COMPLETION OF THE DEMILITARIZATION OF GERMANY; FOUR-POWER CONTROL OF HEAVY INDUSTRIES IN THE RUHR, WHICH IS IN THE BRITISH ZONE; CREATION OF WHAT WAS CALLED A "DEMOCRATIC, PEACE LOVING, ALL-GERMAN GOVERNMENT;" FULFILLMENT OF GERMAN WAR REPARATIONS; AND WITHDRAWAL OF ALL OCCUPATION TROOPS A YEAR AFTER A PEACE TREATY IS SIGNED.
"IT IS OUR HOPE THAT THE WARSAW DECLARATION MAY SERVE AS AN INSTRUMENT TO STABILIZE PEACE IN EUROPE AND PARTICULARLY SETTLE GERMAN PROBLEMS," THE POLISH MINISTER SAID.
MODZIELEWSKI SAID THE WESTERN POWERS ARE NOT BEING INFORMED OFFICIALLY OF THE WARSAW DECISIONS BECAUSE THE SIX-POWER CONFERENCE IN LONDON DID NOT INFORM POLAND AND OTHER EASTERN NATIONS (EXCEPT RUSSIA) OF ITS PLANS.
(THE LONDON CONFERENCE PROVIDED FOR A SEMI-INDEPENDENT GOVERNMENT IN WESTERN GERMANY, CONTROL OF THE RUHR'S COAL AND STEEL INDUSTRIES, AND RETENTION OF WESTERN OCCUPATION TROOPS IN GERMANY UNTIL PEACE IS ASSURED.)

"THE FIRST WE KNEW OF TROUBLE WAS WHEN WE BEACHED NEAR KFAR VITKIN AND THEN HEARD THE SHOOTING ASHORE," HE SAID IN AN INTERVIEW. "THE FIRST THOUGHT WAS THAT ARABS MIGHT HAVE BROKEN THROUGH TO THE COAST AND I PULLED THE SHIP OFF THE BEACH TO SAVE IT.
"I REALIZED WHAT WAS HAPPENING ONLY WHEN, AFTER PULLING OFF, WE WERE FIRED ON BY AN ISRAELI CORVETTE."
FEIN, UNITED STATES NAVY LST COMMANDER IN THE PACIFIC DURING THE WAR, WAS RELEASED BY ISRAELI AUTHORITIES LATE YESTERDAY AFTER HAVING BEEN HELD INCOMMUNICADO FOUR DAYS.
HE SAID:
"WE HAD NO REASON TO EXPECT TROUBLE HERE. THE GOVERNMENT KNEW THE SHIP WAS COMING. REPRESENTATIVES OF THE GOVERNMENT ACTUALLY BOARDED THE SHIP AT MARSEILLE TO SEE WHAT WE HAD ABOARD. IT WAS THE GOVERNMENT WHICH DESIGNATED KFAR VITKIN AS THE PLACE ON THE COAST WHERE WE WERE TO BEACH THE SHIP AND UNLOAD."
HE SAID HE TOOK A LARGE FORCE OF METPTOE WMM

WHERE WE WERE TO BEACH THE SHIP AND UNLOAD."
HE SAID HE TOOK A LARGE FORCE OF MEN AND SOME WOMEN ABOARD AT MARSEILLE AND SET THEM ASHORE SAFELY AT KFAR VITKIN. THE IRGUN TROOPS WHO WERE ABOARD WHEN THE SHIP WAS BEACHED A SECOND TIME AT TEL AVIV WERE THE ONES WHO BOARDED AT KFAR VITKIN, FEIN SAID.
HE SAID HIS SHIP, THE ALTALENA, WAS SET AFIRE BY DIRECT HITS FROM A SINGLE ARTILLERY PIECE--"ABOUT A THREE-INCHER" AND NOT BY MORTAR OR BAZOOKA FIRE.
"THE SHELLING CAME DURING A CEASE FIRE WE HAD ARRANGED TO PERMIT US TO GET OUR WOUNDED ASHORE. WE WERE NOT ARMED OR PREPARED FOR COMBAT WITH THE SHIP AND IF THEY HAD LET US LIKELY WE WOULD HAVE COME ASHORE AND LEFT THE SHIP THERE WITH HER CARGO INTACT," HE CONTINUED.
HE SAID ABOUT 20 ARMED MEN ARRESTED HIM IN THE MIDDLE OF THE NIGHT AFTER HE MADE A RADIO BROADCAST WITH MENACHEM BEIGIN, COMMANDER OF IRGUN.

30.24- 18781

"THEY NEVER MENTIONED ANY CHARGES AGAINST ME," FEIN SAID. "I WAS TAKEN BEFORE A SORT OF JUDGE AND JURY, ALL ONE MAN, HIS FACE MASKED LIKE THE KU KLUX KLAN. ALL HE ASKED WAS WHETHER I WAS A MEMBER OF THE ARMED FORCES OF IRGUN.

"I SAID I WAS AN AMERICAN AND WOULD NOT ANSWER QUESTIONS EXCEPT IN THE PRESENCE OF A CONSULAR REPRESENTATIVE OF MY COUNTRY AND NO MORE QUESTIONS WERE ASKED.

"I WAS TREATED ALL RIGHT."

SINCE BEING RELEASED, HE SAID, HE HAD BEEN OFFERED A GOVERNMENT TOUR OF PALESTINE.

"I THINK I'LL DO IT," FEIN SAID.

HE SAID SINCE HIS RELEASE HE HAS BEEN FOLLOWED BY "A CHAP WHO MAKES A MYSTERY OF WHO HE REPRESENTS, BUT PROBABLY IS AN ISRAELI INTELLIGENCE OFFICER." THIS OFFICER, HE SAID, ALWAYS INTRODUCES HIM WITH FALSE NAMES AND "SEEMS A BIT OFFENDED WHEN I INSIST ON USING MY RIGHT NAME."

BY JOHN M.HIGHTOWER

WASHINGTON, JUNE 28-(AP)-THE STARTLING COMINFORM DENUNCIATION OF MARSHAL TITO RAISED STRONG SPECULATION TODAY THAT THIS OLD TIME COMMUNIST MAY ALREADY HAVE BEEN FORCED OUT OF POWER AS THE RULER OF YUGOSLAVIA

TOP AMERICAN DIPLOMATS MOST FAMILIAR WITH THE WAY THE COMMUNISTS OPERATE SAID THAT THEY WOULD HARDLY HAVE DENOUNCED ITO AND THE PRINCIPAL MEN AROUND HIM UNTIL HE AND HIS ASSOCIATES HAD BEEN "

TOP AMERICAN DIPLOMATS MOST FAMILIAR WITH THE WAY THE COMMUNISTS OPERATE SAID THAT THEY WOULD HARDLY HAVE DENOUNCED ITO AND THE PRINCIPAL MEN AROUND HIM UNTIL HE AND HIS ASSOCIATES HAD BEEN "TAKEN CARE OF."

THEY SPECULATED THAT TITO MAY HAVE BEEN COMPELLED TO RESIGN HIS POSITION AS HEAD OF THE GOVERNMENT, THAT HE MAY SIMPLY HAVE BEEN "IMMOBILIZED" UNTIL HE HAD TIME TO THINK OVER AND "REPENT" THE THINGS HE IS ACCUSED OF DOING--OR HE MAY HAVE BEEN LIQUIDATED.

OTHER OFFICIALS HERE HAD BELIEVED THAT RECENT POLITICAL TROUBLES IN YUGOSLAVIA WERE OF A PURELY INTERNAL NATURE. THESE OFFICIALS SIMPLY SAID THAT THE SITUATION AT THE MOMENT IS SO PUZZLING THAT ITS SIGNIFICANCE CAN NOT BE FULLY UNDERSTOOD NOW.

THE DENUNCIATION WAS PUBLISHED IN THE OFFICIAL COMMUNIST PARTY NEWSPAPER IN PRAGUE, CZECHOSLOVAKIA. IT CHARGED THE YUGOSLAV COMMUNISTS WITH HAVING DEPARTED FROM THE MARX-LENIN LINE, WHICH IS EQUIVALENT TO ACCUSING THEM OF THE GRAVEST HERESY.

THE STATE DEPARTMENT MAINTAINED DISCREET OFFICIAL SILENCE ON THE DEVELOPMENT. OFFICIALS PRIVATELY DESCRIBED IT AS A SENSATIONAL TURN OF AFFAIRS BECAUSE IT BRINGS TO LIFE THE FIRST DIRECT EVIDENCE OF ANY CRACK IN THE HERETOFORE SOLID BLOC OF COMMUNIST GOVERNMENTS IN EASTERN EUROPE.

WHAT WAS PUZZLING, HOWEVER, WAS THE REASON FOR THE ACTION. TITO HAS LONG BEEN REGARDED AS THE STRONGEST AND POTENTIALLY THE MOST INDEPENDENT OF THE EASTERN EUROPEAN RULERS WHO WERE ASSUMED TO BE TAKING ORDERS FROM MOSCOW. BUT IF MOSCOW HAS FINALLY DECIDED THAT HE WAS BECOMING TOO INDEPENDENT THAT FACT WAS OBSCURED UNDER THE GENERALIZED AND TRADITIONAL ACCUSATION OF FAILURE TO LIVE UP TO "MARXISM-LENINISM."

JUN 1948

OVER THE PAST SEVERAL MONTHS A SERIES OF EVENTS INSIDE YUGOSLAVIA HAS INDICATED THAT TROUBLE MIGHT BE BREWING. VARIOUS LOCALLY PROMINENT COMMUNISTS AROUND THE COUNTRY HAVE BEEN TRIED ON CHARGES OF DIVERSION FROM THE PARTY LINE. EARLY IN MAY TWO GOVERNMENT MINISTERS, BOTH OLD LINE COMMUNISTS, WERE KICKED OUT.

DIPLOMATIC EXPERTS ON YUGOSLAVIA WROTE OFF THESE INCIDENTS AT THE TIME AS EVIDENCE OF A PURELY INTERNAL SQUABBLE THAT WOULD FINALLY BE SETTLED WITH TITO IN STRONGER POSITION THAN EVER.

EARLY THIS MONTH THERE WAS ANOTHER DEVELOPMENT WHICH DID NOT APPEAR TO FIT THAT PATTERN. RUSSIA AND THE UNITED STATES WERE WORKING OUT PLANS FOR A 10-NATION CONFERENCE TO BE HELD ON DANUBE RIVER NAVIGIATION. RUSSIA HD SUGGESTED THAT THE MEETING BE HELD IN BELGRADE, THE CAPITAL OF YUGOSLAVIA. THE UNITED STATES ACCEPTED THIS PROPOSAL. RUSSIA THEN ANNOUNCED THAT BELGRADE WOULD BE UNAVAILABLE FOR THE CONFERENCE OPENING JULY 30 AND ASKED FOR THE MEETING TO BE HELD SOMEWHERE ELSE IN EASTERN EUROPE.

THE YUGOSLAV GOVERNMENT THEREUPON REVERSED THE FIELD AND ANNOUNCED THAT IT WOULD LIKE THE CONFERENCE TO BE HELD AT BELGRADE, WHICH ALL THE COUNTRIES FINALLY AGREED TO. THIS WAS THE FIRST EVIDENCE OF A LACK OF THE CLOSEST POSSIBLE UNDERSTANDING ON ALL ISSUES BETWEEN RUSSIA AND ONE OF THE SATELLITE GOVERNMENTS.

JUN 1948

GERMANY

BY JOHN M.HIGHTOWER

WASHINGTON, JUNE 28-(AP)-THE UNITED STATES RUSHED A FLEET OF HUGE CARGO PLANES TO GERMANY TODAY TO HELP BREAK A RUSSIAN BLOCKADE OF GROUND TRANSPORT TO WESTERN BERLIN.

AS FOOD SUPPLIES DWINDLED FOR 2,000,000 BERLINERS, DIPLOMATS PREDICTED THE WESTERN POWERS SHORTLY WOULD MAKE A DIRECT DEMAND ON THE KREMLIN TO LIFT THE TRAFFIC NOOSE FROM THEIR SECTORS.

AIR FORCE HEADQUARTERS ANNOUNCED HERE LAST NIGHT THAT ABOUT 39 OF THE BIG FOUR-ENGINE C-54 FLYING BOXCARS HAD BEEN ORDERED TO GERMANY TO HELP FERRY FOOD AND OTHER URGENTLY NEEDED SUPPLIES INTO THE AMERICAN SECTOR OF BERLIN.

THE ACTION GAVE ONE MORE INDICATION OF THE DETERMINATION OF THE UNITED STATES, ALONG WITH BRITAIN AND FRANCE, TO STAND FAST AND RESIST SOVIET EFFORTS TO BLOCK RAIL, HIGHWAY AND CANAL TRANSPORT INTO THE CITY.

OFFICIALS HERE INTERPRET THE RUSSIAN ACTIONS AS DESIGNED PRIMARILY TO FORCE THE THREE WESTERN POWERS OUT OF BERLIN AND THEN CONVERT IT INTO THE COMMUNIST-CONTROLLED CAPITAL OF AN EASTERN GERMAN STATE.

A BRITISH FOREIGN OFFICE SPOKESMAN SAID YESTERDAY IN LONDON THAT THE WESTERN NATIONS WERE CONSIDERING A DIRECT "APPROACH" TO MOSCOW, EVIDENTLY IN AN EFFORT TO OBTAIN AN ORDER FROM PREMIER STALIN WHICH WOULD REVERSE THE SOVIET POLICIES IN BERLIN AND EASE THE HIGHLY DANGEROUS SITUATION DEVELOPING THERE.

STATE DEPARTMENT OFFICIALS HAD NO COMMENT ON THE BRITISH STATEMENT.

THE LONDON SPOKESMAN DID NOT MAKE CLEAR WHAT FORM THE "APPROACH" WOULD TAKE, WHETHER IN A SINGLE NOTE OR THREE SIMILAR NOTES.

HOWEVER, ARGUMENTS THE THREE POWERS HAVE MADE TO DATE AGAINST THE RUSSIAN ACTIONS INDICATE THE APPROACH PROBABLY WOULD BE BASED ON TWO MAJOR POINTS.

1. THEY COULD ARGUE THAT UNDER AGREEMENTS MADE AT THE END OF THE WAR THE WESTERN POWERS WERE ACCEPTED BY RUSSIA WITHOUT QUALIFICATION AS JOINT OCCUPANTS OF THE CAPITAL OF DEFEATED GERMANY. THEIR RIGHT TO BE IN THE CITY, THEY MAY ALSO ARGUE, INCLUDES THE MORE SPECIFIC RIGHT TO TRANSPORT FOOD AND OTHER SUPPLIES THROUGH THE SOVIET ZONE AND THAT THE RUSSIAN ZONE COMMANDER HAS NO LEGAL POWER TO DENY ACCESS.

30.24- 18783

A4WX

2. THEY MAY WARN MOSCOW IN STIFF TERMS THAT THE SOVIETS HAVE CREATED A POWDER KEG IN BERLIN AND MUST BEAR FULL RESPONSIBILITY FOR THE CONSEQUENCES IF THEY PERSIST IN THEIR PRESENT COURSE.

DIPLOMATIC SPECULATION ON THE RUSSIAN RESPONSE TO SUCH A NOTE GIVES HIGH PRIORITY TO THE POSSIBILITY THAT THE KREMLIN MAY PROPOSE A NEW MEETING OF THE COUNCIL OF FOREIGN MINISTERS TO TRY TO IRON OUT THE DIFFICULTIES.

SUCH A MEETING WAS URGED LAST WEEK BY A CONFERENCE OF THE EASTERN BLOC NATIONS AT WARSAW WHICH SOVIET FOREIGN MINISTER MOLOTOV ATTENDED.

THE UNITED STATES GOVERNMENT, HOWEVER IS COOL TO THE IDEA BECAUSE OFFICIALS HERE SEE LITTLE CHANCE OF MAKING ANY SUBSTANTIAL PROGRESS TOWARD SETTLEMENT OF MAJOR GERMAN ISSUES UNTIL THE WHOLE EUROPEAN PICTURE HAS BEEN CLARIFIED SOMEWHAT THROUGH THE MARSHALL PLAN RECOVERY PROGRAM AND RELATED DEVELOPMENTS.

BY THE ASSOCIATED PRESS

PREMIER MARSHAL TITO, YUGOSLAVIA'S STRONG-MAN COMMUNIST LEADER, AND HIS TOP HENCHMEN WERE ACCUSED YESTERDAY (MON.) BY THE COMINFORM OF TAKING STANDS "UNWORTHY OF COMMUNISTS." THEY WERE TOLD BLUNTLY EITHER TO FOLLOW THE RUSSIAN LINE OR QUIT THEIR JOBS.

AT LAKE SUCCESS, JAN PAPANEK, ANTI-COMMUNIST CZECHOSLOVAK, SAID TITO MIGHT BE KILLED BY THE COMMUNISTS IN THE SURPRISING ABOUT-FACE ATTITUDE TOWARD YUGOSLAVIA'S LEADERS.

THE COMINFORM ATTACK WAS CONTAINED IN A RESOLUTION ADOPTED THIS MONTH IN ROMANIA. THIS MEETING OF THE RUSSIAN-FAVORED COMMUNIST INFORMATION BUREAU WAS NOT ATTENDED BY YUGOSLAV COMMUNISTS ALTHOUGH THEY WERE AMONG ITS FOUNDERS.

THE RESOLUTION CHARGED TITO AND HIS MEN OF FOLLOWING A HATEFUL AND SLANDEROUS POLICY TOWARD RUSSIA AND OF VEERING TOWARD WESTERN METHODS IN RUNNING THE COUNTRY.

IN WASHINGTON THERE WAS SPECULATION THAT TITO--MANY YEARS A STAUNCH COMMUNIST--MAY ALREADY HAVE BEEN FORCED OUT.

SOME THOUGHT HE MAY ALREADY HAVE BEEN SHOT OR ARRESTED. AMERICAN DIPLOMATS WHO KNOW HOW COMMUNISTS USUALLY OPERATE SAID TITO PROBABLY WOULD NOT HAVE BEEN PUBLICLY DENOUNCED UNTIL HE AND HIS AIDES HAD BEEN "ATTENDED TO." THERE WAS NO CONFIRMATION OF THIS FROM THE YUGOSLAV CAPITAL. DISPATCHES FROM BELGRADE SAID IT WAS BELIEVED TITO IS AT HIS SUMMER HOME IN BLED.

THE COMINFORM RESOLUTION ACCUSED TITO AND HIS MEN OF TAKING AN "ENTIRELY WRONG POLICY ON THE PRINCIPAL QUESTION OF FOREIGN AND INTERNAL POLITICS."

THEY MUST MAKE A "TRUE RETURN TO MARXIST POLICY" OR A CHANGE OF LEADERS IN YUGOSLAVIA MUST FOLLOW, IT ASSERTED.

THE RESOLUTION WAS PUBLISHED IN THE OFFICIAL COMMUNIST PARTY NEWSPAPER RUDE PRAVO IN PRAGUE, CZECHOSLOVAKIA. THE RESOLUTION WAS SIGNED BY A.ZHDANOV, A MEMBER OF RUSSIA'S POWERFUL POLITBURO.

DESPITE CONJECTURE THAT TITO MAY ALREADY HAVE FALLEN, A HIGH YUGOSLAV DIPLOMATIC SOURCE IN ROME TOLD A REPORTER THAT THE PREMIER "STILL IS IN POWER IN YUGOSLAVIA."

TO PERSONS FAMILIAR WITH POLITICAL CIRCLES IN BELGRADE THE HARSH ATTACK CAME AS A SHOCK. THEY RECALLED HOW CLOSE TITO, HIS AIDES AND RUSSIAN REPRESENTATIVES HAVE BEEN. THEY POINTED OUT, HOWEVER, THAT THERE MAY HAVE BEEN TWO BREACHES CREATED BY TITO'S POLICY:

HIS STRONGLY NATIONALISTIC PROPAGANDA LINE, AND THE CONTINUED SHRUGGING OFF OF SUGGESTIONS THAT RUSSIA HAD ANYTHING TO DO WITH THE COUNTRY.

THESE PERSONS ALSO POINTED OUT THAT IT MIGHT BE A TOUGH JOB TO UNSEAT THE ENTRENCHED TITO WITHOUT VIOLENCE.

Yugos Blast Red Charges As 'Absurd Lies, Slander'; Tito's Fate Still Mystery

CONFIDENCE IS KEY TO RUSSIAN TIES, BELGRADE WARNS

'Direct Contact' with Moscow Seen Needed to Iron Out Differences.

COMINFORM ASSAILED

Rumors Fly About Disorders But Yugoslav Capital Is Reported Calm.

BELGRADE, Yugoslavia, June 29—(AP) In angry defiance, Yugoslavia's Communist Party accused the Russian-led cominform tonight of lies and slander. It declared firmly its relations with Russia "must be based on confidence and not on spying."

This in general was its 10,000-word answer to the cominform's condemnation of Premier-Marshal Tito's regime and its call upon "loyal" Yugoslav communists to overthrow the country's leaders unless they mend their "nationalistic ways."

Harsh Language Used

With language unpreceedentedly harsh for exchanges between communist comrade countries, the Yugoslav party denounced as absurd a long list of cominform charges, ranging from hostility toward Russia to attempts to curry favor with western nations.

"Among the most serious slanders against Yugoslavia," the statement said, was a charge of dealings with powers outside of the Soviet bloc.

"Assertion that Yugoslav leaders are preparing to make concessions to imperialists—and now bargain with them on the independence of Yugoslavia—are completely fabricated," it said.

The sharply-worded Yugoslav answer was tempered only by a declaration that "direct contact" between the Bolshevik party of Russia and Yugoslav party organization is necessary to iron out differences.

"Only in such a way will there be a solution," the statement said.

"The central committee of the Communist Party of Yugoslavia needs the help of Russia," it added.

But this apparent willingness to conciliate the differences was advanced without a sign of knuckling under to Russian pressure.

One by one, the statement denied the cominform's accusations that Yugoslavia has strayed from the party of Marxism and from close cooperation with the communist countries into the errors of nationalism.

It claimed, moreover, that those accusations were laid down without Yugoslav communists having been given a chance to defend themselves.

"A historic injustice has been done," the Yugoslav reply said, "and this will be taken advantage of by imperialistic enemies for propaganda and slander."

Take Issue With Politburo

The reply even took issue with the all-powerful Russian Politburo, moulder of Soviet strategy.

"The Bolshevik Politburo did not wish to discuss the subject and does not try to put away the lies about" the governing central committee of Yugoslavia's communists, the reply said.

It complained that neither the magazine published in Belgrade by the Communist International Information Bureau (Cominform) nor the Soviet press ever print facts about "the enormous successes of Yugoslavia in its work on reconstruction and socialization and the five-year plan. They should not be silent when facts prove it."

While rejecting the charges, the committee called upon party members to close their ranks even tighter and to exert more effort to continue building up socialism in the country.

Belgrade was calm. There was not the slightest outward manifestation of the angry political atmosphere.

Clashes Reported

(Reports from the Greek side of the border said machinegun and mortar fire was heard in Yugoslavia Monday night. Greek informants received unconfirmed reports of a battle between Yugoslav units.

(Other unconfirmed reports printed in Rome said Soviet troops crossed the Danube into Yugoslavia a few miles from Belgrade, and other Soviet troops moved toward Belgrade through Serbia.)

The first charges against the Yugoslav party, the reply said, were made by the central committee of the all-union (Bolshevik) Communist Party in a letter dated March 20.

This letter notified Yugoslavia that the other members of the Cominform had been told of the charges without notifying Yugoslavia's central Communist Party about them.

The statement said Hungary later supported those charges and that Yugoslavia still later received similar letters from all other Cominform members except Italy and France.

The Cominform is composed of Communist representatives from Russia, France, Italy, Bulgaria, Romania, Poland, Hungary, Czechoslovakia and Yugoslavia.

The "all-union" Communist Party members accepted the attitude of their central committee "before having heard the opinion or any argument to the contrary" on the part of the Yugoslav party, said the Yugoslav statment.

Tito's whereabouts remained a mystery. One report said he returned here yesterday from Bled, a summer resort in Slovenia. Another report had him in Moscow.

Morning newspapers did not carry the Cominform statement lambasting Tito and his principal Communist aides. But the news seeped through the city by grapevine.

There appeared to be no foundation for rumors of martial law, troop movements or other events out of the ordinary. An Italian radio report that martial law was declared in Yugoslavia was denied here.

Daily life continued here as usual. There were no indications of extra security measures. The government appeared to be in complete control of the situation.

The Yugoslav Communist newspaper "Borba" published on its front page an account of a Communist party conference in Zagreb, Yugoslavia, where delegates were elected to a later party congress to be held July 21. The story was printed under pictures of Lenin, Stalin and Tito.

This newspaper also published an article from "Izvestia," the Russian government newspaper, on the Eastern Foreign Ministers' meeting in Warsaw where Yugoslavia was represented.

The article was printed under the heading: "Warsaw statement represents document of the struggle for peace and security of Europe."

[The foreign ministers from Russia and seven of her satellites met in Warsaw about the same time the Cominform met in Romania. Yugoslavia was not represented at the Cominform session. The Warsaw meeting called for four-power agreement on an all-German government.]

grade to Prague said this was emphatically denied in the Yugoslav capital.

The Belgrade correspondent of the Associated Press said there was a report that martial law was declared around Nis, near the Bulgarian border, to allow police and soldiers to evacuate persons from a flood zone. The report could not be confirmed because of poor communications.

Statement Due

The Yugoslav Communist headquarters referred Belgrade reporters to the Government Press Department for an official elease tonight concernin gthe Cominform utterance. There was no indication whe the statement would be issued. Nor was it apparent whether the statement would be definance, denial of guilt or capitulation with a promise to behave.

The Belgrade correspondent of the Associated Press telephoned Paris that rumors were rife there about the whereabouts of Marshal Tito, absent from the news for some time. One story circulated that Tito returned yesterday to Belgrade from his summer palace in Bled. Another placed him in Moscow. Top Yugoslav leaders who would know where he is kept silent.

The Cominform had accused Tito and other Communist leaders of pursuing a hateful policy toward Russia, leaning toward the Western powers, conducting a "wrong" foreign and domestic policy and departing from the Marxist-Leninist line.

Crisis May Furnish Excuse For Russ Army Invasion

London, June 29 (AP)—American diplomatic sources in Rome said today Russia may be building up a case to send troops to Yugoslavia.

The Kremlin-ruled Cominform denounced the Communist rulers of the Balkan country yesterday. Premier Marshal Tito, his whereabouts still a mystery, was castigated by name and told in effect either to adhere to the party line or be replaced. Tanjug, the official Yugoslav news agency, said it expected a statement from Tito today. The Italian radio said martial law was declared in Yugoslavia, but a dispatch telephoned from Bel-

JUN 1948

Belgrade Is Quiet

[A dispatch from Belgrade said there appeared no foundation tonight for rumors of troop movements, martial law or other vents in Yugoslavia out of the ordinary. For Belgrade, outwardly at least, it was a quiet summer afternoon.

[A dispatch from Kozane, in northern Greece, said heavy machine-gun and mortar fire was reported last night from inside Yugoslavia north of Florina. The account said reliable sources in Florina confirmed the report this afternoon.

[The informant said a big battle was believed underway between Yugoslav units near the Greek frontier. The same source relayed an unconfirmed report that a Yugoslav battalion was ready last night to cross into Greece and seek refuge.

[*Glas*, the only afternoon newspaper in Belgrade, carried no mention of the Cominform attack or any indication of the crisis for the country's leaders. Its main article was the report of greetings from a congress of "builders of the new Belgrade" to the central committee of the Communist party. Morning papers also ignored the attack, but the news spread by word of mouth.]

The Yugoslav Communist organ, *Borba*, published on its front page an account of a Communist party conference in Zagreb, where delegates were elected to a later party congress. The story was carried beneath portraits of Lenin, Stalin and Tito.

"Struggle For Peace"

It also published an article from *Izvestia*, the Russian Government newspaper, concerning last week's Foreign Ministers' meeting at Warsaw, where Yugoslavia was represented. The article was printed under the heading: "Warsaw Statement Represents Document of the Struggle for Peace and Security of Europe."

[The Warsaw meeting of Foreign Ministers from Russia and seven Soviet satellites was held at about the same time the Cominform met in Romania. Yugoslavia was not represented at the Cominform session. The Warsaw conference called for a provisional, peace-loving, all-German Government.]

Belgrade dispatches yesterday said Tito was believed to be at his summer palace at Bled in the north. He usually spends June there. A former Czechoslovak delegate to the United Nations said he thought Tito is dead. A high Yugoslav diplomat in Rome said Tito still is in power. The fact remained that weeks had elapsed since the strutting marshall, once a general in Russia's Red Army, had appeared in the news.

JUN 1-1948

Surprise From Prague

The Cominform blast came with unexpected suddenness and surprise yesterday from Prague. The opinion there was that the Cominform in effect had said to Tito:

"You have done wrong. Confess and do better, but we don't think you can."

The Cominform ostensibly is only a Communist information bureau without disciplinary power so far as is known. But since the Russians control the Cominform, it is evident they can force Tito out of the Cominform, out of the party and out of Yugoslavia if they choose.

Communists in the past who have been chastised by Russia customarily have denounced themselves, left the party in shame and given the reins to others. The denunciation of Tito and his lieutenants was criticism as heads of the Yugoslav Communist party. But they also are heads of the Government.

An "Open Secret"

French Communists said Tito's "heresy" had been an open secret among leaders of the party throughout Europe for weeks.

The fact remained that it was the first open quarrel to erupt behind the iron curtain among the bloc of eastern European states that Russia dominates. Yugoslavia had been considered one of the most ardent of the new Communist regimes.

American diplomats in Rome said official circles are giving close attention to the Cominform's utterance. One charge in the 3,000 words of denunciation was that Yugoslavia had allowed "defamation of Soviet military specialists and the discredit of the Soviet Army."

"This alleged interference with Russian military representatives may have interesting repercussions," one American diplomatic informant said. "Soviet troops might be sent in with the excuse of bringing about public order. It is clear that Marshal Tito has not been knuckling down."

Economic Causes

Informed economic sources, close to the European Recovery Program organization in Italy, said it is "more than likely that worsening economic conditions and a very strong desire by many Yugoslav circles to receive Marshall plan benefits contributed to the breach between Tito and Moscow."

Divided Europe watched Yugoslavia to see if Tito can hold his war-won rule in the face of stern Russian-led ire at his policies.

Tito obviously was on a diplomatic hot spot. Diplomatic sources in Warsaw said there are strong indications the Cominform's headquarters may be moved from Belgrade to Warsaw, which is closer to Moscow anyway.

Some sources in western Europe interpreted the development as the first evidence of a break in Communist ranks and the first major payoff of the Marshall aid program.

Speculative Range

Speculation ranged all the way from the Stockholm liberal *Tidningen's* assertion that "the iron curtain is crumbling" to the London *Telegraph's* cautious admonition against attaching "undue importance to these domestic quarrels."

An official British source said the Cominform statement "proved the Cominform is an instrument of the Kremlin" and "has shed all pretense of being an information bureau."

The Briton said the Cominform now has emerged as "a Communist body with international executive and disciplinary functions." He cited the statement as evidence of "the degree of interference in the internal affairs of countries behind the iron curtain."

JUN 194

July 21 Meeting

The Prague Radio said at noon that "the July 21 meeting of the Communist party of Yugoslavia will be an important day in the history of that country."

Rude Pravo, the Prague Communist paper, said the semi-monthly organ of the Cominform which stands "for a lasting peace and world democracy" will be printed henceforth in Czech as well as in Russian, English, French and German, and distributed in Prague.

Rude Pravo, which broke the story, increased its press run five per cent to get the Cominform statement around the country. The rest of Prague newspapers carried not a line. Precedence was given the party organ until an official communiqué was issued this morning to other newspapers.

Hint At "Accident"

The Copenhagen *Aftenbladet* speculated that "an accident may already have occurred to Marshal Tito as has happened in other countries under similar circumstances."

The Independent *Messaggero*, of Rome, printed an editorial called "The Curtain Rises." It said the economic and financial situation of Yugoslavia—"aggravated by exclusion from the Marshall plan"—was a factor in the woes of Tito.

The London *Times* said nothing "so destructive of Communist unity" has occurred since the expulsion of Trotsky by the Bolsheviks.

"It is hard indeed to see how the present leadership in Yugoslavia can survive," the *Times* went on.

"Slav Big Brother"

The London *Telegraph*, in cautioning against anticipating an outright break between Russia and Yugoslavia, said:

"The Slav big brother is very big and powerful. At the same time, they (the developments) indicate that Russian influence even in the satellite states is not impregnable."

The independent leftist *Franc-Tieur* of Paris speculated that the Cominform communiqué was held up for ten days and then published "only because the possibility of compromise had been exhausted."

L'aube, the newspaper of French Foreign Minister Georges Bidault, said "the defection in Belgrade shows the deep incompatibility between bolshevism and love of one's country. This is a decision every patriot must make sooner or later."

A "Little Despot"

The Amsterdam newspaper, *De Volkskrant*, contended the outcome means little to the Yugoslav people. The newspaper said the Yugoslavs have a choice between "subjugation by a little despot under the supervision of the Kremlin, or by an independent, equally despotic leader who only disagrees with the headquarters on the rate and measure of servility."

United States Ambassador Lewis Douglas and British Foreign Secretary Ernest Bevin talked about the Yugoslav development. They made no announcement. The impression prevailed in British Government circles that Bevin and other leaders in the Foreign Office are gleeful.

Italian sources in the Free City of Trieste expressed concern lest Russian troops enter Yugoslavia and roll up to the border of the free territory. Pro-Italians there reasoned that Russia might prefer outright control of Yugoslavia to its present status as a buffer state.

Difficulties Cited

The opinion was expressed in Trieste that the overthrow of Tito by Yugoslav Communists would be extremely difficult even with military assistance from Russia.

At Lake Success, Dr. Jan Papanek, former Czech United Nations delegate, expressed belief that Tito may be in grave personal danger, while high United States diplomatic officials in Washington expressed the opinion that the Yugoslav marshal and his associates may already have been "taken care of."

By "taken care of," they meant Tito may have been dropped as head of Yugoslav's Government, or merely "immobilized" for a period of thinking and repentance—or liquidated.

The Cominform denunciation singled out for criticism, in addition to Tito, Vice Premier Edvard Kardelj, one of the Cominform founders; Milovan Djilas, Minister for Montenegro, a Yugoslav state, and Lieut. Gen. Alexander Rankovic, Minister of Interior and head of Yugoslavia's police force.

Andrei A. Zhdanov, a member of the Politburo in Russia and rated one of the three most powerful men in the Soviet Union, signed the denunciation.

Rumors of trouble and of the Cominform meeting have been circulating for some time, but *Rude Pravo's* publication was the first definite word of what was going on.

First signs of dissension inside Yugoslavia were seen when Sreten Zujovic and Andrea Hebrang, former Ministers in the Government, were purged. Cominform said they were thrown out of the party "because they had dared to criticize the anti-Soviet conceptions of the leaders and to express themselves for the friendship of Yugoslavia with Soviet Russia."

Rumors Of Troop Activities Follow Denunciation Of Tito

London, June 29 (AP)—Yugoslavia appeared today headed for a showdown with Soviet Russia over the leadership of Marshal Tito.

Unconfirmed reports arose ranging from fighting already going on inside Yugoslavia to rumors of Soviet troop movements toward the Yugoslav capital.

Belgrade dispatches said Marshal Tito's whereabouts remained a mystery. One report said Tito, once the darling of Moscow, returned to Belgrade yesterday from his summer palace at Bled. Another said he had gone to Moscow. Government leaders who would know were silent.

Here were some of the other rumors swirling around Europe:

1. A report from Kozane, Greece, said heavy machine gun and mortar fire was heard last night inside Yugoslavia, north of Phlorina. Reliable sources in Phlorina heard the same report. One source said it was believed a big battle was under way between Yugoslav units near the Greek frontier. This source heard an unconfirmed report that one Yugoslav battalion was ready last night to cross the Greek border and seek refuge.

2. In Rome, the Conservative newspaper *Momento Sera* printed an unconfirmed report from Vienna that Soviet troops from Romania had crossed the Danube River into Yugoslavia. The supposed troop movement was said to have taken place across newly built Danube bridges at a point only a few miles from Belgrade.

3. Rome also heard a rumor that Soviet troops were advancing from Bulgaria through Serbia toward Belgrade.

4. Rome's press came up with the name of Tito's possible successor. Moshe Piyade, identified as an old-guard Yugoslav Communist, will be the man who will try to wrest power from the marshal who made his name fighting the Nazis, said *Il Giornale Della Sera*. *Giornale's* report gave no souce.

City Outwardly Normal

Dispatches from Belgrade said, however, that everything was outwardly normal in the Yugoslav capital, and that the Government appeared to be in perfect control.

The dispatches said there appeared to be no basis for the rumors circulating abroad about a proclamation of martial law, troop movements or other events out of the ordinary.

American diplomatic sources in Rome suggested, however, that Russia may be "building up a case to send troops into Yugoslavia" by attacking Tito. Said one informant: "Soviet troops might be sent in with the excuse of bringing about public order."

Predicts Important Day

The Prague radio commented without elaboration that the July 21 meeting of the Yugoslav Communist party "will be an important day in the history of that country." Presumably the radio meant that the party then may be called upon to decide whether it will continue to string along with Tito.

In western capitals, elation over Moscow's falling out with Tito was general—but tempered with caution. As the London *Telegraph* put it: "The big Slav brother is very big and very powerful."

Forecasts were common that Yugoslavia eventually would hew to the line, with or without Tito.

The Moscow radio kept the heat on with a broadcast of the full text of the Cominform communiqué published yesterday in Prague's Communist newspaper *Rude Pravo* The other satellites offered loyal support to the Kremlin.

"Sound Communist forces in Yugoslavia will triumph," the Bulgarian Communist newspaper in Sofia headlined a long editorial.

Southern Anchor Of Line

Observers here noted that Yugoslavia, as a member of the Soviet bloc, has served as the southern anchor for the Communist line stretching from Stettin on the Baltic to the Adriatic. It has been the most powerful, militarily, of any of the Communist alliance except the Soviet Union itself.

With a shift in sides, the Communist bloc would relinquish much of its present strategic position for applying pressure on Austria to the north, Greece to the south, a dominating base on the Adriatic and a possible stepping stone to the Mediterranean.

On the other hand, establishment of unquestioned Russian control over Yugoslavia might serve to increase that pressure on the neighboring countries. It conceivably would silence moderating influences in Yugoslavia anxious for Western economic help for reconstruction.

Excerpts From Yugoslav Rebuttal to Indictment by the Comintern

LONDON, June 29 (AP)—Following are excerpts from the Yugoslav Communist party's communiqué on the Communist Information Bureau's charges against it, as recorded from the Belgrade radio by Tanjug, the official Yugoslav news agency:

The Information Bureau's resolution on the "position in Communist party of Yugoslavia" has, as can be seen from it, this history:

Its basis is formed by letters of the Central Committee of the All-Union Communist party (Bolshevik) [this is the Communist party of the Soviet Union] addressed to the Central Committee of the Communist party of Yugoslavia.

The first letter dated March 20, this year, in which the Central Committee of the All-Union Communist party (Bolshevik) set forth their charges against the Central Committee of the Communist party of Yugoslavia, the Central Committee of the All-Union Communist party (Bolshevik) was simultaneously sent to all parties, members of the Information Bureau, without the Central Committee of the Communist party of Yugoslavia being informed about it.

Subsequently through the Central Committee of the All-Union Communist party (Bolshevik), there came a letter from the Central Committee of the Communist party of Hungary which in full supported the attitude taken by the Central Committee of the All-Union Communist party (Bolshevik). The letter of the Hungarian Central Committee was also sent to other parties. Afterward the Central Committee of the Communist party of Yugoslavia received similar letters from other parties—members of the Information Bureau, excepting the Italian and French.

The Central Committe of the Communist party of Yugoslavia points out that the aforesaid parties have accepted in substance the attitude of the Central Comimttee of the All-Union Communist party (Bolshevik) before having heard the opinion or any argument to the contrary on the part of the Central Committee of the Communist party of Yugoslavia.

After the aforesaid letter on the part of the Central Committee of the All-Union Communist party (Bolshevik) and of the foresaid letter of the other Central Committees, as well as after the reply of the Central Committee of the Communist party of Yugoslavia to the Central Committee of the All-Union Communist party (Bolshevik), the Central Committee of the Communist party of Yugoslavia received other letters from the Central Committee of the All-Union Communist party (Bolshevik) dating from the fourth and twenty-second of May which were more or less on the line of the first letter.

Resolution Called Recapitulation

The resolution of the Information Bureau on the position in the Communist party in Yugoslavia is in the main a recapitulation of the letters of the Central Committee of the All-Union Communist party (Bolshevik).

In these letters the Central Committee of the All-Union Communist party (Bolshevik) has accused the Central Committee of the Communist party of Yugoslavia and asks them to admit errors such as:

First, that leading personalities in the Communist party of Yugoslavia in words extol the U.S.S.R. while secretly they slander both the Soviet Union and the Central Committee All-Union Communist party (Bolshevik).

Second, that leading personalities of Yugoslavia slander the Soviet Army and that Soviet technicians are surrounded with enmity and Soviet citizens and Comrade Judin has been followed by organs of the state security.

Third, that party cadres have been placed under surveillance of the Ministry of the Interior, and that inside the party there is no democracy or criticism, but that a system of military leadership prevails.

Fourth, that the Yugoslav Government wished through its spy service to secure favors of imperialistic states, and to place itself under their control.

Fifth, that the party is diluted within the People's Front, and that it cannot be considered a Marxist-Leninist organization, and that it is being lulled by Bernstein, Bukharin and Foinarov's theory on peaceful fusion of capitalist elements in socialism.

Accusation on Neditch

Sixth, that an envoy of one of the big imperialist states acts in Yugoslavia as host and that friends and relatives of the hangman of Yugoslav peoples [Milan] Neditch easily find good positions in the state and the party apparatus of Yugoslavia.

Seventh, that Yugoslav leaders identify Soviet foreign policy with that of an imperialist state.

Eighth, that leading personalities of the Communist party of Yugoslavia have digressed from the Marxist-Leninist party relative to the leading role of the proletariat.

Ninth, that German parachutists routed 'Partisans' headquarters in Yugoslavia, that this was followed by a grave crisis in the National Liberation movement, and that the Soviet Army then came to assistance and liberated Yugoslavia and created conditions for the Communist party to come to power.

Tenth, that the Communist party of Yugoslavia did not cease boasting about its successes in the war, although it cannot boast of greater merits than the Communist parties of Poland, Czechoslovakia, Rumania, Hungary, Albania, Bulgaria, etc.

To these charges should be added those cited also in the resolution which will not specifically be given here.

Discussion Held Impossible

It can be seen from the statement which the Politburo of the Central Committee of the Communist party of Yugoslavia sent to the meeting of Information Bureau and which are enclosed here, the Central Committee of the Communist party of Yugoslavia could not carry on the discussion on the basis of such charges put forth by the Central Committee of the All-Union Communist party (Bolshevik) grounded on slanders, fabrications and the absence of knowledge of the situation in Yugoslavia.

Until the facts were ascertained and the untruths separated from the real principles of the objections either on the part of the Central Committee of the All-Union Communist party (Bolshevik) or any other Central Committee parties, members of the Information Bureau in connection with the publication of the mentioned resolution of the Information Bureau, Central Committee, Communist party of Yugoslavia, declared as follows:

1. The criticism expressed in the resolution is based on incorrect and unfounded assertions, and represents attempts to impair the prestige of the Communist party of Yugoslavia, both abroad and at home. It is aimed at creating confusion among the masses in the country and the international workers' movement, and weakening the unity of the Communist party of Yugoslavia and its leading role.

This is stranger when it is borne in mind that the Central Committee of the All-Union Communist party (Bolshevik) refused to confirm its assertions on the spot as was proposed by the Central Committee, Communist party of Yugoslavia, in their letter of April 13, 1948.

Absence of Proof Cited

2. The resolution, without giving a single proof, asserts that the leadership of the Communist party of Yugoslavia is conducting a hostile policy toward the Soviet Union. The contention that Soviet military specialists are belittled and that civilian technicians were subjected to shadowing by security organs is entirely devoid of truth.

During the entire period prior to their withdrawal, no single Soviet representative called attention in this respect to Yugoslav representatives. It is entirely false to say that any one of the Soviet representatives shadowed in Yugoslavia, and least of all Comrade Judin. This claim, and particularly the one pertaining to Comrade Judin, was aimed solely at discrediting the Communist party of Yugoslavia and its leadership in the eyes of members of other parties.

3. The resolution criticizes the policy of the Communist party of Yugoslavia with respect to the conduct of the class struggle, especially against the mutual policy of the Communist party of Yugoslavia.

This criticism is accompanied by well-known excerpts from Lenin's writings. The Central Committee of the Communist party of Yugoslavia stresses that in its policy of limiting capitalist elements in the countryside it is guided by quoted and similar passages in Lenin's writings, which also the drafters of the resolution, had they taken trouble to do so, could have read in published party documents and articles, and could have become convinced of the practical implementation of this policy.

That is why the accusations leveled in the resolution and by the Central Committee, All-Union Communist party (Bolshevik) are in fact only pounding on an open door and objectively, inescapably lead to the encouragement and backing of reactionary and capitalist elements in town and village and to creating confusion among the population as though blame for objective difficulties especially in supply in the period from the transition from capitalism to socialism.

To the contrary, our statement as set forth in the letter to the Central Committee of the All-Union Communist party (Bolshevik) of April 13, and which is founded on a series of statements by members of the Communist party of Yugoslavia made to their party organizations, as well as those of other citizens of our country since liberation to date, and which consists in that organization of the Soviet intelligence service ruthlessly tried to enlist them is correct.

The Central Committee of the Communist party of Yugoslavia considered and still considers that such an attitude to this country in which Communists are the party in power, and which marches to socialism, is an impermissible relationship, and leads to demoralization of the citizens of Yugoslavia. It weakens and undermines state and party executives.

The Central Committee of the Communist party of Yugoslavia considered and still considers that Yugoslav relationships toward the Soviet Union must be exclusively founded on a basis of confidence and sincerity. Abiding by these principles, the Yugoslav state organization did not even dream of following or exercising any control whatever over Soviet citizens in Yugoslavia.

* * * The Central Communist party of Yugoslavia holds that in assessing the policy of the Communist [redacted] of Yugoslavia and other p[redacted], party practice must be considered * * * namely, whether the party achieves or does not achieve successes in the struggle for socialist transformation of the country.

The Central Committee of the Communist party of Yugoslavia * * * refutes assertions that the leading factors of the Communist party of Yugoslavia are swerving onto the road to a kulak party, on the road of liquidation of the Communist party of Yugoslavia, that there is not democracy in the party, that methods of military leadership are being fostered in the party, that party members' essential rights are violated and that mildest criticism of incorrectness in party is met with severe repercussions, etc.

Accusations Regarded as "Insults"

Would party members who in thousands of battles faced death fearlessly tolerate in the party a situation unworthy of both men and Communists? Assertions that there can be no criticism in the party and similar ones are terrible insults to every member of our party * * *.

The People's Front of Yugoslavia is fighting in practice for socialism, which undoubtedly could not be the case if "all kinds of political groups" played any serious role in it—bourgeoise parties, kulak, tradesmen, small manufacturers and similar elements, as it is stated in the resolution * * *.

It is monstrous to rebuke a central committee of the Communist party, which in war lost ten of its members for having in their places co-opted seven comrades mainly from ranks of candidates to the Central Committee of the Communist party of Yugoslavia.

The Central Committee of the Communist party of Yugoslavia rejects as ridiculous * * * all allegations on illegality of the Communist party of Yugoslavia and considers that it, in addition to all else, is confirmation of the lack of understanding for the form of work of the Communist party of Yugoslavia under given conditions and circumstances * * *.

5. The Central Committee of the Communist party of Yugoslavia rejects as unworthy accusations that inside the Communist party prevails a Turkish regime and that Yugoslavs concealed before their party and people the real causes of squaring accounts with Comrades Hebrang and Zujovitch. The Central Committee of the Communist party of Yugoslavia could not make public letters from the Central Committee of the All-Union Communist party (Bolshevik) since this was not done by the latter itself. However, the active Communist party of Yugoslavia is acquainted with contents of the letter from the Central Committee of the All-Union Communist party (Bolshevik) and the entire party membership is acquainted with the Hebrang and Zujovitch case.

"Absurd" Charges Rejected

The Central Committee of the Communist party of Yugoslavia cannot but express their surprise at the fact that representatives of the party's members' information bureau could attempt to plead a defense of Hebrang and Zujovitch without asking the Central of the Communist party of Yugoslavia for particulars. * * *

The Central Committee of the Communist Party of Yugoslavia rejects as absurd allegations that lately Yugoslavia, with great haste and out of demagoguery, repressed measures for nationalizing small industry and small trades. These measures were in fact prepared as far back as six months preceding the mentioned accusations for the Central Committee of the All-Union Communist Party (Bolshevik) against the Central Committee of the Communist Party of Yugoslavia, and are the result of a strengthened and developing Socialist sector.

* * * It is incomprehensible why an organ of the information bureau, as well as the Soviet press and that of some other parties, has lately failed to publish a single report of successes of economic construction in Yugoslavia, such as, for instance, measures for further weakening of capitalist elements, successes in realizing plan, mass pre-congressional competition of working class and working people rallied in the people's front, etc.

But facts remain facts. Glossing over them cannot hush up arbitrary and entirely unfounded criticism of the Yugoslav Government's economic policy and the line of the Central Committee of the Communist Party of Yugoslavia on economic matters.

The Central Committee of the Communist party asserts that not one of its leaders considers that Yugoslavia in its struggle for construction of socialism and safeguarding of independence does not need help of countries of people's democracy and the Soviet Union and only men who have lost all touch with reality could assert anything like it.

The Central Committee of the Communist party of Yugoslavia, however, finds it necessary to stress in this connection that this help and cooperation does not only depend on it but also in the countries of people's democracy and the U.S.S.R. * * *

Imperialist Tie Denied

Assertions that Yugoslav leaders are preparing to make a concession to imperialists—and now bargain with them on the independence of Yugoslavia—are completely fabricated.

They rank among the most serious slanders against Yugoslavia. The Central Committee of the Communist Party of Yugoslavia must, however, underline that party, and state officials in certain countries of people's democracy undertook a whole series of completely unprovoked acts which offend peoples of Yugoslavia, their state and state representatives and which lead to a weakening of mentioned cooperation, to injuring of relations with Yugoslavia.

The Central Committee of the Communist Party of Yugoslavia does not hold itself down in the future to pass over similar acts in silence. * * *

8. The Central Committee of the Communist Party of Yugoslavia does not consider that because it refused to discuss a state of which it is not guilty it has in any way injured the unity of Communist front.

Unity of this front does not consist in admitting as true fabricated and invented mistakes, and slanders, but on facts of whether the policy of a party is truly conducted on international lines or not.

However, it is impossible to pass in silence over fact that the Information Bureau shattered the principles on which it was founded and which provided for free will of each party with regard to the adoption of decisions.

The Information Bureau, however, not only presses leaders of Communist party in Yugoslavia to confess mistakes which they did not make, but invites members of the Communist party of Yugoslavia to revolt in the party, to break up the party's unit.

The Central Committee of the Communist party of Yugoslavia would never agree to have its policy discussed on the basis of fabrications, uncomradely relations, without mutual confidence.

Such a basis is not one of principle and in that and only in that sense did the Central Committee of the Communist party of Yugoslavia consider that it did not have equal standing in discussions and could therefore not accept them on such a basis.

Nationalist Line Disavowed

Furthermore, in view of the above, the Central Committee of the Communist party of Yugoslavia energetically refutes the charge that the Communist party of Yugoslavia has adopted a nationalist line with its whole internal policy, whereas particularly in the course of the struggle of national liberation, war and correct solution of the national question in Yugoslavia, the Communist party of Yugoslavia has proved exactly the opposite to be true.

With the mentioned unjust accusations, our party, our working class and working masses of Yugoslav peoples in general, as well as their selfless and heroic struggle, have been dealt the grossest historical injustice.

The Central Committee of the Communist party of Yugoslavia is fully aware that the accusations of the Central Committee of the All-Union Communist party (Bolshevik) against the Central Committee of the Communist party of Yugoslavia will be exploited by hostile propaganda with the aim of slandering the Soviet Union, Yugoslavia and other democratic countries. * * *

The Central Committee of the Communist party of Yugoslavia calls upon party members to close their ranks still further in the struggle for realization of party line policy and still further strengthening of party unity and calls upon working-class and other working masses rallied in the People's Front to continue with even greater determination the work of construction of our Socialist homeland.

That is our only way to prove in practice the injustice of mentioned accusations.

Britain Acts For Quick Okay Of Agreement On E.R.P.

London, June 29 (AP)—The Government moved today for quick approval of an agreement covering United States aid to Britain under the European Recovery Program.

Sir Stafford Cripps, Chancellor of the Exchequer, told the House of Commons only two days of debate will be allowed—next Monday and Tuesday.

As soon as the pact is approved it will be signed in a premidnight ceremony Tuesday.

Will Avoid Losing Share

Thus Britain will avoid losing any part of its share of Marshall plan funds, which will be cut off from nations failing to formalize a bilateral agreement with the United States before the flow of aid begins after July 3.

Since America's Independence Day falls on Sunday, the holiday will be celebrated this year on Monday, July 5. The British figure the aid program actually will not begin until Tuesday, July 6, and the hurry-up debate and signing will get them under the deadline.

Cripps told Commons the agreement requires Britain to exert every effort to achieve maximum recovery but "makes it quite clear that his Majesty's Government is the sole judge of how it shall use its best endeavors and as to what measures it shall adopt."

Budget Action Due

A clause which states that Britain will try to balance its budget, he said, refers to a balance in the long run and not necessarily to a balanced budget every year.

He said an exchange of letters will provide for "most favored nation" treatment for the British and United States occupied zones of Germany and Trieste.

This will entitle these areas to tariff preference for two and a half years.

3 U. S. Cruisers in Greek Ports

LONDON, June 29 (AP) — The United States Navy announced tonight the arrival of three cruisers at Greek ports. The warships are from units of the Sixth Fleet, now operating in the Mediterranean. After "brief calls," the cruisers will proceed to Turkey, the announcement said.

Gent To Be Relieved Of Job

London, June 29 (AP)—A British Government source said today that Sir Edward Gent will be relieved of his job of high commissioner of the Malayan Federation.

The British have blamed Communists for the unrest which has cost about 40 lives in Malaya in recent weeks.

'Our Shoulder Is Only One'

Paris, June 29 (AP)—At the end of the four-year Marshall plan, "we want to go home and go about our own business," Ambassador W. Averell Harriman, United States special representative in Europe, told a group of international trade union leaders today.

Harriman spoke at a meeting of the trade-union advisory committee for the European Reconstruction Program.

"Through the E.R.P., the United States is providing an added shoulder to move the wheel, but our shoulder is only one," he said. "Yours are many. From them must come the bulk of the effort."

Rumors Say Russ Invade

Rome, June 29 (AP)—The Conservative Rome newspaper *Momento-Sera* printed rumors today from Vienna that Soviet troops from Romania had crossed the Danube into Yugoslavia. There was no confirmation from any source.

The newspaper did not specify where it got its information. The report said the troops were reported to have crossed the frontier over a new bridge 40 miles from Belgrade.

Danes Signs Pact

Copenhagen, Denmark, June 29 (AP) — Denmark and the United States signed a bilateral Marshall aid treaty today. The text will not be published until after it has been ratified by the Danish Parliament, probably tomorrow.

SOVIETS MAY LIFT BERLIN BLOCKADE, COMMANDER HINTS

Hopes to End Tieup Before City's Food Runs Out, He Says.

ANSWERS BRITISH NOTE

UN Decides Against Considering German Crisis at This Time.

BERLIN, June 29—(AP) Soviet Marshal Vassily D. Sokolovsky held out hope tonight that the Soviet land blockade of Berlin may be lifted before the city's food runs out.

The Russian commander, replying to a British demand that he lift the blockade or take the blame for starving the German residents of the American, British and French sectors of Berlin, said he learned the city had food on hand to last for "several weeks."

"I hope that in this time we can have the trains running as usual," he said in a letter to the British commander, Gen. Sir Brian Robertson. The letter was made public by the Soviet licensed news agency ADN.

Watch for Air Violations

Sokolovsky intimated at the same time, however, that the Russians are sharply on the lookout for any violations of the air corridors in the great British-American effort to feed the city with sky-borne supplies.

He also served notice that the highway to Berlin from the west would remain closed indefinitely "to stop the illegal importation of currency from the western zones to Berlin."

The Russian commander expressed regret at Berlin's situation, ADN said, but argued that the Soviet clamp on communications was imposed to protect the Russian zone's economy in the wake of currency reform in the western zones of Germany.

JUN 1948 30.24- 18793

Sokolovsky said he "fully appreciated the energetic measures taken by the British and Americans to keep up the connection with the western zones by air."

"At the same time, I hope the flying regulations will be faithfully followed," he added.

Russian engineers are taking steps to repair the "technical damage" to the Helmstedt-Berlin railroad line, the only rail link supplying the city from western Germany, Sokolovsky said. When the Russians closed down this link, they said it was necessary because of such damage.

"I hope this important rail connection can again start to work as soon as possible," the marshal said.

Again Hits Currency Reforms

He then repeated that traffic restrictions were imposed because the Russians were confronted with the western zones' currency reform. This "made it imperative that measures be taken to safeguard the economy of the Soviet zone," he added.

The letter was made public only a few hours after the Berlin city council appealed to the United Nations to intervene in the city's crisis to forestall "urgent danger to world peace."

(At Lake Success, N. Y., Trygve Lie, secretary-general of the UN, decided against UN action in the Berlin crisis at this time.)

With 2,000,000 Germans facing an eventual starvation threat if the blockade of the three western sectors continues, the Soviet-sponsored socialist unity minority in the council opposed the resolution in the debate, arguing it would be "useless and without results."

(In Washington, the State Department cautiously suggested that

me for UN action had not yet d.)

In Copenhagen, Foreign Minister Gustav Rasmussen said the Danish government was still considering an informal request of Berlin municipal officials to present their appeal to the UN.

U. S. air force planes landed at Berlin's American airfield at eight minute intervals, in sun and rain, in an effort to stretch out present available food supplies in the western sectors until late July or early August.

The British Royal Air Force joined the air shuttle on an increasing scale.

Gen. Lucius D. Clay, American military governor, spent most of the day in conferences with William H. Draper, undersecretary of the Army, Lt. Gen. Albert C. Wedemeyer, the Army's director of plans and operations, and Gen. Sir Brian Robertson, the British military governor.

W. Averell Harriman, roving ambassador for the European recovery plan, arrived for conferences with Clay. He was accompanied by Michael Forrestal, son of James Forrestal, Defense Secretary.

Denounced As Inhumanity

The British military governor—just returned from a one-day trip to Copenhagen, Denmark—denounced the Russian food squeeze as "ruthless inhumanity unparalleled in the history of the world."

"The people of the world will condemn unhesitatingly this effort to gain political advantage by an attempt to starve the helpless," Sir Brian declared.

"The situation in Berlin is grave," he added.

The Soviet land blockade continued for the ninth day without sign of relaxation.

Food Barges Passed

Three more barges loaded with food passed into the Soviet zone for Berlin today, bringing to 26 the number the Russians have allowed to pass their controls since the blockade began. Whether this leak was due to creaky Soviet administrative machinery or because the Russians had not yet found a convenient excuse for stopping it, was not known. The British said they had no explanation.

The Russians have stopped railway freight on the grounds that repairs to the tracks are needed.

By early evening 75 United States cargo planes had brought in 182 tons of cargo of food for the Germans today. The western Berlin population, however, requires 2,000 tons of food a day and that much coal.

The RAF flew 25 planes into Gatow airport, eighteen of them carrying cargo.

RAF To Step Up Flights

A British spokesman said "the RAF plans on increasing the number of planes coming into Gatow daily."

An announcement last midnight by the Russian-controlled German news agency that the Russians were relaxing their restrictions to permit resumption of interzonal travel by Germans still remained to be confirmed by any action today. No traffic was being passed at Russian control points.

The Russians began to be pinched by their own blockade and had to send 36,000 tons of hard coal from Poland to make up for Ruhr coal cut off by the British.

American, British and French military governors will meet with German officials at Frankfurt tomorrow to discuss setting up a federal West German government.

Berlin Council Debates Plea To U.N.

Berlin, June 29 (AP)—The Berlin City Council appealed tonight to the United Nations to intervene in the Berlin blockade crisis.

The German governing body, faced with a threat of starvation to the 2,000,000 Germans in the western zone, said United Nations action might forestall the "urgent danger to world peace."

General Sir Brian Robertson, British military governor, denounced the Soviet blockade as "ruthless inhumanity." He said the Russians are trying "to gain political advantage by an attempt to starve the helpless."

Robertson conferred with Gen. Lucius D. Clay, United States military governor, who had spent most of the day talking with William H. Draper, Under Secretary of the Army, and Lieut. Gen. Albert C. Wedemeyer, United States Army director of plans and operations.

The Communist controlled Socialist Unity party served notice to the Berlin City Council it will oppose an appeal to the United Nations as "useless and without results." The party asserted the issue should be solved here in the moribund Allied Control Council, from which the Russians stalked March 20.

Russian Action

The Russians last week stopped rail service from the West through their occupation zone, which surrounds Berlin. They acted after the Western Allies had refused their dictate that only the Russian occupation currency be valid in Berlin. The Russians also were angered by the Western powers' decision to establish a separate government in Western Germany.

The United States, British and French military governors will meet with German officials tomorrow at Frankfurt to discuss the groundwork for the Western German regime.

W. Averell Harriman, roving ambassador for the European Recovery Program, arrived in Berlin tonight for conferences with Clay on ERP aid to Western Germany. He said the trip had no relation to the crisis caused by the Soviet blockade.

Robertson made his denunciation at a meeting of the German Zonal Advisory Council for the British zone at Hamburg.

Rebuff Seen

His strong language indicated he probably had received a rebuff from the Russians on his demand of last Saturday that they lift immediately their transport embargo on Berlin or take blame for starving 2,000,000 Berliners of the western occupation sectors.

Sir Brian said continuation of the blockade would constitute an act of ruthless inhumanity unparalleled in world history and would earn world condemnation.

"The people of the world will condemn unhesitatingly this effort to gain political advantage by an attempt to starve the helpless," he asserted.

He added that Britain's course in the Berlin crisis was firm.

"Threat To Peace"

A resolution presented to Berlin city parliament for adoption said the Soviet land blockade presents a "threat to international peace and security" which demands quick United Nations intervention.

It said 2,000,000 Germans in the American, British and French sectors were "doomed to physical ruin unless help comes quickly."

With the land and freight traffic still shut off, the United States Air Force was conducting its biggest postwar operation flying in emergency supplies for a German population now subsisting on one month's reserve stocks.

The RAF joined the United States Air Force in bringing emergency supplies for blockaded western Berlin.

Robertson had just returned from a one-day trip to Copenhagen and the British occupation zone of Germany.

U.N. Eyed

Frau Louise Schroeder, Berlin's Socialist Lord Mayor, said the city government had decided the United Nations was "the only institution to which Berlin can appeal in its present distress."

Frau Schroeder said the appeal would be communicated first to the chiefs of the four occupying armies and then transmitted to Lake Success through a neutral military mission, probably either Danish or Norwegian.

Frau Schroeder said the note as drafted could "not be considered an affront to any of the occupying powers"—meaning Russia.

Ruhr Coal Output Up

Essen, Germany, June 29 (AP)—Ruhr coal production has passed 300,000 tons a day for the first time since the end of the war, the British-American coal-control group said today. Yesterday's production figure was 308,845 tons.

Reich Again Warned On Army Training

Frankfurt, June 29 (AP)—United States Army headquarters instructed all Army commanders today to be on guard against any military training among displaced persons in American-occupied Germany.

The order followed unofficial reports that some young Jews in D.P. camps have been training for fighting in Palestine. Military Government law forbids such activity.

Since creation of Israel, several hundred Jews have left Germany to fight in Palestine. Jewish officials have denied there was any active military training of Jews in Germany.

Not Forrestal, But Son, Due In Reich

Frankfurt, Germany, June 29 (AP). The impending arrival of Defense Secretary James Forrestal's son, Michael, in Frankfurt caused reports here today that the Cabinet official was en route to Germany for talks with Gen. Lucius D. Clay.

Forrestal's 21-year-old son works in Paris for Ambassador W. Averell Harriman, E.R.P. representative in Europe. He is arriving at Frankfurt this afternoon with Harriman. They will go on to Berlin.

On the basis of information that a "Mr. Forrestal" was arriving, the public-relations office at Rhein-Main Airfield put out an announcement that "Secretary Forrestal" was arriving with Harriman. It was later withdrawn.

Austrians To Request Occupation Cost Cut

Vienna, June 29 (AP)—The Cabinet decided today to make another appeal to the Allied Council to reduce occupation costs. It said Austria is unable to pay them.

Dr. George Zimmerman, Minister of Finance, proposed an occupation tax, but the Cabinet decided on the appeal before enacting such a measure.

United States occupation forces in Austria have been paying their own way since last July.

Approval in Prague

PRAGUE, June 29 (AP)—The central committee of the Czechoslovak Communist party formally approved today the Cominform declaration attacking actions of Yugoslav Communists and their leaders.

Small-Holder Peasants In Hungary Are Worried

BUDAPEST, June 29 (AP).—The Cominform's anti-Tito blast came as no surprise to Hungarian political circles but it is worrying non-Communist members of this country's coalition government.

The Small-Holder peasants have been considered the solid basis of the state in Hungary as well as in Yugoslavia. Government circles, including Communist politicians, have used every opportunity to emphasize their determination to maintain the present system of individual farms, now condemned by the Cominform statement.

A great percentage of the Small Holders got their little farms in the Communist-sponsored land reform only two years ago.

It is almost certain that Hungary's Small Holder party will face great difficulty as a result of the Cominform statement. This party, once Hungary's greatest, is still a stronghold of Hungary's peasantry. If they accept the belief that individual estates and farms are a danger to democracy, this party's right to exist seems in question.

Bulgarian Reds Approve Cominform Blast at Tito

SOFIA, June 29 (AP).—The Bulgarian Communist party issued a communique today approving the Cominform resolution denouncing Premier Marshal Tito and other leaders in Yugoslavia.

The Communique said the Bulgarian Communist party expresses the "profound belief that amidst the Yugoslav Communist party and the brotherly Yugoslav peoples there will be found enough forces true to the principles of Marxism in order to be done with nationalist anti-Marxists and anti-Soviet tendencies."

It also recommended large-scale "clarification" meetings and activity in Bulgaria concerning the Cominform resolution. The communique was issued after a meeting of the Communist party leadership at which Premier Georgi Dimitrov presided.

Guerrilla Attack Beaten Back, Greeks Say

Athens, June 29 (AP)—The Greek general staff announced today a violent but unsuccesful attack by guerrillas a mile from the Bulgarian border.

Mounting rebel losses during the last 24 hours were reported by army units conducting their major offensive to oust the guerrillas from their stronghold around Mount Grammos in northwestern Greece.

The general staff said a strong guerrilla band "coming from Bulgaria" had attacked Exohi, a small village northeast of Drama in eastern Macedonia. After bitter fighting the Army repelled the attack and pursued the guerrillas toward the Bulgarian frontier, the communiqué said. Thirty-five rebels were reported dead on the battlefield.

Casualties Are Reported

The communiqué said 118 guerrillas were killed and 74 wounded in clashes with National forces in all sectors of Greece. Army casualties were given as 25 killed and 49 wounded.

The staff reported continuing clashes southwest of Nestorion, in northwestern Greece. The guerrillas were dislodged from several strong positions. In this area, 46 rebels were killed, while army casualties totaled seven killed and eighteen wounded.

The 2d Army Corps announced the capture of Prophet Elias Height, commanding strategic Amouda Ridge and northwest of Nestorion. It said fanatic guerrilla resistance on the ridge had halted the advance of the Government's 15th Division, but the troops were gradually reducing the rebel forces.

In Epirus, northwestern Greece, clashes continued in the Sarandoporos River Valley. Army units dislodged guerrillas from other well-defended positions, the communiqué said. Guerrilla casualties in this area were officially reported at 37 killed and twelve captured with army losses placed at eight killed and 23 wounded.

GREEK REBELS CUT MAIN SUPPLY LINK FOR 3 ARMY UNITS

ATHENS, June 29—(AP) A press dispatch said tonight two guerrilla brigades have severed one of the Greek army's main supply links. American construction men working on the road were forced to flee.

The attack severed all communications between Athens and Ioannina except by way of the island of Corfu, the dispatch said.

The dispatch, flown to the newspaper Embros from the fighting zone, said the communist-led guerrillas cut the road between Ioannina and Preveza. They have been attempting to slash this road for nearly three weeks.

The road is the main supply link for three divisions: The Ninth fighting northeast and east of Konitsa, the Eighth protecting Ioannina to the north and east and the 10th situated somewhere east of Ioannina.

Heavy Fighting Underway

Heavy fighting is under way 11 miles south of Ioannina, the dispatch said.

The guerrillas attacked the supply artery this morning, cutting telegraph lines and destroying and mining sections of the road.

The only wire communication said to remain between Athens and Ioannina was by way of the island of Corfu. Telephone operators in Athens said tonight the line to Ioannina was down and they could not get calls through.

Saboteurs were reported to have attacked Greek army posts north of Ioannina on the road to Konitsa, preventing the movement of an army unit northward.

Meanwhile, few reports filtered through from the Grammos area operations but it was known the army is making slow progress in squeezing a ring on some 7,000 guerrillas.

Army Capture Rebel Post

Earlier, it was announced Greek troops had captured Prophet Elias Height southwest of guerrilla-defended Amouda ridge in the Grammos area.

A communique said Markos Vafiades' guerrilla bands were driven from several other strong positions southwest of Nestorion on the eastern flank of the Grammos Mountain area, and from other well-defended positions in the Sarandoporos River Valley.

Eighty-three guerrillas were killed as against 15 Greek soldiers, the communique said.

The communique said guerrillas staged a violent but unsuccessful attack on the village of Exohi northeast of Drama, a mile from the Bulgarian frontier in eastern Macedonia. The communique said the guerrillas came from Bulgaria and suffered 35 killed before being chased back toward Bulgaria.

Only One Soviet Paper Printing Resolution

Moscow, June 29 (AP)—*Pravda* devoted its entire second page today to the Cominform resolution condemning the Yugoslave regime of Premier Marshal Tito. There was no editorial comment.

No other Moscow paper printed the resolution. *Pravda* is the organ of the Communist party.

Publication of the resolution and the spread it was given in *Pravda* alone were enough to create immediate nationwide interest in the Yugoslav situation.

Not Yet Indicated

The Russian people read with particular interest the suggestion that true Communists of Yugoslavia should find strength to force their denounced leaders to get back on the right path.

There were no indications in the Soviet morning press, however, that anything like this was happening so far. Unquestionably it is expected.

Pravda carried one dispatch from Belgrade but it was from the newspaper *Borba* in praise of the decision taken at Warsaw by Foreign Ministers on the German situation.

Mission Not Surprised

The news about Yugoslavia's leaders falling from favor came as no great surprise to foreign missions here. Informed American sources have been saying for some time privately that "something is going on" in Yugoslavia but had been unable to put their finger on it.

A number of Yugoslavs now are in the Soviet Union studying at engineering and other technical schools and, so far as could be learned, are carrying on as usual. Tito's son—for a while at least—was in this country as a student. His whereabouts was unknown. It was once reported he had married a Soviet girl.

Bombing Of Cities In China War Hit

Peiping, June 29 (AP)—A movement against bombing of Chinese cities in the civil war was started here today by 122 university professors and students.

They acted after the recent air attack by Government planes on Kaifeng in Honan province. A large number of civilians were reported killed.

One American professor, Robert Winter, of Tsinghua University, joined in the protest.

Peiping Urged As Capital

Peiping, June 29 (AP)—Vice President Li Tsung-jen said today the military situation in North China is safe. He advocated moving the national capital here from Nanking. It would help, he said, to perk up morale of the Army for its fight against Chinese Communists.

2 Japanese Officers Sentenced

YOKOHAMA, June 29 (AP)—Two former Japanese officers, Maj. Gen. Yoshitaka Kawane and Col. Kurataro Hirano, were sentenced today to be hanged for responsibility in the 1942 Bataan death march. Both were convicted by a United States Eighth Army tribunal. About 10,000 American and Filipino soldiers died in the Bataan march and 25,000 Filipinos died later at Camp O'Donnel.

2 Rebel Bands Capture Town In Malayan State

Singapore, June 29 (AP) — Two guerrilla bands striking from the Malayan jungle captured the town of Jerantut in Pahgna state last night.

The raiders set fire to the police station, then withdrew with at least five hostages, including a police officer, after shooting up the town, which lies 250 miles north of Singapore.

Reports said the bands invaded the police station and engaged in a pitched battle. The police capitulated when they ran out of ammunition.

League Shuts Branches

Meanwhile, headquarters of the China Democratic League today directed its branches throughout Malaya to cease functioning because of the state of emergency.

The emergency was proclaimed by Sir Edward on June 18 to halt a wave of terrorism allegedly caused by Communists.

The league, which claims a membership of 5,000, said suspending the branches was a temporary measure taken to "avoid any misunderstanding with the Government."

Arabs Eye Proposals For Peace

Cairo, June 29 (AP)—A reliable Arab source said tonight Count Folke Bernadotte's proposals for a Palestine settlement "imply the existence of a Jewish state which the Arabs could never accept."

This informant said the proposals are in the form of alternative suggestions but they all imply the existence of a Jewish state.

They were submitted to Arabs and Jews yesterday. The Arab League political committee met briefly today to consider the proposals and then adjourned.

Delegates' Arrival Awaited

Abdel Rahman Azzam Pasha, the league's secretary general, said discussion of Bernadotte's proposals was postponed pending the arrival of Lebanese and Iraqi delegates.

Gamil Mardem Bey, Syrian prime minister, meanwhile, said the Arab governments have protested to Britain against evacuation of her troops from Haifa ahead of schedule. Maredm Bey said this is considered a violation of the Palestine truce by the Arabs.

A high Arab official indicated the Arab states will not react favorably to a request for an extension of the Palestine truce to continue peace talks.

Would Resume War

The Arabs "will resume the war while pursuing peace talks" if the negotiations through the United Nations mediator are not concluded by the end of the truce, now in its third week, the informant said.

The informant said counterproposals may project the negotiations beyond July 9, the truce expiration date.

Tel Aviv dispatches said the United Nations mission there had been advised the Egyptians had agreed to pass United Nations-approved Jewish convoys to Hebrew settlements in the southern desert. The truce was threatened last week when the Egyptians stopped a convoy and United Nations officials gave the Jews permission to fight their way through if they saw fit. United Nations officials said the Egyptian action was a violation of cease-fire regulations.

Not Certain About Ship

Mardem Bey said his Government was unsure whether a warship which allegedly shelled Arab positions along the Palestine coast Friday was American.

Earlier Azzam Pasha declared the United States naval attaché has submitted proof that an American warship could not have shelled the Arab positions. Azzam Pasha said he was awaiting information from Riad El Solh Bey, Lebanese prime minister, who he had asked to make inquiries.

Muhsen El Barazi, Syrian Interior minister, said earlier his Government has information proving the ship was American. He asserted Syrian planes sent out to find the vessel spotted it flying American and United Nations flags.

El Barazi said last night Syria had protested the alleged shelling to the United States and to Count Bernadotte.

Pasha Reconsiders, Returns To Cabinet

Cairo, Egypt, June 29 (AP)—Foreign Minister Ahmed Khashaba Pasha, who recently resigned over the Sudan question, withdrew his resignation and resumed his work today.

He resigned when the Government rejected the draft agreement he reached with Sir Ronald Campbell, British Ambassador.

Egypt has been calling for union of the entire Nile Valley under the Egyptian crown. This would mean the end of the Anglo-Egyptian condominium which has existed in the Sudan since 1899.

Arabs Given 'Proof' U.S. Ship Couldn't Have Shelled Them

Cairo, June 29 (AP)—The Arab League reported today that the American naval attaché had given "his proofs" that a United States warship could not have shelled Arab positions in Palestine, as Syria contends it did.

The American rebuttal was reported by Abdel Rahman Azzam Pasha, secretary general of the Arab League.

Azzam Pasha made his statement after a conference with American Chargé d'Affaires Jefferson Patterson and the naval attaché, Capt. William R. Headden.

Earlier in the day Muhsen al Barazi, Syrian Interior Minister, said his Government protested to Count Folke Bernadotte, United Nations peacemaker for Palestine, that an American ship on true patrol for the mediator intervene

in an Arab-Jewish battle Barwa. This point is about inland from the coast of Palestine.

Statement Promised

Azzam Pasha said Patterson supplied him with all information the American representative had gathered on the incident. The American Embassy said a thorough check was being made and that a statement would be issued tomorrow.

A high Arab source said, meanwhile, that Arabs "will resume war while pursuing peace talks" if negotiations toward a settlement in Palestine are unfinished at the end of the month-long truce expiring July 9.

The Arab informant, who declined to be quoted by name, said

counterproposals asked for by Bernadotte in submitting his peace proposals yesterday, may lead to extension of the talks beyond July 9.

Arabs Meeting In Cairo

Arab nation representatives were in Cairo for league discussion of the Bernadotte proposals, and among them was Al Barazi.

He described the warship as one of those the United States recently placed at the disposal of Bernadotte, and said the shelling took place three days ago near Al Barwa during a Jewish attack. He added that the Arab troops shelled were under the command of Fawzi Pasha al Kaukji.

Washington Statement

[In Washington, the State Department said it had received no official word of the Syrian protest. A department spokesman said American destroyers were in the Palestine area only as observers of the United Nations truce.

["The captains were under strict orders not to fire, not to search and not to board other vessels," the spokesman said.]

LAST OF BRITISH LEAVE PALESTINE

HAIFA, Israel, (Wednesday), June 30 —(AP) The remaining handful of British troops began early today their final evacuation from Palestine.

Lt. Gen. Hugh A. MacMillan, commander of British troops in Palestine, issued a proclamation formally ending Britain's "military jurisdiction" in the Holy Land at midnight tonight.

Then, for the first time since Viscount Allenby marched into Palestine during World War I, Britain's 31-year military occupation will be at an end.

The few remaining troops are expected to be embarked on troopships before noon, leaving Haifa in Jewish hands under the supervision of United Nations truce observers.

It was apparent that angry feelings between Britons and Jews would persist right to the end.

Three Tanks Stolen

As a parting gesture Jewish officials here invited British Lt. Gen. H. A. MacMillan to luncheon yesterday. But the intended love feast turned into a washout—all because of the daring theft of three British tanks.

Army sources said MacMillan promptly cancelled his plans to attend the luncheon when told of the tank theft. Three Cromwell medium tanks—considered among the British army's best—were driven out of Haifa airport hangar early yesterday.

Surprised guards chased the tanks as they smashed through the airport fence. But only one was recovered. It was abandoned.

MacMillan already has set up headquarters on the cruiser Phoebe in Haifa Bay. The aircraft carrier Triumph arrived yesterday with a destroyer escort to take part in the final military withdrawal. Most of the remaining troops already are aboard the transports Orduna, Eastern Prince and Ocean Vigor.

When final embarkation is complete, 17,500 troops and police will have been shipped out of Palestine through Haifa—the last portion of Palestine still under British control. This figure was released by an army spokesman who said 43,500 tons of military equipment have been loaded for transport to other British bases.

Most troops and equipment are reported authoritatively being sent to British bases in the Suez Canal Zone and Tripoli in North Africa.

3 British Tanks Stolen At Haifa

Haifa, June 29 (AP)—Three British Cromwell tanks were reported stolen early today as the Army moved aboard ships ready to pull out of Palestine within 24 hours.

Only a handful of troops remained ashore, burning furniture and completing destruction of weapons and armored vehicles to be left behind. Lieut. Gen. Gordon MacMillan ordered strict secrecy as to when the British troops would leave the soil of the Holy Land. High Jewish sources said the evacuation would be complete by tomorrow morning.

The three tanks were said to have been driven away from under the noses of British guards at Haifa airport. One was found abandoned later with a damaged gear shift.

Army sources expressed belief the tanks were taken by deserters on their way to join the Jewish Army.

Military Court Held In Jerusalem

[The following is a pooled dispatch from American correspondents in Jerusalem.]

Jerusalem, June 29 (AP)—The first Jewish military trial began here today before a military court.

The case was that of a Jewish officer charged with the fatal shooting of a soldier and the wounding of another during a quarrel. It is being heard in the chambers that housed the high court under the old Palestine Mandate Government. Te president, prosecutor and defense advocate are wearing uniforms for the trial.

Hospital Is Evacuated

Thirty nurses, patients and physicians who have been stranded at Hadassah Hospital, on Mount Scopus, since the shelling and isolation of the area were transferred today to Jewish areas of Jerusalem under auspices of the United Nations Truce Commission.

They were cut off in the hospital, east of Jerusalem, for ten weeks.

Damage caused to the institution, supported by the Hadassah, women's Zionist organization of America, and the largest and most modern hospital in Jerusalem, was estimated at tens of thousands of pounds sterling.

Shaltiel Was Siege Chief

Jerusalem, June 29 (AP)—The name of the Jewish commander who directed the defense of Jerusalem during the 28-day Arab siege was disclosed today. He is Col. David Shaltiel, a German.

The 45-year-old Hamburg-born Zionist came to Palestine in 1923. During World War II he served in the French Army.

He lives in Tel Aviv and is married. His opposite number in the Jerusalem siege was Major Abdullah el Tell.

TEL AVIV, Israel, June 29 (AP)—The United Nations Truce Commission today notified the Israeli Government that the Egyptians had agreed to pass food and supply convoys through to Negeb settlements.

Censorship Lifted, But Landing Still Unconfirmed

The following dispatch has just been passed by Israeli censorship, which now has relaxed stops originally imposed on one factor of the Altalena ammunition-ship incident.

Tel Aviv, Israel, June 29 (AP)—The tightest censorship since the truce began was clamped down last week on a report that 800 trained European and American Jews of military age were said to have landed in Israel from the Irgun Zvai Leumi arms ship, Altalena.

Actually, no correspondent here knows of his own fact finding whether the report is true—whether 800 really were aboard and, if so, whether they landed near Natanya and scattered successfully into Irgun camps.

Secret Heretofore

These are the facts which censorship kept secret until now.

On the first day of the landing, the Associated Press was told by Irgun sources, by persons living in the landing area and by Hebrew correspondents who went to that area, that 800 to 900 "new immigrants" were landed safely.

A representative of the United Nations Truce Commission told the Associated Press that reports of such a landing were being investigated.

Later, when the Israeli Army had destroyed the Altalena in Tel Aviv Bay, Menachem Beigin, commander of Irgun, declared in a broadcast that the ship had brought in 800 men and six women.

Dispatches from Marseille, whence the Altalena embarked, said the ship sailed to Palestine with 800 young Jews aboard.

Brooklyn Man's Report

Jerry Salzman, 25-year-old Brooklyn-born former Marine lieutenant, who came over aboard the Altalena and was wounded, said:

"We were joined aboard the Altalena by twenty Englishmen and about 800 European D.P.'s when the ship stopped at Marseille."

None of this information was permitted either to be transmitted in foreign-press dispatches nor printed in Israeli newspapers here.

Only once was the mention of the 800 allowed—and that after an overnight holdup of the dispatch by censorship.

JUN 1948

Correspondents were permitted to quote Beigin's claim about the 800 Jews, provided they quoted with equal emphasis Israeli Foreign Minister Moshe Shertok saying he had no knowledge of such a reported landing.

Further References Banned

After that one reference, the correspondents were not permitted in subsequent dispatches to refer to it again.

Neither did censorship permit foreign correspondents to quote Beigin as saying the Israeli Government had given its tacit consent in advance to the arms landing.

Irgun's version had been this:

"Not one day before the coming of the ship, but at least four days before, we were informed by a representative of the provisional government about it. To our great joy, official and precise consent was given to the coming of the boat, to the landing of the people and to the unloading of arms, and even the place of anchoring of the ship was agreed on.

"The Government denied that flatly and underscored its denial by fighting the landing and blasting the ship to wreckage."

Gandhi Trial's Accused Man Supplies Bible

New Delhi, India, June 29 (AP)—The Hindu who is being tried for shooting Mohandas K. Gandhi today supplied a Bible for swearing in a witness.

C. Pacheco, Anglo-Indian manager of a New Delhi hotel, was not permitted to testify at the trial of eight men accused in Gandhi's assassination January 30 until he could take the oath on a Bible. The trial is being held at historic Red Fort.

"Is there no Bible in Red Fort?" asked the judge.

N. V. Goose, Poona newspaper editor accused of actually firing the shots that killed Gandhi at his prayer ground, rose in the dock and said:

"I have a Bible in my room."

A court assistant was sent for it.

INDIANS GAIN IN KASHMIR

New Delhi Lists Capture of Gurais, 40 Miles From Capital

NEW DELHI, India, June 29 (AP)—The Government radio said today that Indian troops have captured Gurais, communication junction forty miles north of Srinagar, capital of Kashmir.

Indian troops have been in Kashmir since last October. The Hindu Maharajah of the predominantly Moslem state acceded to the Indian union and asked for protection against invading Moslem Pathans. The United Nations has sent a Good Offices Committee to mediate between India and Pakistan over Kashmir.

The radio announcement said the Indian troops fought against heavy odds in blinding snowfalls, with the temperature below freezing. It asserted that anti-Government forces were augmented by Pakistani frontier constabulary and scouts.

Gurais is a link between Srinagar and Gilgit and Skardu, in northern Kashmir. It is in a valley surrounded by mountains more than 18,000 feet high.

Iran Act Said To Clear Way For Qavam Return

Tehran, Iran, June 29 (AP)—Parliamentary sources said a special committee of the Majlis (Parliament) discussed and voted down today an indictment against former Premier Ahmed Qavam.

The committee voted unanimously that the indictment was unfounded, these sources said. The charges contained in the indictment were not disclosed.

Some sources said the vote cleared the only obstacle in Qavam's way to return to power. He resigned as Premier last December after Parliament refused to ratify an oil agreement with Russia.

Panama Aids Palestine Truce

PANAMA, June 29 (AP)—President H. Enrique Adolfo Jimenez announced today a decree forbidding ships and planes under Panamanian registry from transporting men of military age and arms to Palestine and Arab countries. The decree was intended to aid enforcement of the Palestine truce.

U.S. Hints U.N. May Get Role In Berlin Crisis

Washington, June 29 (AP)—The State Department cautiously suggested today that the United Nations might be able to take an active role in the German crisis "should the situation in Berlin further deteriorate."

The department indicated it feels all efforts at a settlement right now should be concentrated in talks going on directly among the German occupation powers and that the time for United Nations action has not yet arrived.

At Lake Success, N.Y., an American official said the United States is considering a request from Trygve Lie, United Nations Secretary General, for Security Council action to break the Berlin deadlock. Lie was reported seeking reactions of the five great powers on the matter.

To State Department

The American official said Lie's request had been referred to the State Department.

Concerning this report, Lincoln White, State Department press officer, commented:

"We are deeply appreciative of the role which the United Nations might play should the situation in Berlin further deteriorate. Meanwhile, this Government is exploring every means of arriving at a settlement of the differences which have arisen."

It was understood from official sources that the American reply to Lie's inquiry will follow closely the line of White's comment.

Otherwise, White said that he expects no formal statement on the Berlin crisis here today.

Indications mounted that a diplomatic stroke aimed at the Kremlin might be unleashed tomorrow or Thursday.

The nature of any such plan was cloaked in strictest secrecy, but signs pointed to a stern note demanding that Russia lift the eight-day-old blockade and quit other unity-hampering tactics—or take responsibility for the consequences.

More Planes Ready

The Air Force, meanwhile, stood ready to rush more cargo planes to the beleaguered German capital if needed to help ferry food and other urgently needed supplies to 2,500,000 residents cut off in the Western zones.

Already some 39 giant C-54's were winging their way to Germany from as far as Alaska and the Caribbean.

An Air Force spokesman said no further requests for planes had been received from United States occupation authorities. He said scores more of the transport craft were available.

Meanwhile, diplomatic and military officials held a fast-breaking series of conferences here and abroad which pointed to an early break in the Berlin impasse.

Major Developments

These were the major developments:

1. Under Secretary of State Lovett conferred with President Truman yesterday and later attended a White House Cabinet session. There was no official word on the topics under discusshion, but it was learned that one of them was the Berlin situation.

2. Under Secretary of the Army William Draper and United States Ambassador Lewis W. Douglas went into a London huddle with Britain's Foreign Secretary Ernest Bevin. Draper then flew to Berlin to join Lieut. Gen. A. C. Wedemeyer, of the United States general staff, for conferences with the American commander, Gen. Lucius D. Clay.

3. Prime Minister Attlee summoned Field Marshal Viscount Montgomery, chief of the British imperial general staff, to a special Cabinet session last night.

British Statement Put Off

Bevin, meanwhile, put off until Wednesday a statement on overall British policy in Germany which he had been scheduled to make before Parliament yesterday.

The series of conferences seemed to indicate American and British officials were speeding groundwork for the diplomatic moves presumably being worked out at top levels.

The fact that Bevin postponed his parliamentary report until Wednesday indicated that the United States and Britain may be planning simultaneous statements then.

Secretary of State Marshall is due to return to his desk Wednesday from Walter Reed Hospital, where he has been undergoing a routine physical checkup. Either he or Lovett may have some announcement on the subject at the usual State Department news conference that day.

Reds Get Press Freedom Lecture As U.S. Hits 'Warmonger' Charge

WASHINGTON, June 29 (AP)—The United States today repected a Soviet protest against what Moscow called a "warmongering" article in an American magazine.

In a note to the Soviet Embassy here, Secretary of State Marshall also gave the Russians a pointed lecture on freedom of the press in the United States.

But he greeted with pleasure a Russian statement, contained in the original protest, which denounced as a "libelous invention" any charge that Russia is preparing to attack this country.

The Soviet complained to the state departmetn on June 9 that an article in the May 17 issue of Newsweek Magazine violated a United Nations resolution condemning "warmongering."

The article discussed possible American aerial defenses against an attack by Russia.

Marshall's note of rejection said the United States government has no responsibility for what is published in the American press because the American constitution guarantees press freedom.

By contrast, he said, in the Soviet Union where the government controls the press "articles are constantly appearing which in the opinion of this government can scarcely be construed as promoting friendly relations among nations."

TEXT OF MARSHALL'S NOTE

WASHINGTON, June 29 (AP)—Following is the text of Secretary of State Marshall's note rejecting a Russian protest against an article in Newsweek magazine:

The Secretary of State presents his compliments to his excellency the Ambassador of the Union of Soviet Socialist Republics and has the honor to acknowledge the receipt of the Embassy's note No. 107 of June 9, 1948, bringing to the attention of this Government an article which appeared in the May 17, 1948, issue of Newsweek magazine, which the Embassy's note characterizes as a violation of the resolution on measures to be taken against propaganda and the inciters of a new war adopted at the second session of the General Assembly of the United Nations. The article discusses an alleged plan of defense by American air forces in the event of an attack upon the United States.

Cites Tradition of Freedom

The American attitude concerning the function of the press has been made clear to the Soviet Government at numerous meetings of various agencies of the United Nations at which the question of the freedom of the press has been discussed. It is a tradition in this country that the public press shall serve as a form for the dicussion of all questions of public concern.

The Government of the United States agrees that this Government whose representatives approved the General Assembly resolution, should "promote, by all means of publicity and propaganda available to them, friendly relations among nations based on the purposes and principles of the Charter."

The Government of the United States is actively pursuing this policy. This Government, however, can not accept the view expressed in the Embassy's note to the effect that governments which accepted the resolution should bear responsibility for acts committed on their territories which by their nature violate the resolution.

The position of the United States Government on this point was made clear in the debate on the resolution at the General Assembly last year in the following statement by Mr. Austin:

Opposing Any Restrictions

"The United States delegation opposes any attempt, direct or indirect to limit freedom of expression. We are against even setting foot upon the path leading to suppression and tyranny."

Any attempt on the part of the Government of the United States to control or suppress articles of this type appearing in the public press would be a violation of the right of freedom of the press which is guaranteed by the constitution of the United States.

JUN 1948

JUN 1948

30.24- 18797

JUN 1948

An examination of the Newsweek article will reveal that its whole tenor was postulated on an assumed act of aggression against the United States. The greater part of the article was devoted to speculation concerning measures to which the United States might resort for its national defense if confronted with such an attack. There is no suggestion that the United States should take the initiative in attacking the Soviet Union or any other country.

It is a cause for surprise to this Government that the Soviet Government should feel called upon to protest against articles appearing in the United States where the press and other organs of information are free of governmental control in accordance with the principles of freedom of information, when in the Soviet Union where, as Premier Stalin made clear in his interview with Mr. Stassen, on April 9, 1947, the Government in fact controls and censors the press and other organs of information and thereby makes itself responsible for the material they publish, articles are constantly appearing which in the opinion of this Government can scarcely be construed as promoting friendly relations among nations, based on the purposes and principles of the Charter.

The Government of the United States is happy to observe the statement in the Embassy's note characterizing the charge that the Soviet Union is preparing an attack upon the United States as a libelous invention.

NEW U.S. CONSUL IN DAIR

Aide Assumes Manchuria Post After Delay Laid to Russia

WASHINGTON, June 29 (AP)—After a Russian-imposed delay of weeks, the United States has a new consul on the job at Dairen, Manchuria.

State Department officials said today that the consul, Paul E. Paddock, reported that he had arrived in the Soviet-occupied port city on June 18.

Mr. Paddock relieved Vice Consul Isaac Patch. The State Department was notified today that Mr. Patch, his wife and two children had arrived in Vladivostok on the same Russian ship that took Mr. Paddock to Dairen.

Mr. Paddock was kept waiting for weeks at Shanghai for a Russian visa until United States officials started to charter a merchant ship to take him to Dairen. When Moscow then came through with the visa, Mr. Paddock traveled on a Russian ship to Vladivostok and transferred to another for the rest of the trip to Dairen.

Occupied Areas to Get Loans

WASHINGTON, June 29 (AP)—A bill providing a $150,000,000 revolving fund for purchases of American cotton, wool and other fibers for processing in Japan, Germany and other occupied areas was signed today by President Truman. When the manufactured products are sold the purchase loans are to be repaid.

German Consular Bill Signed

WASHINGTON, June 29 (AP)—The State Department was given authority to perform consular services for German citizens in this country until a German government is established, under a bill signed today by President Truman granting the temporary authority to the Office of Interim German Affairs. Fees collected will be deposited in the Treasury.

Thawing Of Yugoslav Assets Seen Imminent

Washington, June 29 (AP)—A report circulated in Washington tonight that the Government is about to unblock more than $50,000,000 in Yugoslav assets frozen in this country since 1941.

The funds were frozen to keep them out of Axis hands.

Neither the State Department, which handles the negotiations, nor the Treasury, which has physical charge of the assets, would confirm the report.

Officials declined to talk about any relationship between release of the assets and the current difficulties between Marshal Tito of Yugoslavia and the other countries behind Russia's iron curtain. It was pointed out, however, that negotiations over the cash have been under way for some time, while the Communist disagreement apparently is rather new.

Heads Group on U. S. Islands

WASHINGTON, June 29 (AP).—Senator Guy Cordon, Republican, of Oregon, was named chairman of a Senate-House committee today to study American island possessions and trusteeships in the Pacific. Senator Cordon told reporters the twelve-man group tentatively plans to leave on Nov. 9 for an inspection of the islands. He said the group also may visit Japan and China.

Court Asked To Clear Alleged 'Red' Group

Washington, June 29 (AP)—The National Council of American Soviet Friendship asked a Federal District Court today to force Attorney General Clark to remove the organization from a list of alleged subversive groups.

The council appeared on a list announced by Clark last December as a guide for President Truman's Loyalty Review Board in its check on Government employés.

The court suit charges that Clark's designation of the group is "unconstitutional" and asks the court to bar the review board from making use of the designation.

The council contends it is a nonprofit, membership corporation whose purpose is "to strengthen friendly relations between the United States and the Soviet Union."

16 Jets To Test Ferry Route To Europe

Washington, June 29 (AP) — The United States Air Force, which some day may need quick reinforcement in Europe, will send sixteen jet fighters on an exploratory trans-Atlantic flight next week.

The mission, said a USAF announcement today, is "to determine the feasibility of ferrying jet-propelled combat aircraft over the route, study the logistical and operational problems involved" and get in some limited training overseas.

The first overseas flight of USAF jets will be along the stepping-stone North Atlantic route to England and Germany.

To Leave About July 7

The planes, from the 56th Fighter Group at Selfridge base, Michigan, will leave about July 7, fly to Dow base, at Bangor, Maine, thence by a series of jumps to Labrador, Greenland, Iceland, Scotland and England.

In Britain, the fighters will visit the RAF base at Odiham.

The American planes will then fly to Furstenfeldbruck, Germany, the base used by visiting B-29's of the USAF's Strategic Air Command.

Going abroad with the jets will be two C-54 transports, one C-47 carrying maintenance and refueling personnel, and a converted B-17 equipped for rescue operations at sea in event one of the jets is forced down. A B-29 will precede the jets to provide weather information.

The mission will require 36 officers and 56 enlisted men. The planes will remain in Europe about two weeks.

The Air Force expects to start moving the thirty-sixth jet fighter wing from the Panama Canal Zone to Germany about August 15. However, plans call for transfer by ship of the approximately 75 planes in the wing, together with equipment and supplies and about 1,400 men.

Once the wing is established in Germany, there will be a base equipped with the special parts and fuel needed for future units of jet fighters visiting that zone.

U.S. and British Jet Fighters Set for Trans-Atlantic Flights

WASHINGTON, June 29 — (AP) American and British jet fighters are getting set for trans-Atlantic jumps.

Sixteen U. S. Air Force F-80 jets, chaperoned by three big transports and a rescue plane, are to take off July 7.

But six British Vampire jet fighters are to try the east-west hop this Thursday—weather permitting.

The American planes will fly from Selfridge Base, Michigan, to Maine, then attempt the stepping-stone route to England via Labrador, Greenland, Iceland and Scotland. They are scheduled to wind up at Furstenfeldbruck, Germany, and remain in Europe about two weeks.

The British jets will follow the Iceland-Greenland-Labrador-Canada air trail.

Will Get Experience

Both flights are intended to provide the jet pilots with operational experience over long sea routes and determine the practicability of ferrying jets across the Atlantic by their own power. The American and British air forces have collaborated closely since the war's end, exchanging personnel and sending planes on trips into each other's territory.

Thirty-six officers and 56 enlisted men will be required for the U. S. jet mission. A B-29 will fly on ahead to provide information on the weather.

In mid-August the air force expects to begin moving its 36th Jet Fighter Wing from the Panama Canal Zone to Germany. The Navy announced today it will carry the planes from the Canal zone to Glasgow, Scotland, aboard the escort carrier Sicily.

Four F-80 jet fighters completed today what the air force called the longest overwater flight by planes of their type to date.

They did the 829 miles from Andrews Field, Md., to Bermdua in two hours.

The flight was commanded by Lt. Col. Benjamin D. Preston of Mobile, Ala. The other pilots were Captain Howard M. Lane, Auburn, Ala.; Capt. Henry S. Ogiba, Utica, N. Y.; Capt. Harry R. Casselman, Grand Rapids, Mich.

Britain Pledges Fiscal Stability For U.S. Aid

Washington, June 29 (AP)—Britain promised today to keep her financial house in order in return for more than $4,000,000,000 in American aid over the next 4¼ years.

In a lengthy agreement made public by the State Department, the British pledged that in exchange for United States assistance under the European Recovery Program their nation will:

"Stabilize its currency, establish or maintain a valid rate of exchange, balance its governmental budget, create or maintain internal financial stability and generally restore or maintain confidence in its monetary system."

Put Up To Parliament

While the agreement must be approved by the British Parliament by July 3 if American aid now flowing under a temporary pact is not to halt, such ratification was expected with little trouble.

The 10,000-word document contains numerous provisions designed to insure British co-operation in a co-ordinated recovery effort in western Europe. But chief interest centered on the section dealing with Britain's currency.

There had been reports of vigorous disagreement between British and American negotiators over that point. The final wording of the clause represents a victory for the British officials.

To Run Till June 30, 1953

The promises made by Britain will run to June 30, 1953. That will allow an extra year to polish off any projects not completed when financial help stops.

Either Britain or the United States can end the agreement at any time upon six months' notice.

In addition to the British pact,

other Marshall plan agreements provide for funneling new stores of scarce war materials to this country in exchange for recovery funds.

The agreements signed yesterday with Italy and Ireland pledged them to set aside roughly $4,000,000,000 worth of European currencies in special accounts for these major purposes:

1. To pay for exploration and development of strategic materials needed by the United States "because of deficiencies or potential deficiencies in the resources of the United States."

2. To stimulate productive industry and trade and develop new sources of wealth in the participating nations.

3. To stabilize currencies, retire national debts and otherwise fight inflation.

4. To meet operating costs of the Economic Co-operation Administration overseas.

Stock Piling Lags

The special reserve funds, in effect, will match direct grants of food, fuel, materials and other goods furnished by the ECA under the foreign-aid appropriation signed yesterday by President Truman.

The $1,000,000,000 in ECA funds which is to be furnished in the form of repayable loans will not be matched by such currency deposits.

American stock piling of strategic metals and raw materials, which has lagged behind schedule, is expected to get a substantial lift as the program gets under way.

U.S. TO PROVIDE MAIL SUBSIDY

Postal Rates On Private Relief Parcels To Be Reduced

Washington, June 29 (AP)—The Government tonight announced a mail subsidy on relief packages for much of Europe and China to encourage private contributions to the recovery task.

A cut of 4 cents a pound on July 6 in parcel post rates to 11 countries, made possible by the subsidy, will bring a "substantial" increase in private shipments of food, clothing and other items, the Economic Co-operation Administration predicted.

Meanwhile two more countries, Britain and Denmark, signed aid treaties with the United States. They promised to pursue stable financial policies in return for shares in the $5,000,000,000 Marshall plan appropriation. Italy and Ireland signed yesterday. There are sixteen Marshall plan nations.

Ratification Required

The British pact solves a reported conflict between State Department negotiators and British officials. The latter balked at United States-proposed wording which, as originally written, raised British fears that the United States would seek to tinker with the value of the pound sterling.

The agreements require ratification by the Danish and English parliaments, expected quickly. All Marshall plan countries must approve the individual agreements with this country by July 3 or suffer a shutdown on aid shipments. The Danish agreement has not been made public, though its general content is known.

Similar in content to those previously signed, the British treaty commits Prime Minister Clement Attlee's Government to policies for raising production and encouraging trade.

It is pledged to "stabilize its currency, establish or maintain a valid rate of exchange, balance its governmental budget, create or maintain internal financial stability and generally restore or maintain confidence in its monetary system."

If the recovery program runs its full authorized course of four years, England will receive ECA grants and loans of between $4,000,000,000 and $5,000,000,000. The British promises apply through June, 1953—one year longer than the Marshall plan—to allow an extra year for completion of United States-financed recovery projects.

Present Rate 14 Cents

ECA is paying the subsidy on parcel post relief shipments, under terms of the Foreign Assistance Act. It applies on shipments to Austria, Belgium, Luxembourg, China, France, Greece, Italy, the Netherlands, England and Trieste, as well as tri-zone western Germany.

The present rate to most of those countries is 14 cents a pound. The rate to China is 22 cents, and to Luxembourg 26 cents. Parcel post to Greece, Germany and Austria is on a sliding scale, with rates increasing sharply after the first one or two pounds.

Regulations governing the use of the reduced rate will be available at every post office, according to the joint announcement by Paul G. Hoffman, ECA administrator, and Jesse M. Donaldson, postmaster general.

Contents are limited to "nonperishable food, clothing and clothes making materials, shoes and shoe making materials, mailable medical and health supplies, and household supplies and utensils."

Dubois Being Relieved Of U.N. Group Duties

Washington, June 29 (AP)—Coert Dubois is being relieved of his duties as American member of the United Nations committee on the Dutch-Indonesian dispute. He will return to the United States for medical treatment.

The State Department announced this today, saying: "Mr. Dubois has been taken ill and under doctor's orders is returning by ship to the United States, sailing from Batavia July 6."

His successor will be appointed soon.

Tito Got What He Asked For, Fotitch Avers

Chicago, June 29 (AP)—Constantine A. Fotitch, former Yugoslav envoy to the United States, said today that "Tito finally got what he asked for."

Fotitch was a delegate to the Serbian National Defense Council oof America which held a convention here. The delegates demonstrated on the convention floor yesterday after hearing that the Soviet Union had broken with Marshall Tito of Yugoslavia.

"This gives us great satisfaction," said Fotitch, "we have opposed Tito's regime from the start."

He said Tito apparently disobeyed the Kremlin's orders to follow the Communist party line, and "the iron curtain will now drop tighter and we may never hear of Tito's fate. His removal should be welcome news to all Yugoslavia."

Ickes In Guess Of Jackson's Aim

Washington, June 29 (AP)—Supreme Court Justice Jackson's outburst at Nuernberg against Justice Black may have been touched off, according to Harold L. Ickes, by Jackson's disappointment over not receiving the appointment as Chief Justice.

"It may be that Jackson was merely in a particularly unhappy frame of mind because he had failed to get the appointment which he coveted," Ickes writes in a *Saturday Evening Post* article.

The former Secretary of the Interior relates that Jackson, before accepting appointment to the Supreme Court in 1941, had sought some assurance that he would eventually be considered for the top position on the bench when it became vacant.

President Roosevelt, according to Ickes, told Ickes that he had Jackson in mind for Chief Justice at some future time.

"I have always wondered whether Jackson did not accept the appointment as chief prosecutor of the German war criminals at Nuernberg in the hope that this might improve his chance of being appointed Chief Justice," Ickes writes.

Jackson was at Nuernberg in April, 1946, when Chief Justice Stone died and President Truman appointed Fred M. Vinson as Stone's successor. Shortly after that Jackson publicly berated Black, bringing into the open bitter friction between the two men.

Ickes recalled that Jackson, then solicitor general, had remarked to him in 1939 that "Justice Black is going to turn out to be one of the strongest men on the Supreme Court. . . . Black has a keen mind and is working very hard to equip himself fully."

Ickes, who had urged President Roosevelt to appoint Jackson, concluded that "Jackson, although appraised as a liberal and nominated as such, has veered ever further to the right, while Justice Black has more than fulfilled every liberal expectation."

Justice Jackson declined comment on Ickes's article.

GUILD VOTES NOT TO DEFEND FIRED WRITER

WashingtonReporterHad Told Superior He Joined Communist Party

Washington, June 29 (AP)—Is a newspaper justified in firing a reporter because he is a Communist?

That question is causing lively discussion in the newspaper industry today.

It started March 24 when the Washington *Evening Star* fired Thomas G. Buchanan, Jr., its medical reporter, after he acknowledged joining the Communist party.

Opposed By 251 To 163

The Washington Newspaper Guild (CIO) split sharply over whether to go to Buchanan's defense and take the matter up as a grievance. Now the Washington Guild announces that its membership has voted, 251 to 163, not to do it.

The contract between the guild and the *Star* says "there shall be no discharge except for a just and sufficient cause." The question is whether Communist membership is a just and sufficient cause. The majority of Washington guildsmen said, in effect, that it is.

Some who disagree with that opinion went to the American Newspaper Guild convention at San Francisco this week hoping to persuade the national union to take Buchanan's side.

Editor Gives Views

Here are the facts in the case:

B. M. McKelway, Editor of the *Star*, asked Buchanan if he had joined the Communist party. Buchanan said yes. McKelway fired him.

McKelway said today he dis this because "in good conscience we couldn't have assigned him to get information from Government and other sources without telling them he was a Communist. And if I did tell them, I doubt very much whether he would have the confidenec of these news sources."

The executive board of the Washington Newspaper Guild considered whether to prosecute the case as a grievance, and voted 5-4 against it.

As To Contract Breach

The majority said it believes Communist membership to be a just and sufficient cause for firing, and therefore the discharge could not be successfully resisted as a breach of the contract.

The minority said: "Many non-Communist guild leaders have defended the rights of union members with whom they sharply disagreed. The Washington Newspaper Guild should not set a precedent which may damage the interests of other union members fired for political reasons."

Then the unit council, a larger body, decided to put the matter up to the membership in a mail referendum.

Buchanan, in a page ad in the local guild newspaper, said one of the frequent charges made by anti-Communists is that Communists ought to "stand up and be counted." He said he did so, only to lose his job.

Buchanan said, "Speech that costs a man his job is not free speech."

PLANES TO FLY FROM U.S. TO CARRY FOOD

First C-54 En Route To Help In Flights Over Berlin Blockade

Westover Air Force Base, Mass., June 29 (AP)—"Operation Vittles" today sent off for Germany the lead plane of a big United States Air Force formation aimed at overshooting the Russian food blockade of Berlin.

A four-engined C-54 Skymaster commanded by flight commander Capt. Robert L. Heald, of South Orange, N.J., took off at 2.45 P.M. for the Azores on the first leg of its overseas hop to Frankfurt.

The ship was the first of what Air Force officials said would be a formation of at least 39 planes.

39 To Leave This Week

They are scheduled to leave at intervals this week to carry food to the German capital where overland routes were blocked by the Russians.

With Captain Heald were two pilots, Lieut. Robert Y. Bolton, of Tucson, Ariz., and Lieut. Nathan L. Giles, of Washington, D.C.

Charting the flight was Jose Pesante, navigator, of Liberty, N.Y. The crew also numbered two flight engineers, Staff Sergeant Raymond J. Junion, of Menasha, Wis., and Staff Sergeant Dennis, of Van Lear, Ky. The radio operator was Corporal Norbert H. Theis, of Cunningham, Kan.

To Load Food Cargo

Capt. Heald's plane flew here yesterday from Bergstrom Air Force base in Austin, Texas. The Air Force said it would load a cargo of food at United States Air Force headquarters in Europe.

Also slated to take off this week from this base are other C-54's from bases throughout the nation. The Air Force's Caribbean Command is sending ships directly for the "Operation Vittles" mission.

Only one plane took off today, but ten more of the big ships—five each from Bergstrom Air Force base, and Elmendorf Air Force base, Alaska—landed. The Alaska group stopped at Great Falls, Mont., on its way east.

All the planes are scheduled to take off tomorrow, the first craft at 7 A.M. and the others following at half-hour intervals.

VOICE OF AMERICA MUST TELL TRUTH, DIRECTOR CLAIMS

SOUTH HADLEY, Mass., June 29 (AP)—The boss of the "Voice of America" said tonight the state department's official radio must tell the world unpleasant things about the United States if it is to be believed abroad.

Assistant secretary George V. Allen said recent congressional inquiry into broadcasts to Latin America served a useful purpose. But he asserted:

Must Be Truthful, He Says

"We must present our civilization in its true color if we are to be effective. That color is gray—not lily-white. We have the enormous advantage in our information program that we are willing to admit our imperfections and to tell the truth as nearly as we can ascertain it.

"If, however, those in the state department and elsewhere who are in charge of our information work should ever become subject to the daily fear that they might say something objectionable to some official, or suppress unpleasant facts for fear of losing their jobs, the result would eventually be that we would water down our scripts until American broadcasts would become merely the counterparts of that of the totalitarian propaganda."

In an address before the Mount Holyoke College Institute on the United Nations, Allen said that the Japanese and Nazis failed in their propaganda "because they did not tell the truth."

"I am fully convinced that if our information is not based on truth, we had better close down all our broadcasts and call home all our press attaches from our embassies abroad," Allen said.

U.S., France Seek Delay In U.N.

Lake Success, June 29 (AP)—The United States and France indicated today they favored more big-power attempts to solve the Berlin crisis before turning to the United Nations.

This appeared to rule out, for the present at least, any action on Secretary-General Trygve Lie's feeler as to whether he should lay the issue before the Security Council.

Lie still had received no official reply from any of the big powers up to noon, but a State Department press officer indicated the United Nations might be useful at a later stage if the Berlin situation continued to deteriorate.

Reaction Expected

A spokesman for the American delegation here said the United States reaction to Lie's feeler would be delivered orally later today.

A spokesman for the French delegation said the French intend to try to settle the Berlin issue by consultation with other interested governments. For this reason, he said, France felt that it could not comment on Lie's idea until all efforts had been made by the big powers to settle the Berlin problem.

The only positive reaction to Lie's

Dr. Roberto Urdaneta, Colombian delegate, said the Berlin situation might jeopardize peace and thus should be considered by the Council.

Absolutely Necessary

"It is absolutely necessary that the Berlin situation come to the Security Council," he said.

The secretary general approached several members of the Council last night for their opinions.

There was no indication either from Lie or from the Russian delegation that Soviet Delegate Andrei A. Gromyko had been consulted. It was generally agreed, however, that Russia would vigorously oppose any move to inject the Berlin issue into the Council.

A member of the Ukrainian delegation said the Ukrainians had not been approached. The Belgian delegation also said it had not been consulted.

Argentina Declines

The Argentine delegation declined to comment on the Berlin situation. It is recalled, however, that Argentina usually takes the position that questions of this kind must be settled by the big powers themselves.

Lie was reported feeling out the delegations of the five great powers on the Berlin question.

A British delegation spokesman said Lie had approached Sir Alexander Cadogan last night. Cadogan was reported to have asked London for instructions. He had received no word up to noon.

It was learned at Lake Success that the United States and Britain are quietly collecting evidence of Russian interference in Czechoslo-

Once assembled, the material will be laid before the United Nations Security Council, which still has on its calendar charges that the Kremlin engineered the February Communist *coup* in Prague.

Debate Time Uncertain

The American-collected documents are expected to go before the United Nations in about ten days. There is no present indication when debate will start.

United States and British officials hesitate to reopen the Czechoslovak case in the Council this summer because of the Council presidency. Dmitri Z. Manuilsky, Foreign Min-

ister of the Soviet Ukraine, will be in the chair in July, and Jacob Malik, new Russian delegate, will swing the gavel in August. Neither could be expected to welcome or expedite debate on charges against Russia.

EXILED CZECHS PLAN FIGHT FOR DEMOCRACY

NEW YORK, June 29 (AP)—A group of exiled Czechs today announced plans "to strike with all legitimate means at their disposal for the restoration of law and democratic order in Czechoslovakia."

A memorandum prepared by the exiles was announced by Stefan Osusky, former member of the Czech government-in-exile in London.

He said the document had been presented to the state department so the exiled leaders could "define their position with regard to the recent tragic events in Czechoslovakia."

In Washington, state department officials said the document had been received "with interest."

The memorandum was drawn up June 14, Osusky said, and was approved by four exiled political party leaders.

He listed them as Dr. Fedor Hodza, democrat; Dr. Vladimir Kimek, populist (Roman Catholic) and Blazej Cilim, social democrat. Hodza is in this country and the other three are in England.

The document said the political exiles "protest against the force and violence installed in power in their country, violence which x x x threatens peace among nations." x x x

LIE ABANDONS IDEA OF ACTION BY U.N.

Decision Follows U.S. Disapproval On Berlin Move

Lake Success, N.Y., June 29 (AP). Trygve Lie, United Nations Secretary General, abandoned tonight any idea of putting the Berlin crisis before the Security Council at this time.

He decided not to act shortly after the United States informally suggested, in effect, that the United Nations should not yet intervene in the Berlin situation. France also shared this view but had not yet replied to feelers from Lie.

"I have been watching closely the situation in Berlin for some time and will continue to do so," Lie said in a statement read by a United Nations press officer. "At this time I do not plan any action under Article 99."

Possible Action Later

Authoritative sources speculated that Lie might keep the situation in mind for possible action if the Berlin deadlock became worse.

Shortly after Lie's statement was read, a British spokesman said the London Government also did not react favorably.

The British were said to have told Lie they appreciated his anxiety to bring the Berlin situation to a peaceful solution.

However, they were said to feel that this is not a case in which Article 99 could apply.

Soviet Objection Forecast

The Russian delegates to the United Nations were not available for comment but persons familiar with Russian policy said that the Soviet could not be expected to favor bringing up the Berlin situation in the Council at any time.

The Chinese delegation still awaited instructions from Nanking.

BENES' BROTHER IN U.S., FLEES CZECH AGENTS

NEW YORK, June 29 — (AP) Eduard Benes' American brother, John, said today he left Czechoslovakia because the former president warned him he was being watched.

"I'm afraid to talk," John Benes told reporters as he arrived today aboard the Queen Elizabeth after 19 months in Czechoslovakia. He urged them not to ask him political questions.

"My brother told me two weeks ago to go home, and I cannot tell you why."

A 78-year-old former Milwaukee cabinet maker and a United States citizen, John Benes said his brother warned that he, John Benes was being watched by two soldiers.

He said the resigned president was living under guard in a villa about 60 miles from Prague. Citizens go there every night to salute him and sing, his brother said.

'I'm Afraid To Talk,' Benes's Brother Says

New York, June 29 (AP)—John Anton Benes, brother of Czechoslovakia's resigned President Eduard Benes, said today on his arrival in this country, "I'm afraid to talk."

Benes, who arrived on the liner Queen Elizabeth, said "my brother told me two weeks ago to go home and I cannot tell you why."

Benes said the resigned president is living in a villa about 60 miles from Prague under guard. Czechs go to the villa every night to sing and salute Benes, his brother said, to the annoyance of guards at the villa.

John Benes said the resigned president told him two weeks ago that he was being watched by two soldiers and that it was time for him to leave the country. He urged reporters not to ask him questions concerning political matters dealing with Russia and the United States.

U.S. Communists Also Assail Tito

New York, June 29 (AP)—American Communist leaders today hailed Cominform criticism of Premier Tito as "an outstanding service to the cause of world peace." They termed Tito's policies a "betrayal."

William Z. Foster, national chairman of the Communist party, and Eugene Dennis, general secretary, added that the criticism of Yugoslav Communist leaders "demonstrates that the leading forces in the world camp of peace and democracy are alert to every danger."

In a prepared statement they said the Cominform blast gives "a powerful weapon to the Yugoslav Communists for correcting the policies which could only lead their party and people to disaster. . . ."

HAMBURG, GERMANY, JUNE 29-(AP)-GEN.SIR BRIAN ROBERTSON, THE BRITISH MILITARY GOVERNOR FOR GERMANY, DECLARED TODAY THAT IF THE RUSSIANS PERSIST IN THEIR BLOCKADE OF BERLIN IT WILL "CONSTITUTE AN ACT OF RUTHLESS INHUMANITY UNPARALLELED IN THE HISTORY OF THE WORLD."
SPEAKING TO THE FINAL PLENARY SESSION OF THE GERMAN ZONAL ADVISORY COUNCIL, SIR BRIAN DECLARED:
"THE SITUATION IN BERLIN IS GRAVE. AND I USE THE WORD GRAVE WELL KNOWING ITS MEANING. IT IS GRAVE NOT ONLY FOR THE PEOPLE OF BERLIN, GRAVE NOT ONLY FOR THE PEOPLE OF GERMANY--IT IS GRAVE FOR THE PEOPLE OF THE WORLD."
"THE PEOPLE OF THE WORLD WILL CONDEMN UNHESITATINGLY THIS EFFORT TO GAIN POLITICAL ADVANTAGE BY AN ATTEMPT TO STARVE A HELPLESS POPULATION.
"AS TO THE MORALE OF THE GERMAN POPULATION OF BERLIN, IT EXCITES MY HEARTFELT ADMIRATION. THEY WILL GET EVERY SUPPORT--EVERY SUPPORT--THAT THE WESTERN POWERS CAN GIVE THEM."
THE ZONAL ADVISORY COUNCIL IS BEING DISCONTINUED BECAUSE OF THE FORTHCOMING ESTABLISHMENT OF A SEMI-INDEPENDENT GOVERNMENT IN WESTERN GERMANY.

BY LYNN HEINZERLING
BERLIN, JUNE 29-(AP)-THE SOVIET PRESS TODAY ACCUSED KURT SCHUMACHER AND OTHER GERMAN SOCIAL DEMOCRAT LEADERS OF BEING ANTI-RUSSIAN SPIES IN THE PAY OF THE WESTERN POWERS.
THE OFFICIAL SOVIET NEWSPAPER TAEGLICHE RUNDSCHAU CARRIED THE CHARGES IN THE FORM OF A "CONFESSION" BEARING THE SIGNATURE OF WILHELM LOHRENZ, FORMER MEMBER OF THE SOCIAL DEMOCRATIC PARTY EXECUTIVE COMMITTEE IN BERLIN. LOHRENZ HAS BEEN IN RUSSIAN CUSTODY FOR TWO YEARS.
THE SOCIAL DEMOCRATIC PARTY, A LEFT-WING ORGANIZATION HAS BEEN THE BITTEREST AND MOST OUTSPOKEN ENEMY OF GERMAN COMMUNISTS AND RUSSIAN POLICY IN GERMANY. SCHUMACHER IS LEADER OF THE PARTY. HE HAS BEEN SERIOUSLY ILL IN A HOSPITAL FOR SEVERAL MONTHS.
LOHRENZ WAS QUOTED BY THE PAPER AS SAYING HE WAS ARRESTED IN 1946 WHILE ON A SPYING TRIP INTO THE RUSSIAN ZONE FOR SCHUMACHER AND AMERICAN AUTHORITIES.
SINCE THE SOCIAL DEMOCRATIC PARTY OF GERMANY HAS BEEN LED BY KURT SCHUMACHER AND HIS CLIQUE, THE SPD HAS CEASED GRADUALLY TO BE A POLITICAL PARTY," THE STATEMENT SAID.
"SCHUMACHER IS ATTEMPTING TO CONVERT THE ORGANS OF THE PARTY INTO A SPYING ORGANIZATION UNDER THE ORDERS OF ENGLISH-AMERICAN IMPERIALISTIC CIRCLES."
SEVERAL AMERICAN AND BRITISH MILITARY GOVERNMENT OFFICIALS WERE NAMED IN THE "CONFESSION," INCLUDING L.A. WIESNER OF THE AMG POLITICAL DIVISION.
WIESNER SAID HE HAD KNOWN LOHRENZ AS A SINCERE YOUNG MAN WHO "WAS ONE OF THE EARLIEST IN THE FIGHT AGAINST THE MERGER OF THE SOCIAL DEMOCRATS AND THE COMMUNIST-CONTROLLED SOCIALIST UNITY PARTY."
"FROM MY ACQUAINTANCE WITH LOHRENZ, I WOULD SAY HE WOULD NEVER VOLUNTARILY GIVE UP HIS CONVICTIONS OR WRITE ANYTHING LIKE THIS," WIESNER SAID.
IT WAS CHARGED IN THE STATEMENT THAT THE AMERICAN SECRET SERVICE FURNISHED LARGE SUMS OF MONEY AND AUTOMOBILES FOR THE "SPYING ACTIVITIES."

30.24- 18803

WIESNER RIDICULED THESE CHARGES.
"I CAN STATE OFFICIALLY," HE SAID, "THAT WE NEVER DID ANY OF THESE THINGS. THEY ARE OUTRIGHT LIES. WE HAVE KEPT IN CONTACT WITH THE SOCIAL DEMOCRATS AS WE HAVE WITH OTHER POLITICAL GROUPS IN THE CITY.
"THIS LOOKS LIKE A TYPICAL CONFESSION OF THE TYPE WHICH BECAME SO WELL KNOWN AT THE TIME OF THE MOSCOW TRIALS. IT'S ANOTHER EXAMPLE OF SOVIET TERROR ACTIVITIES."
THE SOVIET-CONTROLLED PRESS HAS CHARGED REPEATEDLY THAT THE WESTERN POWERS INSISTED ON REMAINING IN BERLIN IN ORDER TO USE THE CITY AS A BASE FOR ESPIONAGE ACTIVITIES AGAINST THE SOVIET UNION.
V&MX804AED

THE RUSSIANS, MEANWHILE, ACKNOWLEDGED THAT THEY ARE BEING PINCHED BY THEIR OWN BLOCKADE. THE SOVIET-CONTROLLED PRESS ANNOUNCED THAT EMERGENCY IMPORTS OF 36,000 TONS OF HARD COAL ARE BEING RUSHED IN FROM POLAND.
THESE IMPORTS ARE DESIGNED TO MAKE UP FOR THE LOSS OF RUHR COAL FROM WESTERN GERMANY, WHICH IS CUT OFF FROM BERLIN BY THE SOVIET CLAMPDOWN ON RAIL TRANSPORT FROM THE WEST.

AN ANNOUNCEMENT LAST MIDNIGHT BY THE RUSSIAN-CONTROLLED GERMAN NEWS AGENCY THAT THE RUSSIANS WERE RELAXING THEIR ZONAL BORDER RESTRICTIONS TO PERMIT RESUMPTION OF INTERZONAL TRAVEL BY GERMANS REMAINED WITHOUT CONFIRMATION THIS MORNING.
AT BRITISH-AMERICAN CHECK POINTS ALONG THE HELMSTEDT-BERLIN MOTOR HIGHWAY, GUARDS SAID NO MOTOR TRAFFIC WAS BEING PASSED BY THE RUSSIANS TOWARD BERLIN. SOME GERMAN PEDESTRIANS WERE REPORTED WAITING FOR PERMISSION TO PROCEED. THE ORDER PRESUMABLY APPLIED ONLY TO AUTO AND PEDESTRIAN TRAFFIC.
THE NEWS AGENCY SAID RAIL TRAFFIC TO BERLIN FROM THE WEST COULD NOT BE RESUMED "FOR SOME TIME" BECAUSE OF NECESSARY REPAIRS.

THE RUSSIANS STOPPED RAIL TRAFFIC FROM HELMSTEDT TO THE FORMER CAPITAL EIGHT DAYS AGO FOR "TECHNICAL REASONS."
THERE WAS NO MENTION WHETHER ALLIED PERSONNEL WOULD BE ABLE TO DRIVE TO BERLIN ON THE AUTOBAHN. THIS HIGHWAY HAS BEEN CLOSED TO EASTBOUND MILITARY TRAFFIC SINCE JUNE 19, WHEN CURRENCY REFORM BEGAN IN WESTERN GERMANY.
THE RUSSIAN REPORT SAID ONLY GERMANS WITH "VALID" INTERZONAL PASSES WOULD BE ALLOWED TO ENTER THE SOVIET ZONE.
AMERICAN AND BRITISH AIR CREWS ARE STRIVING TO FLY ENOUGH FOOD OVER THE RUSSIAN LAND BLOCKADE TO FEED 2,500,000 BERLINERS. U.S. AUTHORITIES SAID THE SHUTTLE SERVICE IS BEING PUT ON A 24-HOUR A DAY SCHEDULE.
A BRITISH SPOKESMAN SAID IT MIGHT BE NECESSARY TO PARACHUTE FOOD INTO THE CITY IF AIR TRAFFIC GETS TOO HEAVY FOR BRITISH AND AMERICAN AIRFIELDS TO HANDLE.
THE SOVIET-SPONSORED SOCIAL UNITY PARTY OF EAST BERLIN HAS APPEALED TO THE RUSSIANS TO PROVIDE FRESH MILK FOR CHILDREN AND SICK PERSONS IN ALL FOUR SECTORS OF THE CAPITAL. THE RUSSIANS HAVE STOPPED THE FLOW OF FOOD FROM THEIR ZONE INTO WESTERN BERLIN.
THE U.S. UNDER-SECRETARY OF THE ARMY, WILLIAM H.DRAPER JR., AND LT.GEN. A.C.WEDEMEYER OF THE U.S. GENERAL STAFF ARRIVED IN BERLIN LAST NIGHT TO DISCUSS THE FOOD CRISIS WITH GEN.LUCIUS D.CLAY, AMERICAN COMMANDER IN GERMANY. DRAPER CONFERRED IN LONDON YESTERDAY WITH FOREIGN SECRETARY ERNEST BEVIN.
FIELD MARSHALL LORD MONTGOMERY, CHIEF OF THE IMPERIAL GENERAL STAFF, WAS SUMMONED TO PRIME MINISTER ATTLEE'S RESIDENCE IN LONDON LAST NIGHT FOR TALKS ON THE BERLIN SITUATION.

A11
DIPLOMATIC OFFICIALS IN THE BRITISH CAPITAL SAID THE U.S., BRITAIN AND FRANCE ARE EXPECTED TO MAKE A FORMAL PROTEST TO RUSSIA AGAINST THE BLOCKADE AND TO REAFFIRM THEIR INTENTION NOT TO WITHDRAW FROM THE CITY, AS THE RUSSIANS ARE PRESSING THEM TO.

A UNITED NATIONS SOURCE AT LAKE SUCCESS SAID U.N. SECRETARY-GENERAL TRYGVE LIE IS STUDYING THE QUESTION OF PUTTING THE BERLIN SITUATION BEFORE THE SECURITY COUNCIL.
RUMORS CIRCULATED IN BERLIN THAT CLAY HAS CONFERRED WITH MARSHAL VASSILY D.SOKOLOVSKY, RUSSIAN COMMANDER IN GERMANY. THIS WOULD BE THE FIRST TIME THE TWO HAVE MET SINCE THE RUSSIANS WALKED OUT OF THE ALLIED CONTROL COUNCIL MARCH 20.
THE ADN REPORT SAID RESUMPTION OF RAIL TRAFFIC FROM THE WESTERN ZONES HAD BEEN DELAYED "BECAUSE OF THE INTRODUCTION OF THE NEW WESTERN ZONE CURRENCY INTO THE WESTERN SECTORS OF BERLIN."
THIS, THE AGENCY SAID, "IS AIMED AT THE DESTRUCTION OF THE ECONOMY OF THE SOVIET OCCUPATION ZONE AND BERLIN."
(THE CARIBBEAN AIR COMMAND HEADQUARTERS IN PANAMA ANNOUNCED LAST NIGHT THE FIRST OF TWO C-54 SKYMASTERS OF THE U.S. 20TH TROOP CARRIER SQUADRON WILL LEAVE ALBROOK AIRBASE EARLY TODAY FOR FRANKFURT. THE FULL COMPLEMENT OF 12 PLANES WILL LEAVE AS SOON AS CRESS ARE READY. IT WAS ESTIMATED THIS SQUADRON COULD FLY APPROXIMATELY 335,000 POUNDS OF CARGO INTO BERLIN DAILY.)

SECOND LEAD DAY TITO
BELGRADE, YUGOSLAVIA, JUNE 29-(AP)-YUGOSLAVIA'S RULING COMMUNIST PARTY ANGRILY REJECTED TONIGHT AS "FALSE" AND "PLAIN SLANDER" CHARGES BY THE RUSSIAN-LED COMINFORM THAT PREMIER-MARSHAL TITO HAS ADOPTED A POLICY OF NATIONALISTIC INDEPENDENCE.

IN A FORMAL STATEMENT REJECTING THE COMINFORM'S ACCUSATIONS, THE CENTRAL COMMITTEE OF THE YUGOSLAV COMMUNIST PARTY SAID IT "CANNOT BE SILENT AT THESE CHARGES."
THE STATEMENT BITTERLY ATTACKED RUSSIA'S ALL-UNION COMMUNIST PARTY AS THE PRIME MOVER IN A "HISTORIC INJUSTICE" AND CALLED ON ITS OWN MEMBERS TO CLOSE THEIR OWN RANKS TO BUILD SOCIALISM IN YUGOSLAVIA.
BUT, EVEN AS IT REJECTED THE ACCUSATIONS, THE PARTY SAID "DIRECT CONTACTS BETWEEN THE RUSSIAN BOLSHEVIK PARTY AND THE YUGOSLAV [illegible] IS NECESSARY TO IRON OUT DIFFERENCES."

BELGRADE--SECOND ADD SECOND LEAD DAY TITO XXX STATEMENT SAID.
THIS APPEARED, AT LEAST ON THE SURFACE, AN EFFORT TO PREVENT AN OUTRIGHT BREAK BETWEEN THE YUGOSLAV COMMUNISTS, LED BY TITO, AND THE COMMUNIST PARTIES OF RUSSIA AND ITS SATELLITES.

JUN 1948

THE YUGOSLAV REPLY SAID THE FIRST CHARGES AGAINST ITS PARTY WERE LAID BY THE CENTRAL COMMITTEE OF THE ALL-UNION (BOLSHEVIK) COMMUNIST PARTY IN A LETTER DATED MARCH 20.
IT NOTIFIED YUGOSLAVIA THAT THE OTHER MEMBERS OF THE COMMUNIST INTERNATIONAL INFORMATION BUREAU (COMINFORM) HAD BEEN INFORMED OF THE CHARGES WITHOUT NOTIFYING YUGOSLAVIA'S CENTRAL COMMUNIST PARTY ABOUT IT.
THE STATEMENT SAID HUNGARY SUBSEQUENTLY SUPPORTED THOSE CHARGES AND THAT STILL LATER YUGOSLAVIA RECEIVED SIMILAR LETTERS FROM ALL OTHER COMINFORM MEMBERS EXCEPT ITALY AND THE FRENCH. THE NINE-NATION COMINFORM IS COMPOSED OF REPRESENTATIVES FROM RUSSIA, HER SIX EASTERN EUROPEAN SATELLITES, FRANCE AND ITALY.

A10
THE STATEMENT SAID THE "ALL-UNION" COMMUNIST PARTY MEMBERS ACCEPTED THE ATTITUDE OF THEIR CENTRAL COMMITTEE "BEFORE HAVING HEARD THE OPINION OR ANY ARGUMENT TO THE CONTRARY" ON THE PART OF THE YUGOSLAV PARTY.
THE STATEMENT WAS RELEASED SEVERAL HOURS AFTER IT WAS REPORTED ABROAD, WITHOUT ANY APPARENT FOUNDATION, THAT TROOP MOVEMENTS AND MARTIAL LAW WERE RUMORED IN YUGOSLAVIA.

FOR BELGRADE, OUTWARDLY AT LEAST, IT WAS A QUIET SUMMER AFTERNOON.
(A DISPATCH FROM KOZANE IN NORTHERN GREECE SAID HEAVY MACHINEGUN AND MORTAR FIRE WAS REPORTED LAST NIGHT FROM INSIDE YUGOSLAVIA NORTH OF FLORINA. THE ACCOUNT SAID RELIABLE SOURCES IN FLORINA CONFIRMED THE REPORT THIS AFTERNOON.
(THE INFORMANT SAID A BIG BATTLE WAS BELIEVED UNDERWAY BETWEEN YUGOSLAV UNITS NEAR THE GREEK FRONTIER. THE SAME SOURCE DELAYED AN UNCONFIRMED REPORT THAT A YUGOSLAV BATTALION WAS READY LAST NIGHT TO CROSS INTO GREECE AND SEEK REFUGE.)
GLAS, THE ONLY AFTERNOON NEWSPAPER IN BELGRADE, CARRIED NO MENTION OF THE COMINFORM ATTACK OR ANY INDICATION OF THE COUNTRY'S LEADERS. ITS MAIN ARTICLE WAS THE REPORT OF THE CONGRESS OF "BUILDERS OF THE NEW BELGRADE" TO THE CENTRAL COMMUNIST PARTY. MORNING PAPERS ALSO IGNORED THE ATTACK, BUT THE NEWS SPREAD BY WORD OF MOUTH.
PHOTOGRAPHS OF PREMIER MARSHAL TITO, WHO WAS DENOUNCED YESTERDAY BY THE COMINFORM, AND PRIME MINISTER STALIN OF RUSSIA ARE IN THEIR ACCUSTOMED PLACES IN THE SOVIET-YUGOSLAV BOOKSHOP IN THE SQUARE BELOW THIS CORRESPONDENT'S OFFICE.

30.24- 18805

THE GENERAL ATMOSPHERE IN BELGRADE IS CALM, WITH DAILY LIFE CONTINUING AS USUAL AND NO EXTRA SECURITY MEASURES APPARENT ANYWHERE. THE GOVERNMENT IS IN COMPLETE CONTROL OF THE SITUATION AND THERE APPEARS TO BE VERY LITTLE POSSIBILITY OF A DISTURBANCE.

THE YUGOSLAV COMMUNIST ORGAN, BORBA, PUBLISHED ON ITS FRONT PAGE AN ACCOUNT OF A COMMUNIST PARTY CONFERENCE IN ZAGREB, WHERE DELEGATES WERE ELECTED TO A LATER PARTY CONGRESS. THE STORY WAS CARRIED BENEATH PORTRAITS OF LENIN, STALIN AND TITO.

IT ALSO PUBLISHED AN ARTICLE FROM IZVESTIA, THE RUSSIAN GOVERNMENT NEWSPAPER, CONCERNING LAST WEEK'S FOREIGN MINISTERS' MEETING AT WARSAW, WHERE YUGOSLAVIA WAS REPRESENTED. THE ARTICLE WAS PRINTED UNDER THE HEADING: "WARSAW STATEMENT REPRESENTS DOCUMENT OF THE STRUGGLE FOR PEACE AND SECURITY OF EUROPE."

(THE WARSAW MEETING, OF FOREIGN MINISTERS FROM RUSSIA AND SEVEN SOVIET SATELLITES, WAS HELD AT ABOUT THE SAME TIME THE COMINFORM MET IN ROMANIA. YUGOSLAVIA WAS NOT REPRESENTED AT THE COMINFORM SESSION. THE WARSAW CONFERENCE CALLED FOR A PROVISIONAL, PEACE-LOVING, ALL-GERMAN GOVERNMENT.)

JUN 1948

TO THOSE IN BELGRADE WHO HEARD ABOUT THE COMINFORM CONDEMNATION OF TITO THE NEWS CAME AS SUCH A SURPRISE THAT NO ONE COULD SAY MUCH.

FOREIGN CORRESPONDENTS WERE TOLD LAST NIGHT THAT THE COMMUNIST PARTY'S CENTRAL COMMITTEE WILL MEET THIS AFTERNOON TO BE INFORMED OF THE COMINFORM DECLARATION. NEITHER PRESS NOR RADIO HAVE CARRIED ANYTHING ABOUT IT INSIDE THE COUNTRY.

PREMIER TITO HIMSELF IS GENERALLY BELIEVED TO BE AT HIS SUMMER PLACE AT BLED, IN NORTHWESTERN YUGOSLAVIA. HE USUALLY GOES THERE IN JUNE.

THE COMMUNIST PARTY NUMBERED ABOUT 14,000 IN YUGOSLAVIA WHEN WAR BROKE OUT IN 1941, ACCORDING TO AN OFFICIAL STATEMENT. THE STATEMENT SAID 30 PER CENT OF THEM WERE KILLED DURING THE WAR.

TODAY THE PARTY NUMBERS AROUND 400,000 MEMBERS, OF WHICH MOST JOINED AFTER THE END, OR NEAR THE END, OF THE WAR AND WHOM TITO ORGANIZED, LED AND TAUGHT THEIR COMMUNISM.

to those in belgrade who heard about of the cominform condemnation of tito the news came as such a surprise that no one could say much.

foreign correspondents were told last night that the communist party's central committee will meet this afternoon to be informed of the cominform declaration. neither press nor radio have carried anything about it inside the country.

premier tito himself is generally believed to be at his summer palace at bled, in northwestern yugoslavia. he usually goes there in june.

the communist party numbered about 14,000 in yugoslavia when war broke out in 1941, according to an official statement. the statement said 80 percent of them were killed during the war.

today the party numbers around 400,000 members, of which most joined after the end, or near the end, of the war and whom tito organized, led and taught their communism.

MOSCOW, JUNE 29-(AP)-RUSSIAN AND YUGOSLAV COMMUNISTS HERE EXPRESSED THE OPINION TODAY THAT THE YUGOSLAV-RUSSIAN ALLIANCE WAS NOT ENDED BY THE COMINFORM ATTACK ON YUGOSLAVIA'S COMMUNIST LEADERS.
BUT YUGOSLAVIA'S SUBSTANTIAL OFFICIAL MISSION HERE AND THE LARGE NUMBER OF YUGOSLAV STUDENTS ATTENDING SOVIET INSTITUTIONS WERE SURPRISED. AMONG RUSSIANS THERE WAS EXTREME INTEREST. WHEN THE FULL TEXT OF THE COMINFORM STATEMENT WAS BROADCAST, RUSSIANS WERE OBSERVED LISTENING INTENTLY IN HOTELS AND OTHER PUBLIC PLACES WHERE THERE ARE LOUDSPEAKERS.
ONE RUSSIAN REMARKED: "TITO OBVIOUSLY GOT ILLUSIONS OF GRANDEUR."
IN REFUSING TO SEE A YUGOSLAV-RUSSIAN RUPTURE IN THE INCIDENT, COMMUNISTS OF BOTH COUNTRIES HERE ARE THINKING IN TERMS OF STRONG COMMUNIST PARTY DISCIPLINE AND "COMMUNIST INTERNATIONALISM."
ONE YUGOSLAV OFFICIAL EXPRESSED THE OPINION THAT THE INCIDENT IS STRICTLY AN AFFAIR BETWEEN COMMUNISTS AND COMMUNIST PARTIES--INTERNAL RELATIONS RATHER THAN EXTERNAL AFFAIRS.

FIRST LEAD U.N.-BERLIN (220)
BY MAX HARRELSON

LAKE SUCCESS, JUNE 29-(AP)-COLOMBIA DECLARED TODAY THAT THE UNITED NATIONS SECURITY COUNCIL SHOULD ACT TO END THE BERLIN CRISIS.

THIS WAS THE FIRST POSITIVE REACTION FROM ANY MEMBER OF THE COUNCIL TO SECRETARY-GENERAL TRYGVE LIE'S FEELER AS TO WHETHER HE SHOULD LAY THE BERLIN ISSUE BEFORE THE COUNCIL.

LIE'S FINAL DECISION, HOWEVER, WAS HELD UP PENDING RECEIPT OF THE REACTION OF OTHER COUNCIL MEMBERS, PARTICULARLY THE UNITED STATES AND BRITAIN.

DR. ROBERTO URDANETA, COLOMBIAN DELEGATE, SAID THE BERLIN SITUATION MIGHT JEOPARDIZE PEACE AND THUS SHOULD BE CONSIDERED BY THE COUNCIL.

"IT IS ABSOLUTELY NECESSARY THAT THE BERLIN SITUATION COME TO THE SECURITY COUNCIL," HE SAID.

THE SECRETARY-GENERAL APPROACHED SEVERAL MEMBERS OF THE COUNCIL LAST NIGHT FOR THEIR OPINIONS. AMERICAN, BRITISH AND CHINESE SPOKESMEN SAID THEIR DELEGATIONS HAD ASKED THEIR GOVERNMENTS FOR INSTRUCTIONS.

THERE WAS NO INDICATION EITHER FROM LIE OR FROM THE RUSSIAN DELEGATION THAT SOVIET DELEGATE ANDREI A. GROMYKO HAD BEEN CONSULTED. IT WAS GENERALLY AGREED, HOWEVER, THAT RUSSIA WOULD VIGOROUSLY OPPOSE ANY MOVE TO INJECT THE BERLIN ISSUE INTO THE COUNCIL.

A MEMBER OF THE UKRAINIAN DELEGATION SAID THE UKRAINIANS HAD NOT BEEN APPROACHED. THE BELGIAN DELEGATION ALSO SAID IT HAD NOT BEEN CONSULTED.

THE ARGENTINE DELEGATION DECLINED TO COMMENT ON THE BERLIN SITUATION. IT IS RECALLED, HOWEVER, THAT ARGENTINA USUALLY TAKES THE POSITION THAT QUESTIONS OF THIS KIND MUST BE SETTLED BY THE BIG POWERS THEMSELVES.

THE AMERICAN SPOKESMAN SAID THE REQUEST HAD BEEN REFERRED TO THE STATE DEPARTMENT AND AN ANSWER WAS EXPECTED LATER TODAY.

LIE WAS REPORTED FEELING OUT THE DELEGATIONS OF THE FIVE GREAT POWERS ON THE BERLIN QUESTION.

A BRITISH DELEGATION SPOKESMAN SAID LIE HAD APPROACHED SIR ALEXANDER CADOGAN LAST NIGHT. CADOGAN WAS REPORTED TO HAVE ASKED LONDON FOR INSTRUCTIONS. HE HAD RECEIVED NO WORD UP TO NOON.

NIGHT LEAD U.N.-BERLIN (400)
BY FRANCIS W. CARPENTER

LAKE SUCCESS, JUNE 29-(AP)-THE UNITED STATES AND FRANCE SAID IN EFFECT TODAY THE UNITED NATIONS SHOULD NOT YET INTERVENE IN THE BERLIN CRISIS.

THEIR CAUTIOUSLY WORDED REACTIONS TO A TENTATIVE INQUIRY BY TRYGVE LIE, UNITED NATIONS SECRETARY-GENERAL, APPARENTLY DOOMED ANY PLAN TO PUT THE BERLIN SITUATION BEFORE THE SECURITY COUNCIL NOW.

INFORMED SOURCES SAID THEY EXPECTED BRITAIN WOULD AGREE WITH FRANCE AND THE U.S. AND THAT RUSSIA WOULD OPPOSE PUTTING BERLIN ON THE COUNCIL WORK-LIST AT ANY TIME.

THE APPEAL BY THE BERLIN CITY COUNCIL FOR U.N. INTERVENTION HAS NOT YET BEEN RECEIVED HERE. NO RESPONSIBLE AUTHORITY WOULD COMMENT ON IT.

THE COLOMBIAN DELEGATION TO THE SECURITY COUNCIL SAID, HOWEVER, IT IS NECESSARY THAT THE SECURITY COUNCIL TAKE UP BERLIN AS A POSSIBLE THREAT TO THE PEACE.

THESE REACTIONS CAME QUICKLY AFTER LIE DECIDED TO SEEK THE OPINION OF SEVERAL COUNCIL DELEGATIONS ON THE POINT OF PUTTING BERLIN BEFORE THE COUNCIL. IT WAS SAID HE DISCUSSED THE PROBLEM WITH TOP AIDES LATE YESTERDAY AND THE FEELERS WERE MADE SHORTLY AFTERWARDS. LIE COULD ACT UNDER ARTICLE 99 OF THE U.N. CHARTER. THIS PERMITS THE SECRETARY-GENERAL TO CALL THE COUNCIL'S ATTENTION TO ANY SITUATION HE FEELS IS A THREAT TO THE PEACE.

THE U.S. DELEGATION TOSSED THE IDEA TO WASHINGTON THIS MORNING FOR AN ANSWER. AMERICAN SPOKESMEN LATERSAID THE U.S. APPRECIATES THE ROLE WHICH THE U.N. MIGHT PLAY SHOULD THE SITUATION IN BERLIN FURTHER DETERIORATE.

"MEANWHILE," THE SPOKESMEN SAID, "THIS GOVERNMENT IS EXPLORING EVERY MEANS OF ARRIVING AT A SETTLEMENT OF THE DIFFERENCES WHICH HAVE ARISEN."

THIS WAS VIEWED IN INFORMED QUARTERS AS MEANING THAT THE U.S. FEELS ATTEMPTS AT A SETTLEMENT NOW SHOULD BE MADE IN TALKS GOING ON DIRECTLY AMONG THE OCCUPYING POWERS-- FRANCE, RUSSIA, THE U.S. AND BRITAIN.

A FRENCH DELEGATION SPOKESMAN SAID THE FRENCH INTEND TO TRY TO SETTLE THE PROBLEM BY CONSULTATION WITH OTHER INTERESTED GOVERNMENTS. FOR THIS REASON, HE ADDED, FRANCE SAID IT COULD NOT COMMENT ON LIE'S IDEA UNTIL ALL EFFORTS HAVE BEEN MADE BY THE BIG POWERS.

SOME DELEGATIONS ON THE COUNCIL-- BELGIUM, THE SOVIET UKRAINE AND CANADA AMONG THEM-- SAID THEY HAD NOT HEARD OF LIE'S IDEA. SEVERAL OF THE DELEGATES SUGGESTED, HOWEVER, THAT BERLIN IS A PROBLEM FOR THE BIG POWERS ON WHICH THE BIG POWERS MUST AGREE AND THE SMALLER NATIONS MUST REMAIN HANDS OFF.

DR. PHILIP C. JESSUP, U.S. DEPUTY ON THE SECURITY COUNCIL, TELEPHONED THE U.S. ANSWERS TO LIE'S OFFICE LATE TODAY. AN INFORMED SOURCE SAID THE REPLY WAS SUBSTANTIALLY THE SAME AS THE POSITION TAKEN BY THE AMERICAN SPOKESMEN EARLIER IN THE DAY.

THE OTHER NINE MEMBERS OF THE MEMBERSHIP COMMITTEE SUPPORTED CEYLON'S ADMISSION. IT WAS DECIDED TO REPORT TO THE SECURITY COUNCIL THE VIEWS EXPRESSED IN THE COMMITTEE.

NEITHER RUSSIA NOR THE UKRAINE GAVE ANY REASON FOR WITHHOLDING SUPPORT. RUSSIA'S ATTITUDE RAISED THE POSSIBILITY OF A SOVIET VETO IN THE COUNCIL BUT BARRING A VETO CEYLON'S ANPLICATION WAS CERTAIN TO WIN APPROVAL.

U.N.-TRUSTEESHIP (280)

LAKE SUCCESS, JUNE 28-(AP)-THE UNITED STATES DIFFERED WITH BRITAIN TODAY OVER THE QUESTION OF FORMING ADMINISTRATIVE UNIONS BETWEEN TRUST TERRITORIES AND COLONIES.

THE ISSUE WAS RAISED IN THE UNITED NATIONS TRUSTEESHIP COUNCIL IN CONNECTION WITH BRITAIN'S ANNUAL REPORT ON TANGANYIKA, WHICH IS ADMINISTERED UNDER THE U.N. TRUSTEESHIP SYSTEM.

BRITAIN HAS INDICATED SHE PLANS TO FORM A CUSTOMS UNION BETWEEN TANGANYIKA AND OTHER EAST AFRICAN TERRITORIES UNDER HER JURISDICTION.

IN A SPEECH WHICH HE DESCRIBED AS A MAJOR POLICY DECLARATION, U.S. DELEGATE FRANCIS B. SAYRE URGED THAT NO UNIONS OF THIS TYPE BE CARRIED OUT WITHOUT PRIOR NOTIFICATION TO THE U.N.

SAYRE ADMITTED THE ADMINISTERING POWERS HAD THE RIGHT TO FORM ADMINISTRATIVE AND CUSTOMS UNIONS INVOLVING TRUST TERRITORIES, BUT SAID IT WOULD BE A COURTESY TO THE COUNCIL IF IT WERE INFORMED IN ADVANCE.

HE ASSURED THE COUNCIL THE UNITED STATES, AS ADMINISTRATOR OF THE FORMER JAPANESE-MANDATED ISLANDS IN THE PACIFIC, WAS READY TO NOTIFY THE U.N. BEFORE TAKING ANY ACTION TO INCLUDE THE ISLANDS IN A UNION OR FEDERATION WITH ANY NON-TRUST TERRITORIES.

BRITISH DELEGATE SIR ALAN BURNS SAID EVEN IF THE UNITED STATES WAS READY TO DO THIS, BRITAIN WOULD NOT CONSIDER HERSELF BOUND IN ANY WAY TO ADOPT SUCH A COURSE.

SIR ALAN SAID HE WAS GLAD TO NOTE THAT SAYRE HAD NOT ASSERTED THE ADMINISTERING POWERS WERE OBLIGATED TO CONSULT THE COUNCIL EITHER BY THE U.N. CHARTER OR BY THE TRUSTEESHIP AGREEMENTS UNDER WHICH THEY RULE THE TRUST TERRITORIES.

AUSTRALIA AND BELGIUM, TWO OTHER ADMINISTERING POWERS, INDICATED THEY AGREED WITH BRITAIN. MEXICO AND THE PHILIPPINES, NON-ADMINISTERING COUNTRIES, SUPPORTED THE U.S. VIEW.

NO FORMAL PROPOSAL WAS BEFORE THE COUNCIL ON THIS ISSUE.

LAKE SUCCESS, JUNE 29-(AP)-THE UNITED STATES AND BRITAIN ARE QUIETLY COLLECTING EVIDENCE OF RUSSIAN INTERFERENCE IN CZECHOSLOVAKIA, IT WAS LEARNED TODAY.

ONCE ASSEMBLED, THE MATERIAL WILL BE LAID BEFORE THE UNITED NATIONS SECURITY COUNCIL, WHICH STILL HAS ON ITS CALENDAR CHARGES THAT THE KREMLIN ENGINEERED THE FEBRUARY COMMUNIST COUP IN PRAGUE.

OFFICIALS SAID THE EVIDENCE IS BEING ASSEMBLED THROUGH AFFIDAVITS FROM FORMER CZECHOSLOVAK OFFICIALS WHO FLED THEIR HOMELAND DURING OR AFTER THE COMMUNIST GRAB OF POWER. MOST OF THESE PERSONS NOW ARE IN EXILE IN OTHER COUNTRIES IN EUROPE.

THE AMERICAN-COLLECTED DOCUMENTS ARE EXPECTED TO GO BEFORE THE U.N. IN ABOUT 10 DAYS. THERE IS NO PRESENT INDICATION WHEN DEBATE WILL START.

U.S. AND BRITISH OFFICIALS HESITATE TO RE-OPEN THE CZECHOSLOVAK CASE IN THE COUNCIL THIS SUMMER BECAUSE OF THE COUNCIL PRESIDENCY. DMITRIZ.MANUILSKY, FOREIGN MINISTER OF THE SOVIET UKRAINE, WILL BE IN THE CHAIR IN JULY AND JACOB MALIK, NEW RUSSIAN DELEGATE, WILL SWING THE GAVEL IN AUGUST. "WE ALL SUPPORT THE MARSHALL PLAN AND HOPE IT SUCCEEDS BUT DON'T FORGET THAT WHEN EUROPE GETS BACK ON ITS FEET IT WILL BECOME HIGHLY COMPETITIVE. WE CAN MEET THAT COMPETITION, OF COURSE."

MCNUTT SAID "IN THE FAR EAST, THE WHOLE ECONOMIC SITUATION IS MADE TO ORDER FOR US. THEY HAVE THE WEALTH OF RAW MATERIALS WE NEED, AND THEY NEED THE FINISHED GOODS WE CAN GIVE THEM.

"IF WE PULL OUT OF THAT BEDEVILED AND DEVASTATED WORLD WE WILL BE SOWING DRAGONS' TEETH OUR CHILDREN MAY REAP IN MUCH THE SAME WAY AS WE DID."

MCNUTT SAID THE RECONSTRUCTION JOB IN JAPAN IS SOUND "BUT WE CANNOT AFFORD TO MAKE JAPAN STRONG IN THE MIDST OF AN ECONOMIC VACCUM IN THE REST OF THE FAR EAST."

THE PHILIPPINES IS MOST DESERVING OF UNITED STATES HELP, MCNUTT SAID. CHINA IS NEAR TO COMMUNIST CONQUEST UNLESS THIS COUNTRY GIVES HER MILITARY AND ECONOMIC HELP AND INDO-CHINA, SIAM AND THE NETHERLANDS EAST INDIES SEE THE UNITED STATES AS THEIR SOLE SOURCE OF AID, HE ADDED.

GERMANY

WASHINGTON,JUNE 29-(AP)-UNITED STATES OFFICIALS WERE REPORTED READYING NEW, TOUGH DIPLOMATIC MOVES TODAY TO CRACK RUSSIA'S LAND BLOCKADE OF BERLIN.

ALTHOUGH WHITE HOUSE AND STATE DEPARTMENT OFFICIALS MAINTAINED A TIGHT-LIPPED SILENCE, INDICATIONS MOUNTED THAT A DIPLOMATIC STROKE AIMED DIRECTLY AT THE KREMLIN MIGHT BE UNLEASHED TOMORROW OR THURSDAY.

THE NATURE OF ANY SUCH PLAN WAS CLOAKED IN STRICTEST SECRECY, BUT SIGNS POINTED TO A STERN NOTE DEMANDING THAT RUSSIA LIFT THE EIGHT-DAY OLD BLOCKADE AND QUIT OTHER UNITY-HAMPERING TACTICS--OR TAKE RESPONSIBILITY FOR THE CONSEQUENCES.

THE AIR FORCE MEANWHILE STOOD READY TO RUSH MORE CARGO PLANES TO THE BELEAGUERED GERMAN CAPITAL IF NEEDED TO HELP FERRY FOOD AND OTHER URGENTLY NEEDED SUPPLIES TO 2,500,000 RESIDENTS CUT OFF IN THE WESTERN ZONES.

ALREADY SOME 39 GIANT C-54S WERE WINGING THEIR WAY TO GERMANY FROM AS FAR AWAY AS ALASKA AND THE CARIBBEAN.

AN AIR FORCE SPOKESMAN SAID NO FURTHER REQUESTS FOR PLANES HAD BEEN RECEIVED FROM U.S. OCCUPATION AUTHORITIES. BUT HE TOLD A REPORTER SCORES MORE OF THE TRANSPORT CRAFT WERE AVAILABLE.

MEANWHILE DIPLOMATIC AND MILITARY OFFICIALS HELD A FAST-BREAKING SERIES OF CONFERENCES HERE AND ABROAD WHICH POINTED TO AN EARLY BREAK IN THE BERLIN IMPASSE.

THESE WERE THE MAJOR DEVELOPMENTS:

1. UNDERSECRETARY OF STATE LOVETT CONFERRED WITH PRESIDENT TRUMAN YESTERDAY AND LATER ATTENDED A WHITE HOUSE CABINET SESSION. THERE WAS NO OFFICIAL WORD ON THE TOPICS UNDER DISCUSSION, BUT IT WAS LEARNED THAT ONE OF THEM WAS THE BERLIN SITUATION.

2. UNDERSECRETARY OF THE ARMY WILLIAM DRAPER AND U.S. AMBASSADOR LEWIS W.DOUGLAS WENT INTO A LONDON HUDDLE WITH BRITAIN'S FOREIGN SECRETARY ERNEST BEVIN. DRAPER THEN FLEW TO BERLIN TO JOIN LT.GEN. A.C.WEDEMEYER OF THE U.S. GENERAL STAFF FOR CONFERENCES WITH THE AMERICAN COMMANDER, GEN.LUCIUS D.CLAY.

A6WX

3. PRIME MINISTER ATTLEE SUMMONED FIELD MARSHALL VISCOUNT MONTGOMERY, CHIEF OF THE BRITISH IMPERIAL GENERAL STAFF, TO A SPECIAL CABINET SESSION LAST NIGHT.

BEVIN MEANTIME PUT OFF UNTIL WEDNESDAY A STATEMENT ON OVERALL BRITISH POLICY IN GERMANY WHICH HE HAD BEEN SCHEDULED TO MAKE BEFORE PARLIAMENT YESTERDAY.

THE SERIES OF CONFERENCES SEEMED TO INDICATE AMERICAN AND BRITISH OFFICIALS WERE SPEEDING GROUNDWORK FOR THE DIPLOMATIC MOVES PRESUMABLY BEING WORKED OUT AT TOP LEVELS.

THE FACT THAT BEVIN POSTPONED HIS PARLIAMENTARY REPORT UNTIL WEDNESDAY INDICATED THAT THE UNITED STATES AND BRITAIN MAY BE PLANNING SIMULTANEOUS STATEMENTS THEN.

SECRETARY OF STATE MARSHALL IS DUE TO RETURN TO HIS DESK WEDNESDAY FROM WALTER REED HOSPITAL WHERE HE HAS BEEN UNDERGOING A ROUTINE PHYSICAL CHECKUP. EITHER HE OR LOVETT MAY HAVE SOME ANNOUNCEMENT ON THE SUBJECT AT THE USUAL STATE DEPARTMENT NEWS CONFERENCE THAT DAY.

WHILE HOPEFUL THAT A STRONGLY-PHRASED NOTE TO MOSCOW WOULD BRING ABOUT A REVERSAL OF RUSSIAN POLICY, AUTHORITIES HERE LAID STRESS ON ACTIONS RATHER THAN WORDS TO RESOLVE THE DEADLOCK. THEY POINTED OUT THAT THE IMMEDIATE TASK CONFRONTING THE WESTERN POWERS WAS TO PREVENT STARVATION OF GERMANS IN THEIR OCCUPATION ZONES.

WASHINGTON,JUNE 29-(AP)-SENATOR BRIDGES (R-NH) TODAY ACCUSED THE STATE DEPARTMENT OF DELAYING MILITARY AID TO CHINA. HE DEMANDED THAT A "FULL EXPLANATION" BE MADE TO THE SENATE APPROPRIATIONS COMMITTEE WHICH HE HEADS.

BRIDGES SAID THERE HAS BEEN A "GENERAL LAXNESS THROUGHOUT THE GOVERNMENT IN FREEING THE ADVANCES FOR CHINA AID TO BE USED BY THE CHINESE GOVERNMENT."

IN A LETTER TO SECRETARY OF STATE MARSHALL, WHICH BRIDGES MADE PUBLIC, THE SENATOR SAID:

"IN VIEW OF THE EXTREMELY SERIOUS MILITARY SITUATION IN CHINA, IN WHICH CHINESE GOVERNMENT ARMIES WITH INSUFFICIENT SUPPLIES ARE BEING ATTACKED BY MORE THAN 2,000,000 WELL ARMED COMMUNISTS "THE DELAY OF THE DEPARTMENT OF STATE IN THIS MATTER IS CLEARLY CONTRARY TO THE VITAL INTERESTS OF THE AMERICAN PEOPLE.

"IT IS MY DESIRE THAT YOU FURNISH TO THE SENATE COMMITTEE ON APPROPRIATIONS A FULL EXPLANATION OF THE SLOW ACTION BY THE DEPARTMENT OF STATE IN THIS VERY URGENT SITUATION. THE COMMITTEE WOULD LIKE ASSURANCE, ALSO, THAT IMMEDIATE ACTION WILL BE TAKEN TO CARRY OUT THE WISHES OF CONGRESS X X X."

CONGRESS APPROPRIATED $400,000,000 FOR CHINA AS A PART OF THE GLOBAL FOREIGN AID PROGRAM. OF THIS AMOUNT $275,000,000 WAS EAR-MARKED FOR ECONOMIC AID UNDER THE ADMINISTRATION OF THE ECONOMIC COOPERATION AD-

MINISTRATION AND 125,000,000 FOR MILITARY AID.

THE ORIGINAL AUTHORIZATION FOR CHINA AID WAS MADE LAST APRIL 3. IT INCLUDED A PROVISION DIRECTING THE RECONSTRUCTION FINANCE CORPORATION TO ADVANCE $50,000,000 TO GET THE PROGRAM UNDERWAY.

"THIS SUM OF $50,000,000 (M) WAS INTENDED TO COVER ADVANCES UPON THE ECONOMIC AND MILITARY AID, PENDING AN APPROPRIATION BY CONGRESS," BRIDGES SAID IN HIS LETTER TO MARSHALL. "ON APRIL 5TH, 1948, OFFICIALS OF THE STATE DEPARTMENT INFORMED CHINESE OFFICIALS THAT OF THIS SUM $36,000,000 WOULD BE FOR THE ECONOMIC AID PROGRAM AND $13,500,000 FOR THE SPECIAL (MILITARY) AID."

BUT SINCE APRIL 5, BRIDGES SAID, THE CHINESE GOVERNMENT HAS "REPEATEDLY" ATTEMPTED WITHOUT SUCCESS TO OBTAIN FROM THE STATE DEPARTMENT A STATEMENT OF THE NECESSARY PROCEDURE FOR UTILIZING THE $13,500,000.

WASHINGTON, JUNE 29-(AP)-GREECE, IN A FOREIGN MINISTRY STATEMENT MADE PUBLIC BY THE EMBASSY HERE, ACCUSED BULGARIA TONIGHT OF DELIBERATELY BLOCKING NEGOTIATIONS ON RESUMPTION OF DIPLOMATIC RELATIONS BY THROWING IN "IMPOSSIBLE" CONDITIONS.

THE ACCUSATION WAS A FOLLOW-UP TO THE BULGARIAN ANNOUNCEMENT HERE OVER THE WEEK-END, THAT THE TALKS HAD COLLAPSED.

THE STATEMENT, DATED JUNE 28 IN ATHENS, SAID BULGARIAN GESTURES IN THE AFFAIR WERE AN EFFORT TO BETTER THAT COUNTRY'S MORAL POSITION BEFORE THE COMING SESSION OF THE UNITED NATIONS GENERAL ASSEMBLY.

IT SAID BULGARIA "KNEW SHE WAS RENDERING IMPOSSIBLE ANY DISCUSSIONS ON THE MATTER; THE LEAST THAT WOULD HAPPEN, UNDER THE CIRCUMSTANCES, WAS THE PRIOR DISCUSSION OF TERMS AND CONDITIONS WHICH GREECE HAD TO PRESENT."

IT ASSERTED THAT AN UNDERSTANDING BETWEEN THE COUNTRIES "IS PERFECTLY FEASIBLE IF THE ADMINISTRATION IN SOFIA DECIDES TO STOP BEING THE ACCOMPLICE OF AN AGGRESSION AGAINST GREECE."

WASHINGTON, JUNE 29-(AP)-THE NAVY SAID TODAY THERE IS "ABSOLUTELY NO FOUNDATION" FOR A REPORT THAT A U.S. WARSHIP SHELLED ARAB LINES IN PALESTINE.

MUHSEN AL BARAZI, SYRIAN MINISTER OF THE INTERIOR, REPORTED THE ALLEGED INCIDENT IN CAIRO YESTERDAY. HE IDENTIFIED THE VESSEL AS ONE OF THREE ASSIGNED TO THE UNITED NATIONS TRUCE TEAM IN PALESTINE.

AL BARAZI SAID A PROTEST HAD BEEN MADE TO BOTH THE UNITED STATES AND TO COUNT FOLKE BERNADOTTE, U.N. MEDIATOR IN PALESTINE.

HOWEVER, THE STATE DEPARTMENT SAID IT HAD RECEIVED NO SUCH PROTEST.

THE NAVY OFFICIAL WHO DENIED AL BARAZI'S REPORT SAID THE THREE DESTROYERS ASSIGNED TO THE TRUCE TEAM ARE UNDER ORDERS "TO TAKE NO PART IN ANY MILITARY OPERATION."

THE DESTROYERS ARE THE PUTNAM, HENLEY AND J.C. OWENS.

THE STATE DEPARTMENT MEANWHILE WAS INFORMED THAT 69 INTERNEES, WHO HAD BEEN HELD AT BEIRUT, LEBANON, BOARDED THE AMERICAN VESSEL, THE MARINE CARP, YESTERDAY. THE 69, INCLUDING 41 AMERICANS, WERE DETAINED AT BEIRUT BECAUSE OF ARAB UNWILLINGNESS TO LET THEM GO TO PALESTINE.

(250) WASHINGTON, JUNE 29-(AP)-THE UNITED STATES PROTESTED TO MOSCOW TONIGHT BECAUSE RUSSIA PULLED THE SWITCH LAST MONTH ON ELECTRIC POWER SERVING SOUTH KOREA.

THE POWER USED IN THE SOUTHERN, AMERICAN-OCCUPIED ZONE COMES LARGELY FROM THE SOVIET ZONE TO THE NORTH. THE RUSSIANS ARBITRARILY CUT IT OFF MAY 14.

IN A NOTE DELIVERED THROUGH THE AMERICAN EMBASSY IN MOSCOW, THE STATE DEPARTMENT URGED THAT THE RED ARMY COMMANKER BE ORDERED TO RESTORE POWER DELIVERIES IMMEDIATELY AND TO NEGOTIATE SETTLEMENT OF THE TERMS OF PAYMENT.

THE NOTE WAS PUBLISHED A FEW HOURS AFTER SECRETARY MARSHALL REJECTED OUTRIGHT A COMPLAINT BY MOSCOW THAT AN ARTICLE IN AN AMERICAN MAGAZINE WAS "AN EXAMPLE OF UNBRIDLED PROPAGANDA FOR A NEW WAR."

IN THE KOREAN POWER PROTEST, THE UNITED STATES DEMANDED THAT RUSSIA LIVE UP TO ITS RESPONSIBILITIES AS AN ALLIED OCCUPYING POWER, AND TO TERMS OF A JUNE 17, 1947, SOVIET-AMERICAN AGREEMENT ON PAYMENT.

"SHOULD THE SOVIET COMMAND PERSIST IN REFUSING TO MAINTAIN AN ADEQUATE FLOW OF ELECTRIC POWER TO SOUTH KOREA, THE PEOPLE OF THAT AREA WILL THEREBY BE SUBJECTED TO UNWARRANTED HARDSHIPS," THE PROTEST SAID.

FOR THE TIME BEING SOUTH KOREA IS MEETING EMERGENCY NEEDS THROUGH LOCAL PLANTS AND POWER SUPPLIED BY AMERICAN VESSELS.

THE LATEST KOREAN DISPUTE HAS BEEN IN PROGRESS FOUR MONTHS. TONIGHT'S PROTEST NOTED THAT THE 1947 AGREEMENT CALLED FOR PAYMENT FOR THE POWER IN VARIOUS MATERIALS AND EQUIPMENT AND PROVIDED FOR FRESH NEGOTIATIONS SHOULD SOME MATERIALS BE FOUND UNOBTAINABLE.

WHEN LT.GEN.JOHN R.HODGE, AMERICAN MILITARY GOVERNOR, SOUGHT A SETTLEMENT OF OUTSTANDING ACCOUNTS, HE WAS TOLD THE AMERICANS WOULD HAVE TO DEAL WITH THE COMMUNIST PEOPLES COMMITTEE OF NORTH KOREA. HE REFUSED TO DO SO AND THE RUSSIANS PULLED THE SWITCHES.

HIS SUCCESSOR WILL BE APPOINTED SOON.

DUBOIS HAS BEEN CRITICIZED IN THE PAST BY NETHERLANDS OFFICIALS WHO HAVE ACCUSED HIM OF SOME TIMES FOLLOWING A PRO-INDONESIAN LINE.

STATE DEPARTMENT OFFICIALS SAID THIS CRITICISM IS NOT IN ANY WAY THE CAUSE OF HIS BEING RELIEVED AND IF HIS HEALTH WERE NOT BAD HE WOULD BE CONTINUED IN THE ASSIGNMENT.

THEY PRAISED DUBOIS FOR HAVING MADE "A VERY SIGNIFICANT CONTRIBUTION" TO WORKING OUT A SETTLEMENT BETWEEN THE NETHERLANDS GOVERNMENT AND THE INDONESIAN REPUBLIC. THE STATE DEPARTMENT SAID IT "DEEPLY REGRETS HIS ABILITY TO CONTINUE THIS WORK."

BRITISH AID
BY JOHN SCALI

JUN 1948

(ADVANCE)-WASHINGTON,JUNE 29-(AP)-BRITAIN PROMISED TODAY TO KEEP HER FINANCIAL HOUSE IN ORDER IN RETURN FOR MORE THAN $4,000,000,000 (B) IN AMERICAN AID OVER THE NEXT FOUR AND A QUARTER YEARS.

IN A LENGTHY AGREEMENT MADE PUBLIC BY THE STATE DEPARTMENT, THE BRITISH PLEDGED THAT IN EXCHANGE FOR U.S. ASSISTANCE UNDER THE EUROPEAN RECOVERY PROGRAM THEIR NATION WILL:

"STABILIZE ITS CURRENCY, ESTABLISH OR MAINTAIN A VALID RATE OF EXCHANGE, BALANCE ITS GOVERNMENTAL BUDGET, CREATE OR MAINTAIN INTERNAL FINANCIAL STABILITY AND GENERALLY RESTORE OR MAINTAIN CONFIDENCE IN ITS MONETARY SYSTEM."

WHILE THE AGREEMENT MUST BE APPROVED BY THE BRITISH PARLIAMENT BY JULY 3 IF AMERICAN AID NOW FLOWING UNDER A TEMPORARY PACT IS NOT TO HALT, SUCH RATIFICATION WAS EXPECTED WITH LITTLE TROUBLE. IF THE AGREEMENT IS OKAYED AFTER THE DEADLINE, AMERICAN SHIPMENTS WOULD BE RESUMED.

THE 10,000-WORD DOCUMENT CONTAINS NUMEROUS PROVISIONS DESIGNED TO INSURE BRITISH COOPERATION IN A COORDINATED RECOVERY EFFORT IN WESTERN EUROPE. BUT CHIEF INTEREST CENTERED ON THE SECTION DEALING WITH BRITAIN'S CURRENCY.

THERE HAD BEEN REPORTS OF VIGOROUS DISAGREEMENT BETWEEN BRITISH AND AMERICAN NEGOTIATORS OVER THAT POINT. THE FINAL WORDING OF THE CLAUSE REPRESENTS A VICTORY FOR THE BRITISH OFFICIALS.

THEY HAD INSISTED ON TONING DOWN AN EARLIER VERSION TO AVOID ANY IMPRESSION THE AMERICAN GOVERNMENT WANTED POWER TO DEVALUE THE POUND STERLING AT WILL.

ALTHOUGH THE FULL AMOUNT OF AMERICAN ASSISTANCE IS NOT SPECIFIED IN THE AGREEMENT, STATE AND TREASURY DEPARTMENT OFFICIALS HAVE ESTIMATED THAT BRITAIN'S SHARE OF THE VAST PROGRAM WILL FALL BETWEEN $4,000,000,000 AND $4,500,000,000 BY THE TIME THE INTERNATIONAL PROJECT ENDS JUNE 30, 1952.

HOWEVER, THE PROMISES MADE BY BRITAIN IN THE NEW AGREEMENT WILL RUN TO JUNE 30, 1953. THAT WILL ALLOW AN EXTRA YEAR TO POLISH OFF ANY PROJECTS NOT COMPLETED WHEN FINANCIAL HELP STOPS.

THE BRITISH PLEDGED, AMONG OTHER THINGS, TO "FACILITATE THE TRANSFER" TO THE UNITED STATES OF STRATEGIC RAW MATERIALS NEEDED FOR STOCKPILING PURPOSES.

EITHER BRITAIN OR THE UNITED STATES CAN END THE AGREEMENT AT ANY TIME UPON SIX MONTHS NOTICE.

FOREIGN AID (280)

WASHINGTON,JUNE 29-(AP)-THE UNITED STATES STANDS TO GAIN NEW STORES OF SCARCE WAR MATERIALS AMONG OTHER RETURNS FROM BILLIONS IN FOREIGN AID FUNDS BEING INVESTED IN WESTERN EUROPEAN RECOVERY.

THE MARSHALL PLAN AGREEMENTS, SIGNED YESTERDAY WITH ITALY AND IRELAND AND NOW BEING CLOSED WITH THE OTHER COUNTRIES, PLEDGED THEM TO SET ASIDE ROUGHLY $4,000,000,000 (B) WORTH OF EUROPEAN CURRENCIES IN SPECIAL ACCOUNTS FOR THESE MAJOR PURPOSES:

1. TO PAY FOR EXPLORATION AND DEVELOPMENT OF STRATEGIC MATERIALS NEEDED BY THE UNITED STATES "BECAUSE OF DEFICIENCIES OR POTENTIAL DEFICIENCIES IN THE RESOURCES OF THE UNITED STATES."

2. TO STIMULATE PRODUCTIVE INDUSTRY AND TRADE AND DEVELOP NEW SOURCES OF WEALTH IN THE PARTICIPATING NATIONS.

3. TO STABILIZE CURRENCIES, RETIRE NATIONAL DEBTS AND OTHERWISE FIGHT INFLATION.

4. TO MEET OPERATING COSTS OF THE ECONOMIC COOPERATION ADMINISTRATION OVERSEAS.

THE SPECIAL RESERVE FUNDS, IN EFFECT, WILL MATCH DIRECT GRANTS OF FOOD, FUEL, MATERIALS AND OTHER GOODS FURNISHED BY ECA UNDER THE FOREIGN AID APPROPRIATION SIGNED YESTERDAY BY PRESIDENT TRUMAN.

THE $1,000,000,000 (B) IN ECA FUNDS WHICH IS TO BE FURNISHED IN THE FORM OF REPAYABLE LOANS WILL NOT BE MATCHED BY SUCH CURRENCY DEPOSITS.

AMERICAN STOCKPILING OF STRATEGIC METALS AND RAW MATERIALS, WHICH HAS LAGGED BEHIND SCHEDULE, IS EXPECTED TO GET A SUBSTANTIAL LIFT AS THE PROGRAM GETS UNDER WAY.

BESIDES AGREEING TO THE USE OF THEIR CURRENCIES TO DEVELOP SUCH STRATEGIC RESOURCES, EACH COUNTRY SIGNING AN AGREEMENT ALSO UNDERTAKES TO "FACILITATE" THEIR SHIPMENT TO THIS COUNTRY.

AMERICA WILL ACQUIRE THE MATERIALS ON SUCH "REASONABLE TERMS OF SALE, EXCHANGE, BARTER, OR OTHERWISE," AS MAY BE AGREED UPON LATER.

WHERE THE SET-ASIDE CURRENCIES ARE USED TO DEVELOP LOCAL MANUFACTURING, COMMERCIAL, POWER OR TRANSPORTATION PROJECTS, SEPARATE UNDERSTANDINGS WILL BE REACHED WITH EACH COUNTRY BEFORE THE FUNDS ARE PAID OUT.

WASHINGTON,JUNE 29-(AP)-SENATOR BRIDGES (R-NH) CHARGED TODAY THAT THE STATE DEPARTMENT HAS BEEN DELAYING MILITARY AID TO CHINA. THE STATE DEPARTMENT IMMEDIATELY NOTED THAT PRESIDENT TRUMAN SIGNED ONLY YESTERDAY THE APPROPRIATION WHICH MAKES THE FUNDS AVAILABLE.

BRIDGES, CHAIRMAN OF THE SENATE APPROPRIATION COMMITTEE, MADE PUBLIC A LETTER TO SECRETARY OF STATE MARSHALL COMPLAINING THAT THERE HAS BEEN A "GENERAL LAXNESS THROUGHOUT THE GOVERNMENT IN FREEING THE ADVANCES FOR CHINA AID." HE ASKED THAT A FULL EXPLANATION BE MADE TO HIS COMMITTEE.

CONGRESS APPROPRIATED $400,000,000 FOR CHINA AS PART OF THE GLOBAL AID PROGRAM. IT EARMARKED $125,000,000 FOR MILITARY AID AND $275,000,000 FOR ECONOMIC ASSISTANCE. BUT THE ORIGINAL AUTHORIZATION BILL DIRECTED THE RECONSTRUCTION FINANCE CORPORATION TO ADVANCE $50,000,000 TO GET THE PROGRAM STARTED.

BRIDGES CONTENDED THAT PART OF THIS $50,000,000 WAS INTENDED FOR MILITARY AID. HE SAID THE CHINESE HAD BEEN UNAOLE TO DRAW ON IT, HOWEVER.

LINCOLN WHITE, STATE DEPARTMENT PRESS OFFICER, TOLD REPORTERS THE CHINESE EMBASSY WAS INFORMED TODAY OF THE PROCEDURE FOR DRAWING ON THE FUNDS.

WHITE SAID THAT DIFFERENCES BETWEEN HOUSE AND SENATE ON CHINA AID KEPT UNCERTAIN THE TERMS ON WHICH THE ASSISTANCE COULD BE GIVEN UNTIL THE APPROPRIATION WAS APPROVED IN THE CLOSING HOURS OF THE SESSION.

LOS ANGELES,JUNE 29-(AP)-AMERICAN WAR CAPTIVES IN JAPAN'S OEYAMA PRISON CAMP WERE FORCED TO STAND FACE TO FACE AND SLUG EACH OTHER WITH CLENCHED FISTS, A FEDERAL COURT JURY WAS TOLD TODAY.

A PENALTY FOR NOT HITTING HARD ENOUGH, SAID THE WITNESS, NATHAN SUTTON, (10CARLYLE AVE., UTICA,N.Y.) WAS TO BE CLUBBED OVER THE HEAD BY A JAPANESE GUARD.

SUTTON WAS TESTIFYING AT THE TREASON TRIAL OF TOMOYA KAWAKITA, AMERICAN-BORN JAPANESE, WHO SERVED AS INTERPRETER AT THE PRISON CAMP.

SUTTON SAID THE SLUGGING INCIDENT TOOK PLACE AFTER THE JAPANESE OPENED AN INQUIRY INTO THE DAMAGING OF ISSUE BLANKETS BY SOME OF THE AMERICAN WAR PRISONERS. HE SAID APPROXIMATELY 30 AMERICANS WERE LINED UP IN TWO FILES. THEY WERE SLAPPED BY TWO BRITISH SERGEANTS WHO WERE IN LOOSE CHARGE OF DISCIPLINE AMONG ALLIED PRISONERS AND BY SEVERAL JAPANESE, INCLUDING KAWAKITA, THE WITNESS SAID.

"WE HAD TO DO IT," SUTTON SAID.

THE WITNESS WAS FORMER SGT.PAUL SARNO, CHICAGO (3300 WEST FRANKLIN BLVD.,)M

HE SAID HE MET KAWAKITA A WEEK OR TWO AFTER ENTERING THE CAMP AND THAT THE DEFENDANT TOLD HIM: "IT LOOKS LIKE MACARTHUR TOOK A RUN-OUT POWDER ON YOU GUYS." SARNO WAS TAKEN PRISONER IN BATAAN.

THE FORMER SERGEANT ALSO QUOTED KAWAKITA AS SAYING: "IT LOOKS LIKE THE JAPS ARE A LITTLE BETTER THAN YOU AMERICANS."

SEVERAL OTHER INSTANCES OF ALLEGED BRUTALITY WERE RELATED BY AMERICAN WITNESSES. FRANK E. MINO (237 ST. PAUL ST.) PITTSBURGH, PA., SAID KAWAKITA ONCE SHOVED HIS FACE INTO A BOWL OF RICE DURING A CONVERSATION ABOUT THE CAMP'S FOOD.

THE TALK STARTED, MINO TESTIFIED ON DIRECT EXAMINATION, WHEN KAWAKITA SAID TO HIM "YOU AMERICANS DON'T HAVE A CHANCE. WE'LL WIN THE WAR, AND DON'T THINK WE WON'T."

THEN, MINO ADDED, KAWAKITA ASKED HIM HOW HE LIKED JAPANESE FOOD. MINO SAID HE DID NOT ANSWER, AND KAWAKITA, PUSHING THE AMERICAN'S FACE INTO THE RICE BOWL, SAID, "YOU AMERICANS JUST DON'T KNOW WHAT GOOD CHOW IS."

MINO SAID HE HAD SEEN SGT. PHILIP TOLAND, OF WESTOVER FIELD, MASS., KICKED ONTO HIS FACE BY KAWAKITA. THE INCIDENT OCCURRED, MINO TESTIFIED, WHEN TOLAND, WEAKENED BY ILLNESS, WAS BENDING OVER ATTEMPTING TO PUT AN ORE CAR BACK ON THE TRACK.

Allies Will Risk Trouble With Reds To Keep Berlin Supplied, Bevin Says

TOM WILLIAMS

JUN 1948

Blockade Of City Violates Pact, He Tells Commons

London, June 30 (AP) — British Foreign Secretary Ernest Bevin said today the Western Powers are determined to continue flying food to blockaded Berlin despite the risk of grave trouble with the Russians.

He told the house of commons: "If ever there was a time to stand firm it is now."

In Washington U.S. Secretary of State Marshall said "we intend to stay" in Berlin regardless of the Russian blockade. His announcement coincided with the Washington disclosure that the number of B-29 super-fortresses in Germany is being trebled—increased to 30 planes.

Bevin said the Western Allies are considering a direct approach to the Kremlin in an attempt to settle the Berlin crisis. He did not specify whether the approach would consist merely of a protest against the blockade or would include a request for four-power talks. He did say, however, that Britain is ready to renew four-power attempts to settle East-West disputes in Berlin—after Russia lifts her blockade.

A government source said the United States, Britain and France already have begun consultations on the form and language the communication would take.

It was understood this was one of the topics discussed when Bevin met with U.S. Ambassador Lewis W. Douglas and French Ambassador Rene Massigli during the day.

One officials British source said Britain has asked the Dominions to lend all the transport planes they can spare to help carry food to Berlin.

The Allies stepped up the pace of their air cargo service. By late afternoon 225 planes, 100 of them British, had reached Berlin with vital supplies for the 2,000,000 or more Germans in the American, British and French sectors of the city.

The U.S. Air Force began this greatest airlift operation of peacetime history last Sunday.

Berlin's official Soviet newspaper claimed the Western air fleets were plundering the city by carring out machinery and products on return flights. American officials promptly denied the charge There was speculation that the newspaper's attack might herald a Russian attempt to restrict use of the air corridor to Berlin.

A lone Russian barrage balloon use for artillery spotting raised a false scare that the Russians already had put up a new obstacle to the aerial food route.

Bevin spoke of Soviet Marshal Vassily D. Sokolovsky's letter of last night which held forth the hope that rail, highway and canal links between Berlin and the Western zones might be reopened soon.

"I am not deceived by language," the British foreign secretary declared, "Neither, on the other hand, am I going to assume that everything they say is wrong. I have to keep a balance, but I shall be happier when the first train starts and the barges are going down the Elbe."

Bevin said the Soviet blockade was a violation of four-power agreements, and a war of nerves.

American note to Moscow, the Foreign Secretary said:

"The point made by Mr. Eden of dealing with it (the crisis) in Moscow at the appropriate moment is very much in our minds."

ESden said that Moscow is where Soviet power "ultimately lies."

Set On Flying Food

Earlier Bevin said the Western Powers are determined to fly food into Berlin despite the risk of trouble with Russia.

Bevin did not specify whether the Western Allies' approach would consist of a protest against the Soviet land blockade of Berlin or a request for four-power talks.

A Government source close to the Cabinet said the three Western Powers had already begun consultations on the form and language the communication to Moscow would take.

This was reported to be one of the topics of Bevin's meeting today with the American and French Ambassadors, Lewis Douglas and Rene Massigli, respectively.

"Grave Situation" Possible

Plans for supplying the Russian-blockaded city by air "have gone ahead with great speed and the

are partners in Germany and are determined against bowing to Soviet dictation.

He assailed the Soviet land blockade of Berlin as a violation of four-power agreements.

War Of Nerves Charged

Accusing the Russians of resorting to a war of nerves, he said:

„The House is aware that all these irritations have gone on for a long time. I think that there has been an attempt to see how long our nerves would last. There is no sign of snapping yet."

Bevin charged that the Soviet reason for imposing the rail blockade—the issuance of a new western currency—was invalid.

"If," he added, "the Russians intend ruthless starvation of 2,500,000 people, in order to produce chaos, I presume, and revolt, to put pressure upon Allies with whom they have fought in the war and loyally carried out their part, the British Government cannot submit to that.

"I am assured that our American and French Allies take a similar view."

He said Britain stnds ready to renew four-power attempts to settle the East-West deadlock in Berlin once the transport blockade is lifted.

slavia has become a "rebel—but one still in the party."

British diplomats spoke after studying the Cominform's condemnation of Yugoslav Communist leaders and the latters' defiant denial of charges of being anti-Russian, flirting with the Western powers and departing from the Marx-Lenin party line.

Both Shun Open Break

British sources said both Russia and Yugoslavia "seem to be trying to avoid an open break, but only time can show whether they will be able to maintain the status quo."

These informants said it was considered likely that Tito had sought a free hand for dealing with the Western powers to obtain vitally needed machinery for reconstruction and had run into Soviet objections.

While they said this may have been only one of the reasons for the Cominform's rebuke, British officials emphasized the likelihood that Tito was irritated by inability to obtain some supplies under the Marshall plan. Communist nations spurned the plan and, in turn, were denied its benefits.

"Illusions Of Grandeur"

It was possibly significant that the Russian censor allowed an Associated Press dispatch from Moscow to quote one Russian:

"Tito obviously got illusions of grandeur."

Russian opposition to a Balkan bloc, such as Yugoslavia projected, appeared certain. Communist Premier Georgi Dimitrov of Bulgaria proposed such a federation last January, but on a larger scale, and he had Tito's active support.

Pravda, the official Communist newspaper in Moscow, declared its

plus the Communist leaders of Italy and France. It is dominated by Russia.

Now that the Cominform has cracked down on Yugoslav leaders without apparent success, a job of face-saving must be done. Dispatch of the Red Army into Yugoslavia would lay Russia open to United Nations charges of aggression.

Sir Maurice Peterson, British Ambassador to Moscow, is expected in London shortly, officially because of ill health. He is expected to discuss the dispute.

All Europe Eyes Row

Ny Dag, leading Communist paper of Sweden, joined the Cominform in denouncing Tito and Yugoslav Communist leadership in these words:

"The solidarity among the peoples of eastern Europe rests upon a more solid foundation than the prestige of individual personalities, however legendary partisan leaders they may be."

Yugoslav questions were debated throughout Europe. Among these were what Tito might do next, whether he has pulled Yugoslavia from the Russian orbit or made it a shooting star headed West.

Foreign ministries and diplomats, looking for answers to those questions today, pondered over 5,000 defiant words issued by the Yugoslav Communist party last night, angrily rejecting Cominform condemnation of their leader and Premier.

The Moscow newspaper Pravda refrained again from editorial comment on Yugoslavia. A Moscow dispatch said many Russians speculated privately the Yugoslav Communists would find a way from their dilemma and get back to the party line.

Austrian Communists called a conclave to discuss Yugoslavia and its virtually unprecedented defiance of Moscow.

The Daily Worker, organ of the Communist party in Britain, called the Yugoslav retort "a strange document . . . hotly worded, . . . which seemed calculated to provide sensational headlines for anti-Soviet newspapers throughout the world."

L'Humanite, the French Communist newspaper, said today the Yugoslav Communist party's retort to Cominform criticism of Premier Marshal Tito is "a tissue of lies."

West May Take Berlin Plea To Kremlin: Bevin

London, June 30 (AP)—Foreign Secretary Ernest Bevin said today that the Western Allies are considering a direct approach to the Kremlin in an attempt to settle the Berlin crisis.

London Blames Slav Case On Interference By Russ

London, June 30 (AP)—The British Foreign Office said today that Russia and Yugoslavia split over the "degree of interference which can be exercised by the Kremlin in Yugoslav policy."

A spokesman said the view was based on reports from Sir Charles Peake, Ambassador to Belgrade, and Frank Dixon, Ambassador to Prague. Peake is en route home.

Other responsible British officials said Marshal Tito of Yugo-

opposition and no more was heard openly until today of such a scheme.

Diplomatic observers looked to the Kremlin for the next move. Some professed a belief that should Tito get away with his refusal to follow Cominform orders, leaders in other restive satellite countries might decide not to knuckle down.

Face-Saving Job Needed

The Cominform ostensibly is a Communist information bureau for the Red states of eastern Europe

of the Yugoslav statement but noted one had been made and commented that in it: "One can not find the least bit of willingness for self-criticism nor any desire for objectivity; only grossly false statements that cannot stand to be analyzed."

The statement was tempered only by a declaration that "direct contact" is needed between the Communist parties of Russia and Yugoslavia to iron out the differences.

In Bulgaria, the Communist newspaper, Rabotnichesko Delo, predicted "sound Communist forces in Yugoslavia will triumph." In Prague, the central committee of the Czechoslovak Communist party formally approved the Cominform declaration against Yugoslavia. In Paris, Jacques Duclos, secretary of the French Communist party, was quoted as having "completely and unreservedly approved" the statement of censure.

Berlin, June 30 (AP)—An Anglo-American air caravan of more than 200 transport planes came to the rescue of beleaguered Berlin today in the greatest air ferrying operation in peacetime history.

Russian authorities, who clamped an overland blockade on the German capital affecting supplies from the west ten days ago, apparently now have added a water blockade to the land siege.

In answer to a Russian promise that the overland blockade would be lifted as soon as possible, Col. Frank L. Howley, United States commandant in the German capital, said: "We want deeds rather than words."

100 British Transports

The British Royal Air Force, joining the Americans in the ferrying operation, flew 100 transport planes into Berlin today. They promised to double the number by the end of the week.

The United States Air Force, which launched the air operation last Sunday, had sent 125 transports to the city by late afternoon. More were on their way to Berlin's Tempelhof airdrome carrying vital supplies for the people of the city's western sectors.

United States authorities at Tempelhof said 157 planeloads of supplies had been received during a 24-hour period up to last midnight.

Avoid Refueling Delays

The British said they would fly their transports at night, as the Americans are doing, and carry enough gasoline to avoid refueling delays in Berlin.

Eyewitnesses at Gatow, the British airfield, said Dakota and York transport planes landed at that base today at the rate of one every six minutes.

The water blockade was reported by a British officer in Hamburg, who said the Russians had halted the movement of barges along the Elbe River. Previously the Russians had permitted a few barges to filter through to Berlin.

Maj. Gen. E. O. Herbert, British commandant in Berlin, expressed confidence that the airborne lifeline would build up supplies "to last a long time."

Newspaper Attack Noted

The Western Allies took note of a vigorous attack on their expanded emergency air freight service published in the official Soviet newspaper, *Taegliche Rundschau*. The Russian organ said:

"Claims that this service is designed to feed Berlin are a bluff to cloak the plundering of the city by shipping out machinery and products on the return flight."

United States air authorities promptly denied the Soviet charge. They said most planes were returning to western Germany empty.

Some western officials speculated whether this new attack might be a forerunner to a Russian attempt to restrict use of air corridor lifelines to the west.

Nothing Moves On Rail Line

Marshal Vassily D. Sokolovsky, Soviet commander in Germany, replied last night to a British demand that he lift the blockade. He said he had learned Berlin had enough food on hand to last "several weeks."

"I hope that in this time we can have the trains running as usual," the Russian official said.

The Russians said they closed the vital Helmstedt-Berlin railway line to repair "technical difficulties."

Today, as during the last ten days, nothing moved along this line. Motor traffic along the single highway from Helmstedt to Berlin also remained stopped.

A lone Russian balloon used for artillery range spotting caused a false scare today on the aerial supply route. Excited United States Air Force authorities reported a barrage balloon barrier had been raised across the air corridor.

It finally was found that the balloon is flown to help figure artillery range and bearing and never is up more than an hour at a time.

Milk Deliveries Offered

Before the case was straightened out, Gen. Lucius D. Clay, American commander, said if barrage balloons were raised "we would deal with them as during the war."

The Russians relented in one phase of their blockade. They offered, through their official press, to restore fresh milk deliveries to the western sectors from their zone "in exchange for compensating foodstuffs."

To this, Howley said:

"I don't consider this an act of generosity by the Russians or German Communists. The lives of 6,000 babies in our sector were endangered by their sudden shut-off of milk supplies and many would have died if we had not taken the precaution of distributing whole dry milk and condensed milk in advance. We will continue to use these substitute formulas because we dare not risk another such arbitary action."

Paris, June 30 (AP)—Foreign Ministry sources said today France has proposed joint American, British and French efforts to break the Soviet land blockade of Berlin.

The informants said American officials have expressed verbal approval.

The French note to Washington and London asked that no unilateral measures be taken and urged that no tripartite moves be made which would compromise chances of reaching agreement with the Russians.

3 ALLIES CALL FOR REICH RULE

West Germany To Be Asked Today To Prepare Plans

Frankfurt, Germany, June 30 (AP). Germans will be told by the three Western powers tomorrow to start forming a German government for all western Germany.

They also will be offered an occupation statute to take the place of a formal peace treaty until all four occupying powers can agree on final peace terms.

Plans for this political fusion of all three Western occupation zones virtually were completed today at a meeting of the British, American and French military commanders in this proposed capital of the new western Germany.

Summoned To Meeting

It will leave the Russian occupied Eastern zone of Germany in almost complete political and economic isolation from the remainder of Germany.

The Western Allies still held out an offer to include the Soviet zone in an all-German government whenever the Russians will agree.

The Russians, however, were reported going ahead with their own plans for forming a rival German government in their zone, which will claim to represent all Germany.

German ministers president were summoned to meet here tomorrow with the Allied commanders to hear the terms of the Allied agreement.

They will be told to have a constituent assembly ready to meet by September 1 and begin drafting a constitution for the new government, said Gen. Lucius D. Clay, United States zone commander, as he emerged from the meeting with Gen. Sir Brian Robertson, British commander, and Gen. Pierre Koenig the French commander.

Clay said the "general principles" of the proposed occupation statute will be outlined to the Germans tomorrow, but details will be worked out later. German suggestions for procedure in setting up the new government also will be received later.

In general, an occupation statute would define the powers and responsibilities of the Germans on the one side and the occupying powers on the other.

Some Principles Outlined

It would provide the first written curb on the powers of the occupying forces since Germany surrendered unconditionally three years ago.

One strong German political party has asked that it also put a limit on the occupation costs that can be charged against the Germans, and that it should halt dismantling of German factories for reparations.

The new western Germany government will be patterned on the lines agreed upon in the recent London conference in which Belgium, Holland and Luxembourg took part along with Great Britain, United States and France.

French Evidently In Agreement

The plan called for an international control of the industrial Ruhr Valley and for continued Allied supervision of the new German government.

Today's move to put the London plan into operation had been delayed for several weeks by French objections to some parts of the plan. But Clay's announcement that the three military governors were "in agreement" indicated the French objections have been overcome.

Germans To Attend Government Talks

Frankfurt, Germany, June 30 (AP). Top American, British and French occupation authorities worked out a plan here today for creating a new central government for western Germany.

Allied commanders said they would meet with German ministers tomorrow morning to set the plan into motion.

The meeting will be open to both Allied and German newspaper men. This was an indication that complete agreement had been reached on all controversial questions.

French Chief Present

The plan for a central government was drawn up recently at the six-nation meeting in London. The Russians rejected it and met in Poland last week with Foreign Ministers of other eastern European nations to set up a counter plan.

Lieut. Gen. Joseph Pierre Koenig, commander of the French forces in Germany, was present for today's meeting, which had been postponed several times. French doubts about the plan were said to have caused the postponement.

Meeting with Koenig were Generals Lucius D. Clay and Sir Brian Robertson, American and British military governors.

Clay was flanked by W. Averell Harriman, roving Ambassador for the European Recovery Program; William H. Draper, Under Secretary for the Army, and Lieut. Gen. Albert C. Wedemeyer, the Army's director of plans and operations.

Russians Denounce Air Shuttle Service

Berlin, June 30 (AP)—The official Soviet newspaper in Germany took a dig at the Western Allies' emergency air freight service into Berlin today. Some Westerners feared it might portend a Russian attempt to restrict use of the air corridor lifeline.

"Claims that this service is designed to feed Berlin are a bluff to cloak the plundering of the city by shipping out machinery and products on the return flight," said *Taegliche Rundschau*.

Barrage Balloon Scare

One tired old barrage balloon raised a false scare today that the Russians were putting up a new obstacle to the aerial ferry route into Berlin.

The scare apparently was touched off by a routine warning to pilots at Frankfurt's Rhine-Main airfield.

The Air Flight Service warned them to fly high and avoid the barrage at Dolle, 75 miles west of Berlin. The warning, new to American and British pilots, apparently was based on a routine Russian report that the old balloon should be avoided in flights to Berlin.

Barrage rumors reached air headquarters at Wiesbaden, where a spokesman for Lieut. Gen. Curtis E. Lemay said he knew nothing about it, but was checking.

It Becomes Plural

A few minutes later, the Air

30.24- 18819

Force Public Information Office at Frankfurt said "balloons (plural) were reported over Dolle and a warning was going out in a few minutes."

A half hour later, the barrage story was questioned by Berlin air officials, who then reported it was the same old balloon of which the Russians had warned the Western powers.

"The Air Flight Service was just doing its job of warning all pilots," a public relations officer said.

This was the second time in recent weeks that the old balloon, a relic of the war, had touched off such an alarm.

Charge Is Denied

Americans denied the Russian charge of plundering. They said most planes of the big freight fleet were returning to western Germany empty.

Those returning loaded, they said, carried passengers and household furnishings belonging to Americans leaving Berlin on transfers into the United States occupation zone or going home to the United States.

The American planes, making around 100 flights daily to Berlin with food, were shifted over yesterday to the Berlin-British zone corridor to avoid confusion.

London reported, meanwhile, that Foreign Secretary Ernest Bevin had told the dominions the Western powers intended to defy the Russian blockade.

An official source said Britain had asked the dominions to lend all available transport planes to help feed western Berlin despite the Soviet blockade.

[A Reuter dispatch said that by the end of the week 200 planes will be landing food daily in the western sectors of Berlin as part of the British "air bridge," which will be much bigger than the American air operation.]

GERMAN STEEL MAN CONVICTED

Roechling, 75, Found Guilty Of Waging Aggressive War

Baden Baden, Germany, June 30 (AP)—For the first time in history an industrialist was convicted today of waging aggressive war.

The judgment was by a French-dominated international court against Hermann Roechling, 75-year-old German steel magnate. He held an iron grip over the Saar through two world wars.

Roechling, boss of Hitler's steel-making industry from 1942 onward, was convicted on three counts and sentenced to seven years' imprisonment.

The tribunal was composed of four Frenchmen, one Dutchman and one Belgian. The court said it was lenient because of Roechling's advanced age.

Will Appeal Case

Sturdy and healthy looking, Roechling took the finding with a shrug of his shoulders. His attorney, Otto Kranzbuechler, who has defended Karl Doenitz and the Krupps, said he would appeal the case.

In Nuernberg today, Alfred Krupp pleaded before a United States war crimes court that his big gun-making firm only "did its duty in the war and we are conscious of no violations of the laws of humanity."

The titular head of the Krupp munitions empire spoke for eleven other officials of the company, as well as for himself, in the defendants' final appeal.

The court then recessed to write its verdict, which is expected in about four weeks.

Austrian Reds Called To Discuss Tito Rift

Vienna, June 30 (AP)—Austrian Communist party chiefs announced today they will summon all Communist leaders in the country to a closed meeting Saturday to discuss the Yugoslav rift.

There are believed to be some differences of opinion inside the party as to what line to take.

The party newspaper *Volksstimme* commented today:

"The great successes in the national fight for liberation and reconstruction of Yugoslavia have gone to the heads of several leading men."

agency text."

Program Is Presented

"The national independence of the people of Yugoslavia is the condition for their road to socialism and their progress in general," the committee said in presenting the following program:

ONE: "Further strengthening of moral and political unity for the people of Yugoslavia."

TWO: "Strengthening and further developing of tight co-operation with the Soviet Union."

THREE: "Strengthening and further developing of tight co-operation with the peoples' democracies."

For Tightest Co-Operation

FOUR: "The most tight co-operation with the Peoples' Republic of Albania, and working on forming conditions for uniting the Albanian and Bulgarian peoples with the Yugoslav people on a principle of national equality."

FIVE: "Peaceful co-operation with all countries who wish to co-operate with the Federalist Peoples' Republic of Yugoslavia on the basis of honoring their independence and equality in the framework of the principles of the Charter of the United Nations."

SIX: "Activeness and co-operation of the Federated Peoples' Republic of Yugoslavia in the struggle of the democratic anti-imperialistic forces of the world, headed by the Soviet Union, against the anti-democratic imperialistic forces and warmongers."

Will Work For Peace

SEVEN: "The Federated Peoples' Republic of Yugoslavia will keep backing all countries and all movements fighting for peace, who are against interfering in the internal affairs of other countries and for respecting their independence, and those who are for peaceful co-operation based on the principles of the organization of the United Nations."

EIGHT: "Moral and political help for the working people of Yugoslavia in workers' movements, democratic movements and national liberation movements, and to the people who are struggling for liberty, democracy and socialism."

The whereabouts of Tito remain uncertain. Without confirmation, he has been reported variously on an Adriatic island, at his summer castle in Bled, and in Belgrade itself. Other reports have placed him in Austria and Moscow.

two hours at the site.

Among those in Tito's party were Gen. Alexander Rankovic, Interior Minister; Gen. Koca Popovic, army chief of staff, and Vladimir Bakaric, president of the Croatian People's Republic.

His appearance indicated Yugoslavia's Communists still are behind Tito in defiance of the accusation by the Communist International Information Bureau (Cominform) that he is leading them astray from the world party line.

Cominform Transfer Indicated

Meanwhile, reliable word was received here that the Cominform plans to discontinue publishing its biweekly newspaper in Belgrade. This was interpreted here as meaning that the Cominform would move its headquarters from Belgrade, but there was no confirmation of reports that the agency would shift its offices to Warsaw or Prague.

Outwardly the Yugoslav party leaders continued to hold out the olive branch by declaring they stood for "strengthening and further developing tight co-operation with the Soviet Union" and with the "people's democracies" of the other Soviet satellites.

But stoutly, they asserted, "the national independence of the people of Yugoslavia is the condition for their road to socialism and their progress in general."

Call For Stronger Army

They called for a "general strengthening" of the Yugoslav Army which they declared "protects the freedom and independence of Yugoslavia."

These declarations were contained in an eight-point program which Yugoslav Communist leaders have drawn up for the fifth congress of the party July 21. Its publication in the party organ, *Borba*, came only a few hours after the Yugoslav Communist party had de-

Party In Belgrade Reiterates Ties With U.S.S.R.

Belgrade, Yugoslavia, June 30 (AP)—Yugoslavia's Communist leaders firmly proclaimed their independence today and called for formation of a Balkan bloc "uniting Albanian, Bulgarian and Yugoslav people on the principle of national equality."

They also recommended several steps for "general strengthening" of the Yugolav Army, by tightening up discipline and supplying the forces with "modern war technique."

"The Yugoslav Army," they said, "protects the freedom and independence of the people of Yugoslavia." The program was advanced by the Yugoslav Communist central committee, headed by Premier Marshal Tito, for presentation to the country's fifth Communist council meeting here July 21.

It was published in *Borba*, the party organ, only a few hours after the committee had denounced as "lies" and "slander" the sharp condemnation by the Cominform of policies pursued by Tito and his Government.

Borba said in a footnote that the Cominform had not supplied the Yugoslav Communists with an official text of its resolution and that the committee "is forced to use an

Communist Program Hints Willingness To Deal With West—Proposes 3-Nation Balkan Bloc

WALTER WELEBIT

Belgrade, Yugoslavia, June 30 (AP)—Marshal Tito's Communists today nailed up another proclamation of Yugoslavia's nationalistic independence of Moscow.

They hinted their willingness to deal with the West as well as the East on a basis of peaceful co-operation and equality, and revived the Moscow-derided project of a Balkan federation.

Tito In Public Appearance

The program was announced as Tito appeared in public today for the first time in more than two weeks. Accompanied by top Communists and high-ranking army officers, he inspected a construction job in Belgrade. Members of youth brigades working on the job hailed him with shouts of "Tito, Tito" when he appeared. He spent

Crash Of U.S. Plane In Reich Kills 4 Flyers

Frankfurt, Germany, June 30 (AP). The Air Force announced that a United States Air Force C-45 transport plane crashed near Munich today and killed four American crew members.

The light, twin-engined transport, capable of carrying five passengers and two crewmen, crashed on a training flight 30 miles north of Munich, the Air Force said.

Names of the four victims—two officers and two enlisted men—were withheld pending notification of their families.

nounced as lies and slander a Communist information bureau statement calling for Tito and his chief aides to change their course or lose their leadership.

The fourth plank of the party program espousing a Balkan bloc called for "uniting the Albanian and Bulgarian peoples and the Yugoslav people on the principle of national equality!"

Opposed By Moscow

[Communist Premier Georgi Dimitrov of Bulgaria proposed a Balkan federation last January after Tito had spoken favorably of the idea. The two leaders were believed to have discussed some phases of the project at a conference. *Pravda*, the Communist party newspaper in Moscow, openly declared Moscow's opposition. After this slap, both Dimitrov and Tito were silent.]

The eight-point Yugoslav Communist party program declared for the continued "co-operation of the Federated Peoples Republic of Yugoslavia in the struggle of democratic, anti-imperialistic forces of the world, headed by the Soviet Union against anti-democratic imperialistic forces and warmongers."

However, it emphasized its objective of "peaceful co-operation with all countries who wish to cooperate with the Federal Peoples Republic of Yugoslavia on a basis of honoring their independence and equality in the framework of the principles of the Charter of the United Nations."

Appears To Include West

This appeared to be a guarded inclusion of the West, as well as the East, in Yugoslavia's relationships.

Further, it declared its support of "all countries and all movements" which are "against interfering in the internal affairs of other countries and for respecting their independence."

In addition, it stressed its continued support of "workers' movements, democratic movements and national liberation movements" in Yugoslavia. The Yugoslav Communists thus appeared to be standing their ground against the Cominform's criticism that the national front, embracing political and other groups beside the Communists, was not sufficiently under the control of the Communists.

Charges "Hearsay" Basis

The party last night declared the accusations of the Cominform, which is made up of Communist party representatives from Russia, Yugoslavia, Romania, Hungary, Bulgaria, Czechoslovakia, Poland, France and Italy, were "founded on hearsay."

It denied Yugoslav secret agents had shadowed Soviet agents in Yugoslavia, and declared some of these Soviet agents had not made themselves known to Yugoslav authorities.

It denied Yugoslavia was preparing to make "concessions to imperialists." It denied it had strayed from the true precepts of communism, as the Cominform charged.

Differences Noted In Austria

The possibility that the Tito revolt threatens the whole structure of Soviet-allied satellite states in eastern Europe is under close study by the State Department, said Washington dispatches.

The only sign of repercussions so far, however, came from Vienna, where there were indications of differences among Austrian Communists as to the line to take toward the Yugoslav rebellion. A closed meeting was called for Saturday.

Elsewhere in Communist circles, a smooth facade of solidarity with the nine-nation Cominform and against Tito was maintained. Communist newspapers and spokesmen in Romania, Bulgaria, Hungary, Czechoslovakia, France, England and Sweden had gone on record to this effect.

Much of this comment was along the line that Tito got too big for his boots, and Yugoslav Communists were building up a "religion of Tito." The London *Daily Worker* said the Yugoslav comrades were furnishing lying ammunition for Soviet Russia's Western critics.

Bulgarian Comment

The Bulgarian Government newspaper declared the Cominform's criticism would not disturb "the sound foundations of our relations" with the Yugoslav Government.

The distinction was emphasized in Moscow that the row is among Communist parties and not among governments.

British officials characterized Tito as a "rebel—but one still in the party." Authoritative British sources speculated that the rift was rooted in Tito's need for goods and economic aid from the Western powers and the Marshal plan and that he was irked by Moscow's refusal to give him a free hand to make his own deal with Western capitalistic powers.

Reports of gunfire inside Yugoslavia came for the second day from Greece.

BULGARIA STANDS BY YUGOSLAV TIES

Government Says Nation Will 'Sincerely Collaborate' With Tito on Mutual Aid

SOFIA, Bulgaria, June 30 (AP)—The Bulgarian Government said today "the sound foundations of our relations with Yugoslavia are unshaken" by the Cominform blast against Yugoslav Premier Marshal Tito.

There was no direct comment on the proposal today by the Yugoslav Communist party for forming a Balkan bloc to unite the Albanian, Bulgarian and Yugoslav peoples "on the principles of national equality."

The Government newspaper Otechestven Front said in an editorial that Bulgarian-Yugoslav relations "cannot be affected by a temporary crisis in the Yugoslav Communist party."

An official statement from the press department of the Communist-led Bulgarian Government, following up the editorial, said the Cominform criticism of Marshal Tito did not change existing Yugoslav-Bulgarian relations

"The Bulgarian Government will honestly and cerely collaborate with the Yugoslav Government" in the spirit of mutual assistance between them, it added.

It said "Bulgaria will abstain from interference in Yugoslav internal affairs."

However, the Fatherland Front National Council, the Communist-led "Peoples' Front" of Bulgarian political parties, issued a communiqué saying it approved the Cominform resolution calling on the Yugoslav Communist party leadership to get back into line with Communist principles.

Slavs Cheer Tito At Prague Meet

Prague, Czechoslovakia, June 30 (AP)—Two thousand Yugoslav visitors to an athletic meeting paraded through Prague today shouting, "Long live Comrade Marshal Tito."

Spectators along the line of march in this Czech city shouted back, "Cheers for Tito."

It was the first demonstration since the Cominform, of which the Czechoslovak Communist party is a member, had denounced the Yugoslav chief.

Among the marchers were nearly 1,000 soldiers. The remainder were boys and girls who came to participate in the Sokol physical culture congress.

Party Warns Rumanians

BUCHAREST, Rumania, June 30 (AP)—Scanteia, the Rumanian Communist newspaper, said today that the Cominform blast at Yugoslavia was equally intended to promote self-criticism of all Communist parties in member countries.

An article signed by Leonte Rautu, member of the Central Committee of the Rumanian Workers party, said:

"By publishing their own resolution, the parties making up the Cominform wanted at the same time to learn for themselves from the grave faults committed by leaders of the Yugoslav Communist party, and to verify again in the light of this document their own activities and to wage relentless war against all tendencies that could give birth to mistakes similar to those discovered in the Yugoslav Communist party."

He accused Yugoslav Communists of building up a "religion of Tito."

To Close G. I. Cemetery July 4

PARIS, June 30 (AP).—The last American World War II cemetery established in Normandy will be closed July 4 in a joint French-American benediction ceremony, the American Graves Registration Command said today. The cemetery is at St. Andre, sixty miles west of Paris.

Brussels, June 30 (AP)—A European Recovery Program agreement between the United States and Belgium will be signed Friday.

Police Hold Oil Plants After Strike In Genoa

Rome, June 30 (AP)—Police occupied oil storage plants in Genoa today after oil workers had struck, press dispatches said.

Other dispatches reported spreading of a packaged-food strike in Milan to the bread and milk industries. In Pisa a general strike continued when the local chamber of labor rejected offers to settle the dispute arising from layoffs.

Beginning Friday the Communists General Confederation of Labor will call a "calendar of strikes." It will lead off with a half-day nation-wide general strike of industrial workers as a "demonstration of solidarity" against layoffs stemming from slow business.

Return Only Routine, Cannon Asserts

Lisbon, Portugal, June 30 (AP)—Cavendish Cannon, American Ambassador to Yugoslavia, who arrived here from Belgrade on Monday, said today he will leave here Monday for Washington.

He told reporters his visit to the United States "has nothing to do with recent events in Yugoslavia about which I learned through the newspapers only after arriving in Lisbon. I am going to Washington on a perfectly normal, routine consultation visit after one year on the post."

Greek Guerrillas Under Fierce Attack

Athens, June 30 (AP)—Government troops are savagely attacking guerrillas who cut the Army's main supply line 11 miles south of Ioannina in northwestern Greece, press dispatches said today.

Two rebel brigades occupied both sides of the Preveza road in a surprise maneuver yesterday morning and chopped off the supply route for three army divisions.

The General Staff communiqué did not mention fighting along the Ioannina-Preveza road but reported clashes continuing in the Sarandoporos Valley and in the Smolikas range on the southern front of the Grammos mountains.

A dispatch flown to the newspaper *Embros* from the fighting zone last night said two guerrilla brigades had severed all communications between Ioannina and Athens, except by way of the island of Corfu.

The dispatch said the supply road was cut between Ioannina and Preveza and that American construction men working on the road were forced to flee.

Part Of Mountain Pocket

Ioannina is on the southwest corner of the Grammos Mountain pocket where the Greek army has been trying for more than a week to stamp out the Communist rebellion led by Markos Vafiades.

The severed road was the main supply link for the 9th Division, fighting around Konitsa; for the 8th Division, protecting Ioannina to the north and east; and for the 10th Division, situated east of Ioannina. The *Embros* dispatch said heavy fighting was under way south of Ioannina.

Greek Army Troops Repel Guerrilla Units

Athens, June 30 (AP)—George Stratos, Minister of War, said tonight Greek army units had beaten back guerrilla forces in a hard struggle and restored communications along the Ioannina-Preveza road.

The guerrillas had taken up positions behind the army's lines on heights flanking the highway which is the main supply road for Greek troops in the Grammos Mountain front. These troops include the Greek 8th, 9th and 10th divisions.

In a counterattack, the army, supported by the Greek Air Force and the Royal Hellenic Navy, drove the guerrillas off the heights. The rebels suffered heavy losses, Stratos said.

A report from the battle zone said American construction men working on the road were forced to flee.

3 Units Seeking To Quit

Dispatches from the front said three guerrilla battalions in northwestern Greece were seeking to surrender. An official at Second Corps headquarters in Kozane said army officers had crossed into rebel positions for negotiations. The exact sector held by these battalions was not disclosed.

A general staff communiqué did

30.24- 18821

not mention the fighting along the road but told of continuing clashes in the Sarandroporos valley and the Smolika range region near the Albanian border.

Newspaper accounts said more than 100 guerrillas were killed and 150 wounded when Greek troops made a successful assault on Tsobani Heights northeast of Konitsa.

On the eastern side of the Grammos battle area Greek army units inflicted heavy losses on the rebels in engagements west and southwest of Nestorion and west of Grevena, a communiqué said.

Greece to Raise Price of Bread

ATHENS, June 30 (AP)—The Government said tonight that the price of bread would be increased 125 per cent July 5. The present price is 200 drachmae for 100 drams (approximately a half pound) and will go up to 450 drachmae (about five cents).

Communist Setback At Finnish Polls Seen

Helsinki, Finland, June 30 (AP)—A Communist loss was predicted tonight on the eve of Finland's parliamentary elections.

Six parties will compete tomorrow for Parliament's 200 seats. There are 2,600,000 registered voters in Finland.

Political circles generally forecast the Communists would lose some of the 51 seats they now hold.

Pravda Prints Red Views Abroad

Moscow, June 30 (AP)—*Pravda* refrained again today from making any editorial comment on Yugoslav Communist leadership. The Communist party organ published Communist reaction from the United States, Bulgaria, Italy and France.

No reaction from Britain was included in the array of editorial comment reprinted on the foreign news page.

N.Y. Reds Quoted

The American reaction was from the New York *Daily Worker's* comment in praise of the Cominform's denunciation of the Tito regime. Other reprinted foreign comment was much the same.

The Yugoslav provincial press was quoted but only in articles approving the decisions of the Soviet orbit Foreign Ministers at Warsaw on their policy toward Germany.

Lively interest in Yugoslavia continued among the Russian people and it was a prime topic of conversation.

Expecting Yugoslav "Way Out"

Many persons privately speculated that the Yugoslav Communists would find a way out of their present situation and would get back to the party line.

Moscow Bolshevik and *Komsomol Pravda*—party papers like *Pravda*—both published the Cominform communiqué today, 24 hours after *Pravda* alone gave the news first to the Russian people. None has commented on it yet.

Siberia Boom Town

Moscow, June 30 (AP)—*Izvestia's* correspondent in Barnaul reports that scores of village settlements are springing up along the route of the future Southern Siberian Railway. A small city, he says, has already come into being on the right bank of the River Chumish.

BULGARIANS FIGHT TO WIN AIR ESCAPE

Fly Plane To Turkey After Killing Pilot, Wounding Crew

Istanbul, Turkey, June 30 (AP)—A bloodstained plane, its pilot killed and two other crewmen wounded, landed at Istanbul airport tonight with twenty Bulgarians aboard.

Turkish police immediately clamped a tight security blanket on the landing, but not before it was learned from airport attendants that anti-Communists had commandeered the plane while it was aloft.

Violent Battle In Skies

Before the anti-Communists gained control, the attendants said, they fought a violent battle with Communists in the skies over their homeland.

Of the twenty persons aboard the Junkers 52 transport, seventeen were passengers who took off from the Bulgarian Black Sea port of Varna late today for Sofia. The others were the dead pilot and his two wounded colleagues.

Airport witnesses said they were told that some of the passengers declared themselves Communists, said they did not leave Bulgaria willingly and demanded to be returned.

Apparently Outnumbered

The Communists, however, apparently were outnumbered and were forced to submit to the anti-Communists, who killed the pilot and wounded the other two crewmen shortly after the takeoff, the attendants said.

A retired Bulgarian air force officer then took the controls and headed for Istanbul, landing only after six perilous approaches to the airport.

Immediately after the plane landed, fisticuffs broke out among the political antagonists aboard and police had to use force to halt it.

One unidentified youth, his shirt soaked with blood, shouted that he had killed the pilot and commandeered the plane.

Guerrillas Reported 'On Run' In Malaya

Singapore, June 30 (AP)—A British military communiqué today said guerrilla terrorists are "definitely on the run" in the tin-mining area around Ipoh, in Perak State.

The communiqué said offensive sweeps by British-led Gurkha troops and police had scattered the guerrillas, who the British claim are Communist-led.

A state of emergency was proclaimed throughout Malaya June 18 to halt a wave of terrorism.

Last Of British Forces Leave Palestine

Haifa, Israel, June 30 (AP)—The last British troops left the soil of troubled Palestine today, thus ending 31 years of British military occupation of the Holy Land.

In strict military order, the few remaining soldiers withdrew behind barbed-wire barricades to troopships and landing craft. British planes from an aircraft carrier task force buzzed overhead.

Lieut. Gen. Gordon H. A. MacMillan, Britain's last military commander in Palestine, was the last British soldier to leave Palestine, in the evacuation which began on May 15.

He stepped aboard the ship's boat at 1.41 P.M., local time, just a few moments after the Union Jack was pulled down from the harbor office.

Truce Observers

Col. Joseph Hoffman, of Baltimore, headed the group of United Nations truce observers who will supervise the big port during the United Nations truce period.

Trim guardsmen and green-bereted Marine Commandos filed quietly aboard the ships, some moored to the same jetty where wailing Jewish refugees have been brought ashore in recent months for detentions as illegal immigrants while Britain held the Palestine mandate.

• The end of Britain's military rule came quietly, in strange contrast to the years of shootings and bombings.

Marched From Posts

In small groups, the Marine Commandos marched from their posts on Mount Carmel. Then they withdrew from the gates of the port until all that remained under British rule was a small barbed wire enclosure around the entrance of a landing ship through which filed the last British troops.

White-capped Jewish police took over the guard posts as the Marines retired.

"It's a great day for us—one we've looked forward to for a long time," said Capt. Sucher Spiegel, who served in the British Army's Jewish brigade during World War II and now is chief of Haifa port police.

Strictly Military

The evacuation illustrated the tenseness of Jewish-British relations in recent years. Although no hostility was shown by the Jews this final day, the British staged a strict military withdrawal. As one group left its gun post it was covered by another.

When the Union Jack was struck to the strain of a Marine bugle, MacMillan shook hands with the British Consul, C. Marriott. The British commander then stepped aboard a boat which would take him to the British cruiser Phoebe, outside the harbor.

Haifa's Jews delayed celebrating the event until late this afternoon when the new flag of Israel will be run up over the port city.

"You'll Be Sorry"

Most of the Marines were plainly happy at leaving. When one column marched past a silent Jewish policeman, a Marine grinned and shouted: "You'll be sorry."

Aside from the traditional salute to the Union Jack, there was no British ceremony.

MacMillan told newsmen "I am most sad indeed."

Among those present to bid him farewell were United States Consul Aubrey Lippincott and Vice Consul Randolph Roberts.

The British commander announced yesterday that Britain's "military jurisdiction" will end at midnight tonight.

Continued on Page 2, Column 8

Original plans called for final evacuation August 1.

[In Cairo, Jamil Mardam Bey, Syrian Prime Minister, told newsmen yesterday that the Arab Governments have protested to Britain against withdrawal of her troops from Haifa ahead of schedule. Mardam Bey said Arabs consider this a violation of the Palestinian truce.]

Colonel Hoffman said 25,000 Jewish refugees interned by the British at Cyprus would be shipped to Palestine immediately. Men of military age among the refugees will be interned in Palestine for the duration of the United Nations truce period, he said.

Bitterness between Briton and Jew persisted to the end. Jewish officials invited MacMillan to a farewell luncheon yesterday, but the British commander canceled his acceptance when he heard three British tanks had been stolen. One was recovered.

A British Army spokesman said 17,500 troops and police will have been shipped out of Palestine through Haifa. He added that 13,500 tons of military equipment have been loaded for transport to other British bases.

Most of the troops are reported being sent to British bases in the Suez Canal zone and Tripoli in North Africa.

The Army began withdrawing when Britain gave up its mandate May 15.

Truce Reaction

In Cairo, an Arab source said last night that Count Folke Bernadotte's proposals for a Palestine settlement "imply the existence of a Jewish state which the Arabs could never accept."

The United Nations mediator's proposals were submitted to Arabs and Jews Monday. The Arab League Committee met briefly yesterday to consider them, then adjourned. The proposals have not been made public.

British Units Leave Haifa

Haifa, Palestine, June 30 (AP)—Israel's Star of David banner replaced the Union Jack over Haifa harbor tonight as the last British troops pulled out of Palestine.

Britain's 31 years of military power in the strategic Middle East land ended quietly and calmly, in contrast to the years of intermittent violence that swept the Holy Land when Arabs, then Jews revolted and finally fought each other.

A selected crowd of 1,000 Jews filed through the port gate this evening and watched the ceremony of hoisting the blue and white Israel flag.

At the ceremony, David Ben-Gurion, Israel's Premier, described the evacuation as "one of the greatest days in the State of Israel's history."

"Prepared To Forget"

"We are prepared to forget this shameful British chapter in the history of Palestine if they will stop war against us," he continued. "During the last two years they have been fighting us with the White Paper (which limited Jewish immigration) enforced by British soldiers and police; and during the last half year they have been fighting us with Arab mercenaries."

The evacuation of the last 2,500 British soldiers began before dawn and was completed shortly after noon when the British flag was hauled down.

Their withdrawal—more than a month ahead of the original August 1 target date—was a precise military operation. Gunposts, tanks and circling planes covered the movement of the 2,500 troops back to the docks. Finally all that remained under British control was

a small area ringed by barbed wire.

MacMillan Last To Leave

That too passed from British control as Lieut. Gen. Gordon H. A. MacMillan stepped aboard a ship's boat a few moments after the Union Jack was pulled down from the harbor office.

MacMillan, Britain's last military commander in Palestine, was the last British soldier to leave. He said: "I am most sad indeed."

A United Nations truce observer, Col. Joe Hoffman of Baltimore, Md., said the United Nations will supervise the administration by Jewish authorities of Haifa's port.

Arab Monarchs Stand Firm On Palestine

Cairo, June 30 (AP)—King Abdullah of Trans-Jordan and King Ibn Saud of Saudi Arabia pledged themselves today to a finish fight for "complete Arab independence and control" in Palestine.

A communiqué issued simultaneously by the two monarchs and their cabinets declared Abdullah and Ibn Saud "are in complete agreement regarding Arab national aspirations."

The communiqué was issued in Riyadh, capital of Sadi Arabia, and made public at Arab League headquarters here. The two monarchs have been conferring in Riyadh.

Principles Cited

Abdullah and Ibn Saud, the communiqué said, base their unity on two principles: "Worship of God and the defense of our existence."

"We are in complete agreement on support of the Arab League," the royal communiqué said, "and all its decisions made within the provisions of its charter and the limits of its responsibilities. . . .

"We have faith in Arab League claims, which are to insure consolidation of peace in the Middle East. This can only be achieved by maintainance of Arabs' rights and a guarantee of the independence of their countries.

"We are convinced the Arab League is defending fundamental Arab interests, Arab honor, freedom and peace."

Truce Proposals Hit

Fawzi Mulki Pasha, Trans-Jordan's Foreign Minister declared,

meanwhile, that Count Folke Bernadotte's proposals for a Palestine settlement between Arabs and Jews are "hellish."

An Arab League Political Committee session is scheduled for tonight to discuss the proposals further. They have not been made public.

Arab League Discusses Latest Peace Proposals

Cairo, June 30 (AP)—Abdel Rahman Azzam Pasha, secretary general of the Arab League, said tonight the league's political committee had discussed the latest United Nations Palestine peace proposals in a 3½-hour session.

The proposals, drafted on the Greek island of Rhodes by Count Folke Bernadotte, United Nations mediator for the Holy Land, have been placed in the hands of Arab and Jewish leaders. They seek to form a basis for further discussion between the warring factions and an eventual permanent settlement of the Palestine problem.

Jewish Families Quit Pakistan for India

New Delhi, India, June 30 (A. P.).—Official Indian sources said today that a number of Jewish families have crossed into India from Pakistan. The Moslem dominion has sided with the Arabs in the Palestine conflict.

Pakistan Unit to Aid Arabs

KARACHI, Pakistan, June 30 (AP)—The Pakistani Parliamentary Committee on Aid to Palestine decided today to raise a fully-trained well-equipped volunteer corps to fight with the Arabs. The decision was made after the committee heard a report from Dr. Ishtiaque Hussain Qureshi, who had conferred with Arab leaders in the Middle East. He investigated how Pakistan could best participate in the Palestine conflict.

Argentine Communists Indorse Attack On Tito

Buenos Aires, June 30 (AP)—Argentine Communists today endorsed the Cominform's denunciation of Yugoslav Premier Marshal Tito.

The party's national committee said the attack on Tito "revealed his complete break with the principles which constitute the backbone of the Communist movement."

But the committee, apparently mindful of the large Yugoslav colony in Argentina, expressed the hope there are "sufficient forces within communism in Yugoslavia to rectify these dangerous errors, and re-establish . . . the fundamental principles of the party."

U.N. Paris Trips Cause Discord

Lake Success, June 30 (AP)—The United Nations—a turbulent sounding board for the world's problems—today is having internal troubles.

There is open grumbling in the corridors about discrimination against Americans on Secretary-General Trygve Lie's 2,800-man staff.

Dissension and bitterness have broken out over a virtual ban on United States nationals being sent to Paris to work at the September meeting of the United Nations General Assembly. About 650 employés are scheduled to make the jaunt. The United Nations refuses to say how many of them are Americans, but the best unofficial guess is about 50.

Slash Is Due

Adding fuel to the fire is a current move to slash the 650 by about 100. This would wipe many from the small American list now slated to go.

Of the approximate 2,800 on the United Nations payroll one half are Americans. Of the 1,800 in the top brackets, about 25 per cent are from the United States. The attitude of the Americans is that they carry the main load in day-to-day operations and should get a chance to make the trip.

One official said: "The situation is now so bad that some of the persons not going have stopped speaking to those who are."

The official United Nations answer to all the fuss is economy. The administration contends that it is sending Europeans so United Nations-paid home leave and vacations can be taken at the same time and thus save money. However, an official admitted that only about 45 per cent of those going are traveling under the home-leave arrangement, which means Americans are getting very few of the some 300 jobs left open.

To Hire In Europe

It takes about 1,200 persons to staff a General Assembly. To avoid sending 600 more employés from Lake Success for the ten-week session opening September 21 Lie plans to hire the 600 in Europe on a temporary basis. About half the number will be recruited in Paris and the others from Britain and near-by countries.

Jews And Arabs Invited To Rhodes For Discussions

Lake Success, N.Y., June 30 (AP). Count Folke Bernadotte disclosed today he has invited Jewish and Arab leaders to Rhodes for separate Palestine discussions.

In a report to the Security Council on his peace proposals, the United Nations mediator said he had outlined his views and suggestions in three brief papers which were handed the Arabs and Jews Monday and Tuesday.

At the same time, he said, he had suggested that both parties send representatives to his headquarters on the island of Rhodes to discuss the proposals or to offer any counterproposals. He stressed that he had no plans at present for a joint round-table discussion.

No Replies Received

Bernadotte told the Council, meanwhile, that he still had received no replies or counterproposals from either the Jews or Arabs. He indicated he was taking every possible measure to keep his proposals secret until he received Jewish and Arab comments.

The Israeli delegation here issued a statement expressing grave concern over what it called misrepresentation of the Security Council's truce resolution to "the serious disadvantage of the state of Israel."

The declaration said several governments are imposing bans on the immigration of all men of military age despite defeat of a British proposal which would have included such a ban in the truce resolution.

Marshall Says U.S. Will Stay In Berlin Despite Red Moves

Washington, June 30 (AP) — The United States served a crisp no-surrender notice on Russia today: We intend to stay in Berlin despite Soviet efforts to push us and the other Western powers out.

Secretary of State Marshall issued the 89-word declaration from the hospital where he is undergoing a physical checkup. He promised to "deal promptly" with questions raised by the Russian blockade of the former German capital.

And backing up Marshall's statement:

1. British Foreign Secretary Ernest Bevin said in London that the Western nations are considering a direct approach to the Kremlin in an effort to settle the Berlin crisis.

2. The U. S. Air Force, already doubling its fighter plane strength in Europe, set about boosting the number of B-29 Superfortresses there from 10 to 30 — for the time being at least.

Marshall's statement:

"We are in Berlin as a result of agreements between the governments on the areas of occupation in Germany and we intend to stay.

"The Soviet attempt to blockade the German civilian population of Berlin raises basic questions of serious import with which we expect to deal promptly.

"Meanwhile, maximum use of air transport will be made to supply the civilian population. It has been found, after study, that the tonnage of foodstuffs and supplies which can be lifted by air is greater than had at first been assumed."

Diplomatic officials saw the pronouncement as a likely prelude to a strong three-power protest directly to Moscow against the Russian squeeze on the city's supply lines.

It appeared calculated also to (1) bolster the determination of the Western Allies, particularly France, to stand fast; and (2) to clear away any possible confusion resulting from the latest Russian hint that the blockade may be relaxed.

Marshal Sokolovsky, Soviet commander in Germany, expressed hope yesterday that the railroad from Western Germany into Berlin would be reopened before the city's foodstocks have been exhausted.

Paris reports have indicated that the French Government might be less determined than the U. S. and Britain to carry the Berlin crisis to a showdown.

DEFIES SOVIET FOOD BLOCKADE IN STATEMENT

Secretary to Take Prompt Action on Questions Raised by Reds.

BEVIN IN FIRM STAND TOO

Says Three Western Allies Are Considering Making Direct Approach to Kremlin.

Washington, June 30 (A. P.).—Secretary of State Marshall said today that "we intend to stay" in Berlin regardless of the Russian blockade.

Marshall said in a brief formal statement that the Russian blockade of the "German civilian population of Berlin raises basic questions of serious import with which we expect to deal promptly." He said that in the meanwhile, maximum use will be made of air transport to supply civilian needs. He added that this can supply a greater tonnage than had at first been assumed.

About the time his statement

30.24- 18823

was issued, it was learned the Air Force is trebling the number of Superfortresses in Europe. That raises the number of B-29's to thirty.

Berlin dispatches reported that American planes are making more than 100 flights daily to Berlin from Western Germany.

Marshall Is in Hospital.

Marshall's statement was read to reporters by Lincoln White, State Department press officer. The Secretary is at Walter Reed Hospital for a physical checkup.

The text of the statement:

"We are in Berlin as a result of agreements between the governments on the areas of occupation in Germany and we intend to stay.

"The Soviet attempt to blockade the German civilian population of Berlin raises basic questions of serious import with which we expect to deal promptly.

"Meanwhile, maximum use of air transport will be made to supply the civilian population. It has been found after study that the tonnage of foodstuffs and supplies which can be lifted by air is greater than had at first been assumed."

Bevin Firm, Too.

London, June 30 (A. P.)—Foreign Secretary Ernest Bevin said today that the Western Allies are considering a direct approach to the Kremlin in an attempt to settle the Berlin crisis.

Bevin made his statement in a House of Commons debate on Germany. In reply to a suggestion from Anthony Eden, a Conservative leader, for a joint British-French-American note to Moscow, the Foreign Secretary said:

"The point made by Mr. Eden of dealing with it (the crisis) in Moscow at the appropriate moment is very much in our minds."

Eden said that Moscow is where Soviet power "ultimately lies."

Determined to Fly Food.

Earlier Bevin said that the Western Powers are determined to fly food into Berlin despite the risk of trouble with Russia.

Bevin did not specify whether the Western Allies' approach would consist of a protest against the Soviet land blockade of Berlin or a request for four-Power talks.

A Government informant close to the Cabinet said the three Western Powers had already begun consultations on the form and language the communication to Moscow would take. This was reported one of the topics of Bevin's meeting today with the American and French Ambassadors, Lewis Douglas and Rene Massigli.

Plans for supplying the Russian-blockaded city by air "have gone ahead with great speed and the results that can be achieved seem likely to exceed our first expectations," he told the House of Commons.

"We recognize as a result of these decisions a grave situation might arise. Should such a situation arise, we shall have to ask the House to face it."

Bevin spoke in a debate on Germany. He said the Western Powers are partners in Germany and are determined against bowing to Soviet dictation. He assailed the Soviet land blockade of Berlin as a violation of four-Power agreements.

Accusing the Russians of resorting to a war of nerves, he said: "The House is aware that all these irritations have gone on for a long time. I think that there has been an attempt to see how long our nerves would last. There is no sign of snapping yet."

Bevin charged that the Soviet reason for imposing the rail blockade—the issuance of a new western currency—was invalid. He added:

"If the Russians intend ruthless starvation of 2,500,000 people in order to produce chaos, I presume, and revolt to put pressure upon allies with whom they have fought in the war and loyally carried out their part, the British Government cannot submit to that.

Allies Hold Similar Views.

"I am assured that our American and French allies take a similar view."

He said Britain stands ready to renew four-Power attempts to settle the East-West blockade dispute in Berlin once the transport blockade is lifted.

The official spokesman reported, meanwhile, that Bevin had told the British Dominions the Western Powers intended to defy the Russian blockade. The informant said Britain had asked the Dominions to lend all available transport planes to help feed western Berlin.

Bevin discussed the situation in London with the Dominion high commissioners.

'Revolt' By Slavs Seen As Threat To Red System

By John M. Hightower

Washington, June 30 (AP)—Marshal Tito's revolt against Moscow dictation endangers the whole powerful system by which the Kremlin runs the satellite nations along its borders.

This is one of the most important angles of the Yugoslav Communist crisis which is under intense study at the State Department. Other aspects of top interest here include the question of whether Premier Stalin and his associates are "losing their touch" in the management of international communism since such a thing as this has never happened before.

One bet that seems fairly safe is this: Stalin's old friend and trusted advisor, Col. Gen. Andrei A. Zhdanov, is being pressed to find some way out of this crisis that will avoid permanent harm to the Communist system. If he does not, it is doubtful whether there will be a doghouse in all Moscow lowly enough to hold him.

Zhdanov's Hand Seen

Zhdanov is one of the ranking members of the all-powerful Politburo, which is the main instrument of Stalin's dictatorship. He was the Russian Communist party member in the Cominform meeting at Prague which initially denounced Tito and virtually read him out of the international organization. Presumably this represented Zhdanov's own policy.

At this point it is necessary to put in a word about how the Soviet control system operates. The Russian Government does not of itself control the Yugoslav or any other Government. The Communist party does the controlling. The Communist party is run by the central committees of the party in the Soviet Union. The Communist leaders, such people as Stalin, Zhdanov and Foreign Minister Molotov, control these pieces of party machinery. They also control the Russian Government.

In turn, the Communist group in Moscow expects and in the past always has gotten obedience from the Communist groups in other countries. This means that Moscow controls the policies in such nations as Czechoslovakia and until recently Yugoslavia, where the Communists run the Government.

It is this system which has been badly upset by the refusal of Tito and others in control of the Yugoslav Communist party to submit to criticism, which means orders, from the Soviet-controlled Cominform. Today's disclosure of the Yugoslav party program, including the proposal for creation of a Balkan bloc with Albania and Bulgaria, carries the defiance of Moscow a step further.

Chain Of Command Involved

By this action, despite his insistence that he is still a good Communist and a close friend of Russia, Tito has challenged the very core of Soviet Communist foreign policy. That core is that through the Communist chain of command the Kremlin must control each of the eastern European countries separately.

Several months ago Bulgaria's veteran Communist leader, Georgi Dmitroff, spoke vaguely about the creation of a Balkan federation. The idea immediately was denounced in Moscow. Dmitroff followed the usual pattern and ate his words, whereupon he was forgiven.

Each successive statement which apparently reflects Tito's views places him in the position of doing anything but that. He appears determined to run his country independently.

At the same time diplomats here say he apparently would very much like to remain friendly with Russia, although they do not see how this is possible.

One of the curious aspects of the row is that it is thus far solely between the Communist party in Yugoslavia and the Cominform.

Possibly A Phony

There is no evidence of any break between the Russian and Yugoslav governments, and both sides may try to preserve this cover of friendship.

There has been considerable speculation here that the whole Yugoslav maneuver might be phony, cooked up either to draw out and dramatize the hostility of the Western powers toward Russia or to open up Yugoslavia as a country through which Marshall plan aid could flow into the Russian orbit.

But top American diplomats do not believe this is true. They say the threat to the Russian system of control of the other eastern European countries is too grave and too great.

U.S. Drafts Deal With Tito, Russ May Be Irked

Washington, June 30 (AP)—The United States and Yugoslavia were reported near final agreement today on a financial deal which would net Marshal Tito's government $30,000,000.

The extended negotiations over this money accord may have been one of the issues that set off the Cominform blast Monday against the Belgrade chief.

Washington officials, watching Tito's defiance of the Communist high command with obvious surprise and delight, kept mum on any possible connection between the financial deal and the Yugoslav-Cominform scrap.

Cross-Claims Negotiated

For several months the United States government has been seeking payment of about $20,000,000 in claims for American property nationalized in Yugoslavia. Tito, on the other hand, has been laying claim to some $50,000,000 in Yugoslav assets which the United States froze in 1941 to keep it out of Axis hands.

The counter claims have been under negotiation for several months, diplomatic informants said, with Yugoslavia at times using the talks as a basis for bitter denunciation of the United States.

About a month ago, however, the Yugoslavs appeared anxious to reach a reasonable settlement on the nationalized property. They reportedly proposed a figure somewhere near the $20,000,000 asked by the United States.

May Thaw Slav Funds

The American Government, in turn, appeared ready to unfreeze the $50,000,000 in Yugoslav funds as its part of the two-way arrangement.

The reported financial deal evidently has not been directly influenced by Tito's sensational split with Communist leaders.

But it does tie in with growing speculation here that if he finds himself in an impossible spot with his Moscow allies, he may turn actively to the Western powers for help.

State Department officials awaited a first-hand report in the next day or so from Cavendish Cannon, United States Ambassador to Yugoslavia, who is en route home for consultation.

Kremlin Move Awaited

Diplomatic observers, meanwhile, looked for the next Kremlin move to provide a key to the whole Balkan situation. Some believe that if Tito gets away with his refusal to follow Cominform orders, leaders in other satellite countries may decide they don't have to knuckle under either.

Communist chiefs are confronted with a tough job of face-saving. Sending the Red Army into Yugoslavia would lay Russia open to outright charges of aggression in the United Nations.

One speculation which persists among diplomats here is that something—perhaps bad planning or bad intelligence work—went wrong with the Soviet purge technique in this instance. Experts believe the Comiform never would have administered the public tongue lashing to Tito unless its leaders believed that he would not be able to talk back.

U. S. Set to Free Tito's Frozen Gold

By The Associated Press.

WASHINGTON, June 30—The United States has agreed in principle to unfreeze about $57,000,000 in Yugoslavia gold and assets, Government officials reported today.

In return, the Yugoslavia Government has promised to turn over about $17,000,000 to pay claims of the United States Government and its citizens, partly for the destruction of American planes in 1946, when five United States fliers lost their lives.

The Yugoslav assets were frozen by the United States in 1941 to keep them out of the hands of the Axis.

The officials who disclosed the agreement in principle stressed that the timing of the release of Yugoslav property had "no bearing whatever" on Yugoslavia's quarrel with Moscow.

Bulgaria Acts As Everybody's Friend In Yugoslav's Row With Cominform

Washington, June 30 (AP)—Bulgaria hopefully assumed the role of innocent onlooker today in the row between the Communists of Yugoslavia and the Moscow high command.

This was the interpretation most generally placed here on the political double talk which came out of Sofia.

The Bulgarian Government, which the Communists control, said the "sound foundation" of Bulgaria's relations with Yugoslavia are unshaken. But the People's Front, which the Communists also control, approved the Cominform resolution denouncing the Communist leadership in Marshal Tito's Yugoslavia.

Washington diplomats said that it is Bulgaria's evident determination to sit on the fence and try to wait out the storm in the hope of not being struck by any stray lightning.

It is assumed that this performance most likely will be duplicated by other countries in the Russian-Yugoslav field, of conflict That would apply particularly to Albania, for the Communist leadership in Yugoslavia today called for creation of a bloc consisting of Yugoslavia, Bulgaria and Albania.

That proposal along with others will be submitted to the Yugoslav Communist Party meeting July 21 when the showdown between Marshal Tito and Marshal Stalin may reach its most critical phase.

If the Yugoslavs go through with their suggestions for creating such a Balkan bloc—contrary to Russia's evident opposition to such sub units in her satellite system—both Bulgaria and Albania will be placed in the spot of having to choose sides.

While their choice would seem to lie on the side of Russia as the greater power, Tito, if Moscow cannot bring him under control in the meantime, would be a tough opponent to have right on the doorstep for either country.

War Feared In Russ Blockade Of Berlin

Washington, June 30 (AP)—Two mid-Western congressmen expressed fear today the Russian blockade of Berlin might lead to war.

Representative Michener (R., Mich.) said he believes the United States already is "nearer to war" now than it was in the year just before the Japanese attack on Pearl Harbor.

Sees War Either Way

Representative Judd (R., Minn.) said that if American troops remain in the German capital "it may lead to war—but if we don't it surely will lead to war."

The two lawmakers expressed these opinions in separate interviews.

Judd, a member of the House Foreign Affairs Committee, commented:

"The Russian attempt to oust the Americans from Berlin is naked aggression. The choice for the United States today is not between stopping Russia or not stopping her.

"The real choice is between stopping Russia now with relatively little risk or stopping her later at a tremendously high cost."

Michener, chairman of the House Judiciary Committee, said the Soviet blockade of Berlin has created a "crucial" situation in which an unforeseen incident might touch off a war.

Cutoff Of Aid Is Threatened For Red-Orbit War Sales

Washington, June 30 (AP)—ECA Administrator Paul G. Hoffman said today that American aid may be shut off from any Marshall plan country which sends war-potential goods into Soviet bloc countries. He made that statement at a news conference where the question of British sale of jet-plane engines to Russia was raised.

The economic co-operation administrator said certainly any sales of war-potential goods to Soviet-bloc countries will be considered cause for discussions looking to a possible shutdown of American aid.

Hoffman emphasized this policy would apply not only to American-made recovery goods financed with ECA dollars but to products produced by the sixteen Marshall-plan countries themselves.

Policy Broadened

This represented a broadening of United States policy on the issue of "contraband" shipments into the Russian sphere. Previously ECA has stated it would shut off aid if Marshall-plan shipments were diverted to Russia.

Answering questions at a news conference, Hoffman referred specifically to jet-plane engines. Britain has already sold some to Russia and has announced her intention of negotiating a broad trade agreement with Moscow. Emphasizing that even European-made war material would come under ECA's ban, Hoffman said:

"A jet engine is still a jet engine whether it comes from this country or a participating country."

Commerce Department List

He indicated that the Commerce Department's list of goods which may not be shipped from this country to areas behind the iron curtain would serve as ECA's guide in determining "contraband."

The meeting with reporters marked the end of ECA's first quarter of operations. Hoffman declared that the recovery program now is "really under way," with its appropriation in hand and agreements being signed by the participating countries.

The agency closed its first quarter with $731,000,000 set aside for European recovery shipments.

That amount is about 56 per cent of the unofficial goal originally set for shipments to Europe in ECA's first three months of operations. Hoffman said the remaining 44 per cent will be carried over completely into the July-September aid for each country.

European Diet

Hoffman also said:

1. Despite great improvement in European crop prospects, ECA intends to go ahead with planned food shipments in order to improve the European diet.

2. ECA does not intend to demand currency reform along American lines of policy, but will await action by the countries themselves to stabilize their money.

However, Hoffman warned that if demoralized currency in any country threatens to wreck that nation's recovery, the American Government "can refuse to invest the dollars of the American taxpayer."

Repeatedly, Hoffman emphasized that the United States intends to promote a partnership with Europe "without in the slightest degree infringing upon the national sovereignty of any nation."

Aim Of Aid

"We are seeking merely to help make each of them (the Marshall plan countries) strong, prosperous, politically independent, and free of all need for outside economic assistance," he said.

Asked whether Yugoslavia might be brought into the Marshall plan because of present friction between Moscow and Marshal Tito's regime, Hoffman replied:

"As far as I can read the newspaper accounts, there is no indication that Yugoslavia won't remain very much in the Eastern orbit."

The $731,000,000 set aside for European recovery shipments is much more than has actually been spent.

Actual spending, as shown by Treasury checks written to cover the cost of ECA-approved foreign purchases, totaled only $37,624,444 up to this morning.

Reflects Necessary Lag

The latter figure reflects in part the necessary lag in handling international payments. It will rise sharply as month-end reports are made. But it will not approach the $500,000,000 which President Truman earmarked for European recovery in his January budget estimate.

The difference will contribute to the nation's expected record-breaking budget surplus for the 1948 fiscal year which ends tonight.

The ECA also is behind schedule in making loans. All the food, fuel, fertilizer, materials and equipment approved for shipment so far is in the form of outright grants.

Loan Near Announcement

Though the ECA scheduled loans totaling $288,000,000 for the first quarter, it was learned that only one small loan is near announcement, with two others at an advanced stage of negotiation.

However, considerable lending activity is indicated for the latter half of the year, because the foreign aid act specifies that about one fifth of the ECA's $5,000,000,000 funds must be devoted to loan financing of specific recovery projects.

In other than statistical terms, the ECA has made swift progress. Almost the entire top staff has been assembled, both in Washington and in the far-flung European operation under the ECA's Ambassador at large, W. Averell Harriman.

Pacts Being Signed

Most of the major foreign missions have been created, and this week the sixteen European countries began signing agreements with the United States which give their recovery arrangements the force of treaties.

Those countries which do not meet the July 3 ratification deadline will receive no more United States-financed aid until the pacts are completed.

In recent weeks an increasing volume of industrial materials and "recovery goods—freight cars, machinery, mining and manufacturing equipment—have appeared on the approved lists along with such "relief" items as fuel, medicine, grains and other foodstuffs.

Requests To Be Cut

For the coming quarter, European requests have totaled $1,800,000,000. This will be cut by about $500,000,000 a spokesman said.

To encourage private contributions to the recovery task, the Government announced last night a mail subsidy on relief packages to western Europe and China.

Regulations on the reduced rates will be made available at every post office.

Report To Congress

Meanwhile, President Truman today sent Congress the State Department's second report on the foreign aid program, covering $522,000,000 in assistance granted from January through March, 1948, to Italy, Austria and France.

"Without the supplies provided by the United States foreign aid program, France could not have maintained her economy in 1948," the report stated.

It showed that France received $222,931,125, with shipments 83.9 per cent complete when the program ended on April 1 and overlapped with the European Recovery Program.

Aid furnished Austria totaled $56,815,483, with shipments 73 per cent complete by March 31, and aid for Italy amounted to $139,736,958, with shipments 63 per cent completed. The rest of the appropriation was spent for shipping costs, except for a remaining reserve of about $4,000,000.

"The supplies provided by the United States have freed the people of these three countries temporarily from the fear of starvation and want and enabled them to hold their economy intact until a long-range program could help them and other countries to a general European reconstruction," Mr. Truman said in his letter of transmittal.

U.S. SOUNDS WARNING ON 'CONTRABAND'

May Halt Aid To Any Who Ship Such War Goods Into Soviet Area

Washington, June 30 (AP)—Western Europe was told today that the United States considers shipping "contraband" war supplies into the Russian sphere as cause for halting Marshall plan assistance.

Paul G. Hoffman, Economic Cooperation Administrator, told a news conference this indirect embargo will apply whether the war-potential goods are American-made or European-produced.

Similar warnings in the past have covered only ECA-financed shipments which might be diverted to countries behind the iron curtain.

"Program Really Under Way"

In broadening the policy, Hoffman made pointed reference to England's sale of jet plane engines to Soviet Russia.

"A jet engine is still a jet engine whether it comes from this country or from a participating country," he said.

ECA will encourage trade between eastern and western Europe on all items not considered contraband, Hoffman said.

Hoffman met reporters as ECA's first quarter of operations closed. Though only 56 per cent of the three-month aid goal has been met, Hoffman said "the European recovery program is really under way."

Currency Reform Important

He said, ECA considers currency reform necessary, but the agency will not initiate such studies or try to impose its views on foreign nations. He said the stabilization of moneys will be left to the countries themselves.

But he added: "If a country is so unsound, because of its fiscal situation, that recovery cannot ensue . . . we have the perfect right to refuse to invest American dollars."

The ECA administrator said the unspent portion of funds allotted for the first quarter will be added

30.24- 18825

to each country's share of recovery shipments in the second quarter starting tomorrow.

Grain and food shipments will not be cut because of the improved harvest outlook in Europe, but will go into an improved European diet which may permit an increase in the present average diet of 2,550 calories daily to 2,700 calories, Hoffman said.

All Grants To Date

He said the "Communist claim" that the United States is using the Marshall plan for the dumping of surpluses on Europe was "ridiculous."

ECA records show that shipments valued at $731,000,000 have been authorized in the first quarter. This compares with an original schedule of $1,300,000,000. All the assistance to date has been in the form of grants, although the first-quarter program called for upwards of $288,000,000 in the form of repayable loans.

Actual spending under the Marshall plan, as reflected by Treasury checks written, totaled only $37,624,444 up to this morning.

How Aid Helped France

A report on the $522,000,000 interim aid program for Italy, France and Austria was sent to Congress today by President Truman. It declared:

"Without the supplies provided by the United States foreign aid program, France could not have maintained her economy in 1948."

All but about $4,000,000 of the funds were spent in the three months ending March 31, it was reported, and most of the shipments had been made. The rest overlapped with the start of the European recovery program.

U. S. Asked to Aid Sicily

WASHINGTON, June 30 (AP).—The United States was asked today to assist in a proposed far-reaching economic rehabilitation of the Mediterranean island of Sicily. The program, shaped by the American Friends of Sicily, was placed before Norman Armour, Assistant Secretary of State.

William McChesney Martin, president and chairman of the Export-Import Bank, and Paul G. Hoffman, E. C. A. Administrator. Dr. Charles Fama, of New York City, chairman of the Friends of Sicily's board of advisers, said in a statement that the assistance is necessary "else Sicily will continue as a subservient state, entirely incapable of self-support."

F. B. Northrup Is Named To United Nations Post

Washington, June 30 (AP)—Frederick B. Northrup, of the Department of Agriculture, today was named secretary-general of the international emergency food committee of the food and agriculture organization of the United Nations.

He succeeds Dr. D. A. FitzGerald, who resigned last April to become administrator of food and agricultural programs for the European co-operation administration.

Northrup is director of the price support and foreign supply branch of the production and marketing administration of the Department of Agriculture.

RUSSIA HAS NEW LEND-LEASE PLAN

Washington, June 30 (A. P.).—Russia has proposed a new formula for settling its $11,296,000,000 lend-lease account, Government officials said today.

Ambassador Alexander S. Panyushkin outlined the new proposal in a note to the State Department over the week end.

Officials concerned with the fifteen-month-long negotiations said that the note shows Russia has modified her earlier position, but "we're still pretty far apart." No details were given.

A meeting of United States representatives with Panyushkin and other Soviet negotiators probably will be held soon to see if the conflicting viewpoints can be worked out, officials told reporters.

The Soviets have balked at settling up mainly because they contend their wartime contributions to victory entitle them to a better deal than the State Department has offered.

The American Government has insisted that Russia like all other lend-lease countries, pay part of the cost of lend-lease goods which have peacetime value. Russia got a larger portion of this type goods than did other countries and thus her bill would be higher.

Pacts On Voice May Extend To Oct. 1

Washington, June 30 (AP)—The State Department and private broadcasting companies expect to complete today revised contracts for "Voice of America" programs by the radio chains.

It is understood that the new contracts, to become effective tomorrow, will cover only a three-month transition period, July 1 to October 1.

At the end of that period, the private broadcasting companies may elect either to quit the field of foreign broadcasting for the Government or may continue in a limited way to prepare programs under tight State Department control.

The State Department's contracts with the National Broadcasting Company and Columbia Broadcasting Company are being revised in the light of sharp congressional criticism of several NBC "Voice" programs beamed to Latin America last winter.

For the past year, the private broadcasting companies have operated various programs for the Government under contract with the State Department.

More Cash To Spend

The contracts made no provision for State Department supervision or control of the material sent out and this point was attacked in Congress. A new Government fiscal year begins tomorrow. During that twelve-months period the State Department will have approximately $28,000,000 to spend on its foreign cultural and propaganda activities, as compared with less than $12,000,000 during the year ending today.

Normally the NBC-CBS contract expiring today would simply have been renewed. Under the lash of criticism and with new funds, the State Department and the broadcasting companies decided to renegotiate the whole arrangement.

Eager To Quit

The negotiations are understood to have developed clear evidence that NBC and CBS would be glad to get out of the Government broadcasting field entirely, but did not insist on doing it abruptly.

Hence, contracts have been planned for a three-month transition, during which the State Department will gradually resume control (which it had more than a year ago) of the work that the private companies have been doing. If the private companies then continue in the field, it will be as programming agents acting under the State Department. The contracts are supposed to be signed in New York today, but any formal announcement would be made by the State Department in Washington.

Draft Forces To Add 57,000 Workers During This Month

Washington, June 30 (AP)—Approximately 57,000 workers, mostly volunteers, will be added to the selective service setup in July, officials said today.

The wheels won't turn until President Truman (1) proclaims the draft, (2) sets the registration date, (3) determines what age group will be called first, (4) lists specific deferments, (5) names a national director and (6) appoints state directors.

White House action is expected any day. Meantime selective service headquarters said it is "very busy."

Two Vital Questions Open

Predictions are that the President will set August 16 as registration day, and that he will name Maj. Gen. Lewis B. Hershey, wartime draft chief, as the new national director. He has headed the Office of Selective Service Records since March, 1947.

State directors must be recommended by state governors and it is believed the President will stand behind their choices.

Two vital questions apparently have not yet been decided. They are the age groups to be called, and deferments.

The age group is important because age determines the order in which men are called into service. Under previous drafts, the goldfish bowl lottery system was used.

30,000 May Be Called Monthly

And it's up to the President to say whether married men and others will be deferred.

Men 18 through 25 must register. Draftees will be taken from the 19 through 25 age group, but only 200,000 or 225,000 may be called the first year.

Actual inductions are expected to start around September 22, which is 90 days after the bill will have become law. The bill itself set this waiting period. About 30,000 men may be called each month.

Meanwhile, selective service is putting its house in order.

1,200 Employes At Present

The preDraft setup, called the Office of Selective Service Records, has 1,200 paid workers. They will be absorbed by the new draft organization, which in July expects to boost its paid employés to 8,000, including the already active 1,200.

In addition, selective service plans to put on 50,000 unpaid workers in 4,000 draft boards over the nation.

In the last war, selective service had 25,000 paid workers and 185,000 unpaid workers in 4,650 local and 160 district boards.

The new draft machinery will have a board for each 100,000 men. This could mean one draft board for as many as five counties.

Allotments On Priority Basis

Washington, June 30 (AP)—The Army will give reserve units which do the most training the highest priority in allotting $12,000,000 for inactive pay training of reserve organizations.

An Army announcement today estimated that about 314,000 officers and men are in reserve outfits included as part of the support force for the eighteen-division strength of regular Army and National Guard.

First priority in the allocation of reserve pay will go to about 35,000 reservists who are drilling 48 times a year in addition to field training. The pay then will be allocated to three other categories of reserves—those holding 24 drills a year, those drilling twelve times and those only four drills annually.

Truman Appoints McDonald

WASHINGTON, June 30 (AP).—President Truman today appointed James Grover McDonald, of New York, to be special United States representative to the provisional government of Israel. He will serve during the Congressional recess. Mr McDonald's nomination was sent to the Senate just prior to the Congressional adjournment. Time did not allow his confirmation in the crush of last-minute business.

C-54'S OFF TO BEAT BERLIN BLOCKADE

Westover Air Force Base, Mass., June 30 (A. P.).—"Operation Vittles" gained momentum today as a parade of Air Force planes roared off on a mission aimed at breaking the Russian food blockade of Berlin.

Taking off at half-hour intervals were the vanguard of sixteen of thirty-nine big cargo craft assigned to help maintain emergency supply routes over Soviet-held territory.

Six C-54 Skymasters were over the Atlantic by noon and at least twice that number were expected to be airborne by nightfall. Other planes ordered to the German relief project are expected to rendezvous at Westover within the next forty-eight hours.

The overseas hop calls for a refueling stop in the Azores and a landing at Frankfurt. The craft will pick up food and other supplies at the German headquarters of the United States Air Froce to fly over the Russian blockade.

Each plane carries a double crew, an order apparently issued with an eye toward round-the-clock duty for each craft over the air corridor into Berlin.

U.S. Air Force Is Tripling Number Of B-29's In Europe

Washington, June 30 (AP)—The United States Air Force is tripling, for the time being at least, the number of B-29 Superfortresses in Europe.

This announcement today followed closely the disclosure that the fighter force there is being doubled with the assignment of a wing of jet planes to the American zone of Germany.

American air strength thus is being bolstered in western Europe at the height of the Western powers' struggle to keep their foothold in Berlin.

Three Squadrons Now There

Except for a one-month period last spring, the number of Superfortresses visiting Germany on rotational training missions has been limited to single ten-plane squadrons. But two squadrons are now on training operations there and a third was due to arrive today, bringing the total force up to a 30-plane group.

A group of the long-range bombers arrived in Germany in early April. At that time it was planned to continue sending full groups instead of squadrons to Germany for three-month training tours, with a new group replacing a departing group immediately.

This plan was put aside, however, until manpower strength of the Strategic Air Force could be built up and the group returned, to be replaced by single squadrons which remained about one month.

While the bomber groups will not be on permanent station in Germany, but will only rotate in training trips, the fortified fighter force will be assigned permanently. To reinforce the 86th Fighter Group (equipped with World War II conventional engined planes) the USAF will transfer from the Panama Canal Zone to the United States zone of Germany the 36th Fighter Wing, outfitted with F-80 jet fighters.

On More Equal Footing

This, at least in terms of equipment, will put the USAF on a more equal footing with the jet-equipped combat elements of the Russian air force. However, the F-80 jet outfit will not arrive in Europe until late August or early September.

While the Air Force emphasized that the visit of a full 30-plane group of the big bomb carriers was considered only a part of the routine training program, there was this factor:

The last two squadrons of the B-29 group began arriving in Europe just as Russia took new action in the Berlin area.

ILO DELEGATE CAUSES FIGHT

Seating Of Frenchman Is Center Of Dispute

San Francisco, June 30 (AP)—The struggle between Communist-controlled and anti-Communist trade-unions exploded today at the International Labor Conference. This happened during heated debate over the seating of the veteran French labor leader, Leon Jouhaux, Workers' delegate.

During a stormy session, the conference:

1. Adopted the unanimous report of its credentials committee rejecting objections raised to selection of Jouhaux.

2. Heard of a split in the Italian delegation over the stand of its Workers' delegate against Jouhaux.

3. Witnessed an angry exchange between Workers' delegates from Italy and Chile which almost led to blows.

Objections to Jouhaux came from the French General Confederation of Labor (CGT) and the Workers' delegates from Czechoslovakia, Italy and Poland.

Called Rules Violation

They were based, generally, on the claims that his selection by the French Government was "not in accordance with ILO rules" and that he was "not truly representative of French workers."

Jouhaux, ardent fighter for freedom of workers for 40 years, is president of the General Confederation of Labor—*Force Ouvriere*. This organization, which inclines politically to the right, broke away from the CGT during last December's Communist strikes in France. For 40 years Jouhaux was head of CGT.

Jouhaux Expresses Pity

Frantisek Vavricka, Workers' delegate from Czechoslovakia, made it clear that his objection was based on "principle" and not against Jouhaux himself.

Jouhaux said he was opposed by those "whose existence and liberties" he had always defended.

Addressing himself to the objecting delegates, Jouhaus declared:

"I pity you for having entered into this situation, you Czechoslovakians, whom I have always supported with all my courage and all my efforts—you Poles, whom I have always defended; you Italians, whose liberties I defended for more than twenty years against fascism and against its representatives in Geneva."

The split in the Italian delegation was evidenced by statements made later by advisers to Di Vittorio. They are Enzo Della Chiesa and Roberto Cuzaniti, both assistant secretaries of the Italian confederation. They said they had no objection to raise against Jouhaux. Di Vittorio's objections, Cuzaniti said, did not come from the majority of the Italian workers' representatives "but only from the Communist group represented here."

Giuseppe de Vittoria, general secretary of the Italian General Confederation of Labor, said there were "labor concentration camps" in Chile.

No Red Threat Seen Within Austria

Los Angeles, June 30 (AP)—Johann Boehm, president of the Austrian Parliament, says the Communist movement in Austria does not represent any danger for that country from within.

"This is plainly illustrated by the fact that of the 165 members of the Parliament which I head, only four are Communists," he declared last night.

"We are convinced that in the coming elections that proportion will not increase," he added.

Boehm and Austrian Labor Minister Karl Maisel arrived last night from San Francisco, where they attended the International Labor Organization World Conference. They were accompanied by Dr. Frederick Waller, Austrian consul general here.

Boehm and Maisel plan a five-day visit here before returning to Austria by plane.

GIVEN LIFE FOR TREASON

Robert Best Is Sentenced For Radio Aid To Nazis

Boston, June 30 (AP)—Robert H. Best, 52-year-old American newspaper man convicted of being a Nazi radio propagandist during the war, was sentenced to life imprisonment today for treason.

Best, sentenced by Federal Judge Francis J. W. Ford, also was fined $10,000. The Sumter (S.C.) native, who spent most of his adult life in Europe, is planning to appeal.

Best, balding, graying, still had a trace of a Southern accent when he replied to a statement by the prosecutor that "Best said that under similar circumstances he would do the same thing."

Leniency Is Sought

"At this moment, I would exchange places with no person, anywhere, even if I could," Best declared.

Best read a thousand-word statement to the court before he was sentenced, and also spoke extemporaneously.

Best had heard T. Vincent Quinn, Assistant Attorney General of the United States in charge of criminal prosecutions, demand the death penalty.

Charles W. Bartlett, of Best's counsel, appealed for leniency, declaring that Best himself in his testimony, and the record of his broadcasts had shown that he was a "fanatic, a crusader, doing what he thought best for his country."

"He Worked For Them"

To this Judge Ford declared that "a fanatic can do as much harm to his country as any other person," and added:

"He knew what he was doing—when a man intends to betray his country, his motive is immaterial."

Best had asserted that he was not a true employé of the Nazis.

"He was an employé of the Germans within the meaning of the law," Judge Ford said, "he worked for them, and he got paid for it."

Another Was Executed

Best admitted participating in broadcast roundtable discussions with Douglas Chandler and William Joyce—"Lord Haw Haw" of the German radio. Joyce was executed in England.

Chandler, of Baltimore, was convicted last year of treason in the same Boston Federal Court. Judge Ford rejected a Government demand for the daeth penalty and Chandler is now serving a life term in Danbury (Conn.) Federal correctional institution. His appeal is pending in the United States Circuit Court of Appeals.

Says U.S. Tops Russia In Air Research

Buffalo, June 30 (A. P.).—Theodore P. Wright, president of Cornell aeronautical laboratory and former head of the Civil Aeronautics Administration, said last night that he could not help but feel that the United States was ahead of Russia in aircraft design research on the basis of experience before the war and the nature of their product during the war.

"In jet and jet-turbo power plants England is ahead of us, I think," Wright said.. "Otherwise, the United States leads the world in the field."

Marcus's Body Comes Home

New York, June 30 (AP)—The body of David Marcus came home by plane today under the blue and white Israeli flag for which he died.

But before it left the plane his coffin bore another flag—the Stars and Stripes—under which he will be given an American hero's burial.

The 47-year-old former New York city commissioner of correction was twice decorated as an American Army colonel in World War II. He was killed June 10 as supreme commander of Israeli forces in Jerusalem.

His body was flown from Tel Aviv to Paris, and brought here on a chartered plane by two Haganah commanders.

Waiting at LaGuardia Field were his sister, Mrs. Blanche Barlitz; two brothers, Michael and Isadore, and a brother-in-law, Alfred Chaison, all of Brooklyn.

Also at the field were ten members of the Col. David Marcus Memorial Committee and a guard of honor of 25 city policemen.

The memorial committee took from the coffin the flag of Israel and put an American flag in its place.

The body will remain at a funeral chapel until tomorrow, when religious services will be held in Brooklyn.

Then the hero of two nations will be taken for burial at West Point—28 years to the day after he entered the academy there.

Americans Who Fell In Italy Coming Home

New York, June 30 (AP)—Bodies of 4,800 American dead of World War II, the first to return from Italian battlefields, will arrive aboard the army transport Carroll Victory Tuesday, the New York port of embarkation said today.

Most of them, including many who fell on the Anzio beachhead, originally were buried in the American Military Cemetery at Nettuno.

Crew Combs Liner Queen Elizabeth; No Trace Of Bomb

New York, June 30 (AP)—The crew of the liner Queen Elizabeth combed the giant ship today on a report that a time bomb had been placed aboard. The search failed to turn up a bomb.

Police and firemen converged on the British luxury liner after newspaper offices received telephone calls that a bomb would explode on the Queen Elizabeth 20 hours after she left port tonight.

Capt. C. S. Osborne of the Elizabeth told police at 4.30 P.M. the search was completed. The crew, however, was ordered to remain on the alert. Mail bags and packages were still being searched as they went aboard.

The ship was scheduled to sail at midnight.

A similar threat was received when the Elizabeth was on a previous trip.

SECOND LEAD YUGOSLAV ROUNDUP (340)
BY ALEX SINGLETON
LONDON, JUNE 30-(AP)-THE YUGOSLAV COMMUNIST PARTY DEFIANTLY ASSERTED INDEPENDENCE TODAY FROM OUTSIDE DOMINATION AND PROPOSED A BALKAN BLOC WITH BULGARIA AND ALBANIA. THE UTTERANCE CALLED ALSO FOR A STRENGTHENED ARMY.

BULGARIA, ALSO A COMMUNIST STATE WITHIN THE RUSSIAN ORBIT, SAID WITHIN A FEW HOURS "THE SOUND FOUNDATIONS OF OUR RELATIONS WITH YUGOSLAVIA ARE UNSHAKEN" BY THE COMINFORM CRITICISM OF PREMIER MARSHAL TITO.

BEFORE PROPOSING THE BLOC, THE YUGOSLAV COMMUNISTS CALLED THE COMINFORM CRITICISM ABSURD "LIES AND SLANDER." THE COMINFORM HAS ACCUSED TITO OF PURSUING A HATEFUL POLICY TOWARD RUSSIA, FLIRTING WITH THE WESTERN POWERS AND DESERTING THE MARX-LENIN LINE.

WHERE TITO WAS REMAINED A DARK MYSTERY.

THE BULGARS MADE NO COMMENT ON YUGOSLAVIA'S PROPOSAL FOR A BALKAN BLOC. BULGARIA ITSELF HAD PROPOSED IN JANUARY A BLOC OF THE EASTERN STATES DOMINATED BY RUSSIA. THE PROPOSAL WAS SLAPPED DOWN IN MOSCOW IN A BLISTERING ATTACK BY PRAVDA, THE COMMUNIST PARTY PAPER.

BOTH THE OFFICIAL BULGAR PRESS DEPARTMENT AND THE GOVERNMENT NEWSPAPER, OTECHESTVEN FRONT, SAID THE YUGOSLAV CRISIS DID NOT AFFECT RELATIONS BETWEEN THOSE TWO SATELLITES. BUT THE NATIONAL COUNCIL OF THE FATHERLAND FRONT--THE SINGLE, DOMINANT PARTY OF BULGARIA--SAID IT APPROVED THE COMINFORM RESOLUTION. THE BULGAR PRESS DEPARTMENT SAID:

"THE BULGARIAN GOVERNMENT WILL HONESTLY AND SINCERELY COLLABORATE WITH THE YUGOSLAV GOVERNMENT" IN THE SPIRIT OF MUTUAL ASSISTANCE. X X X BULGARIA WILL ABSTAIN FROM INTERFERENCE IN YUGOSLAV INTERNAL AFFAIRS."

ONE REASON FOR THE DIVERGENT VIEWPOINTS MIGHT BE A DESIRE OF THE BULGAR COMMUNISTS TO HAVE SOMETHING FIRM TO STAND ON SHOULD RUSSIA CRACK DOWN HARD.

THE U.S. STATE DEPARTMENT INTENSELY STUDIED THE YUGOSLAV CRISIS. TITO'S REVOLT AGAINST MOSCOW DICTATION HAD ENDANGERED THE WHOLE POWERFUL SYSTEM BY WHICH THE KREMLIN RUNS THE SATELLITE NATIONS ALONG ITS BORDERS.

THE QUESTION AROSE AS TO WHETHER PRIME MINISTER STALIN AND HIS RUSSIAN ASSOCIATES ARE "LOSING THEIR TOUCH" IN MANAGING INTERNATIONAL COMMUNISM.

THERE WAS CONSIDERABLE SPECULATION IN WASHINGTON THAT THE WHOLE YUGOSLAV MANEUVER MIIGHT BE PHONY, EITHER TO DRAW OUT AND DRAMATIZE THE HOSTILITY OF WESTERN POWERS TOWARD RUSSIA, OR TO OPEN UP YUGOSLAVIA AS A COUNTRY THROUGH WHICH MARSHALL PLAN AID COULD FLOW INTO THE RUSSIAN ORBIT.

THE YUGOSLAV COMMUNISTS PROPOSED A BALKAN BLOC OF YUGOSLAVIA, BULGARIA AND ALBANIA AND RECOMMENDED THAT THE YUGOSLAV ARMY BE STRENGTHENED BECAUSE IT "PROTECTS THE FREEDOM AND INDEPENDENCE OF THE PEOPLE OF YUGOSLAVIA."

TITO HIMSELF REMAINED AS ELUSIVE AS EVER. PRESUMABLY HIS VOICE DOMINATED THE TWO YUGOSLAV UTTERANCES BECAUSE HE IS THE COMMUNIST CHIEF OF STATE AND SECRETARY GENERAL OF THE YUGOSLAV COMMUNIST PARTY--A POSITION LIKE THAT OF STALIN IN RUSSIA. TITO VARIOUSLY WAS REPORTED AT HIS SUMMER PALACE IN BLED, IN BELGRADE, ON AN ADRIATIC ISLAND, IN AUSTRIA AND IN MOSCOW.

THE BRITISH FOREIGN OFFICE SAID RUSSIA AND YUGOSLAVIA SPLIT OVER THE "DEGREE OF INTERFERENCE WHICH CAN BE EXERCISED BY THE KREMLIN IN YUGOSLAV POLICY." A SPOKESMAN SAID THE VIEW WAS BASED ON REPORTS FROM SIR CHARLES PEAKE, AMBASSADOR TO BELGRADE, AND FRANK DIXON, AMBASSADOR TO PRAGUE. PEAKE IS EN ROUTE HOME.

OTHER RESPONSIBLE BRITISH OFFICIALS SAID TITO HAS BECOME A "REBEL--BUT ONE STILL IN THE PARTY." BRITISH DIPLOMATS SPOKE AFTER STUDYING THE COMINFORM'S CONDEMNATION OF YUGOSLAV COMMUNIST LEADERS AND THE LATTERS' DEFIANT DENIAL OF CHARGES OF BEING ANTI-RUSSIAN, FLIRTING WITH THE WESTERN POWERS AND DEPARTING FROM THE MARX-LENIN PARTY LINE.

BRITISH SOURCES SAID BOTH RUSSIA AND YUGOSLAVIA "SEEM TO BE TRYING TO AVOID AN OPEN BREAK, BUT ONLY TIME CAN SHOW WHETHER THEY WILL BE ABLE TO MAINTAIN THE STATUS QUO."

A110

THESE INFORMANTS SAID IT WAS CONSIDERED LIKELY THAT TITO HAD SOUGHT A FREE HAND FOR DEALING WITH THE WESTERN POWERS TO OBTAIN VITALLY NEEDED MACHINERY FOR RECONSTRUCTION, AND HAD RUN INTO SOVIET OBJECTIONS.

WHILE THEY SAID THIS MAY HAVE BEEN ONLY ONE OF THE REASONS FOR THE COMINFORM'S REBUKE, BRITISH OFFICIALS EMPHASIZED THE LIKELIHOOD THAT TITO WAS IRRITATED BY INABILITY TO OBTAIN SOME SUPPLIES UNDER THE MARSHALL PLAN. COMMUNIST NATIONS SPURNED THE PLAN AND IN TURN WERE DENIED ITS BENEFITS.

IT WAS POSSIBLY SIGNIFICANT THAT THE RUSSIAN CENSOR ALLOWED AN AP DISPATCH FROM MOSCOW TO QUOTE ONE RUSSIAN AS REMARKING: "TITO OBVIOUSLY GOT ILLUSIONS OF GRANDEUR."

RUSSIAN OPPOSITION TO A BALKAN BLOC, SUCH AS YUGOSLAVIA PROJECTED, APPEARED CERTAIN. COMMUNIST PREMIER GEORGI DIMITROV OF BULGARIA PROPOSED SUCH A FEDERATION LAST NANUARY, BUT ON A LARGER SCALE, AND HE HAD TITO'S ACTIVE SUPPORT. PRAVDA, THE OFFICIAL COMMUNIST NEWSPAPER IN MOSCOW, DECLARED ITS OPPOSITION AND NO MORE WAS HEARD OPENLY UNTIL TODAY OF SUCH A SCHEME.

DIPLOMATIC OBSERVERS LOOKED FOR THE NEXT MOVE FROM THE KREMLIN. SOME PROFESSED BELIEF THAT SHOULD TITO GET AWAY WITH HIS REFUSAL TO FOLLOW COMINFORM ORDERS, LEADERS IN OTHER RESTIVE SATELLITE COUNTRIES MIGHT DECIDE NOT TO KNUCKLE DOWN.

THE COMINFORM OSTENSIBLY IS A COMMUNIST INFORMATION BUREAU FOR THE RED STATES OF EASTERN EUROPE PLUS THE COMMUNIST LEADERS OF ITALY AND FRANCE. IT IS DOMINATED BY RUSSIA. NOW THAT THE COMINFORM HAS CRACKED DOWN ON YUGOSLAV LEADERS WITHOUT APPARENT SUCCESS, A JOB OF FACE SAVING MUST BE DONE. DISPATCH OF THE RED ARMY INTO YUGOSLAVIA WOULD LAY RUSSIA OPEN TO CHARGES BEFORE THE UNITED NATIONS OF AGGRESSION.

THE MOSCOW NEWSPAPER PRAVDA REFRAINED AGAIN FROM EDITORIAL COMMENT ON YUGOSLAVIA. A MOSCOW DISPATCH SAID MANY RUSSIANS SPECULATED PRIVATELY THE YUGOSLAV COMMUNISTS WOULD FIND A WAY FROM THEIR DILEMMA AND GET BACK TO THE PARTY LINE.

THE YUGOSLAV COMMUNIST PRONOUNCEMENT TODAY STRESSED HIGH IN ITS NATIONAL PROGRAM "A STRENGTHENING AND FURTHER DEVELOPING OF TIGHT COOPERATION WITH TE SOVIET UNION."

AN OBLIQUE SUGGESTION OF WILLINGNESS TO DEAL WITH THE WEST AS WELL AS THE EAST WAS FOUND IN THE PROPOSAL FOR "PEACEFUL COOPERATION WITH ALL COUNTRIES WHO WISH TO COOPERATE WITH THE FEDERALIST PEOPLES' REPUBLIC OF YUGOSLAVIA ON THE BASIS OF HONORING THEIR INDEPENDENCE AND EQUALITY IN THE FRAMEWORK OF THE

CHARTER OF THE UNITED NATIONS."

THE YUGOSLAV COMMUNISTS, HOWEVER, FOLLOWED THIS IMMEDIATELY WITH ANOTHER PLATFORM PLANK SAYING:

"ACTIVENESS AND COOPERATION OF XXX YUGOSLAVIA IN THE STRUGGLE OF THE DEMOCRATIC ANTI-IMPERIALISTIC FORCES OF THE WORLD, HEADED BY THE SOVIET UNION, AGAINST THE ANTI-DEMOCRATIC IMPERIALISTIC FORCES AND WAR MONGERS." THE RUSSIAN LINE HAS BEEN THAT THE U.S. AND BRITAIN ARE IMPERIALISTIC AND WAR MONGERING; THE SOVIET UNION AND HER COMMUNIST PUPPET STATES "DEMOCRATIC."

THE U.S. COMMUNIST PARTY APPROVED THE COMINFORM CRITICISM OF TITO AS "TIMELY ACTION." THEY FOLLOWED THE COMINFORM LINE, ASSERTING TITO WAS HOSTILE TO RUSSIA AND "ATTEMPTED TO CURRY FAVOR WITH ANGLO-AMERICAN IMPERIALISM." PRAVDA CARRIED THIS COMMENT ALONG WITH SIMILAR STUFF FROM BULGARIA, ITALY AND FRANCE.

THE U.S. AND YUGOSLAVIA WERE REPORTED NEAR AN AGREEMENT ON A MONEY DEAL THAT WOULD NET TITO $30,000,000. THEY HAVE BEEN NEGOTIATING FOR MANY MONTHS ON $20,000,000 U.S. CLAIMS FOR PROPERTY NATIONALIZED IN YUGOSLAVIA AND FOR RELEASE OF $50,000,000 YUGOSLAV FUNDS WHICH THE U.S. FROZE IN 1941 TO KEEP THE AXIS FROM IT.

BORBA, THE COMMUNIST NEWSPAPER IN BELGRADE, USED THREE PAGES TO PRINT THE PARTY'S PROGRAM. THE FOURTH PAGE WAS DEVOTED TO THE COMINFORM'S ATTACK, SPRUNG MONDAY IN PRAGUE, AND THE YUGOSLAV COMMUNIST CENTRAL COMMITTEE'S REPLY. THE COMINFORM USED 3,000 WORDS TO ACCUSE TITO. THE YUGOSLAV COMMUNISTS REPLIED WITH 5,000.

JUN 1948

THE PROGRAM CALLS AMONG OTHER THINGS FOR STRENGTHENING OF MORAL AND POLITICAL UNITY IN YUGOSLAVIA; TIGHTER TIES WITH OTHER EASTERN EUROPEAN COMMUNIST STATES; SUPPORT FOR "ALL COUNTRIES AND ALL MOVEMENTS FIGHTING FOR PEACE, WHO ARE AGAINST INTERFERING IN THE INTERNAL AFFAIRS OF OTHER COUNTRIES AND FOR RESPECTING THEIR INDEPENDENCE."

"THE NATIONAL INDEPENDENCE OF THE PEOPLE OF YUGOSLAVIA IS THE CONDITION FOR THEIR ROAD TO SOCIALISM AND THEIR PROGRESS IN GENERAL," THE PARTY DECLARED. THE PROGRAM WILL BE PRESENTED TO THE YUGOSLAV COMMUNIST CONGRESS MEETING IN BELGRADE JULY 21.

BORBA SAID IN A FOOTNOTE THAT THE COMINFORM HAD NOT SUPPLIED THE YUGOSLAV COMMUNISTS WITH AN OFFICIAL TEXT OF ITS RESOLUTION AND THAT THE COMMITTEE "IS FORCED TO USE AN AGENCY TEXT."

SIR MAURICE PETERSON, BRITISH AMBASSADOR TO MOSCOW, IS EXPECTED IN LONDON SHORTLY, OFFICIALLY BECAUSE OF ILL HEALTH. HE IS EXPECTED TO DISCUSS THE DISPUTE.

NY DAG, LEADING COMMUNIST PAPER OF SWEDEN, JOINED THE COMINFORM IN DENOUNCING TITO AND YUGOSLAV COMMUNIST LEADERSHIP IN THESE WORDS:

"THE SOLIDARITY AMONG THE PEOPLES OF EASTERN EUROPE RESTS UPON A MORE SOLID FOUNDATION THAN THE PRESTIGE OF INDIVIDUAL PERSONALITIES, HOWEVER LEGENDARY PARTISAN LEADERS THEY MAY BE."

AUSTRIAN COMMUNISTS CALLED A CONCLAVE TO DISCUSS YUGOSLAVIA AND ITS VIRTUALLY UNPRECEDEMTED DEFIANCE OF MOSCOW.

HUNGARY'S UNDERSECRETARY OF PRESS COMPLAINED THAT "THE YUGOSLAV ANSWER TO THE COMINFORM DECLARATION IS OFFICIALLY NOT KNOWN TO US."

YUGOSLAV QUESTIONS WERE DEBATED THROUGHOUT EUROPE. AMONG THESE WERE WHAT TITO MIGHT DO NEXT, WHETHER HE HAS PULLED YUGOSLAVIA FROM THE RUSSIAN ORBIT OR MADE IT A SHOOTING STAR HEADED WEST. #

YUGOSLAV ROUNDUP
BY THE ASSOCIATED PRESS

LONDON, JUNE 30--WHAT'S NEXT FOR TITO? HAS HE PULLED YUGOSLAVIA, THE SATELLITE STATE HE RULES, OUT OF THE RUSSIAN ORBIT AND MADE IT A SHOOTING STAR--HEADING WEST? OR IS IT A FALLING STAR?

FOREIGN MINISTRIES AND DIPLOMATS, LOOKING FOR ANSWERS TO THOSE QUESTIONS TODAY, PONDERED OVER 5,000 DEFIANT WORDS ISSUED BY THE YUGOSLAV COMMUNIST PARTY LAST NIGHT, ANGRILY REJECTING COMINFORM CONDEMNATION OF THEIR LEADER AND PREMIER, MARSHAL TITO.

THEY DELVED INTO RUMORS THAT RUSSIAN TROOPS ALREADY ARE ON THE MOVE TOWARD BELGRADE, THE YUGOSLAV CAPITAL; THAT FIGHTING ALREADY IS GOING ON.

THEY STUDIED THE FIRST QUICK REACTIONS TO THE HARSH WORDS OF THE YUGOSLAV COMMUNISTS, SUCH AS THAT IN THE DAILY WORKER, ORGAN OF THE COMMUNIST PARTY IN BRITAIN. THE WORKER CALLED THE YUGOSLAV RETORT "A STRANGE DOCUMENT X X X HOTLY WORDED, X X X WHICH SEEMED CALCULATED TO PROVIDE SENSATIONAL HEADLINES FOR ANTI-SOVIET NEWSPAPERS THROUGHOUT THE WORLD."

THE WORKER ALSO COMMENTED THAT IN THE YUGOSLAV REPLY "VERY LITTLE ATTEMPT SEEMED TO BE MADE TO ANSWER IN PRACTICAL TERMS THE REASONED ARGUMENT AND CRITICISM ADVANCED."

THE YUGOSLAV COMMUNIST PARTY FLATLY ACCUSED THE RUSSIAN-LED COMINFORM -- COMMUNIST INTERNATIONAL INFORMATION BUREAU -- OF LIES AND SLANDER. IT DENOUNCED THE COMINFORM CHARGES AS ABSURD AND USED LANGUAGE UNPRECEDENTEDLY ROUGH FOR EXCHANGES INSIDE THE COMMUNIST FAMILY. IT CALLED UPON THE PARTY MEMBERS TO CLOSE RANKS AND EXERT GREATER EFFORTS TO BUILD UP SOCIALISM IN YUGOSLAVIA.

THE COMINFORM HAD CALLED ON THE COMMUNISTS IN YUGOSLAVIA--WHO ARE REPORTED TO NUMBER ABOUT 400,000 ALL TOLD--TO OVERTHROW THEIR LEADERS UNLESS THOSE LEADERS REPENTED THEIR SINS AND GOT BACK ON THE PARTY LINE. IT CHARGED TITO AND SOME OF HIS CLOSEST ASSOCIATES WITH PRACTICING HOSTILITY TOWARD RUSSIA IN ORDER TO CURRY FAVOR WITH THE WESTERN POWERS.

"AMONG THE MOST SERIOUS SLANDERS AGAINST YUGOSLAVIA," SAID THE YUGOSLAV PARTY'S REPLY, WAS THAT CHARGE OF DEALING WITH POWERS OUTSIDE THE SOVIET BLOC. "ASSERTIONS THAT YUGOSLAV LEADERS ARE PREPARING TO MAKE CONCESSIONS TO IMPERIALISTS--AND NOW BARGAIN WITH THEM ON THE INDEPENDENCE OF YUGOSLAVIA--ARE COMPLETELY FABRICATED."

THE STATEMENT WAS TEMPERED ONLY BY A DECLARATION THAT "DIRECT CONTACT" IS NEEDED BETWEEN THE COMMUNIST PARTIES OF RUSSIA AND YUGOSLAVIA TO IRON OUT THE DIFFERENCES.

A6

"ONLY IN SUCH A WAY," SAID THE STATEMENT, "WILL THERE BE A SOLUTION. THE CENTRAL COMMITTEE OF THE COMMUNIST PARTY OF YUGOSLAVIA NEEDS THE HELP OF RUSSIA."

BUT THERE WAS NO SIGN OF CRYING "UNCLE." THE YUGOSLAV STATEMENT PICKED UP EACH CHARGE MADE BY THE COMINFORM, AND DENIED EVERY ONE. ON TOP OF THAT, THE STATEMENT ACCUSED THE COMINFORM OF MAKING ITS ACCUSATIONS WITHOUT GIVING THE YUGOSLAV COMMUNISTS A CHANCE TO DEFEND THEMSELVES.

"A HISTORIC INJUSTICE HAS BEEN DONE AND THIS WILL BE TAKEN ADVANTAGE OF BY IMPERIALISTIC ENEMIES FOR PROPAGANDA AND SLANDER," THE STATEMENT SAID.

LATER, THE YUGOSLAV COMMUNIST PARTY RELEASED THE TEXT OF A LETTER IN WHICH IT REJECTED AN INVITATION TO ATTEND THE RECENT COMINFORM MEETING

30.24- 18829

IN ROMANIA AT WHICH THE CHARGES WERE DRAWN UP.
STILL, THE STATEMENT LEFT UNANSWERED THE QUESTION OF "WHAT'S NEXT?" THERE WAS NO IMMEDIATE INDICATION WHETHER THE RUSSIAN COMMUNIST PARTY WOULD ACCEPT THE INVITATION FOR CONSULTATION.
FROM MOSCOW CAME A STORY THAT RUSSIAN AND YUGOSLAV COMMUNISTS THERE CONSIDER THE ALLIANCE BETWEEN THE TWO NATIONS UNAFFECTED BY THE COMINFORM ATTACK ON TITO AND HIS PRINCIPAL CAPTAINS. THAT DISPATCH MADE NO MENTION OF THE YUGOSLAV REPLY TO THE COMINFORM BLAST.
THE DISPATCH SAID THE COMMUNISTS IN THE RUSSIAN CAPITAL REGARD COMINFORM VS. YUGOSLAVIA FIGHT AS STRICTLY AN INTRAMURAL SCRAP BETWEEN COMMUNISTS AND COMMUNIST PARTIES--INTERNAL AFFAIRS RATHER THAN EXTERNAL. IT CONTAINED A SUGGESTION THAT EFFORTS MIGHT BE MADE TO HEAL THE BREACH AT THE DANUBE CONFERENCE SCHEDULED TO BE HELD IN BELGRADE ON JULY 30.
RUMORS AND UNCONFIRMED REPORTS CONTINUED TO CIRCULATE OUTSIDE YUGOSLAVIA--RANGING FROM REPORTS THAT FIGHTING IS GOING ON INSIDE THE COUNTRY TO RUMORS OF RUSSIAN TROOP MOVEMENTS TOWARD BELGRADE, THE LATTER HEARD AND PUBLISHED IN ROME.
BELGRADE DISPATCHES, HOWEVER, SAID THE CITY IS QUIET AND THAT THE GOVERNMENT HAS FIRM CONTROL. TITO'S EXACT WHEREABOUTS REMAINED A SUBJECT FOR SPECULATION, REPORT AND RUMOR. HE WAS VARIOUSLY REPORTED TO BE IN BELGRADE, AT HIS SUMMER PALACE AT BLED IN THE NORTHWEST, AND IN MOSCOW. ONE REPORT SAID HE HAD FLED TO AUSTRIA. HIS PARTY'S THUMPING REPLY TO THE COMINFORM DID NOT TEND TO BACK UP THE LATTER REPORT.
DIPLOMATS OF THE WESTERN WORLD SHOWED ONLY FAINT ELATION AT THE TURN OF EVENTS. THEIR ATTITUDE WAS EXPRESSED BY THE LONDON TELEGRAPH: "THE BIG SLAV BROTHER" -- RUSSIA -- "IS VERY BIG AND VERY POWERFUL."
COMMUNIST PARTIES IN OTHER COUNTRIES QUICKLY BACKED UP THE COMINFORM. IN BULGARIA, THE COMMUNIST NEWSPAPER, RABOTNICHESKO DELO, PREDICTED "SOUND COMMUNIST FORCES IN YUGOSLAVIA WILL TRIUMPH." IN PRAGUE, THE CENTRAL COMMITTEE OF THE CZECHOSLOVAK COMMUNIST PARTY FORMALLY APPROVED THE COMINFORM DECLARATION AGAINST YUGOSLAVIA. IN PARIS, JACQUES DUCLOS, SECRETARY OF THE FRENCH COMMUNIST PARTY, WAS QUOTED AS HAVING "COMPLETELY AND UNRESERVEDLY APPROVED" THE STATEMENT OF CENSURE.
MK253AED

MAKE NO DIFFERENCES IN "EXISTING YUGOSLAV-BULGARIAN RELATIONS."
GOVERNMENT SPOKESMEN IN POLAND REPLIED "NO COMMENT" WHEN ASKED WHETHER YUGOSLAVIA'S CASE WOULD AFFECT ECONOMIC AND POLITICAL RELATIONS BETWEEN THE TWO COUNTRIES.
AKSEL LARSEN, DENMARK'S NO. 1 COMMUNIST, SAID "MY PARTY DOES NOT YET WANT TO TAKE ITS STAND REGARDING THIS NEW DEVELOPMENT."

NIGHT LEAD TITO (WITH BELGRADE) (210)
LONDON, JUNE 30-(AP)-THE MYSTERY OF MARSHAL TITO'S WHEREABOUTS SEEMINGLY WAS CLEARED UP WHEN TANJUG, OFFICIAL YUGOSLAV NEWS AGENCY, SAID HE VISITED BUILDING CONSTRUCTION SITES NEAR BELGRADE THIS AFTERNOON.
HE HAD BEEN VARIOUSLY REPORTED IN MOSCOW, AT BLED, IN BELGRADE AND VISITING AN ADRIATIC ISLAND SINCE MONDAY NIGHT WHEN THE COMINFORM URGED YUGOSLAV COMMUNISTS TO REBEL AGAINST HIS LEADERSHIP.
TANJUG QUOTED A BELGRADE BROADCAST AS SAYING TITO WAS "ENTHUSIASTICALLY GREETED" WHEN HE SPOKE TO BOY AND GIRL MEMBERS OF CONSTRUCTION GROUPS. THE AGENCY SAID HE WAS ACCOMPANIED BY GOVERNMENT OFFICIALS FROM CROATIA, HIS NATIVE STATE, COL.GEN.KOCA POPOVIC, CHIEF OF THE GENERAL STAFF, AND LT.GEN.SVETODAR KOMANOVIC.
MEANWHILE, SEVERAL EASTERN SATELLITES IN THE SOVIET ORBIT APPEARED CAGEY ABOUT TAKING A STAND AGAINST YUGOSLAVIA.
IN NEITHER BULGARIA NOR ALBANIA WAS THERE ANY OFFICIAL REACTION TO TITO'S PROJECTED INDEPENDENT BALKAN BLOC. IN BULGARIA, AN OFFICIAL GOVERNMENT STATEMENT STRESSED THAT COMMUNIST PARTY TROUBLES

PLANS FOR SUPPLYING BERLIN BY AIR "HAVE GONE AHEAD WITH GREAT SPEED AND THE RESULTS THAT CAN BE ACHIEVED SEEM LIKELY TO EXCEED OUR FIRST EXPECTATIONS," HE SAID, ADDING:
"WE RECOGNIZE AS A RESULT OF THESE DECISIONS A GRAVE SITUATION MIGHT ARISE. SHOULD SUCH A SITUATION ARISE WE SHALL HAVE TO ASK THE HOUSE TO FACE IT.
"THE BRITISH GOVERNMENT AND THE WESTERN ALLIES CAN SEE NO ALTERNATIVE BETWEEN THAT AND SURRENDER--AND NONE OF US CAN ACCEPT SURRENDER."
THROUGHOUT HIS SPEECH BEVIN REITERATED THAT THE WESTERN POWERS NOW ARE PARTNERS IN THE OCCUPATION AND WILL NOT BOW TO SOVIET DICTATION.
HE CHARGED THE RUSSIANS HAVE TAKEN REPARATIONS FROM CURRENT PRODUCTION IN THEIR OCCUPATION ZONES AND WITHOUT AUTHORIZATION HAVE STRIPPED THEM OF CAPITAL EQUIPMENT AND OTHER ASSETS "BELIEVED TO AMOUNT IN VALUE TO WELL OVER $7,000,000,000 (B)."
"AT THE SAME TIME," HE SAID, "TAXPAYERS IN THIS COUNTRY HAD TO FIND MONEY TO KEEP GERMANY FROM STARVATION AND THE SAME IN AMERICA."
HE REPORTED THE FORMATION IN THE SOVIET ZONE OF A NEW PARTY DESIGNED TO ATTRACT FORMER NAZIS.
"THE WESTERN ALLIES," BEVIN CONTINUED, "HAVE BEEN GRAVELY CONCERNED FROM THE POINT OF VIEW OF SECURITY TO SEE WELL KNOWN EX-NAZIS BEING RECRUITED IN THIS SEMI-NATIONALIST PARTY."
BEVIN ALSO ANNOUNCED THAT BRITAIN WOULD REPLY SOON TO POLAND'S RECENT PROTEST THAT THE WESTERN POWERS' DECISION TO SET UP A WESTERN GERMAN GOVERNMENT WOULD DIVIDE EUROPE.

PARIS, JUNE 30-(AP)-L'HUMAMITE, THE FRENCH COMMUNIST NEWSPAPER, SAID TODAY THE YUGOSLAV COMMUNIST PARTY'S RETORT TO COMINFORM CRITICISM OF PREMIER MARSHAL TITO IS "A TISSUE OF LIES."

THE YUGOSLAV STATEMENT SAID THE COMINFORM DENUNCIATION WAS FULL OF LIES AND SLANDER.

L'HUMANITE DID NOT PRINT ANY OF THE YUGOSLAV STATEMENT BUT NOTED ONE HAD BEEN MADE AND COMMENTED THAT IN IT:

"ONE CAN NOT FIND THE LEAST BIT OF WILLINGNESS FOR SELF-CRITICISM NOR ANY DESIRE FOR OBJECTIVITY; ONLY GROSSLY FALSE STATEMENTS THAT CANNOT STAND TO BE ANALYZED."

FIFTH LEAD GERMAN

BERLIN, JUNE 30-AP)-A HUGE ALLIED AIR CONVOY OF MORE THAN 200 PLANES CAME TO THE RESCUE TODAY OF ISOLATED BERLIN.

THE CRISIS OVER THE LAND BLOCKADE CLAMPED ON THE CITY BY THE RUSSIANS REMAINED UNSOLVED, BUT THERE WERE SIGNS IT WAS HEADED FOR CONSIDERATION AT THE HIGHEST LEVELS.

BRITISH FOREIGN SECRETARY ERNEST BEVIN TOLD THE HOUSE OF COMMONS THE WESTERN ALLIES WERE CONSIDERING A DIRECT APPROACH TO THE KREMLIN.

IN WASHINGTON SECRETARY OF STATE MARSHALL EXPRESSED U.S. DETERMINATION TO STAY IN BERLIN REGARDLESS OF THE SOVIET BLOCKADE. BEVIN MADE A SIMILAR STATEMENT, ADDING THAT BRITAIN WAS READY FOR FOUR-POWER TALKS ON BERLIN--BUT NOT UNTIL THE SOVIET BLOCKADE IS LIFTED.

IN THAT CONNECTION A BRITISH OFFICER IN HAMBURG SAID THE RUSSIANS HAD HALTED MOVEMENT OF BARGES ALONG THE ELBE RIVER. THIS WAS AN APPARENT ADDITION OF A WATER BLOCKADE, SINCE PREVIOUSLY THE RUSSIANS HAD PERMITTED BARGES TO FILTER THROUGH TO THE LAND-LOCKED CITY.

THE ROYAL AIRFORCE, JOINING THE AMERICANS IN THE GREATEST AIRLIFT OF PEACETIME, FLEW 100 TRANSPORT PLANES INTO BERLIN TODAY. THE PROMISED TO DOUBLE THE NUMBER BY THE END OF THE WEEK.

THE U.S. AIRFORCE HAD SENT 125 PLANES BY LATE AFTERNOON AND MORE WERE ON THE WAY.

TENSION IN THE CITY WAS HIGH. THIS WAS PROVED ANEW TODAY WHEN A LONE RUSSIAN BARRAGE BALLOON USED FOR ARTILLERY RANGE SPOTTING RAISED A FALSE SCARE ON THE FOOD FERRY LINE.

IN THE MIXUP AMERICAN TRANSPIRT PILOTS WERE WARNED TO FLY ABOVE THE 5,000-FOOT LEVEL OF SUPPOSED OBSTACLES TO THEIR MISSIONS.

WHEN THE CONFUSION OF CONFLICTING REPORTS AND RUMORS HAD SETTLED DOWN, IT WAS DETERMINED THAT:

1.--THE SINGLE BALLOON ON A RUSSIAN ARTILLERY PRACTICE GROUND NEAR MAGDEBURG IS FLOWN TO HELP FIGURE RANGE AND BEARING AND, THE RUSSIANS HAVE REPORTED PERIODICALLY IS NEVER UP FOR MORE THAN AN HOUR AT A TIME.

2.--THE RUSSIANS OFFICIALLY INFORMED THE BRITISH HERE THAT THE OLD CAPTIVE BALLOON HENCEFORTH WOULD NEVER GO HIGHER THAN 1,500 FEET.

"THE RUSSIANS HAVE ASSURED BERLIN'S FOUR-POWER AIR SAFETY CENTER THAT THERE IS ONLY ONE BALLOON," A U.S. MILITARY OFFICIAL SAID.

THE AMERICAN DITHER OVER THE BALLOON LASTED FOR ABOUT A HALF HOUR.

30.24- 18831

EXCITED U.S. AIR FORCE OFFICIALS, SUSPECTING A THREAT TO THE AIR LIFELINE TO BERLIN, FOUND A SUPPOSED MASS OF OBSTACLES WAS JUST AN OLD BALLOON THAT HAS FLOWN A LONG TIME IN THE CORRIDOR BETWEEN BERLIN AND THE BRITISH ZONE.

A121

THE FALSE REPORT, PRESUMABLY BASED ON INFORMATION FROM PILOTS, FIRST CAME FROM FRANKFURT AND WAS QUICKLY QUESTIONED BY AMERICAN AIR AUTHORITIES HERE.

PILOTS ALREADY HAD BEEN WARNED TO FLY ABOVE THE 5,000 FOOT LEVEL OF THE SUPPOSED OBSTACLES.

THE SCARE APPARENTLY WAS TOUCHED OFF BY A ROUTINE WARNING TO PILOTS AT FRANKFURT'S RHINE-MAIN AIRFIELD.

THE AIR FLIGHT SERVICE WARNED THEM TO FLY HIGH AND AVOID THE BARRAGE AT DOLLE, 75 (CORRECT) MILES WEST OF BERLIN. THE WARNING, NEW TO AMERICAN AND BRITISH PILOTS, APPARENTLY WAS BASED ON A ROUTINE RUSSIAN REPORT THAT THE OLD BALLOON SHOULD BE AVOIDED IN FLIGHTS TO BERLIN.

BARRAGE RUMORS REACHED AIR HEADQUARTERS AT WIESBADEN, WHERE A SPOKESMAN FOR LT.-GEN.CURTIS E.LEMAY SAID HE KNEW NOTHING ABOUT IT BUT WAS CHECKING.

A FEW MINUTES LATER, THE AIR FORCE PUBLIC INFORMATION OFFICE AT FRANKFURT TOLD NEWSMEN BALLOONS (PLURAL) WERE REPORTED OVER DOLLE AND A WARNING WAS GOING OUT IN A FEW MINUTES."

A HALF HOUR LATER THE BARRAGE STORY WAS QUESTIONED BY BERLIN AIR OFFICIALS, WHO THEN REPORTED IT WAS THE SAME OLD BALLOON OF WHICH THE RUSSIAN HAD WARNED THE WESTERN POWERS.

THERE WERE A LOT OF RED FACES IN THE FRANKFURT AIR COMMAND.

"THE AIR FLIGHT SERVICE WAS JUST DOING ITS JOB OF WARNING ALL PILOTS," A PUBLIC RELATIONS OFFICER SAID.

THE BALLOON SCARE DEVELOPED SOON AFTER THE SOVIET COMMAND AND THE OFFICIAL RUSSIAN PRESS IN GERMANY HAD MADE CRACKS ABOUT THE FOOD FERRY EFFORTS FROM THE WEST.

THE RUSSIAN PRESS PUBLISHED A SUGGESTION THAT THE FOOD PLANES WERE CARRYING LOOT OUT OF BERLIN ON THEIR RETURN TRIPS. THE RUSSIAN HIGH COMMAND EXPRESSED A HOPE THAT FLYING REGULATIONS WOULD BE OBSERVED.

AMERICAN AIR OFFICIALS STOUTLY DENIED THE RUSSIAN CHARGE OF PLUNDERING. THEY SAID MOST PLANES OF THE BIG FREIGHT FLEET WERE RETURNING TO WESTERN GERMANY EMPTY.

THOSE RETURNING LOADED, THEY SAID, CARRIED PASSENGERS AND HOUSEHOLD FURNISHINGS BELONGING TO AMERICANS LEAVING BERLIN ON TRANSFERS INTO THE U.S. OCCUPATION ZONE OR GOING HOME TO THE UNITED STATES.

DURING RECENT SPECULATION ON USE OF BALLOONS GEN. LUCIUS D. CLAY, AMERICAN COMMANDER IN EUROPE, WAS ASKED WHAT HE WOULD DO IF SUCH OBSTACLES APPEARED.

"WE'D DEAL WITH THEM AS DURING THE WAR," HE REPLIED. THIS PRESUMABLY MEANT THEY WOULD BE SHOT DOWN.

THIS WAS THE SECOND TIME IN RECENT WEEKS THAT THE OLD BALLOON, A RELIC OF THE WAR, HAD TOUCHED OFF A SCARE IN AIR FORCE CIRCLES.

THE AMERICAN PLANES, MAKING AROUND 100 FLIGHTS DAILY TO BERLIN WITH FOOD FOR THE HUNGRY MILLIONS, WERE SHIFTED OVER YESTERDAY TO THE BERLIN-BRITISH ZONE CORRIDOR TO AVOID CONFUSION.

LONDON SOURCES REPORTED, MEANWHILE, THAT FOREIGN SECRETARY ERNEST BEVIN HAD TOLD THE DOMINIONS THE WESTERN POWERS INTENDED TO DEFY THE RUSSIAN BLOCKADE.

AN OFFICIAL SOURCE SAID BRITAIN HAD ASKED THE DOMINIONS TO LEND ALL AVAILABLE TRANSPORT PLANES TO HELP FEED WESTERN BERLIN DESPITE THE SOVIET BLOCKADE.

BEVIN DISCUSSED THE SITUATION IN LONDON WITH THE DOMINION HIGH COMMISSIONERS AND WITH U.S. AND FRENCH AMBASSADORS LEWIS DOUGLAS AND RENE MASSIGLI.

THE RUSSIANS BEGAN THEIR VERBAL BLASTS AGAINST THE AERIAL FOOD LINE YESTERDAY.

"CLAIMS THAT THIS SERVICE IS DESIGNED TO FEED BERLIN ARE A BLUFF TO CLOAK THE PLUNDERING OF THE CITY BY SHIPPING OUT MACHINERY AND PRODUCTS ON THE RETURN FLIGHT," SAID TAEGLICHE RUNDSCHAU.

MARSHAL VASSILY D.SOKOLOVSKY, THE RUSSIAN COMMANDER IN GERMANY, CAUTIONED LAST NIGHT THAT HE HOPED FLYING REGULATIONS WOULD BE "FAITHFULLY FOLLOWED." SOME THOUGHT THAT ALSO MIGHT HAVE BEEN A HINT OF FORTHCOMING EFFORTS TO SHUT OFF THE LAST FOOD LIFELINE TO THE MORE THAN 2,000,000 GERMANS IN THE WESTERN SECTORS OF BERLIN.

IN LAST NIGHT'S STATEMENT, HOWEVER, MARSHAL SOKOLOVSKY SAID HE HOPED THAT TRAIN SERVICE FROM THE WEST INTO BERLIN COULD BE RESUMED BEFORE THE CITY'S FOOD STOCKS RUN OUT.

COMMENTING ON THAT STATEMENT THIS MORNING, COL.FRANK L.HOWLEY, THE U.S. COMMANDANT OF BERLIN, HAD THIS TO SAY:

"IF THE RUSSIANS WANT TO LIFT THE BLOCKADE, THAT WILL BE FINE. BUT WE WILL WAIT FOR DEEDS RATHER THAN WORDS."

IN FRANKFURT, TOP RANKING AMERICAN, BRITISH AND FRENCH OCCUPATION OFFICIALS MET TODAY TO START BUILDING A NEW CENTRAL GOVERNMENT FOR WESTERN GERMANY. IT WAS HINTED THAT THE SOVIET LAND BLOCKADE OF BERLIN MAY ALSO BE DISCUSSED.

THE U.S. ARMY'S TEMPLEHOF AIR BASE ANNOUNCED THAT 157 FLIGHTS HAD BEEN RECEIVED DURING 24 HOURS UP TO LAST MIDNIGHT, BRINGING SUPPLIES TO THE AMERICAN AND GERMAN POPULATION.

THIS TOTAL MAY BE EXCEEDED TODAY AS PLANES ARE FLYING FROM WIESBADEN AS WELL AS FRANKFURT AIRPORTS. THE BRITISH ROYAL AIRFORCE ALSO IS EXPANDING ITS AIR SHUTTLE SERVICE TO BERLIN.

A BRITISH OFFICIAL IN HAMBURG SAID TODAY THAT BARGE TRAFFIC, THE BRITISH ZONE'S LAST GROUND SUPPLY LINK WITH BERLIN, HAS STOPPED MOVING ALONG THE ELBE RIVER. HE SAID THE BARGES HAD BEEN HELD UP AT THE RUSSIAN CONTROL POINT AT WITTENBERG.

RAIL TRAFFIC FROM THE WEST HAS BEEN FROZEN FOR THE PAST 10 DAYS. MOTOR TRAFFIC ALONG THE SINGLE HIGHWAY FROM HELMSTEDT TO BERLIN ALSO REMAINED STOPPED.

THE RUSSIANS RELENTED IN ONE PHASE OF THEIR BLOCKADE. THROUGH THEIR OFFICIAL PRESS THEY ANNOUNCED THEY HAD OFFERED TO RESTORE FRESH MILK DELIVERIES TO WESTERN SECTORS FROM THEIR SURROUNDING ZONE "IN EXCHANGE FOR COMPENSATING FOODSTUFFS."

HOWLEY COMMENTED:

"I DON'T CONSIDER THIS AN ACT OF GENEROSITY BY THE RUSSIANS OR GERMAN COMMUNISTS. THE LIVES OF 6,000 BABIES IN OUR SECTOR WERE ENDANGERED BY THEIR SUDDEN SHUTOFF OF MILK SUPPLIES AND MANY WOULD HAVE DIED IF WE HAD NOT TAKEN THE PRECAUTION OF DISTRIBUTING WHOLE DRY MILK AND CONDENSED MILK IN ADVANCE.

"WE WILL CONTINUE TO USE THESE SUBSTITUTE FORMULAS BECAUSE WE DARE NOT RISK ANOTHER SUCH ARBITRARY ACTION."

ON THE SOVIET SIDE, THE RUSSIAN-SPONSORED SOCIALIST UNITY PARTY

1948

ANNOUNCED WITH GREAT FANFARE A TWO-YEAR ECONOMIC PLAN FOR THE SOVIET OCCUPATION ZONE. THE PROGRAM CALLED FOR INCREASED PRODUCTION DURING 1948 AND FURTHER BIG ADVANCES IN 1949-50.

THE COMMUNIST-CONTROLLED PARTY CALLED FOR CLOSER ECONOMIC TIES WITH THE RUSSIAN DOMINATED EASTERN BLOC OF NATIONS AND CLAIMED IT HAD PROMISES OF RAW MATERIALS FROM THIS AREA.

SOKOLOVSKY, REPLYING TO A BRITISH DEMAND THAT HE LIFT THE LAND BLOCKADE OR SHOULDER THE BLAME FOR STARVING SOME 2,000,000 BERLINERS IN THE AMERICAN, BRITISH AND FRENCH SECTORS, SAID LAST NIGHT HE HAD LEARNED THE CITY HAD ENOUGH FOOD TO LAST FOR "SEVERAL WEEKS."

"I HOPE THAT IN THIS TIME WE CAN HAVE THE TRAINS RUNNING AS USUAL," HE SAID IN A LETTER TO THE BRITISH COMMANDER, GEN. SIR BRIAN ROBERTSON. THE LETTER WAS MADE PUBLIC BY THE SOVIET-LICENSED NEWS AGENCY ADN, ONLY A FEW HOURS AFTER THE BERLIN CITY COUNCIL APPEALED TO THE UNITED NATIONS TO INTERVENE IN THE CITY'S CRISIS TO FORESTALL "URGENT DANGER TO WORLD PEACE."

AT LAKE SUCCESS, TRYGVE LIE, SECRETARY-GENERAL OF THE U.N., SAID HE HAS DECIDED AGAINST SEEKING SECURITY COUNCIL ACTION CONCERNING BERLIN AT THIS TIME. HE MADE HIS DECISION AFTER BRITAIN, FRANCE AND THE UNITED STATES INDICATED THEY DID NOT THINK U.N. INTERVENTION PROPER RIGHT NOW.

IN HIS LETTER, SOKOLOVSKY INTIMATED THAT THE RUSSIANS ARE WATCHING FOR ANY VIOLATIONS OF THE AIR CORRIDORS BY BRITISH AND AMERICAN AIR CREWS.

U.S. AIR FORCE PLANES LANDED AT BERLIN'S AMERICAN AIRFIELD AT EIGHT-MINUTE INTERVALS YESTERDAY IN AN EFFORT TO STRETCH OUT AVAILABLE FOOD SUPPLIES IN THE WESTERN SECTORS UNTIL LATE JULY OR EARLY AUGUST.

THE BRITISH ROYAL AIRFORCE TOOK AN ACTIVE PART IN THE SHUTTLE SERVICE.

SOKOLOVSKY ALSO ANNOUNCED THAT THE HIGHWAY TO BERLIN FROM THE WEST WOULD REMAIN CLOSED INDEFINITELY "TO STOP ILLEGAL IMPORTATION OF CURRENCY FROM THE WESTERN ZONES TO BERLIN."

THE RUSSIAN COMMANDER WAS QUOTED AS VOICING REGRET OVER BERLIN'S PLIGHT, BUT CONTENDED THE SOVIET ACTION WAS TAKEN TO PROTECT THE RUSSIAN ZONE'S ECONOMY IN THE WAKE OF THE CURRENCY REFORM IN THE WESTERN ZONES OF GERMANY.

BERLIN NOW HAS TWO KINDS OF MONEY--RUSSIAN AND WESTERN.

SOKOLOVSKY SAID HE "FULLY APPRECIATED THE ENERGETIC MEASURES TAKEN BY THE BRITISH AND AMERICANS TO KEEP UP THE CONNECTION WITH THE WESTERN ZONES BY AIR."

"AT THE SAME TIME," HE ADDED, "I HOPE THE FLYING REGULATIONS WILL BE FAITHFULLY FOLLOWED."

THE SOVIET COMMANDER SAID RUSSIAN ENGINEERS ARE TAKING STEPS TO REPAIR THE "TECHNICAL DAMAGE" TO THE HELMSTEDT-BERLIN RAILROAD, SOLE RAIL LINK SUPPLYING BERLIN FROM WESTERN GERMANY. THE RAIL STOPPAGE HAS BEEN BLAMED BY THE RUSSIANS ON THIS "DAMAGE."

"I HOPE THIS IMPORTANT RAIL CONNECTION CAN AGAIN START TO WORK AS SOON AS POSSIBLE," HE SAID.

THE BRITISH MILITARY GOVERNOR DENOUNCED THE RUSSIAN FOOD BLOCKADE YESTERDAY AS "RUTHLESS INHUMANITY, UNPARALLELED IN THE HISTORY OF THE WORLD."

ROBERTSON'S DENUNCIATION WAS MADE IN A STATEMENT BEFORE THE BRITISH ZONE'S GERMAN ADVISORY COUNCIL AT HAMBURG.

SEOUL, JUNE 30-(AP)-THE UNITED NATIONS COMMISSION TODAY GAVE ITS LONG-AWAITED APPROVAL TO THE INDEPENDENCE ELECTIONS HELD IN THE U. S. ZONE OF SOUTH KOREA.

ITS REPORT WAS MADE PERSONALLY TO THE NATIONAL ASSEMBLY, ELECTED IN THE MAY 10 BALLOTING TO DRAFT AN INDEPENDENT GOVERNMENT FOR KOREA. THE RUSSIAN-OCCUPIED NORTH HALF OF KOREA BOYCOTTED THE ELECTION.

TEMPORARY CHAIRMAN A. P. VALLE OF EL SALVADOR SAND THE COMMISSION FOUND THE ELECTIONS "A VALID EXPRESSION OF THE FREE WILL OF THE ELECTORATE IN THOSE PARTS OF KOREA WHICH WERE ACCESSIBLE TO THE COMMISSION AND IN WHICH INHABITANTS CONSTITUTED APPROXIMATELY TWO-THIRDS OF THE PEOPLE OF ALL KOREA."

THERE HAD BEEN INDICATIONS THE COMMISSION HAD HESITATED TO APPROVE THE ELECTION BECAUSE TWO IMPORTANT SEGMENTS OF SOUTH KOREAN POLITICS HAD ABSTAINED FROM TAKING PART IN THE VOTE.

THESE WERE THE MODERATE LEFTS OF KIMM KIU SIC AND THE RIGHTISTS OF KIM KOO, WHO HELD THAT SUCH AN ELECTION WOULD DIVIDE KOREA PERMANENTLY.

PALESTINE
BY ROBERT HEWETT

HAIFA, ISRAEL, JUNE 30-(AP)-BRITAIN WOUND UP ITS 31-YEAR MILITARY OCCUPATION OF PALESTINE TODAY, LEAVING THE HOLY LAND TORN BETWEEN THE ARABS AND JEWS.

SHORTLY AFTER DAWN TODAY A BRITISH TROOP SHIP MOVED OUT INTO HAIFA BAY ALONG SIDE THE BRITISH CRUISER PHOEBE, ABOARD WHICH LT. GEN. HUGH A. MACMILLAN, BRITISH PALESTINE COMMANDER, WATCHED THE EVACUATION.

MACMILLAN REPORTEDLY PLANS TO BE THE LAST BRITISH SOLDIER TO LEAVE THE HOLY LAND, BUT THE HOUR OF HIS DEPARTURE HAS NOT BEEN FIXED.

THE BRITISH COMMANDER ANNOUNCED YESTERDAY THAT BRITAIN'S "MILITARY JURISDICTION" WILL END AT MIDNIGHT TONIGHT.

THE REMAINING BRITISH TROOPS -- ABOUT 2,500 IN ALL -- ARE EXPECTED TO EMBARK BEFORE NOON, LEAVING HAIFA -- LAST BRITISH CONTROL POINT IN THE HOLY LAND -- IN JEWISH HANDS UNDER THE SUPERVISION OF UNITED NATIONS TRUCE OBSERVERS.

ORIGINAL PLANS CALLED FOR FINAL EVACUATION AUG.1.

(IN CAIRO, JAMIL MARDAM BEY, SYRIAN PRIME MINISTER, TOLD NEWSMEN YESTERDAY THAT THE ARAB GOVERNMENTS HAVE PROTESTED TO BRITAIN AGAINST WITHDRAWAL OF HER TROOPS FROM HAIFA AHEAD OF SCHEDULE. MARDAM BEY SAID ARABS CONSIDER THIS A VIOLATION OF THE PALESTINIAN TRUCE.)

A JEWISH ANNOUNCEMENT SAID THE FLAG OF ISRAEL WILL BE HOISTED ON BUILDINGS SKIRTING HAIFA HARBOR AND IN THE MUNICIPAL AREA AS SOON AS THE LAST BRITON IS GONE.

AS BRITISH TROOPS WERE BROUGHT IN FROM THEIR ARMY CAMPS TO THE DOCK AREA, TANKS TOOK UP POSITIONS AROUND THE HARBOR DISTRICT AND A STRICT CURFEW WAS IMPOSED ON ALL CIVILIANS.

BRITISH PLANES CIRCLED OVER THE AREA AS TROOPS MARCHED ABOARD THE SHIPS.

MUHSEN AL BARAZI, SYRIAN MINISTER OF THE INTERIOR, SAID MONDAY HIS GOVERNMENT HAD PROTESTED TO THE U.S. AGAINST INTERVENTION IN AN ARAB-JEWISH BATTLE AT AL BARWA BY A U.S. WARSHIP. HE SAID IT WAS A VESSEL WHICH THE U.S. HAD PLACED AT THE DISPOSAL OF COUNT FOLKE BERNADOTTE, UNITED NATIONS MEDIATOR FOR PALESTINE.

AZZAM PASHA SAID RIAD EL SOLH, PRIME MINISTER OF LEBANON, HAD MADE INQUIRIES REGARDING THE INCIDENT AND SUBMITTED A REPORT ON IT.

regarding the contents of Bernadotte's proposals. He added, however,

"I can assure you there is NO time limit set for the reply, as rumored."

Reports reported that the army of Fawzi Pasha al Kaukji had again broken the United Nations truce by opening fire on Jewish positions in Sejera, in Lower Galilee. This was the second time his forces were accused of thus violating the truce.

A U.N. representative recently approached the Arab states in an effort to determine which state is responsible for Fawzi Pasha's army.

rhodes, june 30-(ap)-cmdr. r.g.a. jackson, assistant secretary general of the united nations arrived here today to confer with count folke/ bernadotte, u.n. mediator.

a u.n. spokesman said jackson, an australian, has been on a traveling

mission in europe, and hmk stopped off in rhodes to get the latest information on bernadotte's attempts to bring a peace settlement to palestine.

bernadotte announced that he has received no reaction yet from either arabs or jews to his suggestions for ~~peace talks~~. #

HE SAID 25,000 JEWISH REFUGEES INTERNED BY THE BRITISH AT CYPRUS WOULD BE SHIPPED TO PALESTINE IMMEDIATELY. SIX U.N. OBSERVERS WERE SENT TO CYPRUS TO SUPERVISE THE EMBARKATION. MEN OF MILITARY AGE AMONG THE REFUGEES WILL BE INTERNED IN PALESTINE DURING THE U.N. TRUCE PERIOD, HOFFMAN EXPLAINED. THE FOUR-WEEK TRUCE HAS 10 DAYS YET TO RUN.

(THE BASIC DISPUTE BETWEEN JEWS AND ARABS OVER PALESTINE REMAINED. IN CAIRO FAWZI MULKI PASHA, TRANS-JORDAN'S FOREIGN MINISTER, TOLD A REPORTER THAT COUNT FOLKE BERNADOTTE'S PROPOSALS FOR A PERMANENT PALESTINE SETTLEMENT ARE "HELLISH." PREVIOUSLY AN ARAB SOURCE SAID THE U.N. MEDIATOR'S SUGGESTIONS "IMPLY THE EXISTENCE OF A JEWISH STATE WHICH THE ARABS COULD NEVER ACCEPT."

THE STATEMENT ALSO STRESSED THAT BOTH KINGS, FORMERLY RIVALS, SUPPORT THE ARAB LEAGUE.

(SYRIAN PREMIER JAMIL MARDAM BEY TOLD NEWSMEN IN CAIRO YESTERDAY THAT THE ARABS CONSIDER THE BRITISH WITHDRAWAL FROM PALESTINE AHEAD OF SCHEDULE A VIOLATION OF THE U.N. TRUCE. ARAB GOVERNMENTS HAVE PROTESTED TO BRITAIN, HE SAID).

THE BRITISH BEGAN PULLING THEIR ARMY OUT OF THE HOLY LAND BEFORE THEY GAVE UP THEIR MANDATE MAY 15.

MOST OF THE TROOPS WERE ASSIGNED TO BRITISH BASES IN THE SUEZ CANAL ZONE AND TRIPOLI IN NORTH AFRICA. A BRITISH ARMY SPOKESMAN SAID THE ENTIRE EVACUATION OPERATION THROUGH HAIFA INVOLVED 17,500 TROOPS AND POLICE AND 43,500 TONS OF MILITARY EQUIPMENT.

BITTERNESS BETWEEN BRITON AND JEW PERSISTED TO THE END. JEWISH OFFICIALS INVITED MACMILLAN TO A FAREWELL LUNCHEON YESTERDAY, BUT THE BRITISH COMMANDER CANCELLED HIS ACCEPTANCE WHEN HE HEARD THREE BRITISH TANKS HAD BEEN STOLEN. ONE SUBSEQUENTLY WAS RECOVERED.

THE EVACUATION WAS A GREAT DAY FOR HAIFA'S JEWS. MANY OF THE BRITISH TROOPS ALSO WERE HAPPY AT LEAVING. WHEN ONE COLUMN MARCH PAST A SILENT JEWISH POLICEMAN, ONE BRITISH MARINE GRINNED AND SHOUTED: "YOU'LL BE SORRY."

FOREIGN AID (360)
BY STERLING F.GREEN
WASHINGTON,JUNE 30-(AP)-THE MARSHALL PLAN CLOSES ITS FIRST QUARTER-YEAR TODAY WITH $731,000,000 SET ASIDE FOR EUROPEAN RECOVERY SHIPMENTS.
THIS IS ABOUT 56 PER CENT OF THE UNOFFICIAL ORIGINALLY SET FOR THE ECONOMIC COOPERATION ADMINISTRATION IN ITS FIRST THREE MONTHS OF OPERATION.
ACTUAL SPENDING--AS SHOWN BY TREASURY CHECKS WRITTEN TO COVER THE COST OF ECA-APPROVED FOREIGN PURCHASES--TOTALED ONLY $37,824,444 UP TO THIS MORNING.
THE LATTER FIGURE REFLECTS IN PART THE NECESSARY LAG IN HANDLING INTERNATIONAL PAYMENTS. IT WILL TILT UP STEEPLY AS MONTH-END REPORTS ARE MADE. BUT IT WILL NOT APPROACH THE $500,000,000 WHICH PRESIDENT TRUMAN EARMARKED FOR EUROPEAN RECOVERY IN HIS JANUARY BUDGET ESTIMATE.
THE DIFFERENCE WILL CONTRIBUTE TO THE NATION'S EXPECTED RECORD-BREAKING BUDGET SURPLUS FOR THE 1948 FISCAL YEAR WHICH ENDS TONIGHT.
ECA ALSO IS BEHIND SCHEDULE IN MAKING LOANS. ALL THE FOOD, FUEL, FERTILIZER, MATERIALS AND EQUIPMENT APPROVED FOR SHIPMENT SO FAR IS

30.24- 18837

IN THE FORM OF OUTRIGHT GRANTS.
THOUGH ECA SCHEDULED LOANS TOTALING $238,000,000 FOR THE FIRST QUARTER, IT WAS LEARNED THAT ONLY ONE SMALL LOAN IS NEAR ANNOUNCEMENT WITH TWO OTHERS AT AN ADVANCED STAGE OF NEGOTIATION.
HOWEVER, CONSIDERABLE LENDING ACTIVITY IS INDICATED FOR THE LATTER HALF OF THE YEAR, BECAUSE THE FOREIGN AID ACT SPECIFIES THAT ABOUT ONE-FIFTH OF ECA'S $5,000,000,000 FUNDS MUST BE DEVOTED TO LOAN FINANCING SPECIFIC RECOVERY PROJECTS.
IN OTHER THAN STATISTICAL TERMS, ECA HAS MADE SWIFT PROGRESS. ALMOST THE ENTIRE TOP STAFF HAS BEEN ASSEMBLED, BOTH IN WASHINGTON AND IN THE FAR-FLUNG EUROPEAN OPERATION UNDER ECA'S AMBASSADOR-AT-LARGE, W.AVERELL HARRIMAN.
MOST OF THE MAJOR FOREIGN MISSIONS HAVE BEEN CREATED, AND THIS WEEK THE 16 EUROPEAN COUNTRIES BEGIN SIGNING AGREEMENTS WITH THE UNITED STATES WHICH GIVE THEIR RECOVERY ARRANGEMENTS THE FORCE OF TREATIES.
THOSE COUNTRIES WHICH DO NOT MEET THE JULY 3 RATIFICATION DEADLINE WILL RECEIVE NO MORE U.S.-FINANCED AID UNTIL THE PACTS ARE COMPLETED.
IN RECENT WEEKS AN INCREASING VOLUME OF INDUSTRIAL MATERIALS AND "RECOVERY GOODS"--FREIGHT CARS, MACHINERY, MINING AND MANUFACTURING EQUIPMENT--HAVE APPEARED ON THE APPROVED LISTS ALONG WITH SUCH "RELIEF" ITEMS AS FUEL, MEDICINE, GRAINS AND OTHER FOODSTUFFS.
FOR THE COMING QUARTER, EUROPEAN REQUESTS HAVE TOTALED $1,800,000,000. THIS WILL BE CUT BY ABOUT $500,000,000 A SPOKESMAN SAID.
TO ENCOURAGE PRIVATE CONTRIBUTIONS TO THE RECOVERY TASK, THE GOVERNMENT ANNOUNCED LAST NIGHT A MAIL SUBSIDY ON RELIEF PACKAGES TO WESTERN EUROPE AND CHINA. REGULATIONS ON THE REDUCED RATES WILL BE MADE AVAILABLE AT EVERY POSTOFFICE.

(ADVANCE TO BE HELD FOR RELEASE EXPECTED ABOUT 11 A.M. EASTERN STANDARD TIME, TODAY, WEDNESDAY, JUNE 30)
TRUMAN FOREIGN AID TEXT
(ADVANCE)...WASHINGTON, JUNE 30-(AP)-PRESIDENT TRUMAN'S LETTER TRANSMITTING HIS SECOND REPORT TO CONGRESS ON THE FOREIGN AID PROGRAM FOLLOWS: (ABOUT 275)
TO THE CONGRESS OF THE UNITED STATES OF AMERICA:
I AM TRANSMITTING HEREWITH THE SECOND QUARTERLY REPORT OF EXPENDITURES AND ACTIVITIES UNDER THE UNITED STATES FOREIGN AID PROGRAM AUTHORIZED BY PUBLIC LAW 389 OF THE 80TH CONGRESS, APPROVED DECEMBER 17,1947.
THIS REPORT COVERS THE PERIOD FROM JANUARY 1, 1948, THROUGH MARCH 31, 1948, DURING WHICH THE FLOW OF UNITED STATES SUPPLIES TO AUSTRIA, FRANCE AND ITALY ACCOMPLISHED THE PURPOSES OF THE FOREIGN AID ACT OF 1947--"TO ALLEVIATE CONDITIONS OF HUNGER AND COLD AND PREVENT SERIOUS ECONOMIC RETROGRESSION."

PURSUANT TO SECTION 5 (D) OF THE ACT, THIS REPORT ALSO INCLUDES THE STATEMENTS OF THE GOVERNMENTS OF AUSTRIA, FRANCE, AND ITALY ON THE METHOD OF DISTRIBUTION AND USE OF COMMODITIES MADE AVAILABLE UNDER THE ACT; THE ITEMIZED LIST OF COMMODITIES SUPPLIED EACH GOVERNMENT, THE AVERAGE PRICE AT WHICH EACH COMMODITY WAS SOLD, AND THE GROSS PROCEEDS DERIVED FROM THEIR SALE; AND THE DISPOSITION OF LOCAL CURRENCIES DERIVED FROM THESE SALES.
THE SUPPLIES PROVIDED BY THE UNITED STATES HAVE FREED THE PEOPLES OF THESE THREE COUNTRIES TEMPORARILY FROM THE FEAR OF STARVATION AND WANT AND ENABLED THEM TO HOLD THEIR ECONOMY INTACT UNTIL A LONG-RANGE PROGRAM COULD HELP THEM AND OTHER COUNTRIES TO A GENERAL EUROPEAN RECONSTRUCTION. TO THE PEOPLES OF THESE COUNTRIES, HOWEVER, THE GIFT OF THESE SUPPLIES BY THE PEOPLE OF THE UNITED STATES MEANT SOMETHING MORE--THIS AIE REPRESENTED ALSO A SYMBOL OF HOPE FOR THEIR FUTURE.
TO US, THE AMERICAN PEOPLE, OUR AID WAS AN ACT OF FAITH IN A FUTURE IN WHICH FREE MEN SHALL PREVAIL. THE FREELY EXPRESSED WILL OF THE ITALIAN PEOPLE IN THEIR NATIONAL ELECTION HAS ALREADY CONFIRMED THAT FAITH. #

WARMONGERING (300)
WASHINGTON, JUNE 30-(AP)-A RUSSIAN PROTEST AGAINST A "WARMONGERING" AMERICAN MAGAZINE ARTICLE HAD A U.S. REJECTION SLIP PINNED TO IT TODAY, ALONG WITH A LECTURE ON FREEDOM OF THE PRESS.
SECRETARY OF STATE MARSHALL HANDED OUT THE REJECTION AND THE LECTURE--PLUS A NOTE OF WELCOME FOR A RUSSIAN STATEMENT THAT THE SOVIETS ARE NOT PLANNING TO ATTACK THIS COUNTRY.
THE EXCHANGE OF DIPLOMATIC NOTES CENTERED AROUND A STORY IN THE MAY 17 ISSUE OF NEWSWEEK MAGAZINE. THE RUSSIAN EMBASSY COMPLAINED TO THE STATE DEPARTMENT ON JUNE 9 THAT THE ARTICLE--WHICH DISCUSSED U.S. AIR DEFENSES AGAINST POSSIBLE RUSSIAN ATTACK--VIOLATED A UNITED NATIONS RESOLUTION WHICH CONDEMNS "WARMONGERING."
WHAT'S MORE, THE EMBASSY SAID, ANY CHARGE THAT THE SOVIET UNION WANTS TO ATTACK THE UNITED STATES IS A "LIBELOUS INVENTION."
MARSHALL, REPLYING YESTERDAY, SAID HE WAS GLAD TO HEAR THAT.
HOWEVER, HE POINTED OUT, UNDER THE AMERICAN CONSTITUTION, THE PRESS OF THIS COUNTRY IS FREE TO PUBLISH WHAT IT PLEASES WITHOUT GOVERNMENT INTERFERENCE.
ON THE OTHER HAND, MARSHALL SAID, IN THE SOVIET UNION, WHERE THE GOVERNMENT CONTROLS THE PRESS, "ARTICLES ARE CONSTANTLY APPEARING WHICH IN THE OPINION OF THIS GOVERNMENT CAN SCARCELY BE CONSTRUED AS PROMOTING FRIENDLY RELATIONS AMONG NATIONS."
HE COMMENTED THAT THE NEWSWEEK STORY CONTAINS "NO SUGGESTION THAT THE UNITED STATES SHOULD TAKE THE INITIATIVE IN ATTACKING THE SOVIET UNION OR ANY OTHER COUNTRY" BUT IS BASED ON THE ASSUMPTION THAT THERE MIGHT BE AN ATTACK AGAINST THIS NATION. HE ADDED:
"THE GOVERNMENT OF THE UNITED STATES IS HAPPY TO OBSERVE THE STATEMENT IN THE EMBASSY'S NOTE CHARACTERIZING THE CHARGE THAT THE SOVIET

UNION IS PREPARING AN ATTACK UPON THE UNITED STATES AS A LIBELOUS INVENTION."

NEWSWEEK, MEANWHILE, MADE PUBLIC A CABLEGRAM IT HAD SENT TO SOVIET FOREIGN MINISTER MOLOTOV.

DECLARING THAT "WE DO NOT CONDUCT PROPAGANDA EITHER FOR OR AGAINST ANYTHING," THE MAGAZINE SAID THAT RUSSIA ITSELF HAD GIVEN MANY PEOPLE THE IMPRESSION THAT A SOVIET ATTACK "IS AT LEAST WITHIN THE REALM OF POSSIBILITY."

AS LONG AS THAT IS SO, THE CABLEGRAM SAID, NEWSWEEK HAS A RESPONSIBILITY TO REPORT "ALL THE FACTS WHICH MIGHT HAVE A BEARING ON A PROBLEM OF SUCH IMPORTANCE."

KOREA (140)

WASHINGTON, JUNE 30-(AP)-THE UNITED STATES HAS PROTESTED AGAINST A SIX-WEEK RUSSIAN BAN ON ELECTRIC POWER TO SOUTH KOREA.

THE NORTHERN SECTOR OF THAT COUNTRY, OCCUPIED BY SOVIET TROOPS, CONTAINS MOST OF THE POWER PLANTS SUPPLYING THE AMERICAN ZONE WITH ELECTRICITY. AFTER A PAYMENTS DISPUTE WHICH HAD LASTED FOR MONTHS, THE RUSSIAN COMMANDER SUDDENLY CUT OFF THE POWER MAY 14.

THE ACTION FOLLOWED THE REFUSAL OF THE U.S.MILITARY GOVERNOR LT. GEN. JOHN R.HODGE, TO DISCUSS SETTLEMENT OF THE PROBLEM WITH THE COMMUNIST PEOPLES COMMITTEE OF NORTH KOREA, INSTEAD OF THE RUSSIANS.

"SHOULD THE SOVIET COMMAND PERSIST IN REFUSING TO MAINTAIN AN ADEQUATE FLOW OF ELECTRIC POWER TO SOUTH KOREA," THE STATE DEPARTMENT'S PROTEST TO MOSCOW SAID, "THE PEOPLE OF THAT AREA WILL THEREBY BE SUBJECTED TO UNWARRANTED HARDSHIPS."

AN AGREEMENT SIGNED IN 1947 PROVIDED THAT POWER WOULD BE PAID FOR IN VARIOUS MATERIALS AND EQUIPMENT, AND, IF THAT DIDN'T WORK OUT, A NEW ARRANGEMENT WOULD BE DISCUSSED.

(180) WITH BERLIN BLOCKADE

WASHINGTON,JUNE 30-(AP)-AIR FORCE CARGO PLANES BEING USED TO BEAT THE RUSSIAN BLOCKADE OF BERLIN SHOULD BE ABLE TO CARRY 14,000 POUNDS OF SUPPLIES ON EACH TRIP.

THE C-54 IS A MILITARY VERSION OF THE FAMILIAR DC-4 USED BY THE AIRLINES. IT IS A FOUR-ENGINE PLANE WITH A GROSS WEIGHT OF AROUND 72,000 POUNDS AND A CRUISING SPEED OVER 200 MILES AN HOUR.

THE ROUND TRIP BETWEEN FRANKFURT AND BERLIN IS 530 MILES. ASSUMING GOOD WEATHER AND A FAIRLY SMOOTH FLOW OF TRAFFIC, WITH ALLOWANCE FOR LOADING AND UNLOADING, EACH PLANE SHOULD BE ABLE TO MAKE TWO TRIPS DAILY.

HOWEVER, ONLY ONE RUNWAY IS AVAILABLE AT TEMPELHOF AIRDROME IN BERLIN AND THE PLANES MUST REMAIN WITHIN A RELATIVELY NARROW AIR CORRIDOR, WHICH TENDS TO LIMIT AIR TRAFFIC.

THE SITUATION IS SOMEWHAT SIMILAR TO THE "HUMP" OPERATIONS IN SUPPLYING CHINA BY AIR AFTER LOSS OF THE BURMA ROAD. THOSE PLANES ALSO HAD TO CARRY FUEL FOR THE ROUND TRIP, BUT THE PROBLEM WAS MUCH MORE SERIOUS SINCE THE ROUND TRIP WAS 1,500 MILES. FURTHERMORE, THE PLANES HAD TO CLIMB OVER THE HIMALAYA MOUNTAINS, THE CLIMB IN EACH DIRECTION USING CONSIDERABLE FUEL.

LOS ANGELES,JUNE 30-(AP)-A YOUNG JEWISH-AMERICAN SOLDIER WHO SPENT 13 MONTHS AMID THE RIGORS OF HONSHU'S OEYAMA PRISON CAMP SAYS THAT HE HAS NO PREJUDICE AGAINST HIS JAPANESE CAPTORS, AND ADDS:

"I HAVE NO PREJUDICE AGAINST ANY RACE. I'M A MEMBER OF A MINORITY RACE MYSELF, AND I CAN'T AFFORD PREJUDICES, EVEN IF I WANTED TO HARBOR ANY."

THE STATEMENT WAS MADE YESTERDAY BY NATHAN SUTTON, OF (10 CARLYLE AVE.) UTICA, N.Y., A MERCHANT TESTIFYING AT THE TRIAL ON TREASON CHARGES OF TOMOYA KAWAKITA, 27, CALIFORNIA-BORN JAPANESE. KAWAKITA ACTED AS INTERPRETER AT THE OEYAMA CAMP.

SUTTON, WHO WAS MADE CAPTIVE AT CORREGIDOR, TESTIFIED TO NUMEROUS INSTANCES OF BRUTALITY, SOME OF WHICH HE ATTRIBUTED TO KAWAKITA. ON ONE OCCASION, WHICH WAS NOT LINKED TO THE DEFENDANT, SUTTON SAID ABOUT 30 AMERICAN PRISONERS WERE LINED UP IN DOUBLE FILE. THEN, HE TESTIFIED, THE FRONT RANK WAS ORDERED TO EXECUTE AN ABOUT FACE, AND THE TWO RANKS WERE DIRECTED TO START SLUGGING EACH OTHER.

"IF YOU DIDN'T HIT HARD ENOUGH TO SUIT THE JAPANESE," HE DECLARED, "THEY WOULD COME AROUND AND CLUB YOU WITH A STICK OR A GUN BARREL."

THIS WENT ON ABOUT HALF AN HOUR, SAID SUTTON, "OR AT LEAST IT SEEMED THAT LONG TO ME."

SUTTON WAS CROSS-EXAMINED BY DEFENSE ATTORNEY MORRIS LAVINE, WHO ASKED HIM IF HE HAD EVER REPORTED KAWAKITA TO ARMY AUTHORITIES AFTER THE WAR'S END FOR THE LATTER'S ALLEGED ATROCITIES.

SUTTON SAID HE THOUGHT HE HAD BUT COULDN'T BE SURE.

LOS ANGELES, JUNE 30-(AP)-AN IMPORTANT PLACE IN UNITED STATES AFFAIRS AFTER IT HAD BEEN CONQUERED BY JAPAN WAS ENVISIONED FOR HIMSELF BY TOMOYA KAWAKITA, FORMER INTERPRETER IN A HONSHU PRISON CAMP, AN AMERICAN EX-ARMY SERGEANT TESTIFIED TODAY.

"HE BOASTED THAT HE WOULD COME BACK TO THE UNITED STATES AND BE A 'BIG SHOT" BECAUSE HE KNEW THE COUNTRY, THE PEOPLE AND THE LANGUAGE." EX-MASTER SGT.WILLIAM GAGE, JR., OF (421 MISSOURI AVE.) EAST ST. LOUIS, ILL., DECLARED AT KAWAKITA'S TREASON TRIAL.

GAGE, A FORMER PRISONER IN JAPAN'S CAMP OEYAMA, WHERE KAWAKITA SERVED AS INTERPRETER, ADDED THAT THE DEFENDANT TOLD HIM "THE WAR WILL LAST AT LEAST 20 YEARS, AND JAPAN WILL COME OUT ON TOP."

MORTON FEINBERG OF PHILADELPHIA TESTIFIED KAWAKITA KNOCKED EINAR A. LATVALA, HIBBING, MINN., AN AMERICAN PRISONER OF WAR, INTO THE SNOW ON NEW YEAR'S DAY, 1945, AND LEFT HIM LYING THERE UNCONSCIOUS.

HE SAID THE ATTACK OCCURRED WHEN LATVALA WAS BROUGHT IN AS A STRAGGLER FROM A WOOD CARRYING DETAIL.

"THAT WAS THE LAST I EVER SAW OF LATVALA ALIVE," HE ADDED.

THE INDICTMENT AGAINST KAWAKITA CHARGES THAT LATVALA ASKED PERMISSION OF THE DEFENDANT TO REPORT TO THE MEDICAL OFFICER BECAUSE OF ILLNESS, WAS REFUSED AND BEATEN AND DIED SHORTLY AFTERWARD.

30.24- 18839

DEFENSE ATTORNEY MORRIS LAVINE TOLD U. S. DIST. JUDGE WILLIAM MATHES THAT HE IS ATTEMPTING TO OBTAIN SECRET PAPERS FROM THE ARMY, RELATING TO EXPERIENCES OF AMERICAN PRISONERS AT CAMP OEYAMA. U.S. ATTY. JAMES CARTER PROMISED LAVINE HIS COOPERATION IN OBTAINING THE DOCUMENTS.

KAWAKITA IS CHARGED WITH 15 OVERT ACTS OF BRUTALITY TO ALLIED PRISONERS AT CAMP OEYAMA. THE DEFENSE CLAIMS THAT KAWAKITA, BORN IN CALIFORNIA, IS A JAPANESE NATIONAL BECAUSE HE FORESWORE ALLEGIANCE TO THE UNITED STATES EARLY IN THE WAR. CONSEQUENTLY, LAVINE ARGUES, KAWAKITA CANNOT BE GUILTY OF TREASON AGAINST THE UNITED STATES.

GAGE, WHO HAS SERVED 14 YEARS IN THE ARMY, CORROBORATED PREVIOUS TESTIMONY THAT J. C. GRANT OF CLARKSVILLE, GA., HAD BEEN BEATEN BY KAWAKITA.

"I SAW GRANT STANDING WAIST DEEP IN A CESSPOOL," SAID GAGE. "H E WAS SHIVERING. THE JAPS WERE TRYING TO MAKE HIM SIT DOWN IN THW_ATER. HE WOULDN'T DO IT."

GAGE SAID KAWAKITA AND TWO JAPANESE SERGEANTS HAD LONG BAMBOO POLLS WITH WHICH THEY THEN HIT GRANT.

"KAWAKITA WAS SMILING AND LAUGHING AS HE BEAT HIM," TESTIFIED GAGE.

U.N.-BERLIN (130)

LAKE SUCCESS, JUNE 30-(AP)-SECRETARY-GENERAL TRYGVE LIE HAS GIVEN UP ANY PLAN FOR ASKING THE UNITED NATIONS SECURITY COUNCIL TO TAKE UP THE BERLIN CRISIS.

LIE MADE HIS DECISION AFTER THE UNITED STATES, BRITAIN AND FRANCE INDICATED THEY DID NOT BELIEVE THE U.N. SHOULD INTERVENE AT THIS TIME.

THE THREE NATIONS REPLIED TO INFORMAL FEELERS FROM LIE IN WHICH HE ADVISED THEM THAT HE WAS CONSIDERING INVOKING THE POWERS OF HIS OFFICE TO PUT THE BERLIN SITUATION ON THE COUNCIL CALENDAR.

NO REPLY WAS RECEIVED FROM RUSSIA BUT PERSONS FAMILIAR WITH SOVIET POLICY EXPRESSED THE VIEW THAT MOSCOW WOULD NOT FAVOR OPENING COUNCIL DEBATE ON THE ISSUE. THE CHINESE DELEGATION STILL AWAITED INSTRUCTIONS FROM NANKING.

"I HAVE BEEN WATCHING CLOSELY THE SITUATION IN BERLIN FOR SOME TIME AND WILL CONTINUE TO DO SO," LIE SAID IN A STATEMENT READ TO NEWSMEN. "AT THIS TIME I DO NOT PLAN ANY ACTION UNDER ARTICLE 99 (WHICH EMPOWERS HIM TO BRING CASES BEFORE THE COUNCIL)."

NEW YORK, JUNE 30-(AP)-NATIONAL HEADQUARTERS OF THE AMERICAN COMMUNIST PARTY SAYS THE COMINFORM BLAST AT YUGOSLAVIA'S PREMIER TITO IS A "TIMELY ACTION."

THE PARTY SAID IN A STATEMENT YESTERDAY THAT YUGOSLAV COMMUNIST LEADERS HAVE "BEEN FOLLOWING A COURSE HOSTILE TO THE SOVIET UNION" AND HAVE "ATTEMPTED TO CURRY FAVOR WITH ANGLO-AMERICAN IMPERIALISM."

THE STATEMENT WAS RELEASED BY WILLIAM Z.FOSTER, NATIONAL PARTY CHAIRMAN, AND EUGENE DENNIS, GENERAL SECRETARY.

IT SAID THE COMINFORM CRITICISM "DEMONSTRATES THAT THE LEADING FORCES IN THE WORLD CAMP OF PEACE AND DEMOCRACY ARE ALERT TO EVERY DANGER."

"WE HAVE EVERY CONFIDENCE," THE STATEMENT ADDED, "THAT THE SOUND CORE OF THE COMMUNIST PARTY OF YUGOSLAVIA WILL RESTORE THEIR PARTY TO THE MARXIST-LENINIST PATH OF STRUGGLE FOR PEACE AND SOCIALISM."

(ADVANCE FOR USE AT 6 P.M., E.S.T. THURSDAY, JULY 1)

(ADVANCE) NEW YORK, JULY 1-(AP)-GEN.CARL SPAATZ SAYS RUSSIA HAS DEVELOPED A PLANE THAT PUTS "PRACTICALLY EVERY U.S. INDUSTRIAL AREA OF CONSEQUENCE" WITHIN RANGE OF A ONE-WAY, NO-RETURN MISSION FROM SOVIET SOIL.

SPAATZ, RETIRED COMMANDER OF THE U.S. AIR FORCE, SAID IN A LIFE MAGAZINE ARTICLE THE PLANE WAS MOST "COPIES" FROM THE AMERICAN B-29. HE IDENTIFIED THE RUSSIAN PLANE AS THE TUPOLEV TU-70.

"THERE IS REASON TO BELIEVE," HE SAID, "THAT THE RUSSIANS NOW POSSESS SEVERAL HUNDRED OF THEM AND ARE MANUFACTURING MORE AT A FAIRLY GOOD RATE."

SPAATZ SAID THE TUPOLEV MODEL WAS COPIES FROM THREE "LOST" B-29'S WHICH MADE EMERGENCY LANDINGS AT VLADIVOSTOK, SIBERIA, IN 1944.

"THE ADVENT OF THE TUPOLEV," HE SAID, "SIGNIFIES THE FINAL PIERCING OF THE OCEAN CUSHION BEHIND WHICH, DURING TWO WARS, WE MOBILIZED OUR INDUSTRIAL CAPACITY UNDISTURBED."

SPAATZ SAID "THE IRON CURTAIN" SURROUNDING THE "MYSTERY" OF THE THREE B-29'S "WAS PARTED THIS YEAR AT THE SOVIET ARMED FORCES' GREAT MAY DAY SHOW."

HE SAID 10 OF THE TUPOLEV MODELS--"OBVIOUSLY THE BOMBER IMITATION" --- APPEARED IN THE SHOW.

"ONE WONDERS WHETHER X X X RUSSIAN ENGINEERS WERE ABLE TO REPRODUCE ALL THE OTHER MARVELOUS DETAILS" AS WELL AS "THE GENERAL B-29 STRUCTURE," HE SAID.

SPAATZ SAID THE TUPOLEV, "FROM EITHER MURMANSK OR EASTERN SIBERIA," COULD REACH "PRACTICALLY EVERY U.S. INDUSTRIAL AREA OF CONSEQUENCE" ON A ONE-WAY, NO-RETURN FLIGHT.

SPAATZ SAID "SOME AIRMEN HAVE BEEN PUZZLED THAT THE RUSSIANS SHOULD HAVE COMMITTED THEIR HARD-DRIVEN AIR FACTORIES TO THE PRODUCTION OF AN AIRPLANE WHICH WAS ALREADY SEVEN YEARS OLD ON THE DRAWING BOARDS.

"THE TUPOLEV'S RADIUS," HE ADDED, "OBVIOUSLY FALLS FAR SHORT OF THE REQUIREMENTS FOR INT WARFARE AGAINST THE WESTERN HEMISPHERE FROM RUSSIAN BASES.

"BUT WITH THE ATOMIC BOMB AS PAYLOAD THE TUPOLEV, FROM THE RUSSIAN VIEWPOINT, MAKES SENSE."

SPAATZ ADDED THAT "THE RUSSIANS HAVE COME INTO POSSESSION OF AN INTERCONTINENTAL CARRIER FOR THEIR ATOMIC BOMB IF--AND WHEN--THEY GET IT."
